

Chapter 311

When Tian Linger returned home, Thomas Tian was drinking tea in the living room. Although he looked leisurely, he was obviously waiting for Tian Linger.

On the same day, Linger found that Thomas Tian was looking at herself with her left light. She deliberately didn't say hello to Thomas Tian, but walked towards her room.

When Thomas Tian saw the situation, he was anxious. He also wanted to ask how the meal was being eaten and how could he let Tian Linger go back to the room.

“My dear granddaughter. Would you like to try Grandpa's new tea?” Thomas Tian asked.

“Will you taste the new tea, or talk about the meal?” Tian Linger stopped and said.

Thomas Tian's thoughts were seen through, his face was embarrassed, and he said: “Grandpa doesn't care about you, come quickly and tell grandpa what's going on.”

Tian Linger bowed his head and walked to Thomas Tian with his shoulders down.

Looking at this spiritual head, Thomas Tian knew that Tian Linger was very unhappy after eating this meal. But this is not surprising, after all, George Han had already clearly refused once before.

“He said he just treated me as his sister.” Tian Linger said weakly.

Thomas Tian sighed and said, “Actually, you should have seen his feelings for Amelia Su. It is not easy to change.”

“I did not expect him to love Amelia Su so much. It seems that I was wrong before. I thought he was very humiliated in the Su family.” Tian Linger couldn't help

thinking of what George Han said. He suffered the insult, and Amelia Su also. The same is true, maybe it is true, how can the two people who pay for each other easily be affected by external factors to their feelings.

“If you want to understand, this is a good thing.” Thomas Tian smiled. He had always worried that Tian Linger would be seriously injured by this incident, but if Tian Linger could figure it out at this time, it would be great.

“He said, when he is my brother, he will protect me.” Tian Linger said.

Thomas Tian was stunned for a moment, then became excited and couldn't help laughing.

Seeing Thomas Tian's sudden madness, Tian Linger asked inexplicably: “Grandpa, are you having a laugh? What's so funny?”

Thomas Tian is not funny, but happy from the heart, if George Han regards Tian Linger as his younger sister. If you are willing to protect Tian Linger, Tian Linger has a huge protective umbrella. I dare not say that the entire China, at least in the northern region, will not dare to bully Tian Linger from now on.

“Tian Linger, you don't know the weight of this brother. When you understand later, you will know what I am laughing at.” Thomas Tian said.

“Weight? What weight is there.” Tian Linger asked in confusion.

“Unspeakable, the time has come, you will naturally know.” Thomas Tian smiled mysteriously.

Tian Linger asked this question more than once, but Thomas Tian refused to give him the answer. Even the threat of a beard was useless, so Tian Linger didn't bother to get to the bottom.

“I’ll go back to the room to rest first.” Tian Linger finished speaking and walked towards the room.

Thomas Tian was in a very good mood. He couldn’t help humming a little song, thinking that George Han would treat Tian Linger as his younger sister, and he wanted to protect Tian Linger.

“Dad, what is so happy?” Tian Honghui came home. Thomas Tian hadn’t calmed down yet, so he felt very strange.

“Of course it’s a good thing, and it’s a great thing,” Thomas Tian said.

Tian Honghui walked to the sofa and sat down. After being warned by George Han last time, Thomas Tian was always worried, and even with him, he began to worry about the sequelae of this incident. It has been a long time since Tian Chang was full of heart. Looks like that, so Tian Honghui guessed that this matter must be related to George Han.

“Dad, your happy things are related to George Han?” Tian Honghui asked.

“En.” Thomas Tian nodded in response.

Tian Honghui couldn’t help getting closer again, and couldn’t wait to say: “Dad, don’t sell it to you. If there is any good thing, please share it with me.”

Thomas Tian glanced at Tian Honghui. The crow’s feet in the corner of his eye didn’t have a problem with a fly trapped in it. He said, “Your daughter is now George Han’s sister. And George Han said that she will protect her in the future. You say it’s worthy of happiness. ?”

Tian Honghui stared incredulously, George Han’s words are equivalent to the protection of the heavenly family!

“Dad. Are you true?” Tian Honghui said excitedly.

“Tian Linger told me personally, can there be any fakes?” Thomas Tian said.

“Great, great!” Tian Honghui waved his fist and said, “I didn’t expect Linger to have such a fortune, with...”

“Dad, what are you talking about?” At this time, Tian Linger suddenly came to the living room, and Tian Honghui quickly stopped what he wanted to say next.

“Linger. Why haven’t you rested yet.” Tian Honghui asked.

“I forgot to tell you something. George Han hopes that we can donate to the home of love. There are some children with congenital physical defects. He wants to use the influence of Heaven to let more people pay attention to this matter.” Tian Linger said.

Tian Honghui glanced at Thomas Tian and said, “Dad, why don’t you just use the name of our Heavenly Family to hold a charity event?”

“Nonsense, this is a must, you will start preparing for this thing tomorrow.” Thomas Tian said, George Han has such a request, how can Tianjia not meet it.

Not long after George Han returned to the mountainside Villa, Thomas Tian called and said that a charity event would be held in the near future for the caring home, so that more business people would participate in this matter. Ask George What opinions.

Of course George Han didn’t have any comments, so let Thomas Tian take care of it himself. After all, this is not a big deal, and Tianjia won’t even be able to handle this matter.

After hanging up the phone, George Han waited in the living room for Amelia Su to go home from get off work. Yang Chen had already called before and all the photos had been sorted out. I had to choose the photos tomorrow. This made George Han very excited.

The walls at home were empty for a long time, and finally he and Amelia Su's wedding photos were hung up. This is what George Han has been looking forward to.

Amelia Su experienced a thrilling day today because of the current company. It has grown to the point where she can't imagine, she hasn't done anything all day, just listen to the reports, but these reports. Amelia Su was shocked time and time again, and even became numb afterwards.

She never expected that so many things happened during the time she left Cloud City. Su's company has completely changed its appearance and has become an enterprise with Basin City's influence only under heaven.

“George, who are the helpers you found? Their ability is too strong. Do you know how much cooperation is currently in the company? How many fields are involved?” Amelia Su returned home and said to George Han lamenting .

Needless to say, Qin Lin's abilities, he stood on the steps given by George Han, he could blaze a trail in Hillwood City, let alone a small cloud city?

“I will choose photos tomorrow. Are you free?” George Han didn't care much about company affairs, so he changed the subject.

“Did the photos come out?” Amelia Su is looking forward to seeing the finished product, so she also attaches great importance to this matter.

“Well, Yang Chen has already called me.” George Han said.

“I have time, such an important thing, of course I have time.” After Amelia Su finished speaking, her mood suddenly became a little depressed.

George Han asked, “What’s wrong? Don’t you want to see the photos?”

Amelia Su shook her head and said: “I don’t think I can show value in the company. They have done everything, and they have done better than me.”

George Han smiled helplessly, and said: “You are the chairman of the board and you are in a high position. How can you do everything by yourself? You have to understand the truth about the master’s labor. What makes you unhappy when they do well?”

“What’s the matter with the master?” Amelia Su asked puzzledly.

“Subordinate labor means that ordinary people can only work hard. The middle-aged laborer means that these people work with IQ, and you belong to the master. You only need to tell people to work.” Han Three thousand explained.

“Such words, isn’t it something ordinary people can say.” Amelia Su raised her eyebrows and deliberately beat George Han.

George Han smiled and said, “Then guess what, am I an ordinary person?”

Amelia Su pouted and said, “Of course it’s not an ordinary person, but don’t rush to explain it to me, I will know it after all, right?”

Facing Amelia Su’s question, George Han nodded and said sincerely: “You will know in the future, the time is right, I will tell you everything.”

Chapter 312

After the Tianjia released the news of the charity meeting, the entire business community in Basin City was ready to move. Due to a series of acts of the Su family's devouring tigers, they were worried that they would be targeted by the Su family, so they could please Tianjia at this time. For them, it was an opportunity to protect themselves. Countless people sharpened their heads to get tickets to the charity.

In the presidential suite of the Peninsula Hotel, Qi Yiyun, who does not wear glasses, looks radiant even in plain clothes. Her beauty is exuded from the bone, and her smile and every move are all turbulent and fascinating.

“The admission ticket for the charity meeting is for you. It's not difficult, right?” Qi Yiyun said to Dong Hao.

Seeing Qi Yiyun's change, Dong Hao found it very difficult to accept it, because he didn't want other men to see this side of the young lady, but Qi Yiyun was not qualified to stop him.

If Qi Yiyun goes to the charity meeting, he will definitely be a blockbuster, there will be a lot of lustful eyes on Qi Yiyun, and more importantly, Dong Hao knows who she is going for.

“Miss, does this kind of charity make sense for you to participate?” Dong Hao said.

“Is it meaningful? Are you qualified to help me define it? When do I need to do something. Do I still need your consent?” Qi Yiyun said coldly with dissatisfaction.

Dong Hao lowered his head and said, “Miss, Dong Hao didn't mean that. You are not a member of the Basin City business community now. It is easy to be misunderstood when you go to a charity meeting.”

This kind of charity. There are bound to be many celebrities attending, and these women are participating in the mentality of being able to climb into the rich. Dong Hao does not want Qi Yiyun to be misunderstood.

“Do you think they will treat me as a deal flower?” Qi Yiyun said with a smile.

Dong Hao did not dare to speak, these three words were an absolute insult to Qi Yiyun.

“Go ahead, I am not discussing with you, but ordering.” Qi Yiyun said strongly.

“Yes.” Dong Hao lowered his head and walked out of the room.

Qi Yiyun came to the bathroom and looked at her charming and charming self in the mirror. For so many years, she had never tried to take off her glasses.

“It’s time to change your state. After living with glasses for so many years, you should be very wronged. Starting today, I will let the world witness your beauty.” Qi Yiyun said to herself in the mirror. The language said.

“I’m better than Amelia Su, George Han, both in figure and appearance, can you really turn a blind eye to me?” Qi Yiyun said, her eyes gradually dimmed. If she changes to a man, she will be very confident. But in front of George Han, she was a little lacking in confidence, because so far she had not seen exactly what kind of person George Han was.

Yang Chen Studio.

George Han and Amelia Su came to choose photos early in the morning, and both of them were very emotional.

“Brother George, Sister Amelia, you guys are too early.” Xu Tong said with a smile on his face as he opened the door.

Amelia Su couldn't wait at home, and even didn't even go for a morning jog today, if it weren't for George Han's stopping. She planned to go out before seven o'clock.

"Xu Tong, you have learned to tease people. This is bad behavior." Amelia Su said.

Xu Tong was very envious of the feelings of the two in her heart, because she knew that it was not easy to walk this way. That day, Amelia Su asked George Han to kneel on one knee and said the three words I would like, Xu Tong's eyes were red. This scene is destined to make her remember for a lifetime.

"Sister Amelia, I am not teasing you, but envy you." Xu Tong said.

"Why did you choose your studio here? There is no traffic in this alley." George Han asked puzzledly. Very few people appear in the remote alleys. This kind of location is used for business. It is undoubtedly a dead end.

"Because the rent is cheap and we are picking up jobs online, we don't have any high requirements for the location. After all, I rely on craftsmanship to eat." Yang Chen just came to the studio door and explained to George Han.

George Han nodded and followed Yang Chen into the studio.

The place is not big, with a lot of finished products, it looks a little messy, and it is completely incomparable with other high-end bridal shops. If Yang Chen himself had a better reputation on the Internet, it would be difficult to negotiate with such a store. Business.

"It's a bit messy, it made you laugh." Yang Chen said embarrassedly.

"If I knew your studio was like this before, I would definitely not choose you." George Han said straightforwardly.

Yang Chen looked embarrassed, this kind of environment is indeed difficult to make a good impression, but life is forced. Starting a business is not so easy.

“I think your reputation on the Internet is very good, and your business should be good. Why not change the place?” Amelia Su asked puzzled.

Yang Chen smiled without explaining, but George Han found that Xu Tong’s expression had changed a little, it seemed that Yang Chen had something unspeakable.

Naturally, George Han wouldn’t ask more about things that the other party didn’t want to mention.

“All the photos have been intensively edited, so you can pick and see what to make a frame, what to make a decoration, and you can also make some small accessories.” Yang Chen said.

When the two of them chose the photos, they understood why Yang Chen had a good reputation on the Internet. His photographing skills were indeed very good. Every photo was presented perfectly. Amelia Su was in an extremely entangled situation. I don’t know which one is better. .

“What to do, I want to hang each one at home.” Amelia Su said to George Han tangledly.

“Why don’t you make wallpaper and plaster all the walls in the house.” George Han smiled.

Amelia Su shook her head again and again. Although she wanted to do this very much, it was too exaggerated. It was embarrassing to see a guest from Wan’s family.

When the two were choosing photos, Yang Chen and Xu Tong were chatting at the bar.

“Brother Chen, how is Auntie’s situation recently?” Xu Tong asked.

Speaking of this matter, Yang Chen sighed. Weakly said: “It’s still the same. I went to the hospital yesterday and the doctor talked to me about giving up, but...”

Yang Chen didn’t finish speaking, but Xu Tong knew his decision and looked at the unconcealed sadness in Yang Chen’s eyes. Xu Tong felt a little sour.

His adoptive mother has been hospitalized for more than a year. Since this year, Yang Chen has almost exhausted all his savings over the years. The hospital has persuaded Yang Chen to give up more than once, but Yang Chen’s persistence in this matter There has been no change.

Raise without being born, without retribution.

For Yang Chen, the grace of adoptive mother is worth all he can do.

“Oh, the door finally opened. I thought your ruined place was closed.” At this time, a disdainful voice came from the door.

Seeing someone coming, Yang Chen quickly stood up and walked to the door. He smiled and said, “Brother Qiang, why are you free today?”

Zhang Qiang, a gangster in this area, brought a few brothers under his hand to collect cleaning fees from some nearby businesses.

“How did I come, you don’t have any points in your heart, look at this door, how dirty it is.” Zhang Qiang said.

As soon as the words fell, those little brothers threw all the garbage in their hands at the door, there were mineral water bottles, banana peels, and snack packets.

Watching the rogue behavior of these people. Yang Chen helplessly said: “Brother Qiang, I am also tight in my hands. I really don’t have any extra money. I will clean up this rubbish by myself.”

Yang Chen was bending over to pick up the trash on the ground, and a yellow hair next to Zhang Qiang kicked it directly.

“How can you let the boss take care of such a small matter? Let’s just come.”

Yang Chen sat on the ground and watched those people picking up the trash they had thrown back in their hands. He couldn’t help clenching his fists. This kind of bullying behavior has been encountered more than once by him. He used to have plenty of hands, so it doesn’t matter if you give it to him. , But now, he really can’t afford spare money, and yesterday he went to the hospital to prepay part of the medical expenses. If he can’t get the job right away, he will almost be unable to eat.

“Brother Qiang, or give me some more time, wait a moment, and when I have more money, I will give it to you all at once.” Yang Chen said.

Zhang Qiang walked to Yang Chen. Condescendingly said: “Yang Chen, I know that there is an old dying thing living in the hospital. He died when he died. Why should you throw money on her? I heard that you are not her own, right? Why do you waste money on your body. With this money, it is better to honor me and I can keep you safe.”

“Brother Qiang, I was raised by her, please respect me.” Yang Chen gritted his teeth and said.

“Respect?” Zhang Qiang slapped Yang Chen on the face, spitting out disdainfully. Said: “I respect you if I have money, if I don’t have money, you are a dog, f*ck, and you want me to give you face, what are you?”

“Brother Qiang. Brother Chen really doesn’t have any money, so please give him some grace. When he has money, he will definitely give it to you.” Xu Tong said with a heartache.

Zhang Qiang looked at the long legs under Xu Tong’s hot pants, licked his lips, and said, “Do you want to help your boss?”

Seeing Zhang Qiang’s malicious eyes, Xu Tong took a step back subconsciously and said, “I...I don’t have any money.”

“There is no money to talk about, as long as you are willing to accompany me, I will not embarrass him today, how about it?” Zhang Qiang walked to Xu Tong, took a heavy breath, and continued: “What perfume do you use, it smells so charming? , This early aroused my desire.”

“Brother Qiang, this matter has nothing to do with her, she is just working, don’t embarrass her.” Yang Chen said.

Zhang Qiang glanced at Yang Chen impatiently, and said angrily: “Yang Chen, today you must either give the money or let this little sister accompany us to drink, otherwise, you won’t even want to open this broken place. Today, I smashed all the things in your store, those photos, you have to pay a lot of money, you can think clearly.”

“Brother Qiang, are you trying to push me on the road?” Yang Chen’s eyes suddenly became dark. For him who has nowhere to go, showing cowardice is of no use, so he I can only try to make my attitude tough.

Chapter 313

Zhang Qiang is not a person who really dares to cause trouble. He is a typical bully and fearful of hardship. After all, he is not a powerful character. He relies on the few people under his hands to dominate the area. In fact, the bullies are the honest people. , He may feel guilty, but he is very familiar with Yang Chen, knowing that Yang Chen can't make any splashes.

“Yang Chen, don't you pretend to be like me and drive you to a dead end, what if you dare to make things worse. I will make the old thing lying in the hospital bed uneasy, do you believe it?” Zhang Qiang's eyes were grim. Said.

Hearing these words, Yang Chen's anger collapsed in an instant, and said weakly: “Brother Qiang, give me a few more days. After I receive the job, I will definitely give you money.”

“Don't play with Lao Tzu as a child. I want money now. You can figure it out by yourself and give you ten minutes.” Zhang Qiang said strongly.

At this time, George Han and Amelia Su, who chose the photos in the store, were about the same, and they were going to let Zhang Qiang pick out the photos they chose. But looking around, Zhang Qiang couldn't be seen.

“Hey, where did they go?” Amelia Su said puzzledly: “Even Xu Tong is gone.”

George Han smiled faintly. When he was on Bedrock Island, he noticed that the eyebrows between Yang Chen and the boss's wife were flirting. Is it possible that the relationship between him and Xu Tong is a bit complicated? I didn't see it, this guy was pretty scumbag emotionally.

“Wait. Maybe they have something important.” George Han said. Although he doesn't do this kind of thing, it doesn't mean that he will ask others with his own bottom line, so even if Yang Chen is a scumbag. It doesn't matter to him, he won't interfere.

“Go out and get some air, this place is so boring.” Amelia Su said.

George Han nodded. This place doesn't open the door often, so the air is not circulating, which is indeed a bit uncomfortable.

When they walked to the door, George Han and Amelia Su saw Yang Chen sitting on the ground, and Zhang Qiang's gang of ruffians.

When Zhang Qiang saw Amelia Su, a flash of surprise flashed in his eyes. People like him, in addition to seeing real beauties on TV, are usually exposed to low-level roadside hair salons, so naturally they can't see Amelia Su's level. Beauty.

“Yang Chen, you f*cking pretend to be poor with me, are these two of your guests?” Zhang Qiang looked at Amelia Su with a smile on his face and said.

“Who are you?” George Han asked.

“The cleaning fee has nothing to do with you. Don't join in the fun if it's okay, just get out of here.” Zhang Qiang looked at Amelia Su covetously, the typical colored heart and boldness.

cleaning fee?

George Han laughed when he heard these three words. He didn't expect that there would be people doing this kind of business these years.

“I see here, it's quite clean.” George Han said.

“Boy, don't know what's good or bad, give you a chance to get you out and get out, do you have to cause trouble for yourself?” Zhang Qiang said displeased.

“The current Basin City is Moyang's site, right? Your cleaning fee. Was it collected for Mo Yang, or went into his own pocket?” George Han said.

To Zhang Qiang, Mo Yang was a top big figure, and he was more than one galaxy away.

However, George Han mentioned Mo Yang suddenly. In Zhang Qiang's opinion, he was deliberately scared and scared, so Zhang Qiang also started to talk about it. Anyway, it was all bragging, so everyone chanted together.

“Boy, I'm a little bit knowledgeable. I've actually heard Brother Yang's name. To tell you, I'm Brother Yang's cousin, how about it? I'm scared.” Zhang Qiang said proudly.

George Han laughed embarrassedly. He had known Mo Yang for so many years, but he had never heard of him having a cousin. This person was obviously pretending to be a fake Huawei with Mo Yang's reputation.

“Oh, really? I'm his friend, why have I never heard him mention it?” George Han said.

Zhang Qiang was also happy, this guy dare to say that he is a friend of Mo Yang, bragging and meeting his opponent.

“It means that you are not close to him. Otherwise, how could I have not seen you? I drank with him last night. Just the biggest box in the city. Brother Yang opened the most expensive wine for me. My relationship with him is just like my brother.” Zhang Qiang said, bragging must be exaggerated. So he never thought about the consequences.

“Really? How about I call him, let's meet him face to face.” George Han said.

“Brother Yang had a big drink last night and is still resting. I don't want to disturb him.” Zhang Qiang said.

George Han shook his head and said, "I didn't ask you to call him. I guess you don't have his number either. I'll come."

After speaking, George Han took out the phone.

When Zhang Qiang saw the battle, he suddenly felt guilty. This guy wouldn't really know Mo Yang. If so, his cowhide would be blown.

However, I took a closer look at George Han, and he didn't seem to be a powerful person. He probably wouldn't know Mo Yang. Maybe he was just pretentious.

Thinking about it this way, Zhang Qiang felt a lot more relaxed and said, "Boy, you still act with me. You can know Mo Yang, so what are you kidding me?"

"Mo Yang, I heard that you have a cousin who had a big drink with him last night. I happened to meet him, do you want to come over and recognize him?" After the call was connected. George Han said.

Zhang Qiang couldn't hear the voice on the other end of the phone, but through George Han's tone, he was even more sure that George Han was bragging. In Basin City, even the Heavenly Family would dare not speak to Mo Yang in this tone. How could he possibly Are you qualified to call Mo Yang by name?

"It's pretty good at acting. It's a pity not to be an actor, I'm waiting here today to see how your cowhide is blown." Zhang Qiang smiled disdainfully.

During this period, several little yellow-haired brothers kept their eyes on Amelia Su, which caused George Han's extreme discomfort. This kind of rubbish didn't even qualify to look at Amelia Su more.

"You go in first." George Han said to Amelia Su.

Amelia Su nodded, she was also a little tired of the eyes of these people, so she pulled Xu Tong back to the studio.

Zhang Qiang's eyes were filled with reluctance, and he suddenly heard George Han say: "Look at it again, I'll use your eyes."

"Oh, brother. Your damn tone is so big, I didn't intend to trouble you today, you have to hit the gun, but I can't blame me." Zhang Qiang looked at George Han with a cold face.

"Don't say that you are not Mo Yang's cousin, even if I am going to abolish you, he dare not say anything." George Han continued.

Zhang Qiangqiang laughed out loud, because he felt that George Han's bragging was becoming increasingly unreliable, and he seemed to be better than Mo Yang.

In Basin City now, Mo Yang is the number one person in the gray area, and even the Heavenly Clan has to give face. Zhang Qiang really couldn't think of anyone better than Mo Yang.

"I advise you not to overhype for a while. These words reach Mo Yang's ears. If you feel good about it, do you think you can just talk nonsense behind him?" Zhang Qiang threatened.

"Are I talking nonsense? You'll know soon. I hope you won't be soft in your legs." George Han said.

"Legs are soft? I have never seen Zhang Qiang in the world, how could it be possible that the legs are soft." Zhang Qiang said calmly.

More than ten minutes later, a commercial vehicle drove into the alley.

Seeing this car, Zhang Qiang directly led the group of people blocking him. Seeing this posture, he was about to charge tolls.

After the rustle, the door opened and Lin Yong got out of the car first.

Seeing Lin Yong, Zhang Qiang felt breathless instantly.

Immediately afterwards, Mo Yang also got out of the car. By this time, Zhang Qiang had already weakened his legs. As for the words he swore just now, he probably forgot all of them.

“George, when will I have a cousin, you can’t make a mistake?” Mo Yang walked to George Han with a look of confusion.

George Han pointed to Zhang Qiang and said, “Here, the person who claims to be your cousin, didn’t he drink with you in the magic city last night?”

“What are you?” Mo Yang frowned and said unhappily. Dare to use his name to bluff and deceive, but courage is not small.

Zhang Qiang’s face was pale. He didn’t expect that he was bragging, but George Han was a real cow. A phone call really called Mo Yang!

“Yang...Brother Yang, I was fooling around. Originally, I just wanted to make a joke, but I didn’t expect... I didn’t expect...” Zhang Qiang almost cried. How could he think that George Han could really find Mo Yang!

“Unexpectedly, I really found your cousin?” George Han said with a smile.

Zhang Qiang knelt down with a puff, and said, “Brother Yang, I was wrong. I shouldn’t take your fox offense.”

Those little brothers with yellow hair also followed Zhang Qiang and knelt on the ground, the previous arrogance disappeared.

“I came to confess my relatives early in the morning and messed up with you trash things. Do you want me to spare you?” Mo Yang said coldly.

Zhang Qiang was frightened and sweated. He glanced at George Han secretly, thinking about what kind of fairy character he was, and he called Mo Yang with a phone call, and depending on their relationship, at least it must be equal.

Basin City, when did such a ruthless character appear?

“Brother George, I damn, I thought you were bragging with me, so I couldn’t help but brag a few words, I didn’t expect you to be really awesome, let you see a joke, please, please give me a chance. Never do such things again.” Zhang Qiang said to George Han.

“Should you stop bragging, or don’t charge cleaning fees?” George Han asked.

Zhang Qiang’s expression was painful, and he could not blow up, but he did not charge cleaning fees. What would he do for a living?

“Okay, collect the cleaning fee in Basin City, you really didn’t put me Mo Yang in your eyes, three thousand, this matter is left to me, you can do it first.” Mo Yang said.

George Han nodded and watched Zhang Qiang being taken away. For George Han, his desperate begging for mercy would not give him the slightest pity. This kind of social scum, a moth that bullies ordinary people, even if it is dead. There is nothing to be a pity.

“Brother George, thank you.” Yang Chen stood up, walked to George Han and said gratefully.

“I said I would give you a chance. If you want, you can go to Mo Yang.” George Han finished speaking and walked to the studio.

Chapter 314

Yang Chen stood in place with an expression of excitement. The opportunity George Han gave was the only way he could change the status quo. The treatment cost of his adoptive mother was already unable to bear the burden of his current work alone. This is why he chose to stay in Bedrock. The cause of the island.

For him, this is a gamble, if you win. Not only can he win a new life, but he can also win treatment fees for his adoptive mother.

“Mom, don’t worry, no matter how much money you spend, I will definitely save you. Even if I have nothing in the end, I will not regret it.”

“How do you raise me, I will protect you. You are my only relative in the world, and I will never let Hades take you away easily.”

In the studio, Amelia Su had told Xu Tong the photos she had chosen, and she had already explained the matter.

But George Han found that Amelia Su’s expression was not clear. Especially the eyes looked a little sad.

On the way home, George Han couldn’t help but ask Amelia Su: “What’s wrong with you, how come you suddenly feel sad?”

Amelia Su sighed and said, “Do you know why Yang Chen has no money?”

George Han raised his eyebrows and said, “If I had to guess, it might have something to do with women.”

“His foster mother was seriously ill in the hospital. Hearing Xu Tong said that in this year, Yang Chen spent all his savings and sold all his RVs, so he was so desolate.” Amelia Su sighed, she just started listening. When it came to Yang

Chen's deeds, I felt very incredible, because Yang Chen in her eyes was not such a person. George Han could see the flirtation between him and the proprietress of the bridal shop, and she could of course also see it.

I thought that Yang Chen was a scumbag who traveled through the flowers, but he didn't expect him to have such a side. The most important thing was that the woman was not Yang Chen's biological mother.

"Adoptive mother?" George Han's inner surprise was exactly the same as when Amelia Su first heard about it. Because he judged that Yang Chen should be a person who is in the flowers and caress through the relationship between Yang Chen and the boss, George Han felt that it was normal when he used the money on those women.

"Yeah, I didn't expect that Yang Chen was still such a person, and he actually paid so much for his adoptive mother." Amelia Su said.

"This is what he should do. Isn't the adoptive mother better than the biological mother? If he were not abandoned by the biological mother, how could he be with the adoptive mother." George Han said lightly. The biggest difference between a foster mother and a biological mother is that Blood relationship is only, but sometimes blood relationship does not mean anything.

George Han had a particularly deep understanding of this point, because his biological mother Mary treated Han Jun well, thousands of times better than him.

George Han understood the word family affection at a very young age. The most important thing in this world is not blood relationship, but who really treats you well.

Except for Han Tianyang in the entire Han family, no one can compare with Yanjun, even if there is no blood relationship between him and Yanjun.

“How can there be a mother who is willing to abandon her own son.” Amelia Su said puzzled.

“No matter what the reason is. No matter how touching the explanation is, it is all nonsense. His biological mother made this decision at the beginning, and she is no longer worthy of being a person.” George Han said coldly.

There are many such things in this society, and they have various excuses and difficulties, but these excuses and difficulties can really be established in the face of a small living life?

“En.” Amelia Su nodded, approving George Han’s statement.

“Have you noticed the relationship between Yang Chen and the proprietress of the bridal shop?” George Han asked suddenly.

Amelia Su said: “I feel it, so I thought he was a scumbag.”

“But he is not a good thing.” George Han said with a smile, deliberately belittle Yang Chen.

Perhaps out of pity for Yang Chen, Amelia Su couldn’t help but argued for Yang Chen, and said: “He is an adult, and it is not surprising that he has a need in this regard, and if you are in love with both sides, how can you say him? Not a good thing.”

George Han raised his eyebrows, suddenly realizing. Said: “That’s right, there is a demand in this area, it’s really not surprising.”

Amelia Su suddenly felt that George Han’s words seemed full of meaning, and her face suddenly turned red.

He... he wouldn’t be turning around and suggesting other things, right?

But this stupid pig is like a fool himself. He didn't understand the meaning after all the red lines on the sheets were removed. Could he blame others?

Amelia Su looked at George Han angrily, if she didn't get the hang of herself, she would just suffocate herself.

George Han's words were indeed a side attack against Amelia Su, but he never expected that the result of the exchange was Amelia Su's firmer stance. Unless he takes the initiative, Amelia Su would never do this again.

But without Amelia Su's guidance, how could George Han have the courage?

George Han didn't know the result of his own cleverness, and he was still happy. He felt that he had grasped the right time to remind Amelia Su, and he estimated that a good day would be coming soon.

Back home, tomorrow will be the charity meeting, Amelia Su will be in the dress. George Han also had to attend, so she also helped George Han choose a suit.

After a while, Shen Lingyao called. She is now a middle-level leader of Su's company. She is stunned by Amelia Su. She will be able to attend the charity meeting tomorrow, but she has no clothes, so she wants to borrow a set from Amelia Su.

When Shen Lingyao came to the house, George Han was forced out of the room very hard.

"Aunt He, how is Jiang Yingying recently?" George Han asked He Ting.

Speaking of Jiang Yingying, He Ting couldn't hide the smile on her face. At the same time, she was full of gratitude to George Han and said: "Three thousand, Aunt He has always wanted to find a chance to thank you for this matter. Now Yingying had an internship in advance. It's a chance, and it's a big company in

Chengdu. I heard Yingying said that this is all your help. When Yingying comes back some time, I must treat you to a good meal.”

Jiang Yingying is a lot backstage in Chengdu now. She doesn't need to deliberately find a job at all. Big companies will take the initiative to throw olive branches at her. This is not unusual.

“That's good, as for eating. I still like to eat Aunt He's craftsmanship at home.” George Han said with a smile.

“I know you want to save me money, but the money cannot be saved, listen to what Aunt He said.” He Ting said firmly.

George Han smiled helplessly, he knew. If He Ting is not allowed to do this, she will definitely feel uneasy, so she can only agree.

At this time, Amelia Su and Shen Lingyao came out of the room, each wearing a dress. Amelia Su was a little noble and elegant, while Shen Lingyao was playful with some cuteness. Both of them were very eye-catching, but they came out of them. For a moment, George Han's eyes only stayed on Amelia Su.

Shen Lingyao found that George Han didn't look at herself at all, and her eyes were gloomy. It seemed that no matter how beautiful she was, George Han wouldn't care, or other women in this world couldn't shake George Han at all.

Such a good and infatuated and loyal man is rare in the world, but it is a pity that he does not belong to him, and Shen Lingyao will inevitably feel a little sad.

“How is it?” Amelia Su asked George Han, twitching her skirt.

“No matter what you wear, you are the most beautiful.” George Han said from the heart.

Hearing George Han's evaluation, Amelia Su smiled and said, "Really?"

"Of course it is true. Is there any woman more beautiful than you in this world? In my eyes, no one can beat you." George Han said sincerely.

At this time, Shen Lingyao suddenly said to He Ting: "Aunt He, you don't need to cook tonight."

"Ah? Why." He Ting said puzzledly.

"I'm full of dog food, and how can I still eat? Some people are really unconscious. Sprinkle dog food and don't care about whether there are single people at the scene." Shen Lingyao said dissatisfied.

He Ting smiled helplessly. As a woman, she could also feel George Han's affection for Amelia Su, not to mention Shen Lingyao, even she would be a little envious.

Amelia Su gave Shen Lingyao a fierce look and said, "If you are full, don't eat tonight."

"That won't work, I am hungry and no one feels distressed, so why make me hungry?" Shen Lingyao said confidently.

Chapter 315

“Does it look good?”

At the Peninsula Hotel, Qi Yiyun in a red dress stood in front of Donghao. The eye-catching brilliant red color made Qi Yiyun like a delicate and charming rose, touching his heart.

The fair skin and red skirt present a sharp color contrast, giving a strong visual impact.

Qi Yiyun at this moment can definitely be called the four-character words for the country and the city. In ancient times, it must be a beauty that can turb a country.

Dong Hao couldn't turn his eyes away, Qi Yiyun in front of him was so beautiful that he racked his brains and couldn't find an adjective that could describe Qi Yiyun at this moment.

There are thousands of words in the world. No word is worthy of her at the moment.

“Miss, if beauty can conquer the world, you only need to raise your eyebrows, and the world is yours.” Dong Hao said.

Qi Yiyun smiled faintly and said: “If he had said this to me, I would be very happy, but unfortunately you are not him.”

Dong Hao lowered his head, his eyes flashed with intent to kill.

Dong Hao naturally knew who Qi Yiyun said he was, and Qi Yiyun showed such a beautiful side for him. It made Dong Hao very jealous, wishing to cut Han three thousand times.

“Miss, he is not worthy.” Dong Hao gritted his teeth and said.

Qi Yiyun looked at Dong Hao disdainfully and said, “Are you worthy? No one except him is qualified to let me take off my glasses.”

“Miss. If you are willing to give me a chance, I will definitely be able to do better than him.” Dong Hao said unconvinced.

Qi Yiyun looked at Dong Hao with a sneer, and said: “You are just a bodyguard of the Qi family. How could the opportunity fall in the hands of someone like you, and even if you were given ten times a hundred opportunities, you could not do it. Some Things can’t be solved by fists.”

These words almost made Dong Hao crush his posterior molars. He didn’t understand why Qi Yiyun had such a high evaluation of George Han. In his eyes, George Han was nothing but a waste. To solve such a waste, He only needs one hand!

This kind of rubbish, why can I get the attention of the lady, and why can I make the lady believe.

“Miss, I deliberately give everything for you, even my life.” Dong Hao said.

“A smart person will never let himself die. This is the difference between him and you.” Qi Yiyun said lightly. Dong Hao was reckless and didn’t have any brains. On this alone, he was not qualified to fight George Han. compared to.

“But... but he is married, miss, in your capacity. How can you be with this kind of man.” Dong Hao said eagerly.

A smile appeared on Qi Yiyun’s face, the beauty was even more suffocating, and the breath between his lips and teeth was blue, and said: “This can only mean that he is more mature. Do you know the charm of a mature man?”

“do not know.”

“Planning, doing things indifferently, unlike you, you don’t know anything except fight and kill. Although I like red, it is bloody but disgusting. I prefer him to kill without seeing blood.” Qi Yiyun said with a smile.

Dong Hao didn’t know any strategy and strategy. For him, the simplest and most direct way to accomplish something was to kill and kill all the obstacles in front of him. Only by blood can prove that he is a strong one.

“Tomorrow, I want everyone in Basin City to know that I, Qi Yiyun, will crown the world!”

That night, George Han did not expect that Shen Lingyao, who had a face like a city wall, would stay at home and would occupy the magpie’s nest. Kicked him out of the room, which made George Han gritted his teeth with anger.

Early the next morning, Shen Lingyao appeared arrogantly in front of George Han, raising her eyebrows and provoking, as if she was taking an oath of sovereignty.

“Last night I hugged Amelia to sleep, envy it.” Shen Lingyao walked to George Han and said deliberately.

George Han took a deep breath and said, “Shen Lingyao, don’t irritate my bottom line, or I will hit even women.”

Shen Lingyao was not at all afraid of George Han’s threats, but became even more irritating: “I hugged my arms very tightly, and Amelia didn’t have any clothes on.”

George Han’s face was pale, if it weren’t for a woman, he would have been crazy.

“What are you talking about?” Amelia Su asked curiously after seeing the two whispering.

“It’s nothing. I took up his room last night. I told him I’m sorry.” Shen Lingyao said.

Amelia Su smiled helplessly, and said: “What’s wrong with this, our two sisters are not sleeping together on the first day.”

Shen Lingyao looked at George Han proudly, and said in a low voice, “Have you heard it. It’s not the first day.”

George Han was so angry that he vomited blood, and kept comforting himself in his heart. Shen Lingyao is a woman, and it doesn’t matter if she sleeps together.

After breakfast, the three changed into clothes. So George Han drove out.

The charity will be held in the private club of Tianjia. It is not open to the public at ordinary times. It will only be used for important events. Tianjia’s ability to hold the charity here shows that they really attach great importance to this matter.

This is also the idea of Thomas Tiam and Tian Honghui. George Han has become Tian Linger’s brother. Even if the love home does not bring much benefit to the reputation of Tianjia, they are willing to treat this with the highest honor. thing.

People who came one after another were lamenting this matter, because they all knew what private clubs meant to the heavenly family, and they didn’t quite understand. Why can a caring home in such a small area get the attention of the heavenly family?

You should know that there are many places like Aixinjiayuan, and there are many places like Aixinjiayuan. This makes many people aware of the unusual taste.

As the founder of Aixinjiayuan, Peng Fang also came to the club early, standing at the door, a little at a loss, because she had never participated in such a charity

meeting, when she learned that Tianjia would organize this charity event for Aixinjiayuan when. Peng Fang was surprised for a long time and never recovered.

The Heavenly Family, the first family of Cloud City, how could they care about an institution like her with little influence?

When Peng Fang saw George Han, because it was the first time he saw George Han wearing formal clothes, she was very surprised. George Han's low-key has always made him ignore his existence. Until now, Peng Fang didn't feel it. It turned out that George Han is a very handsome and full of aura.

“Three thousand.” Peng Fang walked to George Han and glanced at Amelia Su in surprise.

“Sister Peng, why don't you go in?” George Han asked with a smile.

Peng Fang looked cautious and said: “I haven't participated in this kind of occasion, so I'm a little nervous.”

George Han smiled and said, “What's so nervous, it's all human, can I still eat you?”

Although she said that, Peng Fang has never been in contact with this kind of circle, so how could she not be nervous.

“Three thousand, this matter. Did you help?” Peng Fang thought about it. Besides George Han, she couldn't think of anyone else who would help Love Homeland. However, Peng Fang was a little skeptical that he could get the Heavenly Family to come forward. George Han's ability. Can it be done?

“I happen to be a little familiar with the old man of the Heavenly Family, so I mentioned this matter to him. The old man is also a very caring person. After hearing about the caring home, he nodded to help.” George Han explained.

Peng Fang made no secret of his shock. Unexpectedly, George Han did it.

She had always thought that George Han was at best an ordinary office worker, but now it seems that she was completely wrong!

“Three thousand, thank you. If you were not for your help, Love Homeland would definitely not be able to survive this difficult time.” Peng Fang said.

George Han shook his head and said, “This is what I should do. By the way, this is my wife, Amelia Su.”

“Hello, sister Peng.” Amelia Su said politely.

Peng Fang was stunned again, Amelia Su! The number one beauty in Basin City before, she married...

The George Han in front of him is not the same name and surname, but the wimpy deity!

Peng Fang had not asked George Han about his personal situation, and she had never thought that George Han was the rubbish stubborn that Basin City tens of thousands of people scolded.

“You...you are George Han!” Peng Fang said in astonishment.

“Sister Peng, I thought you knew it a long time ago. After all, my name is not ordinary.” George Han said with a smile.

Peng Fang hadn't even thought about it, because the legendary futility was completely different from the George Han she knew.

“You, you are not the kind of person the rumors say, how could I have known it a long time ago.” Peng Fang said.

Chapter 316

“Sister Peng, those are fake, how can you believe it?” Amelia Su smiled and said, Basin City’s rumors about George Han were deliberately distorted by Harry Su. Although there are some facts, more of them are. Harry Su maliciously slandered, if it wasn’t for Harry Su. How could George Han be treated as waste by the entire Cloud City.

Peng Fang looked embarrassed. Before that, she followed the trend of believing rumors as most people thought. After all, there were too many people talking and she listened too much. Even if it was fake, it was easy to believe it.

“Yeah, the rumors are really terrible.” Peng Fang looked at Amelia Su. She held George Han in her arm and looked very close. As far as the relationship between the two was concerned, it was not like what the outside world said. From this we can see that the rumors cannot be believed.

“Sister Peng, let’s go in first.” George Han said.

“I have to wait for Dong Shan.” Peng Fang said.

“Dong Shan is coming?” George Han asked in surprise.

Peng Fang nodded and explained: “I was a little nervous, so I called her and asked her to attend as a staff member. If I knew you were there, I wouldn’t have to trouble her.”

Before long, Dong Shan and Song Ji appeared together. When Song Ji saw George Han, he lowered his head unconsciously. The incident in the restaurant cast a huge shadow on his heart, especially when he looked at George Han. Thousand-Kai Lamborghini left, this picture has been lingering in Song Ji’s mind.

I squeezed the Mercedes-Benz key in my pocket, but I must never show it again. I was embarrassed in front of George Han.

“Three thousand, I didn’t expect you to come too.” Dong Shan said.

“This incident was facilitated by Three Thousand. I didn’t expect him to have such a good relationship with the Heavenly Father. Thanks to his help this time.” Peng Fang said with a smile.

This sentence made Song Ji’s eyelids jump. This guy not only knew Tian Linger, but also had a good relationship with Thomas Tian! Does Basin City really have such awesome people?

At this time, two fathers and sons Thomas Tian and Tian Honghui appeared at the entrance of the club. When they saw George Han, they walked straight.

Song Ji’s heart was a little broken, didn’t he, he showed up, does the old man have to come to meet him in person?

The dumbfounded Song Ji can’t wait to slap himself twice. Is this offending some immortal person?

“Master, you can count as coming, why don’t you go in?” Thomas Tian walked to George Han with a smile, although his grandson-in-law must have no chance, but he can come to Linger’s brother on the day. Said, it is already an honor.

Master!

These two words sounded like a thunderbolt in Song Ji’s ear. He is the master of Thomas Tian! Although Song Ji didn’t know what it was, the relationship between master and apprentice had proved George Han’s unique identity.

Song Ji, with a numb scalp, quietly glanced at George Han. Fortunately, he didn't care about him, otherwise he would end up in ashes!

"Let's go." George Han said.

At this time, Song Ji suddenly bent over and said to George Han, "George, I apologize for what happened before."

George was light and breezy, without stopping at all. Walked towards the clubhouse.

Song Ji sighed heavily. Although he didn't know if these words were useful or not, if he didn't say them, he would always be uneasy.

"I didn't expect him to be so powerful. I was really an idiot before." Song Ji said regretfully looking at the back of George Han leaving.

Dong Shan knows Song Ji'ai's ostentatious character, and he only flaunts it in front of people who know it is worse than him. Who would have thought that he would kick George Han into this iron plate?

"With his status, he shouldn't care about you." Dong Shan said.

Song Ji smiled bitterly. Who would say no? How could such a big man like George Han care about him?

In the clubhouse, the various figures in the Basin City business community have arrived. Seeing the prosperity of the sky, everyone is greeted, and there are some people who know George Han. Seeing Amelia Su and him walking arm in arm, the previous rumors that George Han might have a relationship with Tian Linger were self-defeating.

Of course, why Thomas Tian valued George Han is still a mystery to those people.

The charity will officially start at ten o'clock. Probably the process is Thomas Tian's speech and Peng Fang's talk about the current situation of Love Home. This is a necessary process. Even if one day Thomas Tian comes forward, they have to let them know what kind of existence is Love Home and the meaning of its existence. For what.

Before that, something happened that made the entire charity a sensation.

The originally noisy hall suddenly became quiet, and the needles were so strange that they could be heard. Just because a red figure appeared at the door, it seemed that she was able to pressure the audience when she appeared, and everyone's eyes couldn't help betting on her.

There are many noble women on the scene, and the upper class life is soaked in their temperament from ordinary people, but compared with this red figure, they are all eclipsed and embarrassing.

"This... who is this is so beautiful that it is beyond description."

"Too beautiful. And her temperament is like a nobleman."

"When did Basin City have such a beauty, I have never heard of it before."

Among the sighs of countless people, Qi Yiyun is destined to become the focus of the audience today.

At this moment, the charity is not important anymore. The men at the scene want to know who she is, which rich family was born in, and whether there is a boyfriend in her husband.

"Amelia, I... I have no dazzling, she, is she Evian?" Shen Lingyao said dumbfounded. Although she has known Qi Yiyun for many years, Shen Lingyao has never seen this side of Qi Yiyun, so at this moment, some incredible.

Amelia Su was also stunned, Qi Yiyun gave her an impression. She has always been gentle, but now she is like a fairy descending to the earth, beautiful and moving. The smile on her face makes people feel like a spring breeze, and she will become obsessed with her unconsciously.

“I didn’t expect Evian to dress up so beautifully.” After speaking, Amelia Su let go of George Han’s hand. Walked towards Qi Yiyun.

Upon seeing this, Shen Lingyao hurriedly followed.

When all the men looked at Qi Yiyun obsessively, only George Han frowned slightly.

Qi Yiyun’s beauty is indeed amazing, but she suddenly appeared in this way. What do you want to express?

It is impossible for a person to change herself for no reason. Since she does this, she must have some purpose.

And this purpose made George Han feel that something was wrong.

It’s like...like Qi Yiyun’s change was directed at him.

“Evian, you are so beautiful.” Amelia Su sighed as he walked to Qi Yiyun’s side.

“I said long ago that you can fascinate a man by taking off your glasses. I was right.” Shen Lingyao said.

Qi Yiyun smiled slightly, with red lips and white teeth. This smile affected the minds of most of the men present. They wished they could immediately bow down under Qi Yiyun’s pomegranate skirt.

“You are also very beautiful.” Qi Yiyun said.

The former Amelia Su was hailed as the number one beauty in Basin City, but compared with Qi Yiyun, she obviously lost her color.

But this is her best sister, so Amelia Su was not jealous at all, on the contrary, she was very happy and said: “How can I compare with you? You are the real beauty. If you are willing to change earlier, I don’t know how many men pursue you.”

“It’s not too late. Look at the men’s lustful eyes. There will definitely be flies around Evian in a while.” Shen Lingyao made no secret of her jealousy. Of course, this jealousy is not malicious.

From the moment Qi Yiyun entered the clubhouse, he hadn’t looked at other men. At this time, after hearing the two people say so, he looked at George Han.

It doesn’t matter to her how other men’s eyes look, because her brocade clothes were put on for George Han.

She has a look that fascinates men in the world, but she only cares about George Han.

It’s a pity that George Han with clear eyes, not only did not show the slightest state of enthusiasm, but frowned.

“No matter how many men like me, I only care about one.” Qi Yiyun said persistently.

Amelia Su and Shen Lingyao didn’t know who Qi Yiyun was referring to, and they would never think that this person was George Han.

“Of course there can only be one. Although you are beautiful, you can’t find a few husbands.” Shen Lingyao joked.

Chapter 317

Because of the emergence of Qi Yiyun, the charity society has become an undercurrent surging beauty meeting. The men present, whether young or old, have a mindset of putting Qi Yiyun into the account. Some people want to support them, and some feel that they are already inextricable. Love at first sight, Qi Yiyun will not marry in this life.

Fortunately, there will be prosperity. It didn't make the scene chaotic. When he came out to control the scene, the charity meeting proceeded in an orderly manner.

When Thomas Tian and Peng Fang were speaking separately, in fact, everyone present had no intention to listen. Everyone's eyes were on Qi Yiyun. They wanted to get Qi Yiyun's contact information as soon as possible. Qi Yiyun has a meal. Finalize this matter as soon as possible, or too many competitors will make things have too many variables.

As for Qi Yiyun, her eyes were on George Han from beginning to end. Not changed in a moment.

Although she can evaporate Amelia Su in order to get George Han, Amelia Su is her sister after all, and she is not sure what the consequences will be if she actually does this, so if she cannot be forced, Qi Yiyun also Will not take this step.

However, she focused on the eyes of the audience, except that George Han hadn't seen her, which made Qi Yiyun feel the indifference as if being ignored by the world.

Is it true that I am really not worthy of your glance?

"Yiyun, you have to be ready to be besieged by those men later, look at their wolf-like eyes, you can't wait to eat you." Amelia Su said with a smile, although her light was because of Qi Yiyun's arrival. It was completely covered up, but she did not have the slightest jealousy in her heart. Instead, she was very happy for Qi

Yiyun. If Qi Yiyun could find a wishful man on this occasion, it would be a very good thing for Amelia Su.

Shen Lingyao looked at Qi Yiyun with weird eyes, and felt a little uneasy, because she found that Qi Yiyun, who was being watched by the audience, had her eyes on George Han all the time, which made her wonder why.

Could it be that. Does she like George Han too?

In Shen Lingyao's eyes, George Han's excellence is not impossible to be liked by Qi Yiyun. After all, she secretly fell in love with George Han, but she has always kept this love deep in her heart and never exposed it.

But Qi Yiyun's eyes were full of offensiveness, and he didn't seem to care about Amelia Su at all.

This made Shen Lingyao have to guard against, she didn't want to destroy the relationship between the three sisters because of Qi Yiyun.

"The men here don't have a good thing, so I look down on them." Qi Yiyun said.

Following this topic, Shen Lingyao hurriedly asked: "Then who do you see?"

Qi Yiyun smiled and said nothing, which made Shen Lingyao more worried.

After the normal process of the charity meeting is over, all parties have reached a verbal promise with Tianjia that they will help the development of the home of love. The next one should be those who are ready to launch a fierce offensive against Qi Yiyun, but at this time Qi Yiyun suddenly stood up and turned towards Qi. Walked to the lectern.

Everyone looked at Qi Yiyun puzzled, wondering what she wanted to do?

“Grandpa, what does this woman want to do?” Tian Linger asked puzzledly, sitting beside Thomas Tian. This eldest lady did not feel dissatisfied with Qi Yiyun’s brilliant crown. She would not feel that Qi Yiyun was robbed of the limelight. The looks were given by her parents, so she would not complain that she did not have anyone else. She is beautiful, and Tian Linger is still very confident in this respect. Although she is not as pretty as Qi Yiyun, she also belongs to the ranks of big beauties.

Thomas Tian shook his head. After Qi Yiyun appeared on the stage, he felt that this woman was not simple, and it was impossible for ordinary people to cultivate a character with such outstanding temperament. This shows that behind her, after all, there is an amazing background, even if it is not a nobleman. , It must be the heir of a big family.

“Linger. How does she feel to you?” Thomas Tian asked.

“Feeling?” Tian Linger frowned, thought about it carefully, and said: “Amazing, beautiful. s*xy.”

Thomas Tian smiled and said: “These are superficial things, this woman has a domineering dominance hidden in her bones, and it seems that she doesn’t put anyone present in her eyes.”

Tian Linger narrowed her mouth and said, “Does she still dare not put the heaven in her eyes? There is no better person in Basin City than the heaven.”

There is no Basin City, but Yangyang Huaxia is far more powerful than Tianjia. Who stipulates that she can only come from Basin City?

At this moment. Qi Yiyun had already stepped onto the speech stage, looking at the eyes that focused on her, Qi Yiyun looked like a noble iceberg goddess.

“I know that there are many people who want to pursue me, but I don’t have time to waste on you flies, so please don’t bother me.” Qi Yiyun said, everyone who can come to the charity meeting today is Basin City. Business leaders, and these people are in her mouth. Turned into a fly.

Such a sentence that offends the audience, even if it is Thomas Tian, can’t say it casually, so at this moment, the heart of the old man is shocked and stunned.

“This little girl, I’m really not afraid to cause trouble.” Thomas Tian said with a wry smile. Although Qi Yiyun did not approve of this move, his courage and courage made Thomas Tian have to accept it.

Amelia Su and Shen Lingyao were immediately dumbfounded, because Qi Yiyun in their eyes was always cowardly and fearful. In her life, it seemed that there was no strong word, but today, just now! Qi Yiyun’s strength showed them a feeling of suffocation.

“This...is this the Qi Yiyun we know?” Shen Lingyao said in astonishment.

Amelia Su shook her head. She was not sure, because she felt exactly the same as Shen Lingyao.

“Evian suddenly became unfamiliar.” Amelia Su took a deep breath and said.

George Han, who was sitting next to Amelia Su, looked as sinking as water. Amelia Su’s strangeness to Qi Yiyun did not come from Qi Yiyun’s change. Just because she showed her true side, she has never changed. Amelia Su and Shen Lingyao’s perception of her is her mask. And this mask, she took too long, even longer than George Han.

This kind of woman gave George Han an illusion of fear. Of course, he wasn’t really afraid, but he just felt that once such a forbearing woman revealed her true colors, it would trigger a series of huge chain reactions.

What's more terrifying is that this kind of reason comes because of him!

“You... don't think you can do whatever you want if you are beautiful.”

“Do you know who we are? You dare not put us in your eyes.”

“Hmph, you offended everyone with a single sentence, have you thought about what it will end up?”

Qi Yiyun's beauty has conquered many people, but her remarks also angered many people, especially some women, who were ignored because of Qi Yiyun's appearance, resulting in their meticulous dressing useless. At this time, Qi Yiyun committed public anger. , They naturally want to speak out against Qi Yiyun.

Faced with the accusations, Qi Yiyun seemed to be in the eye of the violent wind and waves, unmoved at all.

“Am I wrong?” Qi Yiyun said lightly, it seems that the position she has stated will definitely not regress.

“Who are you who dare to be so arrogant? Does your family's parents know your stupid behavior?” Someone asked. Qi Yiyun dared to show such an attitude, and he must rely on it.

This question is also something that many people present want to know. To teach Qi Yiyun, it is best to figure out her background, or else you will be ruined if you kick the iron plate.

Jiang Fu's lesson is still vivid, and no one wants to lose all his life because of a wrong step.

“Just because you are qualified to know who I am?” Qi Yiyun said provocatively.

The person who asked the question just now made his face pale, but Qi Yiyun's strong attitude made him even more worried that this woman had a very strong background, so he didn't dare to speak anymore.

No one in the room dared to investigate this matter again.

Qi Yiyun not only crowned the audience, but at this moment, he suppressed these business leaders from raising their heads.

Thomas Tian's expression of sigh, how could a small Basin City suddenly pop out so many powerful people.

Before, there was George Han, the young master of the Han family of Hillwood City, and a strong woman who didn't know her background emerged, Basin City, it was a bit too lively!

Chapter 318

The needle drop at the silent charity meeting was audible. Qi Yiyun's momentum was like a queen, overwhelming those business leaders. At this time, Thomas Tian discovered a very interesting phenomenon that made his face pile up with energy. The plicated smile that trapped the mosquito.

He found that Qi Yiyun's eyes at any man were full of disdain, and this disdain came from his bones, but when she was looking at George Han, it was completely different. This kind of look is even more of a charm. It seems to prove something to George Han.

"Interesting, so interesting." Thomas Tian couldn't help but laugh. Fortunately, Tian Linger retired and became George Han's sister. Otherwise, she would have another strong opponent.

"Grandpa, what's interesting?" Tian Linger asked curiously.

Thomas Tian stroked his beard and said, "This woman. I like my master."

"George Han!" Tian Linger looked at Qi Yiyun in astonishment, and said: "She likes George Han, grandpa, are you right?"

"Grandpa has lived for decades, and he can't read it wrong. If you don't like this look, what else can it be?" Thomas Tian said firmly.

Tian Linger couldn't help but spit out her tongue playfully. She was another woman conquered by George Han. Although she didn't completely relieve George Han in her heart, she was already trying to claim herself as a younger sister.

For Tian Linger, this unreachable feeling ended with such a result, which was a good ending, because she could feel George Han's unswerving love for Amelia Su.

“It seems that another woman will be hurt by George Han.” Tian Linger sighed.

“This is not necessarily true, this woman is too beautiful, maybe George Han would be tempted.” Thomas Tian said, men are all visual animals, and it is never impossible to surrender in front of beauty. In history, those who were ruined by beauty There are countless celebrities who have lived their lives. George Han is also a normal man. Thomas Tian doesn’t believe that he can really remain unshakable.

“Grandpa, what do you mean?” Tian Linger’s expression suddenly became gloomy, and his tone was full of coldness.

Thomas Tian felt an inexplicable chill, which made him shiver uncontrollably, only to realize that he had said something wrong.

Tian Linger failed to pursue George Han, but he now thinks that George Han will fall under Qi Yiyun’s pomegranate skirt. Isn’t this a disguised saying that Tian Linger is not comparable to Qi Yiyun?

“My dear granddaughter, grandpa never meant that, don’t get me wrong.” Thomas Tian said, protecting his beard. For fear that Tian Linger grabbed his beard to punish him.

Tian Linger gritted his posterior molars and said, “You don’t mean it, but you think so in my heart.”

Thomas Tian couldn’t laugh or cry, he was outspoken for a while, but he didn’t expect such a consequence in exchange for it.

Recklessly took his hand away and said, “If you want to pull Grandpa’s beard, you can pull it. Grandpa said something wrong and should be punished.”

Tian Linger rolled up a white eye that pierced the sky and said: “What are you doing, you are telling the truth, I really can’t match her.”

Seeing Tian Linger’s head drooping and her shoulders down, Thomas Tian knew that this was a manifestation of a great blow to her heart, and couldn’t help but blame herself.

“Good granddaughter, everyone’s strengths are different, and you are the best in Grandpa’s mind.” Thomas Tian quickly comforted.

“Grandpa, will he really change his heart?” Tian Linger said worriedly. Although she hated George Han and didn’t like her, in Tian Linger’s heart, she felt that the love between George Han and Amelia Su was worth looking forward to. Only in the two of them did Tian Linger see true love.

“I don’t know this too well.” Thomas Tian said.

“If even he would change his heart, I would never believe in love again.” Tian Linger sighed and said weakly.

At this moment. Qi Yiyun returned to Amelia Su from the speech platform, and those people realized that she had such a good relationship with Amelia Su, and the company of those Jiang Fu was bankrupted by the Su family. Based on this, they Don’t dare to trouble Qi Yiyun.

George Han got goosebumps all over. Qi Yiyun’s family background was not in Basin City. This is the result of his investigation, and this is certain. Because the situation in Basin City is very clear, Qi Yiyun can’t hide so deeply. .

In other words, she dared to commit public anger, in fact, she had planned to use Amelia Su to let those people retreat from difficulties, so that they dare not retaliate.

This city mansion seemed simple, but in fact it was a frightening plan, and there was no trace of the water, so that Amelia Su would not notice that she was being used.

The more this happened, the more George Han felt her terrifying.

He didn't intend to interfere in this girlfriend's affection before, but now, George Han felt that he had to remind Amelia Su.

"Evian. You are so handsome that these people dare not say a word." Amelia Su looked at Qi Yiyun with admiration, like a little fan.

Qi Yiyun smiled faintly and said: "I'm just afraid they will disturb me. I won't look for these people as boyfriends. They are all erotic, but they are good at changing things."

Amelia Su felt reasonable and kept nodding her head.

At this time, Shen Lingyao said something very meaningful: "Those who won't change their minds, you'd better not have any ideas, because their feelings will not be easily destroyed."

These words were a very obvious beating. Even George Han could hear the meaning, but Amelia Su didn't notice anything. This is the difference between insiders and outsiders.

The charity society ended in a weird atmosphere. Although Qi Yiyun's appearance made many people feel dissatisfied, these people would not forget the verbal promises made with Tianjia, so the purpose of the charity society was achieved.

At this time, Harry Su was sitting in his office, looking at the phone screen with fascination.

He was not invited to participate in the charity event, but he secretly planted his hands and used his mobile phone to broadcast live images, which is a strong force for Qi Yiyun. Harry Su is deeply infatuated. Like all the men on the charity meeting, he is conquered by Qi Yiyun's beauty, but the only difference is that Harry Su feels that those men are not worthy of Qi Yiyun, but he is qualified.

“This woman is really perfect and qualified to be my wife.” Harry Su said with a face of contentment. In his heart, Qi Yiyun's positioning is worthy of him, but he has not thought whether Qi Yiyun would like him. .

Narcissism to the point of Harry Su, in addition to a thick skin, you must have blind self-confidence.

“Harry, many business people have participated in the charity event. Tianjia alone did not invite you. Will our company be rejected by Basin City in the future?” Su Yihan asked worriedly.

Harry Su's expression was indifferent, he now has a very big backing, Basin City is nothing.

“Yihan, do you think I will put this rubbish in my eyes? It's just a group of clowns who don't follow me. It can only show that their vision is problematic. If you are right with Harry Su, you will regret it sooner or later. “Harry Su said disdainfully.

Seeing that Harry Su was so confident, Su Yihan was relieved and said: “This woman is probably not as easy to get as you thought. Her attitude just now looks down on anyone, so you have to work harder.”

“It's normal for those wastes to be looked down upon, but can they compare with me? Don't worry, within a month. She will definitely be conquered by me.” Harry Su believes.

Su Yihan smiled. As a woman, she can feel how arrogant Qi Yiyun's eyes are. Although Harry Su has his own company now, she has such capital. She may not be able to conquer Qi Yiyun. She is different from the average money worshiper. She has offended so many business people face to face. It is obvious that she looks down on ordinary rich people.

Of course, it does not rule out that she deliberately used this method to attract attention, first screening out some flies with insufficient ability, and let those who really have the strength and courage to pursue her.

“Actually, to conquer a woman does not necessarily require her to fall in love with you first. You can also use other means to slowly cultivate your feelings after getting it.” Su Yihan said with a smile.

Harry Su raised his eyebrows, a lustful smile gradually appeared on his face, and said, “Yihan, this is a good method for you. If it can be done, I will definitely thank you.”

Chapter 319

After the charity event, Peng Fang took George Han and said many words of gratitude. She has been worrying about the future of Caring Homeland during this period, and she doesn't know how to proceed. Now with George Han's help, she feels A big rock can finally be put down.

For George Han, this matter was just a matter of effort. Facing Peng Fang's repeated gratitude, he felt a little embarrassed. After all, Peng Fang devoted all his efforts to loving homeland, and he only did a small thing. Although the credit is great, he and Peng Fang Compared with the effort, that is the difference between Yinghuo and Haoyue.

“Sister Peng. I am also a member of Love Home. If you say so, I won't go there anymore.” George Han said with a wry smile.

Peng Fang hurriedly took the words to his lips and said, “It's all right. I'm not talking. If you have time, you can come and see more. The children will miss you.”

“for sure.”

At the entrance of the clubhouse, George Han sent Peng Fang away, Shen Lingyao and Qi Yiyun also left together, and they both left, obviously Shen Lingyao holding Qi Yiyun's hand.

With Shen Lingyao's character, she might say something to Qi Yiyun.

However, George Han didn't bother to worry about this kind of thing. No matter what Qi Yiyun did, he just had to stick to Amelia Su's sincerity.

“Evian is pretty.” Amelia Su asked with a smile, holding George Han's hand.

George Han felt that there was something trapped in these words, but Amelia Su smiled brightly again, and seemed to be asking sincerely.

“It doesn’t matter to me that she is beautiful, I have you in my heart.” George Han said.

Amelia Su didn’t have the slightest doubt about this, and she didn’t realize that Qi Yiyun liked George Han. The sentence just now was just a sincere praise to Qi Yiyun.

“Go home, listen to my mother. Grandpa and they will come today.” Amelia Su lowered her head and said. She actually knew about this for a long time, but she was afraid that George Han would be unhappy, so she didn’t tell George Han. .

“Let’s go.” George Han was not upset. The people in Jiang’s family had taught them enough lessons. Now they don’t think they have the guts to make trouble anymore. When they come to Basin City, they mostly take advantage of food and drink.

Shen Lingyao and Qi Yiyun got into the same taxi, but they walked into the taxi while wearing fancy dresses. This surprised the driver’s eldest brother, and Qi Yiyun’s beauty made the driver’s eldest brother forget to use the meter.

“Master, go to Tongyang Street.” Shen Lingyao said.

When the car stopped on Tongyang Street, Shen Lingyao took Qi Yiyun to a milk tea shop.

“Evian, do you remember this place?” Shen Lingyao said.

Looking at the familiar place, Qi Yiyun said with a smile: “Why don’t you remember, this is our secret base.”

“The three of us, we like to soak here after class, and we have to drink a cup of milk tea if we eat frugally. The time before is really nostalgic.” Shen Lingyao said.

“If you have any words, just say it directly, don’t need to be circumspect.” Qi Yiyun said.

“Do you like George Han?” Shen Lingyao asked.

“Don’t you like him too? This is not a strange thing.” Qi Yiyun said.

“I’m not the same as you. Although I like him, I will never destroy the relationship between him and Amelia Su.” Shen Lingyao buried this relationship deeply and planned to bury it for a lifetime, but Qi Yiyun is different. She can feel Qi Yiyun’s strong Offensive.

Shen Lingyao knows that Qi Yiyun is no longer the weak one she used to be. She has the obligation to remind Qi Yiyun to maintain the relationship between the three sisters.

“Everyone has the right to choose, and what choice he will make is beyond your control.” Qi Yiyun said lightly.

Shen Lingyao gritted her teeth, unexpectedly speaking so clearly, Qi Yiyun’s attitude is still so strong.

“Are you going to watch our three sisters’ feelings ruined by you?” Shen Lingyao said coldly.

“I haven’t thought about destroying someone’s feelings. I just think that he has the right to choose.” After saying this, Qi Yiyun turned around and left.

Shen Lingyao clenched her fist and shouted at Qi Yiyun’s back: “Don’t forget. You were bullied before, and Amelia Su helped you every time.”

“I never asked her to help, because she was passionate.” Qi Yiyun said without looking back.

Shen Lingyao stood blankly on the spot, she suddenly felt that all the feelings for so many years were false, as if only she and Amelia Su took this relationship seriously, and Qi Yiyun had never given her sincerity.

Qi Yiyun turned to leave with a cold expression. Tears ran across her cheeks.

If I don't have problems, how can I not care about this sisterhood?

But I have to do this, I can't just watch the Qi family go to desperation.

Mountainside Villa.

All the relatives of Jiang's family came, facing the luxurious Villa, everyone's expression was full of envy.

Jiang Wan was sitting on the sofa. It was only at this moment that she knew the gap between herself and Amelia Su. It was impossible for her to live in a luxury Villa close to 100 million yuan in her life.

Thinking of the superiority that Liu Zhijie once had. Even if he deliberately performed in front of Amelia Su, Jiang Wan found it ridiculous. Even if Liu Zhijie took out all his wealth, he might not be able to buy a room in this Villa.

“Lily Jiang, I didn't expect you to live in such a luxurious Villa now.”

“Amelia is so prosperous, it is really enviable.”

“I wish I had a daughter like Amelia.”

Listening to these words, the smile on Lily Jiang's face was like a blooming flower, full of joy.

"He Ting, the fruit I asked you to cut, don't hurry up." Lily Jiang shouted at the kitchen.

Since these relatives arrived, He Ting has not breathed a sigh of relief, either serving tea or pouring water or cutting the fruit plate. These people are like starving ghosts. Once the fruit plate is on, he will be eaten cleanly. This is already the third one. The refrigerator was emptied.

"Auntie Lily, your babysitter is really too slow. I advise you to change it as soon as possible. It will delay things." Jiang Sheng looked at the kitchen eagerly. Said disdainfully.

"That is, I can't do a little bit well, and I should be a babysitter." Liu Hua said unhappily, with a rare opportunity to make a request. She couldn't help but want to experience this feeling.

When He Ting walked to the living room with the third fruit plate, she was already sweating profusely, and said to Lily Jiang: "These fruits are left at home. If you want more, you can only go out and buy them."

When talking to Lily Jiang, He Ting walked past Jiang Sheng and did not notice what was happening at her feet. Jiang Sheng deliberately stretched out her leg and tripped He Ting to the ground.

The fruit fell to the ground, and He Ting stroked her knee with pain.

"You are not only a man of action, you also have trouble with your eyes. Didn't you see my feet here? Or did you deliberately step on me." Jiang Sheng preemptively accused He Ting.

Lily Jiang was also angry when he saw the fruits all over the floor, and scolded: “He Ting, did you embarrass me on purpose? You can’t do this little thing well.”

He Ting didn’t know where she had offended these people. Since they came, she has been asking for trouble.

Of course she can’t understand, because Jiang Sheng is a character who fears that the world will not be chaotic. He will cause trouble wherever he goes, and in Jiang Sheng’s heart, since He Ting is just a babysitter, he should be called around. How could Jiang Sheng miss when he could show his superiority?

More importantly, now that George Han is not at home, he is completely unscrupulous.

“Sorry, I was not careful.” He Ting lowered her head and said.

“Accidental?” Jiang Sheng sneered, and said: “You accidentally stepped on my foot, you don’t plan to just leave it, I am Auntie Lily’s nephew, you are a babysitter, tell me Sorry, of course?”

Although He Ting felt wronged, she still said, “I’m sorry, I didn’t mean it.”

Jiang Sheng smiled triumphantly. He can only sigh that it is good to have money. If he is also rich, please ask a babysitter at home. If someone waits for him every day, he can still have fun.

“Why are you still sitting, waiting for someone to pity you?” Liu Hua said strangely with Yin and Yang.

He Ting tried to stand up, but just hit her knee when she fell down. She was so painful that she couldn’t stand up.

At this time, the Villa door was opened, and George Han and Amelia Su returned home.

Chapter 320

When Jiang Sheng saw George Han, he unconsciously shivered and took a step back, with intense panic in his eyes. He saw with his own eyes how Liu Hua died in front of him. His fear of George Han had deepened into his bones.

Xu Fang also lost the arrogance just now, and walked carefully to Jiang Wan's side, seeming to seek Jiang Wan's protection.

Jiang Wan was once arrogant in front of George Han and Amelia Su because of Liu Zhijie, but after experiencing Bin County, she clearly recognized the gap between herself and Amelia Su. At this moment, in front of them, she even raised her head. There is no courage.

This time in Basin City. If it were not for Jiang Hong's insistence on coming, Jiang Wan would never want to lose his face like this.

When George Han saw He Tingye sitting on the ground, his face instantly became cold. Although he had expected that the Jiang family would not live in peace, he did not expect that they would be so excessive on the first day. !

Walking to He Ting, George Han said in a deep voice: "Aunt He, who did it?"

When Jiang Sheng on the side heard this, he said in a panic: "She accidentally fell down, it has nothing to do with me."

"So anxious to separate the relationship?" George Han turned his head and looked at Jiang Sheng coldly.

Jiang Sheng shrank his neck. He was so nervous that he paled and said, "No, it's not me, how could it be me?"

Jiang Sheng's words were not credible. George Han looked at He Ting and said, "Aunt He. Who did it?"

"She fell on her own. You don't believe what Jiang Sheng said, don't you believe me?" Lily Jiang said from the side.

In front of her relatives, she must swear her sovereignty status, and let these relatives know that this family is in charge of her, so she naturally wants to help Jiang Sheng solve this problem.

George Han remained unmoved and continued to ask He Ting: "Aunt He, you don't need to let yourself be wronged."

"George Han, what do you mean, don't you believe what I said?" Lily Jiang stared at George Han fiercely. In front of so many relatives, George Han asked, obviously not giving her face.

For George Han, He Ting's inner gratitude is of course needless to say. This job and Jiang Yingying's troubles are all solved by George Han. She doesn't want to make George Han's family discordant because of herself, and she just doesn't It's just a babysitter. What is it to be a little wronged?

"Three thousand, I accidentally fell down." He Ting said.

These words made Jiang Sheng sighed, but the expression he looked at He Ting was not grateful at all. Instead, he became more domineering and made him feel more superior in front of He Ting.

George Han wanted to help He Ting sigh, but since she said so, George Han had no reason to pursue it, and he knew that the reason why He Ting said this was also because of the relationship between him and Lily Jiang.

“You are welcome to come and play, but I want to make trouble in this house. Don’t blame me for being rude to you.” Last time in Bin County, I had torn apart with these people, so George Han didn’t care this time.

Jiang Hong looked at the upright figure of George Han. Although George Han’s wimpy image had long been changed in his heart, he could feel George Han’s aura again, and it would still make him feel frightened.

Why are such people willing to stay in the Han family? Why are they willing to endure three years of humiliation!

“George Han, do you still put me in your eyes when you say that? They are my mother’s family.” Lily Jiang looked at George Han dissatisfied and said.

George Han knew that Lily Jiang loves face, and the Jiang family came to Basin City when she expressed herself. If George Han didn’t give her face during this special period, she would definitely hate her for a lifetime, so George Han did not speak. I went straight back to the room.

“You can play with ease, this family, I have the final say.” Lily Jiang said triumphantly.

Jiang Hong nodded with satisfaction. Although George Han is powerful, at least he is still under Lily Jiang’s control, and his daughter is still very capable.

Amelia Su walked to Lily Jiang and reminded him softly: “Don’t be too much, I have angered 3000, and I can’t help you.”

In front of everyone, Lily Jiang didn’t change her face, but she didn’t dare to go too far in her heart. George Han just gave her face, and she couldn’t rub her nose.

After saying what she wanted to say, Amelia Su also returned to the room.

“Three thousand, if you want to teach Jiang Sheng, I will support you unconditionally.” Amelia Su said firmly.

George Han smiled bitterly and shook his head. Said: “Mom now looks like she can’t wait to eat me, to teach Jiang Sheng, isn’t it slap her in the face.”

Amelia Su sighed helplessly, walked to George Han, held up her hand and said, “Why don’t you give her face this time?”

George Han smiled happily and said, “Since my wife has already spoken, how can I not save face.”

Amelia Su lowered her head shyly when she heard the words “My wife”, and said with a reddish ear: “Who is your wife, do I have anything to do with you?”

After Amelia Su said these words, she lowered her head, like fish on the chopping board, and let George Han kill.

It’s a pity that George Han’s elm brain is destined to fail to understand this, and he is still thinking about how to change the subject and resolve the current embarrassment.

Amelia Su did not get the response she wanted for a long time, biting her lower lip, her expression gradually becoming fierce.

Just as George Han wanted to speak, Amelia Su suddenly raised her head, looked at him angrily, and said, “I’m tired and want to sleep.”

George Han didn’t know what was going on. He didn’t understand Amelia Su’s anger. On the contrary, he felt fortunate that if it hadn’t been for Amelia Su’s initiative to resolve it. He still doesn’t know what to do.

Although George Han is a man, he is also an unmanned boy who has not really transformed into a man. In addition, he does not dare to have the slightest covetous heart for Amelia Su, so I hope that he will understand it once and for now. As far as the situation is concerned. Obviously it is a luxury.

Amelia Su was in a strange mood. On the one hand, she felt that George Han did not look like a man, but on the other hand, she was a little complacent, because George Han's performance showed that he was not a lover, and might even be the same as himself. , Keeping a blank on that aspect.

Amelia Su has seen too many men who travel through the flowers and treat women as playthings. Like George Han, he has not touched a woman in his twenties.

After Amelia Su and George Han slept, the room where Jiang Hong and his wife were resting was extremely lively.

Jiang Sheng and his son, Jiang Wan's family of three are all there, and they seem to be plotting something.

“Grandpa. Will Auntie Lily really agree to let us stay?” Jiang Sheng said worriedly.

This time the Jiang family came to Basin City with their family. They are not simply traveling, but with a strong purpose. Jiang Hong hopes that his two sons will be promising and develop well. Now Amelia Su belongs to the Su family company. Chairman, it is easy to arrange these relatives to work in the company.

“Depending on the situation, there should be no problem. Although George Han performed very strongly in Bin County, you have seen it today. Lily Jiang's words are still more important than him. As long as Lily Jiang agrees, who dares to have an opinion? “Jiang Hong said. He admits in his heart that George Han is a powerful character, and even in what he has seen and heard, no one of his age has the abilities of George Han, but he still has to listen to Lily Jiang after all. Jiang Hong didn't worry too much.

Speaking of George Han, Jiang Sheng showed a look of disdain. Even though he was very scared in his heart, as long as George Han was not in front of him, his arrogant attitude would not be reduced at all.

This is the so-called dead pig is not afraid of boiling water. He has not seen his coffin. He never knows how dangerous his temptation on the edge of life and death is. Even if Liu Hua, who has the same personality as him, is dead, he did not give him enough. lesson.

“How could Auntie Lily not be able to restrain him from eating soft food, but I am worried that Auntie Lily will not let us stay.” Jiang Wan said with a guilty conscience. After all, she and Amelia Su had conflicts, although she was embarrassed in the end. But this Liangzi is settled.

“Don’t worry, I have a way to persuade her. After all, I am her Laozi, and Lily Jiang is a face-saving person, as long as she speaks beautifully. She will not refuse.” Jiang Hong said.

Seeing that Jiang Hong was so confident, Jiang Sheng and Jiang Wan looked at each other. They wanted to stay in Basin City very much in their hearts. It would be a waste of a lifetime to return to a small place like Binxian, and there is no chance of any success, but they climbed to the Su family. The future of the company is completely different.

Even Jiang Sheng is already dreaming about getting a high position in the company. You can take advantage of your position to target those female colleagues. The fair-skinned and beautiful women in this city are more tempting than those in Bin County.

Jiang Wan’s goal is more simple and direct. She will not let herself work in Amelia Su for a lifetime, as long as she can stay in Basin City. She has the confidence to find a rich person. This kind of thinking coincides with Su Yihan. If the two people know each other, they might become good sisters, after all, they are similar people.

“Grandpa. It’s up to you tomorrow. Let’s go back to our room and rest. This is my first time staying in such a luxurious Villa. I want to sleep comfortably tonight.” Jiang Sheng said impatiently.

The master bedroom of the Villa.

Although Wilson Su had many complaints about Jiang’s relatives coming to play, he did not dare to show the slightest in front of Lily Jiang, but he had to say something.

“There are so many people here this time, have you thought about why they came?” Wilson Su said.

“Don’t you just want to be blessed with my blessings? I don’t lack money now. What if I entertain them? Do you have any opinions?” Lily Jiang said proudly. Her biggest dream in this life is to be proud of her family. , Now that the opportunity is offered to the door, Lily Jiang’s mood is very high, even if she knows that a lot of money will be spent, she doesn’t care, as long as these relatives can realize how happy her life is now, it is worth it.

“It’s not like they’re leaving after playing for a few days.” Wilson Su said with a sigh.
