

## Chapter 321

“Wilson Su, have you started to feel distressed without spending you much money? These are my maidens, and I am embarrassing them to play, do I have to drive them away?” Lily Jiang looked at Wilson Su dissatisfiedly.

“You don’t understand what I mean, I am worried that they will not leave if they come.” Wilson Su said.

“Don’t go? How could they not go, they don’t go home, what have they been doing here?” Lily Jiang puzzled.

“You are usually like an individual, so why can’t you figure this out? Amelia is now the chairman of the board, so you never thought about it. Do they come to our family and let Amelia arrange work?” Wilson Su explained.

This sentence made Lily Jiang’s expression directly froze. She was very clear about the ability of these relatives. This group of people can work hard for free, but it is absolutely impossible for them to work. Joining the company is also a moth.

“Probably not.” Lily Jiang said.

“You don’t have the confidence to speak yourself, do you need me to say it?” Wilson Su said.

Lily Jiang had already planned tomorrow’s itinerary and took them to see the difference between Basin City and Binxian, but Wilson Su’s words made her lose her mind.

If things are as Wilson Su said, she must first figure out how to deal with it.

“Go to sleep. Soldiers will stop you and see how you handle this matter tomorrow.” Wilson Su said.

Tossing and turning all night can not sleep. Lily Jiang didn't fall asleep in a daze, and she got up at dawn the next day.

When he went downstairs to the living room, Lily Jiang found that Jiang Hong was already sitting in the living room.

“Dad, why don't you sleep longer, is the bed uncomfortable?” Lily Jiang asked.

Jiang Hong smiled and said, “How can it be uncomfortable. This is the most comfortable bed I have ever slept in, and it makes me reluctant to get up.”

Lily Jiang smiled reluctantly, and said: “If you feel comfortable, you should sleep a little longer. You are old now, so you have to take a break.”

“Come on, sit down, Dad will tell you something heartbreaking.” Jiang Hong moved and said.

The ominous premonition in Lily Jiang's heart burst out instantly, and he walked to the sofa honestly.

“Before, I still complained about you, marrying Wilson Su, and suffered myself, now you are finally suffering, and Dad is very happy for you.” Jiang Hong said with a gratified expression.

“Dad, this is a promising welcoming summer, and it has nothing to do with Wilson Su.” Lily Jiang said.

Jiang Hong nodded. He never felt that Wilson Su could help in this matter. Since knowing that Wilson Su is the least valued person in the Su family, his attitude towards Wilson Su has been very bad, and even said that even in the coffin Will also look down upon Wilson Su's cruel words.

“Yeah, Amelia is really promising now. I didn’t expect that she would become the most accomplished person among the younger generation. However, a person’s true achievements are not reflected in herself, but in her contribution to others. Contributions made by people.” Jiang Hong said.

Lily Jiang took a deep breath. What should have come, after all, came, but Wilson Su really got it right.

“Dad, just tell me if you have any words.” Lily Jiang said.

“Dad did not plan to leave this time and stay in Basin City for retirement. Jiang Bo and Jiang Guangguang, these two useless things, definitely can’t be counted on. Your mother and I are counting on you to have an enjoyable life. Old age.” Jiang Hong said.

This sentence made Lily Jiang a little speechless. As a daughter, it is natural for her to support her parents. However, as a son, Jiang Bo Jiang Guangguang should do these things. She cannot take this responsibility because she is doing well now. Right.

Just as Lily Jiang was about to speak, Jiang Hong seemed to have deliberately pinched the timing and continued; “But think about it carefully, you are now a member of the Su family. Your mother and I are not as embarrassed to ask you to support us. So I thought about it and wanted them to work in Amelia Su’s company, so that they would have a stable job and income, and they would be able to support me and your mother.”

Lily Jiang was caught off guard by this serial set. She still had a chance to refute the previous remarks, but Jiang Hong’s remarks directly left Lily Jiang speechless.

She was not allowed to raise her, just giving Jiang Bo a job. This seems very simple. What reason can she find to refuse?

“I know you are worried that they will be lax at work. You can rest assured that I will warn them.” Jiang Hong deliberately forced Lily Jiang to a dead end, making her retreat irresistibly, and did not speak to Lily Jiang. opportunity.

“Dad. The company’s affairs are all handled by Amelia, and I can’t be the master in this matter.” Lily Jiang herself doesn’t believe this weak rebuttal. After all, Amelia Su is her daughter. It is impossible for Amelia Su to refuse Amelia Su’s arrangement.

“What you said is too perfunctory to me. Didn’t you say it yesterday? Did you have the final say in this family? You can’t do this little thing that stumps the Lord?” Jiang Hong looked upset and continued: “You still want to see Are you going to spend your old age miserably with your mother?”

“Dad, I didn’t mean it, how could I let you and mom have a miserable life, so let me think of a way.” Lily Jiang said.

Jiang Hong smiled with satisfaction and said: “I will go back to the room to see your mother first, it’s time to get up.”

Lin Shuzhen was in the room, sitting on the bed, not sleeping at all.

“How about it, can you agree?” Lin Shuzhen asked.

Jiang Hong smiled triumphantly and said, “I’m out of the way, is there anything I can’t handle?”

Lin Shuzhen smiled happily and said: “This is a good place. If I can live here forever, I will be content for the rest of my life.”

Jiang Hong looked at the luxurious environment in the room with a sigh on his face and said: “Yeah, in such a luxurious place, who doesn’t want to live, and there are

servants to take care of, so that you can really enjoy life. Although it was a bit late, it was finally It's coming.”

Listening to Jiang Hong's tone, he seems to be settled here.

I think that when the old lady of the Su family was still alive, she also had this idea in her heart, but because of the face, the old lady of the Su family couldn't do this kind of thing about occupying the magpie's nest, and Jiang Hong obviously didn't plan to have a face. It was the characteristics of the Jiang family, the upper and lower generations, all of them, but Amelia Su was not affected.

In the living room, Lily Jiang was utterly devastated. She knew that Amelia Su would definitely not agree with this matter, but Jiang Hong had already said that, and she had no other way. Now she can only hope that Amelia Su's attitude will not be too tough.

At the top of the mountain, George Han and Amelia Su are resting. Whenever I look at the whole picture of Basin City here, Amelia Su feels very happy. She does not have the idea of stepping on the feet of all beings, but simply feels that standing tall can be seen. To more beautiful views.

“Three thousand, the house will be quiet in a few days, we will hang the wedding photos at home.” Amelia Su said with a happy smile, she has been looking forward to this for a long time. The retaken wedding photo is finally about to be completed. Every time I think about it, I feel very moved. At the same time, I feel too sorry for George Han, because it should have been done three years ago. But she made George Han wait for more than three years.

Amelia Su's words made George Han smile bitterly. She probably hadn't noticed the purpose of Jiang's family coming to Basin City.

“They won't leave.” George Han said directly.

Amelia Su stared at George Han in a daze. Seeing George Han raised an eyebrow at her, her face couldn't help showing anger.

“You mean they want to stay in Basin City?” Amelia Su said.

George Han nodded and said, “If you think about it, Bin County doesn't have anything to them, but Basin City, you are the chairman of Su's company.”

Amelia Su's face became cold, and she said: “With their abilities, how can they be qualified to work in the company.”

“It doesn't matter whether you have the ability or not, what matters is how mom will handle this matter, but in my opinion, she probably can't refuse, so maybe she is waiting for you at home now.” For the Jiang family Maggot, George Han understood very well that the reason for their coming could never be simple, but the only possibility he could think of. It is Amelia Su's current status, the chairman of the company, which can bring them too many benefits.

As for Lily Jiang, George Han knew what decision she would make without even thinking about it. A person with good face was praised casually. How can it be unforgettable.

“You are so good, are you so accurate? I don't believe it.” Amelia Su said, George Han is not a fortune teller, how could he infer things so clearly.

“Do you want to bet?” George Han said with a smile.

“Okay, what are you betting on?” Amelia Su said provocatively.

“How about sleeping with your arms around you?” George Han said. For Shen Lingyao's previous provocations, he was obviously still brooding, otherwise he would not make such a bet.

Amelia Su didn't know what Shen Lingyao had said to George Han, so she mistakenly thought that it was George Han who was getting awake.

“Okay.” Amelia Su promised happily. This is probably the first time in her life that she hopes she will lose.

George Han was holding the winning ticket and said: “In this case. Let's go down the mountain, maybe Mom can't wait.”

“Cut, I'm going to expose you, the mask of the god operator today.” Amelia Su hummed.

At the Mountainside Villa, Lily Jiang was indeed impatient. After seeing Amelia Su, she couldn't wait to walk to her side.

“Amelia, I have something to tell you.” Lily Jiang took Amelia Su and walked into the room.

Amelia Su looked at George Han in astonishment. Was he really right?

George Han raised his eyebrows and smiled as if he was a winner.

“Mom, just tell me if you have anything to say, are there still three thousand people you can't listen to?” Amelia Su said.

Lily Jiang glanced at George Han, this is because he will know sooner or later, and there is no hidden meaning.

“Amelia, is there still a shortage of people in the company?” Lily Jiang asked.

When George Han won, Amelia Su was very angry, but it was not because she lost, but Lily Jiang actually planned to arrange those people into the company. Doesn't she know these worms?

“Mom, if you want to arrange them into the company, this is absolutely impossible.” Amelia Su said firmly.

## Chapter 322

Lily Jiang's attitude shown by Amelia Su was not surprising at all, and she was repelling this matter in her heart. The Jiang family were her close relatives, and Lily Jiang knew better than anyone about their abilities.

But Jiang Hong had already said something for this reason, she could only try her best, and Amelia Su's character, as long as she was soft and hard, she was still confident that she could convince Amelia Su.

"Don't rush to refuse, I will explain to you clearly what's going on first." Lily Jiang said softly.

George Han returned to the room. He was too lazy to intervene in this matter, no matter what decision Amelia Su might make, George Han would respect her.

Sitting by the bed, George Han took out the sensor from his wallet. It was very small and easy to lose. But in George Han's hands, this would never happen because he would look at it many times a day. .

Counting the time, the gopher left is not too short. I must have entered the center of the earth prison, but the sensor has not moved. Is there something wrong with him, or is there no Han Tianyang in the center of the earth prison?

Whenever George Han thinks about this, he feels uneasy. He expects Han Tianyang to be alive. He placed great expectations on this matter, and he was very worried that this dream would be broken.

"Grandpa, you must live, as long as you are still alive, I will definitely find a way to save you." George Han held the sensor tightly, muttering to himself resolutely.

In a dark room.

The darkness of invisible fingers makes people horrified. In this environment, no matter how firm the heart is, people will feel scared.

At the corner of the wall at this moment, there was a figure squatting, with his hands on his knees, his whole body trembling slightly.

The gopher has been in this environment since he woke up. He knew that he had reached the center of the earth prison. Now he should be kept in a place similar to a confinement room. This is probably the treatment every newcomer to the center of the earth prison will receive. .

The gopher didn't know how long he was here. The dark environment made him unable to touch the light and feel the time. The only thing that allowed him to feel the darkness was an earthquake that occasionally occurred, which made the gopher guess the inner prison. The location should be deep underground, and only in this way will earthquakes occur frequently.

Geocentric prison. Deep in the heart of the earth?

If this is the case, it is no wonder that the Earth Center Prison can be kept hidden from outsiders for so many years, because it does not exist on the surface at all, and who can find it.

“Fortunately, I am a frequent visitor to the confinement room. I have long been accustomed to this environment. I changed my mind and my mood has long collapsed.” The gopher muttered to himself comforting himself, judging from his trembling body, In fact, his mentality is not too firm.

After all, this is a completely dark room with nothing to see. For people who are accustomed to living in the light, it is impossible for anyone to persist in this environment.

“Close it, I am in my current state, and there is no problem after shutting me down for ten or eight years.” The gopher has been reminding himself and cheering up in his heart, because he knows that if he collapses in the first step, he will never have a chance. Get out of here.

At this time, the door suddenly opened, and the darkness finally ushered in a dawn.

The dazzling light made the gopher unable to open his eyes, so he could only bury his head.

Through the sound of footsteps, the gopher judged that the other party had three people coming, and it should be to take him out of this environment.

But when the footsteps approached, the gopher was suddenly beaten mercilessly, and after the beating, the people left quietly. Did not take the gopher away from here.

Lie on the ground and plunged into the dark room again, the gopher felt desperate for the first time. Is this a package for a geocentric prison? Not only do people have to be beaten in such a dark environment?

“Lao Tzu is a cockroach, don’t want to kill me!” said the gopher gritted his teeth.

The room suddenly started shaking, and the shaking frequency this time was greater than the previous times.

“You guys, don’t worry about breaking this broken place and burying you all alive.” The strong sense of shock made the gopher’s heart tremble, which made him more and more sure that the geocentric prison should be underground.

At the Mountainside Villa, after George Han put in the sensor, Amelia Su also happened to return to the room.

Seeing Amelia Su's listless look, her shoulders naturally tilted downward, and she probably guessed how things were going.

"Are you agreeing?" George Han asked with a smile.

Amelia Su bit her lip. She disagreed ten thousand times, but she couldn't get enough of Lily Jiang.

"George, you don't blame me." Amelia Su lowered her head, not daring to look directly into George Han's eyes, because George Han bought the company, and it was him who allowed the company to develop as it is today. Although Amelia Su is the nominal chairman, the company's current status has nothing to do with her.

In the hearts of others, Amelia Su is the chairman of the company, which is also a fact that everyone can see. But in Amelia Su's heart, she thought that George Han was the owner of the company, because without him, the company would have gone bankrupt.

"How can I blame you, but they won't live here all the time?" George Han didn't want to see Jiang's family without looking up, and with Jiang Sheng's character, let him live here, and sooner or later he would cause trouble. .

Of course, George Han is not afraid of the Heavenly Family, and the Heavenly Family will not make things difficult for him. But George Han will not let Jiang Sheng arrogant.

"Mom promised me this, and they won't let them live here." Amelia Su said.

"That's good, time is almost up, I'll send you to the company." George Han said.

Amelia Su took a special look at George Han's wallet. Recently, she often saw a scene where George Han was in a daze holding the wallet, so she guessed there must be something very important to George Han.

“If you are unhappy or worried, you can tell me.” Amelia Su didn’t directly ask George Han what’s wrong. This is her most understanding. Because she knew that as long as George Han was willing to tell her, she would know even without asking, but she would never force George Han to do things that George Han did not want.

“It’s nothing, let’s go.” George Han stood up, put his wallet away and said.

Regarding Han Tianyang, George Han would not tell her, unless Han Tianyang was really rescued one day, if Han Tianyang was dead, then this would be the secret that George Han would bury.

When driving to the company, a special situation occurred in Thomas Tian’s martial arts hall.

Luo Bin came again with his grandson Luo Xuyao, and this time he did not follow the person last time, but a more gloomy man, about thirty years old.

Since the last time he lost, Luo Bin has been stubborn about this matter, even with a grudge. He found a master, deliberately kicked the gym, and wanted to find an excellent girlfriend for Luo Xuyao. But he didn’t expect to lose face. For Luo Bin, who loves face, he naturally couldn’t accept such an ending, so after returning home, he kept attracting masters through high prices. Plotting revenge.

After such a long time, Luo Bin finally chose a person who satisfies him, so he couldn’t wait to come to the Thomas Tian Martial Arts Hall.

When Thomas Tian saw Luo Bin that day, he knew that the visitor was not good, and this was something he had expected. Knowing Luo Bin for so many years, he knows Luo Bin’s temperament well.

“Luo Bin, you are a bit late than I thought,” Thomas Tian said.

“Hey, isn’t this busy recently. I haven’t had the opportunity to relive the old days. This time I finally squeezed some time.” Luo Bin said with a sigh, his time was actually spent on finding a master. In matters, there is no absolute certainty, how could he easily come here at the risk of losing face for the second time.

Thomas Tian looked at the people next to Luo Bin. The overall temperament of this person looked particularly gloomy. When he was not speaking, it was like a deep pool. Although quiet, it gave people the feeling that they could devour other people’s lives silently.

“I really don’t have time, so I won’t use it to relive the past.” Thomas Tian smiled.

Luo Bin shook his head repeatedly and said, “How can that work? We are so old now that we don’t have much time to live, so we will lose one face when we meet.”

## Chapter 323

Thomas Tian despised it in his heart. This old guy was looking for trouble when he was looking for trouble. He had to find a good-sounding reason. Did he really think he couldn't guess what he wanted to do?

“Your character is too competitive. Don't you understand after fighting for so many years? Didn't you lose to me?” Thomas Tian said triumphantly.

These words made Luo Bin's face darken in an instant. It was precisely because he had never won Thomas Tian that he took a sigh of relief in his heart. If he did not vent his breath, he would not be able to close his eyes when he died.

Moreover, Luo Bin has to plan for Luo Xuyao's future. If the Luo Tian family can marry, it will be of great benefit to Luo Xuyao's future development.

Of course, Luo Bin's selfishness is not only this, he knows that Thomas Tian values Tian Linger very much. In the future, there will definitely be a lot of family properties distributed to Tian Linger. If Tian Linger marries Luo Xuyao, wouldn't these family properties belong to the Luo family in disguise? This kind of good thing that kills two birds with one stone. Luo Bin has been planning for a long time.

“Don't be so proud, this time I'm sure to win, let the little guy come out last time, let him see what a real master is.” Luo Bin said, he can't wait to see George Han. The appearance of being knocked down on the ring.

Had it not been because of George Han's appearance last time, how could he have been embarrassed, so Luo Bin's hatred was not only in Thomas Tian, but also in George Han, and even wished to completely abolish George Han.

“He is a friend of mine, and he is not from the martial arts gym. How can I order him casually.” Thomas Tian said.

Hearing this, Luo Bin was happy, and laughed: “God, what are you kidding me, is there anyone in Basin City who you dare not order? You are not afraid of losing, right?”

Cloud City does not belong to the Heavenly Clan, and the Heavenly Clan does not dare to talk about such rebellious and unruly words, but the influence of the Heavenly Clan in Cloud City can be said that there are people who cannot instigate the Heavenly Clan. This is indeed like a joke.

As far as Basin City is concerned, who would dare to rebel against the heavens?

Although Jiang Fu united a group of business people to deal with the Tian Family, but this matter conspired for so many years without seeing Jiang Fu’s real actions. From this we can see the deterrent power of Tian Family in Basin City.

If before, Thomas Tian himself didn’t think that Basin City could have someone he dared not call, but since George Han came, the situation had become completely different.

The Heavenly Family is only strong in Basin City, but the Han Family, even in Hillwood City, is also famous, and there is no comparison between the two.

“I didn’t make a joke with you. Tianjia is not the emperor of the earth. How can you instruct whoever you want to instruct?” Thomas Tian said. As for George Han’s identity, even Tian Linger kept secret, so naturally it was impossible to tell Luo Bin.

“Cut, I know you are scared, afraid that it will be too ugly to lose? Don’t you worry, I will let him be merciful. You are an old thing too. You only lose once. It’s not too shameful, you Doesn’t this kind of cowering attitude make myself more embarrassed?” Luo Bin laughed.

Thomas Tian smiled indifferently. How could he be irritated because of what he said casually because of his age and not a young man with blood.

“Luo Bin, you also know that we are now very old. It is young people’s task to be competitive, and it’s useless if you deliberately stimulate me.” Thomas Tian said.

Luo Bin gritted his teeth. He finally spent a lot of money to find a master who could take revenge on the humiliation last time, but he never expected that Thomas Tian would not even give him a chance!

“Are you dare not, or that trash young man dare not?” Luo Bin said coldly.

“Grandpa Luo, he is not a waste.” Tian Linger couldn’t help but speak out for George Han, even though she knew that it was impossible for her and George Han. But even as her brother, she would not allow anyone to slander George Han.

Seeing Tian Linger’s expression, Luo Bin couldn’t help but frowned. She spoke for the trash. Moreover, he has an unconvinced expression on his face, which means he has a good impression of him.

Luo Bin regards Tian Linger as his granddaughter-in-law, and can never let others take it away!

“Linger, if he were not trash, how could he avoid showing up? Is he a tortoise?” Luo Bin laughed.

Tian Linger’s disposition is different from Thomas Tian. Luo Bin can’t anger Thomas Tian, but it is easy to provoke Tian Linger. His words completely ignited the bomb of Tian Linger.

“You are the turtle with the head shrunk.” Tian Linger said angrily.

Thomas Tian hurriedly scolded: “Linger, how do you talk to Grandpa Luo,”

Although Thomas Tian knew that Luo Bin deliberately irritated Tian Linger, Tian Linger was a junior after all, how could he talk to Luo Bin in this tone.

“It’s okay, how could I care about Linger, but Linger. No matter how you help him, it’s useless. To be a man, he needs to be responsible. He doesn’t dare to come forward. It is a bit difficult for me to believe that he is not useless Let’s be human.” Luo Bin said with a smile.

“I’ll call him right away.” After speaking, Tian Linger took out the phone directly.

Thomas Tian smiled bitterly, Tian Linger was caught in Luo Bin’s trick, and she didn’t even notice it.

“Luo Bin, entanglement in this matter is not good for you.” Thomas Tian sighed, George Han is a tiger, and the end of the angry tiger must be dead. As an old friend, he It can be regarded as a kind reminder to Luo Bin.

Luo Bin didn’t care. He didn’t even understand what Thomas Tian said.

After George Han sent Amelia Su to work, he received a call from Tian Linger as soon as he arrived at the magic city.

“Your sister is being bullied, can you help?” Tian Linger said, and considered herself a younger sister. This is to make George Han come forward, after all, George Han also said that he would protect Tian Linger.

“It’s good if you don’t bully others. Does anyone in Basin City dare to bully you?” George Han said with a smile.

“Did you forget about the martial arts museum last time?” Tian Linger said.

George Han frowned. He thought Tian Linger was joking, but when it comes to this matter, it’s not a joke.

Luo Bin made it clear that he wanted Tian Linger to marry his grandson, so he made such a bet at the beginning. And Tian Linger obviously doesn't like Luo Xuyao. Although George Han will not intervene in Tian Linger's life, if it is something she is unwilling to do, George Han will not give anyone the opportunity to force Tian Linger.

“Bring someone to kick the pavilion again?” George Han asked.

“Anyway, your sister was bullied. You can figure it out by yourself if you come.” After that, Tian Linger hung up.

George Han couldn't laugh or cry. Now that Tian Linger became his younger sister, she was more capable of acting like a baby with him, and she was unscrupulous, so George Han had no reason to refuse.

“What's wrong?” Mo Yang asked curiously.

“It's a bit troublesome, but it's not a big deal.” George Han said. Since Luo Bin dared to come this time, he must have found a master.

George Han thought for a while. He had just been discharged from the hospital. If there was any injury, Amelia Su would definitely complain, and with his skill, he might not be able to beat the people brought by Luo Bin.

When Dao Twelve found that George Han was looking at him, he smiled and said, “Brother George, if you have any needs, I can come with you.”

“Twelve, you are so fierce, wouldn't it be a pity not to fight.” George Han said.

Dao Twelve nodded and stood up and said, “Let's go.”

Mo Yang also stood up immediately. How could he miss such a fun event? Mo Yang was also very interested in everything related to George Han, even trivial things.

“Boss Mo, don’t go, let others see you follow me, and you won’t be the news of Basin City.” George Han said.

Hearing these words, Mo Yang instantly became depressed, and said, “Three thousand, I haven’t joined the excitement in a long time. Give me a chance.”

“If you are bored, think about how to make money. You still owe me 200 million. When do you plan to pay it back?” George Han said.

Mo Yang scratched his head, and suddenly said to Lin Yong with a shock: “By the way, do we have plans for today? Time is almost up, so hurry up and don’t delay business.”

After speaking, Mo Yang ran away in a gust of wind, leaving George Han extremely speechless.

## Chapter 324

While George Han was on his way to the martial arts hall, a private jet landed at Basin City Airport.

A glamorous and glamorous woman of about 30 years old stepped on the height of hate to get off the plane, with several bodyguards by her side, she was extraordinary at first glance.

She has a very good figure, hardly any shortcomings can be found, her cold expression gives people a feeling that no one is close, and she has a strong aura, just standing there, it makes people feel superior.

This must be the aura that a large family can cultivate. High above.

“Sister Yan, when will I meet him?” An assistant-like person stood beside the Leng Yan woman, who asked her at the moment.

Han Yan smiled disdainfully, and said: “Abandoned son of a collateral family, what qualifications do I have to meet him in person, and if it wasn’t for him, how could I come to such a shabby place? You go find him and let him use the most Quick time rolls in front of me, I don’t want to waste time because of him.”

Han Yan. The daughter of the Han family in the American Chinese region.

This American Han family and the Han Family are inextricably linked, but this relationship should start with Han Tianyang’s previous generation, so it is a very long history.

George Han had secretly heard that Nangong Qianqiu had mentioned to Han Jun about the Han family where Hillwood City was located. It was separated by the Korean family of the United States. The general incident was that some people from the Korean family in the United States wanted to return to China for

development, but they were opposed by others. They believed that the United States had an immeasurable advantage over China, and there was no need to waste time in China. At that time, Han Tianyang's father returned to China angrily, but he didn't really develop, instead he became a joke of the American Han family.

The Han family had a foothold in Hillwood City in the hands of Han Tianyang, and thus developed to the present situation. Since then, the Han Family has become a branch of the Korean Han family in the United States, but this branch family It has not been recognized by anyone from the Korean family in the United States.

Han Tianyang's biggest goal in life is to surpass the Korean family in the United States and clear his father's unwillingness back then. However, after Han Tianyang's accident, Nangong Qianqiu put this important task on Han Jun, so Nangong Qianqiu suppressed George Han. Dedicated to training Han Jun, I hope he can do this instead of Han Tianyang.

The purpose of Han Tianyang is almost the same as that of George Han, except that one is forced and the other is voluntary.

Only when George Han is suppressed will he be forced to prove himself and surpass the Han family.

And Han Tianyang was because of his father's breathless breath.

Han Yan looked disgusted. It seems that walking on the land of Huaxia and breathing Huaxia air is an uncomfortable thing for her.

"I really don't know who called Dad. A dispensable branch family has never been recognized. Even if it is embarrassing, it is their own business. What does it have to do with our family?" Han Yan said dissatisfied. This time she came to Basin City. The main reason was that her father received a call saying that the Huaxia Han family was about to fall and would fall into the hands of a waste. This would

shame the American Han family, so her father was only Ask her to come forward to resolve this matter.

“Sister Yan, although the Han family of China has nothing to do with us, but his surname is Han after all. Dad just doesn’t want them to insult the word. Don’t be too angry, just treat it as a tourist.” Han Yan is also followed by a young man. Man, in her twenties, is her biological younger brother named Han Feng.

For the trip to China, Han Feng and Han Yan were in completely different moods. He was full of expectations, because he had long been tired of those big American horses, and China had a vast land and resources. There are so many beautiful women. He had wanted to come a long time ago, but the family didn’t let it.

“Han Feng, Dad warned me when he was leaving, if you dare to mess around, let me break your leg.” Han Yan said coldly.

Han Feng was not afraid of threats and licked his face and smiled: “Sister, you are my relatives. I know you won’t be so cruel, and I don’t do any harm to the world, at most I just play with women.”

“This is the best.” Han Yan said.

Coming to the Peninsula Hotel, Han Yan was disgusted for a while. The best hotel was actually like this, which made her hate the guy named George Han more and more. If it wasn’t because he was too trash, why bother to let her come all the way. Basin City is a garbage place.

When George Han arrived at the martial arts gym, Tian Linger’s complaining expression instantly became clear, and she ran all the way to George Han.

“You’re an elder brother, you’re too incompetent, you’re only here now.” Tian Linger said.

After George Han hung up the phone. The horse came without stopping.

“When my elder brother gets rich, build a rocket and it will be faster in the future.” George Han said.

Tian Linger’s mouth narrowed. Although she was young, George Han’s insinuations could be heard clearly.

At this moment. The body of Dao Twelve who was standing next to George Han suddenly tightened. Did he meet a strong enemy?

Following Dao Twelve’s sight, George Han saw the gloomy middle-aged man standing next to Luo Bin. He did not look simple, but as for Dao Twelve, did he have such a strong reaction?

Luo Bin was extremely satisfied when he saw George Han, because last time he was ashamed of George Han, this time he could finally find his face.

Although George Han’s twelve knives are very big, Luo Bin is confident that the people he brings are stronger, after all, he is stronger. Luo Bin has seen it with his own eyes, and hitting more than a dozen people casually is not a problem.

“Shrinking head turtle, you finally came.” Luo Bin said to George Han with a smile.

George Han looked cold, and said, “Why, the last time I lost was not embarrassing enough, do you want to come again?”

Luo Binton gritted his teeth and said: “Don’t be too arrogant. Today I brought a real master. You’d better pray that you can safely get off the ring.”

As soon as the voice fell, the gloomy middle-aged man walked towards George Han.

Luo Bin didn't expect him to be so impatient. The master is really a master, never nonsense, just do things.

This money is not wronged.

George Han felt the heavy steps of the gloomy middle-aged man, unconsciously tensed his nerves, stood in front of Tian Linger, and said, "Go to your grandpa."

As long as Tian Linger stands next to George Han, she feels full of security, she is not afraid at all, and said: "If you don't go, I will stand behind you and cheer for you."

George Han's face was speechless. This little Nizi still doesn't know the situation. The opponent's strength is not bad. If he is accidentally injured, the consequences will be serious.

"do not....."

George Han couldn't speak until a word came out of his mouth, and everyone in the martial arts hall had a dumbfounded expression at the moment.

Luo Bin's eyes widened, and he couldn't believe it, the master he had hired with a lot of money. Kneeling on the ground at this moment!

Thomas Tian didn't expect that things would turn out like this. Luo Bin came violently, but the helper he invited was kneeling now. What's the mood of this old thing now!

"Zhou Silk. What are you doing! Did I kneel when I invited you?" Luo Bin roared.

Zhou Silk knelt on his knees and lowered his head.

George Han found that although he was kneeling in front of him, his body was leaning toward the twelve sword. Obviously, this kneeling was facing the twelve sword.

Why does he kneel down? Did he know Dao Twelve!

Knife Twelve's reaction just now was not vigilant. It's because of seeing acquaintances that make you nervous?

George Han has never investigated the identity of the twelve swords, but after a series of things, his identity seems to slowly surface.

"Zhou silk." Dao Twelve said softly.

Zhou Silk trembled all over and said, "Brother Dao. I thought I would never see you for the rest of my life."

Dao Twelve smiled helplessly. He did plan to never meet Zhou Silk again for the rest of his life, but God made fun of people and let them meet in this situation.

"Get up first, there is no need to kneel to me." Dao Twelve said.

Zhou Silk shook his head and said, "It was my fault. It was I who caused that incident to cause serious consequences. I am sorry for you and I am sorry brothers."

"Well, if we have anything, let's go back and talk about it." Dao Twelve reminded.

Zhou Silk stood up, walked to Dao Twelve, and stood at the side behind him, with a distinct priority.

George Han was surprised secretly, it seemed that the identity of the twelve swords was more powerful than he had imagined.

“Zhou Silk, don’t forget, you take my money and you have to do things for me.”  
Luo Bin gritted his teeth.

Zhou Silk glanced at Luo Bin indifferently, and said, “Do you want money or do you want to die?”

## Chapter 325

The killing intent in Zhou Silk's eyes made Luo Bin's back cool. Although he didn't know Zhou Silk's details, he still had certain guesses about Zhou Silk's identity. He must be a desperate, and if a desperate If he was murdered, he would be very dangerous.

Luo Bin took a step back subconsciously. Although money is important, life is even more important.

“How much money he took you, I will pay back as much as possible.” George Han said lightly.

Zhou Silk glanced at George Han, his eyes clearly with disdain. He didn't need anyone to pay him back, and Luo Bin didn't have the courage to ask him for money.

“George Han, he took my money, he should do things for me, but he is breaking his promise now, can this be solved by money?” As a businessman, Luo Bin immediately thought of compensation for breach of contract and subconsciously thought Want to blackmail Han three thousand times.

George Han smiled faintly, Luo Bin's bones were full of businessman greed, and he wanted to maximize his interests at this time.

“I take back what I just said. I won't pay it back. If you are able, ask him for it.” George Han said.

Luo Bin's face was stunned, George Han's sudden concession was something he never expected, and the blackmail was impossible. On the contrary, he lost his money, and he did not dare to complain. The killing intent in Zhou Silk's eyes made him have to break his teeth and swallow in his stomach.

Thomas Tian on the side smiled helplessly, Luo Bin's character of geese and plucking hair was finally suffocated.

At this time, Zhou Silk stood up suddenly, walked towards Luo Bin, and asked as he walked, "How much do you want?"

Luo Bin's scalp was numb and frightened, and he repeatedly said: "No, no money, I don't need it, I will give it all to you, don't mess around."

Hearing Luo Bin's words, Zhou Silk stopped. Luo Bin was already sweating, and he felt like he had gone to Guimenguan for a while.

"Then can I go now?" Zhou Silk said.

"Yes, of course." Luo Bin said without hesitation.

Zhou Silk walked quietly behind Dao Twelve, his posture as before.

"My god, I'm leaving first." George Han said.

Thomas Tian nodded and said, "Don't worry, let me take care of the rest."

When the three of George Han left the martial arts hall, Luo Bin's face broke out with a strong unwillingness. A hideous look.

"Luo Bin, I advise you one last time, don't mess around again, otherwise you will not only harm yourself, but also Luo Xuyao, don't you think there is no successor in the Luo family?" Thomas Tian knows, with Luo Bin He would definitely find a chance to take revenge on his character, but once he did that, he would bring the Luo family into the abyss. It didn't matter if he died at an age, but Luo Xuyao was still young.

“Thomas Tian, you don’t have to scare me, Luo Bin has never seen any storms in my life.” Luo Bin gritted his teeth.

“Have you seen the storm that can kill people?” Thomas Tian said seriously.

Luo Bin snorted coldly, and said with disdain, “I know you want to promote George Han, but you don’t need to blow him so hard.”

promoted?

Hearing these two words in Thomas Tian’s ears, he couldn’t help laughing at himself. What qualifications did he have to promote George Han? In his eyes, the family of heaven was nothing but ants.

“That said, if you have to be right with him, I will watch a good show.” Thomas Tian no longer said anything, he could not mention the identity of George Han to Luo Bin, although he and Luo Bin I have known each other for many years as old friends, but I have already said what I should say. He can’t let himself be in danger because of Luo Bin.

Luo Bin took Luo Xuyao and left unwillingly. Not only did he have no revenge, but also made him even more embarrassed. In front of Thomas Tian, how could he not report this ugliness!

“Grandpa, or else, forget it?” Luo Xuyao said after leaving the martial arts hall. Thomas Tian’s words made him very worried, and he didn’t want to inflict himself on Luo Bin’s impulse.

“You are a useless thing, so you are scared, how can I expect you to prosper the Luo family?” Luo Bin said coldly.

Luo Xuyao sighed. Luo Bin's decision was not something he could waver. He could only hope that Thomas Tian's words would scare people. Otherwise, the Luo family might really be over.

The three of George Han came to the boxing arena. There was no business and no one. It is a good place to talk.

Dao Twelve also knew that under this situation, he should confess something to George Han.

"Brother George, I can tell you everything you want to know." Dao Twelve said.

See Dao Twelve's attitude towards George Han. Zhou Wei was very dissatisfied. What qualifications does this guy have to make Brother Dao sigh?

After George Han glanced at Zhou Silk, he smiled and said, "What you want to tell me is what you want. If you don't want to say it, don't force it. I still believe in you."

Dao Twelve looked at George Han gratefully, because it was not that simple to do this, and George Han completely believed him. Most people dare not give this kind of trust, because all his details are not clear to George Han.

"I am a special retired army. Before I was discharged from the army, a good brother of mine died unjustly in an operation, but for some reason, he could only die unclearly. I couldn't swallow this breath in my heart and wanted to avenge him. He regained his freedom. Leading a group of brothers to help him get revenge, but he did not expect that there was an error in the revenge plan. Not only failed to get revenge, but killed more brothers." The eyes of the knife revealed. With a trace of pain.

Zhou Wei behind Dao Twelve suddenly knelt down and said, "Brother Dao, it's all my fault. If the information I investigated was wrong, they would never die."

Dao Twelve elaborated very simply, but from these simple words, George Han could still feel his pain. Since he is willing to restore his freedom for his brothers, it shows that he is a man who values brotherhood very much and is revengeful. Plan, and let more brothers die, presumably he experienced the most desperate moment in his life.

The Twelve Blades seemed to have not heard Zhou Si's words, and continued: "Those brothers and family members, since I killed them, I have to bear the responsibility of raising them. That's why I came to the boxing ring. Because this is the fastest place to make money and to ensure my safety. I cannot die or do any risky things. Because there are many old people behind me who need me to support."

"Mo Yang mentioned to me that the accounts of the boxing field were wrong, and I also thought that you need money. Starting today, the money earned by the boxing field is yours." George Han said lightly. He didn't expect that there would be such a heavy burden on the shoulders of the sword twelve, and he took the initiative to bear these burdens, as long as he was willing to escape, he didn't have to face them at all.

I have to say that Dao Twelve is a very responsible man. George Han doesn't know how many families are behind him, but this huge sum of money was previously paid out by his punch after punch.

At that time, George Han thought that the Twelve Swordsman had spent the money on Tang Qingwan, but now it seems that is not the case.

Dao Twelve looked at George Han excitedly, and said, "Brother George, thank you, but I can't use so much money."

"You can make them live better, not just live, don't you want this in your heart?" George Han asked.

Dao Twelve's expression was startled, of course he thought, always thinking about how to make those brothers' family members live better, but one's ability is limited, and in the case of guaranteeing his own safety, Dao Twelve does not have it. There are more ways to make quick money, so what he has always done is to keep the brothers' family members alive.

“Brother George, starting today, the life of my Twelve Swordsman is yours.”  
Twelve Swordsman lowered his head and said in a deep voice.

George Han smiled faintly, and said: “Money to me is just some meaningless numbers. If it can be better reflected in value, why not? And how much money can be made in the boxing field depends on you. Ability, so you don't have to thank me.”

Although that was the case, Dao Twelve knew that if George Han did not provide this venue, even if he had the ability, he would not be able to make so much money.

“Brother George, I have a merciless request.” Dao Twelve said.

George Han glanced at Zhou Silk and said, “Since he is your brother, you want to keep him, I naturally have no objection.”

## Chapter 326

“Thank you Brother George.” After George Han’s voice fell, Dao Twelve kicked Zhou Silk.

Zhou Silk fell on his knees and fell into a shit. He wondered why Dao Twelve had such an attitude towards George Han. How capable is this young man?

Even though he was not convinced, Zhou Bo dared not defy the meaning of Dao Twelve, and said quickly: “Thank you Brother George.”

“If you haven’t seen each other for more than two years, I won’t bother you to renew the past.” George Han finished speaking and left the boxing ring.

Zhou Silk stood up, patted the dust, and said to Dao Twelve: “Brother Dao. Who is this guy and why do you want to be his subordinate? I can kill him with one punch.”

Dao Twelve looked at Zhou Bo with cold eyes and scolded: “He is my boss. If you want to stay with me, you’d better respect him in the future, otherwise I can only let you go. Besides, you have to fight. It is not so easy to win against him. He once drew with me, although it was when I did not use my full strength. But it is not easy.”

Zhou Silk’s eyes widened, this guy had beaten Knife Twelve before, and it was still tied. How could this be possible!

Dao Twelve was the strongest fighter. His methods are unmatched in the ranks. Zhou Bo has even regarded Dao Twelve as an idol. How could this young man be so powerful?

“Brother Dao, you didn’t joking with me, even with him, can you get a tie?” Zhou Wei said in disbelief.

“This is the ring, and many people have seen it with their own eyes, would I lie to you?” Dao Twelve said.

Zhou Silk said secretly, if this is the case, this young man shouldn't be underestimated, after all, he is still very young now and has a lot of room for improvement.

“Brother Dao, I have been looking for you for so many years. I didn't want you to forgive me, but I want to take care of my brothers' family with you.” Zhou Bo said.

Dao Twelve sighed. Zhou Silk was not the fault of what happened back then, and he never blamed Zhou Silk. After all, it is impossible to be completely sure of this kind of thing. Any accident may exist, he only blames it. For himself, if he hadn't insisted on taking revenge, he wouldn't hurt others.

“Leave it. If I die, you can continue to take care of them for me.” Dao Twelve said. Before, he would not do life-threatening things, but now, George Han has given him so much. He had no reason to be greedy for life and fear of death. As long as Zhou Si could take care of those family members for him, Dao Twelve would never frown even if he went up to the sword and down the fire.

After leaving the boxing ring, George Han walked leisurely on the street, with a relaxed expression.

Although he did not doubt the Twelve Twelve, and did not investigate the Twelve Twelve, but in the case of knowing nothing, there will be a trace of worry in his heart, but now it is completely unnecessary. Qian can clearly feel it, and such a person is absolutely impossible to betray easily.

The walking George Han suddenly stopped, as if being paused by someone, and froze in place.

“Grandpa Yan, why are you here!” George Han asked in shock when Jun Yan walked in front of George Han.

George Han knew that if Yan Jun hadn't had special things, he would never have left Hillwood City.

Yan Jun faced George Han. Still the kind smile.

“Have you been lazy recently?” Jun Yan asked.

Only in front of Jun Yan, George Han would appear as a junior. Listening to Jun Yan, George Han scratched his head and said awkwardly: “There is less practice, but basic exercises are still there.”

Jun Yan knocked George Han on the head and said, “I knew you must be lazy again. Have you forgotten what Grandpa Yan said to you?”

George Han shook his head repeatedly and said, “Of course not, how could I forget it.”

“Money is a foreign object, no amount of money can save you in a crisis. Only a strong fist can break all obstacles. This is the last time Grandpa Yan reminds you.” Yan Jun said.

These words made George Han nervous in an instant, for the last time, wouldn't he never show up again?

“Grandpa Yan, where are you going?” George Han asked nervously.

“I'm not going anywhere, it's just that you have grown up now. You don't need outsiders to remind you what you should do.” Yan Jun said.

George Han breathed a sigh of relief. He smiled and said, “Grandpa Yan is not an outsider. If I don’t have your discipline, how can I keep on going.”

Yan Jun smiled helplessly, George Han was a very self-disciplined person, he said so deliberately. It is just a reflection of his value.

“Grandpa Yan is already very old and doesn’t need to prove himself anymore, so you don’t need to say these things to make me feel like I’m still useful.” Jun Yan laughed.

“Grandpa Yan, why did you suddenly come to Basin City, what happened to Hillwood City?” George Han asked, changing the subject.

Having said this, Yan Jun’s expression became serious, and he said, “You should have heard of the American Korean family, right?”

Mi pass the Han family!

These four words made George Han’s brows furrowed. He had indeed heard them, but he didn’t know much, and he had been for so many years. The Han family of the United States and the Han Family have not had any contact. How could Yan Jun suddenly mention this matter?

“I used to secretly hear Nangong Qianqiu tell Han Jun that this American Korean family has always looked down upon Han Family.” George Han said.

“Yes, the Korean families in the United States have never put Hillwood City’s Han family in their eyes, and they even don’t want to admit that the two families are in the same line. They think that the pure Han family blood is flowing in their own bones, and you, just An abandoned branch.” Jun Yan said.

George Han was not touched by these words. What does it matter if a family that has never been in contact with him looks down upon him, anyway, it is impossible to communicate in this life.

“Grandpa Yan, why did you mention this suddenly?” George Han asked curiously.

“Because of the Korean family in the United States, came to Basin City.” Jun Yan looked at George Han meaningfully.

“Come to Basin City?” George Han almost wrinkled his forehead with the word “Chuan”. For so many years, he had never heard from the Korean family in the United States. How could they suddenly come to Basin City?

Moreover, Jun Yan also made a special trip to Basin City to tell him this matter, which was obviously related to him.

“Grandpa Yan, aren’t they here for me?” George Han asked in confusion.

“I also guessed it, but it is very likely that it is because of you. The specific reason may only be known when you see them.” Jun Yan said.

George Han nodded, not particularly concerned about this matter, and said: “Grandpa Yan, you come so far away, I’ll accompany you for a drink.”

“Aren’t you afraid of vomiting?” Yan Jun said with a smile.

George Han drank with Jun Yan for the first time when he was fifteen years old, and he vomited dimly, even now. That feeling is still fresh in my memory, as if it is deep in my bones, and it is impossible to forget.

But vomiting doesn’t mean you are afraid.

“Grandpa Yan, although my drinking hasn’t improved, I’m still as brave as before. Do you want to try?” George Han smiled.

“Okay, then I can have a good drink today.” Yan Jun said.

George Han’s eyelids twitched when he heard the words “Happy”, and an ominous premonition came to his mind. Today, I am afraid that bad luck will not escape.

It’s just drinking. How can you be afraid if you are not going to the execution ground?

When the two arrived at a restaurant, two or three drinks and dishes began to change.

Jun Yan has an amazing amount of alcohol, and it is no exaggeration to say that he is not drunk in a thousand glasses. In his drinking career, he never said that he was drunk, even if it was Han Tianyang before, every time he slipped under the table, Jun Yan carried him home.

After drinking for three rounds, George Han was already lying on the table, Yan Jun poured himself and drank himself, watching George Han mutter to himself: “Your grandfather’s greatest wish in this life is to let those Korean families in the United States know Yenching Han family is no worse than them. What he did not do, now only you can hope to do it. Don’t let him down.”

George Han is now in a state of spinning, he can’t hear Jun Yan at all, hesitates in his mouth, and doesn’t know what he is talking about.

After drinking the last cup, Yan Jun put George on his shoulder and left the restaurant.

When they arrived at the Villa area of Yunding Mountain, the security guards saw George Han let him go.

At the Mountainside Villa, Jun Yan put down George Han, and after ringing the doorbell, he turned and left.

## Chapter 327

He Ting opened the door and pounced on her face with a strong smell of alcohol. She couldn't help covering her nose, her head was empty, and she lowered her head slightly. Only then did she see George Han collapsed on the ground.

“Three thousand, why would you drink so much wine.” He Ting squatted down quickly. Fortunately, she did a lot of physical work, barely able to support George Han's weight, and helped him into the living room.

The pungent smell of alcohol instantly spread throughout the living room. He Ting hurried to cook some honey in the kitchen to help George Han hangover.

At this moment. Jiang Sheng happened to come to the living room and saw the drunk George Han, his eyes gleaming.

Walking to the sofa, Jiang Sheng said softly: “George Han, what's wrong with you?”

Seeing that George Han didn't respond, Jiang Sheng flashed a vengeance on his face. This was a great opportunity for revenge. While he was drunk and didn't know anything, he shouldn't be able to react when he beat him.

Jiang Sheng tentatively slapped George Han in the face. Very cautious, didn't dare to use too much strength, seeing that George Han still did not respond, this increased his strength.

“Cao Nima, I finally got the chance. You are a wasteful eating soft rice. It's not that you haven't got Amelia Su now, so you will use wine to pour your sorrow.” After that, Jiang Sheng punched in Korea. Three thousand on the chest.

George Han frowned slightly, but he didn't even know what was going on, he didn't even have the consciousness to open his eyes.

Jiang Sheng, who had tasted the sweetness, became more and more exaggerated. It seemed that his fists were still not enough, and he kicked George Han again.

“It’s so damn good, I can finally get revenge.” Jiang Sheng said happily.

“What are you doing?” At this moment, He Ting at the kitchen door saw this scene and said to Jiang Sheng in a cold voice.

Jiang Sheng aroused his spirit, he dared to hit someone while George Han was drunk, but he never dared to let George Han wake up to know that if He Ting saw this incident, she would definitely inform!

Jiang Sheng walked up to He Ting with a hostile look, directly pinched He Ting’s neck, pressed her hard against the wall, and threatened: “I warn you, this has nothing to do with you, you are just a servant. It’s just people, it’s better not to be nosy.

Seeing the ferocity on Jiang Sheng’s face, He Ting was not afraid. She could apologize to Jiang Sheng who was unreasonable. It was because she didn’t want to destroy the relationship between George Han and Lily Jiang because of herself.

But Jiang Sheng took advantage of George Han’s drunk and beat George Han, how could He Ting turn a blind eye?

“I will tell him.” He Ting said.

Jiang Sheng had a hideous expression. He pinched He Ting’s neck with one hand, and pulled He Ting’s hair with the other. He slammed her head against the wall and said, “Daddy, do you have to do it with me? Believe it or not, I let you Lost this job.”

He Ting wanted to push Jiang Sheng away with an expression of pain, but her hair was pulled tightly. The harder she was, the more pain she pulled her scalp.

“Jiang Sheng, you let me go.” He Ting said.

“Let go of you?” Jiang Sheng didn’t let go, but even harder. He banged He Ting’s head against the wall with a bang, and continued fiercely: “As long as you don’t open your mouth and talk nonsense, I will let you go, how about ?”

He Ting’s mind was dizzy, and the collision felt dim.

“Jiang Sheng, what are you doing?” Jiang Hong’s scolding suddenly came from behind.

Now living under someone else’s roof, Jiang Hong doesn’t want Jiang Sheng to mess around here. Although He Ting is just a servant, she doesn’t need to beat others.

“Grandpa.” Jiang Sheng shrank his neck and quickly let go of He Ting.

“What’s the matter?” Jiang Hong asked.

Jiang Sheng only wanted revenge on a whim, so he beat George Han. If he had known it, He Ting would find out. I would never do this.

“Grandpa, I just saw that George Han was drunk, so I beat George Han, but she discovered it.” Jiang Sheng said.

Jiang Hong looked angrily at Jiang Sheng, what is the meaning of revenge against him, they can now count on Amelia Su to arrange work before they have a chance to stay in Basin City.

Once rooted in Cloud City, if you have money in the future, it will not be too late to take revenge.

“I have already warned you before you come here. Don’t you understand human words?” Jiang Hong said angrily.

Jiang Sheng never thought of revenge, nor did he have the courage, but just the opportunity to send it to the door, so he couldn’t help it.

“Grandpa, I’m sorry, I didn’t control it, but...but now people have already beaten, what should I do?” Jiang Sheng looked at Jiang Hong for help and said.

Jiang Hong sighed, the incident had already happened, and he could only find a way to hide the past.

Walked to He Ting. Jiang Hong condescendingly looked at He Ting, who was squatting on the ground, and said: “This matter is an internal matter in our family and has nothing to do with you, an outsider. If you want to keep your job, you’d better treat it as if you haven’t seen anything. I want Lily Jiang to fire you, it is impossible for you to stay here.”

He Ting covered her head with her hands. She didn’t know if there was a concussion during the collision. She was dizzy anyway, but even so, she would not compromise.

The job was given by George Han, and George Han helped her so much, even if he really lost the job, He Ting would let George Han know what Jiang Sheng did to him.

“Do you think I care about this job?” He Ting said indifferently.

Jiang Hong’s expression condensed. Said: “You are just a servant, just do your business well, why bother to be nosy.”

He Ting laughed and said: “If there is no George Han, how can I have this job? For me, his kindness, I can’t repay him in my life, I...”

Before He Ting finished speaking, Jiang Hong slapped He Ting on the face. With a grim expression: “Since you don’t want this job, get out now!”

He Ting was beaten with ringing in her ears, her ears were buzzing, her face was still strong, and she said, “What qualifications do you have to let me go?”

Jiang Hong was trembling with anger. He was just a servant. Why didn’t he listen to him? Although he was also under the fence, he was Lily Jiang’s father anyway!

“Go call your Auntie Lily.” Jiang Hong said to Jiang Sheng.

Jiang Sheng obediently went to the second floor.

When Lily Jiang came to the living room violently, after going through the ins and outs of things, she was very angry. Now Amelia Su and George Han have a very good relationship, and they can have today. George Han contributed to the Jiang family wanting to stay in the cloud. Cheng, in addition to Amelia Su’s promise, George Han also needed to nod, and at this critical moment, Jiang Sheng actually did such a thing.

Would it be enough if Amelia Su knew it?

“Lily Jiang. You can’t blame Jiang Sheng for this. Liu Hua is dead. It’s understandable that he has anger in his heart. You can help him figure out a solution.” Jiang Hong said to Lily Jiang, his tone of voice was not discussed. Instead, he was firm, as if he was ordering Lily Jiang.

“Dad, how can I help him? How can I hide this.” Lily Jiang said angrily, Jiang Sheng’s stupid thing. He should bear it himself.

When Jiang Sheng heard this, he knelt directly in front of Lily Jiang. He didn’t want to destroy the future development. This was the only opportunity in his life to get ahead.

“Auntie Lily, please. Help me, I know I was wrong, and I will never do this stupid thing again.” Jiang Sheng said.

“In other words, he is also your nephew, and he now knows that he was wrong. Give him a chance.” Jiang Hong said.

Lily Jiang frowned, took a deep breath, and sighed heavily. She knew that if she did not help, Jiang’s family would definitely be driven away. After all, she was relatives. After all, her feelings for Jiang’s family were better than George Han. Thousands are deeper.

“He Ting, go and pack your things. I will give you this month’s wages in advance. From now on, you don’t have to work at home.” Lily Jiang said to He Ting.

“Three thousand is your son-in-law, he has been beaten now, don’t you just forget it?” He Ting said.

Lily Jiang’s expression became cold, and said: “This is our family’s business, what does it have to do with you? Besides, I’ve seen you not pleasing to your eyes a long time ago, so hurry up, or I won’t give you a penny.”

“Auntie Lily, I will help her pack things, otherwise Amelia should be back.” Jiang Sheng stood up and said.

Lily Jiang nodded, and Jiang Sheng ran to the room where He Ting lived.

At this time, Jiang Hong snatched the mobile phone from He Ting and threw it on the ground to smash it to pieces. Even the calling card was broken in half to prevent George Han from being able to contact her by phone.

## Chapter 328

When Amelia Su returned home, He Ting had been driven out of the Villa, only to see George Han lying on the sofa and Lily Jiang pretending to take care of George Han.

“You can be regarded as coming back, you have to take care of him, in broad daylight, drinking so much wine, it is becoming more and more lawless.” Lily Jiang said with a look of disgust.

Amelia Su smelled George Han’s alcohol, and looked puzzled: “How can he drink so much alcohol.”

I have known Han for more than three thousand years, although he occasionally drinks. But it’s just a taste, never drunk, let alone drunk.

“You ask me, how would I know that when you brought him back to the room, the house was stinky.” Lily Jiang said.

Amelia Su alone supported George Han with difficulty, but Lily Jiang didn’t mean to help, and looked on coldly.

Although He Ting has been driven away, Lily Jiang is still a little worried about whether this matter will be exposed. If the Dong Chuang incident angered Amelia Su, Lily Jiang could not think of any solution. After all, she now has a deep feeling for George Han, which Lily Jiang can clearly feel.

Go back to the room. After Amelia Su put George Han on the bed, there was no sign of blame on her face. She knew that George Han would not get drunk for no reason. Something must have happened.

But whether things are good or bad can only be known after George Han wakes up.

After staying up all night, Amelia Su silently guarded George Han's side, until the sky lit up and George Han opened his eyes in a daze.

The feeling of a splitting headache was uncomfortable, and the frowning George Han saw Amelia Su with red eyes, looking haggard, apparently not resting.

“What time is it now?” George Han asked, covering his head.

Amelia Su glared at George Han and said, “You drank yesterday, and it was just dawn today. Guess when it was.”

George Han completely forgot the process of being drunk, he didn't even know how he got home.

But seeing Amelia Su's haggard expression, she probably guessed that she hadn't slept all night, and said, “You won't sleepless, right?”

“I'm afraid of your alcohol poisoning. If you die by my side, I will have a shadow in my life. Will I still dare to marry someone?” Amelia Su said.

George Han smiled bitterly, knowing that Amelia Su was deliberately angry with him, and said: “I met a person who is very important to me yesterday. He drank two glasses with him, but he drank too much. You should rest quickly. Take a moment.”

Amelia Su breathed a sigh of relief. As long as it's not a bad thing, she is so tired.

“I have to go to the company today. You can rest well at home.” Amelia Su stood up and said.

George Han thought that Amelia Su was going to leave, so he hurriedly held it, and did not sleep all night, how could he have the energy to go to work today, but unexpectedly, Amelia Su fell directly on the bed.

For Amelia Su, staying up all night is a difficult thing to keep up with. It's not only a lack of energy, but now even the physical strength is exhausted, so she just pulls it gently.

“How can I go to work in this situation?” George Han said.

Amelia Su was too tired to move, and said: “What should I do if I don't go to work? The company still has so many things to deal with.”

“Sleep, I'll be with you.” George Han said softly.

Amelia Su looked sideways, not daring to look at George Han, and said, “Aren't you afraid of being kicked out of bed by me?”

“Aren't we still gambling?” George Han said bitterly. He was not sure how Amelia Su would react when he said it, but since it was a gambling, it was only natural to mention it.

Amelia Su said nothing, took off her shoes and lay on the bed.

Although she didn't speak, she moved. Obviously he has expressed his meaning.

George Han lay on his side excitedly, gently hugging Amelia Su in his arms.

The two nervous people trembled slightly. After all, this was the first time they were so close. For both, it was a breakthrough.

Amelia Su fell asleep quickly in a state of exhaustion.

But George Han was reluctant to close his eyes, quietly enjoying this feeling, recalling the ups and downs of the past three years. At this moment, he felt that everything was worth it. Those insults and blank eyes were nothing at all.

In the living room, Jiang Sheng sat anxiously on the sofa. He didn't sleep all night, and regretted his impulse endlessly. Now think about Jiang Sheng's words, and wait to stand firm in Basin City and take revenge when he is rich. It's not too late, after all, he hasn't got a job from Su's company now, and he doesn't have any money. Being driven away in this state, I am afraid only begging for a living.

Seeing Jiang Hong coming to the living room, Jiang Sheng hurriedly walked to his side and said: "Grandpa, nothing will happen, right?"

Old God Jiang Hong nodded. With a relaxed smile, he said: "Don't worry, nothing will happen."

Feeling Jiang Hong's obviously different attitude from yesterday, Jiang Sheng was a little depressed. Why did he show such strong determination? Is it certain that He Ting will not tell George Han?

"Grandpa, are you so sure?" Jiang Sheng said suspiciously.

"I discussed with your Auntie Lily last night. In order to ensure that this matter is not exposed, she has invited someone to He Ting's hometown, knowing to teach that woman a severe lesson. I believe she dare not mess around. "Jiang Hong said with a smile.

Jiang Sheng breathed a sigh of relief, and finally a relaxed smile appeared on his face, saying: "It's still grandpa who is thoughtful."

He Ting's hometown.

She went back to the countryside last night. She didn't tell Jiang Yingying about her dismissal. She was afraid that her daughter was worried. She planned to rest at home for two days before going out to change a job.

He Ting got up early in the morning and was about to go out for a stroll. A van suddenly stopped at the door and the door slammed open. Several young and strong people walked down.

“You are He Ting, right?” the leader asked He Ting with a fierce look.

He Ting subconsciously realized that something was not right, and hurried back home, trying to close the door.

But the man moved faster and kicked the door open with one kick.

He Ting was bounced away by the force of the kick, and after a few steps back, he fell to the ground.

“Who are you?” He Ting said in horror.

“You don’t have to worry about whoever you are. Someone asks you to keep your mouth tight, otherwise, life may not be easy in the future.” said the leader.

Upon hearing this, He Ting knew who had called these people, but she did not expect that even after leaving the Villa, Lily Jiang still did not let her go.

“I’m not working there anymore, won’t she let me go?” He Ting said.

“We can’t let you go. We don’t know. If we take her money, we have to help her.” After that, several big men surrounded He Ting, punching and kicking.

He Ting exclaimed for help, and soon the neighbors gathered at the door. But seeing those fierce and evil people, they didn’t dare to come forward to help, so they could only stand aside like watching a show.

“What do you look at, haven’t you seen beatings? Get out.” The leader scolded the neighbors outside.

Although there are some enthusiastic people in the countryside, most of them still have an attitude of self-sufficient. And what He Ting provoked this time was obviously some local ruffians, they didn't want to cause trouble to herself.

The people at the door dispersed quickly, but many versions of the reason why He Ting was beaten quickly circulated in the village.

Some people say that He Ting seduce a man outside and was beaten by someone called by the palace.

Some people say that He Ting's hands and feet are not clean. After being expelled by the boss, the boss was not relieved, so he called someone to clean her up.

This is the power of chewing the tongue in the countryside, and there is nothing at all. They have spread various versions. In a short while, everyone in the village knew everything.

After the ruffians hit someone, they left soon.

He Ting was lying in her small courtyard, and she didn't have the strength to get up. Before she left, the person said that if she was not honest, she would attack Jiang Yingying, so that He Ting would not dare to have any revenge.

Tears kept falling from her cheeks, He Ting reached out to wipe away the tears, crawled to the door, and closed the door with the last bit of strength. She didn't want to be seen as a joke, because the people in the village said she was a widow after her husband died. Clean, relying on cheating men to feed Jiang Yingying.

For so many years, He Ting has been working hard to prove herself, but at this moment she knew that no matter how hard she tried, she would not be able to clean her reputation, because after this incident, there must be many rumors in the village.

## Chapter 329

George Han and Amelia Su did not get up until the afternoon when they slept. Amelia Su's complexion recovered a lot. When he saw George Han and felt George Han holding him, his complexion became more ruddy and moving.

“Wake up?” George Han asked.

Amelia Su lowered her head shyly, and said, “I haven't slept so comfortably in a long time.”

George Han grinned and asked, “If you feel so comfortable, I will hold you every day from now on.”

Amelia Su did not speak. The arc of the nod was also very small, but fortunately George Han felt her meaning.

“I'm hungry.” Amelia Su said.

“I'll let Aunt He cook you something to eat right away.” George Han got up and walked out of the room.

In the living room, George Han only saw Lily Jiang and Jiang Hong. It stands to reason that He Ting should be cleaning at home at this time.

“Why, where's Aunt He?” George Han asked.

Lily Jiang deliberately turned her head and said: “She said something is going on in her hometown. She left in a hurry and won't work here.”

George Han gritted his teeth. If He Ting has something to go back to his hometown, it is impossible not to tell her. There must be some reason for walking so suddenly.

He took out his mobile phone without saying a word, but He Ting's mobile phone was turned off, which made George Han vaguely angry.

He didn't need to think about it and knew that He Ting's departure must have something to do with Lily Jiang, but he didn't understand why Lily Jiang insisted on targeting He Ting. These days, He Ting worked hard at home and did not do anything to harm the family's interests.

"I will ask the matter clearly." George Han finished speaking and walked straight to the kitchen.

Lily Jiang's expression was obviously stiff, although she had already asked someone to warn He Ting, but if George Han wanted to go to the door, she couldn't stop it.

Coming to Amelia Su's room in a hurry, Lily Jiang locked the door back.

"Mom, what are you doing?" Amelia Su asked puzzledly.

"I have already fired He Ting. Go and tell George Han to stop him from worrying about this matter." Lily Jiang said.

"Dismiss!" Amelia Su looked at Lily Jiang in surprise, and said: "Why did you dismiss Aunt He? What did she do wrong?"

"Nothing, I simply don't like her." Lily Jiang said.

He Ting was found by George Han. Except for George Han, no one was qualified to dismiss He Ting. Moreover, Amelia Su has a great affection for He Ting. She is at home and takes care of almost everything in an orderly manner. There is nothing to be criticized about.

"Mom, go get Aunt He back, how can you fire her for no reason?" Amelia Su said.

get back?

How could Lily Jiang do this? If He Ting comes back, George Han's beating can't be kept secret.

"Amelia, I am your mother, can't I be the master of this little thing?" Lily Jiang looked at Amelia Su angrily.

"This is not a question of whether you can be the master or not. You can't bully people like this. If Aunt He does something wrong and has a legitimate reason to dismiss her, I have no opinion, but she is not wrong, and I don't agree." Amelia Su said firmly.

Lily Jiang gritted his teeth and said, "Are you going to fight with me over a servant? Amelia Su, in your heart, I can't even compare to a servant?"

"Don't make trouble unreasonably, this is not a problem that is incomparable. Moreover, Aunt He was invited back by Three Thousand. This matter did not get his consent, just can't." Amelia Su said.

"You only have George Han in your heart, and you don't even have me as a mother, right? I worked so hard to give birth to you. Isn't it even a man?" Lily Jiang blushed as he said, deliberately Show off the miserable situation in front of Amelia Su.

However, Amelia Su was no stranger to her, she didn't have the slightest softheartedness, and said: "You can think whatever you want, I won't support you in this matter."

"Okay, you are going to watch this house break down, Amelia Su, don't regret it." Lily Jiang finished speaking and left the room angrily.

Amelia Su sighed, just a small matter, how could this family break down.

George Han cooked two poached eggs for Amelia Su in the kitchen. When I returned to the room, I saw Amelia Su's sad expression and couldn't help asking: "What's the matter?"

"Mom fired Aunt He, do you know?" Amelia Su said.

"This matter. I'm afraid it's not as simple as firing." George Han said. If it weren't for some reason, Lily Jiang would not suddenly make such a decision, but he still had to find He Ting to know what happened.

"You mean, is it related to other people?" Amelia Su asked.

"Maybe Jiang Sheng hasn't learned enough lessons yet." George Han sneered, this kind of guy who is uncomfortable without causing trouble, except him. George Han couldn't think of anyone else.

"If it is really because of him, I will let him get out." Amelia Su said.

"Eat first, I will find a way to find Aunt He."

Amelia Su was eating the warm poached eggs, and she unconsciously showed a happy smile on her face. Although the world is delicious, it is no match for any food from George Han. This is probably Aiwu Jiwu, falling in love with George Han. He likes everything about him, even a simple poached egg can make Amelia Su feel unparalleled satisfaction.

"By the way, don't we have surveillance at home? You can look at the surveillance and you will know what happened." Amelia Su suddenly asked George Han.

"I think so too, but monitoring is only available in the living room. I don't know if there will be clues." George Han said.

"I hope so, Aunt He can't be wronged, she is a good person." Amelia Su said.

George Han smiled slightly and said, “You are also a good person.”

After eating the poached eggs, George Han and Amelia Su went to the living room.

Lily Jiang was obviously still angry. Of course, she was more worried, worried that George Han would have to pursue this matter.

“George Han, I expelled He Ting. I will make some small decisions like this at home. You won’t have any opinions, right?” Lily Jiang said.

“Mom, I don’t have any comments, but I want to see what happened yesterday. Call everyone else.” George Han said.

“Look? What do you want to see.” Lily Jiang asked puzzledly.

“Did you forget that there is surveillance in the living room?” George Han explained.

This sentence directly made Lily Jiang’s face instantly pale. She even forgot such an important matter. If George Han and Amelia Su were to see what happened yesterday, Lily Jiang couldn’t imagine what the consequences would be.

“Monitor... The monitoring is broken.” Lily Jiang said in a panic.

“You call them back first.” George Han’s tone was not strong. But the aura of his whole person cannot be rejected.

Amelia Su also said to the side: “Mom, we have already guessed that this matter is related to Jiang Sheng, if you protect him, I will not help you.”

Lily Jiang’s mood now is like a cracked mirror, which may break at any time.

After making a few calls, the Jiang family who went out to play went home one by one.

Jiang Wan's family of three did not know what happened yesterday, so the sudden recall of Lily Jiang felt inexplicable.

The expressions of Jiang Hong and Jiang Sheng were not very clear. Jiang Sheng was the maker of the incident, and Jiang Hong was the witness. Seeing Lily Jiang's pale complexion, an unknown premonition came to mind.

"Auntie Lily, you called us back in such a hurry, what's the matter?" Jiang Wan asked curiously, looking forward to it, whether it was because of work that made us so anxious.

Although Jiang Wan is a lazy person, she also wants to get in touch with people in other circles faster. Joining the company is the first step. After this step, she is expected to know the rich.

Lily Jiang glanced at Jiang Hong and Jiang Sheng nervously, and said, "What I can do, I have done it."

For Jiang Sheng, this sentence is like being sentenced to death. Hasn't she already found someone to warn He Ting? How could things be exposed so quickly.

Could it be said that the dead bastard is so unaware that she has come to the door personally?

Jiang Sheng's heart became gloomy for a while, regretting not killing He Ting, if she died, this matter would never be exposed.

At this time, George Han said: "Something happened at home yesterday, but I don't know what it is. Fortunately, there is surveillance, so I called you back to have a look."

## Chapter 330

This sentence is undoubtedly a bolt from the blue for Jiang Hong and Jiang Sheng.

There is surveillance at home!

In other words, everything that happened yesterday will soon be presented on the TV screen.

Not only the scene of beating He Ting, but also punching and kicking George Han.

Jiang Sheng was so frightened that his legs became weak, and he sat on the ground with despair in his eyes.

If he was given a chance to make a new choice, he would never do so quickly.

“Son, what are you doing. Why don’t you sit on the sofa and sit on the ground?”  
Jiang Guangguang walked to Jiang Sheng in confusion, trying to pull Jiang Sheng up, but he found that Jiang Sheng’s hands were weak, and he suddenly felt that Not quite right.

Today’s matter was not directed at Jiang Sheng, did he do something confused again!

The surveillance picture appeared on the TV, and George Han fast-forwarded the picture until he returned home. The normal playback speed is adjusted.

When Jiang Sheng was beating George Han in the picture, there was dead silence in the whole living room. Who could have thought that Jiang Sheng would do such a thing! He actually punched and kicked George Han while he was drunk!

Amelia Su was angry for the first time. George Han being beaten is a heartbreaking thing for her, Jiang Sheng dare to do it!

“Jiang Sheng, you dare to beat George Han.” Amelia Su said angrily.

Jiang Guangguang slapped Jiang Sheng on the head. Liu Hua was dead. He didn't have such a long lesson, and this time they came to Basin City, but they wanted to follow Amelia Su. Now they do such a thing, how can Amelia Su do this? Keep them.

“You rebellious son, see what stupid things you have done!” Jiang Fengguang was furious, and kicked Jiang Sheng again.

Amelia Su walked to Jiang Sheng with a cold face, slapped a loud slap, and said coldly: “Jiang Sheng, is this what you did?”

Next, when Jiang Sheng beat He Ting in the picture, Lily Jiang also appeared, and the process of the three conspiring to conceal this matter was presented one by one.

“Mom, you fired Aunt He because of this, right?” Amelia Su questioned Lily Jiang.

The matter has been exposed. It's no use trying to explain, Lily Jiang simply broke the jar, stood up and said bullyingly: “What if I did it, I am your mother, do you still blame me?”

Amelia Su was so angry that her seven orifices gave rise to smoke. Could it be because she was an elder, could she do whatever she wanted with this?

“Amelia, I am your grandfather, and Jiang Sheng is just confused for a while, do you have to tear your face and disregard family affection?” Jiang Hongtian said shamelessly.

George Han smiled helplessly. When these people talked, they never cared about him. Perhaps, the Jiang family had never put him in their eyes.

Even after experiencing the things in Bin County, they did not learn how to respect people.

“So what? I originally planned to arrange a job for you, but now, it is absolutely impossible. This family does not welcome you. Hurry up and pack your things and go.” Amelia Su said strongly.

Lily Jiang scolded coldly: “Amelia, how do you talk to your grandfather, here are your relatives and elders, how can you drive them away.”

“What about relatives and elders, can it be because of this that you can beat George Han, and you can bully people casually?” Amelia Su said.

“Okay, if you chase them away, by the way, chase me away.” Lily Jiang and Jiang’s family moved forward and backward together.

“If you are willing, you can go back to your room to pack your things now, and I will call a car for you.” Amelia Su said.

Regarding Amelia Su’s unhesitating attitude, Lily Jiang was so angry that she couldn’t speak, and after holding back for a long time, she said: “You turned your face with your mother because of this uselessness. Have you forgotten how I raised you with hard work?”

The sloppy Lily Jiang sat on the ground with tears and tears, and cried: “I’m so fateful. Fortunately, I have been suffering for most of my life. I didn’t expect that even my daughter would not want me now.”

“Mom, it’s useless for you to make trouble, this time I won’t tolerate you anymore.” Amelia Su Leng didn’t have the slightest softness in her eyes, Lily Jiang had done enough things too much. If she continues to indulge, it will only make her more and more arrogant.

Lily Jiang's cries stopped abruptly, and pointed at George Han, and said: "It's all you, if it weren't for you, how could the relationship between our mother and daughter become the way it is now? You useless and ruined our family. I fight with you."

After speaking, Lily Jiang rushed to George Han, pulled and pulled, and slapped George Han.

George Han stood still like Mount Tai, his expression as cold as frost.

"You hit me, I won't fight back, but this doesn't mean it's useful. I'll go to Aunt He to apologize. If I come back and see these people, don't blame me for being polite." George Han said coldly.

Lily Jiang felt the chill of George Han, and subconsciously let go of George Han.

Nangong Qianqiu died in the living room. George Han's expression at this time was exactly the same as when Nangong Qianqiu was hanging himself!

George Han walked to Jiang Sheng.

Jiang Sheng's face was as pale as paper, and he was trembling with fear.

"Kick me, I will come back, of course." As soon as the voice fell, George Han kicked Jiang Sheng at the door.

Jiang Sheng hid his face and yelled in pain, rolling on the ground, blood overflowing instantly between his fingers.

"I'm sorry, I'm sorry." Jiang Sheng said regretfully.

"You beat Aunt He, and I will avenge him, of course." George Han grabbed Jiang Sheng and kicked it in his stomach.

The pain Jiang Sheng felt almost suffocated him.

The Jiang family saw this scene. No one dared to speak up, not even the atmosphere.

Jiang Hong silently squeezed his fist, looking at Jiang Sheng who was beaten, with a fright.

After releasing Jiang Sheng. George Han walked to Jiang Hong again.

“You...what are you going to do!” Jiang Hong said in horror.

“Don’t lean on the old and sell the old in front of me. I can play with you with one hand. Do you really think that you are Jiang’s parents and can do anything wrong in front of me? I respect you because of Amelia. Not because your name is Jiang Hong, Jiang I didn’t see a bunch of rubbish at home.” George Han said.

Facing George Han’s powerful aura, Jiang Hong felt like a stormy sea was thrown in front of him. The pressure on his face made him take a step back unconsciously.

“George Han, Amelia Su is also a member of the Jiang family.” Jiang Hong said bitterly.

“She is different from your rubbish, don’t insult her, you are just a bunch of maggots with bones.” George Han said coldly.

Jiang Hong couldn’t refute, didn’t he come to Basin City just to join Amelia Su’s company? George Han can be said to be in one sentence.

“Go back to Bin County and don’t show up in front of me again.” George Han finished speaking and walked towards the gate. He had to find He Ting. He ran into such a big movement on the wall, and he didn’t know if she had any Injured.

After George Han left, there was a deadly silence in the Villa. The expressions on everyone in the Jiang family were very ugly. Jiang Wan came with a dream, and this moment was completely broken.

“Jiang Sheng, you want to die, die yourself, why do you harm us.” Jiang Wan said, glaring at Jiang Sheng.

“You dare to beat George Han with your trash. Why don’t you do it when he is sober, and now that we can’t stay in Basin City, you can just apologize with death.” Xu Fang gritted his teeth, luxurious The Villa hasn’t been enjoyed enough yet, and now it has to be driven away, and this time it has offended George Han and Amelia Su, and wants to benefit from them in the future. This is completely impossible.

“Amelia, this matter has nothing to do with us, can we let Jiang Sheng get out, we stay here.” Jiang Bo asked Amelia Su with a fluke of luck.

“You should leave quickly. I don’t want to see you again until he comes back.” Amelia Su said lightly. Even if George Han did not make such a decision, she would not keep these people, let alone George Han himself. Spoke up.

“Mom, you don’t need to speak for them. It’s useless. These people don’t want to get a penny from me in the future. If you are willing to share the ups and downs with them, you can go together.” Amelia Su finished speaking and went straight back to her room. .

What Lily Jiang said to Amelia Su just now was angry, how could she be willing to leave with these people?

Who is not willing to enjoy a better life, who is willing to bury their own sufferings for these irrelevant people?
