

Chapter 351

George Han's words made Amelia Su's expression suddenly panic.

It's obvious who is the biggest beneficiary after grandma's death, because only when grandma is dead can Harry Su be able to take the position of chairman.

In other words, this matter was super done by Harry Su!

How is this possible? How could Harry Su do such a rebellious thing?

Amelia Su would never believe it if he learned about this from others. But George Han could not lie to her, and there was no reason to lie to her.

"It's Harry Su, who poisoned grandma!" Amelia Su said in shock.

"It's a pity that I haven't found substantive evidence, but I'm sure that this is definitely Harry Su's work." George Han said.

Amelia Su took a deep breath and spit it out again, saying: "If there is a reincarnation in this world, she will definitely regret it. The grandson she cultivated actually poisoned her."

"Do you want reincarnation?" George Han asked with a smile.

Amelia Su thought about it, nodded and said: "Hope, I hope she regrets it. I hope she knows how stupid her decision is."

Hearing this, George Han smiled even more cheerfully. This is not Amelia Su's careful attention, but a normal person's performance. After all, when the old lady was alive, she treated Amelia Su very badly. This is not the case. It would be changed because of her death. If Amelia Su showed too much appearance, it would make George Han feel abnormal.

“Then she must regret it now, maybe she’s still complaining to Hades.” George Han said.

Next, Amelia Su became hesitant to speak, and George Han knew that she had a question in her heart, but George Han could not give her an answer to this question now.

“Go to sleep, no matter what happens, I will protect you.” George Han said.

Amelia Su nodded silently.

Early the next morning, after the two of them were running in the morning, Amelia Su did not ask George Han to send her to work, because she knew that George Han must have a lot of things to deal with now, such small things as going to work. Why should I trouble George Han?

Amelia Su drove out of the Yundingshan Villa area alone, and was blocked by a passing car at the door of the Villa area.

When the people in the car got off, Amelia Su was full of anger.

This guy suddenly broke out, isn’t he afraid that she will run into it?

“Harry Su, do you want to die?” Amelia Su got out of the car and looked at Harry Su coldly.

Harry Su looked like a fool, lit a cigarette and said, “Amelia Su, I’m waiting for you.”

“Wait for me, I have nothing to say to you.” Amelia Su said disdainfully. She has now completely separated from the Su family, and through George Han learned that Harry Su was the real murderer of the grandma, Amelia Su. He didn’t even want to say a word to Harry Su.

“You have nothing to say to me, but I have a lot to share with you. After all, you are my sister. If it becomes difficult in the future, I can take you in.” Harry Su said with a smile, what happened in Basin City. Harry Su is very clear. The pressure caused by the Han Group’s emergence of weak water properties can be imagined. Harry Su also knows the true identity of George Han, so the purpose of his appearance is very simple. It is to watch a joke. Amelia Su was arrogant in front of her.

“How could I need you to take in.” Amelia Su said lightly.

“Hey.” Harry Su sighed earnestly and said: “Amelia Su, Amelia Su, you don’t know what the situation is in Basin City right now, George Han will be over soon, do you think he can still pave the way for you?”

Upon hearing this, Amelia Su frowned. The current situation in Basin City is very simple. The Han Group is targeting weak water properties, but in the eyes of outsiders, this matter has nothing to do with George Han, unless you know George Han. Thousands of people.

Could it be that. Has Harry Su already known who George Han is?

“I don’t understand what you said.” Amelia Su said.

“It’s normal if you don’t understand. After all, you don’t know who George Han is. If you are curious, you can ask me. I can tell you.” Harry Su said proudly. He used to be a little scared of George Han. He is an abandoned son of the family and has a certain amount of energy, but now, the Han Group has been overwhelmed by the weak real estate. Harry Su thinks that George Han has nothing to worry about. Three thousand died in Cloud City.

“Do you know who he is?” Amelia Su questioned. Even she didn’t know until last night, how could Harry Su learn this news?

“Please.” Harry Su said with a smile.

Amelia Su snorted coldly and said, “He told me last night, do I need to beg you?”

Harry Su looked surprised, did George Han take the initiative to expose his identity? How could he suddenly make such a decision.

Could it be that he knew that he could not be the opponent of the Han Group, so he confessed to Amelia Su?

This kind of thought made Harry Su smile more proudly, this trash. Finally recognized his abilities.

“Since you know, you should be even more aware of how miserable he will die. I heard that the weak water property will stop construction in the west of the city. Such a big hole needs a lot of money to fill, and the Han Group is coming. He is dead.” Harry Su said.

The Chengxi project is suspended?

Amelia Su did not hear about this matter from George Han, but even if he did so, Amelia Su would not have any questions. Based on the belief in George Han, Amelia Su would support any decision he made.

“Don’t worry, what you want to see will never happen.” Amelia Su said firmly.

“Where is the self-confidence of the mystery, I really think he is a god and can handle everything. If I don’t think you are the Su family, I want to pity you, I won’t come.” Harry Su said.

Poor?

Amelia Su smiled coldly and said, “I don’t need you to be pitiful. Please move the car away.”

“What if I don’t move.” Harry Su deliberately waited for a long time, fearing to miss Amelia Su, he was not proud enough, how could he be willing to leave so easily.

“If you don’t leave. Don’t blame me for being polite.” Amelia Su gritted her teeth.

“Okay, you are welcome to show me, I would like to see it.” Harry Su said nonchalantly.

Amelia Su got in the car with a heavy face and stepped on the accelerator. The engine roared.

Harry Su looked provocative and said: “Who is it to scare? He has the ability to put on the block.”

Amelia Su put her hand on the gear lever and engaged in D gear.

Suddenly speeding up, he slammed into the side of Harry Su’s body, frightened Harry Su and ran to the side.

“Crazy lady, you f*cking dare to hit my car.” Harry Su jumped and scolded Amelia Su.

Amelia Su didn’t let go of the accelerator, and after opening Harry Su’s roof, she drove away.

Looking at the seriously injured car, Harry Su’s heart was dripping blood. He didn’t expect Amelia Su to really dare to do this. This car is considered to be scrapped.

“This is my new car, Amelia Su, I’m f*cking with you.” Harry Su looked at his car with a heartbroken face, and had to lose a lot of white money.

“Cao Nima, when George Han is finished, I think you have any arrogant capital, I will never let you two go.”

“Trash and Vixen are really a match made in heaven. One day I will beat down the dog and make you kneel on the ground and apologize to me.”

When Harry Su cursed at the gate of the Villa, George Han sat in the living room, and Lily Jiang suddenly walked up to him.

“Mom, do you have anything to do?” George Han asked.

Lily Jiang made the decision last night. If George Han is going to die, let him die alone, and he must not be burdened by George Han.

“Come with me.” Lily Jiang said without emotion.

George Han’s brows condensed, Lily Jiang deliberately looked for him, surely nothing good would happen.

Stand up and follow Lily Jiang upstairs.

Since living in the Villa, George Han will pass the balcony on the second floor from the future. Because this place has long been occupied by Lily Jiang as his own private area, I have to say that the sight line here is very good. Although it is not as good as the top of the mountain, it is also in addition to the top of the mountain. The place with the best external visual effect, if you can drink a cup of coffee here every morning, the mood should not be bad for the whole day.

Chapter 352

“Do you love welcoming summer?” Lily Jiang asked George Han.

George Han’s love for Amelia Su doesn’t need to be questioned, but when this question came out of Lily Jiang’s mouth, it changed a bit.

George Han knows what kind of person Lily Jiang is. It is not her style to care about this matter for no reason.

“Of course.” George Han said.

“Since you love her, you have the responsibility to protect her and not let her suffer any harm.” Lily Jiang continued.

“This is natural. As her husband, protecting her is the most important thing. Anyone who hurts her will pay the price.” George Han said.

Lily Jiang looked down at the mountain, and being able to observe the scenery here is not qualified for ordinary people, and she would have breakfast here every day, she reminded herself every moment. She is no longer what she used to be. Her status is beyond the reach of other people in Cloud City, since she is in this position. She would never allow herself to be changed, even if she couldn’t get better, she still had to maintain everything she had now.

“You can let us live here, I am very grateful, and thank you for all the things you have done for Amelia, without you, Amelia could not be the person in charge of Shangcheng West.” Lily Jiang said.

George Han’s eyelids jumped, Lily Jiang’s thanks! He even suspected that his ears had auditory hallucinations, how could she say such things?

“Mom, just tell me if you have anything.” George Han said.

“In the face of the Korean family in the United States, you may lose 99% of the time. Haven’t you thought about how to preserve and welcome the summer?” Lily Jiang asked.

George Han will do his best to solve this problem, there is no doubt about it. As for the preservation of Amelia Su, George Han does not understand Lily Jiang’s meaning too much.

“I will try my best.” George Han said.

Lily Jiang smiled disdainfully and said: “In my eyes, you are determined to lose. Even if your best effort is of any use, you also said that the total assets of the Han Family are nothing but a fraction of the Korean family. What do you take? Fight with them.”

“You mean.....”

“What I mean is very simple. You divorced Amelia. In this way, Amelia will not be affected by this incident. The money in your hand, as the common property of the husband and wife, should also be given to Amelia by half, since If you love her, you must guarantee her future life.” Lily Jiang said.

George Han’s hands trembled slightly after the defeat, which showed that he was now in a state of extreme anger.

He didn’t expect Lily Jiang to have such a plan.

But think about it carefully, isn’t Lily Jiang just such a person? Any unexpected decision she made seemed reasonable to her.

“Mom, I...”

“You don’t need to tell me so many useless things. I don’t want to make things difficult for you. Since you love Amelia, you should take some practical actions. Only in this way can you really protect Amelia, right?” Lily Jiang said.

George Han’s clenched fists suddenly loosened. Although he felt very ridiculous about Lily Jiang’s proposal, on the other hand, it was indeed the most sure way.

Facing the pressure brought by the Korean family of the United States, he himself is not sure whether George Han can turn the tide. Once he loses in this battle, not only will he have nothing, but Amelia Su will also be involved.

“Amelia Su suffered more than three years of infamy for you, and now it should be time for you to pay for her.” Lily Jiang said, listening to her tone, it seems that in the past three years, George Han has paid nothing.

“Mom, Amelia won’t agree.” George Han said.

“I have a way to get her to sign the divorce agreement, but you need to do this,” Lily Jiang said.

“Can you give me some time to think about it?” Such a decision is very difficult for George Han. Even if it was really for Amelia Su’s good, he was a little bit reluctant.

After more than three years, he finally got Amelia Su’s sincere treatment, but at this time. But they were about to divorce Amelia Su, which made George Han unacceptable for a while.

“I think you just don’t love welcoming Xia enough, you have to hurt her.” Lily Jiang said coldly.

George Han took a deep breath and turned to leave the balcony.

Lily Jiang stood in place, glaring at George Han's back. She couldn't talk to Amelia Su about this, so if George Han didn't agree, she could only watch as George Han was involved.

“Amelia has endured enough for you. Can you not be a bad guy?” Lily Jiang said, looking at George Han's back.

George Han walked down the second floor and came to the living room, and found Wilson Su sitting on the sofa in the living room.

When Wilson Su saw George Han, he walked to his side and said, “I believe Amelia is willing to face this matter with you.”

Wilson Su's attitude was a little beyond George Han's expectations, but these words made George Han more shaken.

“Dad, maybe this way is the best protection for Amelia Su.” George Han said.

Wilson Su sighed. Listening to George Han's tone, he was planning to divorce Amelia Su.

“If you do this, she will hate you forever.” Wilson Su said.

“It's better to hate me than to be troubled by me. If I can solve this trouble, I will find a way to make her forgive me.” After that, George Han left the Villa.

Moyang and Moyang gathered together. Because Mo Yang knew George Han's identity, he knew that Weak Water Real Estate belonged to George Han. Now the Han Group has initiated the Chengdong Project, which refers to the west of Weak Water Real Estate. For George Han, it was a huge trouble.

“You guys are talking, how can you help 3000?” Mo Yang said anxiously.

Lin Yong glanced at Sword Twelve, Sword Twelve was looking at Mo Yang.

“If it can be solved with a fist. I can think of a way, but the current situation cannot be solved by force.” Dao Twelve said helplessly, and he wanted to help. But there is nowhere to be effective.

“Can we only watch it?” Mo Yang said angrily.

“Boss Mo, Brother George should have a solution by himself, you don’t need to worry so much.” Lin Yong said.

“Can you not be in a hurry? Weak water real estate has to suspend the Chengxi project, which will cause much loss for 3000. This Han Group does not know where it came from, it is such a big card.” Mo Yang can’t wait. Examining the details of the Han group, these people made it clear that they were not from Basin City, and they were beyond Mo Yang’s sphere of influence.

At this moment. Dao Twelve’s phone rang suddenly.

Looking at the caller ID of the boxing ring manager, Dao Twelve was a little puzzled. At this time, the boxing ring was not open yet. He called suddenly. Could it be that something happened?

“Okay, I see.” After Dao Twelve said briefly, he hung up the phone, and then said to Mo Yang and Lin Yong, “Brother George seemed very angry in the boxing field. All the boxers were He hit the ground.”

“Go, go and see.” Mo Yang stood up first and strode out of the magic city.

In the underground boxing arena, up and down the ring, all the boxers fell to the ground and wailed. Standing in the center of the ring, George Han could not stop shaking. Although he had knocked everyone down, the anger in his heart was still not vented.

George Han didn't know where the anger came from, but the hostility in his heart couldn't be suppressed.

This is the first time in George Han's life that he has not been able to control his emotions. In the past in Hillwood City Han's family, no matter how unfair treatment he suffered, George Han could bear it, but this time, he failed to do it. , And almost lost his sanity.

Once thought of the word divorce, George Han was like a manic liger, wanting to tear apart everything in front of him.

When Mo Yang arrived, they were all shocked to see the miserable situation in the boxing arena.

"I have never seen him so irritable." Mo Yang said with a fright. At this moment, George Han was covered with a cloud of black mist and looked extremely gloomy.

"Brother George has anger in his heart to vent." Dao Twelve looked at Zhou Silk and said, "You play with Brother George."

Zhou Silk has always questioned George Han's identity and strength, because he feels that George Han is not worthy of letting Dao Twelve do things for him. This kind of person with a few bad money, Zhou Silk has always ignored him. , Now that I finally had the opportunity to see George Han's abilities, Zhou Si immediately walked towards the ring.

Three thousand brothers?

I want to see if you are qualified to let me call your brother!

Chapter 353

After Zhou Wei stepped onto the ring, there was a trace of undisguised contempt in his eyes. Even if George Han had already defeated all the boxers, he didn't care, because he could do this easily.

These fighters in the boxing arena are all from wild origin, except that they are stronger than ordinary people, and they don't have any very powerful skills. They are just tricks for the audience to see, and they don't have any actual combat ability. Down with these wastes is nothing.

“Since I stand on the ring, I won't be soft to you.” Zhou Silk said.

George Han's expression was extremely gloomy and said, “Take out all your strength.”

“Okay, I hope you don't pursue it afterwards.” Zhou Silk said with a smile.

In the audience, Mo Yang saw Zhou Wei's plan and said to Dao Twelve: “You brother, it looks like you want to take the opportunity to test the strength of Three Thousand.”

“For us, only force can be convincing. It happened to take this opportunity to make him willing to work for Brother George.” Dao Twelve said.

“So confident in George Han?” Mo Yang asked.

Dao Twelve looked solemn. Said: “Brother George is in a terrible state now, and Zhou Silk cannot be his opponent.”

Although he hasn't seen him for many years, Zhou Wei's strength Knife Twelve is very familiar, and he has played against George Han, and he knows the strength of the two. Think about who is better and who is worse.

“Hey, I don’t know how serious the things that can make him gloomy.” Mo Yang said with a sigh.

Lin Yong on the side said, “It might be related to my sister-in-law.”

Mo Yang nodded. Except for Amelia Su, he could not think of other possibilities. Although the Han Group behaved fiercely, it was impossible for George Han to lose control of his emotions because of this incident.

In the ring, the two faced each other for the first time. They each took a punch and took a step back. No one took advantage.

However, Zhou Bo was faintly surprised. He was born with a special background and received extremely cruel and hard training. A person who can take his punch is extremely physical, but George Han did not change his face. This punch obviously did not attack Han. Three thousand cause any harm.

“Come again.” Zhou Silk shouted sharply.

The arena was extremely fought. On the surface, there was no win or loss for the time being, especially for laymen like Mo Yang and Lin Yong, they could feel nothing but the excitement.

But Dao Twelve’s expression gradually revealed a smile.

“What are you laughing at, share it with us.” Mo Yang couldn’t help but asked Sword Twelve.

“Zhou Silk’s punching speed and strength are weakening, but Brother George is getting stronger and stronger. He must be very shocked now.” Dao Twelve smiled.

The thoughts of Zhou Silk in the ring. It’s exactly the same as the knife twelve guessed.

Before, he thought that George Han had bought Dao Twelve with money, but after a short fight, he found that he stupidly underestimated George Han.

At his age, with such a powerful skill, it was only a matter of time before he surpassed the twelve sword.

Zhou Bo couldn't figure out why George Han was so powerful, a dude born into a wealthy family, isn't it a slumber who is addicted to wine and has no power to bind chickens? Why can it be so strong!

And... and he didn't have the slightest decay, on the contrary, he got stronger and stronger, which made Zhou Wei more and more frightened.

Such a person, even if he enters the special category, is probably the best!

The reason why George Han became more courageous in the war was that the anger in his heart found a catharsis, and he wanted to vent everything out.

When George Han leaped high, the ring suddenly trembled. Zhou Wei looked at the flashing fist in horror, and was unavoidably slammed into his chest with a punch.

After several steps back, Zhou Silk relied on the resistance of the side rope to stabilize his figure. The sharp pain in his chest, if not for the side rope, he would have fallen.

“Brother George, I underestimated you.” Zhou Silk bowed his head. At this moment, completely surrendered.

He still has the power to fight again, but Zhou Wei knew that even if he continued to fight, he would not have the slightest chance of winning.

It turned out that he was really able to draw a tie with the twelve swords!

George Han took a deep breath, stood with his hand held, and said lightly:
“Twelve, you accompany me.”

There was a sadness in his voice, and Mo Yang’s heart was shaken, and he quickly said: “Three thousand, stop fighting, if there is something, let’s find a solution together.”

At this time, only Zhou Wei was able to see George Han’s front face. He was shocked to discover that George Han, who was as strong as a tiger, looked up at this moment, and there were tears on his cheeks!

What can make a strong man like him cry!

Mo Yang stepped onto the ring. When he saw the tears on George Han’s face, his mood became even more complicated.

Mo Yang knew how tough George Han’s xinxing was, but at this time, he revealed the most vulnerable side of his life.

“Is it because of my younger siblings?” Mo Yang asked in a deep voice.

George Han did not wipe away his tears. Instead, he let it drip from his cheeks to the ground, and said: “If only a divorce can guarantee the safety of Amelia, what would you do if you were you?”

divorce!

Hearing these two words, Mo Yang finally understood why George Han was so angry.

“The Han Group came for me. If she divorces me, the Han Group will not trouble her. This is indeed a perfect solution, so perfect that even I can’t think of a reason for rejection.” Han Three thousand continued.

“Who came up with this bad idea?” Mo Yang gritted his teeth. He knew that this kind of thing must not have been proposed by Amelia Su. After contacting Amelia Su several times, Mo Yang could feel her sincerity towards George Han.

“Lily Jiang, she said that since I love Amelia, I should think about her and shouldn’t hurt her.” George Han said.

People like Lily Jiang, in Mo Yang’s words, should be cut all the time. If she did something excessive to George Han, if it were for him. He definitely couldn’t bear it.

But... the matter of divorce can protect Amelia Su, she said rightly, and this is also the best way.

Mo Yang is also an infatuated person, otherwise, he would not retreat from the rivers and lakes for the sake of women, give up his superior position and become the owner of a small shop.

“Brother George, this woman is just being selfish for herself, she even brazenly asked you for the benefit of her sister-in-law.” Lin Yong said angrily.

“She is selfish, but what she said is not without reason.” Mo Yang said.

Lin Yong looked wrong, looking at Mo Yang’s attitude, would he support George Han’s divorce from Amelia Su?

“George, you have already made a decision in your heart.” Mo Yang asked George Han.

“En.” George Han nodded.

“The divorce is only temporary. As long as the trouble is resolved, she will still return to you. I believe that my younger siblings can understand your difficulties.” Mo Yang said.

“I’m afraid I won’t be able to pass this test.” George Han said weakly. The Han family in the United States was like a Mount Tai on his shoulders. It’s possible to break him to pieces at any time.

“We are still there.” Mo Yang patted George Han on the shoulder, and said, “To die, die together.”

“To die, die together!” Dao Twelve said solemnly.

Zhou Silk, who was holding his chest, also said: “I want to die, die together!”

Lin Yong hesitated for a moment. Said: “To die, die together!”

George Han sighed heavily and said, “I won’t let you die. I’m going to die. It’s from the Korean family of the United States.”

Leave the boxing arena. George Han went to Su’s company and waited for Amelia Su to get off work.

Mo Yang and Lin Yong also returned to the magic capital.

Lin Yong was very puzzled about Mo Yang supporting George Han, because in his opinion, Amelia Su was definitely willing to face George Han together. You don’t need to care about Lily Jiang at all.

“Boss Mo, do you have to go this far in this matter?” Lin Yong asked suspiciously.

“You will understand this feeling when there is a woman in your world who can pay her life for her.” Mo Yang exclaimed, he and George Han are similar people, so he knows George Han very well. What do you think.

“Hey, my sister-in-law should be sad again.” Lin Yong said helplessly.

“This is also the reason why George will be sad. For a man, it is unforgivable to make his own woman sad, but the reality is often helpless.”

Downstairs in Su’s company, when Amelia Su saw George Han when she got off work, she was happy to blame.

“Didn’t you tell me not to pick me up, you are so busy.” Amelia Su complained.

“I booked a seat at the Crystal Restaurant, and I won’t go home for dinner tonight.” George Han smiled.

Chapter 354

Amelia Su thought about it carefully, today is not a special day, how could she suddenly want to eat, and it is still in the crystal restaurant.

This place left Amelia Su with the first big surprise in her life. Even now, she can't forget the appearance of George Han playing the piano in the Crystal Restaurant.

For her, if it is not a particularly important thing, there is no need to go to the Crystal Restaurant, because the shocking memories of this place are nothing compared to anything.

“Is it a special day today?” Amelia Su asked cautiously. I'm afraid I forgot something.

“It's nothing, just want to have a meal with you.” George Han said, his heart was very struggling and painful, but on the surface he did not show the slightest strangeness.

“Did something happen?” The woman's intuitive nature made Amelia Su smell an unusual smell, faintly feeling that something was going to happen.

“Couldn't I have a meal outside with you, where are so many things.” George Han said with a helpless smile.

Amelia Su observed George Han, unable to see any flaws in his expression, and finally gave up.

Maybe it's really just a meal.

Arrived at the Crystal Restaurant. George Han had booked the location early, and the service staff led the two to a position by the window. Here you can see the most

beautiful night view of Cloud City, and it is the place closest to the starry sky in the entire Cloud City.

When night fell. The night sky is full of stars, and the lights are brightly lit under your feet. The feeling of being in the sky and the earth seems to be wrapped in the whole world.

“It’s no wonder that Crystal Restaurant has been very hot since it opened. What you enjoy eating here is not delicious, but also has a charming view.” Amelia Su said to George Han with a face of enjoyment.

“Therefore, there is not only one factor for a truly successful thing. In addition to the taste and service, the biggest highlight of Crystal Restaurant’s success is the charming scenery here.” George Han said.

“I really like it here.” Amelia Su said obsessively looking at the stars and the lights.

“If you like it, we will often come to eat in the future.” George Han said with a smile.

Amelia Su glared at George Han and said, “It’s not cheap here. Even if you have money, you can’t waste it like that.”

“Amelia, do you believe me?” George Han asked suddenly.

“Of course.” Amelia Su said without hesitation, “No matter what you do, I believe you.”

George Han nodded silently.

The two returned to the mountainside Villa at ten o'clock. While Amelia Su was washing, Lily Jiang came to the room and handed George Han something that seemed to be a contract on the surface.

“The place to sign is a mezzanine. On the surface, this is a contract, but it is actually a divorce agreement. You can decide whether or not to sign for her.” Lily Jiang left after leaving the divorce agreement. She believed Han Three thousand has made a decision.

Holding the divorce agreement, George Han's hands trembled slightly. Although countless people had mentioned their divorce before, George Han had never been so nervous before, because no matter who said it before, it was just talking. That's it, but now, this thing is about to happen.

George Han never thought that this event would actually happen.

For Amelia Su, George Han had to do this again.

Only hating one's own abilities is not enough to protect Amelia Su, otherwise he would not use this method.

When Amelia Su came out of the bathroom wiping her hair, she saw George Han in a daze holding the contract and asked curiously: “What are you doing?”

“This is a contract for the weak water real estate. Next, you may have to cooperate with Su's company. Would you like to sign it?” George controlled his own mood and tried not to let Amelia Su find any strangeness.

Qianshui Real Estate is a company of George Han. Amelia Su naturally has no opinion on cooperating with Qianshui Real Estate. She didn't even take a look at the content of the contract, and signed her name directly at the place of signature.

“You can cooperate whatever you want, I’ll listen to you.” After signing, Amelia Su said with a smile.

“I’ll blow your hair.” After George Han received the contract, he brought a hairdryer.

Amelia Su sat in front of the dressing table, looked at herself in the mirror, and then looked at George Han. She felt that the greatest happiness in her life was probably to marry George Han. Although she was unwilling in the first place, she now Treat this as the greatest luck in life.

If not for George Han. How could she have such a happy life now.

The wind noise of the hair dryer cut through the peace in the room, and Amelia Su couldn’t notice the pain concealed in George Han’s eyes.

That night, the two embraced and slept, Amelia Su slept particularly soundly. But George Han stayed awake all night, enjoying the feeling of holding Amelia Su in his arms, because in the next period of time, he would never enjoy this feeling again.

The next day, after the morning jog, Amelia Su went to work at the company.

George Han was sitting in the living room. Seeing his thoughtful look, He Ting couldn’t help asking with some worry: “George. What’s wrong with you?”

“Aunt He, take care of Amelia for me.” George Han said.

He Ting felt even more strange when faced with such an inexplicable remark. How could George Han let her take care of Amelia Su?

“Are you going to another place?” He Ting asked in a puzzled way. George Han hadn’t mentioned this matter before, and it seemed that Amelia Su didn’t know what he looked like. How could he not tell Amelia Su.

“Because of some very important reasons, I must be separated from her for a period of time.” George Han said.

He Ting hurriedly sat beside George Han. She could see that the relationship between the two was in a critical period of heating up. How could George Han leave at this time?

“He Ting, you sat and rested early in the morning, why don’t you have any work?” He Ting, who had just sat down, stopped in Lily Jiang’s voice and quickly stood up.

Lily Jiang walked to George Han with a cold expression, as if looking at a stranger, and asked George Han, “How is it, did she sign it?”

George Han took out the contract, not only was Amelia Su’s signature, but also his.

Lily Jiang looked at the divorce agreement with satisfaction, only then revealed a faint smile.

“By the way, your husband and wife have common property, how much money you have, don’t hide it from me.” Lily Jiang said shamelessly. After taking apart the Yuanyang, he still kept his eyes on George Han’s wallet.

George Han took out the bank card he had prepared long ago, and said, “Give it to Amelia for me.”

“How much money is here, you won’t hide it on purpose. George Han, I warn you, Amelia...”

“Five billion.” Before Lily Jiang finished speaking, George Han interrupted.

Lily Jiang stared at George Han in disbelief, and said with a trembling voice: “A lot. How much! How much money do you say here!”

“Five billion.” George Han said lightly.

Listening to this astronomical figure, Lily Jiang only felt that the sky was spinning, and his head became dizzy.

five billion!

George Han has so much money.

If this is only half of his assets, then he is a person with a net worth of tens of billions!

After so many years of uselessness. He actually had tens of billions of assets, and Lily Jiang couldn't believe it for a while.

“You...you didn't, didn't you kid me, do you really have so much money?” Lily Jiang asked shortly.

“Give this card to Amelia. If you dare to keep it for yourself, let me know. I won't let you go. Don't forget, I forced my grandmother to death, and you are just a mother-in-law.” George Han said to Lily Jiang in a warning tone.

Lily Jiang suddenly felt the cool breeze behind him, and unconsciously glanced at the chandelier in the living room. Nangong Qianqiu was hanged here!

“Don't worry, I will definitely give the money to Amelia, but you can't tell the outside world about your relationship with him. I will disclose this news. I don't want outsiders to make irresponsible remarks to Amelia Su.” Said.

George Han understood what Lily Jiang meant, nodded and said, “I won’t say, you can do whatever you want.”

“Nothing else, just go and pack your luggage. It’s better to leave as soon as possible.” Lily Jiang finished speaking and went upstairs with the contract and bank card. She had to give Wilson Su the good news of this excitement. share.

Chapter 355

When George Han was packing things in the room, Lily Jiang also returned to his room.

Wilson Su still didn't wake up in a daze, opened his dim eyes, feeling Lily Jiang seemed to be staring at him, and suddenly became energetic, thinking that he had made some mistake.

“What are you doing?” Wilson Su asked Lily Jiang.

Lily Jiang was trembling with excitement. In the past, having tens of thousands of dollars at home could make her so excited that she couldn't sleep all night, although the conditions now are much better than before. But she has never been exposed to the astonishing number of five billion.

“What do you think this is?” Lily Jiang raised the bank card and asked Wilson Su.

“It's not just the bank card, what's weird.” Wilson Su asked in confusion.

“Do you think it was the bank card in your bag?” Lily Jiang glared at Wilson Su, and continued: “There are five billion in this card.”

Wilson Su smiled, five billion? Is Lily Jiang crazy about money?

“You are not dreaming now, so hurry up and wake up.” Wilson Su said.

“Of course I didn't dream. George Han and Amelia have already signed a divorce agreement. This money is George Han gave to Amelia. The husband and wife share the property. After the divorce, half of each person. I didn't expect him to be so rich. Lily still finds it incredible even now, because in the past three years, her perception of George Han's image is useless. How could she have imagined that such a useless would be so rich.

Wilson Su suddenly became sober and said: “They have signed the divorce agreement? How is it possible, how could Amelia sign it.”

The progress of the matter is so fast that Wilson Su can't imagine it. It only took a day. The two have divorced?

Lily Jiang did not tell Wilson Su about this, so it is normal for him to know nothing now.

Lily Jiang, with a proud face, said with a smile: “My work efficiency is so fast. Unlike you, a useless thing, a little thing takes a long time.”

Wilson Su didn't want to see this kind of thing in his heart, but Lily Jiang insisted on doing it, and now even the result is there, he can only sigh: “You, you, if George Han can survive this difficult time, In the future, they will remarry. Do you think George Han will treat you like a mother?”

Lily Jiang glanced disdainfully and said: “With his patience, how could he be able to deal with the Korean family in the United States. I am paving the way for the Su family.”

“Don't you believe in George Han at all?” If it was changed, Wilson Su would probably have the same idea as Lily Jiang, but now Wilson Su would not think that way, because he thinks George Han can endure so many years, absolutely not Simple role.

The current situation looks very unfavorable to George Han, but Wilson Su believes that he still has the ability to turn the tide.

“What can I believe? It's not an opponent at all.” Lily Jiang disdainfully said.

Wilson Su shook his head helplessly.

“What do you mean, I’m just for the good of our family, don’t you think I’m doing something wrong? If you have the ability, don’t spend a penny in this card.” Lily Jiang said coldly.

“This money is for the summer, you have no control.” Wilson Su said.

“I’m her mother, can she still not use it for me?” Lily Jiang never thought about keeping the bank card for herself. She was still worried that if George Han was forced to rush, she thought, even if she gave the money With Amelia Su, when she wants to spend, Amelia Su will give it to her.

After all, she is a mother. Isn’t it justified to ask her daughter for some money?

downstairs. George Han was ready to go out after packing. Although He Ting still didn’t understand what happened, she felt that something big was happening.

“George, if you have any questions, you can contact me at any time. Although Aunt He can’t help much, she will try her best to help you.” He Ting said to George Han.

“Aunt He, you just need to take care of Amelia for me. I can handle other things myself.” George Han said.

“Don’t worry, I will take care of her.” He Ting said.

Leaving the Yundingshan Villa area, George Han appeared in the magic city with his luggage.

When Mo Yang and the others watched it, although they sighed in their hearts, on the surface, no one would mention this thing that made George Han sad.

“There are rooms here, if you are willing to live here. If you can live, it’s just a bit noisy.” Mo Yang said to George Han.

George Han shook his head and said to Lin Yong, “Go and buy an elevator apartment for me, so I can move in with a bag. I like a quiet environment.”

“Yes, Brother George.” Lin Yong left the magic city after speaking.

“What are your plans next?” Mo Yang asked George Han.

“Han Yan wants to control the Basin City business community. I can only try to win over those people. Although the hope is very slim, I have to try after all.” George Han said, if the entire business community in Basin City is bought by Han Yan. If that happens, George Han will face the situation of fighting alone, which is very unfavorable for him. So he can only proceed from this point now.

“Okay, I will also help you contact the people to see if there is any breakthrough.” All Mo Yang can do is to fully support George Han. As for the consequences and the impact on him, Mo Yang never thought about it.

He came back out of the arena because of his wife, although he has a certain ability. But without George Han’s help, Mo Yang would never have his current position.

Moreover, Mo Yang was quite clear about these things, even if it was for George Han to be beaten back to his original form, Mo Yang would not care.

“Brother George, do you need to start elsewhere?” Dao Twelve asked George Han.

George Han shook his head without hesitation. There was Qi Yiyun’s subordinate Dong Hao in front of him. This perverted guy was powerful, so George Han had to worry that Han Yan also had a master of this level around him. , Will only make this matter more complicated.

“No, you just have to take care of the boxing field.” George Han said.

Dao Twelve didn't say much, George Han didn't use him now, there must be a reason.

Soon after George Han arrived in the magic city, Lily Jiang also left the mountainside Villa. Today, it happened to be a party with the group of sisters. This group of people are all big-mouthed characters. Using them to spread the news of George Han and Amelia Su's divorce is the best way.

"Lily Jiang, why are you here now."

"We have been waiting for you for a long time, sit down quickly."

Lily Jiang gave herself a long standing at Xie Yunpeng's wedding. Although Xie Haoran has become a dog of Han Yan, and Han Yan has established the Han Group, these shrewd people did not choose to stand on one side. It's just that the grass falls on both sides of the wall, and both sides seek benefits.

Lily Jiang sighed and said, "If it weren't for George Han and Amelia, I would have arrived long ago."

"What. Did the young couple quarrel?"

"How normal it is for a couple to quarrel, quarrel at the head of the bed and at the end of the bed, I also often quarrel with my family."

"A couple who don't quarrel are not called real couples."

"But this time it was very noisy." Lily Jiang deliberately sighed deeply and said: "Amelia is going to divorce him. Now he has signed the divorce agreement, and has driven George Han out of the mountainside Villa. ."

The heavy news surprised the sisters beyond words.

I think that when George Han first entered Zuosu's house, everyone in Basin City was waiting for when the two people would divorce, but more than three years passed, and no news of this came out, which made outsiders think that they were two people. They may also get along with each other, but now they are divorced again, it is like a huge rock hitting the calm lake.

“Are you kidding, they really divorced?”

“Last time I saw them, the feelings were pretty good.”

“You didn't persuade them?”

“Of course I persuaded, but George Han did too much this time. Do you know what Jinqiao City is?” Lily Jiang said. This was a misunderstanding a long time ago, but he did not expect Lily Jiang to bring up this matter again. , It is obvious that she is going to buckle the shit basin on George Han.

Jinqiao City is almost as famous in Cloud City as the UFO Tower. Almost everyone who is a wife will prevent his man from going to this place.

“He went to such a place.”

“Sure enough, men don't have a good thing. George Han is just a son-in-law. He didn't expect that he was still playing with women outside.”

Chapter 356

Seeing the indignities of several sisters, Lily Jiang smiled triumphantly. Through them spreading these things out, although George Han's reputation was stinking, it protected Amelia Su's image and would not make outsiders think that Amelia Su was abandoned. With George Han, this weaker party can get more sympathy, and naturally no one will say that Amelia Su is not.

As for how badly George Han would be scolded. Lily Jiang didn't care, she didn't plan to be George Han's mother-in-law again, and Lily Jiang believed that George Han would never refute these things in order to protect Amelia Su, and he would definitely bear the infamy silently.

"This is a man, and an inconspicuous wimpy dare to do this kind of thing, what can be done." Lily Jiang said with a sigh.

"This George Han. It must be because the relationship with the heavenly family is getting better, that's why he is floating, and he dares to do things that are sorry for Amelia Su."

"He has been in Su's house for so many years, how much soft food he has eaten. It's a white-eyed wolf."

"Separate well, this kind of thing, one, two, three, absolutely can't tolerate it, but it's pitiful Amelia, you will be betrayed by this kind of man."

The sisters attacked George Han without any mercy, degrading George Han to nothing.

At this time, Amelia Su in the company didn't know anything. He was busy at work, and the documents on the desk were piled up like a mountain.

Since Qin Lin left, she alone can handle all the things in the company, and no one can help her. So Amelia Su now has a very heavy burden on her shoulders. Fortunately, the establishment of the Han Group did not affect the Su family company. Shock, otherwise, Amelia Su will have a headache.

“Amelia, it’s lunch time, let’s eat first.” Shen Lingyao said when he came to Amelia Su’s office.

Amelia Su said without lifting her head: “You go first, I’m not hungry yet.”

Shen Lingyao knew that she was forgotten about work, but so much work. It won’t be done for a while, how can we not go to dinner.

“It’s just time for a meal, and it doesn’t delay your work. Don’t you stop eating until you finish it? This is not to starve to death.” Shen Lingyao walked to Amelia Su and took her hand directly.

Amelia Su smiled helplessly and said, “You let me go first, and I will clean up the head office.”

“Okay, although I can’t give you George Han’s gentleness, but I have to take care of you for him, and I can’t let you break your body.” Shen Lingyao smiled.

Speaking of George Han, Amelia Su’s expression became tender, and she might not even know how much she loves George Han.

“You just want to find someone who pays the bill. There are so many excuses.” Amelia Su said.

Shen Lingyao was unconvinced with her hands on her hips and said: “Amelia Su, don’t look down on people too much. Anyway, I am also an income earner. If you are afraid that I will take advantage of you, I will pay the bill today.”

“You should save your money to buy cosmetics. I also expect you to find a boyfriend sooner.” Amelia Su teased.

Shen Lingyao was so angry that her cheeks bulged. Said: “Do you think I am ugly? I tried to fight with you.”

The two were playing like children, and only sisters with a real relationship would have this kind of atmosphere.

After the fight, the two left the company together. There were many restaurants and fast food nearby, and the two chose the place with the least family.

As soon as I sat down, I heard someone next to me say: “Have you heard that Amelia Su and George Han are still divorced. I didn’t expect that for so many years, they still didn’t stick to it.”

“It’s strange to say that when this happened, many people thought they would divorce soon, but they didn’t expect three years to pass and there was no movement at all. How could it be so sudden now.”

“I heard that George Han cheated. Amelia Su happened to play with women outside.”

“This wimpy even cheated, he is too sorry for Amelia Su.”

Several girls were discussing in a low voice. Although this matter was only a short period of fermentation time, it has spread very widely. Because Lily Jiang’s sisters are not ordinary people, they have a very wide network, and they have passed on from ten to ten. Now the younger half of Basin City knows about this.

When Amelia Su and Shen Lingyao heard these words, they couldn’t help being a little baffling.

As Amelia Su's sister, Shen Lingyao is very clear about the relationship between Amelia Su and George Han, and the Jinqiao City incident was just a misunderstanding.

As for Amelia Su, it was even more ridiculous. What she didn't know as a client, where did these people get the false news.

"What nonsense are you talking about, how could Amelia Su and George Han get a divorce?" Shen Lingyao couldn't help standing up and saying when the discussion became more intense.

"Who is talking nonsense, this matter was passed on by Amelia Su's mother, and it will never be false."

"My third aunt is Lily Jiang's sister. Lily Jiang told her about this. You don't know anything. Don't point anyone here."

Shen Lingyao was stunned after hearing these words. Did this matter come from Lily Jiang? How come, why did she suddenly say these things.

After sitting down again, Shen Lingyao asked Amelia Su: "Amelia, what's the matter, what is your mother doing?"

Amelia Su lowered her head to avoid being discovered by others, and said: "It should not be, it may be false news. My mother will not speak ill of George Han now, let alone fabricate things that are not."

Knowing the identity of George Han, although Lily Jiang did not show much fear of George Han, she was not going to provoke these things, so Amelia Su felt that it was very likely to be an error.

"Why don't you call Auntie to ask." Shen Lingyao said uneasy, since there is no reason to come, since such news can be heard. It shows that there must be some

reason, Shen Lingyao does not want these unfavorable comments to Amelia Su to continue to spread.

“No, go home tonight and ask again, there is still work to be done this afternoon. Hurry up and eat.” Amelia Su said.

Shen Lingyao felt that this matter was highly unlikely. Since Amelia Su was not in a hurry, why should the emperor not rush the eunuch.

After eating and returning to the company, Amelia Su has always been a little restless. It always feels like something is going to happen.

Finally it was time to get off work, and I didn't see George Han at the door of the company. Amelia Su's heart was empty, and she could only comfort herself in her heart that George Han was busy recently. Probably there is no time to pick her up.

Back at home, Amelia Su found that Lily Jiang and Wilson Su were both at home and sitting in the living room, looking like they were waiting for her.

“Mom, do you know what rumors are out there now that some people say that I divorced George, and they said that you told the matter, you said it was not funny.” Amelia Su said with a smile.

“You are indeed divorced, and even the divorce agreement was signed, didn't he tell you?” Lily Jiang said with a calm expression.

The smile on Amelia Su's face gradually solidified, and her tone changed, and she said, “When did I sign the divorce agreement, Mom, don't you kid me.”

“This is the divorce agreement, you can read it yourself.” Lily Jiang said.

Amelia Su hurried to the coffee table and picked up the divorce agreement. There were indeed the signatures of her and George Han on it, and this signature was definitely not forged.

How could it be possible that she hadn't even read the divorce agreement, how could she sign such a thing.

yesterday.....

With a bang, Amelia Su's mind was like a spring thunder.

She signed a contract last night. At that time, she didn't see what the contract was. Could it be the divorce agreement?

"Impossible, impossible, what I signed last night was a contract, how could it be a divorce agreement." Amelia Su shook her head pale, her pupils dilated.

"The contract is fake, it's just a blindfold covering it. It seems that George Han didn't have much thought to divorce you." Lily Jiang said lightly. The meaning of these words is obviously to transfer all the responsibility to George Han. Thousand pushes on.

Wilson Su's expression on the side was extremely unnatural. Lily Jiang had clearly arranged this matter, but now she actually asked George Han to bear this responsibility, which is really shameless.

"Why is this? Why did he divorce me? I don't believe it. George Han, where is the other person." Amelia Su asked Lily Jiang almost collapsed.

Chapter 357

“He has already left.” Lily Jiang said blankly.

Amelia Su ran back to the room in a panic and opened the closet. There was no one left of George Han’s clothes, which made her stand on the spot.

At this time, Lily Jiang walked to the door of the room again, and said to Amelia Su: “George Han changed a trick to divorce you, he must have planned. Why are you sad for this kind of man?”

boom!

Amelia Su closed the door heavily.

How George Han treats her, Amelia Su knows very well that he is absolutely impossible to do this for no reason, and the relationship between the two of them is very stable now, and it is getting better and better. Why would George Han choose to divorce her at this time? ?

Amelia Su, with a squishy mind, cried with her head in her arms. The starry sky was shining last night, but now her world has become dark. She didn’t understand why George Han did this.

Lily Jiang sighed slightly outside the door, but Amelia Su would have such a reaction, she had expected it.

“Look at what you did.” Wilson Su complained to Lily Jiang.

“I did it for her too, and this little thing. It will be fine in a few days, what are you nervous about?” Lily Jiang said coldly.

Wilson Su sighed heavily and returned to the second floor room.

He Ting didn't understand what happened until now. George Han actually signed a divorce agreement with Amelia Su!

Although she didn't know the reason, she was certain that it was related to Lily Jiang.

Also as a mother, she really couldn't understand why Lily Jiang would repeatedly destroy the relationship between George Han and Amelia Su.

Listening to Amelia Su's sobbing sound from the room, He Ting felt distressed, and she walked to the door of the room after Lily Jiang also went upstairs.

"Amelia, can Aunt He come in?" He Ting said.

After a short while, Amelia Su opened the door, the tears all over her face even more heartbreaking.

"Aunt He, when did George Han leave?" Amelia Su asked.

"Shortly after you went to work, he left. Before leaving, he asked me to take care of you. Although I don't know what happened, I believe George Han would not treat you like this. He did this for a reason." He Ting said anxiously. I was afraid that Amelia Su would misunderstand George Han.

After Amelia Su calmed down, she also wanted to understand this matter. George Han divorced her for no reason, there must be a reason, and this reason must have a certain relationship with Lily Jiang.

"I know, he is to protect me." Amelia Su said.

He Ting breathed a sigh of relief, as long as there was no misunderstanding, and said, "You understand that is the best."

“But since we are a husband and wife, why can’t we face the difficulties together?” Amelia Su is not stupid. She can think of the reason for the sudden divorce. George Han must have made such a choice because of the Han Group, and this This choice is very likely to be mentioned by Lily Jiang.

“Perhaps, when he faces it himself, he will be even more worry-free and be able to accomplish this thing better.” He Ting said, she knew nothing, so she could only comfort Amelia Su in this way.

“Perhaps.” Amelia Su nodded. She didn’t blame George Han in her heart, and since the matter had reached this point, Amelia Su would also respect George Han’s decision.

Since she couldn’t help with this matter, she was absolutely unwilling to drag George Han back.

“After dinner, Aunt He made your favorite.” He Ting said.

Amelia Su nodded and walked to the dining table with He Ting.

Lily Jiang and Wilson Su did not show up during the meal. Wilson Su didn’t know how to face Amelia Su, and Lily Jiang was afraid that if Amelia Su noticed something, she would be blamed.

Lin Yong helped George Han buy a house in an elevator apartment to live in.

When George Han took his luggage and just walked into the elevator, a smell came in the wind.

Two very young girls walked up the elevator arm in arm, seemingly very close.

When they saw the floor that George Han had pressed, they couldn’t help showing a hint of surprise.

“Have you rented a room on the sixteenth floor?” one of the women asked George Han. She was obviously more enthusiastic towards others, and formed a completely different extreme from the other girl.

“Yes.” George Han said with a smile. This house was not rented, but bought, but since the other party said so, George Han didn’t bother to explain it.

“I also live on the 16th floor. From now on, we will be neighbors. My name is Yang Meng and her name is Miffel. I am very happy to meet you.” Yang Meng, a very enthusiastic self-accomplishment, reached out to George Han. .

George Han responded politely, shook Yang Meng’s hand, and said, “My last name is Han, you can call me Lao Han.”

Yang Meng is very enthusiastic. But Miffel looked very cold towards George Han, and didn’t even look at George Han directly, let alone say hello.

George Han is not the kind of person with a hot face and a cold buttocks. This kind of person who pretends to be high and cold does not need to be held in his hand, not to mention George Han did not take their beauty in his eyes.

It was a coincidence to live on the 16th floor together, and it was door to door, even George Han was a little surprised. Could this achievement be due to fate in the legend, or that Lin Yong made such an arrangement on purpose.

After returning home, Miffel took off her high heels and said to Yang Meng, “Didn’t I tell you, don’t be so enthusiastic about everyone, you have to be a little wary, do you know who he is? One is a bad guy.”

“Sister Fei’er, I don’t think he looks like a bad person. He hasn’t looked at him from beginning to end, unlike other men.” Yang Meng said.

Miffy smiled faintly, and said: “There is a kind of person who deliberately pretends to be serious on the surface, don’t you know if you want to catch it? I think he is not a good thing.”

Yang Meng looked helpless, Miffel was very vigilant towards men, and everyone seemed like a badass pervert.

Although this situation does exist in most men, there are also some honest people.

In Yang Meng’s view, this old Han is an upright person. From the moment they entered the elevator, George Han’s eyes never looked randomly, which is very rare.

“Sister Fei’er, you have to think every man so bad.” Yang Meng said.

“It’s not that I think. But they are already bad. Don’t discuss this issue. Is your resume ready? Don’t worry, I won’t wait for you.” Miffel said.

Speaking of resumes. Doubts appeared on Yang Meng’s face and asked: “Sister Fei Er, why do we switch to weak water properties at this time? The current prospects for weak water properties are not very optimistic. The Han Group has risen strongly, and weak water properties are at any time. All may face a crash.”

“This kind of company in crisis can develop better, face difficulties together with the company, and have greater opportunities for promotion in the future. Do you want to sit in that kind of hopeless position for the rest of your life?” Explained.

“Although this is the truth, what should I do if the weak water property collapses?” Yang Meng worried. Compared with Miffel, she is more seeking stability and a stable job and income are enough.

“We can still change companies, and there will be no loss.” Miffel said very directly. For a woman like her with a strong sense of utilitarianism, life is a gamble

again and again, as long as we can win once. Then the trajectory of life can be different.

Nowadays, the form of weak water real estate is indeed not very good, but in Miffel's view, it happens to be an opportunity. It is difficult for a well-developed company to achieve impressive results. Even if it does, it will be Snatched by the boss, but the weak water real estate is different and in a difficult situation. At this time, there are more performance opportunities, and the weak water real estate also has a backstage, so Miffy is willing to give it a try.

"That's true." Yang Meng nodded. For ordinary employees like her, changing companies is not a big deal, and she is used to listening to Miffel's arrangements. Since Miffel is going to a weak water real estate, she I must follow along.

"I will write out my resume later, and then invest in a weak water property." Yang Meng said.

On the other side, after George Han put away the luggage, he lay down on the sofa in the living room. Amelia Su should have returned home by this time, and she didn't know what she was feeling now.

As night fell, George Han in the living room sofa of the elevator apartment, and Amelia Su in the mountainside Villa room were destined to not sleep peacefully tonight.

Chapter 358

Early the next morning, George Han opened his eyes and habitually looked to the left, because at this time Amelia Su had to get up and run in the morning, but when he turned his head, he found that there was no one, and he couldn't help but smile. .

“I've been used to things for so long, but I still can't change it.”

Mountainside Villa. The alarm sounded, indicating that it was time to go for a morning run, and Amelia Su subconsciously shouted: “Three thousand, you turn off the alarm.”

After saying this, Amelia Su suddenly opened her eyes, and then realized that she was only lying on the bed, and she couldn't help but feel lost.

The two people not far apart got up at the same time. But the spirits of the past are gone.

Amelia Su ran towards the top of the mountain alone.

George Han is going to go downstairs and get familiar with the environment in the community.

As soon as he opened the door, George Han saw Miffy in sportswear, who looked very energetic and capable. From her appearance, she should also be doing morning exercises.

“Hello.” George Han greeted plainly.

When the two were waiting for the elevator together, Miffel stood one meter away from George Han. This is what she keeps on guard against strangers. In such a two-person situation, she will never let others. Stand behind her.

Looking at George Han's back, he is tall and tall enough. Compared to many young people with hunchback, his figure is definitely very good, and he is also the kind of small muscle person, he should be very self-disciplined and likes it. People who exercise, this point is very similar to Miffy.

"The elevator door is reflective." George Han suddenly broke the silence.

Miffel couldn't help looking at the elevator door, only to realize that everything she did behind George Han was reflected clearly by the elevator door.

"Do you often exercise?" Miffel changed the subject in order not to embarrass herself.

"Every day." George Han said.

Miffel asked herself to be a very cold person, but did not expect George Han to be like gold, even colder than him.

Is this a deliberately pretended attitude, or is he just like this?

Miffy stopped talking and spoke actively, also to ease the embarrassment. It is a very rare thing for her.

The two divided things downstairs, and George Han jogged in the community. The air quality here is a lot worse than Yunding Mountain, not to mention the scenery. The whole Basin City can't find it. It is a place comparable to Yunding Mountain.

After running around the community, George Han just walked downstairs to the unit when he heard the voice of argument not far away.

Miffy quarreled with a young woman. Because the young woman didn't have a leash when walking the dog, Miffy stepped forward and persuaded a few words.

Unexpectedly, the young woman reacted fiercely and cursed, making Miffy angry. livid.

“My dog doesn’t bite. What does it have to do with you? You are such a coquettish person, who can’t even control me well, and you are still qualified to control me?” The young woman stuck her waist in a arrogant look.

“You think your dog doesn’t bite people, but you have to consider how other people feel. Not everyone is close to him.” Miffel said.

“I’m the owner of this place. Have you bought a house here? You are still eligible to teach me that, depending on your appearance, you live in a rented house, right?” The young woman looked at Miffel with disdain.

“Does this have anything to do with walking the dog without a leash?” Miffel said.

“I walk the dog without a leash. Does it have anything to do with you? Did it bit you?” the young woman said.

Faced with the unreasonableness of the young woman, Miffel obviously fell short.

At this time, a middle-aged man walked up to the young woman and pointed at Miffel and cursed: “Sick lady, what are you doing, can you control my family’s affairs?”

“I’m just kindly persuading her, in case she bites someone, it’s not good for anyone.” Miffy’s momentum is obviously weaker, after all, the other party is a big man, just in case she is rough. She must be the one who suffers.

“I have money to pay if I bite someone, it doesn’t matter to you, don’t be nosy, get out.” The middle-aged man said angrily.

Miffy was vomiting blood with anger. At this time, she saw George Han who was downstairs in the unit. She thought that George Han would come to help and say a few words. There was a man present, and she was more confident, but what Miffy didn't expect was George Han. He turned away calmly!

He... he is still not a man, so he just left!

George Han didn't want to be nosy, and with Miffel's indifferent attitude. I probably don't want him to interfere, so why bother to be boring.

When I got on the elevator, Miffy walked in angrily as soon as the elevator door was about to close.

"Is the good show comfortable?" After a while, Miffel said to George Han.

"If you change to Yang Meng, I will help." George Han said.

This sentence made Miffel a little bit astonished. It was because of her that he didn't help. Does this guy need to be so direct?

"Yes, Yang Meng is better to deceive. It is easier to be fooled for this kind of heroic rescue of the United States." Miffy gritted his teeth.

George Han smiled faintly, and said: "Since you want to be an iceberg, you have to withstand the cold, pretend to be high, and want others to help. Does the whole world owe you?"

After saying this, the elevator happened to reach the sixteenth floor, and George Han walked out of the elevator, leaving Miffel alone in a daze.

Miffy is very beautiful, so even if she is like an iceberg, there are many men who take the initiative to please her, which has led to Miffy's habit of thinking that ordinary men will put her in a better position.

George Han, who also rents a house, is in the eyes of Miffel. Naturally nothing special.

But she never expected that George Han would actually say such a thing.

She asked herself high cold, but George Han's high cold seemed to be even higher than her.

Watching George Han open the door and go home. Miffy gritted his teeth and said: "There is a kind of man in the world who has no abilities, but he has a big air. He is talking about people like you."

Back home angrily, Yang Meng was already cooking porridge in the kitchen. Although she doesn't like morning exercises, she wakes up very early, and she almost handles breakfast every day.

"Sister Feier, did anyone make you angry?" Yang Meng looked at Miffel in confusion.

"It's not the guy opposite." Miffy said bitterly.

"Old Han?" Yang Meng looked surprised. Asked: "Did Old Han get up so early?"

"Sister Fei'er, as the saying goes, distant relatives are not as good as close neighbors. We have to make a good relationship with our neighbors, or I will let him come over for breakfast." Yang Meng said.

Miffy now can't wait to get George Han cramped. Since childhood, George Han was still the first person to be so indifferent to her. How could this be possible when she thought of having breakfast at her house.

"You girl, you will be abducted sooner or later. Are you familiar with him? You should invite him to the house for breakfast." Miffy said with a reproach.

Yang Meng narrowed her mouth and didn't dare to speak any more. Although Miffy was sometimes strong, Yang Meng knew it was for her good. If it weren't for Miffy, she would have been cheated by those men.

"Well, we will eat it ourselves." Yang Meng said.

After having breakfast, the two of them received job applications from Weak Water Real Estate in their respective mailboxes, and asked them to interview at the company today, which made Miffel full of expectations.

George Han returned home, took a shower, changed his clothes, and today he is going to talk with Zhong Liang to discuss cooperation with other companies, but he did not appear as the boss, but pretended to be Zhong Liang's assistant. Other people's attitudes towards this matter.

Coincidentally, George Han and Mi Fei'er met again at the elevator door. This may not be called the enemy not meeting together.

"Old Han, are you going to work?" Yang Meng took the initiative to talk to George Han.

"Yeah, do you guys also go to work?" George Han asked with a smile. It was like meeting an old friend in the toilet and asking him if he was going to the toilet. It was a completely nutritious chat topic.

"Go to the new company for an interview, do you know about weak water properties?" Yang Meng asked.

Weak water real estate!

These four words stunned George Han. It might not have happened so outrageously. The two of them actually went for an interview at Weak Water Real Estate.

“It’s not a good time to go for an interview at Weak Water Real Estate at this time.” George Han said.

“Huh.” Miffy snorted coldly, and said: “You, a person who has no structure, naturally don’t understand why we want to go to a weak water property, so I don’t bother to explain it to you.”

George Han looked at Yang Meng and said, “Come on, you will definitely succeed in the interview.”

Feeling that she was ignored by George Han, Miffy’s scalp numb again with anger.

Chapter 359

George Han and Mi Fei Er Yang Meng arrived at Weak Water Real Estate one after another. When George Han went to Zhong Liang's office, Mi Fei Er and Yang Meng were waiting for an interview in the personnel department. The prospects are not good now, so only the two of them interviewed.

But anyone with a little normal thinking will not go to a weak water real estate interview under the current situation. After all, there are very few people with reverse thinking like Miffy.

When interviewing the two, the head of the personnel department asked the most core questions. It's about why the two of them choose weak water properties at this time.

Miffy's answer was just as explained to Yang Meng. It was very direct, expressing his desires very simply and simply. This was the first time that the Minister of Personnel and Human Resources met, and I couldn't help but look different at Miffy.

However, whether to enter the weak water property or not, still has to wait for Zhong Liang's decision.

"I already know your basic situation, please wait a moment."

After the minister left the interview room, Yang Meng looked a little nervous. And Miffy looked very confident.

"Sister Fei Er, can we both succeed in the interview?" Yang Meng asked with a guilty conscience.

Miffy smiled and nodded, and said: "Of course it can succeed. The current weak water property is in a period of lack of people. Don't worry."

Listening to Miffel's words, Yang Meng felt calm.

In Zhong Liang's office, he has already told George Han about the general situation today. The person he wants to meet is the boss of several core industries in Cloud City, but they are not top-notch people, because those companies that are truly capable, now they have been wooed by the Han Group, so they now only have a few small companies left to hold together.

"Young Master, if these small companies are afraid of being annexed, the probability of cooperating with us can reach more than 80%, but it does not rule out that the Han Group has already approached them." Zhong Liang said to George Han.

The current situation is a no-brainer. For George Han, it is just a barely attempt. Whether he can succeed and how much help he can provide to the weak water property after success, George Han is not sure.

"It's mainly you talking to them today. I will go and see the attitude of these people." George Han said.

Zhong Liang nodded in understanding. He knew that the real significance of George Han's doing this was not how many people could be attracted, but through their attitude to judge how many people in Basin City would surrender to the Han group.

At this time, a knock on the door sounded. After seeing George Han nodding slightly, Zhong Liang said, "Come in."

After entering the office, the Minister of Personnel closed the door gently, for fear that it would cause a sound if the door closed heavily.

"Brother Zhong, two people are here for the interview. I already know the general situation. Do you need to see their information?" the minister asked.

“Have you asked them why they came to the company for an interview?” Zhong Liang said. This is a question that George Han confessed. Although Zhong Liang didn’t know why George Han cared about these two women, since the boss spoke, Definitely do it.

“The woman named Miffel said that adversity in the company can bring her more room for development. She came to the company not simply to apply for a job position, but to enter the company’s top management. I can feel Now, this is a very utilitarian woman.” said the minister.

George Han was slightly surprised. Miffel wasn’t just a cold personality, she also had such a strong sense of professionalism. This kind of reverse thinking is definitely not something ordinary people can have.

George Han thought about a question on the way to the weak water real estate. If Yang Meng was allowed to enter the company and kick Miffy, what kind of effect would this be? Miffy was in the palm of his hand, but Thinking about it carefully, this kind of cautious retaliation seemed unnecessary, so I dispelled this idea.

“Let them come to the company.” George Han said lightly.

After the minister left the office, he notified Miffel and Yang Meng of the news.

Yang Meng seemed very excited, and Miffel was calm, because in her opinion, all of this was a natural result.

“Sister Feier. Today we can go to have a big meal.” Yang Meng said happily.

“You foodie, don’t you have anything else besides eating? Go home first. Prepare to work for two days.” Miffel said.

George Han and Zhong Liang also left Weak Water Property soon afterwards and arrived at an agreed teahouse.

The first person I will meet today is Liu Guofeng.

At this time, Liu Guofeng has already taken the lead in the box. If he was interviewed by Weak Water Real Estate before, he would definitely be very excited, because before the Han Group was born, Weak Water Real Estate in Basin City was a lot of people wanting to curry favor. Subject, after all, was backed by Hillwood City Han's family. Everyone hopes to reach a cooperation with weak water real estate, so as to get a little bit of their own oil and water on this piece of fat.

But now, Liu Guofeng is showing a lack of interest in this matter, because on the surface, the weak water real estate has been suppressed by the Han Group, and the suspension of the Chengxi project makes people feel that the weak water real estate is simply There is no power to contend with the Han Group, and if you come to him at this time, it is very likely that you will just use him as cannon fodder.

"Mr. Liu. I didn't expect you to arrive so early." Zhong Liang said to Liu Guofeng with a smile after entering the box.

Liu Guofeng was indifferent. Before he changed, it was difficult to meet Zhong Liang. How could he be treated with Zhong Liang's smiling face.

"Boss Zhong, I happened to be free today, so I came to see you. Just say anything. You know, it's very dangerous to see you now. If the Han Group knows about it, my company can It's over." Liu Guofeng said.

Zhong Liang sat opposite Liu Guofeng, poured himself a cup of tea, and said: "Mr. Liu, I hope to reach cooperation with your company. I don't know what your intentions are."

Liu Guofeng smiled faintly. Said: "Boss Zhong, if I used to, Liu Guofeng could not ask for it, but the situation is now. I don't do this kind of head-off thing. Weak water real estate used to be big in Basin City, but now, it's a fart."

Liu Guofeng's words were very direct and ugly. This made Zhong Liang's expression instantly stiff.

"Mr. Liu, the weak water real estate is now taking a step back. It does not mean that you are afraid of the Han Group." Zhong Liang said.

Liu Guofeng sneered coldly and said: "I'm afraid I don't know. But I know how big the capital of the Han Group is, and you should know it too, and you are just a part-timer. Now the real owner of the weak water real estate is like Hiding like a tortoise, who dare not show up, who can easily believe in weak water properties?"

"Since Mr. Liu is here today, it's not cool to say anything. If you have any requirements, you can just ask." Zhong Liang said, if Liu Guofeng's attitude is strong and he has no intention of cooperating with weak water real estate, he did not show up. The necessity of coming here means that he must have plans.

Liu Guofeng smiled faintly and said: "Boss Zhong is really a smart person. My idea is very simple. Since Weak Water Real Estate wants to cooperate with me, I want some shares in Weak Water Real Estate not to be excessive. A grasshopper tied to a boat , Only common interests can truly cooperate without gaps."

Shares in weak water real estate?

With Liu Guofeng's status, what qualifications are there to hold shares in weak water real estate?

"Mr. Liu, your broken company is worth a few dollars, and you are bold enough to become a shareholder of weak water real estate." Zhong Liang said with disdain.

Liu Guofeng's expression became cold, and he said to Zhong Liang slightly savagely: "Boss Zhong, it is you who beg me now, not me. I urge you to think clearly before speaking."

Zhong Liang lay half on his seat, looked at Liu Guofeng contemptuously, and said: “Where do you see that I need to ask you, Liu Guofeng, although the weak water real estate is now suppressed by the Han Group, it will kill you. The company is still a breeze. Don’t take yourself too seriously. Do you really think that the current weak water property can be left to your waste?”

Liu Guofeng originally thought that the weak water real estate would surely give him some benefits if he wanted to win him over, so he opened his mouth. He also forgot what Zhong Liang said. Although the weak water real estate is now being suppressed, But the skinny camels are bigger than the horses, how can he be qualified to show off in front of Zhong Liang.

Chapter 360

“Boss Zhong, I was not very calm just now. I said something that shouldn’t be said. Please forgive me.” Liu Guofeng apologized to Zhong Liang. His attitude was superior, but after Zhong Liang was awakened by a word, he I know how stupid my attitude is, even if I don’t cooperate with weak water real estate. There is no need to fight against weak water real estate.

After all, his company is not optimistic now. Companies that are more powerful than him in the same field are now cooperating with the Han Group. His living space will be very squeezed. In this case, he will have enemies with weak real estate. It will only make him die faster.

Zhong Liang smiled coldly and said: “You said that my boss is a turbulent tortoise thing, I will report to him truthfully. As for what you should choose, think about it yourself.”

After speaking, Zhong Liang left the box.

George Han stood beside Zhong Liang the whole time, and never said a word. But from Liu Guofeng’s attitude, he can see that these people are very afraid of the Han Group, and they can never really cooperate with the weak water real estate.

“Young Master, he should cooperate with us.” After returning to the car, Zhong Liang said to George Han.

George Han looked out the window and said faintly: “This kind of cooperation is meaningless. He may at any time give a knife to a weak water property behind his back.”

Zhong Liang nodded and said, “It is true, what should we do now?”

“The next few people, you can meet by yourself. It seems that this road is no longer possible.” George Han said.

Zhong Liang hung his head helplessly. The business world pays attention to profit. Money is the most important thing. The financial strength displayed by the Han Group is not something that weak real estate can compete. It is almost impossible to win a sincere cooperation.

“Yes.” Zhong Liang said.

George Han got out of the car alone.

Since he was fourteen years old, he secretly embarked on his own business road. George Han has never encountered such a powerful enemy. He has a lot of methods. But in the face of absolute power, these methods will undoubtedly appear pale and weak. No matter how many tricks he has, the financial resources of the Han Group are placed there, like a high mountain towering into Yunfeng, surrounded by cliffs, George Han even though No amount of means can be used to climb.

For the first time in so many years, George Han had a sense of powerlessness, but in order to be able to be with Amelia Su again, even if he was facing a giant, he had to defeat the giant.

Amelia Su, who slept unsteadily all night at the Su family company, looked particularly haggard today. Even though she had put on makeup, her dark circles were still very obvious.

Shen Lingyao knows Amelia Su’s self-disciplined work and rest time. She will never let herself rest well. Could it be possible that something intense happened last night?

Walking quietly to Amelia Su's side, Shen Lingyao gave Amelia Su a weird smile and said to Amelia Su: "Amelia, look at your appearance, I was exhausted last night. You and George Han..."

Shen Lingyao stretched out her hands, pointed at each other with index fingers, and continued with an ambiguous expression: "Is it done?"

"I divorced him." Amelia Su said.

Shen Lingyao's movements froze in midair, her expression gradually becoming incredible.

"You...what did you say?" Shen Lingyao dug out her ears, suspecting that there had been auditory hallucinations just now.

"You heard that right, he and I are already divorced." Amelia Su said.

Shen Lingyao instantly exploded, and said angrily: "What's the matter, did George Han do something sorry for you, this bastard, I want to kill him! How dare you hurt you?"

Seeing Shen Lingyao's overreaction, Amelia Su quickly said: "He didn't do anything to be sorry for me. On the contrary, he was protecting me."

"What shit, divorce is also called protecting you. Are you poisoned by something that you believe in such silly words." In Shen Lingyao's mind, George Han is a very infatuated person. She also silently treated George Han as a male god, and now, George Han's image of a male god instantly collapsed in her heart, so she was angry. Not only because of Amelia Su, but also because of myself.

She could not accept an infatuated prince charming and suddenly became a scumbag.

“You calm down first, do you want to know what’s going on?” Amelia Su said calmly.

“Quickly say, if this scumbag has something to do with you, I will immediately pick up the knife and chop him.” Shen Lingyao lifted up his sleeve, looking furious.

Amelia Su smiled helplessly, Shen Lingyao was kind to her. It hasn’t changed from beginning to end.

But she also knew better that George Han’s heart for her had not changed. She even believed that when George Han made this decision, George Han was also in pain.

After Amelia Su told Shen Lingyao of her guess and the whole story, Shen Lingyao’s mood finally calmed down.

“Really, he was hooked away by other women?” Shen Lingyao said suspiciously.

“There are some things that I can’t tell you now. But it’s roughly the same.” Amelia Su concealed George Han’s identity, but mentioned that George Han had a holiday with the Han Group, so Shen Lingyao could not be completely convinced.

If you tell Shen Lingyao about George Han’s identity, she will have no doubts about it, but Amelia Su will not do this, because George Han does not want the outside world to know his identity, and Shen Lingyao, Amelia Su, who has a big mouth, knows very well, let her I know, it will be spread soon.

“How could he provoke the Han Group.” Shen Lingyao asked puzzled.

“There are some reasons, you will know later.” Amelia Su said.

Shen Lingyao suddenly wrapped Amelia Su's neck with one hand, as if trying to strangle her, but the hand injury did not really force her, and said in a threatening tone: "Well, Amelia Su, there is something to hide from me, don't you believe it? me?"

"I'm afraid you will say something you shouldn't say, your mouth. Don't you know it yourself?" Amelia Su said helplessly.

Shen Lingyao awkwardly let go of Amelia Su, and said, "That's right, if you tell me, I will definitely be tempted to tell others. Forget it, I will forgive you this time, but you have to be optimistic about George Han. He was abducted by other women."

Amelia Su wanted to go to George Han. Although they are divorced, it doesn't mean they can't meet each other.

But think about it carefully, since George Han did this, the purpose is to separate her from her. If she went to meet George Han, then the divorce would be meaningless.

"I believe him." Amelia Su said firmly.

Shen Lingyao also believed in George Han in her heart, after all, this infatuated image of a male god had been deeply ingrained in her heart.

"By the way, tonight our three sisters have a gathering, do you want to tell Evian about the divorce?" Shen Lingyao asked.

"This matter is almost spreading to Basin City, do I still need to tell her?" Amelia Su smiled bitterly.

Shen Lingyao nodded, and said nothing more.

Regarding the divorce between George Han and Amelia Su, after a night of fermentation, everyone in Basin City is already aware of it. The discrediting of George Han's visit to Jinqiao City has also been publicized, so now George Han is more than just Possessing the title of scumbag, it is even more the title of a scumbag.

Many women are indignant about this. How can they betray Amelia Su after eating soft food for three years?

There are even a lot of extreme people who are still discussing this matter on the Internet, and they have launched an overwhelming abuse of George Han.

Lily Jiang, the initiator of all this, was very happy about it. The more intense the scolding against George Han, the smaller the influence on Amelia Su. As long as Amelia Su is placed in a weak position, Amelia Su wants to find a husband in the future. It's even simpler.

Today's Lily Jiang has no plans to let George Han and Amelia Su remarry, and in her eyes, George Han will definitely be finished, so another plan is unfolding in Lily Jiang's heart.

In order for Amelia Su to find a better family, Lily Jiang must find a way to spread the fact that the two did not share the same room, so that those people know that Amelia Su is not tainted by George Han, and there will be more people who pursue Amelia Su.

The way of transmission is naturally her sisters with long tongues, so Lily Jiang called these people together again, specially invited them to dinner, and then accidentally missed the matter.

After those sisters heard about this, Basin City would undoubtedly sneer at George Han again.

What a joke is that I haven't completed the marriage for three full years?
