

Chapter 411

“I can go now.” George Han said.

Han Yan almost crushed her posterior molars. She never dreamed that George Han could stand up after three attacks at the center of the earth. Although there were many unwillingnesses, Han Yan would never make promises. Will regret it.

And even if George Han could leave today, sooner or later he would lose to her.

“You are lucky today, get out.” Han Yan said coldly.

George Han glanced at Qi Hu. Qi Hu hurried to his side and supported George Han.

When the two left the room, Di Yang lowered his head and said to Han Yan: “Miss, I’m sorry, I didn’t expect him...”

Han Yan interrupted Di Yang and said, “Grandpa Yang, this is the first and last time. I hope you will not let me down again in the future.”

Although the relationship between Han Yan and Diyang is very close on weekdays, the relationship between the two is a master and servant after all. Diyang will not disregard Han Yan because of her skill, even if she is to blame. Di Yang also had no complaints, because he had done something wrong in this matter.

“Miss, don’t worry, this kind of thing will never happen a second time.” Di Yang said.

Han Yan glanced at Han Qing, and Han Qing took the initiative to walk to Han Yan.

Snapped!

A loud slap slapped Han Qing's face, and suddenly five bright red fingerprints appeared on her face.

“If you don't have my order, it's the price to be adept. I hope you can remember this lesson.” Han Yan said coldly.

Han Qing lowered his head, not daring to complain, and said, “Miss, I know I was wrong.”

When George Han walked out of the hotel's door, the moment his will slackened, he passed out.

Qi Hu felt that George Han's body was weak, and could only hold him against his shoulders, like a madman, rushing back to the magic city all the way.

During George Han's absence, Mo Yang's eyelids kept twitching, when he saw George Han who was seriously injured and unconscious. But he breathed a sigh of relief. At least no one died. This is the best result. No matter how bad the injury is, it can be recovered.

“Prepare the car and go to the hospital.” Mo Yang said to Lin Yong.

“Yes.” After Lin Yong responded, he hurried to prepare the car.

In the VIP ward of the city hospital, George Han suffered a serious internal injury. After all, he was a master at the level of Di Central, but he did not endanger his life or leave any sequelae. This is pretty good news.

Mo Yang was guarding outside the ward. When he learned what happened in the hotel from Qi Hu, an irresistible regret came into his heart. If he thought about what kind of person George Han was, he would not let him. Qi Hu went to test Di Yang's strength, and he wouldn't let George Han suffer such serious injuries.

His feelings, whether they are dealing with women or men, as long as he recognizes them. He will be extremely important.

Even if it is a person like Qi Hu, George Han will treat him as a responsibility after he takes him down the mountain.

It is undoubtedly lucky to be a brother with such a person, and will not worry about stabbing him in the back.

However, in Mo Yang's view, George Han takes feelings so seriously, but it is a kind of fetters. Those who make big things do not stick to the trivial, and he will move towards the peak in the future. If he cares too much about the feelings around him, he will definitely Will become his bondage.

But at this point, Mo Yang didn't want to change in the past, and he knew that he couldn't change it.

“If he saves you with his life, you should repay him with his life. If you dare to betray him in the future, Mo Yang will be the first to let you go.” Mo Yang gritted his teeth and threatened Qi Hu.

Qi Hu is very clear. If it weren't for George Han, he would definitely die in the hotel. This life was picked up by George Han for him, so how could he betray George Han.

“I don't know what betrayal. I only know that if it weren't for him, I would have died.” Qi Hu said lightly.

Mo Yang patted Qi Hu on the shoulder. Perhaps George Han was right. Keeping Qi Hu will be more useful in the future.

Mo Yang cares too much about the immediate things, but George Han's layout is in the future, from this point of view. The situation of George Han is bigger, and Mo Yang has to admit that this is the gap between him and George Han.

When the three of them were guarding outside the ward, a very beautiful woman appeared. Her appearance, above Amelia Su, gave people a stunning and shocking beauty.

"Your name is Qi Yiyun?" Mo Yang stood up and asked.

The person here is indeed Qi Yiyun, for the Peninsula Hotel. She has strict control, so she knows the situation after George Han leaves the Peninsula Hotel.

During this period of time, Qi Yiyun did not contact George Han because she was trying to help George Han. Now she has a lot of funds in her hand, which are drawn from home as much as possible. Qi Yiyun cannot help with other things. If you are busy, you can only use money to help George Han fill some vacancies.

"How is he." Qi Yiyun asked.

"I haven't woken up yet." Mo Yang said.

"You big men, the carers are not careful. Starting today, I will take care of him while he is in the hospital." Qi Yiyun said.

Mo Yang considered this matter. He originally planned to notify Amelia Su and let Amelia Su take care of George Han, but after thinking about it, the two have divorced. In order to protect Amelia Su, George Han had separated from the Su family. At this time, Amelia Su came to take care of George Han. Once the news spreads, everything that George Han did would be meaningless.

Qi Yiyun appeared at this moment. This is good news for Mo Yang, because he does not have experience in taking care of men.

“Yes.” Mo Yang replied.

A day later, the unconscious George Han woke up and opened his eyes for the first time. Then I saw Qi Yiyun with exquisite makeup and amazing beauty.

“Why are you here?” George Han asked puzzledly.

“In order to save you money for a nursing worker.” Qi Yiyun said.

“In your eyes, am I already so poor?” George Han smiled faintly, all smiles can pull the pain into the wound. So he frowned soon.

“I got a sum of money at home. You can take it away anytime you need it.” Qi Yiyun finished speaking and sat on the edge of the hospital bed, moisturizing George’s lips with a cotton swab.

After being in a coma for a whole day, George Han did not get in. Qi Yiyun could only take care of George Han in this way, and he would do it every ten minutes. Even if he woke up late at night, this was the first thing Qi Yiyun did.

“I don’t lack small money, but big money, how much do you have?” George Han asked.

“My dad gave me half of the working capital at home, do you think it will be less?” Qi Yiyun said.

George Han nodded slightly, and said, “It seems that your value has already been manifested. If I can drive Han Yan out of Basin City, with your favor, I will definitely help.”

“Are you serious to help me, or plan to solve my troubles by the way when dealing with the Korean family in the United States.” Qi Yiyun asked.

“Of course it’s by the way.” George Han said without concealment.

“I was beaten into the hospital yesterday, and today I was thinking about dealing with the Korean family in the United States. You are so courageous.” Qi Yiyun said helplessly. Now it is still unknown whether he can deal with Han Yan, but he is already in his mind. Planning to deal with the Korean family in the United States, this kind of unconstrained idea is really not something ordinary people can do.

“Don’t people have a dream?” George Han smiled. His current ability is indeed not qualified to deal with the American Han family, but it doesn’t mean that he doesn’t even have the courage to think.

“Can I be your dream?” Qi Yiyun asked suddenly.

George Han’s eyelids suddenly jumped, and it was not the first time that Qi Yiyun showed his favor in this regard, and it was still such a beautiful big beauty.

However, his position will never change.

Love Amelia Su in this life, there will only be a woman Amelia Su in my heart.

Seeing that George Han did not answer, Qi Yiyun sat on the bed again, put his legs on the bed, and covered a quilt with George Han.

When George Han felt Qi Yiyun’s leg resting on his thigh, he became nervous inexplicably, and said, “You...what do you want to do!”

“If you don’t do something while you can’t move, will I still have a chance in the future?” Qi Yiyun said with a smile.

George Han felt a fire in his heart for an instant and then rose up, causing his dry mouth and tongue.

Although his position is very firm, in the face of this temptation, I am afraid that no man can resist it!

Chapter 412

“You...what do you want to do!”

The immobilized George Han looked at Qi Yiyun in horror. His current physical condition, as long as any muscles are involved, will inevitably cause huge pain. At this time, even if he faces Qi Yiyun, he has nothing to do. If... Qi Yiyun really wanted to do that kind of thing to him, George Han seemed to have to endure it silently?

“The air conditioner is too cold. Can't I cover the quilt? You don't really think that I am so lowly like this. With my appearance, is there still a lack of men?” Qi Yiyun stared at George Han and said, he was so intense The reaction made Qi Yiyun very helpless, because she knew that the stronger George Han's rejection, the higher Amelia Su's status in his mind.

Sometimes, Qi Yiyun admires Amelia Su very much. Envy her to get such a sincere feeling, and no matter what temptation he faces, George Han will not betray her.

In today's society, it is possible to meet such a man. Except for luck, Qi Yiyun could not think of other possibilities.

But Qi Yiyun didn't know that when George Han insisted on this feeling, Amelia Su did the same.

The maintenance of a relationship is definitely not something that one person can do unilaterally, it must be both sides who are paying for it.

When George Han refused all temptations, Amelia Su also refused all the favors.

Su's company.

When Amelia Su started to pack up the papers, indicating that she was about to leave work, Shen Lingyao came to her office.

“Amelia, today there are a lot of flower-giving people outside the company. I think you are in disaster.” Shen Lingyao said to Amelia Su with a look of envy. She has never tried what it feels like to be pursued by so many people, but just want to I feel very happy if I think about it.

What Shen Lingyao felt happy was a pain for Amelia Su. Since the news of her divorce with George Han spread in Basin City, and outsiders also knew that she did not sleep with George Han, those The suitors are like locusts crossing the border. Almost every day, many people wait at the door of the company to give gifts and flowers. This matter has already troubled Amelia Su.

“How many people are there?” Amelia Su said helplessly. Going to work to deal with work, and having to deal with these flies after get off work, it really makes her a little physically and mentally exhausted.

“There are more than ten, and each one is very handsome, why not choose one.” Shen Lingyao said.

Amelia Su looked at Shen Lingyao fiercely, and said, “Are you crazy? How could I betray George.”

Shen Lingyao sighed. The relationship between the two people is really unbreakable, but Amelia Su continues to be so single, and I don't know how many moths will fight the fire.

“I mean, you pick one at random and use it as a shield. No one will harass you in the future.” Shen Lingyao said.

Amelia Su shook her head decisively, even if it was just a shield, she would not want to do anything that could make George Han unhappy.

“You are good with everything, but there are too many messy thoughts in your mind. I am looking for a shield. I know that he is a shield. But other people don’t know. This matter spread to George Han’s ears, in case he is unhappy. What should I do?” Amelia Su said.

“I really don’t know how the relationship between the two of you was cultivated. You used to hate him to the bone.” Shen Lingyao looked at Amelia Su in confusion, thinking that when she was just married, Amelia Su complained a lot about George Han. The matter, telling how unwilling she was in her heart, even Shen Lingyao thought that the two would divorce sooner or later, but now, the relationship between the two has suddenly become indestructible, even if they are divorced now, no third party can Successfully stepped in.

Amelia Su’s face unconsciously showed tenderness. She hadn’t thought of it before, but after slowly feeling George Han’s true love for her, Amelia Su’s accumulated feelings in her heart. It also burst out, when she was convinced that she was in love with George Han, Amelia Su had only George Han in her mind.

“This kind of thing. I can only understand it. When you meet a beloved man, you will naturally understand.” Amelia Su said with a smile.

Shen Lingyao sighed, she was not sure if she could meet the man she loved, but now, she couldn’t deny the strong affection for George Han in her heart.

Since knowing that George Han is the little piano prince, Shen Lingyao’s affection for George Han has deepened day by day, even if she has tried her best to restrain herself. But feelings are like springs, and they can’t be restrained.

Of course, Shen Lingyao is sensible, and she will never do anything to destroy the relationship between George Han and Amelia Su.

“Su Dong, those people outside are fighting.” At this moment, an employee of the company ran to Amelia Su’s office in a panic and said.

The suitors of Amelia Su outside the door were just quarrels at first, but now they have evolved into full-fighting kicks. The scene was chaotic.

After hearing this, Shen Lingyao said silently: “These people love you really to the point of crazy, it seems that soon, they will hold a ring, and who are more qualified to pursue you.”

Amelia Su turned a deaf ear to Shen Lingyao’s cool words, and said to the staff: “You can watch for me. If you are playing very hard, please call me quickly.”

“Good Su Dong.”

“Amelia, you don’t think it’s too big to watch the excitement. Now except you, no one can stop things from expanding.” Shen Lingyao said to Amelia Su suspiciously.

“I don’t bother to care how big their business is. It’s best for everyone to go to the hospital and stay in the hospital for ten and a half months, then I can be quiet.” Amelia Su said, she asked the staff to watch. I hope to take the opportunity to leave in the most chaotic time to avoid being discovered by these people and affecting him to go home.

“The most poisonous woman. If those suitors know your attitude, they should be heartbroken.” Shen Lingyao said.

Amelia Su smiled faintly. Although she was a bit cruel, she thought those people had nothing to do with her. What does it matter even if it is tough.

When the employee called and said that they had already formed a group outside, Amelia Su quickly took her bag and prepared to sneak out of the company.

At the door of the company. Those people were fighting fiercely, as if they were in a movie. Amelia Su took advantage of the chaos, covered her head with a bag, and quickly fled the scene.

When she was about to walk near her car, she ran into a strange man head-on.

Amelia Su was shocked, maybe there are smart fishermen waiting for her.

When Amelia Su raised her head and found that the other party did not hold flowers or gifts, she breathed a sigh of relief. It should not be a suitor, but a passerby.

“Sorry.” Amelia Su said apologetically.

“Miss Su, come with us.” The man said with a smile.

This sentence made Amelia Su feel bad, but when she wanted to run, she was already firmly grasped by the shoulder.

“What do you want to do.” Amelia Su asked vigilantly.

“Invite Miss Su to sit down, there is nothing wrong with it.”

In the chaotic scene, no one found that Amelia Su was kidnapped into a van, and even the person George Han arranged to protect her by Amelia Su did not notice.

The van with a black plastic bag covering the license plate quickly drove away from the scene.

Looking at the bad-faced big guys in the car, Amelia Su tried to control her fear and asked: “Who are you and why are you arresting me.”

“Miss Su, we are just for living. I hope you don’t resist and avoid suffering.” The person sitting in the co-driver turned his head and said to Amelia Su.

Amelia Su never thought of resisting, because she knew she was not the opponent of these men, but she couldn’t figure out who she was targeted.

Could it be Han Yan? She has now divorced George Han, it is impossible for Han Yan to do this, otherwise, George Han will not deliberately arrange this divorce scene.

The vehicle drove out of the city and came to a small town on the outskirts of the city.

After Amelia Su was taken into a small farmyard, she was directly locked in a room. After her mobile phone was confiscated, she severed all contact with the outside world.

Until the evening, a woman wearing a mask appeared in front of her.

Chapter 413

“Who are you.” Amelia Su looked at the visitor with a torch, as if she wanted to see through her mask.

“God has opened his eyes. You were arrested as soon as George Han was beaten into the hospital. Your husband and wife were unfavorable for a long time.” The person here is Han Qing. Although he witnessed George Han being beaten yesterday, That’s not even personal revenge, so Han Qing did not terminate the plan to catch Amelia Su, but she did not expect that it would happen so soon. As soon as George Han entered the hospital, Amelia Su was also arrested.

“Three thousand in the hospital? What’s going on!” Amelia Su’s calm emotions instantly produced huge ups and downs. She didn’t know what happened to the Peninsula Hotel. At this moment, hearing Han Qing talked about it, her heart became nervous.

“Don’t you know?” Han Qing under the mask showed a cheerful smile, and continued: “He was beaten up like a dead dog yesterday, and he vomited a lot of blood. I can’t move.”

“Impossible, you deliberately lied to me. Right.” Amelia Su said shortly. She didn’t know who the woman in front of her was, and she didn’t want to believe what she said.

“Lied to you? Do you want to see how he was beaten, but I have a video record.” After speaking, Han Qing took out his mobile phone. Yesterday, when George Han was beaten, she secretly took a photo. It was originally intended to be used to humiliate George Han in the future, but it came in handy so soon.

Amelia Su walked in front of Han Qing and grabbed the phone. When she saw the video, George Han was lying on the ground and vomiting a lot of blood. The tears burst like a spring, and the tears continued to flow.

“Who are you and why do you want to hurt him?” Amelia Su said angrily at Han Qing, gritted her teeth.

Seeing Amelia Su angry, Han Qing felt even more happy. Her happiness needs to be built on the pain of others. This deformed mentality was developed in the Han family. Because of Han Yan’s changeable personality, she regarded her as a sister for a while. After a while, she slapped her with disagreement, resulting in Han Qing’s almost distorted character.

“When he was lying on the ground, he was like a dead dog. It was really pitiful to look at.” Han Qing said with a smile.

Amelia Su walked up to Han Qing angrily. She almost lost her mind and stretched out her hand to Han Qing.

Han Qing sneered and kicked Amelia Su’s abdomen. Although she is not a master, she has been fascinated by her since she was a child, and she has also learned some fighting skills. Dealing with Amelia Su is just a piece of cake.

“He is a trash, you are also a trash, do you want to do something to me?” Han Qing said disdainfully.

Amelia Su squatted halfway on the ground, her hands covering her abdomen. Although she didn’t live the easy life of a young lady in Su’s house, she still had very little experience in fighting with people.

After a while, Amelia Su stood up again and said, “Who are you?”

“My identity, do you have the right to know this rubbish?” Han Qing said contemptuously.

Amelia Su smiled faintly, and said: “With a mask, I don’t dare to show people with my true colors. I think you are a guilty conscience and afraid. I don’t dare to let me know about it.

Han Qing’s face under the mask became cold, and Amelia Su’s words hit her arms, which made her a little bit ashamed.

Pulling Amelia Su’s hair, Han Qing gritted his teeth and said: “Dare to say that I am a rat, are you a bitch qualified? Marry a waste bitch.”

Amelia Su felt that her scalp was about to be ripped off, but she did not compromise and said, “Even if I am a bitch. It’s better than you living under a mask and not daring to meet people. Dare to let me know who you are? “

Han Qing had the urge to pull off the mask for a moment, but she knew that she couldn’t do this. These things were done with Han Yan behind her back. If Han Yan knew, she would never end well.

“Want to see my true face, you are not qualified yet.” Han Qing pulled Amelia Su to the ground, then said to the person outside: “You guys, don’t come in and help.”

A few men walked into the room for the first time, looking on standby.

Han Qing looked at Amelia Su angrily with both eyes, and said, “Hit me, hit me hard.”

After a round of punches and kicks, Amelia Su lay on the ground, almost unable to move, and several people subconsciously stopped, fearing that if they continue to fight, they will kill them.

But the anger in Han Qing’s heart was still burning, and he scolded, “Stop doing it. Without my order, why should I stop and continue fighting.”

“If you continue to fight, I’m afraid it will kill you.” Someone said to Han Qing, they just kidnapped Amelia Su. Taking risks to make a lot of money, if life is lost, the nature of the matter is different.

“What are you afraid of? Even if you are killed, you don’t need to be responsible. If you want to get the money, continue to beat me.” Han Qing said.

The few people glanced at each other, and their eyes were a little unbearable. After all, Amelia Su was just a woman. Several big men bullied her, and said this kind of thing. It’s shameful, and they have no hatred with Amelia Su. It’s enough to hit this level.

But the money was still in Han Qing’s hands, and they had to listen to her orders.

The punching and kicking continued, Amelia Su couldn’t even make the sound of screaming, and the corners of her mouth overflowed with scary red, which seemed to be dying.

Only then did Han Qing let a few people stop. Walked to Amelia Su, squatted down and said: “Smelly bitch, now you know what will happen to me when you offend me?”

Amelia Su felt that her whole body was about to fall apart, and there was no place that didn’t hurt. She didn’t hear a word of Han Qing’s words, and said vaguely: “Three thousand will avenge me.”

Han Qing smiled coldly, grabbed Amelia Su’s hair, forced her to raise her head, and said: “Look at your poor face, George Han can’t even keep him, how can I avenge you.”

Amelia Su smiled on George Han’s face, but in this case, the smile looked particularly miserable, and said: “He can handle all the troubles, I believe him.”

“Joke, his ability, how to fight the Han group, what use do you believe him, he is such a waste. How could there be a chance to resist.” Han Qing said disdainfully, in her opinion, Han Yan came to Yun At the moment of Cheng, George Han’s fate was already doomed, because the two weren’t at the same level at all.

Amelia Su shook her head. She has no strength to speak, and there is no point in continuing to argue.

Han Qing loosened Amelia Su’s hair, causing Amelia Su’s head to fall heavily on the ground, stood up, and said to a few people: “Let me watch her well. If you let her run away, you don’t want to get a penny.”

After leaving the small farmyard, Han Qing took off the mask. She looked terrifying and looked particularly odious.

“George Han. Wait for me to kneel, otherwise, you don’t want to see this stinky bitch again.” Han Qing said to himself.

The Demon City, the few people sent to protect Amelia Su, all lay on the ground one by one, apparently being beaten badly.

Mo Yang, who lifted his sleeves, was out of breath. He gave such an important task to these people who trusted him, but he never thought that they had dropped Amelia Su with their eyelids lowered.

Amelia Su’s car was still parked in front of the company, and Mo Yang had asked someone to find out that Amelia Su did not return to the mountainside Villa. Obviously, something went wrong.

“Boss Mo, do you want to tell Brother George about this?” Lin Yong asked Mo Yang with a pale face. Amelia Su was kidnapped. This is the fall of the sky. Although it is not his responsibility, he is still very scared.

Once George Han's anger burns, no one can guarantee that he will not be affected by the fish pond.

Mo Yang gritted his teeth and said: "How can he let him know what his current situation is, if he doesn't heal his injuries, what to do if he has sequelae."

Lin Yong also knew that if George Han were to know, he would definitely not heal in the hospital, which would definitely aggravate his condition, but Lin Yong couldn't think of anything about the current situation.

At this time, one of his men next to the runway Mo Yang said: "Boss Mo, according to the surveillance video on the spot, Miss Su was probably taken into a van, but the license plate of the car was blocked. I have already thought of a way to retrieve it. Monitoring nearby, but can't find out where the van went."

Chapter 414

Mo Yang gritted his back molars, and the other party was clearly prepared, blocking the license plate, and showing the number in another area. There are so many vans on the street, who knows where the one that took Amelia Su away.

The more rigorous the layout, the more it shows that the other party is not good, and Amelia Su's current situation is bound to be very dangerous.

He could not let Amelia Su suffer any harm while George Han was hospitalized. And this is because his subordinates are not doing things well. If you can't give George Han an explanation, what face does he have to appear in front of George Han?

“Assemble everyone and conduct a thorough investigation overnight. Don't let any of the villages and small towns in the suburbs.” Mo Yang said.

Lin Yong suggested: “Do you want to unite with everyone in the gray area? There are more people and more power.”

“The movement is so big, are you afraid that George Han won't know it?” Mo Yang glared at Lin Yong. Although what he said was reasonable, once the influence expanded. The probability of George Han receiving the news also increased, and Mo Yang couldn't let George Han know about this under such circumstances.

After George Han cultivated his body, Mo Yang would naturally take the blame for this matter.

“Yes.” Lin Yong shrank his neck and said with a look of fear.

That night, hundreds of people acted overnight. In the surging cloud city, a carpet-like search was launched.

Mountainside Villa, Lily Jiang and Wilson Su were still waiting in the living room because Amelia Su did not go home.

“What’s the matter with this girl today? She doesn’t go home so late and doesn’t answer the phone. The bigger the girl, the less sensible she is.” Lily Jiang complained.

Wilson Su twisted his eyelids and said: “Will something happen? Today my eyelids have been jumping non-stop.”

Lily Jiang stared at Wilson Su and said, “You crow’s mouth, don’t talk anymore.”

Wilson Su rubbed his eyes, feeling very uneasy. Although he didn’t want Amelia Su to have an accident, the sixth sense told him that if it hadn’t happened, Amelia Su should have gone home long ago. Even if he didn’t go home, he couldn’t not answer the phone.

“Did she secretly rush to meet that wimp?” Lily Jiang said angrily. This is the only possibility she can think of. Amelia Su did not answer the phone, as if she was deliberately avoiding her with a guilty conscience.

“It’s really possible,” Wilson Su said.

Lily Jiang immediately took out his cell phone, and since no one answered Amelia Su’s call, she could only call George Han.

“Hurry up and let Amelia go home.” After the call was connected, Lily Jiang said directly, because she had determined that Amelia Su and George Han had met.

George Han was lying on the hospital bed. Even the mobile phone was held with Qi Yiyun’s help. After listening to Lily Jiang’s words, he felt inexplicable and said, “Where did Amelia go?”

“George Han, don’t pretend to be confused with me. If she hadn’t met with you, why didn’t she go home and didn’t even answer my phone.” Lily Jiang said coldly.

Hearing this, George Han’s expression changed. Amelia Su didn’t go home and didn’t answer the phone. Could something be wrong? But he had already sent people to protect Amelia Su, if there was any accident, he should know.

“I really haven’t been with Amelia. Have you called Shen Lingyao?” George Han said. These two best friends often get together, maybe they are playing at Shen Lingyao’s house and forget the time.

Lily Jiang frowned. She determined that the two were together, but looking at George Han’s attitude, he really didn’t seem to know where Amelia Su had gone.

“I called Shen Lingyao a long time ago. She said Amelia left the company after get off work and was not with her.” Lily Jiang said.

“Don’t worry, I’ll call and ask.” George Han said, Mo Yang’s people were secretly protecting Amelia Su. Those subordinates should know where Amelia Su has gone.

“George Han, if something happens to Amelia Su, it must be related to you. You must find Amelia to me tonight. Otherwise, I will never finish with you.” Lily Jiang threatened angrily, Amelia Su did not Enemy, if she is taken away, it must be related to George Han, so Lily Jiang directly passed the responsibility to George Han.

George Han did not answer, but hung up.

“Help me dial Mo Yang’s number.” George Han said in a deep voice to Qi Yiyun.

“Will Han Yan do it?” Qi Yiyun asked George Han during the dialing process.

George Han didn't say a word, no matter who did it, as long as it threatened Amelia Su, it wouldn't even work if it was the king of heaven.

After the call was connected, Mo Yang took the lead and said: "Is your kid boring to be hospitalized? It's time for you to call me?"

Mo Yang's tone was very relaxed, but George Han could feel a very deliberate affection. It seems to be hiding something.

"Mo Yang, where is Amelia?" George Han asked in a cold tone.

Seeing George Han's caller ID, Mo Yang had a bad premonition in his heart, but how could George Han, who was in the hospital, know when things were so sudden?

"Don't worry. I have sent someone out to look for it." Mo Yang said, since George Han knew about it, he couldn't keep hiding it, so he could only tell George Han truthfully.

"Do you think I can rest assured?" George Han said.

"I will find my younger siblings as soon as possible, and will never let her suffer any harm. You still need to rest in your current situation. You can safely leave this to me. Don't you believe me?" Mo Yang said.

George Han naturally believed in Mo Yang, but Amelia Su's whereabouts were unknown. How could he be relieved.

But George Han also knew his condition, his current body was not allowed to leave the hospital, and even if he left, he might not be able to help.

"If you have any news, let me know as soon as possible." George Han said.

“Okay, don’t worry, as long as there is news, I will tell you immediately.”

As soon as the phone hung up, the ring rang again.

Looking at Lily Jiang’s caller ID. Qi Yiyun asked: “Do you want to pick it up?”

George Han nodded.

Just as soon as I pressed the answer button, Lily Jiang’s angry roar came from the phone: “George Han, you are a bad guy, are you willing to kill Amelia?”

“If it weren’t for you, how could Amelia be dangerous? After so many years, don’t you know that you are a scourge?”

“What the hell do my Su family owe you? Did you plan your ancestor’s grave? You want to have trouble with the Su family like this.”

“You who kill a thousand knives, why don’t you die? If you die, you won’t harm people.”

Listening to the harsh words, Qi Yiyun didn’t get George Han’s consent and hung up the phone.

Even as an outsider, Qi Yiyun couldn’t stand it anymore.

George Han has endured humiliation in the Su family for so many years, and he has brought countless benefits to the Su family. If it weren’t for George Han, how could Lily Jiang live in a Villa on the mountainside, how could he live a carefree luxury life? But she doesn’t remember anything. From beginning to end, George Han regarded George Han as an outsider.

“This kind of woman, you don’t need to pay attention to her.” Qi Yiyun said.

George Han shook his head and sighed, and said, “She was right. If it weren’t for me, Amelia wouldn’t have to take such a risk. Everything happened because of me.”

“But aren’t the benefits you brought to the Su family still small? They used to live in a shabby community that didn’t even have an elevator. Without you, she wouldn’t even have the qualifications to enter the Yundingshan Villa area.” Qi Yiyun said angrily.

“Money is a foreign body, the risk of welcoming the summer. But life.” George Han said.

Qi Yiyun gritted his teeth, and George Han’s feelings for Amelia Su have reached an inextricable level. It seems that he can bear any grievances for Amelia Su.

“This kind of risk. I’m willing to take it, even if it pays my life.” Qi Yiyun looked at George Han sincerely. Although it is not the first time to show favor to George Han, this time, it is definitely the most determined. .

She is willing to take any risk and is willing to use her life to win this sincere feeling, as long as George Han is willing to treat her like Amelia Su.

“You are not qualified.” George Han said lightly.

Qi Yiyun smiled miserably. Even so, George Han would not change his mind. Amelia Su’s happiness is probably incomparable to any woman in this world.

“She’s so happy.” Qi Yiyun turned around and walked to the window, tears streaming down her cheeks, the feeling of heartache almost made her unable to breathe.

Chapter 415

In the eyes of outsiders, Amelia Su's happiness is unattainable. It seems that no one can compare with her, but in the eyes of George Han, all this is taken for granted. Amelia Su deserves his love and protection.

Facing Qi Yiyun's slightly shaking shoulders and low sobbing, George Han was not half-hearted, because his thoughts were only on Amelia Su, as for the feelings of other women. Not something he would care about.

As time passed, every second was very difficult for George Han. He couldn't be sure whether Amelia Su was safe or not. He couldn't calm down for a moment.

"If you want to leave the hospital, I can find you a wheelchair." Qi Yiyun said to George Han.

George Han nodded without hesitation. With his current mood, how could he stay in the hospital with nothing to do, and said, "Thank you."

"Have you figured it out clearly? You can't cultivate well. Maybe it will leave sequelae to the body." Qi Yiyun reminded.

George Han smiled faintly, the sequelae are nothing to him.

"The falling sky won't stop me," George Han said.

Qi Yiyun nodded and left the ward, and soon he pushed a wheelchair.

After supporting George Han in a wheelchair. Qi Yiyun pushed George Han out of the hospital.

There are faint pedestrians in the streets late at night. In the eyes of those people, George Han and Qi Yiyun are like lovers. Qi Yiyun likes this misunderstanding

very much, and even enjoys it, because only a misunderstanding can make her feel that she is in harmony with herself. George Han has the possibility.

She is unwilling to face the reality, not because she loves George Han deeply, but she knows very well that it is very extravagant to get the true love of George Han, which other men can't give, so she Will not be reconciled.

When Mo Yang saw George Han in the magic city that was closed tonight, he didn't feel the slightest surprise in his heart. He even expected George Han to appear a long time ago.

“Why don't you take a good rest in the hospital? Wouldn't it be enough to leave this to me? I have sent all my brothers out. For hundreds of people, they will definitely bring Amelia back safe and sound.” Mo Yang Said to George Han.

“What's the clue now?” George Han asked lightly.

Seeing George Han avoiding his own question, Mo Yang sighed helplessly and said, “There is a surveillance video, but the distance is very far, not very clear, but I can basically see that Amelia Su was taken away.”

“Take me to see.” George Han said.

When the video played in front of George Han. Mo Yang could feel the strong killing intent emanating from George Han, and it was full of bitter coldness, but this is not surprising, with Amelia Su's important position in George Han's mind, watching Amelia Su being kidnapped. How could he be calm.

“George, don't worry, I will be able to find these people.” Mo Yang assured George Han.

“These people were the guys Han Qing sent to make trouble last time. It seems that the kidnapping of Amelia Su was also done by Han Qing.” Although the screen is a

little fuzzy, George Han can basically confirm the identity of the other party. He was on the second floor that day. He clearly saw a few guys who were ready to move, but only one person was caught in the end.

“Han Qing!” Mo Yang frowned and said, “Does she have such courage?”

“The face-loving person can’t do anything. Maybe she feels that revenge on me is not enough to vent her anger.” George Han said. Since she knows that Han Qing did it, she can be saved as long as she goes to the Peninsula Hotel to find her. Back to Amelia Su.

But the Peninsula Hotel has the center of the earth. George Han is in this state, even if he goes there, it won’t help. There is no way to account for Han Qing, and it is even more impossible for Han Qing to let Amelia Su go.

George Han is a very self-reliant person. From childhood to adulthood, he faced and solved almost all the problems himself, because he knew that only in this way could he become stronger in his experience.

But today, George Han couldn’t solve this matter relying on his own ability, so he had to find someone to help.

It is related to Amelia Su’s safety, and time is short, I hope he can appear as soon as possible.

“Qi Yiyun, help me dial Grandpa Yan’s number.” George Han said. Only Jun Yan can ask for help. Maybe he can be Diyang’s opponent.

After finding Yan Jun’s number, Qi Yiyun did not turn on the PA mode, but handed the phone to George Han’s ear.

When the phone was connected, George Han said, “Grandpa Yan. George has something to ask you for help. Can you come to Basin City?”

“I’m in a neighboring city, and I will arrive in half an hour.” Yan Jun said.

These words let George Han breathe a sigh of relief. Last time he returned to Hillwood City, Mary talked about Jun Yan. He said that he had important things. After leaving Hillwood City, George Han was worried that he could not be found this time.

In a small hotel in Basin City, Jun Yan didn’t rush out after hanging up the phone.

During this period of time, he has been in Basin City, protecting George Han’s life safety, but he didn’t want George Han to know about this matter, because he couldn’t let George Han feel any sense of dependence in his heart.

Peninsula Hotel. Regarding George Han’s beating, Jun Yan didn’t intervene, because he knew that Han Yan would not kill George Han. When there was no life threat, Jun Yan had no reason to act.

But today, since George Han called for help, it showed that he was desperate, and Yan Jun had to take action.

Half an hour later, Jun Yan arrived at the magic city on time.

When Qi Hu saw Jun Yan, he lowered his head unconsciously. It was this old man, even his master could not have the idea of making a move. With just a word from him, Chongyang agreed to his condition.

Qi Hu unconsciously compared Yan Jun and Di Yang in his heart. In his opinion, Di Yang seemed to be stronger than Yan Jun, because the damage he suffered on Di Zhong was more than Yan Jun gave him. Come stronger.

“Grandpa Yan, Amelia was arrested, can you accompany me to the Peninsula Hotel?” George Han said to Jun Yan.

Yan Jun watched George Han grow up since he was a child, and even watched him suffer from the coldness of the Han family, and even his step-by-step achievement of his business road. No matter how difficult he encountered, he was never as helpless as he is now. .

George Han sitting in a wheelchair made Yan Jun feel distressed, and said lightly: “Don’t worry, Grandpa Yan will help you solve this trouble even if he has tried his best.”

A group of four people, Qi Yiyun pushed George Han in a wheelchair, and Yan Jun walked on the back left. Qi Hu walked on the right back and headed towards the Peninsula Hotel.

At the entrance of the Peninsula Hotel in the middle of the night, there is still a security guard on duty.

When the security guard saw George Han in a wheelchair. There was a scornful smile on his face.

Not long after this guy was beaten out, he even dared to send him home.

“I’m all in a wheelchair, and I don’t know how to stop. I think you don’t want your life.” The security guard said to George Han with a mockery.

George Han’s face was as deep as water, and said, “I want to see Han Yan.”

“Ms. Han didn’t give a notice. And it’s almost midnight. How could Miss Han see you? Get out. Otherwise, I’m afraid you won’t even have the opportunity to use a wheelchair.” The security guard said.

“I advise you not to rush. Otherwise, you can only prepare the urn. I think you are so young, why bother with your own life.” Another security guard said.

George Han glanced at Qi Hu, this kind of little shrimp character is naturally not worthy of Yan Jun.

Qi Hu suffocated his stomach and took two steps forward, and the security guards backed away in fright, even his face changed.

“Who will come?” Qi Hu asked.

Qi Hu had rushed to the hotel before, and these security guards had a very deep understanding of his skill. After all, they still have colleagues who have not come out in the hospital.

“Big man, I warn you, don’t mess around, or you will die here today.”

“Miss Han has taken a break, do you know how serious it will be to interrupt Miss Han’s rest?”

“You guys who don’t know good and bad, get out of here, Miss Han will investigate it, none of you can escape.”

Several security guards looked at Qi Hu vigilantly and could only threaten with words.

Qi Hu knows George Han’s determination to enter the hotel. What’s the point of talking nonsense with these guys?

Chapter 416

When Qi Hu walked towards the security guards in a combat state, those people suddenly dispersed, and no one dared to stand in front of Qi Hu and block the way.

Qi Hu smiled disdainfully and said: “A bunch of rubbish, they don’t have the guts to fight me, they are so arrogant.”

Qi Yiyun pushed George Han into the hotel, Qi Hu shouted: “Hurry up and let Han Yan come out, otherwise, I will smash this broken place.”

When the voice fell, a bronze figure weighing a hundred jin was pushed to the ground by Qi Hu. There was a loud noise.

Han Yan was in a beautiful dream when the landline phone in the room suddenly rang, making her angry. Looking at the time, it was still in the middle of the night, and she was even more annoyed.

“Who are you, don’t you want to live? You dare to interrupt my rest.” Han Yan said with gritted teeth after answering the phone.

On the other end of the phone was the security guard who heard Han Yan angry. He said quickly: “Miss Han, that big man has broken into the hotel again, and he still wants to see you, so I have no choice but to call you.”

Han Yan wakes up in time, big man. Is it Qi Hu? This guy finally escaped from the dead, but he came to die again. He really didn’t know what was good or bad.

Hanging up the phone, Han Yan said to herself in a cold tone: “Since you want to die, I will fulfill you today.”

Han Yan put on clothes and knocked on the door of the center of the ground next door.

Even when Di Yang was sleeping, he remained extremely vigilant, so less than ten seconds after the door rang, he had opened the door at the door.

“Miss, what’s the matter?” Di Yang asked.

“The big man came to die again, so he dared to interrupt my rest. I want him not to leave alive today.” Han Yan said with a frosty face.

Di Yang frowned, but George Han saved Qi Hu at the risk of his life. How could he not know what is good or bad, so he took the initiative to send him to death?

When the two came to the hotel lobby, Han Yan was very surprised when he saw George Han.

She thought it was only Qi Hu who came to die, but she didn’t expect even George Han to come.

“George Han, don’t think that I really dare not kill you. It disturbs me to rest at this time. Even if I cut first and play later, I’m just getting scolded.” Han Yan said with gritted teeth.

“Han Qing, I want to see her.” George Han said.

Han Qing was useless at this time, so Han Yan did not call her at all.

George Han suddenly came to Han Qing, apparently Han Qing did something.

Han Yan had guessed it before. However, she didn’t ask specifically, now it seems that it has violated George Han’s inverse scales, otherwise, he wouldn’t have come to die in a wheelchair.

“You better go to see King Yan.” Han Yan said, and then took a step back. The meaning of this action was very obvious, and it made room for Dizhong.

While Di Yang stepped forward two steps, Jun Yan, who was standing beside George Han, blocked George Han at a speed beyond the reach of the naked eye.

A hint of surprise flashed in Di Yang's eyes. At such an astonishing speed, even he couldn't see his movements clearly. The opponent was obviously a master.

"I didn't expect you to invite such a helper, it really surprised me." Di Yang said.

"Under this world, you are not just you." George Han said with disdain. Although he couldn't beat the center of the earth, he was very confident in Jun Yan's skill. This was something he had witnessed since he was a child.

If it weren't for Yanjun, the Han Family would have been so smoothly for so many years.

The birth of the strong will inevitably be accompanied by corpses everywhere, and many enemies will be formed. The Han Family has a stable position and has an inseparable relationship with Yanjun.

"Who is the strong one, you have to fight to know." Di Yang said with a smile.

The battle between Jun Yan and Di Yang. As soon as they are on the verge, these two can be said to be top masters, so in them, there are no gorgeous moves, only the hedge of strength and speed. When the speed is too fast, others can't see how they are. The shot, just feel dazzled.

For George Han, this was an opportunity to learn, so he looked very carefully.

However, Qi Hu was completely stunned at this time. He thought that Chongyang was the most powerful master in the world. It was not until after seeing Lord Yan and Di Yang that he truly understood what the word master meant.

It turned out that fighting can still be done like this, and the action is so fast that people can't see clearly.

Han Yan didn't understand this aspect of things, but at this moment, she frowned because of the center of the earth in her eyes, no matter who she faced. At most ten tricks can be done, but in the current situation, the winner has always been indistinguishable, how is this possible!

How could George Han, this trash, find such a powerful helper. Even the center of the earth has no way to absolutely win!

He is the strongest of the Korean family in the United States. If he can't beat the people brought by George Han and the bodyguards of the Korean family in the United States, who else can be his opponent.

“George Han, do I really underestimate you?” Han Yan whispered to herself.

In the middle of the battle, his mood was very ups and downs at this moment. He was a top killer and had seen countless masters. Although some people were so strong that he didn't dare to face them, those people. They are all characters standing on top of the world, how could China have such a powerful character?

Based on the contempt of Huaxia by the Korean family in the United States, Diyang also held an attitude of disdain for Huaxia as a whole. He never thought that Huaxia had a person who could compare with him, but now, this person has appeared in front of him.

Di Yang's expression gradually became serious, but Yan Jun, on the other hand, still looked calm and calm, which made Di Yang even more surprised, and he dealt with himself. It seems effortless.

Although George Han could not see the movements of the two clearly, he could clearly see the expressions of the two of them. The contrast at this time showed that Jun Yan had gradually taken control of the advantages, and he was relieved.

“Grandpa Yan is really amazing, I don’t know if his strength can be ranked internationally.” George Han said uncontrollably.

“I heard from my father that there are so many strong men in this world. He has seen one before, and even heat weapons can’t hurt him. I used to think he was bragging. Now it seems that maybe he said nothing. It’s true.” Qi Yiyun said lightly. Although she has a master like Dong Hao by her side, Dong Hao’s strength is not something very people can do, but at this moment, the performance of both Di Yang and Yan Jun is completely beyond. After Qi Yiyun’s understanding of ordinary people, she suddenly thought of the thing her father had said.

“The world is really big.” George Han sighed. I thought he knew enough about the world, but now he discovered that what he knew was just the tip of the iceberg.

At this moment, the two fighting. Suddenly there were some loud bangs, and George Han vaguely caught the two men’s chests as if they had hit each other in a circle, and the physical collision made such an amazing sound.

At the moment of loud noise. The two each stepped back a few steps, Di Yang’s complexion was a little pale, but Yan Jun did not change his face.

“Do you want to continue?” Yan Jun said faintly, his appearance is not the slightest strange, but there are subtle changes that are unknown. That was the constant tremor in the throat, and he desperately pressed down the fishy smell coming from the depths of his throat.

The outcome was undivided, but in the eyes of others, which was strong and weak, it was already a definite number, and Di Yang also believed that no benefits would be gained by going on, so he returned to Han Yan.

“Miss, Di Yang is incompetent.” Di Yang lowered his head and said to Han Yan.

Han Yan took a deep breath. Even Di Central is not an opponent. What can Han Yan have to blame? If you change to someone else, I’m afraid he would have already fallen.

“George Han, the surprise you gave me is not small, it seems that you are trying to force me to kill you.” Han Yan said coldly.

“If you have the ability, I have absolutely no complaints, but now, you should call out Han Qing, and she should take care of what she does.” George Han said lightly.

Han Yan’s face was as sinking as water. Calling out Han Qing at this time was undoubtedly a compromise with George Han. Asking her to compromise with the waste in her mind was something Han Yan would never accept.

Just as Han Yan hesitated, Di Yang said in her ear: “Miss, for your safety, you don’t need to protect Han Qing at this time.”

Han Yan had never thought of protecting Han Qing at all. She just felt that she couldn’t make ends meet, but since Di Yang said so, she could only compromise.

Chapter 417

“George Han, I’m not that kind of villain. Since Han Qing has done something ugly, I will give you a chance to take revenge, but if your trouble has nothing to do with Han Qing, you must apologize to me today.” Han Yan said.

George Han nodded, he could be sure that Amelia Su was kidnapped was done by Han Qing, and he also knew that Han Yan said this only for her face.

When the security went to Han Qing’s room door and knocked on the door. Han Qing opened the door very impatiently, and yelled at the security guard: “What are you doing? It’s so late to interrupt my rest.”

Except for the Han family, Han Qing’s attitude towards foreigners has always been the same, and he is indifferent.

“Miss Han, please go downstairs.” The security guard said to Han Qing.

Hearing Miss Han’s three words, Han Qing’s attitude became more restrained, and asked: “Why are Miss Han looking for me so late?”

“You’ll know when you go,” the security guard said.

Han Qing suddenly had an unknown premonition in her heart, could it be said that she did something secretly and showed her feet. Has it been discovered by Han Yan?

But even if she knew it, she wouldn’t be able to find her in the middle of the night. Han Yan attaches great importance to beauty sleep. When the sky falls, she will never stay up late.

When Han Qing came to the lobby. Seeing George Han in a wheelchair, her expression unconsciously showed a smile. She was happy to see George Han’s

desolate appearance, but it was a pity that she was in a wheelchair, which was not enough. She had to kneel down for her. Let Han Qing be satisfied.

“George Han, are you still here to die? Don’t you think you have not hurt enough?” Han Qing said to George Han, and walked to Han Yan’s side.

“Where is Amelia?” George Han released a strong killing intent. What was Han Qing’s attitude towards him, George Han never cared, but now, she threatened Amelia Su’s safety and there was only one dead end.

“Who is Amelia? I have never heard of this name.” Han Qing said lightly.

“George Han, it seems that the person you are looking for has nothing to do with Han Qing. She doesn’t even know the person in your mouth.” Han Yan said.

George Han supported the armrest of the wheelchair with his hands and wanted to stand up, but he hesitated to be too weak, causing his hands to tremble, but his butt did not leave the wheelchair at all.

Seeing this, Qi Yiyun, who had been bowing his head, wanted to step forward to help George Han, but was stopped by George Han: “Don’t touch me.”

Qi Yiyun took a deep breath and continued to stand behind the wheelchair with his head buried.

George Han, who had almost exhausted all his energy, finally stood firm.

This stubbornness. No one at the scene was surprised, but Yan Jun was not surprised, because this was the George Han he knew, and no one could stop him from doing things.

“Finding someone to go to the magic city to make trouble, and let those people kidnap Amelia, do you really think I don’t know anything?” George Han stared directly at Han Qing and said.

Han Qing didn’t change her face. At this time, she would never admit that this matter was related to her. Otherwise, not only George Han would not let her go, even Han Yan would not let her go.

“Do you have evidence? Anything without evidence is slander.” Han Qing said.

“Give you three minutes, let your people bring Amelia to the Peninsula Hotel, otherwise I will never give up.” George Han said strongly.

After George Han finished these words, Yan Jun walked to him. With this invisible deterrent, Di Yang had to remind Han Yan: “Miss, if you really want to fight to death, I am not sure about it. Your safety.”

Han Yan heard this, a loud slap on Han Qing’s face, she would not put herself in danger for a maid, and George Han’s current attitude was like crazy, he made This irrational act of life and death. It is not impossible.

“Han Qing, did you do this thing?” Han Yan said through gritted teeth.

Han Qing looked down in a panic and said, “Miss, it’s not me, I really don’t know anything.”

“Give me the phone.” Han Yan said.

Han Qing was even more flustered. Although the phone book didn’t save the number of the ruffians, there were some in the recent call records. As long as Han Yan called, things would surface.

“Miss, please believe me, don’t you know what kind of person I am?” Han Qing said.

Han Yan smiled coldly and said: “What kind of person you are, of course I know, do you think I don’t know how many retaliatory acts you have done in the United States under my name?”

Han Qing’s incidents of dragging the tiger’s piratical flag in the United States often happen. As long as there is something that makes her dissatisfied or makes her feel a little wronged, she will resort to Han Yan’s name to retaliate. She thinks these things Han Yan did not know. Unexpectedly, she knew all about it, just closed one eye.

“Miss, I was wrong, I don’t dare anymore, please forgive me.” Han Qing knelt on the ground immediately. Begged for mercy to Han Yan.

“Call right away.” Han Yan gritted her teeth and said word by word.

Han Qing took out the phone and contacted a few local ruffians, asking them to take Amelia Su to the Peninsula Hotel.

George Han returned to the wheelchair and waited for less than ten minutes before those people showed up with Amelia Su.

When George Han saw Amelia Su who was covered with scars, his eyes became red with anger.

Amelia Su, who couldn’t stand still, sat slumped on the ground. In pain, when she saw George Han, the corners of her mouth raised a smile.

“I knew it. You will definitely save me.” Amelia Su said happily.

George Han walked to Amelia Su tremblingly, and said in a trembling voice: “I’m sorry, it’s all my fault, I didn’t protect you.”

Amelia Su shook her head and said, “This should be something we are facing together. You are all in a wheelchair in the hospital. What can I do if I am injured?”

George Han took a few deep breaths, and the anger in his chest could not be restrained from soaring. He did not care about Amelia Su in front of Han Yan, which would make it possible for Han Yan to deal with Su’s company. At this moment, he didn’t care about anything, only wanted to avenge Amelia Su.

“I want Han Qing to die.” George Han turned his head and said to Han Yan with cold eyes.

Han Yan was born into a wealthy family, and she has seen any kind of cruel character, but at this moment, George Han’s eyes made her feel scared, like a biting cold wind oncoming her.

“She’s just a maid, you can handle it whatever you want.” Han Yan said lightly, Di Yang is not Yan Jun’s opponent. In this situation, she is not qualified to keep Han Qing, and she can’t be because of a maid. Let yourself be threatened.

For Han Qing, this sentence is like a bolt from the blue. If Han Yan does not save her, she must be a dead end!

“Miss, save me, save me, I don’t want to die, please. I still want to serve Miss, I don’t want to die.” Han Qing hugged Han Yan’s thigh and knelt on the ground begging for mercy.

Han Yan kicked Han Qing away impatiently, and said, “For so many years, you have completely forgotten who you are. Do you really think of yourself as a Han family? You are in the Han family, but you are just a subordinate, behind me, Having done so many things in my name, I should have expected such a fate.”

Han Qing cried bitterly. The expression on his face was full of regret, and he said: “Miss, I know I was wrong, please give me a chance, for the sake of growing up together. Please help me.”

“Growing up together?” Han Yan smiled coldly. The two of them did grow up together, but what about this? Han Yan never put her feelings on a subordinate, saying: “It is because you have lived in the Han family for too long, so you don’t even know what your status is. You will be a maid in your next life. , You can recognize your identity.”

After speaking, Han Yan walked towards the elevator.

Han Qing looked desperate. In Han Yan’s eyes, the feelings of so many years were so worthless. She would not even say two words for herself!

“George Han, as long as you don’t kill me, I can tell you a lot about the Han family, which is very important to you.” After Han Yan got on the elevator, Han Qing said to George Han, she knew, Han Yan refused to help, so the only hope for survival was in George Han’s hands.

George Han smiled coldly and said to Qi Hu: “You can kill wild boars. A woman is easier for you, right?”

Chapter 418

When Han Qing saw Qi Hu walking towards her, she was so scared that she began to tremble. At this moment, she began to regret what she had done to Amelia Su. If she hadn't caught Amelia Su, she would never have fallen into this. In the end, now that she is about to lose her life because of playing with fire and self-immolation, Han Qing's inner regret can no longer be described in words.

“George Han, please. I beg you to give me a chance, please let me go.” Han Qing kowtowed at George Han with tears and nose, begging for mercy. For the first time in her life, she was so clear. Recognize their own identity.

George Han's face was cold and looked at Han Qing without the slightest pity, and said faintly: “From the moment you caught Amelia, your destiny has been doomed, don't blame me, all of this is your own responsibility. “

Finished. George Han supported Amelia Su, and the couple walked tremblingly outside the hotel. He didn't want Amelia Su to see such a scene.

Han Qing shouted hoarse, hoping to use all his strength to exchange George Han's forgiveness, but all this. In vain after all, George Han didn't even look at her.

Qi Hu stretched out his hand to Han Qing and squeezed his neck tightly. When breathing became more and more difficult, Han Qing's face was already covered with regretful tears, but it was too late to regret this time.

Outside the hotel, Amelia Su asked George Han: “Will she really die?”

“Of course not, I just scared her.” George Han said.

Amelia Su wanted to look back at the hotel, but she resisted it. Although she guessed that George Han's words were likely to comfort her, since George Han said so, then she was willing to believe this white lie. .

In Amelia Su's world, the lie she could accept was what George Han said. No matter what he said, Amelia Su was willing to believe.

"I'll take you home." George Han continued.

Although Amelia Su was beaten a little, it was all skin trauma. Compared with George Han's serious injury, it was totally insignificant. So she did not agree with George Han's words, but said: "No, I'll take you back to the hospital. ."

George Han stubbornly shook his head and said, "I will take you home first."

If Amelia Su was not sent home, how could George Han return to the hospital with peace of mind.

Qi Hu and Qi Yiyun followed far behind. The four of them went one after another towards the Yunding Mountain Villa.

Qi Yiyun's eyes are full of envy, without the slightest concealment, George Han knows how much hurt she is now, but even in this situation, he is still willing to reluctantly send Amelia Su home. This journey will be for ordinary people. It was very easy to walk, but for him, it was very painful. Even so, he was still willing to bite his teeth to send Amelia Su home.

"How can such a man not be fascinated?" Qi Yiyun said with a sigh.

"Do you like me?" Qi Hu suddenly widened his eyes and asked Qi Yiyun incredulously.

Qi Yiyun couldn't help rolling his eyes, and said, "Big man, people must know themselves."

"I can play very well, and I look good, of course I know myself." Qi Hu said.

Qi Yiyun shook his head, too lazy to talk to Qi Hu.

Back at the mountainside Villa, when Amelia Su rang the doorbell, there were rapid footsteps in the door, and not just alone. It seems that Lily Jiang and Wilson Su did not sleep because they were worried about Amelia Su's safety.

Amelia Su smiled faintly and said, "I didn't expect them to be waiting for me."

George Han also laughed, the two people cared about Amelia Su. Let him feel relieved.

When the door opened, Lily Jiang saw Amelia Su, her emotions suddenly became agitated, and she took Amelia Su's hand and said reproachfully: "Amelia, where have you been, why did you come back now?"

"Mom, I'm fine." Amelia Su said.

Seeing the injury on Amelia Su's face, Lily Jiang stretched out her hand, carefully holding Amelia Su's cheek, and said with heartache, "Who did it?"

At this time, Lily Jiang saw George Han, his expression instantly gloomy, and gritted his teeth and said: "Why did you appear here, haven't you harmed Amelia Su enough?"

George Han shook his head, before speaking, Lily Jiang suddenly reached out and pushed George Han.

If there was no physical injury, Lily Jiang's strength would not be considered tickle to George Han, but now. Severely injured, even Lily Jiang's strength caused George Han to fall to the ground.

He didn't have any spare power to resist external forces, and sat on the ground with a painful expression.

Amelia Su knelt down nervously and asked George Han: “George. How are you doing.”

Lily Jiang’s expression was cold, although he noticed something wrong, after all, how could such a big man like George Han be pushed down by her gently.

But she didn’t care what happened to George Han. Seeing George Han’s disgust, she kept rising.

“Wilson Su, take my daughter home.” Lily Jiang said to Wilson Su.

Wilson Su didn’t dare not follow Lily Jiang’s words and could only drag Amelia Su back home.

Lily Jiang walked in front of George Han with a commanding posture, hands on hips. He said with an aloof look: “George Han, I warn you, this is the place of my Su family, and the Villa is also the name of Amelia. Since you divorced her, you are not eligible to come here.”

George Han has seen Lily Jiang’s behavior of crossing the river and demolishing bridges a lot. She can do nothing to get the benefits, or after getting the benefits, she can turn her face and deny people. This is the norm for Lily Jiang.

“I’m coming, can anyone stop me?” George Han said lightly.

Lily Jiang gritted his teeth. The Yunding Mountain Villa area belongs to the Tianjia, and George Han has a very good relationship with the Tianjia. The property security guards will naturally not stop him when they see George Han. This is equivalent to a mountainside Villa. The door to George Han is always open.

However, this situation is only temporary. In Lily Jiang’s view, the Mountainside Villa will sooner or later be out of control of the Heavenly Family.

“You are so skinny, like a mangy dog, disgusting.” Lily Jiang said viciously.

George Han was already unable to stand up anymore, facing Lily Jiang’s bad words, also unable to refute, just waved his hand.

“If you want to die, stay away. Don’t die at my door. This place doesn’t belong to you.” Lily Jiang finished. Turning back to the Villa, he closed the door heavily.

When I first moved into the mountainside Villa, Lily Jiang had a very good attitude towards George Han, but now. When the owner of the mountainside Villa became Amelia Su, she turned her face faster than she turned the book. This was probably the ultimate expression of worshipping money. She never cared who owns everything she got. Nor will she think about this feeling. In her eyes, no follow-up benefit is equivalent to no value.

George Han couldn’t walk down the mountain by himself, so he could only call Qi Yiyun. Let Qi Hu go up the mountain to pick him up.

But after a while, the person who came to the mountain was not Qi Hu, but Qi Yiyun alone.

She didn’t tell Qi Hu about this, but asked him to wait at the door.

“Where is Qi Hu?” George Han asked Qi Yiyun.

“That stupid guy thought I liked him, and now he’s secretly happy. In that case, why bother with his fantasies?” Qi Yiyun said.

“But how do I go down the mountain, I can’t walk at all now.” George Han said.

Qi Yiyun walked in front of George Han, knelt down and said, “Can’t I take you down the mountain?”

George Han was taken aback and asked a woman to carry him! He had never tried this kind of thing.

“If you don’t let me carry it, prepare to eat the dew here overnight. I won’t let him pick you up.” Qi Yiyun said.

When George Han heard this, he laughed helplessly. This woman was really stubborn. In some respects, she was exactly like him, but sometimes, stubbornness didn’t get any benefits except for the bruises.

“Qi Yiyun, no matter how much you do, it is impossible to change my heart.” George Han said.

“It has nothing to do with me whether you change it or not. I just do what I want to do. Come up quickly. I want to go back to sleep. Don’t delay my beauty and beauty. If I become ugly, I will depend on you for the rest of my life.” Qi Yiyun said Said full of threats.

Chapter 419

At the Peninsula Hotel, Han Yan returned to the room with a bad mood. She couldn't sleep even if she closed her eyes. After tossing around for a long time, she finally sat up.

Although she said that she did not sympathize with Han Qing's death, nor felt a little guilty for not saving Han Qing, but George Han did this, but she couldn't accept it. As the saying goes, it depends on the owner, George Han. Don't take her seriously. This made her think more and more angry.

"If Dad didn't let me hurt your life, you would have died long ago. How could you be so arrogant in front of me." Han Yan said viciously and unwillingly. In the American Chinese area, she is the top eldest lady. When she speaks, she will inevitably lower her volume and give her the greatest respect, but for George Han, Han Yan has been disrespected by George Han again and again.

At this moment. Han Yan suddenly took out the phone in a hurry. Since it was his dad who didn't let George Han die, telling him about this, would it change his mind?

After brewing for a while, Han Yan dialed her father's number.

When the call is connected. Han Yan burst into tears, her acting skills were so good that people couldn't notice the slightest flaw.

"Yan'er, what's the matter with you? Why did you suddenly start to cry? Is someone bullying you?" asked nervously on the other end of the phone.

"Dad, Han Qing is dead. It was George Han who killed him. You didn't let me kill him, but his methods were very vicious. He even attacked Han Qing. Han Qing was a sister who grew up with me. She treats her as a relative, but George Han is... not at all softhearted." Han Yan cried out heartbrokenly. With her acting skills to

participate in the awards ceremony, it is certainly not a problem to get the best actress.

Hearing that Han Qing was killed by George Han on the other end of the phone, he was silent for a while and then said: "Han Qing is just an outsider, there is no blood from my Han family flowing in his body, so it's fine to die."

"Dad." Han Yan retorted emotionally: "How can you say that, she is my good sister, I must help her get revenge, otherwise, she will die."

"Han Qing has been in my Han family for so many years. There are a lot of things that are fake. You treat her as a sister. But she used your reputation to do a lot of bad things outside. This kind of person is not worth your sadness." Comforted the other end.

Han Yan wanted to take this opportunity to let her father let go and allow her to kill George Han, so words of comfort were of no use to her, after all, she was not really sad.

"No, I must avenge Han Qing, I will never let George Han go." Han Yan said firmly.

"In this case, come back. I will reschedule someone to handle this matter." said the other end of the phone.

Han Yan was stunned. Although she didn't want to come to Cloud City at first, she felt that this garbage city was not worthy of her, but now her deployment has reached halfway stage. If she chooses to leave at this time, wouldn't George Han Think she voluntarily surrendered?

Han Yan would never accept this kind of thing, she would not leave any words to George Han, let alone let anyone watch a joke.

“Dad, I won’t go back.” Han Yan said quietly.

“Since I don’t want to come back, just do what I said. Although I didn’t pay attention to the branch of the Han family, we are in the same line. I don’t want you to kill each other. Grandparents.” said the phone.

Han Yan took a deep breath. She thought that this matter could change her father’s attitude. Unexpectedly, it was of no use. But for Han Yan, it also had a benefit. At least she understood her father’s firm position, even if she For George Han to die, he has to do it with nothing to do with himself.

Fortunately, Lily Jiang hopes that George Han will die, and can still use her to do this.

“By the way, how is your brother doing? There is no trouble, right?” asked on the phone.

Han Yan hasn’t seen him for a long time. With his hobby, she must be nostalgic for a fireworks spot, but this kind of thing can’t be told to her father.

“No, he is very obedient in Basin City. Don’t worry.” Han Yan said.

“Okay, it should be late at night on your side, so take a break early.” The other party finished speaking and hung up.

Han Yan threw the phone on the ground, smashing it to pieces. With a hideous face, she is not a little sleepy.

“Lily Jiang, I hope you have enough use value, don’t let me down, otherwise, I can only kill you.” Han Yan said through gritted teeth.

The next day, George Han’s ward was surrounded by many famous doctors. Mo Yang found him. Because he left the hospital yesterday, Mo Yang worried that

George Han's injuries would get worse. The problem of sequelae will be left behind, so almost all the famous doctors in the hospital were brought in to check on George Han.

Fortunately, George Han's physical fitness is already strong, and there are no major problems. If there is no problem in the follow-up rehabilitation, there will be no sequelae.

After a large number of doctors left, George Han said helplessly to Mo Yang: "Don't engage in such a big show in the future. I am not a monkey in the zoo. So many people are staring at me alone to see what I am doing."

Mo Yang glanced at George Han and said, "If you can be obediently recuperating in the hospital, I wouldn't call so many people here."

"Or is it my fault?" George Han said with raised eyebrows.

Mo Yang rubbed his nose awkwardly. Said: "Don't worry, I have sent someone to protect my younger siblings again. This time, there will be no more accidents. Otherwise, I will use my head to make atonement."

"What do I want your head to do, with such an ugly face, do you want to change it to yourself?" George Han said with disdain.

Mo Yang was so angry that he shook his fist at George Han and said, "What do you know, my charming uncle is now the male god in the minds of many younger sisters. Don't you know that uncle style is popular now?"

"Qi Yiyun, is it disgusting?" George Han asked Qi Yiyun, turning his head.

"Disgusting." Qi Yiyun nodded without hesitation.

Mo Yang was half dead, pointing at George Han, his hands trembling constantly, but he didn't know how to refute, he could only say: "Okay, George Han, unite with outsiders to bully me, right? Wait, wait for you Alright. I want to fight you."

"I remember these words, don't break your promise." George Han said with a serious face.

Mo Yang hurriedly waved his hand and said: "I'm just making a joke, why take it seriously, you are invincible in the world. How can I fight?"

Mo Yang also made his debut back then with his fists, hitting the world with his fists, but compared with George Han, he was very clear about the gap. After all, he had also seen George Han showing off in an underground boxing arena. How dare he really fight George Han.

George Han was just making a joke with Mo Yang. In a real fight, Mo Yang didn't even have a chance to resist.

"The weather is good today. Push me out to get some fresh air. The medicine in the ward smells so uncomfortable." George Han said to Qi Yiyun.

Qi Yiyun nodded. Prepared the wheelchair, and then worked with Mo Yang to help George Han sit in the wheelchair and push out of the ward.

After the two left, Mo Yang sighed and said to himself: "This kid, whoever you are with, looks like a couple, I'm really worried for my younger siblings."

The inpatient department has a small garden for people to walk in. The air here is the freshest in the whole hospital. Every morning and evening, many patients and family members come out for a walk.

When the two were walking, a woman in a short skirt with long legs suddenly stood in front of them.

These legs looked good, but when George Han saw her face clearly, he became a little impatient.

“George Han, I didn’t expect you to be so miserable now. You are still in a wheelchair. After being dumped by Amelia Su, you didn’t think that you committed suicide by jumping off the building and broke your leg, right?” Su Yihan laughed. Said to George Han, she came to see a friend who was hospitalized today, and she unexpectedly met George Han, which made her feel better. Ever since she knew that George Han and Amelia Su divorced, Su Yihan has been looking for it. Opportunity fell into the pit, watching George Han’s joke, I didn’t expect to run into it in the hospital.

“Yeah, I suddenly regretted it when I jumped halfway through it, so I had a discussion with God. I just broke my leg and didn’t kill me.” George Han said lightly.

Chapter 420

George Han's words made Su Yihan smile contemptuously. The current situation of this trash is so miserable that he is still in the mood to joke.

"It looks like you are in a good mood." Su Yihan said.

"Is there anything worth saddening me?" George Han asked back.

Su Yihan nodded and said: "If you change to another person and get dumped by a woman, it will be embarrassing to see people, but you are such a cheeky and useless. I am afraid I am used to it. After all, after so many years, you have been useless. I am already immune to scolding."

"Since you know that I am immune, you came to laugh at me, didn't you waste your lips and tongue?" George Han said with a smile.

Su Yihan was very angry with George Han's nonchalant expression, but after seeing George Han, she deliberately fell into trouble, but George Han's attitude. But it didn't make her feel like she had fallen into trouble.

"I really don't know how your kind of trash has survived until now. If I had committed suicide long ago, what face would I have in the world." Su Yihan gritted his teeth.

"Didn't I just said it. I regretted committing suicide halfway, so I didn't die. This is also thanks to God for not killing." George Han said.

There were only two or three sentences, and Su Yihan was already so angry that he was so angry that talking to a sl*t seemed to be hurting himself.

“George Han, you have lost all the faces of men under the sky. You can die as soon as possible. Living is a waste of air.” After Su Yihan dropped this sentence, she hurriedly left. She was afraid that she would lose her lungs. To be blown up.

George Han smiled faintly. With Su Yihan’s impetuous state of mind, he still wanted to criticize him. Isn’t this a joke?

“I’ll get something and wait for me here.” Qi Yiyun said to George Han, and then left quickly.

After leaving the garden, Qi Yiyun caught up with Su Yihan and stood in front of her.

Although Qi Yiyun does not wear makeup, she does not wear glasses. Even plain makeup can make people feel ashamed.

“What are you doing? Why don’t you take care of that scumbag, what are you doing against me, have you never heard the saying that a good dog does not stand in the way?” Su Yihan said coldly.

Qi Yiyun smiled faintly and said, “I heard someone gave you a heavy betrothal gift before?”

“So what, does it have anything to do with you?” To this day, this matter is still a hurdle in Su Yihan’s heart. She feels that she has touched the door of a wealthy door, but it is because that man has not appeared. , Amelia Su was finally cheaper.

“Do you want to know who is making the offer?” Qi Yiyun said.

“Do you know who he is?” Su Yihan suddenly became interested, because she still doesn’t know who the other party is, and she is very curious.

“Of course I know, and I also know that this betrothal gift is not for you. All the time, it’s just your own passion.” Qi Yiyun smiled.

Su Yihan is a person who loves face very much. How could she be passionate about herself? Who else in the Su family is eligible for this offer?

“You don’t know anything, talk nonsense, the bride price is not mine, is it yours? Do you know who the Su family has? Those people. How could they be qualified to compare with me.” Su Yihan said with disdain.

Qi Yiyun nodded in agreement and said: “The other women in the Su family are indeed not as beautiful as you, but have you forgotten that there is Amelia Su?”

“Hahahahaha.” Su Yihan burst into laughter, staring at Qi Yiyun as if looking at an idiot, and said: “Where did you come from? All Basin City knew that Amelia Su married George Han. How could someone give her a betrothal gift if she was useless.”

“Don’t you think that the person who gave the dowry is George Han?” Qi Yiyun said.

Su Yihan was taken aback for a moment, and then he turned his back on his back with a smile, clutching his lower abdomen and said: “You are really funny, isn’t it a problem with your brain? How could it be possible for George Han to give him a bride price. He was so useless. Is there so much money? ?”

“Right. You don’t know his identity yet, do you want to know, I can tell you.” Qi Yiyun said.

“A wimp is nothing, what identity can he have. He is just a pile of mud, a dead dog.” Su Yihan sneered.

“If the young master of Hillwood City Han’s family is just a muddy dog in your eyes, you think I didn’t say anything.” Qi Yiyun said.

The young master of Han Family!

Han Family!

These four words made Su Yihan stunned for an instant. She had thought about it before, but she thought it was almost impossible. How could the Han Family propose marriage to their little Su family? And George Han is a member of Han Family, which is more like an absurd joke.

“I think you are really sick. If George Han is the young master of the Han family, how could he enter the Zuo Su family.” Su Yihan said.

“If you don’t believe it, go back and ask Harry Su. He knows the identity of George Han very well, but he didn’t tell you, probably because he was afraid of hitting you.” Qi Yiyun smiled and walked to Su Yihan. , Softly reminded you: “I kindly remind you. George Han’s identity cannot be exposed. If anyone dares to disclose this news, he will end up dead. You should be very clear about how powerful the Han Family is?”

After finishing speaking, Qi Yiyun took a brisk step to leave. The reason why she wanted to say this to Su Yihan was because she was fighting for George Han in his heart. Why is a city woman qualified to give directions to George Han?

And Qi Yiyun was also very sure that Su Yihan didn’t dare to expose George Han’s identity, especially after she went to Harry Su to verify George Han’s identity, Harry Su would not let her reveal the matter.

Su Yihan stayed there for a long time. She didn’t understand why Qi Yiyun wanted to tell her about this, but if it was a lie, it would be revealed sooner or later, and it would be meaningless.

In other words, everything she said. It is very likely to be true.

The bride price is for Amelia Su.

And the wimp in her cognition turned out to be the young master of the Han Family!

This shocked Su Yihan's heart greatly, but he was not confirmed by Harry Su. She would never believe this.

Thinking that the betrothal gift was delivered to Su's family, Su Yihan mocked Amelia Su severely. If this is true, then she mocked Amelia Su that day. But it became extremely ridiculous.

Qi Yiyun returned to the garden and found that George Han was chatting happily with a little boy with a shaved head and a sick gown.

Looking at the pale face of the little boy, he should be very sick. And beside them, there stood a young woman, probably the boy's mother.

After Qi Yiyun approached, I heard George Han say: "My brother is very accurate. Someone will send you a donation tomorrow, and you will be able to get better in the future. When you grow up, you will be a man. Take good care of your mother."

From the chat just now, George Han learned that the little boy was seriously ill and that he needed a large amount of treatment costs. If he is not treated as soon as possible, he will not live long. Although he has received some social assistance, the money is far away. not enough. What's worse, when the little boy's father knew that he was sick, he completely evaporated from the world. All of this was supported by his mother.

“Brother.” The little boy took out a red rope from his trouser pocket, took George Han’s hand, tied it to George Han’s wrist, and said: “Mom said, this will keep you safe. I will give it to you, hope You can get better soon.”

“Stupid boy, my brother is in great shape, so you should keep it.” George Han said.

The little boy stubbornly squeezed George Han’s wrist, not letting him take it off, and said, “Brother, I know I won’t be able to live long. Mommy has sold out everything that can be sold at home in order to save me. No money, no money to treat me again.”

With these words, even Qi Yiyun was a little moved, silently tears in his eyes, while the young woman, covering her mouth, kept tears falling.

George Han touched the boy’s bald head and said with a smile: “Have you forgotten that your brother told you just now, and someone will give you money tomorrow?”

“Brother, I know you made me happy.” The little boy smiled. Even if he knew he was about to face death, he didn’t seem to be afraid at all.
