

Chapter 451

Seeing the other party's move, the people around George Han were afraid of being caught in the fish pond, and they all hid far away. As they said, George Han wanted to stay and fight by himself, they would not help.

“This guy, really doesn't listen to advice, does he have to be beaten to be happy?”

“The young people nowadays really don't know good or bad, they don't know the current affairs.”

“I don't think it is necessary. Since he is so confident to stay, maybe he really didn't put these people in his eyes.”

Some people fell into trouble, but there were also people who expressed certain expectations of George Han. Unfortunately, this idea did not get the approval of most people. Instead, it caused a sneer.

“What a joke, there are six people on the other side. Look at that muscle, can it be comparable to him?”

“Yeah, yeah, such an obvious gap. As long as you are not blind, you can see it.”

At this time, the man who claimed to be Lin Yong's subordinate had a huge fist on George Han's face.

He thought that his speed was too fast, so George Han didn't even have the ability to dodge. A faint smile appeared at the corner of his mouth.

This kind of waste can be solved by himself, and he doesn't know how the big man with a flower arm planted it in his hands.

“This kid is not stupid, how can he stay still?” The big-armed man said with a puzzled face. This was not the case last time. Could it be that he was terrified, so he did not even have the desire to fight back Yet?

Just when everyone thought that George Han would take the punch, he turned his head slightly, his cheeks and fists were avoided by the slightest difference.

The person who threw the empty punch still didn't know what was going on. He had already received a fixed punch. How could he not hit anything?

As he was in a daze, George Han's voice suddenly came from his ear: “What are you doing in a daze, continue.”

The man felt that he had been humiliated, his face condensed, he retracted his fist, and was ready to go again.

With a few punches in succession, each time he was evaded by George Han by a few millimeters, it made him feel very aggrieved. He was like an eel. He had been caught in his hands, but he would be caught again. Slip between the fingers.

“What's the matter, how can you keep hitting people?”

“Yeah, this is too weird, it's about to be hit, how could he hide it?”

The crowd eating melons was also very surprised. They watched with a third party's vision, every punch must be hit, but in the end nothing happened. This is weird.

“What are you doing in a daze? Come and help.” The man knew that he had been tricked by George Han, so he could only ask his companions to take action.

The six people joined together, leaving almost no defensive space for George Han, but even so, a few minutes later, George Han still received no attack. He was like a

tightrope walking on a cliff. In the eyes of outsiders, Shaking and shaking will fall at any time, but it can't fall anyhow.

“Trash, can you only hide?” After the man stopped, he gritted his teeth and said to George Han.

“You mean, do you want me to take action?” George Han asked with raised eyebrows.

A very vague premonition emerged in the big-armed man. With so many people, he hadn't even touched a single hair on him. If he took a shot, would six people be enough for him to fight?

Although he took someone to avenge him, the man with arms was very confident, but after the fight just now, he had become very nervous in his heart.

The current situation is like a master teasing a group of children. They were panting, but they didn't even touch George Han, and this was still when George Han didn't make a move.

“Come on, let me see your trash ability.” The man said.

“Okay, let you see what a master is.” George Han smiled faintly.

The crowd onlookers became nervous. Although they said that they were very dissatisfied with George Han, after experiencing the scene where the six people failed to attack, their inner look down upon them changed. Maybe, he really didn't put these people in In the eyes?

At this time, George Han's momentum suddenly changed, and his power was poured into his legs, and he burst out with astonishing strength and speed in an instant, but he rushed in front of that person in the blink of an eye.

The person just felt that there was a flower in front of him, and suddenly there were more people. Before he could react, there was a heart-piercing pain in his chest, and his whole person, like a kite with a broken line, flew a few meters away.

Watching the dust on the ground. The onlookers were all dumbfounded, and almost dropped their jaws.

As soon as he takes a shot, he falls alone. Doesn't he only need to take six shots and the opponent has to lie on the ground all six times?

“My dear, is it possible that there are still martial arts masters now?”

“This young man is not a master of martial arts. No wonder he didn't take these people in his eyes.”

“I thought martial arts were fake. Didn't expect it to be true?”

The shocked and astonished voices of the people eating melons continued to sound. Similarly, George Han's offensive did not stop, hitting those people like a squally storm.

George Han, who was originally weak in everyone's mind, proved his toughness with his fists in less than two minutes. The six opponents, without exception, all fell, and he stood upright. Indomitable!

What is a real man? The appearance of George Han at the moment is the perfect interpretation.

“f*ck, fierce, too fierce.”

“It was really done alone, he really didn't brag.”

“Too great, I don't know if he accepts apprentices, I want to be his apprentice.”

Many of the people eating melons opened their eyes wide, and this incredible scene almost made their eyes fall off.

There are few people who believed in George Han from the very beginning, and they looked so proud at this moment.

“I’ve said it a long time ago. These people are definitely not his opponents. You still don’t believe it, do you believe it now?”

The people standing next to the person who spoke were nodding their heads like smashing garlic, and the facts were in front of them. How could they not believe it?

“Believe it.”

“Your eyesight is so good, my eyes that are about to go blind really underestimate him.”

“I hope he won’t hear what I said just now, I actually look down on such an expert, sin.”

George Han looked at the big-armed man lying on the ground, and said to him: “Remember to call a few more people when you want revenge next time.”

The big-armed man is remorseful. If he knew he was so powerful, he shouldn’t have the idea of revenge. Friends who can be called are called today. How can he go to help?

And the big-armed man seriously suspected that even if he called ten more people, he wouldn’t necessarily be an opponent, so at this moment. He has no desire for revenge anymore. He just hopes that today will be less painful and George Han can let them go.

The big-armed man accepted the plant, but the man who claimed to be Lin Yong's subordinate was still not convinced.

He declared that he was following Lin Yong and got the envy and admiration of many people. In the eyes of those people, he is like an idol, how can he be so casually embarrassed?

The man stood up savagely, his body looked shaky, and said to George Han: "Boy. You're a bit of a f*cking patience, but what if you can fight? Do you know who I am?"

"Oh?" George Han looked at the man with interest and asked: "I really don't know, why don't you say it to scare me."

The man tugged at the corner of his mouth. With a cold smile, he said, "I'm Lin Yong's subordinate, and I'm the kind of right-hand man. Do you dare to hit me? Do you know what's the end?"

This sentence made George Han stunned, and the onlookers who were eating melons were directly scared and pale.

Although Mo Yang is the most important figure in the gray area of Basin City, Lin Yong's reputation is also very strong. After all, he is Mo Yang's most powerful subordinate. Even if it is only Lin Yong's subordinates, he has a high status in Basin City. Most people can afford it.

Many people hope that George Han runs quickly, because the consequences of provoking Lin Yong's subordinates are very serious. This is not a fist that is useful. No matter how hard it is, can it be harder than Lin Yong's hundreds of subordinates?

However, no one dared to persuade George Han to leave as soon as possible. They were worried that they would be caught in the fire. They would be involved in this incident, and it was not impossible for them to lose their families.

“Are you afraid? When you’re afraid, kneel down and apologize to me, let me have a good fight.” Seeing George Han stunned, the man said triumphantly.

Chapter 452

George Han was not surprised because he was scared, he just felt strange. If this guy is really Lin Yong's subordinate and his right-hand man, he would often go in and out of the Demon Capital. Since he often appears in the Demon Capital, it makes no sense to not see him. .

The only explanation George Han can think of is that this guy is bragging. He may have a certain relationship with Lin Yong, but he is by no means a close friend of Lin Yong.

“You are so amazing, you even know Lin Yong.” George Han said with a smile.

Hearing this flattery, the smug expression on the man's face became stronger, and he said, “Now you know how good I am, don't kneel down and apologize.”

George Han shook his head faintly and said, “Even if Lin Yong comes, he has no guts to make me apologize. What are you?”

“Boy, how dare you be disrespectful to Brother Yong?” The man gritted his teeth and looked at George Han. He didn't expect to move out of the banner of Lin Yong. This guy didn't compromise. This trick used to be very useful.

“Why don't you let Lin Yong come and see if he dares to make me apologize?” George Han said.

A panic flashed in the man's eyes. He said that he was Lin Yong's subordinate, which was completely bragging. How could he be qualified to let Lin Yong come forward because of him?

Could it be that he was aware that he was bragging, so he dared to be so rampant?

“Huh, are you qualified to meet Brother Yong in a small role like you?” the man said.

George Han could be more sure that he was bragging. Under the banner of Lin Yong, he didn't know how many bad things he had done. There was nothing to do anyway, so let Lin Yong clean up the door.

“If you don't call, let me come.” After speaking, George Han took out the phone.

This scene made the onlookers boil again. Does he also know Lin Yong? If so, it would be very interesting. If Lin Yong really came, who would he help?

“This good show is getting more and more exciting. It actually involves a big man like Lin Yong.”

“In my opinion, these two people might be bragging. How could Lin Yong be able to call it casually?”

“I don't see, he is really making a call. If he can't call Lin Yong, he will not lose face.”

Regarding whether George Han could call Lin Yong, the onlookers divided into two factions. Some thought he was bragging, while others thought he could really find Lin Yong.

At this time, the person who claimed to be Lin Yong was in the most complicated mood. George Han took out the phone and looked good. He was not sure whether this guy was real or not, but he was really talking big.

If he really called Lin Yong, then all the bullshit he used to brag would be broken, so don't think about having a chance to look up in front of friends in the future.

The big-armed man walked up to the man and asked, “You are Lin Yong’s subordinate, he is Lin Yong’s friend, haven’t you seen him before?”

The man insisted and said, “Do you really believe him? I took the phone and said that I knew Mo Yang, do you believe it?”

The big-armed man shook his head again and again, Mo Yang is a top-notch person, and they have no chance to meet these little characters.

“You mean. Is he bragging?” said the big-armed man.

“Sure.” The man said categorically. He desperately hoped that George Han was bragging, otherwise his lie would be nakedly exposed to everyone today.

After the call was connected, George Han said to Lin Yong: “Here is a person who claims to be yours. He wants me to kneel and apologize to him. What do you think should be handled?”

Lin Yong, who had not yet woken up, was in a daze. After all, it was still morning. He had just fallen asleep shortly after, but after hearing George Han’s words, his whole person instantly became full of energy.

“Brother George, no.” Lin Yong asked. Those who dare to mess around under his banner must belong to cronies. Since they are cronies, it makes no sense that even George Han does not know him.

“Do you want to come over and deal with it yourself?” George Han said.

“Come, I’ll come right away.” Lin Yong finished. Put on your clothes quickly and dare not delay even a second.

After George Han hung up the phone, he smiled and said to the man: “Lin Yong is coming right away, are you running now. Or continue to wait?”

The muscles on that man's face trembled, and the more confident George Han showed, the more guilty he was.

“How could I run? Don't frighten me.” The man pretended to be calm and said. If he runs away, don't say that he is embarrassed, who else can look down on him in the future?

“It's a bit courageous, but if you bet that I'm bragging, you're wrong.” George Han said. Then I walked to the soy milk fritters shop and bought a portion and ate it myself.

From the superficial appearance, George Han's calm and confident appearance made the onlookers more convinced. On the other hand, the man's expression was obviously very ugly, and even his body was trembling. He was obviously more and more guilty.

Originally, the people who bought breakfast were office workers. After buying soy milk fritters, it was time to rush to the company. But now, no one is willing to leave. They all want to see what the final outcome of the matter is.

Qi Ran came a little late today. When she arrived, George Han had already drank soy milk and ate fried dough sticks. He didn't know anything about what happened before, but the atmosphere on the scene made her feel a little strange.

Walking to George Han, Qi Ran asked, “Did that person come to you for revenge last time?”

“Yes, but no success.” George Han said lightly.

Qi Ran glanced at the big-armed man with a guilty conscience, and asked softly: “What does it mean to be unsuccessful, what are they doing?”

“Wait, wait for a good show.” George Han smiled.

Good show?

Qi Ran was confused, but she came today to thank George Han, because the cooperation between their company and the weak water real estate has been negotiated, and she is a newcomer. But after completing this impossible task, he was taken seriously by the boss, and now he has been directly promoted to the top of the company, and Huang Tingting was directly expelled by the boss. This is very pleasant.

“When are you free, I will invite you to dinner.” Qi Ran asked.

George Han knew that their company had negotiated cooperation with Qianshui Real Estate, and Qi Ran invited him to dinner, probably because he wanted to thank him. But when George Han did this thing, he didn't want any reward.

“No, although the cooperation has been negotiated, but whether it can be maintained. It depends on the strength of your company, so you should spend more dim sum on company affairs.” George Han changed Qi Ran's fate with one sentence, but He will do, only so much, it is impossible to help Qi Ran all the time.

“The company's affairs need to be diligent, but thank you as well, neither of which can be delayed.” Qi Ran insisted.

“But I will be very busy lately, I can't spare the time, I will talk about it later.” George Han said, the matter in the village in the city is basically coming to an end, this matter still has a lot of troubles for him, so follow Qi Ran Going to eat, he really doesn't have this mood now.

Hearing what George Han said, Qi Ran didn't say much anymore, just a little disappointed in his heart.

“Well, when you are free, I will invite you again, but no matter when this meal comes, you must give me a chance, otherwise I won't look at me when I die.” Qi

Ran said As a fresh graduate, she can have the status change in the company. George Han's help is the decisive factor. Otherwise, she may have been fired, so if you can't thank George Han, Qi Ran's heart will be very reluctant.

"Is it so serious?" George Han laughed blankly.

"Of course." Qi Ran nodded firmly and said: "If you don't want me to die, it's best to find time to come out."

At this time, George Han stood up suddenly, and Lin Yong ran all the way in the distance.

After hanging up the phone, Lin Yong dared not delay for a moment. Regarding George Han's affairs, even in special times in the bed, he did not dare to neglect at all. As long as George Han let him appear, he would never It will be delayed by one more second.

"Who is the one who ran, wouldn't it be Lin Yong?"

"Probably not, who is Lin Yong, how could he be so anxious."

When Lin Yong's figure got closer, the man's face was pale, his soft legs could no longer support the weight of his body, and he sat down on the ground.

Chapter 453

“Lin Yong, Lin Yong is really here!”

“He really called Lin Yong, shit, who is this guy!”

“Unexpectedly, buying breakfast with me every day is still a big man.”

At this moment, all the eyes of the onlookers were on George Han’s body, shocked. Unbelievable expressions appeared endlessly.

Although their expressions are different, the level of shock in their hearts is completely the same, because they have reached the highest point.

Some people who didn’t believe in George Han, at this moment finally understood how bad their vision was and the gap between themselves and George Han.

Lin Yong ran to George Han in sweat, and shouted respectfully: “Brother George.”

Seeing Lin Yong’s respectful posture, there was another uproar in the crowd. Because this kind of performance is more than just a friend, his status is obviously higher than Lin Yong!

“My goose bumps are nowhere to be placed. Who is this guy? Even Lin Yong has to bow his head at him!”

“It turns out that guy is bragging. Just look at his face. It’s as ugly as eating shit.”

“The bragging encounter is really awesome, this is the gap.”

The man looked desperate. He never dreamed that his lie would be exposed in this situation, and he still didn’t know what the consequences would be.

Lin Yong was angered, and Lin Yong was able to evaporate others in minutes.

The big guys with flowers quietly distanced themselves some distance from him, not wanting to be involved by him. After all, Lin Yong was involved in this matter, and the situation has developed to a very serious point. This is not just a beating. Things that can be solved.

“Is that guy your subordinate?” George Han asked.

Lin Yong looked at the man, a face that was completely unfamiliar, and he had never seen it at all.

“Brother George, I haven’t seen him.” Lin Yong said.

“You didn’t want to separate the relationship, so you didn’t even recognize your little brother?” George Han smiled.

Lin Yong’s scalp was numb, and he quickly explained: “It’s true, I really don’t know who he is.”

“In this way, he is messing around outside under your banner?” George Han smiled.

“Yes. It must be.” Lin Yong said decisively.

“In this case, you can figure it out by yourself.” George Han said.

Lin Yong took a deep breath, and it was enough to mess around under his name, and even provoke George Han on the head, causing him to be almost implicated. How could Lin Yong let him go?

Although the guy was frightened and stupid, he knew very well in his heart that to escape the catastrophe, he must be forgiven by George Han.

With weak hair and legs, he crawled to George Han and knelt and said, “Big brother, I was wrong. I shouldn’t brag in front of you. I’m a fake, you’re real, please. You, please let me go.”

George Han glanced at him indifferently, and said, “Now this matter has nothing to do with me. Since you slandered with Lin Yong’s name, this is his business.”

The man kept kowtow to Lin Yong. Said: “Brother Yong, I know I am wrong, I know I am wrong.”

Lin Yong kicked his face with no mercy at all, making his face bloody for a while, and said coldly, “You rubbish, you dare to mess around with my name.”

The man regretted it greatly. Although Lin Yong’s name brought him many benefits, it was not as good as the immediate life and death crisis.

He doesn’t want to die, the fear of death is greater than all!

“Brother Yong, I won’t dare anymore, please let me go this time.”

“In the future, do you still want to have a future?” Lin Yong smiled coldly. He walked in a hurry, so he didn’t lead his men, so he looked at the big guys. Said: “You guys, do you want to continue to be his accomplices?”

“No, no, brother Yong, I only have a very ordinary relationship with him.” The big-armed man shook his head like a rattle.

The performance of several others. Just like the big man with a flower arm, no one dared to admit his relationship with that person.

“Bring him on and follow me.” Lin Yong ordered.

The big-armed man walked up to the person without hesitation and put up his hand.

He was struggling to run, but how could the big man with flowers let him slip away? Beaten up until he didn't have the strength to resist.

“Brother George, I'm leaving first.” Lin Yong said to George Han.

Hearing the name of Brother George at close range, the big guys were even more shocked. Even Lin Yong has to be called the man, is his status equal to Mo Yang?

At this time, the big-armed man knew how stupid the idea of revenge was. He should disappear in front of George Han forever. Fortunately, someone blocked his gun today, otherwise the consequences would be unimaginable.

After Lin Yong took the people away, the breakfast shop resumed its usual calm, and those who watched the excitement finally disappeared.

After George Han finished his share. He went to the store and asked for a copy, after all, he had to pack a copy for Qi Yiyun and go home.

When Qi Ran saw George Han packing, his eyes were obviously dimmed. Obviously, there was another person in George Han's family, and that person was probably his girlfriend.

George Han was too lazy to explain this misunderstanding, and bid farewell to Qi Ran after taking breakfast.

Back at home, Qi Yiyun sat in the living room. She had a habit of making breakfast, but since George Han brought her breakfast home after a morning run, she has stopped cooking.

Seeing the soy milk fritters, Qi Yiyun couldn't help swallowing, he was really hungry.

"I may not go home in the next few days. If you have any circumstances, just call me." George Han said to Qi Yiyun.

"You want to go back to the mountainside Villa?" Qi Yiyun asked blankly, but his eyes were obviously heartache.

George Han shook his head, he and Amelia Su were in a divorced state. Although Han Yan must have guessed that they were just a fake divorce, to the outside world, George Han is still a sensitive identity to the Su family, if he returns to the mountainside Villa at this time. It will definitely make a sensation in Basin City again.

He didn't want to move the attention of the entire Basin City people to himself.

"The matter of the village in the city is almost finished. Next, I have to find a way to develop the village in the city to build the influence of the weak water property in Basin City." George Han said.

After Qi Yiyun heard this sentence. There was a very obvious change in her expression, but she herself did not notice the smile at the corner of her mouth, and pretended to be very calm and said: "Anyway, I have given you the money. Next, I will watch you perform. If you fail, The Qi family will follow you to death."

"Don't worry, there is only time for me to die in this life." George Han said lightly. He also shoulders a heavy responsibility, not only Amelia Su's happiness, but also Han Tianyang, so he will not let himself fail.

For George Han, Qi Yiyun has very strong confidence. There is no basis, but simply believes in him.

“Be careful, I feel that Han Feng’s appearance is not that simple.” Qi Yiyun said.

“How to say?” George Han asked curiously. Isn’t Han Feng appearing for her?

Qi Yiyun contemplated for a moment, and said: “Based on what I know about Han Yan, she has done a lot of scheming, and her methods are endless, and in order to achieve her goal, she can do nothing. Han Feng should come to Basin City with her. , But it doesn’t appear early, and it doesn’t appear late. Why does it appear at this time?”

George Han smiled bitterly, and said, “You still speak directly, after all, I don’t know Han Yan as much as you.”

“I suspect that she wants to provoke the conflict between you and Han Feng. For her, the best way to solve your trouble is to kill you, but she must find a reason to do this. “Qi Yiyun said.

George Han frowned, Qi Yiyun said that he understood. Han Yan sent his brother into the tiger’s mouth as a sheep. Once he did something to hurt Han Feng, Han Yan would have a legitimate reason to kill him. .

“This woman is really ruthless, not even her own brother.” George Han sighed.

“I even suspect that she would like you to kill Han Feng, so that the position of the head of the Han family will be at your fingertips, and she can sit back and relax.” Qi Yiyun said.

Chapter 454

Qi Yiyun's explanation gave George Han a deeper understanding of Han Yan. If she was such a cruel woman, she would have to be more careful when dealing with her.

Although Han Yan is now posing aloof and has not dealt with the Su family, when she has nowhere to go, the Su family will definitely become her threat tool.

In order to achieve her goal, even her own brother can use it. What else can she not do?

"It seems that Amelia's current situation is not safe." George Han said.

Qi Yiyun said all this is more to make George Han be careful, and all his concerns seem to be on Amelia Su. Qi Yiyun only sighs in his heart. She knows that George Han has the heart no matter when and where. The most important person is Amelia Su.

"When can you care about me like this?" Qi Yiyun said with a serious expression.

"Hurry up and eat, I'll leave first." George Han finished. Turned around and walked out of the house.

At the Peninsula Hotel, Han Yan was lying on the bed gracefully, half-sleeping and half-awake, without disheveled hair, and sleeping very gracefully. Unlike many people who pay attention to comfortable sleeping posture, Han Yan will maintain her own image even when she sleeps. Her strict requirements for herself are almost to the point of harshness, because she believes in nobles, regardless of things. The size, she must maintain that incomparable noble aura, only in this way, she can become a true nobleman.

After opening her eyes, Han Yan did not continue to lie on the bed. Instead, she rinsed and put on beautiful makeup. She never showed her face without makeup. No matter who she faced, she would definitely dress very delicately. At one point, Han Yan almost developed obsessive-compulsive disorder.

The doorbell rang, and Han Yan got up only after confirming that the makeup had reached her satisfaction.

“Sister, I have been waiting for a long time, can’t you open the door for me earlier?” Han Feng said with a grumbling face.

“Don’t you know I am putting on makeup?” Han Yan said lightly.

“We grew up together, you look like you don’t have makeup, I haven’t seen it before.” Han Feng lay on the sofa in a big font.

Seeing Han Feng’s hooligan gesture, Han Yan clearly showed a look of disgust between her eyebrows, and she was in a big family. He didn’t even have any rules, and he didn’t seem to be a nobleman. If the head of the Han family fell on his hand, the Han family in the future will at most be a wealthy level, and it is absolutely impossible to become a real nobleman.

But if she becomes the head of the Han family, she is confident that the Han family will become a member of the upper class society and be recognized by the upper class society in the United States.

“Why come to me so early?” Han Yan asked.

“Sister, I decided to change my mind.” Han Feng said.

Han Yan smiled faintly and asked, “Are you planning to leave the flowers for Qi Yiyun? She really has such a big charm?”

Han Feng shook his head and said firmly: “I want to take on the responsibility of the Han family. Dad said before that if I want to inherit the position of Patriarch, I must use my own skills. I have been playing for so many years. Enough, now we must work hard to become the owner of the family.”

Han Yan’s expression condensed. How could Han Feng suddenly change like this? She has cultivated Han Feng as a waste for so many years, so that Han Feng can enjoy herself and can’t compete with her for the position of Patriarch. I didn’t expect that he would still have a time. When I wake up.

“Do you know how tired it is to be a Patriarch, if you become a Patriarch, you won’t have time to play with flowers in the future. Are you really willing to give up your current life?” Han Yan asked.

“Sister, you are going to marry after all. If I continue like this, will the Han family not pick up in the future? If the Han family has fallen, I won’t have the capital to play flowers.” Han Feng smiled, and he came to Han Yan to indicate His attitude is to want Han Yan to realize that he has a unique advantage. He has to let Han Yan know that when he intends to be the head of the house, Han Yan has no chance.

This sentence made Han Yan’s eyes gloomy, and this is perhaps the most painful part of being a woman.

Han Yan knew very well that it was for this reason that she had to do a hundred times better than Han Feng in order to be recognized by others.

The position of Patriarch is not something her father can give to whoever he wants. It also needs the consent of others. And their patriarchal concept makes Han Yan inherently at a great disadvantage in the matter of competing for Patriarch.

Since childhood, Han Yan has indulged Han Feng. No matter what he did wrong, Han Yan would try to help him conceal it, so as to make him more courageous to

do whatever he wanted. Han Yan thought he had succeeded, but Han Feng said this. Let Han Yan realize that Han Feng is still a huge threat.

“My sister never said that I want to marry.” Han Yan said.

“Sister, you are the princess of our Han family. If you don’t marry for the rest of your life, won’t you be laughed at? Don’t you be afraid that others will say you have a physical disorder?” Han Feng laughed.

Han Yan took a deep breath. She felt that today’s Han Feng was very different from the past, and even made her feel strange. It seemed that she was not the younger brother who had known each other for more than 20 years.

What is it that made him have such a big change in mentality?

“Isn’t Qi Yiyun taught you these words?” Han Yan asked.

“She is a woman, what qualifications do you have to teach me to do things. Although I like her very much, she is just a plaything in my mind that is a little more advanced than others.” Han Feng said lightly.

It’s not Qi Yiyun, what else could be the reason? Han Yan couldn’t think of it, but if she knew what caused Han Feng to change, she would definitely let the person who caused the cause and effect disappear on the earth.

“Sister, to deal with George Han’s things, let me do it. I will tell you in advance, and then I will tell my dad, I believe he will definitely give me this opportunity to practice. You take advantage of this time, Take good care of your skin, look at you, you are so tired and haggard, being a brother is very distressed.” Han Feng said with a look of concern.

Han Yan smiled, smiling very unintentionally and reluctantly, and said: “You have to think clearly, this matter is not as easy as you think, I am afraid you can’t stand the suffering.”

Han Feng stood up, walked behind Han Yan, and put it on Han Yan’s shoulders, massaging and saying: “Sister, this bitterness should be given to me. You have been eating for me for so many years, how can I bear it? Let you continue to suffer.”

Han Yan’s expression was gloomy. When Han Feng left the room, she clenched her fists instantly, and even her expression became abnormally hideous.

After a while, Han Feng received a call from his father. It was told that Basin City’s affairs were now given full responsibility to Han Feng, which made Han Yan even more angry.

Although her father said countless times, in his mind, the status of their siblings is equal. But Han Yan knows that this kind of equality does not exist at all. Han Feng’s male body is obviously more valued than her. Otherwise, why did she plan for so long. Just because Han Feng has to give it to him?

“Han Feng, you originally had a chance to enjoy life, but now, your fate is doomed to death. Don’t blame me, you forced me.” Han Yan gritted her teeth and said, she raised Han Feng into a waste , To maximize the avoidance of the chances of elder brothers turning against each other, but now, Han Feng wants to rob her of the position of Patriarch, so she has to use some extraordinary means.

After conspiring for so many years, Han Yan would never be willing to give up the position of Patriarch to Han Feng, she would get what she wanted at all costs.

In his room, Han Feng no longer had the irrelevant smile on his face as before. After being awakened by Qi Yiyun’s words, he knew very well what he was doing now.

Women are important, but the position of the head of the house is even more important.

With the right to control the Han family, he can get more women he wants.

“Sister, don’t want to fight with me. You are a woman after all. You should recognize reality earlier. Patriarch of the Han family, it is impossible for a woman to be a woman.” Han Feng said to himself.

At this time, the concealed door was pushed open, and the center of the earth walked in.

Han Feng didn’t even look at it, and said directly: “I know you like my sister better, but now there are only two ways to put it in front of you.”

Chapter 455

During Han Feng's pause, Di Yang did not speak, but chose to listen quietly.

“First, continue to help my sister, but after I become the head of the family, you don't expect to live in the Han family.”

“Second, help me do things, I will protect you from your old age.”

Di Yang lowered his head, his heart was more inclined to Han Yan, because everyone in the Han family knew it. Han Yan is more capable than Han Feng.

But Di Yang also knew very well that once Han Feng wanted to inherit the position of Patriarch, the innate advantage he had was absolutely beyond Han Yan.

Han Yan needs to work a hundred times hard to become Patriarch, and he only needs to work hard.

From this point of view, Han Feng's winning rate is much greater.

“How can I be sure that you are not just playing around on a whim?” Di Yang asked.

Han Feng was not surprised by this question. Perhaps most of the Han family would think so, but now, he has figured it out. He knows how important the position of the Patriarch is, and Han Yan's connivance to him for so many years is not really good. He just doesn't want him to be a threat to the Patriarch, which makes Han Feng feel a lot of dissatisfaction with Han Yan. Naturally, he would not let Han Yan succeed.

“The promise of words is meaningless to you. No matter what I say, you will doubt it. Therefore, if you have no room for consideration, the choice is right in front of you to see who you are more willing to believe.” Han Feng said with a smile .

People like Diyang have countless enemies. Once they are really old and unable to move, they must rely on a big tree if they want a stable life.

There is no doubt that the Han family can bring him stability in the future, and leaving the Han family, he can't imagine how many people will be chased and killed. Perhaps in the end, he will only get a corpse in the wilderness. This is definitely not the center of the earth. want.

This is a gamble, which is about the stability of the gamble in old age.

“I am more optimistic about Han Yan, but you do have a greater advantage compared to her. What do you want me to do for you?” Di Yang asked.

Han Feng laughed triumphantly when he heard this, like a beggar. He has everything in an instant, the only difference is that the beggar himself has nothing, and he just took back what originally belonged to him.

“Follow me to see my sister.” Han Feng said.

Di Zhong nodded, not rejecting this matter.

Whoever is the main one depends on what he can get. Although I am sorry for Han Yan by doing this, for people like Diyang, what he seeks is his own interests. There is no point in simply being loyal to Han Yan. Will use his future to express his loyalty to Han Yan.

When Han Feng went and returned, and he was still following the center of the earth, Han Yan knew what was going on without him speaking.

Di Central was at her request, but now, Di Central is standing next to Han Feng, clearly becoming Han Feng's person.

“Di Yang, your betrayal is very happy.” Han Yan said coldly.

“Miss, this is also a helpless move. Young Master wants to become Patriarch. This is a fact that no one can change.” Di Yang said.

Han Yan gritted her teeth unwillingly, conspiring for many years, how could she draw water from a bamboo basket because of Han Feng’s sudden change of thought, she would never let this happen.

“My good brother, my sister has been good to you for so many years. You are going to grab something from your sister now.” Han Yan said to Han Feng.

“Sister, why are you treating me well, don’t you know it? I didn’t wake up before, but now, I already know all the reasons, you don’t have to be hypocritical anymore.” Han Feng said with a mockery.

Han Yan took a deep breath and said, “I hope you won’t let my father down, and I won’t intervene in this matter again. After all, we are brothers and sisters, and I don’t want to develop the matter to the point of death or death.”

“Thank you sister.” Han Feng finished speaking, and left the room with Di Yang.

In the village in the city, when George Han arrived at Yang Xing’s house, Yang Xing told him about the latest situation. There are still two other families who have not settled it. Almost the entire village in the city has been included in George Han’s bag.

“Brother George, don’t worry, within three days, I will definitely be able to handle these two families.” Yang Xing assured George Han.

George Han has been paying attention to Yang Xing’s ability to do things through Mo Yang’s men. His every move did not escape George Han’s sight. It has to be said that although Yang Xing only dominates the village in the city, his abilities are not bad, almost on par with Lin Yong. As long as you cultivate and use it well, you may also be a unique role in the future.

“I believe you, but you have to remember one thing, you can’t use tough methods.” George Han said.

Yang Xing said with a smile: “Brother George, I am really fortunate to meet someone like you. I don’t know what means they will use to change to another developer.”

George Han has no kind heart, but just doesn’t want to cause unnecessary troubles. After all, the current society has a very high spread of incidents. Once it hits the Internet, the situation can easily become very serious.

George Han’s goal of developing the village in the city is to increase the influence of the weak water real estate in Basin City. If there are negative news, this matter will not be worth the gain.

At this time, Yang Xing’s men hurried into the room.

Yang Xing’s complexion condensed, and he scolded: “Didn’t you see that Brother George and I are discussing things? Get out quickly, recklessly, and can’t do things beyond your head?”

The man expected that he would be scolded. But things had to be reported and said: “Brother George, someone wants to see you, and she is still a big beauty.”

Yang Xing glanced at George Han secretly. It turned out to be George’s lace affair, but this was not something he could do.

George Han frowned, beautiful woman, what kind of beautiful woman would come to him?

Is it Qi Yiyun?

It is unlikely that she should know what he came to the village in the city for, and she would never come to the village in the city to find him for no reason.

“Bring it in.” George Han said.

“Yes.” After the subordinate took the order, he ran out quickly.

At this time, a woman in a white dress stood outside the door, attracting the eyes of countless people, and even many women looked at her obsessively.

In an environment like the village in the city, it is almost a miracle to be able to see this superb beauty. Those men can't wait to put their eyes on her, jot down every inch of details, and use them to remember at night.

“Beauty, Brother George asked me to take you in.” The subordinate said to the woman. He lowered his head and secretly looked at those delicate jade-like calves, without any flaws, which was very attractive to men.

When George Han was thinking about who the visitor was, the younger brother led people into the house.

“Han Yan!” George Han looked at the visitor in surprise. He even thought that Amelia Su was here, but he never thought that this person turned out to be Han Yan!

Han Yan is very repulsive to the environment of the village in the city, even when those people stare at her, she will feel very disgusted, because she feels noble herself. These people are not even qualified to see her.

But in the current situation, she must come to George Han.

In terms of performance, she is better than Han Feng, but what use is this?

Han Feng's advantage as a man can make all her performance pale and weak.

Who cares how capable a woman is?

"Is there time? I want to talk with you." Han Yan said.

George Han smiled faintly. Although he could not guess why Han Yan came, he was certain that the matter was definitely related to Han Feng.

"Yes." George Han said.

The room became quiet, and Yang Xing, who had been silly, didn't realize that he should leave.

There are many Yingying Yanyan beside him, but those women can't even match Han Yan's toes. This is the best beauty that can make men dream.

"Ahem." George Han coughed dryly, and said to Yang Xing who was mad, "Yang Xing, are you still going to do something?"

Although he heard George Han's words in his ears, Yang Xing, who was dazed, still did not understand what he meant.

"Brother George, what am I going to do?" Yang Xing asked.

George Han is speechless, hasn't this guy seen a woman? I even saw Han Yan lost her soul.

Although Han Yan is indeed very beautiful, in George Han's view, the charm is not so great.

"What you have to do is to get out now, immediately." George Han said.

Chapter 456

“Ah!” Yang Xing glanced at George Han in astonishment, only then did he reflect, and ran out rolling, and by the way he greeted his little brother to close the door.

When he arrived at the door, Yang Xing was in a cold sweat and fortunately said: “Damn, I almost lost my mind. If you break the good things of Brother George. Ten lives are not enough to die.”

After thinking about it, Yang Xing said with a look of enviousness: “Brother George’s Yanfu is really not shallow. I took the number one beauty in Basin City, and now there is still this kind of top beauty who took the initiative to send it to the door.”

With that, Yang Xing became worried again. The environment in his home was dirty and messy, and he didn’t know if he could give Brother George a good experience. If the environment ruined his mood, it would be damned.

“Damn, you must clean up your house in the future, just in case you need it.”

Various conjectures of Yang Xing. It has almost become a fact in his mind.

But the situation in the room was not what he thought.

Han Yan is beautiful, but he is related to George Han by blood, and even if there is no such relationship, George Han would not have any thoughts about her.

In terms of beauty alone, Han Yan is still a step behind Qi Yiyun. Even Qi Yiyun and George Han, who are readily available, have no idea, so how can they think of Han Yan?

“I didn’t expect you to condescend to come to this place. It really surprised me.” George Han said to Han Yan.

“Stop talking nonsense, the enemy of the enemy is a friend. In a sense, we can become temporary friends.” Han Yan said.

“Friend?” These two words couldn’t help making George Han laugh. Han Yan would actually treat him as a friend. This was probably the biggest joke he had ever heard.

“I can help you.” Han Yan said.

“How to help me? Why help me?” George Han asked.

“I want to get the position of the head of the Han family, Han Feng must die.” Han Yan said.

George Han looked at Han Yan with a mocking face, and said, “I killed Han Feng, and then you can get rid of me justifiably, and you will be able to win a lot of people’s hearts in the Han family. This plan is really perfect, but you are not immune. Too much of me as an idiot.”

Han Yan did think so, but she also considered George Han’s worries. George Han is not a fool, and it is impossible for her to play like this.

“I can achieve a balance of interests between you and me. I can assure you that after Han Feng’s death, I will never embarrass you and will leave Basin City as soon as possible.” Han Yan said.

George Han stood up and said lightly, “Do you know what is the most useless thing in this world?”

“Promise.” Han Yan answered.

“Since you know, then you should be very clear that these words are meaningless to me, and I never value anyone’s promise.” George Han said.

Han Yan gritted her teeth, and besides asking George Han for help, she couldn't think of any other way to reverse the current situation.

If George Han refuses to cooperate with her, she has no capital to fight Han Feng.

“Speaking of which you are pitiful, you are obviously better than Han Feng, but just because you are a woman. So all your efforts are wasted.” George Han sighed.

This talked about Han Yan's heart. For many years, she worked hard to become a bamboo basket to draw water. Just because she is a woman, Han Yan can't wait to become a man.

“Whatever you want, I can promise you.” Han Yan said.

George Han never expected that he would be able to turn passive into active in front of Han Yan. This happened so quickly that he was completely unprepared. For a while, he couldn't think of what conditions should be offered.

“Give me one day to think about it.” George Han said, the reason for considering instead of refusing decisively, because if we can reach a consensus with Han Yan, this matter will undoubtedly become much easier.

“Okay, I'll give you one day, I hope you don't let me down.” Han Yan finished speaking, turned and left home.

Yang Xing has been waiting outside, in his opinion. Within an hour or two, George Han should not come out.

But when he saw Han Yan, he was shocked for a while. This was only a few minutes. Is George so fast?

Is it possible that at a young age, the body is worn down!

“Brother George, is this over?” Yang Xing asked when he saw George Han also going out.

“Hey.” George Han sighed and cooperated with Han Yan, like sleeping with a time bomb in his arms, making him unable to feel at ease, but the current situation. Cooperation is the best choice, so he is very entangled.

Yang Xing didn't know what George Han was upset about. He mistakenly thought that the time was too short, so he let George Han sigh and said wisely: “Brother George, I know an old Chinese doctor who is very good at treating this aspect. Shall I introduce you?”

George Han looked at Yang Xing inexplicably. Why did you mention the old Chinese doctor suddenly?

“What old Chinese doctor, what do you do to introduce me to the old Chinese doctor?” George Han asked puzzledly.

Yang Xing smiled and said: “Brother George, you don't have to be embarrassed. Everyone is a man and understands the distress of too short a time. In fact, you can't be blamed for such a beautiful woman.

George Han was taken aback for a moment, and then Yang Xing was beaten, still the kind of screaming.

“Brother George, what are you doing when you hit me? Did I say the wrong thing?” Yang Xing said with an aggrieved expression on his head with both hands.

George Han was so angry that he had a murderous heart, but Yang Xing was considered light.

“She is Han Yan, do you think something will happen between me and her?” George Han said angrily.

Yang Xing was startled. It suddenly dawned on me that this fight was not a loss, and it was completely deserved.

“Brother George, I’m sorry. I think too much.” Yang Xing said.

George Han glared, and directly scared Yang Xing to run ten meters away.

After leaving the village in the city, George Han returned home.

Qi Yiyun, who had been prepared to not see George Han for a few days, suddenly came back to him. It feels very unexpected.

“Why came back so soon, what happened?” Qi Yiyun asked George Han in a puzzled way.

“Your knowledge of Han Yan is not deep enough. Today, Han Yan came to me.” George Han said.

“Will she join forces with you to deal with Han Feng?” Qi Yiyun asked.

George Han nodded.

Qi Yiyun sighed and said: “The cognition is really not deep enough. I didn’t expect that she would want to use you. This sister and brother love is in her heart, I am afraid it is worthless.

“Do I want to cooperate with her? She definitely hopes that Han Feng will die in Basin City, but once Han Feng dies, I am afraid that Han’s family will retaliate even more wildly.” George Han said.

Qi Yiyun didn’t speak, but thought with a serious expression.

Han Feng died, this pot would definitely fall on George Han.

When the Korean family of the United States is really angry, with George Han's current ability, it must be impossible to resist.

The Korean family of the United States is like a male lion, while George Han is just a young tiger. The strength gap between the two is very large.

“Judging from the current situation, the best way to solve Basin City's troubles is to cooperate with Han Yan. Of course, this is without weighing other consequences.” George Han continued.

Qi Yiyun nodded, without George Han deliberately explaining, she also knew the current situation.

The most important thing is how to control Han Yan's throat so that even if Han Feng is dead, this debt cannot be counted as George Han.

Qi Yiyun suddenly raised his head and looked at George Han with a smile on his face.

Seeing her expression, George Han knew that she must have a solution, and couldn't help but ask: “If you have a solution, please speak up.”

“What benefits can I get?” Qi Yiyun smiled.

George Han spread his hands and said that he had nothing, and then said: “We are now grasshoppers on a rope. I'm over, and Qi's family will be over. What benefit do you need?”

Qi Yiyun glared at George Han helplessly, and said: “It is very simple to have Han Feng die. The key is who he died, and can you leave evidence.”

After George Han was silent for a moment, he took a deep breath and said, “I didn’t expect you to be a terrible woman too. You can think of such a vicious way.”

Qi Yiyun’s meaning is not difficult to understand, Han Feng wants to die, but he must die in Han Yan’s hands, and George Han needs to leave evidence to threaten Han Yan.

Chapter 457

“Have you never heard the words of femme fatale?” Qi Yiyun did not conceal her vicious side, but instead she hopes to show her truest self to George Han as much as possible, so that George Han knows what she is. what does it look like.

The hypocritical side can please people more easily, but Qi Yiyun knows that when the veil of hypocrisy is lifted, it will be more disgusting.

I have to say that everything Qi Yiyun does is based on the perspective of considering George Han. It seems that George Han has become the most important person in her heart.

“Han Yan won’t be so stupid, leave the handle in my hand.” George Han said.

“She will not do it unless she has to force her, but you can drive her to a dead end. I believe she can do all kinds of crazy things with her unwillingness.” Qi Yiyun said.

Forced?

To what extent can it be called a last resort, this. If it is not clear, he can only rely on him to slowly test and explore.

“For the sake of your advice, how about I invite you out to dinner tonight?” George Han said.

“Wait for me. Change clothes.” Qi Yiyun did not hesitate to get up from the sofa. She didn’t want to miss this good opportunity. Even if it was just a normal meal, as long as it was able to eat with George Han, it was also for Qi Yiyun. happy.

When Qi Yiyun walked out of the room, the beauty that rushed to his face made George Han's mind sway, if it weren't for his firm heart, I'm afraid he would fall into Qi Yiyun's beauty.

“Just eat dinner, don't you need to be dressed like this?” George Han said, walking on the street with Qi Yiyun's current posture, not knowing how many men's eyes are attracted. As the saying goes, beautiful women are accompanied by indispensable troubles. , She dressed so beautifully and went out, George Han could almost predict the occurrence of trouble.

“Wonderful dress? Isn't it just a simple skirt?” Qi Yiyun turned around, the hem of the skirt swayed slightly, this is indeed an ordinary skirt, only because it is worn on her body, it looks unusual.

“Let's go.” George Han said with a wry smile.

While waiting for the elevator, Qi Yiyun asked George Han: “If you were given another chance to choose. Who would you choose? It was the first time Amelia Su and I met you.”

“Whether a man or a woman is a visual animal, based on such conditions, I think I should choose you.” George Han said. Although this seems a bit of a scumbag, it is the most true expression in his heart. Compared to Amelia Su and Qi Yiyun in terms of appearance, Qi Yiyun is indeed more attractive. This is not denied to any man.

“It would be nice if I could get to know you sooner.” Qi Yiyun was delighted and disappointed, because her assumptions could not happen in reality.

At this time, the elevator door opened, and Miffel and Yang Meng were chatting. When they saw Qi Yiyun, they couldn't speak.

The first time I met with Qi Yiyun, Qi Yiyun dressed very well, but still made them feel terribly beautiful, but this time, Qi Yiyun put on a skirt, which made people feel even more embarrassed.

To Miffel from the letter. He lowered his head slightly, as if he didn't dare to fight for beauty with Qi Yiyun.

“Old Han, are you going to go out?” Yang Meng asked George Han. Although she felt ashamed in front of Qi Yiyun, she never thought of comparing with Qi Yiyun, so her and Miffel's moods were Totally different.

“Yes, go out and finish the meal.” George Han said.

Yang Meng smiled slightly at Qi Yiyun, saying hello to Qi Yiyun.

Yang Meng Mi Feier walked out of the elevator, George Han Qi Yiyun walked into the elevator.

When the door closed, Yang Meng said with a look of admiration: “She looks really beautiful. If I had half of her, it would be nice to have many boys chasing me.”

Miffel didn't speak, she didn't want to admit that she was inferior to Qi Yiyun, but she knew very well in her heart that she couldn't even compare with Qi Yiyun, the difference in appearance and figure. It is not only the hard work that can be changed the day after tomorrow, so in her life, she will not be able to compare Qi Yiyun in this aspect.

“What about being beautiful, being with him like this kind of trash. Sooner or later I will become a yellow-faced woman.” Miffy said disdainfully.

“Sister Feier, you don't even know Old Han...” At this point, Yang Meng suddenly covered her mouth and almost blurted out the true identity of George Han.

“Know what?” Miffel asked puzzledly.

“No...nothing.” Yang Meng concealed his panic, and said: “Sister Feier, let’s go home quickly, I have to cook, and I’m hungry.”

Miffy moved one step across. He stood in front of Yang Meng and said, “Girl, you have something to hide from me now.”

Yang Meng lowered her head with a guilty conscience and did not dare to look at Miffel, because George Han’s true identity had not been revealed to Miffel without George Han’s consent.

“Sister Feier, no. I really don’t.” Yang Meng said.

Miffel gritted her teeth, she was certain that this matter was related to George Han, and the waste did not know what ecstasy soup had been poured into Yang Meng.

“Okay, I don’t embarrass you. When he comes back, I will ask him to ask clearly. If he dares to deceive you and hurt you, I will never let him go.” Miffel said coldly.

“Sister Fei Er, it has nothing to do with Old Han. You should not trouble him.” Yang Meng said. George Han is the owner of Weak Water Real Estate. If Miffie really offends him, he will be thrown away at any time. jobs.

Miffy didn’t speak, and went straight back home.

After George Han and Qi Yiyun got in the car, they headed for the busiest commercial street in Basin City. Originally, George Han planned to find a slightly more secluded place to eat. To prevent Qi Yiyun from causing too much sensation, but when Qi Yiyun pointed out that he wanted to eat at a restaurant in the commercial street, George Han could only bite the bullet and go.

In the evening, the commercial street is very prosperous, with a lot of people shopping. When George Han got out of the car, it was nothing. Qi Yiyun got out of the car and immediately attracted a lot of attention.

Women's eyes are envious, while men's eyes are obsessive.

Qi Yiyun is like a goddess descending to earth. Accepting the admiration and worship of the world.

George Han sighed and said to Qi Yiyun: "You should go out less in the future, or else how can you let other women live."

Qi Yiyun smiled faintly, she was before. She doesn't like others to see her true side, but now she seems to be a little addicted to this thing, because the more eyes she attracts, the more attractive George Han will be.

"Is it because I am beautiful, so I should not go out of the door? Why should I take care of other women's feelings?" Qi Yiyun said with a smile.

These words were enough to make Qi Yiyun the public enemy of the women of Quanyun City, but she had the qualifications to say this, and George Han couldn't even find the point to refute.

"Women are so good. As long as they are beautiful, they are capital. Unlike men, they have to be rich." George Han sighed.

"Did you treat me as a vase?" Qi Yiyun asked.

"Uh... let's go to the restaurant you mentioned, I'm afraid that if you stay here too long, it will cause chaos in the commercial street." George Han said, many people have stopped to observe Qi Yiyun, If this continues, the crowds will definitely become congested.

“Would you like to try holding my hand?” Qi Yiyun said with a smile.

George Han ignored Qi Yiyun’s remarks, what did he hold her hand for no reason, and if he really wanted to do this, those men might want to kill him?

Just standing next to Qi Yiyun, George Han was almost overwhelmed by those enviable eyes.

The two speeded up their pace and arrived at the restaurant Qi Yiyun said, but by doing so, the crowds in the commercial street did not recede. Instead, a large number of people poured into the restaurant, and at the entrance of the restaurant, a group of people who did not want to leave were also surrounded.

This situation caused the restaurant manager to panic, for fear that these people were here to make trouble. In the event of a riot, the consequences would be unimaginable.

“Your influence is amazing.” George Han said helplessly to Qi Yiyun while sitting at the dining table.

Chapter 458

The restaurant with not many customers originally, because of the appearance of Qi Yiyun, is now overcrowded, packed with seats, and there are still a large number of people at the door unwilling to leave. This makes George Han sigh, even in the crowd, George Han has faintly heard some guess .

Many people think Qi Yiyun is a big star. It seems that in their eyes, only stars can be so beautiful.

“Since I am so influential, do you want to consider asking me to be the image spokesperson for the weak water real estate, perhaps you can win more favors for the weak water real estate in Basin City.” Qi Yiyun said with a smile.

George Han was stunned. This proposal is still a bit interesting. It is not a simple matter for weak water real estate to increase its influence, but if there is such a shortcut, it is indeed a good way. With Qi Yiyun’s influence today, it might be feasible.

But what she would think after Amelia Su after this incident, George Han was not sure.

“Pull it down. I don’t want Amelia to be jealous of our relationship.” George Han said.

Qi Yiyun’s heart was tight, and it was because of Amelia Su, her relationship with George Han, no matter from which level it developed, Amelia Su was the biggest stumbling block. George Han would take Amelia Su into consideration for anything.

“It’s just work cooperation, she shouldn’t think too much about it.” Qi Yiyun said.

“A woman’s heart is just like the weather. I don’t want to try it when it changes.” George Han said lightly. Although Amelia Su is a very sensible woman, she occasionally suffers from women’s common problems. Qian has experienced it many times in person.

Qi Yiyun no longer speaks, but a thought silently in his heart. Although the image spokesperson just mentioned something casually, to a certain extent, it can indeed increase the local influence of the weak water property in Basin City, since George Han didn’t want to do this because of Amelia Su, and only had to find Amelia Su. Let her understand the significance of this matter, and believe she will not refuse.

During the meal, several men couldn’t help but approach Qi Yiyun’s phone number, and several others deliberately showed out their car keys. They were all luxury cars of high value. It is very rich.

But for Qi Yiyun, the luxury car keys are not at all attractive. The assets of her family are not comparable to those who show off their car keys. Moreover, Qi Yiyun today is only George Han in his eyes or in his heart. A person.

After rejecting countless men, the dinner was finally finished without surprise.

“Next time if you don’t wear glasses, I won’t come out to have a meal with you.” George Han said, although there was no major trouble, but the meal was not worry-free and would always be disturbed. .

“I didn’t dare to think that you would eat out with me, so am I going to seize this opportunity and let you accompany me more?” Qi Yiyun said with a smile.

“What do you want to do?” George Han asked vigilantly.

“I stayed at home for so long and haven’t been out. I want to go shopping in the mall.” Qi Yiyun said.

Eating a meal has already caused such a big scene, and then go to the mall, still have to paralyze the mall?

George Han shook his head again and again and said, “You better let me go, take advantage of the fact that no one is madly fighting the fire with moths, and hurry home. Otherwise, I’m afraid that someone will be unable to help but get it by other means You, when the time comes, I will have to fight with people again.”

Qi Yiyun felt the strong rejection of George Han, and her inner loss was inevitable, but she did not insist. After all, fighting meant risk, and she didn’t want George Han to be injured.

At this time, Lily Jiang was holding a mobile phone in the mountainside Villa. A sneer on his face.

There is a photo of George Han and Qi Yiyun eating together on the phone, which was sent back to her by the person who followed George Han.

Lily Jiang, who suffered a loss, did not give up on continuing to damage the relationship between George Han and Amelia Su, even if George Han had already threatened her seriously in the ancient town. Lily Jiang still did not flinch. She always believed that the stability of the Su family must be completed by the death of George Han. Only when George Han died, the Su family would not be affected, and Amelia Su could also usher in a new life.

“I didn’t expect you to be a wasteful person, and you can still come with such a beautiful woman. I don’t know what kind of luck you had in your last life.”

Looking at Qi Yiyun in the photo, Lily Jiang doesn’t feel familiar, even if she has been more than once. I have seen Qi Yiyun. After all, whether he wears glasses is too far apart for Qi Yiyun, and most people simply cannot treat the two images as one person.

Amelia Su has not yet returned home. Recently, she often has dinner with Shen Lingyao at night, and occasionally sleeps at Shen Lingyao's house. Because there are too many memories about George Han in the Mountainside Villa, after returning home, Amelia Su will fall into serious thoughts, which will make her sleepless all night.

In order to fear that Amelia Su would not go home and not see the wonderful photos of George Han cheating, Lily Jiang made a special call to Amelia Su.

“Amelia, are you not going home tonight?” Lily Jiang asked.

Amelia Su on the other end of the phone is still having dinner with Shen Lingyao, but she does plan to go to Shen Lingyao's house tonight.

“Mom, is there anything you want to do with me?” Amelia Su asked.

“That's right, and it's still a serious matter, so hurry home.” Lily Jiang said.

“Okay, I'll be back after dinner.”

After hanging up the phone, Shen Lingyao asked Amelia Su: “What's the matter?”

“My mother said there was a serious matter, but I guess she made a fuss again.” Amelia Su shook her head helplessly.

“I don't know what's going on with Auntie. Why do you want to destroy the relationship between you and George Han?” Shen Lingyao asked inexplicably. She heard Amelia Su complain a lot. So knowing what Lily Jiang did makes her feel very inexplicable.

To say that when George Han was still useless in the past, Lily Jiang was just soliciting discord, but now. Didn't she still understand that everything about the Su family was given by George Han?

If it weren't for George Han, how could she live in a mountainside Villa, how could she have the current quality of life.

Amelia Su shook her head. She also didn't understand why Lily Jiang did these things, but Lily Jiang was always happy about this matter, and people couldn't find the reason.

"Hurry up and eat. I have to go home after eating." Amelia Su said.

It was almost nine o'clock when Amelia Su returned home.

Lily Jiang and Wilson Su are sitting in the living room.

Wilson Su has already seen the photo. Although it is just a very ordinary photo of eating, Lily Jiang's ability to compose stories has recognized George Han as coming out. He can only watch Lily Jiang's performance and dare not have any objection.

"Mom, what's the matter?" Amelia Su asked Lily Jiang.

"Do you know what George Han did outside? He has hooked up with other women now." Lily Jiang said.

Amelia Su's heart was as quiet as water without any waves. After all, it was not the first time Lily Jiang had said that George Han was seriously injured.

"You can say anything to separate me and George Han, but do you think I will believe it?" Amelia Su said lightly.

"I know you won't believe it, so this time, I have evidence that he was eating with that bitch, and the photo happened to be taken by my friend. The evidence is solid, can there be fakes?" Lily Jiang sneered and said The phone was thrown on the table.

Seeing Lily Jiang's confidence, Amelia Su didn't seem to just talk about it, holding a skeptical attitude, and picked up the phone.

The photos on the phone were George Han and Qi Yiyun, which surprised Amelia Su.

How can they have a private date!

Qi Yiyun in the photo does not have eyes. She wears an ordinary dress with a sense of beauty. Amelia Su has no doubt that she has the ability to make men fall into obsession.

But... But how could this person be George Han?

"See, I didn't joking with you this time, this woman looks pretty good, they seem to live together now." Lily Jiang said.

"Impossible." Amelia Su said categorically. George Han is her husband and Qi Yiyun is her best girlfriend. How could they live together?

Chapter 459

“Amelia, are you blind, and the evidence is in front of you, do you want to help him quibble?” Lily Jiang said angrily. She really couldn’t understand what Amelia Su was hit. Poison, why do you want to be so devoted to George Han? Doesn’t she know what kind of crisis George Han will bring to the Su family?

And now it is a fact that he cheated, is it not enough to make Amelia Su break with him?

“This is Evian, Evian is my best girlfriend, she can’t have a relationship with George.” Amelia Su said.

I heard the word Evian. Lily Jiang was taken aback. She had seen the woman in the photo more than once, how could it be Qi Yiyun.

“When did you have such troublesome eyes? The girl from Evian, who looks ordinary, how could she be the person in the photo.” Lily Jiang said.

Qi Yiyun wearing glasses is indeed very ordinary, but Amelia Su is very clear about what Qi Yiyun looks like after taking off his glasses, how could he admit he was wrong.

“Mom, this is indeed Evian. The two of them may just have a meal together.” Amelia Su said.

Lily Jiang gritted his teeth. It was hard to wait for the opportunity to criticize George Han. What about Qi Yiyun, can’t they have a leg?

“Fire, theft, and girlfriend. This sentence is really good. Now your husband has been hooked up by your girlfriend. Do you think that a man and a woman together are really just eating meals?” Lily Jiang said.

George Han met Qi Yiyun privately. It was indeed a bit wrong, but Amelia Su was willing to trust George Han. After all, the experience of Amelia Su over the past three years, she did not believe that George Han would do such a thing.

“Mom, I believe them, if nothing else, I will go back to my room and rest.” Amelia Su put down the phone and walked directly to the room.

Lily Jiang gritted her teeth unwillingly. She thought this photo was enough for Amelia Su to recognize George Han’s true face, but she was still so confused.

“Your daughter, really has a convulsion in her mind. The facts are already in front of her. She even believes in that waste.” Lily Jiang said angrily to Wilson Su.

Wilson Su said: “Perhaps they are really just eating together?”

Lily Jiang stared at Wilson Su fiercely, and said: “Even if it’s just for dinner, I have to make something happen to them. I won’t let George Han waste anymore. Step into my Su’s house.” Su

Wilson sighed . Although the head of the mountainside Villa is Amelia Su, the Villa’s George Han bought it. This is an undeniable fact. However, Lily Jiang completely ignored this.

“You can make trouble to your heart’s content. You will be reconciled if this house is completely destroyed.” Wilson Su said helplessly.

Lily Jiang grabbed Wilson Su’s ears very hard, wishing to pull them off.

“I am for the good of this family, do you think I am you, don’t care about everything, just know how to eat, drink and wait for death?” Lily Jiang scolded coldly.

If it were before, Wilson Su would have been so painful and begging for mercy, but today, Wilson Su looks at Lily Jiang unchanged.

“I have been patient with you enough, Lily Jiang, I warn you one last time, don’t do anything to me, I am also a man with dignity, if you think I am useless, you can divorce me.” Wilson Su in life , There has never been such a tough attitude.

Lily Jiang looked at Wilson Su in disbelief, this wimpy man dared to talk to her like this!

“Okay, divorce, divorce, and leave tomorrow. If you dare to say it, don’t beg me like a soft egg.” Lily Jiang said coldly.

Wilson Su smiled sadly. In the past, Lily Jiang used to threaten him with divorce, and every time Wilson Su confessed his mistake and compromised. It seems that she already took this for granted.

But this time, Wilson Su will never compromise again. He doesn’t care how low his status in the family is, but Lily Jiang is now getting stronger and stronger, and he can no longer bear this kind of life.

“Get up early tomorrow. Let’s go to the Civil Affairs Bureau.” Wilson Su said lightly. Instead of going back to the second floor room, he went to the utility room where George Han lived before.

Lily Jiang sneered. She didn’t believe that Wilson Su really dared to do this, and she believed that Wilson Su would definitely come to beg for mercy.

Of course, Lily Jiang is also unwilling to divorce. At her age, divorce will definitely be laughed at. She doesn’t want to become someone else’s laughing stock.

Back to the room on the second floor, as time passed, Lily Jiang was lying on the bed more and more restless.

It's almost twelve o'clock, Wilson Su hasn't even appeared yet, does this trash man really dare to divorce her?

how is this possible!

Where did the soft egg have such courage and divorced. He has nothing left.

Lily Jiang stayed up until two o'clock, Wilson Su still did not appear, but she still thought that Wilson Su would beg for mercy, but this time it took longer than before.

“Want to make me scared? Wilson Su, you are not qualified for this trash.” After saying this to himself. Lily Jiang fell asleep peacefully, and she was sure that after opening her eyes tomorrow morning, Wilson Su would honestly give her breakfast to apologize.

In the utility room, Wilson Su was firm in his heart. He no longer felt afraid of divorce. Instead, there was a kind of relief. It seemed that only divorce would he be able to find his life.

Even if it is really nothing. But he can at least regain his dignity as a man.

This time, Wilson Su became a man, straightened his back and upright!

Early the next morning, Lily Jiang didn't see breakfast after waking up, let alone Wilson Su, and was suddenly furious.

Rushing to the living room, Wilson Su was eating at the dining table, Lily Jiang immediately cursed: “Wilson Su, you didn't even bring me breakfast upstairs. I forgive you, no way.”

Wilson Su turned his head indifferently, glanced at Lily Jiang and said: “When do I want you to forgive me, did I do something wrong? Don’t think that everything you do is right, and the wrong one is always someone else’s. Let others apologize to you. This time, I won’t, and I won’t be anymore.”

“Wilson Su, what’s the use of pretending to be in front of me, doesn’t the old lady still know your trash habits?” Lily Jiang said with a sneer.

Wilson Su’s current state, it feels like life has been liberated, everything is relieved, and he smiled and said, “You really understand my wasteful habits, but this time, you are wrong. Eat quickly and eat. Fan, go for a divorce.”

Lily Jiang took three steps and two steps. When he walked to Wilson Su, he slapped Wilson Su’s face with a heavy slap, and said, “You want to pretend to be with me? Wilson Su, immediately kneel down and apologize to me, otherwise. I won’t spare you.”

Wilson Su stood up and stretched out With his right hand, he stared at Lily Jiang carefully, and then said to Lily Jiang: “You haven’t tasted my slap yet.” When the

voice fell, Wilson Su slapped Lily Jiang’s face. The slap resounded throughout the living room.

Lily Jiang was slapped by the slap and looked at Wilson Su in disbelief.

“You...do you dare to hit me?” Lily Jiang said.

“Doing harm to the peace of my Su family, what about hitting you!” Wilson Su said coldly.

Lily Jiang’s expression gradually became hideous and said: “I want to divorce you, I want you to get out of Su’s house.” Su

Wilson smiled faintly. Asked Lily Jiang, “Can I still be called the Su family without my family? After the divorce, you got out of the Su family. Did you forget your surname?”

As long as Wilson Su is willing to fight for, Lily Jiang is not qualified to let him go out of the house, but Lily Jiang has the possibility of leaving the mountainside Villa.

Of course, all this depends on Amelia Su’s attitude, after all, she is the real head of the household!

Lily Jiang sneered and said, “Trash, do you have the guts to divorce me? Without me, the Su family will be finished sooner or later.”

“Lily Jiang, you take yourself too seriously. For so many years, you have been passionate about supporting the Su family, but what contribution have you made in this family? Have you made a cent for your family? It’s just to put gold on my face with the credit of Amelia. I, Wilson Su, is indeed useless, but you, Lily Jiang, are also a waste!” Wilson Su said flatly, then sat down and continued to eat, and said, “Hurry up and eat. After eating, we go to divorce.”

Chapter 460

Wilson Su's performance was different from usual, but Lily Jiang still had a sneer expression. Until now, she still didn't think Wilson Su had the guts to divorce her.

For more than 20 years, Wilson Su's performance in front of Lily Jiang has always been a useless person who can't fight back and scold him. How could his waist become hard.

"Wilson Su. No matter how you ask my mother today, my mother will not forgive you." Lily Jiang said coldly.

After breakfast, Wilson Su waited at the door. After Lily Jiang changed his clothes, she went to the door and said proudly: "Go, do you really think I will be afraid of you?"

Wilson Su drove all the way towards the Civil Affairs Bureau. Lily Jiang said a lot of sarcasm and mockery of Wilson Su on the road. Because in her heart, she didn't even feel that Wilson Su would divorce her.

Even if he could act until the last moment, Lily Jiang believed that he would beg for forgiveness after all.

After arriving at the Civil Affairs Bureau. A very strange phenomenon is placed in front of Wilson Su. There are many more divorced people than married people.

"It seems that the trend of divorce is popular now. I didn't expect that when I was old, I could still catch up with the fashion." Wilson Su said with a smile. At this moment, there is a kind of relaxation in his heart that has never been seen in decades, like All the pressure disappeared in an instant.

Thinking of never having to look carefully at Lily Jiang's face in the future, thinking of not being scolded at every turn in the future, Wilson Su is grateful that he can wake up at this age and enjoy his freedom for at least a few years.

“Wilson Su, you really don't want to do something embarrassing. Don't stop. If you don't kneel down for me today, the marriage will be divorced.” Lily Jiang said to Wilson Su.

“Yes, I'm leaving, don't you think I will compromise with you? Lily Jiang, don't be delusional, I have endured you for more than 20 years, and I have endured enough.” Wilson Su said with a smile. There was a trace of yearning for the future life in his smile.

Until the divorce certificate is in hand. Lily Jiang still couldn't believe it in her heart.

Is Wilson Su crazy? How dare to divorce her!

Why does he have such courage and qualifications.

When she saw Wilson Su driving away, leaving herself alone, Lily Jiang felt that she had lost something.

However, for her, the stronger feeling is anger and anger. For so many years, Wilson Su has followed her wishes in everything, and never dared to defy the slightest. Lily Jiang took bullying him for granted and never thought. He dared to disobey himself.

And now, with the divorce certificate in hand, Wilson Su dare to do such a thing!

An angry Lily Jiang took a taxi back to the Villa area of Yunding Mountain.

Wilson Su had arrived home early, sitting in the living room with two boxes of luggage in front of him.

“Wilson Su, you still have a bit of self-knowledge, you know that you should get fucked, you are going to go to the street to eat shit, divorce me Lily Jiang, I want you to live better than a dog.” Lily Jiang gritted his teeth and shouted at Wilson Su.

Wilson Su looked calm. Standing up, said lightly: “It’s not me who wants to roll, but you.”

“Me?” Lily Jiang laughed and said: “What qualifications do you have to let me go? This is my home.”

Wilson Su shook his head and said: “This is the Su family. It has nothing to do with Lily Jiang. Now that you have divorced me, you should naturally get out of the Su family.”

Wilson Su carried his luggage, walked to the door and threw it out.

Lily Jiang furiously stepped forward and grabbed Wilson Su’s hair, and said coldly: “You are getting more and more arrogant, Wilson Su, if my old lady doesn’t beat you, you don’t know how powerful my old lady is!”

Wilson Su’s backhand punched directly on Lily Jiang’s lower abdomen. Although men do not fight women, beating women is even more shameful.

However, Wilson Su has been oppressed and wronged for so many years, what is the point of beating Lily Jiang?

Lily Jiang was pale with pain, and she couldn’t stop shaking.

“Wilson Su. You actually...”

Before he finished speaking, Wilson Su grabbed Lily Jiang's hair and said coldly: "I, Wilson Su, have been insulted by you for so many years. It's time to be a real man, Lily Jiang, you married me because of money worship. I have no place in the Su family and despise that I have no money. So I have been beaten and scolded for so many years, do you know what kind of humiliation I endure as a man?"

"Today, you and I have been divorced. From now on, you are not qualified to point me to me anymore. You are just the stinky woman that my Su family doesn't want."

"I will tell Amelia what you have done. Even if it is Amelia, I will not let you continue in this house."

"Let me clean up and leave the house, Lily Jiang, Lily Jiang, you are such a foolish dream."

After speaking, Wilson Su pulled Lily Jiang out of the house. At this moment, Wilson Su finally felt like a man, a real man.

"Wilson Su, I will make you regret it and let you know the consequences of treating me like this. I want you to die with George Han's trash!" Lily Jiang's hysterical roar came from the door, but Wilson Su was not at all moved. He knew Jiang. Lily will definitely not be reconciled and will definitely make many retaliatory behaviors, but what about this? For him to continue to accept living with this woman, it is better to let him die.

"He Ting. Pour me a glass of ice water." Wilson Su returned to the living room and said.

Regarding the Su family's affairs, He Ting now pretends not to see it, doesn't talk too much, doesn't ask too much, and doesn't express her own opinions.

In the eyes of He Ting. Sooner or later, Lily Jiang would play with fire and set herself on fire. Although the time came earlier than she thought, it wouldn't make people feel surprised. A woman trying her best to die. How could it end well?

“Do you want to inform Amelia?” After walking to Wilson Su with a glass of water, He Ting asked more.

“I'll go to her company later to avoid Lily Jiang from going to the company to make trouble.” Wilson Su said.

He Ting nodded, and said nothing more.

Wilson Su rested for a while. He drove to the Su's company, but to his surprise, Lily Jiang did not show up here, which did not fit the woman's character.

When Wilson Su wanted to come, she should go to the company to make a big noise, and let Amelia Su help her to get her out of the Su family.

“Dad, why are you here?” Amelia Su asked suspiciously when she saw Wilson Su walk into the office. Since she was the head of the Shangchengxi project, Wilson Su has never been to the company again.

“I divorced your mother.” Wilson Su said.

Amelia Su looked shocked and couldn't believe it. Although Wilson Su and Lily Jiang often fought and quarreled, she never felt that they would divorce. Although this relationship is more often because of Wilson Su's forbearance to maintain the relationship, both Having endured it for so many years, how could he break out at this time?

“Dad, did you provoke mom? Come to me today and want me to help you with something nice?” Amelia Su asked.

Wilson Su shook his head and said, “I initiated the divorce. I have now driven her out of the mountainside Villa.”

These words made Amelia Su even more stunned. Wilson Su filed for divorce and also drove Lily Jiang out of the mountainside Villa!

Isn't Lily Jiang's current situation homeless?

“Dad, what are you doing? If you drive mom away, aren't you afraid that she doesn't have a place to live? Well, why are you getting a divorce.” Amelia Su said, looking at Wilson Su with a complaining expression.

“Do you also think that I should continue to bear it until the day I die?” Wilson Su said with a wry smile.

Amelia Su can see what kind of treatment Wilson Su is at home. It can really force him to initiate a divorce. This shows that his patience has reached its limit.

As a daughter, Amelia Su knows that she should not favor Lily Jiang alone.

“Dad, I know you have been wronged a lot, but you drove mom away, where does she live?” Amelia Su said helplessly.

“If she doesn't leave, something bigger will happen at home sooner or later, do you know what she has done recently?” Wilson Su said.

“What?” Amelia Su asked curiously.

Wilson Su took a deep breath and said, “She wanted to find someone to kill George Han, but she didn't succeed. She wanted to destroy the relationship between you and George Han, and she would never give up if she didn't succeed. You still think I am Is it wrong to drive her away?”
