

Chapter 491

In another room of the hotel, Han Li stood in front of the window with an indifferent expression. There was no news of Han Feng's search in the past two days, but in the process, he discovered Han Yan's strangeness.

For his daughter, Han Li knew very well, and her unusual behavior definitely indicated something to hide.

"Han Long. Have you noticed Yaner's situation in the past two days?" Han Li asked Han Long.

"The young lady is uneasy. The disappearance of the young master may have something to do with her." Han Long said directly. Although Han Yan's ambition has not been exposed for so many years, no one knows from her attitude towards Han Feng. Is she coveting the position of Patriarch?

Han Li took a deep breath and said, "I don't want things to be like this. Both of them are my children."

"Patriarch. You have to be careful." Han Long suddenly reminded.

Han Li's eyes condensed, he turned his head and looked at Han Long with a torch, and said, "What do you mean?"

"Patriarch, I have no intention of offending, but the young lady's wolf ambition has reached the point where she is out of control. Perhaps she is now facing a situation where there is nowhere to retreat." Han Long said, although he did not speak very clearly, but with Han Li's cleverness should not be difficult to think of what he meant.

If Han Feng's disappearance really has something to do with Han Yan, then her decision to deal with Han Li is a matter of reason.

“If the young master’s disappearance is really related to the young lady, how do you think she will conceal it, and she will be able to successfully sit as the head of the house.” Han Long continued.

“If I find out, she will live a life that will never see the sun.” Han Li finished speaking and sighed. Although he was reluctant to admit it, this possibility would indeed happen. Han Li knew very well to cover it up. One wrong thing, you need to do more wrong things, after all, he has also experienced such a choice.

“Patriarch, young lady will definitely do something recently, you must be careful.” Han Long said.

Han Li nodded. Although it was his own daughter, Han Li would not let her do anything wrong.

“I hope she will not take this step, otherwise, I will never let her go.” Han Li said coldly.

Han Long shook his head. He knew very well that Han Li’s hope was unlikely to happen, because Han Yan might have already planned how to deal with him. After all, Han Yan, who had already taken a wrong step, had no turning back.

Before dinner that night, Han Yan did a lot of psychological construction for herself. When she appeared at the dinner table, she looked like a good girl, and Han Li would not feel anything wrong.

But it was precisely because she suddenly behaved too unusually that made Han Li more alert.

In the past few days, Han Yan’s condition has been wrong, but today she suddenly recovered. This is the biggest flaw.

“Dad, I let the kitchen prepare your favorite dishes. You have worked hard these days.” Han Yan said to Han Li with a smile.

“What can I do for you? It’s hard work for you. In order to find Han Feng, you put a lot of energy into it,” Han Li said.

Speaking of this, Han Yan deliberately sighed and shook her head, and said, “It’s a pity that there has been no news about Han Feng. I don’t know where he went, Dad, do you think about what you should do next?”

“George Han’s biggest concern is Amelia Su. If he wants to use Han Feng to blackmail me, this woman is my pawn, and you can let someone catch Amelia Su.” Han Li said.

Han Yan nodded and said: “I will let people act tonight, George Han dares to move my brother, he must pay the price.”

During the chat. Han Li’s favorite dish is on the table. Han Yan helped Han Li to pick up the dishes and said: “Dad, you can taste how the taste here is different from the one made by our chef. If you like it, I Just invite this chef back to the United States.”

“It’s still your most caring thing. When would Han Feng be so considerate.” With that said, Han Li exchanged his own bowl of dishes with Han Yan’s empty bowl, and continued:” It’s better for you to eat first. You can help me taste the difference. If it doesn’t taste good, I won’t eat it. Don’t undermine the status of this dish in my mind.”

Han Yan’s expression changed, she never expected that Han Li would say so.

This dish contains strong poison, and once it is eaten, even the great Luo Jinxian will be helpless when he comes to the world.

“What’s the matter, let you taste the dishes for me, don’t you be unwilling to do this little thing?” Han Li said.

Han Yan’s face became more and more ugly, and said, “Dad. I am not feeling well today, I have a little gastroenteritis, and I am not suitable for eating.”

“That’s it.” Han Li smiled. Just as Han Yan breathed a sigh of relief, Han Long caught a hotel attendant.

“You help me taste the difference.” Han Li said to the waiter with a smile.

Although the waiter was puzzled. But in the face of such a big man’s request, how dare he refuse it.

When the waiter picked up the dishes, Han Yan hurriedly said: “Take the dishes and pour them out, let the chef come out and see what he cooks. It smells bad, doesn’t he know this? Is it my father’s favorite dish? It was so bad that he cooked it.”

The waiter shrank his head in fright. He had seen this eldest lady’s hot temper many times, and would hit someone if she didn’t agree.

Just about to put down the dishes and go to the chef. Han Li said, “Don’t listen to her, I tell you to eat, you just eat.”

“Dad, let the kitchen redo it.” Han Yan panicked.

“It’s good or not, you have to try it before you know it, so as not to waste the ingredients.” After speaking, Han Li turned his head to look at the waiter and motioned him to eat.

When the waiter saw Han Yan not speaking, he picked up a chopstick and put it in his mouth. The taste was absolutely authentic. There was no problem, but when he

just wanted to speak, a flame was burning in his body, and a sharp pain spread along the internal organs.

In less than ten seconds, the waiter fell to the floor with wide-eyed eyes, blood pouring from the corners of his mouth.

Seeing this scene, Han Yan was directly desperate.

Di Yang's first thought was to run quickly. Maybe he would still have a chance to run away. As for what kind of chase and kill he would face in the future, he had no time to think.

But just after he ran out, he was hit by a force of gravity on his back, causing him to pounce on a piece of shit.

“You still want to run? Di Yang, you are really courageous.” Han Long said with a sneer.

Di Yang is the strongest person in the Han family, but when facing Han Long, he didn't even have the courage to fight back.

“It has nothing to do with me, it has nothing to do with me, it was planned by the young lady alone, I can only listen to her orders.” Di Yang shook his head in panic, his face pale.

“Knowing not reporting it. It's a capital crime.” Han Long sneered and walked to the center of the earth, and punched him on the chest.

The eyeballs in the center of the earth bulged out instantly, and they became congested and red at an extremely fast speed, and then blood overflowed from the ears and nostrils.

The power of this punch directly shattered the heart of the center of the earth.
Caused hemorrhage inside his body.

“The strongest person in the earth generation?” Han Long smiled contemptuously,
and did not look at Di Yang more before returning to Han Li.

At this time, Han Yan was already kneeling on the ground, panicking her. Ushered
in the first regret in life.

No matter what she did in the past, Han Yan would not regret it. In her life
dictionary, there were no such two words.

But now, she is really scared. Because she knew Han Li would not let her go.

“What about your brother!” Han Li asked in a deep voice, since Han Yan had done
this, then Han Feng’s matter must have nothing to do with George Han, but Han
Yan did.

“Dad, George Han killed Han Feng a long time ago, and he forced me to kill you.
It was his fault, please forgive me.” Han Yan said.

“what!”

Han Li’s face changed drastically and stood up. Although he was worried about
Han Feng’s personal safety, in his opinion, even if Han Feng would be injured, he
was definitely still alive. As long as people were alive, it would not be a big
problem.

And now this news is undoubtedly a bolt from the blue for Han Li.

The entire American Han family is still waiting for Han Feng to inherit, but he...he
is dead!

The furious Han Li let out a loud cry, grabbed Han Yan's hair, and said grimly: "He is your brother, you even killed your own brother!"

Chapter 492

Does this matter have anything to do with George Han? Han Li knew well that with the protection of the center of the earth, how could Han Yan be threatened by George Han's control?

She killed Han Feng for the status of her own Patriarch, this is an iron-clad fact, no matter how sophistication it is, it is useless.

“Is the Patriarch so important to you? He is a close relative who grew up with you.” Han Li said with a distressed look. Han Feng is dead. He has lost more than a son. There is also a daughter, because after this incident, he will never treat Han Yan as a daughter, and the entire Korean family in the United States can no longer accommodate Han Yan.

Han Yan's hair was sore that she wanted to ask for mercy and wanted Han Li to let her go, but she knew that it would be impossible for Han Li to forgive her for doing such a thing.

Since it's useless to whisper. Why beg so hard!

“I have paid so much. Why are you going to hand over the Han family to him because of what he said? Have you considered my feelings?” Han Yan shouted at Han Li when he was crazy.

“Your value lies in helping the Han family to win over the stronger domestic power in the United States. Only in this way can the Han family be recognized by the real upper-class society in the United States, instead of letting you be the head of the family and being laughed at. Li scolded.

“Just because I am a woman, should I be laughed at?” Han Yan was dissatisfied. She was born as a daughter. This is not something she can control. She doesn't want to be restrained like this. She has the ability to prove that she is better than Han Feng. Better, and she has indeed done it, so how can she admit her fate?

“Is it a joke? It doesn’t matter if you kill Han Feng, even I want to kill. In this life you can only live a dark life.” Han Li shook Han Yan away, at this moment in his heart , Did not think about the love of father and daughter at all.

“Dad, please give me a chance. Although I killed Han Feng, it was indeed not my idea to kill you. It was George Han and he forced me to do this.” Han Yan knelt on the ground, dark. She knew very well what it meant. The Han family had an island, and that island was used to imprison all enemies with the Han family. But there are people who can’t die because of the value of use.

Han Yan knew that if she was thrown on that island, it would be a nightmare day, and those who were still alive on the island would never let her go.

“Do you think I would believe what you said? How could this kind of trash like George Han threaten you.” Han Li said disdainfully.

“It’s true. What I said is true. He has evidence that I killed Han Feng, so I have to be threatened by him. Dad, although I want the position of Patriarch, if not for him Me, how dare I kill you?” Han Yan cried.

Han Li took a deep breath. This waste and abandoned son was so bold and let Han Yan kill him.

“My pity for him, he turned out to be the capital of indulgence. This trash does not seem to understand that he has no capital to compete with me.” Han Li said coldly.

“Dad, I know I did something wrong, but I don’t want to make mistakes again, please...”

“Stop talking, I will deal with you after I kill George Han.” Han Li interrupted Han Yan.

“Originally, I still had a hint of pity for you and wanted to leave you a way out, but since you’re looking for death. I can’t blame me.” Han Li finished speaking and left the Peninsula Hotel.

Amelia Su’s life rhythm during this period of time is very normal, but in the middle of the night, she always misses George Han, and after Wilson Su and Lily Jiang divorced, the family loses another vitality, which always makes Amelia Su feel lifeless. .

But Lily Jiang would have such a result, Amelia Su was not sympathetic, she wanted to kill George Han, and also used her mobile phone to send a message to George Han. Amelia Su would never forgive Lily Jiang for this matter.

Amelia Su, who was sitting in the living room watching TV, suddenly rang. It was Harry Su who called, which made Amelia Su frowned.

In the past few days, it is not the first time that Harry Su has contacted her, and he also appeared to be pleased. He wanted to cooperate with her, which made Amelia Su feel very strange.

With the grudge between Harry Su and her, how could Harry Su suddenly release goodwill to her? So in Amelia Su’s opinion, this guy must have a conspiracy to come to him.

“Amelia, have you thought about it? The merger of our two companies is definitely a strong combination that can break new ground in Basin City.” Harry Su said.

“Harry Su, what on earth do you want to do?” Amelia Su asked helplessly, regarding what Harry Su said. She would not believe a punctuation mark.

“I sincerely want to cooperate with you. I am definitely not calculating you. If you don’t believe me, I am willing to show my sincerity and give you 50% of the company’s shares.” Harry Su said.

Fifty percent of the shares are free?

Amelia Su would not believe this kind of pie in the sky.

“I just want the Su family to grow stronger, so that grandma can also be happy in the spirit of heaven. There is absolutely no other meaning.” Harry Su continued.

At this time, the doorbell rang, and Amelia Su found an excuse to hang up. Said: “I have something to do, I’m hanging up.”

After the phone hung up, Harry Su’s face changed instantly.

If it weren’t for Shen Weng’s sudden loss of news, causing his capital chain to break, and almost unable to support the operation of the company, how could Harry Su whisper to Amelia Su?

“How about, does she still refuse to agree?” Su Yihan asked.

Harry Su gritted his teeth and said, “This bitch, you don’t even want to give her shares for nothing.”

Su Yihan said: “The person you contacted really didn’t respond at all. Why did he suddenly disappear from the world?”

Harry Su’s face was as sinking as water, and said: “I received the news that he seems to be dead, if not, how could I go to Amelia Su.”

“Dead!” Su Yihan looked surprised. If the owner dies, it will only be a matter of time before Harry Su’s company goes bankrupt. He spends most of Shen Weng’s investment money on himself, and now the company has no money at all. For the project, it is as difficult as ever to stand up in this situation!

“Harry, now there are rumors in the company that you can’t pay wages. Many people regret betraying Amelia Su. If this continues, I’m afraid the company will soon collapse.” Su Yihan reminded.

“What can I do if it breaks down, can I still go to grab the bank? If Amelia Su this bitch refuses to cooperate, I will be f*cking over.” Harry Su’s greatest hope now lies in Amelia Su, only to give this hot potato to Amelia Su. It was fine, but Amelia Su refused to accept it. For Harry Su, the situation is very difficult.

“I heard that Lily Jiang and Wilson Su have divorced, otherwise, we use this matter to spread rumors?” Su Yihan proposed.

“How to spread the rumors?” Harry Su looked at Su Yihan unclearly.

“I have a way, and Amelia Su will definitely come and beg you obediently, the most important thing for a company. But the reputation, once the reputation is destroyed, who would dare to cooperate with her.” Su Yihan smiled triumphantly.

“Okay, I’ll leave this to you. If you can help me do it, the company’s benefits will be increased for you in the future. Anyway, it is to spend Amelia Su’s money, not for nothing.” Harry Su said.

At the mountainside Villa, Amelia Su’s right face was red and swollen, and Wilson Su had been beaten to the ground immobile. Even He Ting was lying on the ground.

Amelia Su didn’t understand why these two strangers would beat others with disagreement as soon as they entered the house.

“What do you want to do, I don’t know you, why are you hitting me?” Amelia Su asked Han Li.

“You will know each other soon. You marry that trash, you are destined to be unable to enjoy yourself in this life. My son died because of him. I want him to watch his beloved woman die in front of him.” Han Li said lightly.

Amelia Su was shocked, this person came for George Han, and even wanted to kill her!

“You...are you from the Korean family in the United States?” Amelia Su guessed. Besides, she couldn't think of anyone who would target George Han.

“It seems that you are still quite clever. Yes, I am the head of the Han family, Han Li. I wanted to spare the life of that trash, but he wanted to die, but I can't blame me, call him and ask him Come back.” Han Li said coldly.

Chapter 493

George Han rents a room.

When Qi Yiyun found out that George Han had hung up, with a serious expression and anger bursting into her eyes, she knew that Han Yan must have had an accident, because now only this matter can make him treat it seriously.

“Han Yan failed?” Qi Yiyun asked.

George Han stood up, took a heavy breath, and said, “Han Li is in the mountainside Villa.”

Hearing this, Qi Yiyun stood up with a look of panic. Said: “What did he do to Amelia!”

Although Qi Yiyun likes George Han, this does not hinder her love for Amelia Su’s best friends. Although she thought about giving up this sisterhood for George Han, she would never fall into trouble when Amelia Su was in danger. Thoughts.

George Han shook his head and said, “I don’t know, but he asked me to pass right away.”

“I’ll be with you.” Qi Yiyun will go back to the room to change his clothes after saying.

“No, you stay at home.” George Han said in a deep voice. What will happen this time is unknown, if he can’t leave the mountainside Villa alive, Qi Yiyun will follow her, it will only affect her.

“No. Amelia is my sister. Something has happened to her now, how can I not go.” Qi Yiyun said.

“You dare to take a step out of the house. From now on, the Qi’s affairs have nothing to do with me, and you, never get closer to me.” George Han finished speaking and left the house straight away.

Qi Yiyun froze in the living room for a long time before returning to her senses. Although George Han’s domineering president Fan was strong, her inexplicable heartbeat accelerated.

“Only at this time, you will treat me aggressively.” Qi Yiyun sighed and sat back on the sofa.

Driving to the mountainside Villa, at the gate of the Villa area, George Han found Qi Hu with a miserable face.

“Brother George, I’m sorry, I am incompetent, I didn’t stop them.” Qi Hu said to George Han with a look of guilt.

“How are you?” George Han asked.

“It’s a little hurt, it’s not in the way.” Qi Hu shook his head helplessly, facing a master at Han Long’s level, he felt that his efforts over the years seemed to be in vain. The broken trees seemed to have become a joke, because he didn’t even have a chance to fight back.

“You take a rest first.” George Han said.

“No, I want to go with you, I can still fight.” Qi Hu said firmly.

George Han nodded and stopped talking, and the two of them moved towards the mountainside Villa.

Heaven.

Thomas Tian, who controls all the information of Yunding Mountain, sits in the living room with a serious expression at the moment. Opposite him, Tian Honghui is sitting.

“Dad, tonight, who can win between the two Han Clan is basically doomed?” Tian Honghui asked Thomas Tian with eyelids. Since the Tian Clan was forced to withdraw from the Basin City market, the Tian Clan It has almost become a transparent existence, not attending any activities, and never showing up in front of the public easily.

Such a life made Tian Honghui feel very aggrieved, but he had no choice but to face the Han family.

Tian Honghui pinned all his hopes on George Han. Only when George Han wins, can Tianjia regain its strength. If George Han loses. Not only can Basin City not accommodate George Han, but also Heavenly Family!

“But George Han, how could it be Han Li’s opponent?” Thomas Tian smiled bitterly. He didn’t look down on George Han. On the contrary, he increasingly thought that George Han was very powerful, even if he was not Han Li’s opponent. It is also a matter of reason. After all, the Korean family in the United States has developed for so many years, and only financial development cannot be contended by George Han.

Tian Honghui lowered his head in frustration. If George Han was defeated, the Heavenly Family would only be able to admit his fate.

“Don’t you even have a little chance and hope?” Tian Honghui said unwillingly.

Thomas Tian sighed and said: “Will there be miracles, I’m not sure, after all, there is no absoluteness, but how strong is the person next to Han Li. You should know that George Han is making money with Han The gap between Li Li is self-evident.

The two are not comparable at all. If they can't even win by force. Why do you think he can win? Are you waiting for God to strike Han Li?"

miracle?

Tian Honghui smiled bitterly, and there is really little hope for such a probability event to happen.

"Cloud City no longer has a foothold for the Heavenly Clan. It seems that it is time to leave here." Tian Honghui's spirit and energy are mostly languished. Although there are still opportunities for development after he leaves the Clan of Heaven, Cloud City will eventually take root. Tian Honghui still couldn't accept it when he was about to leave suddenly.

"Wait." Thomas Tian said.

Tian Honghui looked at Thomas Tian puzzled. Asked: "Dad, do you still believe in George Han? It is not so easy to create miracles."

"I believe him." At this time, Tian Linger's voice came from the stairs.

When Linger walked in front of the two of them with a determined expression on the same day, Tian Honghui said, "Why don't you go to sleep yet."

Tian Linger ignored Tian Honghui's question and said: "I believe my brother, he will be able to defeat Han Li."

Tian Honghui smiled indifferently, before Tian Linger was called Brother George Han. He thought it was a good thing. After all, George Han was able to bring certain benefits to the Heavenly Clan. This part of the brother-sister relationship, which was halfway through the monkhood, will most likely come in handy in the future.

But now, in Tian Honghui's eyes, this is more like a joke.

“Don't call him brother from now on, maybe in this world, starting tonight, there will be no more George Han.” Tian Honghui said.

Tian Linger eats Thomas Tian to death, but she is very afraid of Tian Honghui, especially when Tian Honghui looks majestic, she usually does not even dare to breathe.

But today, Tian Linger's expression is unusually firm, and said: “Dad, I will call him brother, and I will call him that for the rest of my life. If you don't believe him, I believe.”

“You...” Tian Honghui pointed at Tian Linger, not knowing what to say, and then looked at Thomas Tian. Said: “Dad, you should be aware of the consequences of not leaving as soon as possible. There are many people in Basin City staring at us. Once the situation is settled. We want to go again, but it will be difficult.”

What Tian Honghui was worried about, Thomas Tian knew better than anyone, having been in Basin City for so many years. The Tian family suppressed many opponents. Although the Tian family has now temporarily withdrawn from the Basin City market, the Han family has not released this piece of cake. The Tian family's own interests will not be affected, but after the Han family left, Basin City will surely become chaotic in an instant, and the people chosen by the Han family to support will definitely chew the Heavenly family to the point of no bones left.

But just leave like this, why is Thomas Tian willing?

At his age, he no longer has the strength to fight, and he has to run around when he grows old, and he doesn't even have a chance to return to his roots.

Thomas Tian took a deep breath and said, “I am willing to give it a try.”

Tian Honghui lowered his head weakly. Although his opinion was to leave Basin City immediately, if Thomas Tian decides to stay, he can only stay.

“I hope George Han can be worthy of your trust.” Tian Honghui sighed.

“Dad, he is my brother and will never lose.” Tian Linger said.

Tian Honghui shook his head helplessly, elder brother, he was willing to admit this before, but now, he can only pretend not to hear it, because George Han is not worthy of courting in his eyes.

“I’ll go back to sleep first.” Tian Honghui finished speaking and walked to his room.

Tian Linger sat beside Thomas Tian, holding Thomas Tian’s hand.

Thomas Tian could feel Tian Linger’s trembling slightly, smiled kindly, and said: “Don’t worry, he has gone through so many ups and downs since he was a child, I believe he will be able to pass this time.”

“Grandpa, tell me the truth, how many wins he has.” Tian Linger said.

“On the surface, there is no chance at all.” Thomas Tian said without hesitation. This is a question that does not need to be pondered at all. Han Li, that is the head of the Korean family in the United States, and there is a strong person around him. In any respect, George Han has no advantage.

Hearing this, Tian Linger’s two lines of clear tears slid down from her cheeks, crying silently.

Thomas Tian patted Tian Linger on the shoulder. Although Linger regarded George Han as his brother today, Thomas Tian knew very well that this stupid girl still loved George Han.

Chapter 494

Mountainside Villa.

When George Han appeared, the first thing Han Li asked him to do was kneel down.

“In this world, no one except my grandfather and master is qualified to make me kneel.” George Han looked at Han Li neither humble nor humble. He knew that Han Li deliberately wanted to humiliate him, but this humiliation. George Han did not accept it.

Han Li smiled lightly and said, “Why be so spineless? This is not a multiple-choice question. He can only do what I want someone to do.”

As soon as Han Li’s voice fell, Han Long walked to Amelia Su’s side, pinched Amelia Su’s neck with one hand, and lifted her up in the air.

See this scene. George Han clenched his fists suddenly.

“You have 30 seconds to consider. This will be the longest 30 seconds in your life.” Han Li said.

Amelia Su grabbed Han Ling’s hand with both hands and struggled constantly, but she did not look at George Han for help. The look in her eyes that did not fear death fully demonstrated that she did not want George Han to kneel for herself.

“You let her go.” George Han gritted his teeth and said, “You are still not a man if you attack a woman.”

“In order to achieve the goal, why care about the means? What people see is success. No one cares about how you succeed. Haven’t you heard a word, success or failure is a hero.” Han Li said.

As time passed, Amelia Su's face became more and more red, and her lips were slightly purple, apparently reaching the point of hypoxia.

“3.”

“2.”

boom!

George Han knelt on the floor with a bang, buried his head and said, “Let her go.”

Han Li smiled coldly, raised his hand, and Han Long directly threw away Amelia Su.

Han Li was not surprised by this result, because he was accustomed to controlling everything, and everything would proceed according to his original plan. This has never happened before.

Amelia Su, who fell to the ground, breathed loudly, but did not have the slightest luck for the rest of his life. Two lines of clear tears are like pearls breaking.

She knew how serious it was for George Han to kneel down.

In the Su family, George Han suffered a lot of humiliation and even was beaten without fighting back, but every time Harry Su asked him to kneel down to beg for mercy, George Han's body was as hard as steel, and he had never compromised to such a degree.

Today, he knelt down for himself.

“Three thousand.” Amelia Su shouted with a hoarse voice.

“Whenever I see a happy person dying in my hands, I will have a little pity. This bad habit really can’t be changed.” Han Li sighed and said with regret.

“But this kind of pity, forbearance will pass.”

Han Li stood up, holding the ashtray in his hand, and walked to George Han.

“If it weren’t for you, my son wouldn’t die!” After speaking, Han Li directly smashed the ashtray on George Han’s head.

Chong.

The blood that overflowed from George Han’s head instantly covered his entire face.

“Han Feng was killed by Han Yan, what does it have to do with me?” George Han said.

Han Li kicked George Han’s chest. Said: “If it weren’t for you, how could he come to this shabby place in Basin City.”

“Han Li, I didn’t send the invitation letter to my door. To get the bottom of it, Han Yan killed Han Feng and you were the one who contributed to it. Even if you want to find someone to blame, it shouldn’t be me.” George Han fell to the ground, his face covered with blood, and he looked particularly oozing.

Han Li was even more annoyed when he heard these words. He knew what caused Han Yan to kill Han Feng. Had it not been for him to suddenly hand over the handling of George Han to Han Feng, Han Yan would not have known it. The killer.

But he would not admit that this was his fault, and George Han had to bear all the factors and responsibilities.

“Do you know that you are a waste of others. Living in the world is just to discredit the Korean character. You should die by yourself, and you should not take the life of my son.” Han Li became more excited and went to George Han. before. Grabbing George Han’s collar, he looked down and said, “Why can’t you recognize the nature of your waste? Why do you bother my son.”

George Han smiled contemptuously at this crime of desire and said, “Han Li, you killed Han Feng, and I am not a waste.”

“The person closest to me is dead. Do you know how painful I am now!” Han Li roared.

George Han looked directly at Han Li and said, “Think about killing your own son by yourself. You will suffer even more.”

Han Li suddenly looked up to the sky and laughed and said: “You will soon understand my pain, I will let Amelia Su die in front of you, I will torture her to death slowly, let you watch all this. But there is nothing he can do.”

“Han Long, I haven’t seen your murder method for a long time. I want to see how long a person’s bones are broken and how long she can live.” Han Li said to Han Long.

“I also want to know whether the sound of a woman’s broken bones will be more crisp.” Han Long said with a smile and walked towards Amelia Su.

George Han stood up and said to Han Long: “If you dare to touch her hair, I want you to die without a place to be buried.”

“You?” Han Long smiled contemptuously, and said: “Before threatening me, first see if you are capable. Can you shake the world with just one mouth?”

When Han Long got closer and closer to Amelia Su, George Han knew that he had no retreat.

Whether it is Han Long's opponent or not, he must give it a try, and must not just watch Amelia Su being hurt by him!

At this time, a figure suddenly sprang from George Han's side.

It was Qi Hu. It was Qi Hu who took the lead against Han Long.

"It's a waste. It seems that the lesson I have taught you is not enough." Han Long smiled contemptuously. At the entrance of the Villa area, he just defeated Qi Hu and didn't kill him. Obviously, the lessons this guy has received are not enough.

Qi Hu is very tough in terms of strength and speed. But he went faster and retreated faster, and he didn't retreat voluntarily, but was beaten back by Han Long.

After a loud noise. Qi Hu's huge body flew upside down and hit the ground, just in front of George Han.

It seems that Han Long deliberately controlled his strength, and he was able to accurately reach Qi Hu's landing position.

This kind of power is no longer the realm that George Han can imagine.

"Do you know how far the rabbit faces the tiger?" Han Long said with a light smile.

Seeing two mouthfuls of blood spouting from Qi Hu's mouth, George Han was sure that he was not dead, so he didn't care much.

"Do you dare to fight me?" George Han said to Han Long.

Han Long is happy, how dare this trash challenge him?

“Do you know how many trash like you I will kill every year.” Han Long smiled contemptuously.

“Does one mouth shake the world?” George Han returned Han Long’s words intact, which made Han Long’s expression instantly cold.

No one had ever dared to despise him like this, but Han Li did not speak, Han Long would not accept George Han’s challenge without authorization.

“Since he is not convinced, you should convince him.” Han Li sat on the sofa and said to Han Long. To torture George Han and make him suffer, he must be convinced.

Although it was late, Han Li was not in a hurry to rest. He wanted to vent all the anger of Han Feng’s death on George Han, and let George Han know what true despair was.

Han Li felt happy when he lay on the ground like a dead dog and watched Amelia Su being tortured.

He needs George Han’s begging for mercy, and he needs George Han to show the helplessness of the weak.

After hearing what Han Li said, Han Long turned and walked to George Han.

“Patriarch gives you a chance, you should feel honored, but if you think you have a chance to defeat me, it would be ridiculous.” Han Long said lightly.

“How do you know that you won’t lose before you actually fight!” George Han said.

“Ignorant rubbish.” Han Long let out a cold voice, suddenly attacked.

George Han felt that his eyes flashed, and he couldn't see Han Long's figure at all. He was hit with a punch in the chest, and his whole body instantly lost weight and flew backwards.

Speed and strength are all beyond the range that George Han can resist. It is almost impossible to defeat Han Long.

But George Han knew that he still had a chance, as long as he could find the flaw and hit Han Long with a punch.

Chapter 495

George Han's trump card and hope lie in his strength. He believed that as long as he was given a chance, even Han Long could not resist.

But looking for opportunities in people like Han Long is undoubtedly difficult.

After the blow, George Han fell to the ground and did not move. He didn't want to waste a bit of his strength. Since it was the only chance, he must give Han Long a fatal blow.

"This is just a punch, so you just fell to the ground and can't get up?" Han Long walked to George Han. The expression of disdain on his face made no secret of it.

"Are you tickling me?" George Han gritted his teeth and stood up unsteadily.

As soon as he stood firm, Han Long kicked it.

At the same position, with the same strength, and with the same ending, George Han flew out again, this time hitting the wall with a crash, giving people the illusion that the entire Villa was shaking.

Seeing this scene, Amelia Su, who was already in tears, suddenly walked up to Han Li. Kneel on the ground: "Please, let us go, don't hurt him again."

Han Li smiled faintly and said, "Is this kind of waste also worth your heartache?"

Amelia Su Lihua shook her head in the rain and said: "He is not a trash. He is my husband, please, if you want to kill me, kill me now, as long as you can let him go, I will do anything. do."

"You are willing to die for him, his rubbish is worth it?" Han Li frowned and asked. He knew the situation in Basin City very well. Although the Su family is not

a big family, Amelia Su is the old cloud. The number one beauty in the city, she can marry a wealthy family as long as she is willing.

But in the end she chose to marry George Han and other trash garbage.

Han Li originally thought that Amelia Su had a compelling reason, but now Amelia Su was willing to die for George Han, which made him very confused.

In the past, Amelia Su was really forced to marry George Han, but now, Amelia Su regards George Han as her husband and lover. Her love for George Han is not false. As long as she can make George Han safe and sound, it will be dead. Amelia Su is also willing.

“I love him. It’s worth doing anything for him.” Amelia Su squatted her head deeply and said: “Please. Kill me, let him go, don’t hurt him again.”

This kind of sincere love is enviable to most people, but Han Li is very annoying, because he has never owned something, how can others be qualified to have it, especially George Han this kind of waste.

Han Li glanced at Amelia Su boredly, kicked her away, and said coldly, “Is it useful to beg for mercy? You will die, and he will die too. I will make your death very painful.”

Amelia Su crawled on the ground in despair. She didn’t want George Han to be harmed, but she was powerless to stop Han Li. She could only watch this happen.

When Amelia Su saw George Han who was beaten again vomiting blood, her heart was almost broken.

For so many years, what George Han did for her, she didn’t even have the chance to repay, and she hadn’t even had a real relationship with George Han.

At this moment, Amelia Su's heart was full of regret, she hated herself for not taking the initiative anymore, if she took the initiative, even if she died, she would have no regrets.

In fact, Amelia Su was already active enough, but George Han was too careful. But at this time, Amelia Su didn't blame George Han at all, but complained about herself. It was enough to see how deeply she felt for George Han.

No matter who was wrong, she was more willing to take responsibility on her own.

“George, if we can survive, I will give myself all to you, and I will never let myself regret it again.” Amelia Su looked at George Han, and the crystal clear tears kept falling.

When George Han's Yu Guang saw Han Li kicking Amelia Su, the hostility in his heart suddenly rose.

He once said to protect Amelia Su from any harm. If you can't even make this promise, how can you be qualified to say that you are a man!

“I haven't even used half of my strength. Do you still think you have a chance to win?” Han Long said to George Han.

“Didn't you see that I haven't taken action yet?” George Han grinned and said, his body pain seemed to be torn apart, but he knew that he could not fall, otherwise not only would he die. Amelia Su will die too.

“You don't even have a chance to shoot. Otherwise, I'll give you a chance to let you try your abilities?” Han Long laughed, and the strength of the two differed by several grades. As long as he wants, George Han can't even touch a single hair.

“I'm afraid you will be beaten to death by me, do you dare?” George Han deliberately asked aggressively. It is almost impossible for him to get close to Han

Long and make effective attacks based on his own ability. , So he needs Han Long to stand and be beaten, only in this way can he exert his full strength.

Only when the situation was played against Shan Qing again, could George Han win.

“Punch me to death?” Han Long couldn’t help laughing, as if he had heard an international joke. Said: “Boy, where did you have the courage to say this? But I can punch you to death, do you want to try?”

“Don’t you dare to let me hit?” George Han sneered, with disdain in his eyes.

After Han Long lost his hands, he looked like a master and said: “Today I want you to convince yourself, come on, even with your full blow, I want you to clearly feel the gap between me and me. “

Seeing Han Long fooled, George Han was overjoyed. This is an opportunity, an opportunity to reverse the current situation, as long as Han Long is killed, Han Li will not be afraid.

The reason why George Han is still not Han Long’s opponent after he has a strong power is because he only strengthens a single aspect of his power, and he has no time to adapt and strengthen his body skills. If he is given a certain amount of time, Even if it is to confront Han Long head-on, it is not impossible.

George Han knelt down slightly, ready to go like a cheetah.

Han Long smiled contemptuously, and said: “Don’t pretend, the power of ants, no matter how long you save, it is also an ant. Do you still want to bring down an elephant?”

“Whether it can be brought down, I will know soon.” George Han gritted his teeth, he must show the limit of his strength after this punch. If Han Long does not fall, then he and Amelia Su are dead today.

Amelia Su looked at George Han nervously. This was the only chance he could make a move. If he could really defeat Han Long, today’s ending would be different.

Han Li saw Amelia Su’s thoughts. With a smile on his face, he said, “Put hope on this kind of waste. The only feedback you can get is despair. For Han Long, his punch is not even a tickle.”

Han Li is very confident in Han Long. Because he knows Han Long’s strength very well, this is a real war fighter, even after many years of retiring from the military, he still maintains daily high-intensity training and his muscle strength. It has almost surpassed the limits of human beings, unless a hot weapon, ordinary people can’t hurt him.

Amelia Su didn’t speak. Compared with Han Li’s disdain for George Han, she was more willing to trust George Han, because George Han never let her down, and George Han could do all the things he promised.

On the other hand, Qi Hu, although he was unwilling to accept the fact of defeat, he knew that he must be dead today. Even if Han Long gave George Han a chance to attack, George Han could not really cause a fatal blow to Han Long.

Even his power might not hurt Han Long. How could George Han do it?

“Brother George, I don’t regret going down the mountain with you. Even if I die, Qi Hu will bear it.” Qi Hu said to George Han.

George Han grinned and said, “I didn’t let you die, do you dare to die?”

As soon as the voice fell, George Han kicked his legs on the ground, his figure sprang out like lightning, his speed reached his limit, and all his strength was brewing in his right fist waiting to erupt.

Han Long smiled contemptuously and said: “In my eyes, your speed is like an old woman’s crutches, slow. Can you hurry up? I’m already impatient.”

“Go and die!” George Han shouted violently, bullying himself in, and swiping his right fist towards Han Long’s chest with the whistling wind.

Chapter 496

The nervousness of Qi Hu and Amelia Su is in sharp contrast to that of Han Li.

Han Long was still holding his hands behind his back. In his eyes, there was no George Han. For a weak person like this, he didn't even want to lift his eyelids.

Han Li was sitting on the sofa with an old god, with a slight smile on his face. Soon, Amelia Su would despair. George Han would know the gap between him and Han Long, but George Han's tenacity still surprised Han Li.

When he couldn't help but compare Han Feng with George Han, he had to admit that George Han was much better than Han Feng. If Han Feng could have half of George Han's ability, let him inherit the position of Patriarch. , Will definitely make the Han family grow stronger.

"It's a pity that you are just a branch and abandoned son. Even if you have real skills, but you are born humble, you will be a servant for the rest of your life. This is fate. You have no choice but to accept your fate." Han Li said lightly.

Amelia Su's heart raised her throat, and she clenched her fist unconsciously, cheering for George Han in her heart.

"Boy, do you have this strength?" Before his fist came, Han Long slapped George Han contemptuously.

The arc of George Han's grin is getting bigger and bigger, this guy will pay the price for his arrogance right away, even if his fighting ability is stronger than Shan Qing, but he is not an undefeated golden body after all, and his heart is everyone's most vulnerable The place is absolutely unable to withstand gravity.

"Today next year will be your anniversary!" George Han said.

boom!

Due to the fist, Han Long did not evade and slammed George Han one punch.

In an instant, time seemed to freeze.

Han Long's eyes widened, his pupils filled with incredible shock.

“George Han, you know how wasteful you are now, and your punch for so long has no harm to Han Long.” Han Li couldn't wait to mock.

at this time. Han Long retreated violently, withdrew from a distance of more than ten meters, and stopped after almost approaching the corner of the wall.

“It's really surprising that you can still stand.” George Han smiled lightly.

Seeing this scene, Han Long's eyes condensed, and Han Long was actually pushed back so far by his strength, which is enough to show how powerful George Han's punch is.

This waste is so fierce! Even Han Long can't take his strength?

“Han Long, how are you?” Han Li's breathing was a bit short, and he asked Han Long nervously. This is the strongest of the Han family. If he is injured because of this, it will not only be a huge blow to Han Li, but Even the entire Korean family in the United States will be affected by this.

For a large family, in addition to wealth and status, there is another point to have a strong, money, status and force. Although the Korean family in the United States has a tyrannical character, it is Han Long that supports it. The existence of the Han family strength value!

Just as Han Long wanted to talk, he opened his mouth. An unquenchable fishy smell forced from his throat.

Puff... The

blood mist bloomed in front of Han Long like a blooming rose.

Han Li's expression changed. This waste actually hurt Han Long. How could this be possible! How can he compare with Han Long!

"George Han, what insidious trick did you use!" Han Li gritted his teeth and asked George Han.

George Han smiled faintly, and said, "I didn't make any tricks, but he couldn't hold my strength, and he had to pretend to be forced. This is the price."

"Humph." Han Li snorted coldly and said, "Yes . You really surprised me by hurting Han Long, but then, you will never have a chance to shoot again."

George Han looked at Han Long's slowly bloodshot eyes. He couldn't estimate how much damage the force of the punch had caused to Han Long, but he is now. Absolutely uncomfortable.

"Do you think there is something next?" George Han said lightly.

As soon as the words fell, Han Long fell to the ground with a bang, bleeding from his ears, nose, mouth and eyes.

Han Li ran to Han Long in a panic.

He thought that Han Long had suffered minor injuries. Unexpectedly, Han Long suddenly fell down, which made him incredulous.

“Han Long, how are you!” Han Li asked.

Han Long was able to stand and retreat, relying on his own willpower to support him. He knew very well what damage George Han’s punch caused him. The whole heart was almost shattered. This punch was deadly!

He could have killed George Han like an ant, but it was because he didn’t put George Han in his eyes. Only giving him a chance to shoot will lead to such consequences.

Han Long regretted it very much, he did not expect that he would die in such a humiliating way!

But when things got to this point, what good would he regret?

Han Long shook his head weakly, and finally closed his eyes.

Han Liru was struck by lightning and stood blankly on the spot. He never expected that things would suddenly evolve to this point.

He never even thought that George Han’s trash could actually kill Han Long with one punch!

At this time, Qi Hu walked to George Han in shock. Said: “Brother San...George, you, you actually beat him to death!”

Qi Hu knows the strength of Han Long, and also knows the distance between George Han and Han Long. He has no shots against George Han. Give me a little hope, but now, the facts before him are completely different from what he imagined.

Punch!

George Han killed a strong man like Han Long with just one punch!

“I said, I won’t let you die, you are not qualified to die.” George Han smiled faintly. He is not surprised that there will be such a result. As long as Han Long gives him the opportunity to shoot, he can guarantee Han Long. There is no chance to stand up.

This punch was more powerful than when facing Shan Qing, and George Han felt faintly. Even so, it is not the limit of the power he has now.

Where is this limit, he needs to slowly test.

“George, how are you. Are you okay.” Amelia Su Lihua ran to George Han with rain. When George Han was beaten just now, her heartache was so hard to breathe, it felt like someone was holding a blade in her heart. Cut off with one knife after another.

A gentle smile appeared on George Han’s face. Hold Amelia Su tightly in his arms.

Just now Amelia Su knelt down and asked Han Li to let him go. George Han saw all of this. As long as Amelia Su cares, all the efforts are worthwhile.

“I’m fine. It’s just a minor injury. You go back to the room to rest first, and I have to deal with something.” George Han said to Amelia Su.

Amelia Su stubbornly shook her head and said: “I don’t want to avoid these things. I know what you want to do. I can accept it. I am your woman. If you don’t even have the ability to bear this point, how can you deserve to be your wife.” “

George Han smiled helplessly, this sentence moved him very much, but for an ordinary person, murder is a mental obstacle that is difficult to overcome. George Han is afraid that Amelia Su will have nightmares.

“I will not leave, you will not drive me away, you will not leave me if you beat me, I will stay by your side forever until the day I die.” Amelia Su continued without giving George Han a chance to persuade him, her attitude is very Strong, beyond doubt.

George Han nodded, and said, “Then you can take a good look and see what the real me is like.”

“En.” Amelia Su has made all the preparations. She knows that as long as she believes that George Han is her husband, she must accept everything about him.

When George Han walked towards Han Li, Han Li’s expression was obviously panic when he had no support.

With Han Long’s protection, Han Li can do whatever he wants, but now that Han Long is dead, it is obvious that he cannot compete with George Han by relying on his personal ability.

“What do you want to do?” Han Li asked George Han.

“Now that you are here, do you think you can still go out alive?” George Han said without emotion.

Han Li gritted his teeth and said, “I am the head of the Korean family in the United States. I think you should know how powerful the Korean family in the United States is. Don’t you leave yourself a back road?”

“Back?” George Han smiled contemptuously, these two words were like poison to him, he never dared to think that he had a future.

“When I was twelve, I knew that there was no future in my life, so I had to sharpen my head and move forward.”

Chapter 497

“Yenching’s form is really ridiculous when you compare it to the United States.” Han Li said with disdain. In his bones, the United States is a big country, and China Development, even one tenth of the United States, can’t compare with George Han. The comparison between Qian Na and the two can only show his ignorance.

After hearing this, George Han really laughed and said, “Who is more ridiculous. Facts have proved that China is no longer the previous China, and it is only a matter of time before it becomes a superpower. You may have come back long ago. You will know how stupid you are after seeing the great mountains and rivers and development of China.”

Han Li didn’t care about Huaxia’s situation for many years, because after Han Tianyang left, he demarcated Huaxia and the United States. Every Korean family who stayed in the United States wanted to see Han Tianyang’s jokes. Naturally, we don’t think how well China can develop.

I have to say that in this regard, the Koreans in the United States are very ignorant. Their impression of China is still decades ago, and they are unwilling to see China’s current changes.

“Do you have the guts to kill me? You know that after I die. What will the Koreans of the United States do to you? Do you dare to use your fate as a gamble?” Han Li said.

“When I was twelve years old, I had no choice but to kill people, because I knew that in order to become strong, I must sweep away all the enemies in front of me. That night was indeed very difficult for me. I was scared, God When it rains and thunders, I can only squat at the door of my house, hoping that the rain can wash away the blood on my body, but since that night, I understand a truth, damn people, never stay, the Han family can’t give it to me, I can only use it The bones under my feet pile up my own glory.”

“Everything I have needs to be obtained by my own efforts. The young master of the Han family in the eyes of outsiders is just a character that even my servants look down upon.”

“Since they look down on me, I can only use my own efforts to impress everyone.”

“Fate is mine. Luck is also mine. If you say it, it doesn’t count, the Han family says it doesn’t count. Even if God said it, it doesn’t count.”

“Only I, George Han, will count.”

Han Li stared at George Han with breathlessness. Until this moment, he didn’t realize how much he underestimated the young man in front of him. His unwillingness, resentment, and fighting spirit have shaped a heart against the sky. It seems all No obstacle can stop him from moving forward.

why!

Why would such a person appear in the Han Family instead of the American Han family?

If he can replace Han Feng’s existence, why can’t the US Han family become a super aristocrat in the US?

Unfortunately, there is no if in this world.

George Han will not be a member of the Korean family in the United States, and Han Li cannot witness the future of the Korean family in the United States.

When George Han walked towards Han Li, Han Li felt like death was approaching, and he had to retreat.

Forced to the corner, Han Li couldn't retreat, and said to George Han: "You can't kill me, I have countless opportunities to kill you, but I didn't kill you. Isn't this love worthy of you? Leave me alone?"

"The consequence of being kind to the enemy, I don't need to tell you more, let you go. Isn't it letting the tiger return to the mountain?" George Han said lightly.

Han Li couldn't refute this sentence, as long as he left the mountainside Villa, he would definitely find a chance to deal with George Han.

Moreover, the existence of George Han has greatly threatened the Korean family in the United States. If he continues to develop, the Korean family in the United States may become his stepping stone in the future, so as long as he lives, he will definitely find a way to kill. George Han.

"I'm very curious, why didn't you kill me." George Han asked. He believed Han Li's words before, but after contacting Yanjun, he also felt that Han Li's excuses were very far-fetched. He did not put Hillwood City Han's family at all. In the eyes, how can he think of the so-called blood relationship without killing him?

This question changed Han Li's expression significantly, and even George Han developed a trace of fear in his pupils.

Where does the fear come from!

Could it be that there is someone hiding behind Han Li? This person is not allowed to die?

"There is no why." Han Li said firmly.

George Han frowned and walked in front of Han Li. Reaching out and pinching Han Li's neck, he said, "I'll give you one last chance. As long as your answer can satisfy me, maybe I can give you a way to survive."

Han Li smiled sadly, how could he believe this?

George Han had decided to kill. No matter what he said, he couldn't escape death.

“Do you think I am a three-year-old child?” Han Li said.

“Then you are going to die.” George five fingers suddenly used force, only hearing a click, he snapped Han Li's neck abruptly.

The Patriarch of the Korean family in the United States would never dream that the trip to China would be the last trip in his life.

George Han put the question in his mind for the time being. He didn't know what Han Li was concealing, but Han Li didn't say it, so he could only rely on him to investigate it slowly. As long as this matter exists, it will surface sooner or later.

“The news of Han Li's death cannot be let anyone know.” George Han said to the four people in the Villa.

Although Wilson Su was injured, his face was pale, not because of the injury, but because of George Han's methods of killing, his own useless son-in-law was so tough, how could he endure such a powerful man? What about the humiliation in the Su family for so many years?

Wilson Su will naturally not be clear. In George Han's life, forbearance is almost something he must do every day. From the age of twelve, he will not expose his true self in front of anyone.

“Three thousand, don't worry, we will never disclose this matter.” Wilson Su stood up hard and said.

He Ting was very scared because she had seen another side of George Han, but she would never tell anyone about this matter, even her daughter.

No matter what the true side of George Han is, for He Ting, he is the benefactor after all. If it weren't for George Han, she would not have a job, her daughter's troubles, and it would be impossible to solve it so easily.

In any case, He Ting still holds a grateful heart for George Han.

“Brother George, how do you deal with the bodies of these two people?” Qi Hu asked when he walked to George Han's side.

“I will let Mo Yang handle it, and I can't be discovered by anyone.” Finished. George Han took out the phone.

Tianjia Villa area.

Thomas Tian and Tian Linger were still sitting in the living room. Although it was late at night, they were not sleepy.

At this time, Tian Honghui, who said he was going to bed, came to the living room again, tossing and turning on the bed and couldn't fall asleep. As long as you close your eyes, you are full of images of the mountainside Villa.

He doesn't believe in George Han, so he is very worried about what the Heavenly Family should do next.

He thought that leaving Basin City at this time was the best choice, but Thomas Tian and Tian Linger obviously would not agree.

“Dad, there is still a chance to leave now. Are you really going to put all your bets on George Han?” Tian Honghui said in a very helpless tone.

Thomas Tian glared. Said: “People of our generation are all about falling leaves and returning to their roots. You want me to run away now? What's more, it's not without chance now.”

“Opportunity?” Tian Honghui didn’t dare to laugh at Thomas Tian’s thoughts, so he could only say with a wry smile: “Dad, is there any chance. Don’t you know in your heart? What kind of person Han Li is, based on George Han’s current ability. How could it be his opponent? If Han is given three thousand years, I believe he may be able to fight Han Li, but now, besides a dead end, does he have any other choice?”

Tian Linger retorted with a dissatisfied expression: “Dad, you are not my brother, how can you know that he is unable to deal with Han Li, maybe Han Li is dead in his hands now.”

Tian Honghui bowed his head, the two of them seemed to be fascinated by ghosts, and they believed George Han so much.

George Han does have an excellent side that is rare for young people, but this kind of excellence also scores comparisons. In front of Han Li, his excellence is simply worthless.

“Don’t call him brother in the future, he is not qualified.” Tian Honghui said.

Tian Linger gritted her teeth. Although there are no permanent friends in the business field, she loves George Han and she is willing to treat George Han as her brother for the rest of her life.

At this time, Thomas Tian’s telephone ringing suddenly rang.

Chapter 498

When Tian Linger and Tian Honghui were wondering who was calling Thomas Tian in the middle of the night, Thomas Tian suddenly got up from the sofa with excitement.

It is not difficult to find that Thomas Tian's whole body is trembling, as if he has had Parkinson's, and his face is gradually reddening, as if he suddenly took a stimulant.

“Dad, what's wrong with you.”

“Grandpa, who called you.”

Looking at the caller, the three words George Han were displayed. Thomas Tian was so excited that he couldn't speak, and kept pointing his cell phone.

The two of them were even more puzzled. What kind of situation was it worthy of Thomas Tian's excitement to such an extent that they could not even speak.

“Yes... it's George, it's George Han!” Thomas Tian flushed, and finally suffocated a word.

The movements of Tian Linger and Tian Honghui were surprisingly consistent, and they stood up from the sofa.

When they saw that the caller ID was indeed George Han. Can't help but breathe.

“It's really brother, he is calling grandpa now, has he solved Han Li!” Tian Linger said with a surprised expression.

Tian Honghui was so shocked that he didn't know what to say.

In his eyes, George Han had a dead end. He didn't feel that George Han had the slightest hope of surviving.

But now, George Han actually called, what's the situation!

“Don't be too happy. This call may be from Han Li. Our heavenly family may be harmed by George Han.” Tian Honghui said. He thinks this is more likely. It's not that you look down on George Han, but when faced with this matter, no one can believe George Han. After all, Han Li is the head of the Korean family in the United States, and the strength of the bodyguard next to him cannot be imagined by ordinary people.

Thomas Tian sank his heart, answered the phone, and pressed the PA building.

“Master, call me in the middle of the night, aren't you afraid to make my elderly apprentice unable to sleep?” Thomas Tian deliberately pretended to be awakened.

“Little old man, the property of the mountainside Villa is a member of your heavenly family. Although you have withdrawn from the Basin City market, the people here haven't changed. Don't you know what's going on here? You still want to sleep?” George Han Said lightly.

Thomas Tian, who was seen through, looked embarrassed and had to say: “Master, I am not worried about you, so I can't sleep.”

“Don't talk nonsense, let your people turn off all the monitoring in the Villa area and all the security guards evacuated.” George Han said.

Thomas Tian swallowed unconsciously and asked, “Master, you... have you solved the problem?”

“What is the trouble, am I in trouble? Nothing happened in the Yundingshan Villa area tonight.” George Han finished speaking and hung up the phone directly.

Thomas Tian trembled even more severely. Although he had hope for George Han, he knew very well how slim this hope was.

Now that George Han really created a miracle, even Thomas Tian couldn't believe it.

He did it!

He really did it!

“Quickly, Honghui, call the people in the Villa area, immediately turn off the monitoring and evacuate all the people.” Thomas Tian said to Tian Honghui excitedly.

Tian Honghui took out his mobile phone in a hurry.

Tian Linger raised her pink fist and said with a smug look: “I knew that my brother would not lose. He is George Han, how could he be defeated by Han Li, such an old thing, how could it be me? Brother's opponent.”

Thomas Tian smiled helplessly and said, “Don't praise it. Although we don't know what happened, this matter is not easy for George Han.”

After a pause, Thomas Tian continued: “But the miracle he has created is indeed worthy of amazement. He grasped 0.1% of the chance. It is really hard to imagine what happened.”

“It doesn't matter what happened, the most important thing is that we don't have to leave Basin City now.” After Tian Linger finished speaking, she deliberately glanced at Tian Honghui.

Tian Honghui looked embarrassed, from beginning to end, only he was unwilling to believe in George Han. Only Tian Linger and Thomas Tian had a firm attitude.

Now it seems that they can continue to stay in Basin City, but it is the grandfather and grandson both.

“Dad. Do you want me to call him brother? Is he qualified?” Tian Linger asked Tian Honghui on purpose.

Thomas Tian did not stop Tian Linger from making things difficult for Tian Honghui, because he knew that in Tian Honghui’s heart, he had always had opinions on George Han, maybe he was not very optimistic about George Han, so he took this opportunity to let him. It is also good to recognize and admit the facts.

Tian Honghui said with an ashamed look: “It is true that I underestimated him, but I am not worried about his qualifications. I am worried about your qualifications.”

George Han is able to deal with Han Li, and the Korean family in the United States is not even talking about it. It may already be part of his life plan. It is unimaginable how high the status of George Han will be in the future, but Tianjia will be being imprisoned in Basin City forever, the status gap between Tian Linger and George Han will grow wider, and Tian Linger will become less and less qualified.

“Humph.” Tian Linger wrinkled his nose. With a cold snort, he said, “My old brother is not as powerful as you. He also told me that he should always protect me.”

“I hope so.” Tian Honghui sighed.

“Honghui, you don’t want to be a gentleman. George Han is a person who keeps his promises. He will never break his promise. When you know more about him in the future, you will understand him. Why is it worth trusting?” Thomas Tian said.

“Dad, I was really wrong about this matter. I shouldn’t underestimate him, but it is still unknown whether this big tree he is now can let us enjoy the shade in the future.” Tian Honghui worried.

“Why, do you still want to use him to grow the Heavenly Family? How far do you hurry and throw this kind of thinking, have you forgotten the consequences of using him last time?” Thomas Tian yelled, he would not take George Han Thousands are used as tools. What kind of development the Tianjia can make depends on its own strength, and whether it can get out of Cloud City is also Tian Honghui’s responsibility. It must be a dead end to use George Han to follow a crooked way.

After Tian Honghui thought of the situation last time, he felt nervous. He said quickly: “Dad, don’t worry, I will never think about it again.”

“I’m going to go to Meimei’s to sleep. Tomorrow I will find my brother to invite me to dinner.” Tian Linger smiled and returned to her room.

When Thomas Tian walked to Tian Honghui. He patted him on the shoulder and said: “Don’t be unwilling to admit that George Han is excellent, and don’t compare yourself with him. People in this world who are qualified to be compared with him are not in your turn.”

Thomas Tian’s words caused Tian Honghui to lower his head in an instant. It is undeniable that he did compare himself with George Han, and sometimes even hoped that George Han would fail when facing the Korean family in the United States, because this was the only way. , He has the capital of self-comfort.

But now, Tian Honghui recognized the reality. As Thomas Tian said, compared with George Han, he couldn’t even make the number.

“Dad, can he become a big figure overlooking the world?” Tian Honghui couldn’t help asking.

Thomas Tian smiled without saying a word, and went back to his room.

Mountainside Villa.

After all the surveillance was turned off and the security personnel evacuated, George Han asked Mo Yang to take the people and secretly send the bodies of Han Li and Han Long away. This matter was unknowingly, no one knew, Yunding Mountain The Villa area is like nothing happened.

Amelia Su took George Han's hand and said, "You can go home now, let's go to remarry."

"There is one more thing. I will go home after I have handled it." George Han said with a smile, and was finally able to go home. This is something that George Han has long expected.

He hadn't thought that things would end in this way, but the result was good and didn't care about the process.

Amelia Su nodded and said: "I'll be waiting for you."

After George Han left the Villa, Amelia Su couldn't take care of it very late, so she called Shen Lingyao.

"You dead woman, interrupting my rest in the middle of the night, even if you are my boss, you can't infringe on my private time." Shen Lingyao said dissatisfied.

"Yaoyao, do you know where there is a homestay in Basin City? It's better to be a quieter place." Amelia Su asked.

"Why are you looking for a homestay?" Shen Lingyao wondered.

“I’m going to remarry George. I’m looking for a homestay to return all the money I owed him for more than three years, so I must be quiet and not be disturbed.”
Amelia Su said without embarrassment.

Chapter 499

After hearing these words, the confused Shen Lingyao instantly became sober and sat up from a lying sleeping position.

“Suddenly, what happened?” Shen Lingyao asked curiously. The divorce during this period of time was so tormenting for Amelia Su. Shen Lingyao all saw it in his eyes. She also hoped that the two could quickly remarry and come together again, but this It happened without warning. Let her wonder what is going on.

“The matter is very complicated, you can help me find a good place, don’t ask more about the others.” Amelia Su said.

Shen Lingyao suddenly laughed and said: “You owe more than three years of time. How many times have you gotten back to him? Can you bear it?”

Amelia Su’s face was reddened, although a little embarrassed. But since she has decided to call Shen Lingyao, it means that she has given up.

“Help me find it quickly, don’t talk so much nonsense.” Amelia Su said.

“Yes, yes, my chairman Su. Don’t worry, the place I found for you will definitely satisfy you. Can this little thing stump me?” Shen Lingyao patted her chest and promised Tao.

In the Peninsula Hotel, Han Yan sat sluggishly beside the bed in her room. When Han Li realized that she was going to kill and saw through this incident, Han Yan’s world had collapsed. She knew that she was not on top. Miss Han from the United States, she will definitely be thrown on that island when she returns to the United States, and the nightmare days will accompany her death.

This result was unbearable for Han Yan, but she was unable to change.

If there is a choice, Han Yan may not kill Han Feng. As long as Han Feng does not die, she will not fall to the end of being thrown on the island, although she cannot become the owner of the house. But the identity of Miss Han's family was no one moved.

Unfortunately, it was too late, and she had no chance to regret it.

Two lines of clear tears slipped from the expressionless cheeks, and after Han Yan reached out and wiped them, a sneer appeared on her face.

"I can't escape, you can't escape, at least I can still live, and you will definitely die." Han Yan said lightly, you are George Han in her mouth, in her opinion, George Han must be dead. Now, there is absolutely no chance of survival.

But as soon as she was talking to herself, the door of the room was kicked open, and the person standing at the door was George Han, who she thought would die.

George Han stood up and said in surprise, "It's you, why did you come to the Peninsula Hotel!"

"Do you think I am dead?" George Han walked to the room with a smile.

Many possibilities burst into Han Yan's mind, but these possibilities are completely broken because of a name.

Han Long!

As long as Han Long is there, George Han cannot survive. And the possibilities she thought could not exist.

But... But now George Han is standing in front of him gracefully, just looking pale, what is going on!

“Are you a ghost?” Han Yan asked.

George Han couldn't help laughing, but he could understand Han Yan's mood, even he himself felt that it was a miracle to survive.

“A ghost has no shadow.” George Han said, pointing to the shadow cast by the light on the ground.

Han Yan frowned and was very puzzled. She couldn't think of any possibility that Han Li would let George Han go, but if Han Li hadn't let him go, how could he appear at the Peninsula Hotel?

“Don't guess, Han Li was arrested by me. As long as you are willing to listen to me obediently, I can make you the head of the Korean family in the United States.” George Han said lightly.

Han Yan laughed contemptuously when she heard this, and said: “George Han, you are quite bragging. With Han Long's skill, you can beat a hundred rubbish like you, you dare to pretend to arrest my father. .”

Seeing Han Yan's disdainful attitude, George Han took out his mobile phone. Threw it directly at her.

This move was sudden, but Han Yan responded promptly and barely caught the phone.

The screen of the mobile phone is a picture. Han Li and Han Long are kneeling on the ground and held by each of them. Although they both lower their heads, Han Yan can be absolutely sure that this is indeed Han Li and Han Long.

This surprised Han Yan into disbelief. The eyeballs are almost falling out.

She thought George Han would die, but now she has arrested Han Long and Han Li. How could this be possible?

With Han Long's skill, how could he be caught by George Han!

Could it be that George Han is surrounded by someone who is more powerful than Han Long?

This is impossible, absolutely impossible!

If there is such a strong person around him, he should have taken action long ago. How can you wait until now?

"How did you do it!" Han Yan asked George Han short of breath.

"How I did it has nothing to do with you. You just need to know that Han Li is in my hands. He can't return to the U.S. for the rest of my life as long as I want to, and now the head of the U.S. Han family is yours." George Han said lightly.

Han Yan never thought that things would suddenly take a turn like this. She thought that the rest of her life would be in darkness, but she did not expect the dawn of George Han!

She saw hope, but she also knew very well that this hope was under George Han's control.

This means that even if she becomes the head of the Han family, she will be restrained by George Han.

Becoming a puppet of such waste is definitely not something Han Yan wants.

“Don’t think about it, you have no other choice, and if you are dissatisfied with me. This position, I give you, I can also take away, and I can guarantee you. You will die very miserably.” George Han said lightly.

“What have you done to my father!” Han Yan asked.

“Don’t worry, he is not dead. After all, this is my bargaining chip to threaten you. I will let him live well. If one day you become disobedient, I will let him return to the United States.” George Han said.

How can Han Yan rest assured?

If Han Li died directly, she could rest assured that George Han would not have the capital to threaten her.

but now. Her throat will be choked by George Han forever. Whatever George Han asks her to do, she must do what she has to do, otherwise the position of Patriarch will be taken away because of Han Li’s appearance.

“What good will he do to you when he returns to the United States? Do you really think you can be so lucky every time?” Han Yan said with a sullen face. She can’t compromise on this matter, and she can’t obey George Han forever. .

“It is indeed dangerous to let the tiger go back to the mountain, but after the brainwashing of the tiger, what else can it do besides performing the fire-jumping?” George Han smiled faintly.

Han Yan’s face was even more ugly. Although she didn’t know what method George Han would use to deal with Han Li, she knew that George Han must have already planned.

Unexpectedly... Unexpectedly, such an opponent who was despised by her could now control the future of the entire Korean family in the United States!

“My dad should kill you directly, otherwise he won’t fall into this field.” Han Yan said.

“Miss Han, you are saying this to me now, do you know how dangerous it is to you? I still have evidence that you killed Han Feng in my hand. This matter is known to the people of the Korean family in the United States, you It’s hard to go back.” George Han said with a smile.

Han Yan took a deep breath. She knew that she had no choice at all in the situation she was facing. Only by following George Han’s arrangement could she get what she wanted.

But Han Yan also knows the price to be paid.

“You want me to be your puppet?” Han Yan asked.

George Han looked thoughtful, then shook his head and said, “It’s just a dog.”

Han Yan’s face sank, the word puppet was already a great humiliation to her, and George Han only regarded her as a dog!

She is the eldest lady of the orthodox Han family, and George Han is just a branch and abandoned son!

“George Han, what right do you have to treat me as a dog!” Han Yan said through gritted teeth.

George Han walked in front of Han Yan, stretched out his right hand, and tightly squeezed Han Yan’s chin. Due to excessive force, Han Yan’s expression changed with pain.

“Han Yan, do I have the qualifications, don’t you see it clearly? Now your destiny is in my hands. I want you to be a dog. What will you do to resist? Is it to die or

return to the U.S. to be the head of the family? Know how to choose?" George Han said coldly.

Chapter 500

As the Han family eldest, the arrogance in Han Yan's heart does not allow her to bow her head to George Han.

But she wanted to become the Patriarch, this was her only choice, even if she looked down on George Han in her heart, she still thought that he was just an abandoned son of the family and came to waste, but there was only one way before her.

"I listen to you." Han Yan lowered her head and said, as long as she returned to the United States. She was able to figure out a way to get rid of George Han's control, so the compromise in front of her was not a compromise, but just a temporary concession.

What kind of person Han Yan is, George Han knows very well, she is willing to bow her head so easily, she must have a plan in her heart.

The Korean family in the United States will be a stepping stone for George Han. And Han Yan will bring him extremely unstable factors.

"Betraying me, there is only one dead end, if you want revenge, want to get rid of my control. I advise you to think about what will happen to you when Han Li returns to the United States." George Han reminded.

Han Li has already decided Han Yan's fate, which is why she felt desperate before.

However, George Han's remarks are not a serious threat to Han Yan. Han Yan still thinks that after returning, she can compete with George Han, and even think of a way to make Han Li lose his position in the family, as long as the clansmen hate him. Han Li, even if Han Li returned to the United States, it would not help.

"Don't worry, I never thought of revenge." Han Yan said.

George Han sighed, dealing with this kind of femme-minded woman is really not a worry-free thing. He clearly knew that she was untrustworthy, but George Han was helpless, so he could only take one step at a time.

“The first thing I want you to do is to help the Qi family tide over the difficulties, is it okay?” George Han ordered.

The trouble facing the Qi family is indeed very serious for the Qi family, and there is even the possibility of annihilation.

But for the Han family, it was a trivial matter. As long as the Han family comes forward, the Qi family’s crisis can be solved.

“No problem, I can assure you that the Qi family can develop better in the American Chinese area.” Han Yan said.

“I hope you can remember what you said, otherwise, I will make your life worse than death.” George Han said lightly.

After leaving the Peninsula Hotel, George Han was going to the rental house.

“Brother George, why didn’t this woman just be killed?” Qi Hu asked George Han puzzledly. He could feel Han Yan’s inner dissatisfaction. This woman would never be as obedient as she seems, so he I feel that only by killing can we really solve this trouble.

“Hey.” George Han sighed and said: “It is indeed better to kill her, but her chess piece is too useful. Her presence can help me reduce a lot of trouble, so even if I know she is one A time bomb, I can’t let her die.”

Qi Hu doesn’t understand these doorways. For him, there is only one way to solve the problem, and that is violence.

“Brother George. It turns out that the world under the mountain is so complicated.” Qi Hu sighed.

“What you see now is just some very superficial things, really complicated, I advise you not to understand, otherwise, your mind will blow up.” George Han said.

Qi Hu scratched his head with a look of embarrassment, and said, “Brother George, are you saying I’m stupid?”

“You are very smart.” George Han smiled and continued: “Go back to the Demon Capital, your injury is not light.”

Qi Hu stayed where he was, with a look of confusion. Did George Han really praise him for being smart, or did he think he said he was stupid and self-aware?

After thinking for a long time, Qi Hu didn’t have an affirmative answer. He shook his head helplessly and muttered to himself: “People under the mountain. People don’t understand what they say. No wonder Master is reluctant to go down the mountain for a lifetime.”

When he arrived at the elevator apartment, George Han was downstairs in the residential unit, and he did not enter the elevator for a long time.

He can feel Qi Yiyun’s affection for him. Today, he and Qi Yiyun will end this period of living together. For Qi Yiyun, there must be a lot of dissatisfaction, and will even completely damage this woman.

To be honest, George Han still couldn’t bear it, but he had no other choice but to do so.

Upstairs at home.

Qi Yiyun has been in fear since George Han left. I was so nervous that my palms kept sweating.

She knew exactly what level of power Han Long was, and even from the moment George Han stepped out of the house, Qi Yiyun felt that George Han was dead, but she didn't want to admit this fact.

She didn't know what was happening in the Mountainside Villa. She could use Donghao to find out the news. She didn't do that either, because she was worried about receiving some unacceptable information, so she would rather sit at home and ignore things outside the window. Waiting.

Maybe ten days. Perhaps half a month, even more than a year, Qi Yiyun would rather wait at home without knowing anything.

Her feelings for George Han have long evolved from a good feeling to a deep love. The more contact with George Han, the more she will be conquered by George Han's charm, and George Han's charm lies in his Amelia Su's deep love.

This is a fatal blow to Qi Yiyun, but it is also what she desperately desires. She hopes that she can replace Amelia Su and become the one who is loved by George Han.

But she knew very well that this kind of thing would never happen, and even if it did, George Han's charm actually changed.

During this time, Qi Yiyun has been living in contradictions.

At this time, the sound of the key opening the door came from the door.

Qi Yiyun clenched his fists unconsciously. Looking at the door with shortness of breath.

When the door opened and George Han walked in, Qi Yiyun's two lines burst into tears, and he stood up and ran to George Han. Embrace it.

George Han did not make any gestures to comfort Qi Yiyun after his hands were negative, and Qi Yiyun was extremely passive in contact with him.

When Qi Yiyun cried for a long time. George Han couldn't help but said, "Want to know what happened?"

Qi Yiyun let go of George Han, wiped the tears on his face, and asked, "Han Li didn't kill you, but Amelia. Was Amelia injured?"

"Amelia is safe." George Han said.

"How could Han Li let you off suddenly? Did he change his mind and want to use you to establish his own power in China?" Qi Yiyun asked in confusion.

"Why do you think Han Li let me go, not that he can't deal with me?" George Han said with a smile.

Qi Yiyun rolled his eyes to George Han. How could Han Li be unable to deal with George Han? The bodyguard Han Long next to him is a very famous master in the entire American Chinese area, and even claims to be unbeatable. Some dissatisfied families have not sent people to fight against Han Long, but without exception, they have been defeated by Han. Some of Long's men were even directly killed by Han Long.

It can be said that Han Long's status was all punched out with his fists. People in the Chinese area in the U.S. knew this well, and Qi Yiyun naturally understood it very well.

"You brag in front of me, do you want me to admire you more?" Qi Yiyun said with a narrowed mouth.

“If you can, I would rather you hate me.” George Han smiled.

The topic gradually tended towards emotional problems. Qi Yiyun knew that if she went deeper into this topic, she would definitely be rejected by George Han, so she shifted the topic cleverly and asked: “What the hell is going on, you can talk about it.”

“Didn’t I have made it very clear, Han Li can’t deal with me.” George Han said.

Qi Yiyun sat on the sofa helplessly, with Erlang’s legs tilted, the curves of his s*xy legs were exposed to the air, but George Han didn’t even look at it.

“If Han Li can’t deal with you, wouldn’t you be able to step on the head of the entire Han family in the U.S. With your old saying, wouldn’t you be able to save Qi family from fire and water?” Qi Yiyun said lightly.

“It’s okay to step on the head of the Han family in the United States, but not now. Han Yan is willing to be a dog for me in order to be the head of the family. Therefore, the troubles of your family are solved. As long as you follow Han Yan back to the United States, she will naturally Will help you handle all the affairs.” George Han said.

Qi Yiyun couldn’t help laughing, but after seeing George Han’s serious expression, the laughter gradually subsided, and her expression also became serious.

“You...what you said is true, didn’t you kid me?”
