

His True Colour Chapter 561 - 570

Chapter 561

Zhuang Tang's words surprised Gong Tian. He didn't expect that Zhuang Tang's evaluation of George Han would be so high.

"Master, if it were not for me to take it lightly, he would definitely not be my opponent." Gong Tian said unconvinced.

Zhuang Tang smiled contemptuously and said: "Think about your strength before entering Apocalypse, and compare him again, you will understand the gap."

After a pause, Zhuang Tang continued: "He is the only person who has not entered the Apocalypse in the past ten years, but has such a strong strength. Can you imagine how fast his strength will grow after he enters the Apocalypse?"

This sentence left Gong Tian speechless. If he compares his strength with George Han before entering the Apocalypse, it is completely incomparable. At that time, he was in front of George Han, and he was probably an ant. That's it.

"Master, but it is not ruled out that this is the limit of his potential. Perhaps even if he enters the Apocalypse, he cannot become stronger." Gong Tian said.

"Does it make sense to deceive yourself like this?" Zhuang Tang said with disdain.

Gong Tian bowed his head feebly, he didn't want to admit that George Han was better than himself. But now, this seems to be an irreversible fact.

"As long as the master takes action, it should be no problem to kill him." Gong Tian said.

"Of course it's okay, but if Tianqi knows about this matter, neither of us will escape death. Moreover, there is no hatred and no grudges. I will kill him. This matter, I

can only notify the top of Tianqi and let them decide George Han. What should be done.” Zhuang Tang figured it out. He can’t take the risk with his body. The big deal is to lose some money. There is no need to commit such a taboo. In case of a little carelessness, he has no chance to regret it.

Gong Tianxin was unwilling. In the arena, he treated George Han as a waste, but if George Han entered the Apocalypse, then he would become a real waste. This contrast in status made him unacceptable, but Zhuang Tang’s The decision is not something he is qualified to change.

The next day, Zhuang Tang and Gong Tian left Nangong’s house without leaving any words, because this matter requires a decision made by the top leaders of Tianqi, so Zhuang Tang must first go back and notify the matter.

“Grandpa, what’s the matter, they just left?” After sending the two away, Nangong Falcon asked Nangong Boring in confusion.

The person who could stand beside Nangong Bo Ling before was Nangong Yan. And now that he has changed to Nangong Falcon, this change of status seems very realistic, but this is also the normal state of the Nangong family. Whoever has the ability can get the attention of Nangong Boring.

Nangong Boring smiled faintly and said, “Who are the people who run errands in the company?”

Nangong Falcon frowned, aren’t the errands just some ordinary employees? How could he suddenly mention this kind of thing.

“Grandpa, what do you mean?” Nangong Falcon asked suspiciously.

“Imagine that level as a company, and Gong Tian runs errands for the company.” Nangong Boring laughed. Gong Tian’s silent departure did not worry him, but made him happier, because it explained Han The weight of three thousand is no

longer something Gong Tian can decide. He must leave to allow people with higher status to decide this matter.

I have to say that Jiang is still old and spicy. Nangong Falcon never thought of the existence of this possibility, because he had subconsciously regarded Gongtian as a great figure in the sky, and only in the position of Nangong Boring could he be able to do better. Deeply understand the meaning of the saying that someone is outside.

That level is far away, Gong Tian's identity is very powerful for them, but in that circle, he may be just a low-level existence.

After understanding the meaning of Nangong Boring. Nangong Falcon suddenly realized, but his heart became more disturbed. The more attention George Han received, the more he felt that he could not control George Han.

At this time, Nangong Boring suddenly sighed. Obviously, only George Han can make the Nangong family stronger. Even if he is now under the command of Nangong Falcon and threatened by Nangong Falcon, this threat cannot always exist. , When George Han reached a certain height, the threat of Nangong Falcon had no meaning.

For Nangong Boring, it was the best way to make George Han a member of the Nangong family. Unfortunately, George Han rejected him as everyone's face.

However, this does not mean that Nangong Boring will have no chance.

Nangong Boring has never seen anyone who doesn't love money. As long as George Han realizes the benefits of being rich, I believe he will be obsessed with it.

Back to the castle. Nangong Boring found George Han.

“If you still want me to change my surname, I advise you to dispel this idea. I was born as a Han family and died as a Han family ghost.” George Han said lightly.

“No, I just want to ask you for a favor. The Nangong family has some troubles in the business in the U.S., and I hope you can help me solve it.” Nangong Boring said.

America?

Hearing these two words, George Han thought of Qi Yiyun subconsciously, and didn't know how this woman is now. With Han Yan's help, Qi's troubles should have been resolved.

“Nangong Falcon and Nangong Yan are your grandsons. Shouldn't you let them solve the Nangong family's affairs?” George Han said.

“The abilities of the two of them are not enough to solve this trouble. Although I don't know what Nangong Falcon threatened you with, as long as you help me solve this matter, I can also help you.” Nangong Boring said, the trouble of the United States is right. As far as the Nangong family is concerned, it can be solved by just sending one person. The reason why Nangong Boring let George Han come forward is not to solve the trouble, but to let George Han enjoy the rights and life brought by money. , Only in this way, he might stay at Nangong's house willingly.

of course. Nangong Boring's real mind is to train George Han to become the head of the family.

In the past, Nangong Yan was the best homeowner choice in Nangong Boring's mind, but compared with George Han, Nangong Yan was dumped more than ten streets. There is no comparison between the two.

Nangong Boring doesn't care about George Han's impure Nangong family bloodline. He only wants to see the Nangong family truly stand on the top of the world during his lifetime, and no one can choose except George Han.

"What you said is true?" George Han said. If Nangong Boring can really help him rescue Han Nian, a trip to the U.S. is nothing.

"Of course it is true. In my case, I believe that Nangong Falcon will definitely not dare to disobey." Nangong Boring said.

"A word is definite." George Han said.

Nangong Boring laughed. The life of a truly rich person is easy to indulge. It is a kind of unscrupulous profligacy. No one can escape the magic of money.

However, Nangong Boring underestimated George Han. For George Han, the prosperity of the world was no match for Amelia Su with a wintry smile. Of course, now we have to add a Han Nian.

When Nangong Boring informed the rest of the Nangong family that George Han had been sent to the United States, Nangong Falcon's lungs almost exploded. Obviously, the task Nangong Boring gave to George Han was not easy. This made it clear to train George Han.

"Nangong Falcon, you didn't expect that your dog would be so valued by Grandpa. It seems that your paternal position will be taken away by him in the future." Nangong Yan found Nangong Falcon for the first time. As the saying goes, the enemy's enemy is a friend, and now they are both threatened by George Han at the same time, so in Nangong Yan's opinion, he should join forces with Nangong Falcon to deal with George Han.

“He dare.” Nangong Falcon gritted his teeth. He didn’t believe George Han really dared to do this. After all, Han Nian was still in his hands, and the position of Patriarch was the only factor that could guarantee Han Nian’s survival.

“Dare I don’t know, but don’t you know why Grandpa sent him to America?” Nangong Yan said.

“I don’t want to talk nonsense with you.” After speaking, Nangong Hayato planned to go to George Han, and he had to force George Han to refuse this matter.

But as soon as he walked out of the room, he ran into Nangong Boring head-on.

“Grandpa.” Nangong Falcon lowered his head and shouted.

“Are you going to find George Han?” Nangong Boring asked.

Nangong Falcon did not dare to speak. At this time, Nangong Yan walked to Nangong Bo Ling and said, “Grandpa, leave it to me about the US affairs. After all, George Han is a foreigner.”

“I warn you two, if anyone makes trouble for George Han during his visit to the United States, I will never be merciful. If you want to get out of Nangong’s house penniless, you can try it.” Nangong Boring Sternly said.

Chapter 562

Nangong Bo Ling's words made Nangong Yan and Nangong Falcon very clearly aware of how much he values this matter.

Nangongyan and Nangong Falcon never expected that the competition for the inheritance of the Patriarch would suddenly add another foreigner, and he was still a foreigner who could make Zhuang Tang admire.

This was an almost fatal blow to them.

After Nangong Bo Ling left, Nangong Yan said to Nangong Falcon: "You don't dare to move him, the position of Patriarch can't fall into the hands of a person surnamed Han."

Nangong Falcon sneered and said, "If you want to deal with him, you can try. Grandpa's words are very clear. You want to be kicked out of Nangong's house. Don't pull me into the water."

"Nangong Falcon, did you give in? Have you thought about the consequences of the Nangong family falling into the hands of George Han?" Nangong Yan said coldly. He didn't dare to act rashly alone. To deal with George Han's affairs, he could only work with Nangong Falcon. When necessary, he could also transfer the responsibility to Nangong Falcon. His wishful thinking was very delicate, but it was a pity that Nangong Falcon was obviously Not fooled.

"I know what's in your mind, don't treat me as a fool." Nangong Falcon said disdainfully.

"We are brothers, and George Han is just an outsider, shouldn't we join hands at this time?" Nangong Yan said without giving up.

“Brother?” Nangong Hayato laughed and said, “You didn’t do anything about stabbing a knife in the back. Now you have the face to mention the word brother to me, Nangong Yan, it seems you are really shameless.”

Nangong Yan gritted his teeth. As the youngest of the three sons, he used many methods to please Nangong Boring. Because of this, he will be especially valued by Nangong Boring. What he has done before cannot be covered up. , But now, in his opinion. These grievances can completely become clouds of the past, because the most important thing is to deal with George Han, and Nangong’s family cannot be left in George Han’s hands.

“Grandpa’s thoughts, you should be very clear, you don’t need to remind you again, you should think about it yourself, otherwise, you can only be a dog for George Han.” After Nangong Yan finished speaking, he left directly. He didn’t need to talk to him. Nangong Falcon continued to struggle. He believed that after Nangong Falcon thought about it, he would naturally come to him.

Nangong Falcon was naturally unwilling, and he would never want to see the position of Patriarch in George Han’s hands.

But what Nangong Boring said just now was very clear, and Nangong Falcon knew that Nangong Boring was definitely not joking, and he would never break his words. Once his grandpa found out that he was conspiring against George Han behind his back, there was a great possibility that he would be swept out.

However, he couldn’t make Nangong Falcon face this matter calmly.

“George Han, your daughter is still in my hands. I don’t believe you dare to compete with me for the position of Patriarch.” Nangong Falcon gritted his teeth.

Before George Han left Nangong’s home, he was called to the study by Nangong Boring.

In the entire Nangong ancient castle, the study in Nangong Boring is a forbidden place, and most people are not qualified to enter, but can be called to the study by Nangong Boring. It must be highly valued by him. For example, Nangong Yan, he took the incident of entering the study as his glory.

However, George Han would not feel like being proud. For him, the study and the cottage. There will not be much difference, one office, one work.

“This card is my secondary card. It is not a problem if you want to use it to swipe airplanes and cannons to set off fireworks. As long as it is something you can buy with money in this world. It can do it for you.” Nangong Boring handed it to I bought a three thousand bank card from Han. The card is made of a special material with the word Nangong bronzing on it. There is no account number on the face of the card, but there is a string of very strange symbols.

“Give me so much money. Don’t you be afraid that I will spend it indiscriminately?” George Han asked with raised eyebrows.

“I’m afraid you spend too little.” Nangong Bo Ling said with a smile.

“In this case, I’m not welcome, don’t worry, I will definitely make good use of this card.” George Han put the bank card away.

“I have another request. During this period, you cannot return to Basin City. Otherwise, the agreement between us will be invalidated.” Nangong Boling said.

George Han frowned. He originally planned to take this opportunity to return to Basin City to see Amelia Su. It was so good that she was relieved, but she never expected Nangong Boring to make such a request.

“Why?” George Han asked.

“There is no why, you abide by my request, I abide by the agreement between us, is there any problem?” Nangong Boring asked strongly.

George Han’s heart sank. The biggest chance to save Han Nian today is to rely on Nangong Boring, so in the face of this request, George Han had to follow.

“No problem, but during this time, I don’t want to be threatened, especially Nangong Falcon.” George Han said.

“Don’t worry, I won’t let Nangong Falcon do this.” Nangong Boling promised.

After leaving the study, there was already a car waiting for George Han outside the castle. After getting in the car, he headed for the airport.

America.

Chinese district.

After Qi Yiyun returned to the Qi family, with the help of Han Yan, the Qi family’s troubles were resolved, and now he has joined hands with the Han family to start a business, which is already second only to the Han family in the Chinese area.

It can be said that Qi Yiyun is today. There is no trouble or trouble. The only thing that makes her feel worried is that there are too many suitors. She has been very tired to deal with it, because those men are no match for the one percent of the Prince Charming in her heart.

“Yiyun. Why are you in a daze again?” Qi Donglin walked up to Qi Yiyun and asked with a smile on his face. Before Qi’s troubles were resolved, Qi Donglin was broken. He did not expect Qi Yiyun to return to China. He was able to have such a good relationship with the Han family and solved all the troubles easily.

After Qi Yiyun returned to God, she shook her head at Qi Donglin. The time she feared most was when she was free. As long as she has nothing to do, George Han will involuntarily think of her in her mind.

She had heard about Amelia Su's pregnancy and giving birth to a daughter, and she knew that Han Nian had been kidnapped, but George Han had never appeared before such a big event, which made Qi Yiyun very worried.

Qi Yiyun knows how much George Han loves Amelia Su. Now that the serious incident of his daughter being kidnapped has not allowed him to go back, it shows that he must also be facing very big trouble now. Otherwise, with George Han's character, how could he just sit back and watch. Rationale. Is it too late to show up?

"Nothing." Qi Yiyun said, shaking his head.

"Nothing? Since you came back, you have been sitting in a daze frequently. Your mother and I have guessed whether there is a boy you like?" Qi Donglin asked. Qi Yiyun's current stage is exactly the period when love is nourished. , But in the face of countless admirers who followed, Qi Yiyun never had to look straight. This can only show one possibility, that there is already someone in her heart. Therefore, those suitors will not be put in the eyes.

Qi Yiyun's expression flashed a little panic. She liked George Han's things. She hid it so deeply that she didn't dare to let Qi Donglin know. After all, George Han was a man with a family background. She was worried that her father would blame her when he knew it.

"No, there is no boy you like, Dad, if you are in a hurry, go fishing. Don't you like fishing?" Qi Yiyun said.

"Dad is someone here." Qi Donglin sat next to Qi Yiyun and exclaimed: "I used to have a stage like you. When I wanted to like your mother, I didn't want to eat tea

and didn't want to see her. I could only be in a daze. I miss her, but what's the use of just thinking? You have to take action. If I hadn't taken the initiative back then, there would be no you now."

"Dad, I don't want to hear your love story. Don't show your affection in front of me." Qi Yiyun said helplessly. As a single dog, it is self-evident that this kind of dog food thing is so heartbreaking. Moreover, it is even more difficult for Qi Yiyun to accept the dog food sprinkled by his parents.

"Fine, no show, there will be an auction the day after tomorrow, if you are bored, you can go and see. I heard that a mysterious figure appeared on the scene, and he is still a big man." Qi Donglin said.

Chapter 563

Qi Yiyun shook his head uninterestedly. This kind of auction would have no meaning to her, that is, those people show off their wealth, and the so-called big people, Qi Yiyun can't even take any interest.

All her thoughts have been devoted to George Han, and it can be said that she doesn't bother to look at it with the straight eyes of men other than George Han.

"By the way, remember to dress nicely, in case you like that big man." Qi Donglin reminded.

Qi Yiyun silently said in her heart how it is possible, no matter what kind of big person, she can't like it.

Qi Yiyun knew that he was already obsessed with George Han. This was a fundamentally wrong thing, but knowing that it was wrong, Qi Yiyun was hopelessly willing to make mistakes again and again. She never even thought about repentance, even if this matter was destined to have no good results, she still wanted to find a chance to try again.

On the day of the auction, the bored Qi Yiyun still went, but she dressed very plainly, wearing a peaked cap, just like an ordinary woman, thrown in the crowd will not be deliberately seen, especially the pair of glasses, cover up She has a majestic beauty.

"Yiyun. Why did you dress up like this?" When Qi Yiyun's mother Ouyang Fei saw her, she was not angry and said with a complaint on her face.

"Mom, isn't my dress quite normal?" Qi Yiyun doesn't think there is a problem at all, but rather at ease, because this way he doesn't have to accept the obsessive eyes of those men.

Ouyang Fei turned her head and stared at Qi Donglin, and said, “Did you not explain clearly to Evian, there is a big man who is about to appear today.”

Qi Donglin smiled bitterly, why didn’t he make it clear? He even gave Qi Yiyun a special explanation. It’s just that Qi Yiyun deliberately sang against him.

“This is your daughter, don’t you know what her personality is? If I hadn’t talked more about her that day and asked her to dress up more beautifully, maybe she wouldn’t dress like this.” Qi Donglin said.

Qi Yiyun’s appearance in such a dress is indeed a factor that Qi Donglin deliberately urged, this is the rebellious psychology.

Ouyang Fei sighed helplessly, and said, “My dear daughter, do you know how many people came to this big man today? Look at those beautifully dressed women, which one is not holding the The thoughts of a big man came from, you tell me that you are much more beautiful than these women, why don’t you give your mother a sigh

“Mom.” Qi Yiyun took Ouyang Fei’s hand affectionately, and said, “No matter how big this big figure is, what does it have to do with me. Moreover, our Qi family doesn’t have to cling to these powerful people now.”

After cooperating with the Han family, the Qi family does not have to deliberately try to please others, but this time the big man is different, and there are even rumors that it is because of his arrival. The entire Chinese area in the United States will be turbulent, which has to be taken seriously by Ouyang Fei, but she also knows Qi Yiyun’s character. It is impossible for her to change her mind.

“You, you. Let my mother say what you are, the boss is not young, don’t you think about it for the future?” Ouyang Fei said helplessly.

Speaking of this question, Qi Yiyun quickly changed the subject and said: “Mom. The auction is about to begin. Don’t talk about these disappointing topics. If you have anything you like, tell me and I will give it to you.”

Ouyang Fei smiled bitterly with a trace of relief, if it wasn’t for Qi Yiyun. The Qi family’s troubles cannot be resolved now, and they are not even qualified to participate in the auction, let alone bidding.

Now Qi family has such a situation, but Qi Yiyun did it, so for this daughter. Ouyang Fei could hardly jump out of the thorn.

“If you don’t bring my boyfriend back, Mom can only arrange a blind date for you.” Ouyang Fei said.

Qi Yiyun was so scared that Qi Yiyun didn’t dare to make a difference. She didn’t even have time to deal with those suitors now, so she didn’t have the mind to go on a blind date.

After the auction started, a very strange phenomenon appeared on the scene. No one was paying attention to the auctions on the stage. Instead, everyone’s eyes were looking around, as if looking for someone, even Qi Donglin and Ouyang Fei.

.

Qi Yiyun knew that they were looking at the so-called big man. This made Qi Yiyun a little curious about what kind of people can affect the hearts of these people. You must know that the people who can sit at this auction are all big figures in the Chinese district. And all of them have a lot of money.

Is it really a very powerful character? Otherwise, how could it have received so much attention.

At this time, outside the auction hall, George Han appeared alone, without even a bodyguard around him, he looked very low-key, and his clothes were simple, from top to bottom, without a famous brand.

For the security guard, this kind of person is absolutely not qualified to enter, but when he just reached out to stop, George Han took out an invitation letter and almost didn't scare the security guard to fall.

Opening the golden invitation letter, the security guard said tremblingly: "Han, Mr. Han. You are here."

"It's late?" George Han frowned, sighed and said: "It's all because the hotel bed is so comfortable, otherwise, you won't oversleep."

During the time in the center of the earth and the Nangong family, George Han lived in a very poor environment. So when he suddenly rested in a comfortable environment, he slept for a long time without realizing it.

"Can I still go in now?" George Han asked.

The security guards trembled with fright. For such VIPs, they would come whenever they wanted, and they would come whenever they wanted.

"Yes, yes, of course, Mr. Han, please come with me." The security guard said repeatedly.

"Then trouble you." George Han said politely.

The security guard looked flattered, and he saw a lot of such rich people. Most of them are arrogant and defiant, but this Mr. Han gives him the feeling that he is extraordinarily approachable, not at all domineering of those rich people.

Sure enough, the real big shots are unassuming.

“Mr. Han, at today’s auction, there are many items released by China. If you like, you can go to the backstage to have a look. Pick out the ones you like.” The security guard said to George Han.

George Han smiled faintly and said, “This is not in line with the auction process. Will it break the rules?”

“No, of course not. For guests like you, Mr. Han, we will naturally have a special way. The boss specially reminded me that as long as you come, you can give you privileges.” The security guard said. . Naturally, he dared to say it only under the direction of the boss. Otherwise, how could he have the privilege to give George Han preferential treatment?

“No, money is used for spending, I’m still the same as others. Let’s follow the auction process, whoever has the strength will bid.” George Han smiled and said, before the change, maybe he will go backstage , After all, it is an item released by China. The bidding can also be sent back to China, and it can also save a lot of money.

But now, George Han still holds Nangong Boring’s bank card, since some people are willing to be taken advantage of. He didn’t spend fiercely, wouldn’t he be sorry for the kindness of Nangong Boring?

The security guard could not understand the mentality of a rich man like George Han, but he could feel George Han’s wealth and wealth. Perhaps, this is the real rich man! This not only caused the security guards to sigh repeatedly, although the rich people appeared in the auction house today, their aura was still far from George Han.

“Mr. Han, you are different from everyone else.” said the security guard.

“Oh?” George Han asked with interest: “What’s the difference?”

“More money.” The security guard said with a smile.

Hearing this, George Han also laughed. Not only did he have money, but he didn’t need to spend his own money. This kind of feeling was beyond the experience of outsiders.

Spending other people’s money, pretending to be forced, and only George Han can experience the fun.

“I love to hear what you say. This is a tip for you.” George Han happily took out some cash, of course, the money is also from Nangong Boring.

The security guard took over in shock, which was more than his three-month salary, which not only made him admire George Han more.

Chapter 564

When George Han appeared in the auction room, his image was not paid attention to. Those who looked around would not think about him again after a glance at most.

After all, George Han doesn't look like a big man in his current dress, and what they think of as a big man must have a lot of playing cards, how could he not even have an assistant.

Because everyone's mind was not on the lot, it led to a lot of unsold auctions. This situation was not expected by the auctioneer, and some high-level officials could not help but become anxious in the background.

And Qi Yiyun. It is treated like a joke. The auctioneer has raised the topic of big shots in order to make the lot more competitive, but who could have thought that this would be the result.

"Mom, doesn't your neck hurt? What else are you looking at? Maybe that big man didn't even want to come." Qi Yiyun said helplessly to Ouyang Fei.

"Hey." Ouyang Fei sighed, the purpose of her coming today. It was also for the sake of seeing the big man, now it seems that hope is going to be lost.

"This young man looks at Miansheng, unlike in the Chinese quarter, is he a big man?" At this time, Qi Donglin saw George Han and couldn't help but wonder.

Ouyang Fei directly shook her head, denying this possibility. Said: "Which one do you think the big man appears on the scene is a person, not even a bodyguard or assistant."

Qi Donglin nodded in agreement, and said, "That's the truth, but this person looks good and has an extraordinary temperament."

Qi Yiyun is not interested in any man other than George Han, so even if Qi Donglin said so, Qi Yiyun didn't bother to turn his head and take a look.

Seeing Qi Yiyun had no response, Qi Donglin couldn't help sighing.

He looked for his son-in-law and didn't have any requirements for the other party's family background. Even if George Han didn't look like a rich man in his eyes, he didn't mind, as long as Qi Yiyun liked it, even a beggar. Qi Donglin can also become a young man.

"Daughter, don't you really take a look? This is much more handsome than those who pursue you." Qi Donglin said unwillingly.

"Don't look." Qi Yiyun refused without hesitation. She just expected Qi Donglin's remarks to deliberately arouse her idea, so she didn't even look back.

Qi Yiyun knows. Qi Donglin and Ouyang Fei now want her to get married right away.

Of course, it is not impossible to get married, as long as the other party is George Han, Qi Yiyun doesn't even have to think about it. Unfortunately, how can this kind of thing happen?

At this time, Ouyang Fei couldn't help but glanced at George Han more, and then she found out that this man who looked inconspicuously. Indeed, the more you look at it, the more flavorful it is. Whether it is temperament or appearance, it is all superior, if he is not dressed very low-key. It definitely shines.

"Daughter, look, this person is really good." Ouyang Fei couldn't help saying.

Qi Yiyun's eyes were about to cut through the sky, and the two old men wanted to find someone for her. It's really fortunate to sing one and one harmony.

“Mom, what do you think of this necklace, I will buy it and give it to you.” Qi Yiyun said, changing the subject.

“If you miss this village, you won’t have this shop, don’t you believe it, Mom’s eyes,” Ouyang Fei said.

Qi Donglin also added fuel to the fire at this time, saying: “If you were the first to board by others, if you regret it, don’t blame us for not reminding you.”

“Don’t worry, I won’t blame you.” Qi Yiyun raised the bid. The necklace that is being auctioned is not bad, as a gift to Ouyang Fei.

Ouyang Fei and Qi Donglin looked at each other helplessly, and sighed at the same time.

Both of them knew in their hearts that Qi Yiyun had someone in his heart. That’s why he didn’t put other men in his eyes, and according to Qi Donglin’s guess, Qi Yiyun is likely to like the person Basin City worked with her, but that person already has a family background.

At this time, there were already other women walking towards George Han, taking a catwalk, looking like they obviously wanted to seduce George Han.

A blonde girl with a hot body. When she sat down next to George Han, a scent came out, and this perfume smell obviously has a special attraction to men, even George Han could not bear it. She took two deep breaths.

“A big man like you. Are you all alone when you go out? Is it too low-key.” The blonde said softly to George Han.

George Han looked at himself up and down and said, “I dress so low-key, do you see that I am a big man?”

“My eyes are very powerful. You can tell at a glance that you are a rich man.” The blonde said with a smile, and lowered her clothes a bit, revealing a piece of her chest.

“Hey.” George Han sighed and said, “It’s true that the security guard here is my relative, so I was able to get in. In fact, I have no money, just come to join in the fun.”

The blonde heard this. The expression changed in an instant, no longer tender, but full of coldness.

She also tested whether George Han was a big man, and if he was, then she made a profit, even if she didn’t, there would be no loss.

Now that George Han personally denied his identity, the blonde would naturally no longer be interested in him.

“Wasting my time.” The blonde said angrily.

Seeing the blonde girl getting up to leave, George Han said, “Don’t worry. Sit down and let’s communicate.”

“Huh.” The blonde snorted coldly, and said, “What can I do to communicate with a poor ghost like you? My time is very precious, how can I waste it on someone like you.”

“Beauty, you can’t talk like this, I’m sitting here, you came to me on the initiative.” George Han said with a smile.

The blonde sneered and said, “I just missed it. Do you toads really want to eat swan meat?”

“I don’t know if it is swan meat, but there should be a lot of people who have eaten it?” George Han said.

The meaning of this sentence is very straightforward, and the blonde girl’s face is even more cold after hearing it. She did have relationships with many men, but it was definitely not the trash in front of her who was qualified to tease her.

“Believe it or not, I will let you leave here with a broken leg. Your security relatives can’t keep you.” The blonde threatened.

George Han nodded. Said: “I believe it, I believe it, I’m scared, I’m really scared. Please let me go.”

The blonde smiled triumphantly, and said: “It’s good to know that I’m afraid, I don’t care about you as a crap.”

After speaking, the blonde turned around and returned to her position.

George Han scratched his head. The current lot doesn’t interest him, but since it’s not about spending his own money, he doesn’t have to think about saving, and the auction doesn’t mean much. It’s purely to keep waiting. waste time.

George Han stood up and said loudly, “Excuse me, can you pack your things here?”

The auctioneer on the stage looked at George Han with a puzzled expression. I have only heard of food packaging, but I have never met anyone packaging it at an auction.

“Sir, what do you mean?” the auctioneer asked George Han.

“Isn’t it clear enough? Let’s put it this way, how much money I need to spend to buy all the things from today’s auction, is it clear enough?” George Han said with a smile.

The auctioneer looked dumbfounded and thought, “This person is not here to make trouble.”

He has never encountered such a thing in auctions for so many years.

“Sir, this is not a place for joking, please sit down.” said the auctioneer.

As soon as he finished saying this sentence, a scolding voice came from the auctioneer’s headset, coming from the top of the auction company, and his tone was full of panic.

“He is the big man here today. What he said, how could it be a joke, you quickly apologize to him.”

Hearing this, the auctioneer’s eyelids jumped, he is a big shot!

So he wants to pack these lots, is it true?

After a long pause, the auctioneer hurriedly asked: “Sir, are you sure?”

“OK.” George Han said lightly.

The audience was in an uproar, almost everyone’s eyes were focused on George Han at the same time. After all, packing all the lots is an astronomical number, and no one in the room can do it.

Qi Yiyun was a little strange, how could this rich man’s voice be so familiar? She couldn’t help turning her head curiously.

Chapter 565

When he saw the familiar face clearly, Qi Yiyun was struck by lightning and stood blankly on the spot.

he!

It turned out to be him!

How could he suddenly appear in the United States?

Qi Yiyun subconsciously thought that he was dazzled for the first time, so he rubbed his eyes, and after repeatedly determined that this person was indeed George Han, Qi Yiyun's first thought was to go to George Han.

But suddenly she froze.

Today she is unkempt, wearing a hat, and she doesn't even want to wash her hair. Because she just came to join in the fun to pass the time, who would have thought that she would meet George Han on this occasion?

If Qi Yiyun is given another chance to choose, she will definitely be there in full dress.

After such a long absence, she must show her perfect side to George Han.

"Evian, what's wrong with you, are you feeling unwell?" Ouyang Fei asked with a worried expression, seeing Qi Yiyun's abnormal state.

Qi Yiyun nodded and said, "Mom. I'll go to the toilet first."

After saying that, Qi Yiyun buried her head and ran away. She didn't want George Han to see herself like this.

When heading to the toilet, a woman with a figure similar to her walked across the corridor, dressed very s*xy. A thought came into Qi Yiyun's mind and stood in front of the woman.

“What are you going to do?” The woman asked Qi Yiyun dissatisfiedly. She is an upper-class socialite. When facing the plain-dressed Qi Yiyun, she unconsciously feels aloof.

“Sell me your clothes.” Qi Yiyun said lightly.

The woman raised a disdainful smile and said, “Are you crazy? Do you know how much clothes I wear?”

Qi Yiyun took out his wallet directly, took out a wad of cash, and said, “Is this money enough?”

The woman was stunned, and nodded unconsciously. It was more than enough. What she wore was just a fake brand to support the scene. How could it be worth so much.

“If you have enough, follow me to the toilet.” Qi Yiyun said impatiently.

The woman didn't think much, and followed Qi Yiyun to the toilet.

When Qi Yiyun was trying to remedy his image, in the auction house, George Han asked the auction company to take out all the lots of today. Since he had to pack it, he didn't keep one.

The people who originally thought George Han was just joking were completely dumbfounded, and no one expected it. George Han's joking remarks that seemed to be packed turned out to be true.

The blonde girl who took the initiative to strike up a conversation with George Han felt regretful at this moment. She knew that the so-called security guard of George Han was his relative, and he was able to enter the auction house. Obviously it was just a joke. , Is definitely the big man in the rumors.

If it weren't for her snobbery, she might have been cuddled in her arms now.

The blonde was full of regrets, but this did not prevent her from walking to George Han for the second time.

She was extremely confident about her figure and appearance, and it seemed to her to be a simple thing to fascinate George Han.

After pulling down the neckline to the maximum, the blonde walked up to George Han and deliberately made a bend to apologize, making the neckline beautiful.

“Sir, I’m sorry, I shouldn’t have used that attitude to talk to you just now.” The blonde said with a sincere expression of regret.

George Han didn’t look at her. This kind of inferior coquettish means really couldn’t get into George Han’s eyes, and she thought she was beautiful and s*xy, which was even more worthless to George Han.

“I don’t think there is any problem with your attitude towards me.” George Han said lightly.

The blonde looked flustered. Thinking that George Han was blaming her, he quickly said: “Sir, I am willing to make up for you in any way, but I just ask you to forgive me.”

“How many men have you slept with?” George Han smiled disdainfully.

The blonde has an ugly complexion. Even she can't remember this number. She can be there today and can attend such occasions. It can be said that she is in exchange for the body. It is absolutely impossible for men with this kind of cleanliness Just look at her.

“Sir, I am not the kind of person you imagined. I still keep it for the first time. If you don't believe it, you can try.” said the blonde.

George Han Daya almost laughed. This is the first time for such a woman. This is simply an international joke.

“Go away, don't show up in front of me in the future, I don't like a woman like you.” George Han said plainly.

The blonde gritted her teeth. She never thought that she would be so ruthlessly rejected, and he didn't seem to look at himself more from the beginning to the end. Could it be that this man is not interested in women at all? Otherwise, with her figure, how could a man refuse it?

Or is he just pretending to be in front of others?

“Sir, if you have any needs at any time. You can contact me. This is my contact information.” The blonde handed George Han a business card.

George Han said coldly: “Do you not understand what I said, I will let you go.”

The blonde ran away panicked, she could hear that George Han was really angry.

She didn't dare to provoke this big figure worthy of all the businessmen in the Chinese area.

When Ouyang Fei saw this scene, her eyes couldn't help showing her appreciation, and she said to Qi Donglin: "This young man is really good. There is no fascination when facing female s*x."

"For people like him, the most indispensable thing is women, maybe it's just that his requirements are too high." As a man, Qi Donglin doesn't think George Han can really be inferior to women. He refuses. More reasons could only be that the blonde hadn't met his requirements.

"Oh?" Ouyang Fei's expression changed, and said: "Then what about your request, if this woman takes the initiative to embrace you, would you refuse?"

Qi Donglin heard a murderous aura in this sentence, and quickly said: "This...Isn't that talking about him? Why did it suddenly come to me."

"I'm just curious, can you be like him, turning a blind eye to throwing arms?" Ouyang Fei asked with a heavy face.

Qi Donglin hugged Ouyang Fei's shoulders and said: "Besides you, how can I be interested in other women? Don't think too much. Don't think too much."

Ouyang Fei knows that every man is lustful, and she also knows that Qi Donglin occasionally spends time and drink, but as long as it does not affect the harmony of the family, Ouyang Fei usually does not control too much. Saying this today is just a beating on Qi Donglin.

"As for my daughter, she has been there for so long, why hasn't she come back." Qi Donglin quickly changed the subject.

Ouyang Fei also felt strange. It was okay just now, but my face suddenly changed, and I haven't come back after going to the toilet for so long. It can't be that something happened.

“I’ll go and see. Don’t have any trouble.” Ouyang Fei said.

Qi Donglin nodded, and he was relieved. If that topic continues, he probably won’t even be able to go back to the room tonight.

At this time, several senior officials of the auction company appeared at the same time, walked to George Han, and made a detailed account of the packaged lot. They must let George Han know about the value of the lot and the price of the package. It is not a small number.

“Just send it to the place where I live. This is a bank card. Swipe the card.” George Han didn’t bother to listen to them being forced to talk. Anyway, he didn’t spend his own money, so he wouldn’t feel distressed.

Several high-level executives looked at each other at George Han’s delighted expressions. Isn’t this spending hundreds of thousands of yuan to buy a small object? Did he really not take this amount into consideration?

“Mr. Han, are you sure you don’t need to know the total value of these lots?” A certain executive still didn’t give up, fearing that George Han would go back, after all, if he goes back, he won’t be able to sell any of the lots today.

“Do you think I don’t have the strength to buy?” George Han frowned and said with an unhappy expression.

The senior shook his head in a panic, and explained: “Mr. Han, I didn’t mean that, please don’t get me wrong.”

“It doesn’t mean that. I’ll go home first. You send all the things to my house. Be very careful during the transportation process, especially those items related to China. If they are damaged, I will ask you.” Han Three thousand finished speaking, and left the bank card.

Chapter 566

When Ouyang Fei went to the toilet, she found that Qi Yiyun had already put on a dress and was still touching up her makeup in front of the mirror, which made her laugh helplessly.

As the saying goes, a woman is a person who pleases herself. Qi Yiyun did this, obviously because she has a good impression of the man just now. Otherwise, how could she go to the toilet for first aid.

“You really hugged the Buddha’s feet temporarily. What did you do before.” Ouyang Fei said with a smile on her face.

Qi Yiyun was busy repairing makeup, and when he had time to talk to Ouyang Fei, the movements on his hands were skillful and quick, and he was afraid that George Han had already left.

“But this young man is really good. There was a woman who seduce him just now. He didn’t even look at it. He was an upright man.” Ouyang Fei said with admiration, although Qi Donglin said that the woman might not meet his requirements. . But in Ouyang Fei’s view, the look in his eyes just didn’t linger on the woman at all. This was not a matter of request, but he didn’t like this woman at all.

Qi Yiyun did not speak. But she knew that Ouyang Fei was right, because George Han’s loyalty to love and Amelia Su hadn’t even shaken her at all. How could those gorgeous women do it?

“You have to seize this opportunity. Your mother and I dream of wanting to hold my grandson. I have this opportunity when you get married.” Ouyang Fei also entertained herself regardless of whether Qi Yiyun responded to her or not. language.

Finally, Qi Yiyun put on his makeup, turned his head and said to Ouyang Fei:
“Mom, do you think this works?”

With a touch of makeup, Qi Yiyun does not need much modification to become a natural beauty. This is her appearance advantage. Many women need to rely on makeup to reflect their beauty, but Qi Yiyun does not need it. She just removes her glasses. Can be more beautiful than most women, with makeup, no one can compare.

“My daughter, can there be any problems? Don’t worry. It’s beautiful, no one can compare to you.” Ouyang Fei said.

Qi Yiyun still felt that she was not at ease. After all, it was a long-lost meeting. She hoped that George Han could see the perfect self.

Qi Yiyun stopped after finishing up in the mirror again.

Ouyang Fei couldn’t help saying: “You have to have confidence in yourself. Even if you don’t wear makeup, I believe that man will be fascinated by you.”

Qi Yiyun sighed inwardly. It would be great if this was the case, but it was a pity that she had made countless attempts when she was in Basin City, but none of them could shake George Han.

For other men, Qi Yiyun can make them fall under the pomegranate skirt with a wink.

But George Han, like a heavenly peak in front of Qi Yiyun, was not easy to surpass at all.

When he arrived at the auction venue, the auctioneer had already started packing up all the lots and preparing to send them to George Han’s home. By this time, George Han had already taken a stand.

“Dad, where is that person?” Qi Yiyun didn’t see George Han’s figure, and ran to Qi Donglin anxiously and panicked and asked.

“Hey.” Qi Donglin sighed and said, “I’m gone. Tell me about you. I reminded you to dress up well before. You have to listen. Now you know you regret it.”

Seeing Qi Yiyun after changing clothes and putting on makeup, Qi Donglin knew what she was doing without asking, but it was a pity that it was too late to fix it.

Qi Yiyun suddenly felt empty in her heart, staring blankly at the place where George Han was sitting.

“However, you don’t have to worry about not seeing him. I have already inquired with the auction company just now and know where he lives.” Qi Donglin said smugly.

Qi Yiyun looked at Qi Donglin with a torch, and asked, “Dad, where does he live?”

“You are a girl, but you have to be more reserved, don’t go to him in such a hurry.” Qi Donglin said.

How anxious Qi Yiyun is, only she herself knows. She can’t wait to tie George to the bed tonight. After all, it was hard to see George Han. She didn’t want to miss this opportunity, and she still had many questions to ask George Han, such as about Han Nian. For example, why didn’t he return to Basin City.

“Dad, tell me quickly.” Qi Yiyun said.

Ouyang Fei couldn’t stand aside anymore, and said: “Hurry up, haven’t you seen your daughter in such a hurry?”

Originally, Qi Donglin planned to tease Qi Yiyun, but Ouyang Fei spoke. He didn’t dare to sell Guanzi anymore, so he could only tell Qi Yiyun the address truthfully.

“I found out that he is the big figure in the legend. Therefore, in a short time, he should not leave the United States, you can seize the opportunity.” Qi Donglin said.

Qi Yiyun had an impulse in her heart and went to meet with George Han immediately, but she also had some fears in her heart, fearing that this meeting would also be ruthlessly rejected by George Han, so after learning the address of George Han. She was not so eager.

“Let’s go home.” Qi Yiyun said.

Qi Donglin and Ouyang Fei were a little puzzled about the sudden change in Qi Yiyun’s attitude. How could this daughter be so weird today, she was so impatient just now, why suddenly she calmed down again?

The heat for these three minutes has disappeared too quickly.

The place where George Han lives is not a luxurious Villa or an old castle, but an ordinary streetside courtyard. Such houses are very common in the United States. Of course, they can also be called villas, but the degree of luxury is not too high. That’s it.

Back home, a beautiful girl with black hair had been waiting at the door for a long time.

“My name is Yuan Ling, and I am your assistant.” Yuan Ling was sent by the company to assist George Han. Her main task is to help George Han understand the situation of Nangong’s company in the United States.

George Han nodded and said, “The auction company will send a batch of items later. You can help me move into the house.”

Yuan Ling’s job is a clerical job, but she’s not showing off coolies, and she’s just a woman, George Han actually let her do this kind of work.

“If you can’t do it, you don’t have to stay with me.” George Han continued, and then returned home.

George Han knew that Yuan Ling was not only an assistant, but also Nangong Boring sent to monitor him. So for this woman, George Han didn’t feel very good.

Yuan Ling waited helplessly at the door, she knew that George Han wanted to use this method to force her to leave, but the more so. The more she wanted to prove it to George Han.

But when the truck from the auction company arrived, Yuan Ling was completely dumbfounded.

This is something I bought, and it fills up half of the carriage!

With so many things, if she were to move into the house alone, her life would be exhausted.

Seeing those workers moving out of the car one by one, Yuan Ling stepped forward and said to the workers: “Can’t you help move into the house?”

“Sorry, we are only paid for delivery and unloading, not for handling.” said the worker.

In the United States, expensive labor is the norm, and every different thing requires different wages. Even if it is just a small effort, these workers will not do more. This is obviously different from the domestic situation.

Yuan Ling returned home anxiously and found that George Han was watching TV in the living room leisurely, and said, “What have you bought, why don’t you just let the workers move in?”

“It’s nothing, just packed an auction company.” George Han said lightly.

Yuan Ling was astonished and packed up an auction company. This guy is too prodigal!

“As for why the workers are not allowed to move in, I heard that they will have to pay more for moving in, so I let them be at the door. It’s not you.” George Han continued.

Yuan Ling gritted her teeth, he was trying to make things difficult for herself.

What is the difference between the worker’s moving money and his packing the entire auction company?

“You really know how to plan carefully.” Yuan Ling said through gritted teeth.

“Thank you for the compliment.” George Han accepted and appreciated with a smile.

Yuan Ling tickled her teeth with resentment, turned around angrily and left home.

Seeing the things piled up like a hill at the door of the house, Yuan Ling felt desperate. If these things were to be moved in by herself, wouldn’t she have to take the whole life in?

But George Han wanted to force her to leave in this way, which was obviously unacceptable to her.

“Move, move, what’s the big deal.”

Chapter 567

In George Han's view, even if Yuan Ling wouldn't retreat directly, she couldn't hold on for too long. After all, she was a girl, how could she hold on for too long in the face of this kind of coolie.

But Yuan Ling's strong character obviously exceeded George Han's imagination.

As one thing after another moved into the house, Yuan Ling had blood blisters on her palms, and she still insisted.

This surprised George Han very much. Unexpectedly, this woman's temperament would be so strong, she had no idea of giving up.

When George Han saw Yuan Ling wipe the worn-out blood with a tissue, George Han couldn't help but said: "If you can't hold on, give up, why bother with yourself."

Yuan Ling lowered her head, tears were already in her eyes.

As a clerical worker, she has never suffered such a pain. The pain from her palm is like acupuncture, and now she has only moved some small items. The real painful piece is still waiting for her.

"Do I have any grudges against you?" The moment Yuan Ling raised her head, tears slipped out of her eyes.

George Han shrugged and said, "I know the purpose of your coming to me. Nangong Boring asked you to monitor me. You should even report my whereabouts to him every day. Do you think I need to keep you? Beside?"

"If I don't listen to him, I won't be able to keep my job. Do you want me to be unemployed?" Yuan Ling cried bitterly. She does have this responsibility, but this

task is not something she is qualified to refuse. So in her opinion, she It's just taking orders and doing things, just don't want to lose your job. Why do you suffer such difficulties?

George Han was stunned. He really didn't expect this aspect. Now that he thinks about it, it is indeed too much to make things difficult for Yuan Ling, after all, she has no choice.

"The stockings are broken, let's change them." After George Han finished speaking, he stood up to move things by himself.

Yuan Ling wiped the tears from her face, looked at her calf, and then went out to move things again.

"I don't want to deceive your sympathy with my tears, and you don't need to give me sympathy." Yuan Ling said to George Han.

George Han smiled bitterly. This woman is really difficult to deal with, but someone with strong temperament like her still has something to appreciate. After all, with her appearance, it is very simple to want a good life, but she seems to disdain to do so. That's why I worked so hard.

"Don't worry, I won't drive you away, but before reporting to Nangong Boring in the future, you'd better inform me." George Han said.

"You are not my boss, why should I listen to you." Yuan Ling said.

"You woman, do you have to confront me? Although I am not your boss, I have to find a way to fire you, but it's very simple. Do you want to try?" George Han threatened.

"No." Yuan Ling happily compromised.

George Han couldn't laugh or cry. He had not been in contact with Yuan Ling for a long time, but her character made George Han feel very interesting.

At this time, George Han suddenly realized that Yuan Ling looked more pleasing to the eye.

Of course, the kind of affection between men and women is impossible for George Han, he just thinks Yuan Ling deserves respect.

Moved everything. George Han was also a little tired, lying on the sofa, and asked Yuan Ling: "Can you cook?"

"My task is just to make you more familiar with the company's situation, not a nanny." Yuan Ling stared at George Han and said.

"Would you like to try to submit your resume to other companies? What if you suddenly lose your job and you have no income?" George Han said with a smile.

Yuan Ling was biting her posterior molars, so angry that Qiqiao made smoke, but she did not dare to provoke George Han.

"What do you want to eat?" Yuan Ling asked.

"Eat whatever you want, as long as you can fill your stomach, I don't have too much demand." George Han said cheerfully.

Yuan Ling angrily got up and went to the kitchen, cursing George Han tens of thousands of times in her heart.

Boiled a bowl of noodles for George Han, which was dull and tasteless. Yuan Ling deliberately didn't put salt in it, but George Han ate it with relish, making her want to take revenge on George Han. I felt that I had fallen to the bottom for an instant.

“Aren’t you going to eat it?” George Han asked.

“I’ll go home to eat.” Yuan Ling said.

“Go home? If you don’t live with me, how do you know what I do every day.” George Han smiled.

Yuan Ling looked at George Han vigilantly and said, “You’d better throw away those unclean thoughts. I won’t betray my flesh.”

George Han finished his last sip of soup. Said leisurely: “To be honest, I have no interest in you, after all, what I have is money, what kind of woman can’t get it.”

Yuan Ling couldn’t refute this sentence. She knew very well that in this real society, as long as there was money, those women would naturally embrace him, people like him. It is impossible to lack a woman.

“I wish you an early AIDS.” Yuan Ling said coldly.

The soup in George Han’s throat almost squirted out before he could swallow it. This woman was too cruel to curse him like that.

“A woman with a femme-hearted heart, you are really cruel.” George Han said.

There was a smug expression on Yuan Ling’s face. Although these words did not materially hurt George Han, they also satisfied her with the pleasure of revenge.

“So, don’t make things difficult for me in the future, otherwise I ask God to worship Buddha and curse you.” Yuan Ling said.

George Han waved his hand. With a helpless look, he said: “Tell me about the company’s situation and give you a chance to complete the task.”

Speaking of this matter, Yuan Ling's expression became serious.

When Yuan Ling told George Han about the company's situation, George Han couldn't help but laugh. It seemed that the company did have a big crisis, but for the Nangong family, this kind of crisis just dropped some money. It is not a big problem at all to be able to get it done. It seems that the most important purpose of Nangong Boring let him come to the United States is not to solve the company's troubles.

"What are you laughing at? Now that the company has reached the critical moment of life and death, you are still in the mood to laugh." Yuan Ling could not understand George Han's heartless performance. Of course, she didn't know the real ability of the Nangong family. How big. After all, this kind of hidden family will not expose their strength casually, otherwise, those people on the rich list. What qualifications are there to stay on the list?

"In your opinion, it is a big problem, but for the Nangong family, this is just a trivial matter." George Han said.

"You are so bragging. If you have the ability to solve this trouble." Yuan Ling disdainfully said. The first impression that George Han gave her was a prodigal son, so she really didn't understand why Nangong Boring sent such an incompetent person, and now her impression of George Han was even worse.

This is not only a prodigal son, but also a prodigal son who can only brag.

"Notify the company's executives. To have a meeting tomorrow, by the way, invite the executives of these companies who are looking for trouble." George Han said.

"Company insiders can be there, but senior executives of other companies can't be invited casually." Yuan Ling said.

George Han's eyes gradually turned gloomy, and said, "If they don't come, I'll go and invite myself to see who can sit still."

Yuan Ling couldn't help rolling her eyes. This guy really regarded herself as a character. What if he personally invited him? What can he do if others don't see him?

"Don't blame me for pouring cold water on you. As you go to meet those people, they may not meet you." Yuan Ling said.

"Don't worry, they will see me, and they will kneel down to see me, do you believe it?" George Han asked.

Yuan Ling didn't even think about it. She shook her head and knelt down to see him. How could this happen?

"The bull on the ground has been blown to the sky by you." Yuan Ling said disdainfully.

"Make a bet, if I win, next time I cook the noodles, remember to give me salt, how about it?" George Han smiled.

Yuan Ling's face suddenly turned red, and this cautious revenge was exposed by George Han, which inevitably made her a little embarrassed.

"Isn't there salt on the noodles? Maybe I forgot." Yuan Ling lowered her head and said with a panic expression.

George Han laughed out loud, and felt that Yuan Ling was a woman more interesting. It seemed that it would be more fun to keep her by her side.

"Go home and rest. My private life at night is rather chaotic. I'm afraid you can't stand it." George Han smiled.

Chapter 568

Yuan Ling left with a strong contempt. She had seen too many rich men's corrupt lives, and George Han was a prodigal in her mind, so she would not think that George Han's remarks were joking. The biggest difference between him and others is only that some people play in secret, while he plays more openly and without disguise.

But this kind of uprightness seemed even more shameless in Yuan Ling's heart. This kind of scumbag was even more unscrupulous. If a woman ran into him, she would have done nothing in her previous life.

But actually. After Yuan Ling left, George Han did not act excessively except watching TV at home.

George Han was born in the Han Family, his status is definitely not low, but he is not like some rich second generations who indulge in beauty. From the day when his heart belonged, George Han never thought of betraying Amelia Su.

In George Han's eyes, no matter how beautiful a woman is, she is just a passer-by in her life.

Night fell. A sneaky figure wandered outside George Han's house, back and forth more than ten times, like a thief stepping on a spot.

However, this thief is different from ordinary thief. What she fancy is not the money of George Han's family, but George Han himself.

Missing George Han at the auction, Qi Yiyun regretted it and learned that George Han's address was. In my heart, I couldn't help but want to meet George Han.

The longing for such a long time has completely turned into a tide, making Qi Yiyun anxious to find a vent, and George Han is naturally the best vent.

So in the middle of the night, Qi Yiyun drove the car and arrived outside George Han's house.

But at this point in time, Qi Yiyun didn't know what reason he should knock on the door more appropriate, so he wandered outside, like a lonely ghost.

When George Han watched TV, he was about to go to bed.

Back in the room and drawing the curtains, George Han saw Qi Yiyun on the street. However, due to the dim lights, George Han did not see her face clearly, only treating her as a passerby.

The moment when George Han closed the curtains, to Qi Yiyun, it was like a ruthless knife stuck in his heart.

"This guy. Haven't you seen me yet!" Qi Yiyun gritted his teeth and said, dangling outside the house. Qi Yiyun wanted George Han to see himself through the window, but this guy actually closed the curtains directly.

"I'm such a beautiful and beautiful woman. Are you not afraid of my accident!" Qi Yiyun gritted his teeth. Late night in the United States is not as safe as Huaxia. Robbery and other incidents are possible here at any time, so George Han turned a blind eye. . Qi Yiyun was very angry.

But in fact, George Han didn't see Qi Yiyun clearly at all, and didn't even know that the figure wandering outside was actually an acquaintance.

but. It is possible that even if George Han saw it clearly, he would treat it as if he hadn't seen it. After all, he always chose to stay away from Qi Yiyun.

An angry Qi Yiyun. Finally, with a wave of anger, he walked to the door and rang the doorbell.

George Han heard the doorbell as soon as he closed his eyes when he lay in bed. He felt a little strange. Could it be that Yuan Ling was back again? She is really dedicated, she would not let him go even at night.

Helplessly stood up and opened the door, but what George Han saw was not Yuan Ling, but an angry face. Qi Yiyun, who wanted to kill, made George Han feel very surprised.

“Qi Yiyun, why are you here?” George Han asked in astonishment.

Qi Yiyun pushed George Han away and walked directly into the house.

That gesture with hands on hips. Like a tigress, Qi Yiyun asked George Han in a questioning tone: “Aren’t you afraid that I will be taken away by bad guys!”

“What do you mean?” The monk of George Han was puzzled, completely unable to understand the meaning of Qi Yiyun’s words.

“Ask me what I mean, I went back and forth dozens of times outside, how could you not see me, you just pretended not to see me, do you know how dangerous the United States is at night?” Qi Yiyun gritted his teeth.

George Han couldn’t laugh or cry.

Dozens of times back and forth?

How idle Qi Yiyun is.

“Miss Qi, since you are coming to see me, why don’t you just knock on the door? Even if you walk outside until dawn, I don’t know it is you.” George Han said helplessly.

Qi Yiyun believed that George Han saw him and deliberately turned a blind eye, so this is the explanation. She obviously won't accept it.

"Just make an excuse, I won't believe it anyway." Qi Yiyun said.

George Han shrugged helplessly, and said, "Believe it or not, what does it have to do with me. I'm going to rest now. You have nothing else to do. Just leave."

These words directly caused Qi Yiyun to explode, blowing his beard and staring with anger.

"If you don't go, you won't go." After Qi Yiyun finished speaking, he walked directly to George Han's room.

George Han followed closely behind him, but when he walked into the room, Qi Yiyun was already lying on his bed.

"Miss Qi. Have you had enough trouble?" George Han said feebly. Facing this woman, he felt a deep sense of powerlessness. He couldn't beat or scold him. The key point was that she couldn't drive away with her face.

George Han couldn't bear this heavy love, but Qi Yiyun still refused to give up after several rejections. George Han really didn't try to deal with her.

"I'm going to bed, don't disturb me." Qi Yiyun turned sideways to George Han, and even closed his eyes directly. It seems that today is a cow that can't be pulled away.

As soon as George Han arrived here, the room was cleaned up. When he couldn't go away, George Han could only wrong himself and walked to the sofa in the living room. Ready to be here for one night.

Qi Yiyun once said that as long as George Han comes to the United States, she must find a way to tie George to the bed. This is the goal. She has never changed, but without a rope tonight, Qi Yiyun can only imply that she should let him go first and wait until tomorrow day to prepare.

Qi Yiyun felt at ease. He took off his clothes and got into the bed without closing the door.

She was not afraid of George Han coming in, but she was afraid that George Han would not come in.

It's a pity that George Han, who was sleeping on the sofa, had no such thoughts. He closed his eyes and fell asleep after a while.

Early the next morning. When Yuan Ling came home, she bumped into Qi Yiyun unexpectedly.

Yuan Ling had prepared for George Han's erosion last night, but when she saw Qi Yiyun, she was still shocked.

After all, Qi Yiyun is a celebrity in the Chinese area. Yuan Ling has seen it many times. Her suitors are countless, and they are also extraordinary figures. I don't know how many women secretly envy Qi Yiyun's treatment, even Yuan Ling. Ever imagined that if she was Qi Yiyun, how would she choose those rich and young sons.

But Yuan Ling never expected it. Those goddesses that the rich and young sons couldn't ask for would actually appear in George Han's home.

Alone men and widows live in the same room, so you don't need to think about what happened.

If this let those rich and young princes know, they would still be thumped in anger!

“Who are you?” When Qi Yiyun saw Yuan Ling, he asked faintly. He didn’t panic at all because he was bumped into by Yuan Ling. As for whether this matter would be leaked out, Qi Yiyun was even more not worried, but instead She very much hopes that this news will spread so that no flies will bother her in the future.

“Miss Qi, I am George Han’s assistant.” Yuan Ling lowered her head and said to Qi Yiyun.

Qi Yiyun frowned. She knew which company Yuan Ling belonged to. How could she be an assistant to George Han?

Could it be that there is any connection between George Han and Nangong family?

This Nangong family has recently been boycotted by many Chinese companies, and even Qi Yiyun has participated, so she knows Nangong’s company very well.

Of course, this understanding is just what Qi Yiyun thinks. The real Nangong family has never shown fangs in the United States.

“He’s not here to help the Nangong family?” Qi Yiyun asked.

Yuan Ling didn’t dare to speak, because Qi Yiyun was one of Nangong’s opponents, and she couldn’t determine the relationship between George Han and Qi Yiyun.

Seeing Yuan Ling’s silence, Qi Yiyun affirmed his guess, but what is the relationship between George Han and the Nangong family?

Chapter 569

After George ran back home, he found that the two women were getting along very well, and the look in his eyes was a little weird, as if there was something inexplicable surprise in Yuan Ling's eyes.

For Yuan Ling, she despised George Han as a scumbag in her heart.

However, according to her imagination, George Han was at best looking for some celebrities to come to the house, but Qi Yiyun's existence really shocked Yuan Ling. After all, Qi Yiyun is not an ordinary woman, and George Han can actually have s*x with her. , This also shows George Han's unique ability.

This is a very strange thought. Although they are both women, the difference in status determines Yuan Ling's view of George Han.

"Are you ready for today's meeting?" George Han asked Yuan Ling.

"The people inside have all notified." Yuan Ling said.

George Han nodded, and continued: "Are there any other people targeting the company? Is there a list?"

Yuan Ling had anticipated it a long time ago, so this matter was prepared last night.

Take out a piece of A4 paper, the record on it is the company's opponent.

George Han looked at the list. Most of them are unknown to him, but the two names Qi Yiyun and Han Yan are particularly dazzling.

"I didn't expect you to have a holiday with the Nangong family?" George Han said to Qi Yiyun with a smile.

“Nangong family wants to become the leader of the Chinese district, naturally, we have to agree to it, but unfortunately, the strength of the Nangong family is not good.” Qi Yiyun said.

Poor strength?

If these four words are passed back to the Nangong family, I don’t know how many people have to laugh off their teeth, but this is not surprising, as a family of hidden rich people. The Nangong family has different spokespersons in industries all over the world, so it is reasonable for the outside world to misunderstand the Nangong family.

“Qi Yiyun, you are really lucky. If you meet me, if you change to another person, the Qi family will suffer this time.” George Han said with a smile.

Qi Yiyun frowned. In her opinion, the Nangong family invited George Han to help. George Han was indeed capable of helping the Nangong family get through the troubles in front of him, but George Han’s tone seemed to have other meanings.

“What do you mean?” Qi Yiyun asked.

George Han glanced at Yuan Ling and said, “You go back to the company first.”

If there is no Qi Yiyun present. Yuan Ling must be unwilling to leave, but out of fear of Qi Yiyun, she can only listen to George Han now.

After Yuan Ling left, Qi Yiyun couldn’t wait to ask: “Don’t sell it. If you have anything, please say it quickly.”

“The Nangong family you know is just the tip of the iceberg. The real Nangong family is much more powerful than you think.” George Han said.

Qi Yiyun smiled faintly. I didn't believe George Han's words at all, and said, "If the Nangong family is so powerful, do you still need your help?"

"Naturally, there are some reasons for this, but at this stage. I can't tell you yet. You just need to know that if you do the right thing with the Nangong family, you will not end well. This family controls a small island country and is in every country in the world. There are amazing industries that are not known to the world. It is because the Nangong family, as a hermit family, does not want to expose too much to the outside world. Otherwise, the richest man on the rich list now only gives the Nangong family shoes." George Han said with a smile.

These words really surprised Qi Yiyun.

She knew that George Han would never say these things to lie to her, and the Nangong family had such terrifying strength!

"No matter how great the Nangong family is, now you appear. As long as you ask me to do it, I will do it, I will listen to you." Qi Yiyun said.

Facing these words, George Han smiled helplessly. He knows Qi Yiyun's mind, but it is a pity that it is uncomfortable.

"I'm going to the Han's house." George Han said.

Qi Yiyun stood in front of George Han and said, "I have something to ask you. I will let you go only after you make it clear."

"I don't beat women, but that doesn't mean I won't be rough with women." George Han said lightly.

Qi Yiyun was not timid, and said: "If you dare to be rough with me, I will take off my clothes so that you will not dare to look at me."

George Han was defeated by Qi Yiyun's wonderful tricks, and said with a wry smile: "Yes, you have anything you want to ask, please ask."

"Where did you go some time ago. Why is there no news at all? Amelia has given birth to a child, and you haven't returned to Basin City. Now Han Nian is kidnapped. You are still in the mood to come to the United States, why?" Qi Yiyun asked. .

Speaking of this matter, George Han's expression instantly darkened.

The incident of Han Nian being kidnapped could easily arouse his anger, and he was always thinking about rescuing Han Nian, but now the time has not come, George Han dare not act rashly.

"I can only tell you that I will let the people kidnap Han Nian. I will live to death in the painful torture, and I will not let anyone related to this matter." George Han said coldly.

I don't know why, when Qi Yiyun saw George Han's cold eyes, she was a little scared, although she knew that this kind of killing was not aimed at her, she would also have panic and fear.

"I heard Shen Lingyao say that Amelia is very sad now. Why don't you go back and see her all day long?" Qi Yiyun said, although she wants to get George Han, this does not prevent her from caring about her sister.

"If I could, why didn't I think about it." George Han took a deep breath. Had it not been for Nangong Boring's warning, he would have returned to Basin City a long time ago, and he would not dare to even call Amelia Su.

But the current situation. George Han has no right to choose. In order to protect Han Nian's safety, he can only do what Nangong Boring said.

“Nangong used Han Nian to threaten you?” Qi Yiyun didn’t know the ins and outs of the matter, but George Han appeared in the United States. And it is also related to the Nangong family, which makes Qi Yiyun easily think that Han Nian’s things are related to the Nangong family. Otherwise, how could George Han help the Nangong family for no reason?

“You are very smart. But in this matter, I advise you not to be nosy.” George Han said.

Qi Yiyun’s heart sank. The fact that George Han could be so careful and serious showed that this matter was very serious.

“Don’t worry. I will not mess with you, but when you need help, I will definitely provide it with all my strength.” Qi Yiyun said.

“No need.” After George Han responded indifferently, he left home.

For George Han, the more people involved in this matter, the less optimistic.

Although he doesn’t care about the life and death of Qi’s family, how can he turn a blind eye when Qi Yiyun is really facing life and death troubles?

This woman never made George Han’s heart touched, but George Han did not really turn a blind eye to her love.

At least, George Han will not let this woman have a crisis in front of him.

Drive to the place where Han’s house is.

This is very different from the small courtyard where George Han lives. Just standing outside the Villa area gives you a sense of luxury.

And the entire Villa area is owned by the Han family. This is the only one in the Chinese area.

As soon as George Han parked the car at the door, a security guard walked over with a displeased face, knocking on the car window unhappy.

“This is a private parking space, so stop and stay away.” said the security guard.

George Han got out of the car and didn’t want to move the car. He said, “Go and inform Han Yan and say I want to see her.”

After Han Yan returned to the United States, she had completely controlled the Han family. Those voices that were dissatisfied with her were quickly suppressed by her shameless means. Today, the Han family can be said to be the biggest person in the entire Han family. Therefore, George Han’s words made the security sneer.

“Who do you think you are, you want to see Miss Han, are you qualified to meet such a big person?” the security guard said with disdain.

“You go and inform her, she will come out to meet me in person.” George Han said with a smile.

The security seemed to have heard a joke. The dignified Miss Han family is now the head of the family. Who is qualified to let her greet him in person?

“Dude, you are Miss Han’s suitor. Your methods are different from others. They are quite new. It’s a pity that you are so stupid. How could I believe what you said?” The security guard looked at it mockingly. George Han.

Chapter 570

Suitors?

These three words made George Han laugh.

Perhaps Han Yan can indeed be sought after by some men, but in George Han's eyes, this woman with a snake-like heart is extremely ugly, and two more glances will make him feel sick.

"Since you refuse to inform her, I have to call and try." After speaking, George Han took out his cell phone.

The security guard smiled coldly and said: "It's useless to pretend to be in front of me. You should leave as soon as possible. Otherwise, don't blame me for being rude to you."

George Han dialed the number and said directly to Han Yan: "I'm at your door. Your security stopped me from entering. It's really hard to see you Miss Han."

Hearing George Han's words, Han Yan sweated coldly on her forehead.

The person she fears most is George Han, how could this guy come to the United States suddenly, and there is no news at all.

"Wait for me, I will come out to pick you up right away." Han Yan said.

Han Yan can sit in today's position. Thanks to George Han, she didn't know that Han Li was dead, so she worried that once George Han released Han Li, her status in the Han family would plummet, and Han Feng's death would make her even worse. Become a prisoner.

When George Han hung up the phone, the security guard reminded: “Don’t leave yet, do you have to force me to be rough?”

“Han Yan will come out soon. You don’t have to wait, otherwise, I’m afraid you will regret it.” George Han smiled.

Seeing George Han’s veteran presence, the security guard suddenly shook his heart. This guy, wouldn’t he be able to let Han Yan come out to pick him up?

If this is the case, it would be over today!

The security guard prayed that Han Yan would never show up, staring straight at the door of the Villa.

“God, you must bless me.”

God obviously didn’t hear the voice of the security guard, because Han Yan appeared soon, and she speeded up the pace deliberately. It is enough to show how much she values George.

When the security guard saw Han Yan, the whole person instantly became in a trance, and even his legs began to weaken.

“You dare to stop my distinguished guest.” Han Yan gritted her teeth and said to the security guard, if this caused George Han’s dissatisfaction. She has to find a way to make up.

The security guard knelt on the ground with a plop and begged George Han for mercy: “I’m sorry, but I don’t know Taishan. It’s my fault.”

George Han smiled faintly. There is no plan to hold the security guard accountable. There is no need for such a small person to care about it.

“Remember my face, don’t let me in when I come next time,” George Han said.

The security nodded repeatedly. Said: “I remembered, remembered.”

Han Yan frowned slightly. Seeing George Han’s appearance, he didn’t seem to be traveling. And he won’t leave in a short time, which is not good news for Han Yan.

“What are you doing this time?” Han Yan asked George Han.

The security guard knew that the two of them had something to talk about, so they got off the hook very funny.

“Do you know the Nangong family?” George Han said.

This time. It was Han Yan who took the lead. She was not satisfied with the Han family’s control of the Chinese area, so she would deal with the Nangong family, but she never expected that a small Nangong family would find George Han.

Although in Han Yan’s heart, George Han is not a big man, even a useless family abandoned son. But helplessly his own handle was in his hands, Han Yan had to be afraid of George Han.

“If you want to protect the Nangong family, I can speak out to ensure that the Nangong family can develop better.” Han Yan said.

George Han glanced at Han Yan unexpectedly. Said: “Do you have so much ability now?”

A trace of triumph flashed across Han Yan’s face. Her current status in the Chinese area is supreme. Almost all businessmen regard her as the head of her horse. Her words are in ancient times, that is the existence of imperial decree. This right brings Han Yan enjoys her superiority.

However, she could be arrogant in front of any, but she did not dare to do so in front of George Han.

“The influence of the Han family in the American Chinese area is not what you can imagine.” Han Yan said.

George Han narrowed her mouth, her arrogance was vulnerable in front of Nangong’s family. As long as the Nangong Clan is willing, ten Han Clan can be destroyed instantly.

“You met me, really lucky, not only can help you get the position of the head of the Han family. Now it can save your life.” George Han said with a smile.

If Nangong Falcon or Nangong Yan came to the United States, the Han family’s fate would be bankruptcy, and even Han Yan could not even save his life.

Han Yan naturally didn’t understand the danger, and only thought that George Han’s remarks were deliberately intimidating her. It was George Han who wanted to show his status in front of her, which made Han Yan very disdainful.

Had it not been for George Han’s hands, Han Yan would have trampled him under his feet.

“I can give you what you want. Don’t scare me deliberately.” Han Yan said lightly.

“If you think I’m scaring you, then you think so, but the attitude of your dog in front of me is getting higher and higher.” George Han said coldly, without reminding Han Yan. She seems to have almost forgotten her position, really taking herself as the superior Han family head?

Han Yan’s body trembled, she hadn’t forgotten this matter. I just don’t want to admit it.

She is the eldest daughter of the Han family, and now the head of the Han family in control.

But in front of George Han, can you only be a dog?

“George Han, do you have to humiliate me? Aren’t you afraid that I will tear my face with you?” Han Yan said with gritted teeth.

“A dog is always a dog, and there is only a dead end to tear his face with his owner.” George Han said lightly.

This is the Han family Villa, Han Yan can’t wait to find someone to kill George Han.

But she knew that even Han Long died in the hands of George Han. The bodyguard of the Han family is not necessarily George Han’s opponent.

If she really got to the point of tearing her face, her status would be in jeopardy.

“What do you want me to do!” Han Yan lowered her head and said.

At this moment. Many people in the distance of the Han family were watching them, including the bodyguards and relatives of the Han family.

George Han said faintly: “Doesn’t the dog kneel down after seeing the owner?”

“This is the Han family.” Han Yan said.

“Why, are you afraid of losing the face of your Miss Han family?” George Han said.

Face is for Han Yan. It's extremely important, isn't she getting rights just to get ahead of others?

If you kneel down for George Han, let the other Han family members see it. What face will she face in the future?

"Han Yan, do you still have a choice?" George Han said strongly.

The reason why George Han did this was to let Han Yan recognize her own identity. Otherwise, she would become more and more lost, and she would pay less and less attention to George Han.

In the distance, the Han family talked a lot, and they were puzzled by George Han's identity.

In their opinion, George Han is likely to be Han Yan's suitor, but it is not very similar. After all, Han Yan has never been so polite to those suitors, and he personally greeted them. This kind of treatment, even some big people in the Chinese area have never had it.

"Who is this young guy, Han Yan treats it so carefully."

"I think he has a little white face, maybe he is a soft food."

"I don't look like it, have you ever seen Han Yan be so polite to outsiders?"

"Since Han Yan became the Patriarch, even we are not in the eyes. This woman's temper is so big, I really want to have someone teach her."

"Teach her? Don't tell the jokes. In the Chinese district now, who is qualified to teach her, those businessmen saw Han Yan, and all of them became smiling Buddhas. They want to give Han Yan shoes."

Within the Han family, there are people who are happy and sincere to Han Yan, but there are also some who dare not speak up. And these people want Han Yan to be hurt, and it is best to make some mistakes to make her fall from the position of Patriarch.

While everyone was talking about it, Han Yan suddenly knelt in front of George Han. This scene shocked everyone.

“What’s the matter, how could she kneel on the ground!”

“I’m not dazzled, Han Yan actually kneeled down!”

“f*ck, who is this young man who can make Han Yan kneel down!”
