

## His True Colour Chapter 581 - 590

### Chapter 581

The two front desk sisters in the company are still in the state of needle-pointing to Maimang, and neither is convinced.

The front desk who was molested by George Han thought that George Han could solve the company's crisis, while another colleague still believed that George Han could not be Sun Yi's opponent.

Although other high-level officials have compromised, in her opinion, as long as Sun Yi is still alive, George Han, an unscrupulous and wealthy child, will sooner or later be kicked out.

The contest between women is sometimes very inexplicable, because a little jealousy is likely to break out very fierce fighting.

That colleague is actually jealous. That's why George Han was not optimistic, and even cursed George Han secretly in his heart.

The little girl who was molested by George Han was immersed in her own fantasy, dreaming that the relationship with George Han could go further.

When Sun Yi appeared, the colleague hurriedly walked to Sun Yi and said, "Mr. Sun, other people have already come to the company, it seems. They have betrayed you."

Sun Yi asked weakly, "Where is President Han?"

The colleague frowned. She thought that Sun Yilai was definitely making trouble for George Han, but he actually called George Han as President Han.

Could it be said that even Sun Yi has to compromise with this unscrupulous child?

“George Han left long ago.” said the colleague.

Sun Yi’s complexion condensed. He was just a company’s front desk, and he dared to call George Han directly.

Snapped!

Sun Yi slapped the woman in the face. Angrily scolded: “Han President’s name, are you qualified to call it directly?”

The colleague covered his face with a look of panic.

Obviously, it was not only other senior executives who compromised with George Han, but also Sun Yi.

At this time, Sun Yi made a more shocking move.

He knelt down directly.

Kneel on your knees!

“Calling Mr. Han, I said I was kneeling at the door of the company and waiting for him until he came.” Sun Yi said.

With this move, even the beauty who was molested by George Han took a deep breath. Although she believed in George Han very much, she did not expect that George Han could make Sun Yi surrender in such a short period of time.

In the entire company, who doesn’t know Sun Yi’s ambition. But now, he actually knelt down in front of the company! This is to let everyone know that he gave up.

Soon, the story of Sun Yi kneeling spread inside the company, after everyone heard about it. They are all very surprised, and at the same time they have more respect for George Han.

“That slap just now hurts, you dare to call President Han by name. It deserves it.” The beauty who was molested by George Han said to her colleague with a smug look.

The man covered his face and dared not refute, her last hope was in Sun Yi, but now Sun Yi is kneeling. It was enough to show how powerful George Han was, and it made her jealousy stronger.

Why didn’t such a powerful person tease her?

George Han did not know about Sun Yi kneeling. Since we were to invite Qi Yiyun to dinner tonight, George Han and Yuan Ling went to the department store to buy ingredients.

“Why are you buying so many things?” Yuan Ling asked George Han puzzledly. These are all fresh ingredients, and they won’t be cooked by themselves when they buy them home. Yuan Ling doesn’t think that George Han is still a man who can cook.

“Cook, don’t you eat noodles every day?” George Han said with a smile.

“I can’t do it, don’t expect me to cook for you.” Although Yuan Ling is a woman, she can’t cook except for the following.

“Have I told you to do it?” George Han said.

Yuan Ling was stunned for a moment, looked up and down George Han, and said with an expression of disbelief, “Can you still cook?”

“Very strange?” George Han asked rhetorically.

“Cut.” Yuan Ling snorted disdainfully, and said: “Don’t pretend to be in front of me. If you are a rich second generation, if you can cook, I will write your name backwards.”

Yuan Ling has never seen a rich person cook in person, let alone a playboy like George Han.

“Then you have to practice in advance. Otherwise, I’m afraid you won’t get used to writing backwards.” George Han smiled.

At this time, Yuan Ling’s phone rang. It was a colleague from the company.

When Yuan Ling heard her colleague say that Sun Yi was kneeling and waiting for George Han at the door of the company, her expression became unconsciously surprised.

Sun Yi would kneel down and admit his mistakes. He is the top of the company. Doesn’t it mean that you don’t need a bit of face?

After hanging up the phone, Yuan Ling said to George Han, “Do you know what happened in the company?”

George Han thought for a while and said, “Sun Yi is looking for me, will he admit that he was wrong?”

“Sun Yi knelt down directly at the door of the company, kneeling and waiting for you.” Yuan Ling said.

George Han was not surprised, this guy should already know something, but how did he know it. Makes George Han a little curious.

“It’s not surprising that he wants to retain the company’s position. There is only this way to go.” George Han said lightly.

“Aren’t you going to see him?” Yuan Ling asked.

“Do I have to see him when he kneels down?” George Han asked back.

Yuan Ling was speechless, in her opinion. Since Sun Yi had already admitted his mistake, George Han should go down the stairs, but she was just an assistant, but she was not qualified to make suggestions for George Han.

After buying vegetables, the two returned home, and George Han got busy in the kitchen.

Yuan Ling frowned and stood at the door of the kitchen, watching George Han’s movements, she was quite skillful. She seems to do this kind of thing often, but she still doesn’t believe that George Han can cook.

“Are you sure you want to make it yourself, don’t waste so many ingredients, but they are all bought with money.” Yuan Ling reminded George Han.

“If you can’t help, just cool off and don’t mess with me.” George Han said, his cooking skills are not inferior to some chefs, for Amelia Su. George Han has participated in many culinary training courses. With his strength, even if he needs a cook certificate, there is no problem.

Yuan Ling returned to the living room happily. She really couldn’t help, and she didn’t know what to do.

For Yuan Ling, who has never experienced cooking, she doesn’t know what to do.

Watching TV in the living room, it didn’t take long for Qi Yiyun to come.

Qi Yiyun, who has deliberately dressed up, is breathtakingly beautiful. Yuan Ling feels ashamed just standing in front of her.

When Qi Yiyun saw Yuan Ling, she felt a little disappointed. She thought that George Han had invited herself, but Yuan Ling was there.

“Miss Qi. You are so beautiful.” Yuan Ling couldn’t help but sigh and said, even as a girl, she would be immersed in Qi Yiyun’s beauty.

“You are also very beautiful.” Qi Yiyun said politely.

Yuan Ling shook her head subconsciously, in front of Qi Yiyun. How can she be worthy of the word beautiful.

“Miss Qi, in front of you, even a fairy would be ashamed, how can I be considered beautiful.” Yuan Ling said.

“Where is George Han?” Qi Yiyun didn’t want to dwell on this issue anymore. She has a deep understanding of her appearance and is not a topic worth discussing.

“In the kitchen, he said he wanted to cook by himself. I think this might be a disaster.” Yuan Ling said jokingly.

Qi Yiyun smiled and shook his head, and said, “It’s an honor to be able to eat the food he cooked. Do you still look down on him?”

“Miss Qi, he is just a playboy, how could he be able to cook?” Yuan Ling said in a low voice. On the one hand, she was disdainful of George Han’s cooking skills. On the other hand, she was reminding Qi Yiyun to recognize Han. Three thousand people.

“Playboy?” George Han was in Basin City. He has many titles, but Playboy is very fresh. Is he even qualified to be called Playboy? Except for Amelia Su, he has

never had any relationship with any woman. When did playboy become synonymous with innocent man?

“Miss Qi, you don’t know him well enough, this guy is a lascivious, you have to be careful of him.” Yuan Ling said with a serious expression.

Qi Yiyun raised his eyebrows and said with a smile: “It would be great if he was really a playboy, I would rather he be able to take care of me.”

“Ah!” Yuan Ling looked at Qi Yiyun in shock. Did you hear that? Qi Yiyun actually hoped that George Han would be bothered with her?

## Chapter 582

Yuan Ling knows that there are many people in the Chinese area who are pursuing Qi Yiyun. Those people are like locusts. They can't wait to swallow Qi Yiyun alive, and they are all young handsome men with status. Qi Yiyun chooses one at random, and the other party will definitely be heartbroken towards her.

But... from her appearance, she seems to like George Han, a playboy!

How did that happen?

With Qi Yiyun's excellence, where is George Han worthy of?

"Miss Qi, I heard that right?" Yuan Ling asked incredulously.

"You heard that right, it's a pity that he doesn't like me." Qi Yiyun said helplessly.

Yuan Ling's eyes widened, like a second tube in mahjong.

Qi Yiyun is so beautiful. He actually liked George Han actively, but George Han didn't like her yet!

"Miss Qi, he doesn't like you, then you... what did you guys do that night?" Yuan Ling's brain buzzed, how could a goddess of Qi Yiyun's level be willing to take the initiative to post George Han?

"That night?" Qi Yiyun sighed heavily and said: "If something really happened that night. That would be fine, but unfortunately, there was nothing."

Yuan Ling only feels that her three views are ruined, because Qi Yiyun's attitude is that she wants to have a relationship with George Han, but George Han is not willing.

What is this called!

Isn't George Han a pervert?

This guy didn't even let the front desk of the company go, but in the face of a beauty like Qi Yiyun, he was indifferent. Isn't this an international joke?

"Miss Qi, what you said is true?" Yuan Ling asked in disbelief.

Qi Yiyun dared to face her feelings for George Han directly, and she was not afraid that outsiders would know her situation, but this kind of thing, when you click it, there is no need to repeat it.

"Wait for dinner, his cooking skills will definitely surprise you." Qi Yiyun changed the subject.

Seeing that Qi Yiyun stopped mentioning this matter, Yuan Ling could only treat what she just said as a joke, perhaps just a disguised mockery of George Han, a goddess like her. How could you like George Han, and I want to take the initiative to climb into George Han's bed, this is even more a fantasy.

With the smell coming from the kitchen, Yuan Ling, who was sitting in the living room watching TV, seemed uneasy.

She doesn't believe in George Han's cooking skills. I don't believe that George Han can make delicious meals, but what's wrong with the smell now?

Yuan Ling couldn't help swallowing, and asked Qi Yiyun: "Is he really so good?"

"There are many places where he is amazing, but you haven't seen it before." In Qi Yiyun's mind. George Han is almost a perfect man, unable to find any flaws, otherwise, she would not be unable to extricate herself.

Yuan Ling curled her lips. Since her first impression of George Han was not very good, even now, she was reluctant to admit that George Han was excellent, but some facts were undeniable.

After the four dishes and one soup are prepared. Sitting at the dinner table, Yuan Ling still asked George Han unbelievably: “You made these? Did you secretly order takeaways behind us.”

“Write your name backwards, so I don’t need to remind you.” George Han said with a smile.

Yuan Ling pouted, speaking too full. It’s too late to regret at this time, and what she calls ordering takeaways is just a forced struggle. She sits in the living room. If there is a takeaway, unless the takeaway has a stealth function, how can she not see it?

“When did I say this, you heard it wrong,” Yuan Ling said, lowering her head.

“Hurry up and eat. When you are done, go home quickly. I have something to discuss with Qi Yiyun.” George Han reminded Yuan Ling.

Yuan Ling was taken aback, and she despised George Han again in her heart.

Have something to discuss?

What else can there be if you are alone in the same room.

It really was a pervert.

When Yuan Ling despised George Han. However, Qi Yiyun’s heart raised a prayer. She hoped that something could happen to George Han tonight. Just as she thought, if you can’t get your heart, at least you have to get people. Such a life won’t be too big. Sorry.

Yuan Ling couldn't stop after taking a sip of the food made by George Han. She was completely immersed in the charm of the food, and she ate without image.

Qi Yiyun appeared cautious during the meal, for fear that she would use makeup, she wanted to maintain her perfect image in front of George Han.

After eating, Yuan Ling left with her chubby belly, and George Han cleaned up the mess. After washing the dishes and chopsticks, he went to the living room.

Qi Yiyun seemed a little nervous, for her, after all, this was something she had never experienced in her life. Although it has been long-awaited, there is still some fear in my heart.

“Don't be so nervous, I didn't plan to do anything to you. I asked you to come because I wanted you to give me an idea on how I would spend the money.” George Han said to Qi Yiyun.

“Spend money?” Qi Yiyun raised his head and looked at George Han puzzledly.

“Yes, I want to splurge. Splurge like a prodigal.” George Han said.

Although George Han is considered a famous birthplace, he is not as good as the rich second generation. Because of being excluded, he has never tried to spend a life of splurge, and can't think of how to spend money to make him better. Like a prodigal.

George Han didn't know the purpose of Nangong Boring sending him to the United States, but the image he wanted to create for Nangong Boring caught the core by mistake.

Nangong Boring hopes that George Han will be lost in money.

And George Han hopes to use his lust and prodigal. Let Nangong Boring mistakenly think that he is well controlled.

Of course, spending money is a simple matter, but to spend it like a second generation domineering, this is a learning.

“Are you crazy, or are you making money?” Qi Yiyun asked suspiciously.

“Don’t worry about the reason, just teach me how to spend money.” George Han said.

“I won’t.” Qi Yiyun said angrily. She came with other hopes, and she didn’t expect George Han to make such a request. Makes her very angry.

“You are Miss Qi, how could you not?” George Han said, “Only you can help me with this matter.”

“Okay, you want me to help, do me a favor first.” Qi Yiyun said.

“What is busy?” George Han asked curiously.

Qi Yiyun stood up. Stretched out a slender hand and said: “Take me back to the room.”

George Han’s eyelids jumped, this woman behaved too blatantly, she even directly made such a request.

Although George Han was once blocked by Qi Yiyun in the toilet. But he has bluntly rejected Qi Yiyun countless times, and he didn’t expect that she still has such thoughts now.

“You know I won’t do anything I’m sorry for Amelia Su.” George Han said lightly.

“Then I can’t help you.” Qi Yiyun gritted his teeth and said.

George Han couldn’t laugh or cry, and said, “You are in the Chinese area, so you should know a lot of friends. Just introduce me to a circle.”

“In what capacity, is it my boyfriend?” Qi Yiyun said persistently.

“I’m married, and I have children. You might even be Han Nian’s godmother.” George Han said lightly.

Qi Yiyun’s eyes flushed red with anxiety, and tears rolled out instantly.

She didn’t want to be Han Nian’s godmother.

“Whoever wants to be her godmother or stepmother.” Qi Yiyun blurted out in a hurry.

Faced with these words, George Han couldn’t laugh, and took Qi Yiyun’s hand and motioned her to sit down.

Qi Yiyun felt the warmth from George Han’s palm, and tears burst out wildly. He threw directly into George Han’s arms and hugged him tightly.

George Han spread his hands and did not push Qi Yiyun away, but he did not make a hug.

“Do you know how much I love you and why you refuse to give me a chance.” Qi Yiyun said bitterly.

George Han sighed and said, “I have no chance to give you. I am already married.”

“There are other countries in the world that allow polygamy, can’t you emigrate?” Qi Yiyun said, hammering George Han in the chest.

George Han never thought about this ridiculous idea, because it was not a system issue, but his feelings for Amelia Su could not be mixed with Qi Yiyun’s existence.

“We, it’s impossible.” George Han said firmly.

Qi Yiyun, who was close to her arms, suddenly trembled, and her whole body became stiff.

## Chapter 583

After pushing Qi Yiyun away, George Han stood up and walked to the window. The night was dark. At this time, he would unstoppably think of Han Nian, worrying that she did not sleep well or eat well. I am also worried about Amelia Su, afraid that she, like herself, cannot fall asleep because of missing Han Nian.

“Tomorrow I will take you to meet some people, they are the rich second generation of wealthy people in the Chinese area.” Qi Yiyun looked at George Han’s eyes, obviously did not give up because of rejection. After all, the number of times she was rejected by George Han, her hands are already innumerable, and if she is willing to give up, she will not persist until now.

“Okay.” George Han answered faintly.

After Qi Yiyun wiped away the tear marks on his face, he left George Han’s home.

George Han did not send each other off either. The relationship between the two of them must be kept at a certain distance. George Han knew that he could not give Qi Yiyun any illusion because of his momentary softness. Avoid her misunderstanding herself.

Back at home, Qi Yiyun locked herself in the room.

The old couple Qi Donglin and Ouyang Fei knew that she was going to see George Han today, and then looked at the state of her return home, and guessed what the consequences would be.

Qi Donglin couldn’t help but sighed and said, “I didn’t expect that my daughter’s many suitors would be defeated by George Han. What’s so good about that kid.”

When Ouyang Fei first saw George Han, she felt that he was much better than Qi Yiyun's other suitors. Although this is just an intuition, her intuition has never been wrong.

Even if Qi Yiyun seemed to have been rejected by George Han, she could not deny George Han's excellence for this reason.

"You, it's useless if you don't want to admit it. George Han is indeed not comparable to ordinary men, and our daughter is so beautiful, can ordinary men refuse it?" Ouyang Fei said, she admired Han very much at this point. Three thousand would even have envy for Amelia Su.

In a woman's life, doesn't she just want to meet a man who only loves herself?

Qi Yiyun's appearance couldn't make him betray Amelia Su. In Ouyang Fei's eyes, such a man was almost rare.

Qi Donglin scolded George Han bloodily in his heart. But with Ouyang Fei's words, he had to admit that, as a man, he knew very well that a beautiful woman took the initiative to deliver her. How difficult it is to refuse.

Even if Qi Donglin loves Ouyang Fei very much, when there are beautiful women by his side, Qi Donglin still can't help but take a few more glances, and even think about it. This is the human nature of men. This is what men in the world should do for granted, but George Han is an exception.

"Wife. You said that George Han is not good in that respect?" Qi Donglin asked suspiciously.

This question made Ouyang Fei bewildered, and being able to reject Qi Yiyun is really possible in this regard.

Not unwilling. Is it incompetence?

If he is incompetent, then he is not as good as he imagined.

But Ouyang Fei quickly denied this statement, shaking her head and said: “He even has a daughter, you said this possibility. How is it possible.”

“That’s not necessarily. What happened after having a daughter is not impossible.” Qi Donglin narrowed his mouth and said, he thought this was the most reasonable explanation. Otherwise, how could a normal man be beautiful? Indifferent?

“You slander him so much, do you think that a normal man can’t refuse our daughter? Then can you refuse other women?” Ouyang Fei asked Qi Donglin suddenly with a grim expression.

Qi Donglin was sitting in a distressed face and said with an unusually serious expression: “How is it possible. There can be no women by my side, and I will not give them a chance to get close.”

Ouyang Fei deliberately intimidated Qi Donglin. It was really true. It was very simple for her to find out what Qi Donglin was doing outside. But there is no need to destroy the family harmony, as long as she knows that Qi Donglin still loves her.

The next day, not long after George Han got up, Qi Yiyun came, as if nothing happened last night, and when he saw George Han, he greeted with a bright smile.

“Let me remind you first, these rich second generations are definitely not the kind of rich second generation you know in China. The things they play are even more expensive. It is impossible to integrate into them without certain strength.” Qi Yiyun said to George Han.

“I’m still afraid that they don’t play enough to burn money.” George Han said with a smile, he is not afraid of spending money now. I’m afraid that there is no place to spend money, the more money-burning circles, the more meaningful to him.

“Wait for your assistant?” Qi Yiyun asked.

George Han shook his head and said, “Don’t let her know, let’s go.”

Yuan Ling acts as a microphone. If you want Nangong Boring to know what he did in the United States, it is the most straightforward to bring her, but George Han does not need to be too deliberate.

Qi Yiyun drove and led George Han to a professional racing car. The engine on the track roared like a beast.

“These people are not playing sports cars, but formula racing cars. You will gradually understand how much money the sport is. This is incomparable to tens of millions of famous brand sports cars.” Qi Yiyun told George Han said.

This is indeed a little beyond George Han’s expectations. The second generation of rich in China, at most, is buying Ferrari Lamborghini. Although he doesn’t know much about formula cars, he has also read some reports on this. , I heard that the cost of building such a car is very expensive, and to raise a team of members and talents in various professional fields. That’s also quite an amazing expense.

“It’s really not comparable to the rich second generation I know.” George Han said with a sigh. The more he sees the big world, the more George Han can understand how small his vision is, just like It is the frog at the bottom of the well. What you see when you look up is only a corner of the sky. Only when you step out of the well will you know how big the world is.

At this moment. Many people noticed Qi Yiyun, and those boys walked towards Qi Yiyun the first time.

“It seems that your influence is not small.” George Han said to Qi Yiyun upon seeing this.

“More than 90% of the boys here want to pursue me. The remaining 10% like the same s\*x.” Qi Yiyun said with a smile, but she didn’t have much pride, because she never put these suitors on In my eyes, I don’t think this is something to be proud of.

George Han was slightly speechless. Are those who pursue Qi Yiyun so exaggerated? But in terms of her appearance, it doesn’t seem to be unusual, so far. George Han hasn’t met anyone who can compare with Qi Yiyun in appearance, and none can fight.

“Evian, why are you here.”

“Would you like my driver to perform for you.”

“Today, let’s hold an internal competition. Whoever wins will have the right to have dinner with Evian.”

“I agree, whoever wins is eligible to have dinner with Evian.”

These people are all top rich people, and all of them are extraordinary, but in front of Qi Yiyun, they are scrambling to show themselves, which makes George Han sigh inwardly.

The goddess of this group of people gave him an embrace and was rejected. If you let these people know, they would be so heartbroken!

“I never thought of feeding you guys. I came today to bring a friend to meet you.” After that, Qi Yiyun pointed to George Han.

When everyone’s eyes fell on George Han, they all became vigilant. It was not that they hadn’t seen George Han just now, they just regarded George Han as the bodyguard of the Qi family.

And now, his identity turned out to be friends, which had to make them feel crisis.

“Friend, what friend?” someone asked George Han with a cold face.

Looking at the hostile people, George Han smiled bitterly in his heart. He had long known that he would not let Qi Yiyun help to introduce him. This inexplicably added a bunch of enemies, and the eyes of these people even wanted to kill him.

“Ordinary friends, don’t get me wrong.” George Han said quickly, he didn’t want to be hated by everyone as soon as he entered this circle.

But the use of these words is obviously not great, because George Han didn’t know that Qi Yiyun never took the initiative to introduce so-called friends to anyone.

## Chapter 584

“He is very interested in the other party’s formula racing car and wants to form a team of his own. Do you want to play with him?” Qi Yiyun said, she had already thought of the situation of making enemies before she came, after all, she brought it. , How could these people be kind to George Han?

“What family do you want to play with us?” Fang Shuo, as Qi Yiyun’s number one suitor, is the most hostile to George Han, because his instinct tells him that the relationship between the two is not simple, if only ordinary friends. Why is it worth Qi Yiyun’s visit in person?

“It’s not bad money.” George Han said with an indifferent look. Before he changed his job, he definitely didn’t have such confidence, but now there are gold masters like Nangong Boring, and they are not spending his own money. He doesn’t feel distressed. .

“I haven’t heard of you before, what does your family do in the Chinese district?” Fang Shuo asked.

“I just came to U.S., and my family has no industry in U.S.” said George Han.

Fang Shuo raised his eyebrows in disdain. Said to others: “It turned out to be a newcomer. Since the newcomer wants to play, who will introduce him to the formula car?”

“My buddy, it’s not as simple as just buying a sports car. You don’t think you can play with a few million.” A blonde with a smile on his face said to George Han.

“I plan to get acquainted with the billions first, don’t know if it will be enough?” George Han asked with a naive expression.

One billion skilled hands?

A group of people were stunned by this amount.

Even Qi Yiyun looked at George Han with a surprised expression.

Is he bragging? Still serious.

Although the formula car does burn money, it doesn't need an exaggerated amount like a billion, and he actually said it so easily. What a family!

“Dude, you didn't play around with us, one billion?” Fang Shuo frowned, feeling like he was being played.

“Why, one billion is too much for you? It is still too little. If it is not enough, I can add a little more.” George Han still has an ignorant expression.

Fang Shuo was speechless for a while, where did this guy come from? He even felt that one billion was too few.

But he didn't want to lose face in front of Qi Yiyun, and said: “The difference... is almost the same, but you have to be so rich.”

Others are in the same mood as Fang Shuo. I was thinking about where George Han came from, and he didn't put one billion in his eyes. This is an astronomical figure, but he used it for fun!

“This track was built by ourselves. If you really want to play, you need to pay an entrance fee of one million dollars in advance, can you accept it?” Fang Shuo asked.

George Han expressed his wishes with practical actions, took out his bank card and asked, “Can I swipe the card?”

This group of people is the top rich second generation in the Chinese area. But for George Han's honesty, he didn't know what to say, which was too happy.

"Of course." Fang Shuo said with a black face, and the most powerful competitor in his life seemed to have appeared.

"This membership fee is only to provide you with the track that you can use here. As for the formation of a team, you still need to do it yourself. After all, it is not a simple matter to find a good driver." Fang Shuo reminded.

"No problem." George Han said with a smile. As long as you have money, are you afraid that you won't be able to hire drivers and teams? Anyway, he joined this circle to spend money, and the more places he can spend money, the better.

"Here will provide you with a workshop, your car and team. It can be used in the future, and I will show you it." Fang Shuo said.

"How many workshops, let me take him there." Qi Yiyun said.

A trace of dissatisfaction flashed across Fang Shuo's face. He didn't want any man to be alone with Qi Yiyun, but Qi Yiyun said this again. If he acted too deliberately, he couldn't help but appear too stingy.

"Forty-fourth." Fang Shuo said.

Qi Yiyun glanced at George Han, for Huaxia. This is not an auspicious number. Obviously Fang Shuo was targeting it intentionally.

But George Han didn't care. For him who didn't believe in the power of ghosts and gods, this kind of superstition didn't matter.

"You knew it would be like this early?" After leaving the crowd. George Han said to Qi Yiyun.

“They are all my suitors. It is reasonable to be hostile to you. Is there anything weird? And when you just said that you want to play with billions, the women around them are not the same. It’s like seeing the gold master, and I want to give you a hug.” Qi Yiyun said.

The women who were there just now, indeed, everyone looked at George Han with admiration, and there were also a few who glared at George Han in advance, maybe they had thought of fighting George Han for three days and three nights.

But this kind of woman can’t enter George Han’s eyes, and she doesn’t even look at them.

“Unexpectedly, I haven’t seen you for a while. Now you brag so much.” Qi Yiyun joked, she didn’t believe that George Han would really spend so much money to play. Even if the entire Basin City belongs to him now, he is not qualified to squander like this.

“Bag? Do you think I’m bragging?” George Han said.

“I don’t know what your family background is, you can lie to them. But you can’t lie to me.” Qi Yiyun confirmed his own thoughts and did not believe in George Han at all.

“I’m not bragging. I think one billion is too few. It would be better to have more.” George Han said with a smile. Measured by the invisible wealth of the Nangong family, one billion is just a fraction of a fraction. what?

“You can blow hard, and see when you blow the cowhide.” Qi Yiyun rolled his eyes and said.

George Han no longer explained. Just relying on the mouth, no matter how much Qi Yiyun said, he would not believe it.

“By the way, do you have any good drivers to introduce?” George Han asked, he has no way in this area, and he is not familiar with the American life, so it is not easy to find a good person.

“Want me to help, is there any benefit?” Qi Yiyun asked back.

“I can make the Qi family the first family in the Chinese district. How about this benefit?” George Han said. Today the most powerful family in the Chinese area is the Han family, and Han Yan is just one of his dogs, so it is easy for him to promote the Qi family to the highest position.

“I don’t pursue money. The smell of copper at home is strong enough.” Qi Yiyun said.

“Then what are you pursuing.”

“you!”

George Han was stunned, speeding up his pace and walking towards the workshop, obviously wanting to avoid this topic.

Came to Workshop No. 44, when the automatic rolling door opened. Qi Yiyun frowned.

“Is there something wrong?” George Han asked curiously after seeing Qi Yiyun’s expression change.

There is still a lot of waste left in the workshop, and there are still tattered posters on the walls, so you can vaguely see the faces on the posters.

“I didn’t expect it to be here.” Qi Yiyun said with a frown.

“You won’t explain to me. I don’t understand what you are talking about.” George Han said.

“The previous owner of this workshop was the person on the poster. His name was Shuyang. He was very famous in the secondary events and might even hit the top of F1. But there were some accidents that year. After his family went bankrupt, this person disappeared. The sound is gone.” Qi Yiyun explained.

“What do you mean, does it mean that my driver has been found?” George Han said with a smile.

Qi Yiyun shook his head. Said: “I don’t think he will return to the track, and he is not eligible. After he went bankrupt, he owed a lot of debts.”

“This is a good thing.” George Han’s eyes lit up and he found a place to spend money.

Qi Yiyun looked at George Han puzzledly and asked, “Where do you see this is a good thing?”

“He owes debts, and I pay him back, won’t he be a driver for me?” George Han said cheerfully.

“You can’t find a place to spend your money? Neurotic.” Qi Yiyun said with a speechless expression.

“Let you be right, I really can’t find a place to spend. You can help me find out where this person is now. I’m going to see him.” George Han said.

“Are you serious?” Qi Yiyun felt that George Han was not like the person he knew, where did he get the money. Why can’t you wait to spend the money?

“Of course it’s serious.”

## Chapter 585

“Fang Shuo, that kid didn’t lie to us, is he really so rich?”

“I think he doesn’t look like a rich man, maybe he pretended to be in front of Qi Yiyun.”

“I think so, one billion can build a top racing team, how can he play with us?”

After George Han and Qi Yiyun went to the workshop, Fang Shuo’s group began to talk.

As Qi Yiyun’s number one suitor, Fang Shuo also had some doubts about this matter. After all, in order to pursue Qi Yiyun, he could do everything, and it is not surprising that George Han deliberately brags.

Fang Shuo, with a gloomy expression, heard these words. He said in a cold tone: “If this kid is really bragging, I will expose him sooner or later, and let him die without a whole body at that time.”

“Hey, you gave him workshop No. 44, and he was unlucky when he took office. I heard that he is still running a repair shop to make a living. This guy is holding a hot potato. There will be no good results.

“Forty-four is a wicked place. Whoever uses it is unlucky. Even if he is really rich, he will go bankrupt sooner or later.”

“Otherwise, do you think why should I give him this workshop?” Fang Shuo smiled triumphantly.

There are many things in this world that cannot be explained by science. For example, in Workshop No. 44, with two masters, none of them ended well, just like a curse. Whoever is near is unlucky.

Although Fang Shuo is also an atheist, he stayed away from Workshop No. 44 and deliberately gave this workshop to George Han. His heart was predictable.

“I hope this hapless guy will not trouble my goddess.”

“You have to find a chance to let Evian stay away from him, otherwise, it would be bad luck to follow him.”

The speaker was unintentional, the listener was intentional, and Fang Shuo’s eyes flickered.

For a long time, he has not been able to break through Qi Yiyun’s heart, but if Qi Yiyun is in trouble, he has the opportunity to take advantage of it. This is a good idea.

“Don’t make trouble with you, Evian has a very good relationship with him. If you talk more, it will only make her unhappy.” Fang Shuo reminded everyone with a kind-hearted look. But in fact, he hoped that Qi Yiyun would be affected by George Han. Only in this way could he be qualified to capture Qi Yiyun’s heart.

But if George Han went bankrupt, even Qi Yiyun was involved. This idea of Fang Shuo is too naive.

In this world, no one is qualified to bankrupt the Nangong family, not even Nangong Boring himself.

After Qi Yiyun confirmed that George Han wanted to find Shuyang as a driver, although he thought this idea was very absurd. After all, he didn’t need to bear Shuyang’s huge debts, but since he insisted, Qi Yiyun could only help him inquire about Shuyang.

Although Shuyang is now in despair, many people care about his movements. After all, he used to be a famous person in the Chinese area, even if the scenery is no longer there, someone will remember him.

In less than a day, Qi Yiyun inquired about the location of Shuyang. In the suburbs not far from the Chinese area, I have a small auto repair shop, and rely on the income of the repair shop to pay off debts, and my life is very desolate.

After George Han got the address, he drove his car to the repair shop in Shuyang.

On the surface, the repair shop is very old, but there are a few cars parked at the door, but these cars do not seem to be repaired.

With curiosity. George Han walked into the repair shop and found that many things had been smashed, as if someone deliberately made trouble.

For people like Shuyang, it was inevitable to get enemies before. But now that his beauty is gone, those enemies will naturally come to seek revenge.

There will be disturbances in the repair shop every three days. This is a common occurrence. It is a big place and there are no other employees now, so they are all scared away.

From a distance, George Han saw several people holding baseball bats and surrounding a young man who looked very decadent.

The young man knelt on the ground, letting him beat or scold without saying a word, as if he had resigned.

“There are so many people who fight one by one,” George Han said lightly.

This abrupt voice made the few people turn their heads at the same time, looking at George Han fiercely.

The leader said impatiently: “If you don’t want to be beaten, just get out of the way. There is no more guests here, don’t you know?”

“I am his friend, not a guest.” George Han said with a smile.

The leader froze for a moment, and then laughed. Said: “Now there are people who dare to call themselves his friends? Brother, do you think your life is too long?”

Shu Yang, who was kneeling on the ground, raised his head. He used to have many friends, but now, who wants to get the slightest relationship with him? And when George Han looked at him, he didn’t remember that he had such a friend.

“If you don’t go away, you will become short-lived ghosts.” George Han said.

Several people turned around with clubs in their hands and set George Han as a target.

“Boy. Are you sure these words have passed through your brain? Give you another chance to think about how you should say it, or if you have a few brothers, you can be very kind to you.” The leader threatened.

“Do you want to fight?” George Han said with a look of anticipation: “After coming to the United States, it has been a long time since I started. Let alone, I really miss it.”

“You are looking for death!” The leader’s eyes narrowed. Take the lead in attacking Korea George with a stick.

George Han once pierced the entire center of the earth. How could he take such a small character in his eyes?

Kicked the leader with one kick, and George Han took the lead in the attack before others took the initiative to attack.

Several seemed brave and armed with weapons, but instead of taking the slightest advantage in front of George Han, they were quickly beaten to the ground by George Han.

The leader's face changed a lot when he saw this scene. This is an iron plate!

"You...who are you!" the leader asked in a panic.

George Han walked up to the leader and said condescendingly: "Didn't I tell you, I am his friend, and I will give you one more piece of advice. Starting today, if you dare to show up again, I will kill you."

After speaking, George Han stepped down. Stepping on the leader's shoulder blades, a crisp bone crack horrified everyone.

The leader rolled on the ground in pain, screaming constantly.

"Aren't you rolling?" George Han turned his head and said to the others.

The few people quickly got up from the ground and ran away.

The leader sees something wrong. Can only reluctantly run away.

Shuyang was still kneeling on the ground, even though those people had already left, he didn't seem to have any intention of getting up.

George Han walked to his side and stretched out his hand, trying to pull him up.

But Shuyang remained indifferent, just said: "I don't know you."

"My name is George Han and I know your name is Shuyang. From now on, don't we know each other?" George Han said with a smile.

Shuyang stood up, didn't even bother to take the dust off his body, and asked, "Why are you helping me?"

"I hope you help me, so I will help you." George Han said.

Shuyang laughed at himself. Said: "What you have in front of you is just a waste after bankruptcy. I have nothing to help you. You should go. Just now those people have a boss behind the scenes, and he will definitely not let you go."

"If I leave, no one here knows if you were killed," George Han said.

"If they could kill me, I would be very grateful to them. I blamed me for not having the courage to commit suicide. Otherwise, I would not live at all." Shuyang had obviously abandoned himself. He did think of suicide, but he couldn't afford the courage. So I can only live like a dog.

"I know what happened to you, and I also know that you owe a lot of money. I can help you repay this money, and I can also give you a chance to make a comeback and let you get back what you lost." George Han said .

When Shu Yang shook his head and was about to turn around and leave, George Han's words made him stop.

"Don't you want to go back to the game? You can get off the game in person, which shows that you really love the sport of formula racing, which is different from other people who play tickets." George Han said, Shuyang's identity is the same as everyone else. , Are the children of wealthy people, but other people hired drivers, and he ended up personally, which can make George Han understand that his love is different from others.

"Who are you?" Shu Yang turned his head, looking at George Han with a torch.

George Han stretched out his hand, made a handshake, and said, "Your friend."

## Chapter 586

Shuyang stared at George Han's hands a little trembling, and the word friend made him feel an inexplicable panic. At the beginning, he was stabbed in the back by his best friend, and even united with his woman. , Gave him a fatal blow, otherwise, he would not have such a fate now.

George Han found that Shuyang's expression was not quite right. With a slight shaking of his head, he probably guessed what he was tabooing.

After retracting his hand, George Han said: "If the word friend is too heavy for you, you can treat me as a partner."

Shuyang smiled helplessly. He was so decadent. He thought he had let go of the matter. He thought he was enough to admit his fate. He didn't expect that when someone mentioned these two words again. He will still suffer.

Let it go, it's just shit.

"If it weren't for a friend, how could I end up like this." Shu Yang said lightly.

"Want to take revenge? Now the opportunity is in front of you, as long as you are willing to seize it." George Han said.

Shuyang raised his head. Looking directly at George Han's eyes, he had never met the person in front of him. He didn't think that God's mercy would help him inexplicably, and as a business man, Shu Yang knew very well that only the entanglement of interests would be able Let two strangers walk together.

"What do you want from me?" Shu Yang asked.

George Han smiled slightly, what did he get?

He had never thought about getting it. After all, the whole thing was nothing but the meaning of spending money for him.

“I said it, I’m afraid you won’t believe it.” George Han said with a smile.

Shuyang frowned and said, “If you don’t say anything, I won’t cooperate with you.”

George Han nodded. They didn’t know each other. It was really impossible to get Shuyang’s trust.

“I just want to find a way to spend money. Helping you can make me spend a lot of money.” George Han paused and continued: “You don’t need to question the authenticity of my words, because there is absolutely nothing in it. It’s a bit fake.”

Spend money?

Shuyang was also a rich man before, but he still didn’t quite understand what George Han said.

The interests are mutual. If you pay, you naturally hope to get some kind of return.

But the attitude of the person in front of him seemed to just want to spend money. Let alone Shu Yang, he had never heard of it.

“Do you want me to help you win the championship?” Shu Yang frowned and asked.

“The championship is meaningless to me, I just want to spend money.” George Han said.

“You are sick.” Shuyang finally couldn’t help cursing.

George Han was not angry, but smiled happily. In the eyes of ordinary people, doesn't his behavior mean that he is sick?

"I will give you one day to think about it, think about all this you have lost, think about how free the person who harmed you is now, don't you want to take revenge? After you think about it, call me."

When George Han was about to leave his phone number, Shuyang said, "Don't think about it, I promise you."

People are emotional animals. Although Shuyang has been decadent for so many years, his inner anger cannot dissipate over time.

He didn't dare to think of revenge before, because he knew he had no chance to stand up, but now it's different, since someone would give him a chance to revenge. How could he ignore it?

"What do we need to do next?" George Han asked with a smile.

"One car, one team." Shu Yang said.

"As long as you have money, these are all things that are not difficult, right?" George Han frowned and said, "I just want to pay, but don't leave it to me if you have troubles."

"You can buy a car as long as you spend money, but the team needs your help." Shuyang said. He once had a team of his own, but after he fell down, the team was also dismissed, and the brothers of the team, due to his The relationship was too close, so after his downfall, other people did not end well, but these things seemed to Shuyang. George Han should be able to solve it well.

George Han smiled and raised his fist, and said: "If this is used to solve it, it would be perfect. I haven't warmed up just now."

Shuyang got into George Han's car. Go towards the first goal.

At that time, Shuyang's team had a great reputation. His team was also the best in the sub-league. Almost all of them were top talents. They should have followed Shuyang to enter the top F1 races, but due to Shuyang's murder, these teams The talent had to terminate his career, and because someone secretly operated it. They didn't even have the opportunity to move to other teams. They are now far away from their original positions, and their private lives are constantly being harassed by certain gray forces.

Regarding these things, Shu Yang knew well, but it was a pity that he could not change, so he could only choose to escape.

Now that the opportunity is in his hand, Shuyang naturally can no longer watch his former brother be trampled on.

Arriving in a very simple residential area, George Han waited for Shuyang in the car. In a short while, a few guys with stubborn appearances came to the door, and it was obvious that they came to trouble Shuyang friends.

Faced with this situation, George Han smiled faintly. Shuyang had done so many wrongs back then. After so many years, his opponent couldn't help but not let him go, even the people around him.

Get off and close the door.

George Han stood in front of the gangsters.

“Boy, what are you doing?”

“Get out of here, dare to stand in our way and die?”

George Han moved his muscles and bones, and said with some regret: “It seems that you want to warm up completely, you are not qualified enough.”

Seeing George Han’s posture that he wanted to do something with them, several of them laughed disdainfully.

“What an idiot. I dare to take the initiative to trouble us. In this case, I will fulfill you.”

The adult world does not need too much controversy. The fist can represent everything.

It’s a pity that this kind of rogue is really unavoidable to George Han, let alone warming up, George Han hasn’t let go. The battle has come to an end.

“This is too boring, who are you, where is the headquarters, take me to see and see.” George Han asked several people dissatisfied.

The arrogance of the few people just now seemed to be broken by a basin of cold water.

The guy’s fists were so fast that his eyes couldn’t see clearly. And depending on his attitude, still want to kill one person to the headquarters?

“Boy, do you know who our boss is? I advise you to hurry up. Otherwise, there is only one dead end.” The man gritted his teeth and said to George Han.

At this time, Shuyang led his friend out of the house.

When the friend saw this scene, his jaw almost fell to the ground in shock.

However, Shu Yang’s expression did not change much. After all, it was not the first time that he had seen George Han’s skill. Such a result was expected.

“Shuyang, who is this guy, who can actually fight so well, these people are the guys who often come to my house to make trouble.” The friend asked Shuyang cautiously.

“Gold Master, he is willing to give me money to get me back on the court.” Shu Yang said.

“Can the current gold master be able to fight like this!” The friend said with a sigh on his face.

Shuyang led his friend to George Han and introduced him.

However, George Han didn't hear a word of his words. At this time, George Han just wanted to find a place to warm up.

After a long time without a fight, the fighting cells in the body have become agitated uncontrollably.

“It should be the same people who are causing you trouble. If you want to solve this matter completely, you can only go to their headquarters. Do you want to join in the fun?” George Han asked Shuyang.

Headquarters!

Just George Han alone?

Shuyang's first thought was to refuse. In his opinion, although George Han could fight, he went directly to the headquarters. There were so many people there. This was not a wise choice.

But looking at his confident look, he didn't seem to be joking.

And as he said, to solve this matter completely, there is indeed only a positive response. More importantly, Shuyang wants to know whether the person who has been harassing him for so many years is not the same person.

“Go.” Shu Yang thought for a moment and said.

George Han smiled faintly, and walked towards the group of fallen people.

## Chapter 587

After being baptized in the heart of the earth, George Han's methods were enough to make ordinary people frightened.

When he abruptly smashed the entire arm of one of them, he finally asked the location of the headquarters.

Seeing this scene, Shuyang's hairs all over his body stood up.

Back then, as a rich young man, he had seen a lot of the dark side of society and knew some people with vicious methods.

But compared with George Han's methods, they are simply separated by a galaxy, and they are completely incomparable.

But Shuyang's state is still considered good. His friend was already pale with fright, and was shaking unconsciously.

Getting in the car again, George Han drove towards the headquarters of those scorpions.

In the car, Shuyang finally couldn't help but asked George Han: "Who are you?"

"No matter who I am, as long as there is no harm to you, it's okay?" George Han said. In fact, he himself was a little surprised by his violent behavior just now. It seemed that there was a hostile spirit surging out in his heart, even he himself couldn't control it. Perhaps the experience in the center of the earth caused him to accumulate too much hostility.

You know that he has pierced the entire center of the earth. No one is alive!

Although that was the case, Shuyang had to worry that one day George Han's fist would be aimed at him when facing a powerful person like George Han, he didn't want to face such brutal torture.

"If you are worried that I will deal with you, you only need to remember one thing, don't betray me." George Han continued.

Shuyang nodded subconsciously, even the friend sitting next to him nodded like garlic.

Came to the headquarters of those gangsters.

This is a nightclub. The entrance is surrounded by many things that don't look like good people. The tattoos seem to be the logo of this group of people, and the jealous expression on the face reveals a badass breath.

"There are so many of them, are you sure you want to go?" Shu Yang looked at the people outside the nightclub. This was just outside. The ghost knew how many people were inside, so Shu Yang felt that a good escape was the best choice.

No matter how one person can fight, can dozens of others be beaten?

However, he underestimated George Han. For George Han today, the number of people is not an advantage, especially those who have no real ability, just like children in kindergarten.

"If you are afraid of being injured by mistake, stay in the car." George Han reminded Shuyang.

Shuyang firmly believed that he would never get out of the car. If George Han couldn't beat him, he would immediately get in the cab and drive away.

After George Han got out of the car, the friend said to Shuyang, “Is he crazy? He singled out so many people.”

Shuyang shook his head and looked at George Han looking for death through the car window. For some reason, an inexplicable belief was born in his heart.

It seems that even if it is hundreds of people, it is not George Han’s opponent?

“I think he may really not put these people in his eyes. I think I have seen many great people back then, but I have never seen anyone who is as powerful as him.” Shu Yang sighed. .

The man swallowed. If this was really possible, it would be too shocking. It would definitely be more exciting than the big fight in the movie.

“Then you really have a chance to turn over?” The friend said expectantly.

Shuyang nodded heavily. He had accepted his fate before and never dared to have any expectations about this incident, but at this moment. He seemed to see the dawn again, and this dawn came from George Han.

“Our brother’s suffering will be recovered someday.” Shuyang said through gritted teeth.

At this time, George Han had already reached the door of the nightclub.

The group of people gathered at the door, whether they were standing or squatting before, stood up at this moment and blocked the door.

“Don’t talk nonsense, let your boss get out, give me three knocks first, and then I will consider whether to let him go.” George Han’s words were like thunder, shocking everyone.

But those people obviously didn't take his words seriously, only that he was here to find death.

The next scene is a bit chaotic.

George Han was agile and wandered among the crowd. While the screams kept sounding, people kept falling down.

More than twenty people. It actually failed to hinder George Han at all.

Three minutes later, George Han kicked open the door of the nightclub.

A loud bang echoed in the nightclub, exploding a group of people who were sleeping.

"Who the hell disturbs labor and management to sleep."

"It's a dead thing, get out and let me see who it is."

There were scolding in the nightclub. However, in a dim environment, George Han couldn't see how many people there were, but it was obvious that there were a lot of people listening to the noise.

"Who is the boss here?" George Han asked loudly.

A big bald man with a lotus tattoo appeared in front of George Han, a child with a vicious look that could have nightmares.

"Who are you, dare to bother me to rest." The bald man asked George Han dissatisfied.

“Kneel and kowtow, I will spare you the pain of flesh and blood.” George Han said lightly.

Upon hearing this, the bald man was stunned. Then he laughed disdainfully.

In his eyes, George Han was like a fool, on his turf, he actually wanted him to kneel and kowtow!

“Boy, you don’t really have eyes, you want me to kneel and kowtow, have you asked my brother?” The bald man sneered.

“Then just ask.”

As soon as George Han’s voice fell, his whole body moved like a cheetah. Suddenly violent.

All kinds of heart-piercing screams were heard in the nightclub again, and even the two of Shuyang could vaguely hear them in the car.

Shuyang friend wiped cold sweat from his forehead, and said in amazement: “Shuyang, this guy is really fierce. I have never seen such a fierce person in my life.”

“Don’t say you haven’t seen it, I haven’t seen it either.” Shuyang smiled bitterly. He thought that what George Han said was a joke, but now he knows that his disbelief is a joke.

There is no need to question George Han’s strength. This violent and heinous guy has wiped out the entire underground organization by himself!

When George Han came out of the nightclub, he dragged the half-dead bald man.

Just listen to the bald man murmured: “Brother, don’t fight, I was wrong. You can do anything you want me, I will kneel and kowtow to you as long as you let me go.”

The arrogant and arrogant bald man never dreamed that he could be beaten like a bear in his own territory. And none of his brothers can stand.

This is too f\*cking abnormal!

The bald guy thinks that he must have provoke Satan. How can people be so powerful?

“Now I know to beg for mercy? It’s a pity that it’s too late.” George Han said with a smile, although this game was not full of hearty enough. But George Han was also content. After all, it was almost impossible to replicate the intensity of the center of the earth. He couldn’t demand too much.

Drag the bald man to the car without George Han’s gesture. Shuyang took the initiative to get out of the car.

When the bald man saw Shuyang, he was obviously surprised and said, “How could it be you!”

Shu Yang didn’t know the person in front of him, but judging from his astonishment, it was obvious that he knew himself very well, which made Shu Yang a little affirmed what he had thought before.

“Whose instructed you to trouble me?” Shu Yang asked.

The bald man was surprised that this matter was a secret, and the people behind him had confessed that he must keep it secret and not disclose it to anyone.

“I don’t know what you are talking about.” said the bald man.

“Did Ma Feihao do it!” Shuyang asked with gritted teeth.

The bald man shook his head and said: “What Ma Feihao, I don’t know.”

George Han suddenly pinched the bald man’s neck, and whispered in his ear: “If you don’t explain it honestly, I will let you try to be strangled to death.”

George Han’s methods have been seen by the big bald man. He believes that this kind of ruthless man can definitely do it, and as George Han’s hands slowly tighten, his breathing becomes more and more difficult.

This death beckoning made the bald man had to nod his head to admit, and said: “Yes, it is Ma Feihao, he asked me to deal with you, he gave me a lot of money, so you don’t have to live your life.”

## Chapter 588

Hearing the words of the bald man, Shuyang's eyes were red, and he was trembling with anger. Even the friend beside him was unwilling to do it for him. He gritted his teeth and said: "Unexpectedly, Ma Feihao would be so cruel, robbing your woman and ruining your reputation. , I will not let you go until now."

Shuyang clenched his fist. This hatred almost made him lose his mind.

For so many years, Shuyang has been holding back this hatred, but at this moment, he can no longer bear it!

Suddenly, Shu Yang knelt down in front of George Han.

"Shuyang, what are you doing!" The friend reached out to pull Shuyang up, but Shuyang refused.

Facing George Han, Shuyang lowered his head and said, "As long as you can help me get revenge. Shuyang's life is yours, you can do anything you want me to do."

"Your life is useless to me. Just stay alive and help me spend money. As for whether you can get revenge. It depends on your ability. Let's set up the team first. If you encounter trouble, contact me again." George Han said lightly, he didn't have the energy to accompany Shuyang to find everyone.

"Don't worry, I will never let you down." Shu Yang said firmly.

George Han slapped the bald man on the head and reminded: "How many people under your staff are outside, please call back quickly, otherwise your life will not be saved."

The bald man nodded repeatedly and began to call.

After the trouble was resolved, George Han drove away by himself.

Shuyang and his friend went to find other people in the team.

The bald man returned to the nightclub and saw a mess and his men lying on the ground, his eyelids jumped. He didn't dare to provoke such a demon-level character, or he would lose his life at any time.

But Ma Feihao, as his gold master, still has to inform Ma Feihao about this matter.

“Ma Shao, Shuyang led someone to step on my place. Be careful.” The bald man said after the call was made.

Ma Feihao is enjoying life in a private club. There are several women with the best body around him. Some of them press their shoulders, some press their legs, and some give fruits with their mouths. They are enjoying the most.

Hearing the words of the bald man, Ma Feihao smiled disdainfully and said: “Shuyang, this rubbish, dare to trouble you. You can just find someone to fix it.”

“Ma Shao, the person he brought is not easy. One person beat all the brothers in my place to the ground, even I almost died in his hands.” The bald man said with a lingering fear.

Ma Feihao sat up, made a go-ahead gesture to the woman beside him, and asked with a serious expression: “You didn't kid me, are you alone?”

“Sao Ma, I'm still in the mood to make jokes with you. If you don't believe me, you'll know by coming to see me yourself.” The bald man smiled bitterly.

“Your shabby place is still qualified to let me go personally. My feet are dirty. Do you know what the other party is?” Ma Feihao said dissatisfied.

Although the bald man knows that the rich young master like Ma Feihao despises small places like him, he still feels unhappy when he speaks so bluntly. It's a pity that this unhappy can only be in his heart.

“Sao Ma, I don't plan to follow along with this matter, otherwise my life will be gone.” said the bald man.

These words made Ma Feihao's face flashed a smirk, and said: “Are you afraid of dying in his hands, aren't you afraid of dying in my hands? I warn you, this game is not over, I don't allow you to quit, you are not eligible to quit. . Go and find out who that guy is. If you can't find out today, I want you not to see the sun tomorrow.”

After speaking, Ma Feihao directly hung up. Don't give the bald man a chance to refuse.

“Shuyang, Shuyang, your woman is still lying on my bed. I didn't expect you to dare to make trouble for me. In this case, don't blame me for being polite. I didn't want you to die, but now it seems that you It's no good not to die.”

The bald man listened to the busy tone on the phone. There was a sigh.

He had already begun to reject this matter in his heart, because the psychological shadow that George Han had caused him was too great, and his scalp would numb when he thought of George Han.

But Ma Feihao is not easy to provoke a rich child, he has no retreat at all, he can only bite the bullet.

“Go and check the identity of that person just now. Within today, I want to know where he lives.” The bald man ordered under his opponent.

George Han drove the car and went to Nangong's company.

The company is downstairs. Yuan Ling paced back and forth anxiously. Today, when I went to George Han's house, I didn't see a figure and couldn't reach her by phone. This made her very anxious. After all, Nangong Boring asked her to keep an eye on George Han at any time, but now George Han left her sight and didn't know what to do. If asked by Nangong Boring, it would be her negligence.

When Yuan Ling saw George Han's car, stepping on high heels, she ran all the way to the car.

Even if George Han was her boss, Yuan Ling couldn't help but angrily said: "Where have you been, why didn't you pick up when I called you."

"Do you know how tiring it is for me to deal with three women in one night, I don't have the strength to answer your call." George Han said with a smile.

Yuan Ling gritted her teeth and looked at George Han. This guy was so shameless, so shameless. Can also say so frankly.

"Sun Yi is still kneeling at the company, how do you plan to solve it." Yuan Ling was upset, and tried to take a deep breath to restrain her temper.

George Han raised his eyes and deliberately glanced at Yuan Ling's chest. Then there was an ambiguous smile.

Seeing George Han's behavior, Yuan Ling put her hands on her chest and said fiercely: "What are you looking at! Look at me and gouge your eyes out."

"You are a woman, be gentle. Otherwise, no man will like it in your life." George Han said helplessly.

"Do I have a man who likes to have something to do with you, you shameless person." Yuan Ling was so angry that she was angry.

Deputy George Han nodded his head naturally, and said, “It seems that it really doesn’t matter, but what does Sun Yi’s kneeling have to do with me?”

“He is the top of the company. Do you want him to kneel like this? If you can naturalize him, he is still very useful to you.” Yuan Ling said.

“Hey.” George Han snorted and said: “What else can this kind of waste be used for? The company’s high-level cleaning is destined. Whether he wants to change his past, it makes no sense to me.”

Yuan Ling frowned. Hearing what George Han said, he seemed to be determined to sweep Sun Yi out.

However, Sun Yi has been in the company for so many years and has a great influence. Once he leaves, he will inevitably take away a group of core members of the company. This loss to the company cannot be measured by money.

“Are you sure there can be a better person to replace Sun Yi? You are not afraid that the people you find are more useless than Sun Yi?” Yuan Ling questioned George Han’s employment, because in her opinion, Sun Yi There is no one who is familiar with the operation of the company, and he cannot replace it.

“Tomorrow should be here, are you going to pick up the plane with me?” George Han said with a smile.

“Are you looking for someone from China?” Yuan Ling asked puzzledly.

“Yuan Ling, you are just my assistant. Will there be too much interference? Do I still need your consent for what I decide to do?” George Han said coldly, he was not here. Yuan Ling put an air in front of him, but it doesn’t mean that Yuan Ling can influence his decision.

Yuan Ling was taken aback for a moment, and then she felt that she was indeed a bit too much.

What right does she have to interfere with George Han's decision?

Just a small assistant, can he control high-level people like George Han?

"Sorry, I am also thinking about the company." Yuan Ling said with her head down.

"From today, you only need to see and hear anything I do. I don't need any comments. If you talk more, I will fire you. Don't think that you are from Nangong Boring and I am not qualified." George Han said lightly.

Yuan Ling lowered her head and did not dare to speak. It was only at this moment that she felt the strength brought by George Han, and she understood that George Han's meekness was not the reason for her to have an inch.

"I see." Yuan Ling said.

"Let's go, go see Sun Yi, it's time to let him go." George Han finished speaking and walked inside the company.

## Chapter 589

Sun Yi's knees on the ground had long been numb and unconscious, but he did not dare to leave the slightest thought. Whether he could keep the company's position was of secondary importance. Qi Yiyun learned about George Han's position. After that, Sun Yi worried that he could not even save his life.

Dignified Han Yan is just a dog in front of George Han. What is his almost transparent little person?

Therefore, his kneeling is not only to plead guilty, but also to save his life.

When Sun Yi saw George Han, he climbed directly in front of George Han.

"Mr. Han, I'm sorry, I knew it was wrong. I knew it was wrong." Sun Yi kowtowed his head and begged George Han for mercy.

"Wrong?" George Han smiled contemptuously and said, "Sun Yi, how could you be wrong, you are just too greedy."

"Yes, yes, everything Han said is right, I just hope that Han can let me go." Sun Yi nodded, no matter what George Han thinks of him. He can only accept it.

"Sun Yi, you want to annex this company. How can I explain to the Nangong family if I let you go?" George Han said lightly.

These words made Sun Yi slap a spirit all over his body, looked at George Han in horror, and kowtowed even harder.

"Mr. Han, I am willing to make up for the mistakes I made, please give me a chance." Sun Yi's state. Almost to the point of crying.

The two young girls at the front desk sighed when they saw this scene.

Thinking of the past, Sun Yi was the person with the highest position and authority in the company. When he entered and exited the company, there was no one with his head held high. Who would have thought that he would kneel down and apologize when he was so downhearted.

Of course, Sun Yi's desolation invisibly set off George Han's tall image. In the eyes of the little girl who had been molested, George Han was undoubtedly even more charming.

"It's so handsome. If I can develop a relationship with him overnight, I will be content," said the little girl.

Although the colleagues next to him have a certain prejudice against George Han. But at this moment, she also had to admit that George Han seemed more attractive and more fascinating than those ordinary rich second generations.

"A person like him. How could he fall in love with you? I guess it was just to tease you last time."

The little girl who was molested didn't refute this sentence, because she also had the same idea in her heart, someone like George Han. What kind of woman do you want, how can you look at her?

"I give you a chance to resign." George Han said to Sun Yi, no matter what Sun Yi's attitude is, he will not let Sun Yi stay in the company. Sun Yi, who has had bad deeds and was thinking of annexing the company, will not be able to get any more important tasks.

Moreover, George Han has his own plan, and he has found a better candidate for Sun Yi's replacement.

"Mr. Han. I have suffered for the company for so many years, don't you think about it at all?" Sun Yi said unwillingly.

“Fortunately? Sun Yi, what have you been doing these years, do you really think I don’t know? You are for the good of the company. Or for yourself, you should be well aware that I have not pursued your past. This is the greatest Tolerance.” George Han said lightly.

Sun Yi was shocked. In these years, in addition to working for the company to make money for himself, he was trying to swallow the company, saying that he was doing it for the company’s good. Indeed not, he never cared only about his own interests.

Originally, Sun Yi’s idea was to keep his current position, so he tried his best, but with such a strong attitude from George Han. Sun Yi can only give up. He knew that if George Han were to be held accountable in the past, he would not only lose his job but also go bankrupt.

“Mr. Han, I’m going to pack some personal belongings.” Sun Yi said, trying to stand up, but his legs were already numb, and he fell to the ground in a flash.

It is unavoidable that the top executives of the company who used to be so high have fallen to this point.

“There are your personal belongings here, then your house. Will there be company stuff?” George Han said with a cold face.

Sun Yi panicked and quickly said: “Mr. Han, I said something wrong, how could there be my stuff in the company. I’m leaving now, now.”

Sun Yi climbed towards the elevator, embarrassed like a falling dog.

Yuan Ling couldn’t help sighing when she saw this scene. Although she knew what kind of person Sun Yi was, he was like a moth to the company, but now she couldn’t help feeling pity for Sun Yi.

“Could it be too much, let the security guard send him out.” Yuan Ling said to George Han.

“You want to teach me to do things again?” George Han turned his head and looked at Yuan Ling coldly.

Yuan Ling recalled the attitude of George Han before. I was so scared that I lowered my head and said, “No, I’m just a proposal. It doesn’t matter if you don’t accept the proposal.”

“You don’t need to feel pitiful for him. In fact, I have been very tolerant of him. He has hacked a lot of money from the company for so many years. I have not pursued him for this matter.” George Han said lightly.

Yuan Ling seemed to think that the same was true, Sun Yi as a senior. How could it be possible to collect money for himself without using his rights? George Han just asked him to get out of the company, which seemed to be merciful enough.

Sun Yi resigned and climbed out of the company quickly spread. Those middle and high-level seniors who had a good relationship with Sun Yi were all trembling. They didn’t want to end up in the same way as Sun Yi’s. Without interest, These so-called allies fell apart in an instant.

Simultaneously. George Han’s move also made all the employees of the company understand one thing, his appointment is by no means the rumored playboy.

George Han came to Sun Yi’s office, this guy wanted to leave with the things here. There must be some valuable things, maybe the shady material that Sun Yi controls the company is here.

However, George Han, who looked through the office three times, didn’t see anything of value, which made him feel very strange.

“Sun Yi’s office. Is there anything like a secret safe?” George Han asked Yuan Ling.

“His office, even the secretary is not allowed to enter, and can only stand at the door, even if there is. I can’t know.” Yuan Ling said.

“It’s so hidden, there must be a secret.” George Han frowned, if it weren’t for ghosts, how could Sun Yi not let others into his office.

Looking at the surrounding walls, nothing was visible on the surface, but some organs must be hidden under the naked eye.

George Han didn’t bother to waste time looking for it by himself, and said to Yuan Ling: “Go and find a construction team for me, and tear down the office.”

Yuan Ling looked at George Han with a look of astonishment, and said, “Don’t do this, look for more, you should be able to find out.”

“It has to be demolished anyway. The new leader, the style of the office, should be designed as he likes.” George Han said.

This sentence surprised Yuan Ling a bit. The newly appointed leader, who was he, was able to make George Han attach so much importance to him, and he had to redesign the office as he liked.

He is a big man in the Han family. If he can be valued, he must be a big man, right?

“Okay, I’ll contact you right away.” Yuan Ling said.

After the company affairs were handed over to Yuan Ling, George Han was about to go home. He received a call from Qi Yiyun and invited him to eat at home.

George Han wanted to reject this at first thought. After all, Qi Yiyun's home and her parents, although he has nothing to do with Qi Yiyun, this kind of meeting with parents still makes George Han feel that it is an obstacle.

"My dad wants to thank you in person, and the two of them personally cook today, don't you want to refuse?" Qi Yiyun said.

"You're so smart, I'm thinking of excuses for rejection, why don't you help me think of any excuses better?" George Han said.

Qi Yiyun was speechless for a while, what kind of person this guy was, and even thought she could help with excuses.

How many people want to have a meal with Qi Yiyun are not eligible. It is even more extravagant to eat at her home. George Han has this opportunity but does not know to cherish it.

"Just thank you, you don't have to have too much psychological burden." Qi Yiyun said.

"Your parents should know that I am married?" George Han asked.

"of course."

"That's it, I'll come."

## Chapter 590

After hanging up the phone, Qi Yiyun felt very strange. Why did George Han suddenly change his mind?

But she quickly figured it out. The key lies in George Han's problem. Do her parents know that George Han is married?

This guy must be planning to use her parents to cut her off.

This made Qi Yiyun gritted his teeth with hatred.

“One day, you will lie on my bed obediently, unable to move.” Qi Yiyun said with gritted teeth.

Not long, George Han came to Qi's house.

When Qi Yiyun received George Han at the door, he said to George Han: “Be careful, I will eat you sooner or later.”

George Han said with a fearless expression, “Don't worry, I won't give you this kind of opportunity. How could I fall into such a serious man.”

usually. It is true that George Han can't do anything special. Qi Yiyun knows this very well. Therefore, her bedside table has blue pills ready for emergencies. She does not believe that under the stimulation of drugs, George Han Also able to stay sane.

“Let's wait and see.”

When I came to Qi's house, the decoration of the house was magnificent, giving people a very luxurious feeling, but it was still far behind the Nangong house. Therefore, it is not possible to give George Han a strong visual impact.

But there is one thing that makes George Han admire Qi Yiyun. With such a rich family, she pretends to be poor in China and lives despised. This is not something ordinary girls can bear.

Modern women, women who worship gold make up the majority, and even some women can sell their bodies for money, but Qi Yiyun, who is so rich at home, does not reveal anything, but is very low-key.

“Qi Yiyun. Do Amelia and Shen Lingyao know that your family is so rich?” George Han asked with a smile.

“Of course I don’t know, but I will find a chance to tell them in the future.” Qi Yiyun said, she has been thinking about this matter, but after all, after so many years, Qi Yiyun does not know how to speak.

The best way is to let them travel to the United States, and then Qi Yiyun gave them the opportunity to witness with their own eyes, but now Amelia Su, I am afraid that there is no mood to travel abroad.

Knowing that George Han had arrived, Qi Donglin and Ouyang Fei walked out of the kitchen and greeted George Han enthusiastically.

George Han is still very adept at dealing with this kind of interpersonal communication, and said: “Uncles and aunts, I really trouble you. I have to cook myself and just go out to eat some food?”

“You are our distinguished guest. How can you eat casually outside? This doesn’t show our sincerity. You can sit down and have dinner soon.” Ouyang Fei said.

Qi Donglin also agreed: “You have helped our family a lot, even if you cook yourself. You can’t repay your kindness.”

“Uncles and aunts, this is all the credit of Qi Yiyun, I just helped a little.” George Han said modestly.

Hearing this, Qi Donglin waved his hand and said, “I don’t know how talented my daughter is. If it weren’t for you, how could she have such a good relationship with the Han family.”

Qi Yiyun glared at Qi Donglin, complaining a little, but did not refute, because this was the truth. Without George Han, her family’s troubles would never have been solved so easily. Where can she be able to make friends easily with the superior Han family.

“She is the most capable woman I have ever seen. You are too modest.” George Han said with a smile. This is not a compliment, but Qi Yiyun deserves such a comment. A wealthy and wealthy lady can endure what ordinary people can’t stand. , This alone is impossible for many people.

“Let’s stop praising each other. You talk first, we are busy back to the kitchen.” Qi Donglin was very happy to be said by these words. After all, Qi Yiyun is his daughter, and he is of course happy to get a good evaluation.

“Ok.”

After the old couple returned to the kitchen, Ouyang Fei couldn’t help sighing.

Qi Donglin asked strangely, “What’s the matter, what’s the sigh?”

“Hey, this guy, the more I look at it, the more I like it, but it’s a pity that I’m already married.” Ouyang Fei shook her head. Some feel sorry.

It was the first time I saw George Han at the auction. There was no intersection. Ouyang Fei felt good about it just because of the fate. Today’s short contact, this kind of goodwill has soared. So Ouyang Fei felt it was a pity that this kind of man

was truly worthy of Qi Yiyun. Compared with other suitors, he was a few better grades, but it was a pity that it was too late.

Qi Donglin nodded. He also had to admit to George Han's excellence, and George Han's humility was very pleasing, unlike the second generation of the other family, who looked rebellious and couldn't wait to look up. God, this kind of indomitability is very disgusting to Qi Donglin.

"Marriage is also possible divorce, as long as Evian doesn't dislike it. They still have a chance." Qi Donglin smiled.

"Qi Donglin, your position is too unsteady. I remember we discussed this issue before, but you said that it is absolutely impossible for Evian to marry a divorced man." Ouyang Fei said disdainfully.

"It depends on the individual. A good man is not a taint even if he is divorced. George Han is so good, I can accept divorce ten times." Qi Donglin smiled and said that he could treat Han Yan as a dog. Qi Donglin's status is beyond imagination. If he could really become the uncle of the Qi family, it would be a great thing for the Qi family. How could Qi Donglin care about such trivial matters as divorce?

Ouyang Fei frowned and looked at Qi Donglin, his attitude towards George Han. Obviously too forgiving.

"Are you hiding something from me?" Ouyang Fei asked Qi Donglin.

"Tell you the truth, I heard my daughter say, this George Han can treat Han Yan as a dog, think about it, what a high status this is." Qi Donglin smiled.

Ouyang Fei looked surprised.

Treat Han Yan as a dog!

Han Yan's current status in the Chinese area is unmatched. How could she be a dog for others?

"What are you kidding about, Han Yan's position has to be given to George Han as a dog. Wouldn't George Han be able to cover the sky in the Chinese district?"  
Ouyang Fei said disdainfully. Don't believe Qi Donglin's words at all.

"This is what Evian said personally. If you don't believe me, don't you still believe her?" Qi Donglin said.

Ouyang Fei only felt that her throat became dry in an instant, and she drank a sip of water before she said: "You didn't joke with me, really Evian said it?"

"If you don't believe me, just find time to ask." Qi Donglin said with a smile.

Seeing Qi Donglin's serious look, Ouyang Fei no longer questioned these words, and couldn't help but wonder what kind of character this young man is, even the superior Han Yan. It's just his dog.

"Hey, the higher his status, the less likely it is to look at Evian." Ouyang Fei sighed heavily. She had always believed in Qi Yiyun's charm and believed that no man could escape Qi Yiyun's beauty. . But this George Han is obviously different, the higher his status, the higher his vision, and what kind of beautiful women in the world can't get a person like him?

"That's true. The higher the status, the more women will succeed and succeed, and they are all beautiful women." Qi Donglin's tone was a little envy.

As soon as he said this, Qi Donglin felt a sharp pain coming from his waist, but fortunately he held it back. Otherwise you will have to shout.

“Qi Donglin, do you regret that you didn’t reincarnate and become George Han? If you become him, you will be able to scream hard, right?” Ouyang Fei said strangely.

“No, no, how can it be, how could I have this kind of thought, you open me first, or I will call out, and later how to explain to the two young people.” Qi Donglin explained in a panic.

Ouyang Fei snorted coldly and loosened Qi Donglin’s waist.

Qi Donglin wiped a cold sweat on his forehead and did not dare to talk nonsense.

In the living room, George Han was watching TV, and Qi Yiyun looked at George Han with that look. It seems that I can’t wait to eat George Han immediately.

“My dad likes to drink, so please accompany him to drink two glasses tonight.” Qi Yiyun said to George Han.

“No problem, I’m not drunk for a thousand cups, so I’m afraid that your dad will shame you by drilling under the table.” George Han smiled.

“Just blow it up, my dad is known as the One Thousand Face Buddha at the Wine Table.” Qi Yiyun said with a smile, if she can get George Han drunk, her chance will come!
