

His True Colour Chapter 591 - 600

Chapter 591

The old couple Qi Donglin had a very hearty dinner. When he learned that George Han could still drink with him, Qi Donglin was so happy.

At home, Qi Donglin didn't have many opportunities to drink. Ouyang Fei controlled it very strictly, and was able to have two drinks every day. It was really not full of fun. If George Han accompanied him, he would be able to have a good drink today.

When Qi Donglin was about to get the wine, he was stunned and stared at Ouyang Fei with a straight look, obviously waiting for Ouyang Fei's order.

Seeing this scene, George Han couldn't help laughing, but it was not a sneer, but an enviable smile.

To this age. It is an enviable thing for George Han to be able to maintain this emotional enthusiasm. He also hopes that when Amelia Su and Amelia Su reach this age, they can have such a carefree life.

It's a pity that the word ordinary seems to be farther and farther away from George Han.

George Han didn't know what kind of existence Apocalypse was and what the circle did, but he was very sure of one thing when he came into contact with that circle. A whole new world is bound to unfold, and his life cannot be ordinary.

"Drink, give you a chance today." Ouyang Fei said.

"Good." Qi Donglin responded excitedly, and ran all the way to the wine cabinet.

At this moment, Qi Donglin was like a child.

Returning to the dining table with two bottles of Maotai, Qi Donglin is like a child introducing his most proud toy to his companions, and said to George Han: "This is my treasure. I usually can't bear to drink it. Today we are not drunk or return."

George Han nodded. He hasn't really relaxed for a long time. Taking this opportunity, he can just relax.

The two changed their cups and drank happily, and the topic gradually came to light. The vast mountains of Kan Dashan are like brothers.

Ouyang Fei planned to stop it midway, and then drink it. She was afraid that both of them would be drunk in a mess, but Qi Yiyun stopped it.

Sitting next to Qi Yiyun, Ouyang Fei whispered: "Daughter, you don't want to wait for him to get drunk and take advantage of others?"

Although this was only Ouyang Fei's guess, she was still afraid that Qi Yiyun would really do it, because in this case. She will not really get George Han, but will give her most precious things.

In front of his biological mother, many topics are taboo, but Qi Yiyun has obviously taken it out at this moment, and he does not shy away from his own words. To put it bluntly: "Mom, even if I can't really be with him, I will get his people."

Ouyang Fei was shocked, she never thought that Qi Yiyun had been stunned to this point.

The one who got him!

Isn't this what those scumbags said?

“Daughter, you have to think about it clearly. This is a big loss for you. It is very likely that you can’t ask for any cheap.” Ouyang Fei persuaded.

Qi Yiyun took a deep breath. This kind of opportunity is rare in a century. If she doesn’t seize it, there will be no such good opportunity next time.

“Mom. I don’t regret it.” Qi Yiyun said with firm eyes.

Ouyang Fei felt helpless. Although she wanted to persuade Qi Yiyun, she could clearly feel Qi Yiyun’s firm attitude that this girl was for George Han. I really don’t care about anything.

“Mom doesn’t care about you, as long as you are happy.” Ouyang Fei said.

George Han boasted that he went to Haikou and wanted Qi Donglin to drink under the table, but he obviously underestimated the strength of Qi Donglin, the old distiller’s grain, after all, the strength of drinking. It takes time and work. When Qi Donglin was young, he had a lot of socializing, and he had already developed his drinking power. How could a young man like George Han compare?

When George Han was lying on the table and couldn’t move, Qi Donglin couldn’t drink enough.

“Hey, young people nowadays are really too bad, just a few mouthfuls, and they fell down.” Qi Donglin said with a complacent expression, to him. To be able to drink down an opponent is a brilliant record and to be proud of.

Ouyang Fei grabbed Qi Donglin’s ears and said coldly: “You still rub your nose and face, you have enough to drink today. Go back to the room, if you dare to vomit on the bed, I want you not to go back to the room for a month.”

Qi Donglin stood up swayingly, patted his chest and said: “What are you talking about, how can I vomit like a Bacchus, you are underestimating me.”

As the saying goes, Jiu Zhuang is courageous, but Qi Donglin at this time did not put Ouyang Fei in his eyes.

Ouyang Fei knew what his temperament was when he drank too much, so she didn't bother to care about him, and helped Qi Donglin back to the room.

Seeing George Han lying on the dinner table, Qi Yiyun started to breathe shortly. Although it had been decided long ago, she was still very nervous at this moment. After all, this kind of thing is for a girl's family. There are still some unknown fears.

However, this level of fear will not let Qi Yiyun dispel his thoughts.

With all his strength, Qi Yiyun helped George Han back to his room.

After putting George Han in bed, Qi Yiyun went to the bathroom.

During the bath, Qi Yiyun became very nervous. Even his hands couldn't help shaking slightly.

Looking at herself in the mirror, with fair skin and perfect body, it is no wonder that so many men are obsessed with her, but unfortunately, in Qi Yiyun's heart, there is only George Han. Her perfection is destined to be only for George Han.

Wrapped in a bath towel, Qi Yiyun is like a lotus flower. The wet hair adds a touch of beauty and seduction.

At this time, George Han was already unconscious in bed.

Qi Yiyun knows a word called chaos after drinking, so in her opinion, even the blue pill can be saved.

But when she lay down on the bed tremblingly, she discovered that George Han was as drunk as a dead pig.

“Hello.” Qi Yiyun pushed George Han’s shoulder without any response.

“You wake up.” Qi Yiyun tried to punch George Han in the arm again, but still did not make George Han move at all.

“No, I’ve waited for so long, is that so!” Qi Yiyun said unwillingly. Trying to wake up George Han.

But no matter what she did, George Han remained motionless, and not long afterwards he snored, which made Qi Yiyun angry.

In the bathroom, Qi Yiyun had done enough mental development to prepare for anything that would happen next, but she never expected that waiting for her was a dead pig that could breathe!

Qi Yiyun kicked George Han fiercely, almost crying with anger.

“Isn’t it talking about drunken s*x? Is this word deceptive!” Qi Yiyun desperately covered his head with a quilt, wishing to throw George Han into the street.

But after a while, Qi Yiyun snuggled in George Han’s arms again. Although things didn’t happen as she imagined, he could sleep quietly beside George Han. It is also a beautiful thing for her.

Such a time is worthy of Qi Yiyun’s cherishment. She dared not close her eyes for a long time, for fear that George Han would no longer be by her side when she wakes up.

As the eyelids get heavier. Sleeping more and more, Qi Yiyun finally fell asleep, even though she was asleep, there was still a sweet smile on her mouth.

The next day, the sun went up three poles. With a splitting headache, George Han felt as if there was a person in his arms, and he was wearing nothing. This scared him to wake up instantly.

When he saw that the person in his arms was Qi Yiyun, it made George Han even more uneasy.

This.....

What happened? How could you sleep with Qi Yiyun?

George Han's memory can only be traced back to the time at the wine table, and after that, he can't remember anything.

Could it be that after getting drunk, something happened in confusion?

At this time, Qi Yiyun also woke up, even with her messy hair, she still looked charming.

Looking at George Han with sleepy eyes, when she noticed that George Han's gaze was slightly downward, she vigilantly lifted the quilt on her body.

"What are you looking at!" Qi Yiyun said with gritted teeth.

"We... how do we sleep together?" George Han had a headache even more.

Qi Yiyun recovered. Then he said: "You are drunk, I just want you to rest in my room, but you are holding me and not letting me go."

“Did I do anything inferior to a beast?” George Han said desperately.

“I am the one who suffers. Do you have any dissatisfaction?” Qi Yiyun said.

Chapter 592

For other men, it is a good thing to be able to spend a good night with a goddess like Qi Yiyun, but for George Han, it is a very painful thing for him, because he did so, which means betrayal. Amelia Su, no matter what reason it happened. Will make him feel great guilt towards Amelia Su.

Rubbing his temples with both hands, George Han lowered his head, not daring to look directly at Qi Yiyun.

Qi Yiyun could feel George Han’s regret, but she did not intend to tell George Han the truth, even if it was false, she would continue to misunderstand.

George Han would not love her, but even the slightest guilt for her would be considered a place in George Han’s heart.

“What kind of compensation do you want?” George Han asked Qi Yiyun.

Qi Yiyun stood up. Unabashedly walked towards the bathroom and said, “No need.”

George Han raised his head when Qi Yiyun closed the bathroom door, although he had no impression of what happened last night. But just now Qi Yiyun was already lying in his arms in that state, he naturally wouldn’t doubt this matter, he could no longer use words to humiliate Qi Yiyun.

It’s all the fault of drinking, if it weren’t for being greedy, how could this happen.

George Han's intestines are all regretful, but under such circumstances, what is the use of regret?

I was about to lie down and rest for a while, anyway, a big mistake has been made, and his current headache state does not allow him to do other things.

But suddenly recalled something in his mind, which made George Han jump up from the bed.

Looking at the time, it was almost noon, he almost forgot about picking up people at the airport.

George Han put on his clothes and wanted to say hello to Qi Yiyun before leaving, but now in this situation, he didn't know what to say, so he could only leave quietly.

After Qi Yiyun came out of the bathroom, she didn't see George Han. Although this was what she had expected, she couldn't restrain her inner loss.

she knows. This kind of deception is cruel to George Han, but apart from this method, Qi Yiyun cannot occupy any place in George Han's mind, and there is another advantage of this kind of thing, that is, when this kind of thing happens "again" At that time, George Han would be more acceptable.

Qi Yiyun didn't intend to let George Han go. She was a persistent woman. Without success and without achieving her own goals, she would never give up halfway.

No matter which country you are in, drunk driving is a very dangerous thing. It not only endangers your own safety, but also poses a great hidden danger to the safety of others. George Han is very strict in this regard, so he did not drive away by himself. Qi Yiyun's home, instead, asked Yuan Ling to take a taxi and act as the driver to take him to the airport.

Smelling George Han's alcohol, the place was Qi Yiyun's house just now. Yuan Ling didn't need to think about what George Han did last night.

A woman like Qi Yiyun would be ruined by him. It's really unfair.

"You still know you can't drink and drive." Yuan Ling said to George Han with some dissatisfaction.

George Han rubbed his temples. This was the sequelae of overdrinking his head, and he didn't want the pain anymore.

"Is there any way to alleviate the headache?" George Han asked. He knew that this place could not go to the hospital casually, and the doctor might not be able to respond to headaches caused by drinking.

"No." Yuan Ling said coldly, but after Yu Guang glanced at George Han, he seemed a little unbearable, and said: "I have heard other people say some ways before, but I don't know if it's useful, do you want to Try it at my house?"

"It doesn't matter if I go to the house, I still have to pick up people, so let's talk to them first." George Han said, time has passed for a long time, and he doesn't want to delay any longer.

Qi Yiyun is also very curious about the company's new leadership. She had long wanted to know what kind of person the other party was, so after hearing what George Han said, she didn't insist, and speeded up a little bit. Hurry to the airport.

At the gate of the airport, a man of Chinese descent, standing tall, with only a very simple suitcase beside him, was obviously traveling lightly. It seemed that he would not be underestimated after going abroad, so he stood. There is no sign of hunchback, which also causes many women to pay more attention.

He used to be just a down-and-out kid on the street. If it weren't for the help of George Han, he is now just an unknown little character in society.

But a few years ago, the appearance of George Han changed his life and made him the youngest and richest man in Bin County. The most accomplished young man.

Tang Zong, the man who Bin County called the most outstanding man.

George Han once said to him that if Bin County can't accommodate his ambitions, he can go to Basin City to find him, but Tang Zong has not plucked up the courage.

In his heart, he was very eager to be able to follow George Han, but he was worried that his ability was not strong, even with George Han, he would not be able to perform well, so he dared not take this step.

Until George Han called him in person, Tang Zong knew that this day had come and he could not back down. This was an opportunity to repay George Han, so he did not hesitate to pack his luggage and set foot on the U.S. The way.

"Brother George, you give me another chance. This time, Tang Zong will not let you down either." Looking at this strange land, Tang Zong said firmly.

Almost three hours have passed since the pick-up time, but Tang Zong did not feel dissatisfied. He didn't call to urge George Han. In his opinion, George Han must have a reason sooner or later, and he was not qualified to urge him. All he has to do is to wait.

Don't say three hours, even for three days, Tang Zong can stand like this!

When Yuan Ling drove the car to the airport. I saw Tang Zong in the crowd at a glance, because he is so outstanding, even if there are many Asian faces

around, he still looks very different, and Yuan Ling's instinct tells her that George Han wants to pick up the person, It's him!

After George Han got out of the car, he walked towards Tang Zong.

Yuan Ling followed behind her, her heartbeat speeding up inexplicably.

She had never liked anyone in the U.S., because she had seen too many private faces of men, so she repelled men subconsciously, but when a man like Tang Zong appeared in front of her, it was obvious that she had already teased her. The calm water of the lake in her heart.

"Brother George." When Tang Zong saw George Han, he didn't stay there and waited for George Han. Instead, carrying the suitcase, he took the initiative to walk to George Han's side.

George Han said apologetically: "I'm late."

"It doesn't matter, even if I wait three days or three months, I will wait." Tang Zong said indifferently.

"Why don't you guys call me, aren't you afraid that I will forget about this?" George Han said helplessly.

"Brother George has his own important affairs, how can I bother you." Tang Zong said solemnly.

George Han knew that this guy was so serious that he didn't recognize his relatives, and that his loyalty to him was estimated to be comparable to Mo Yang's group. As for this respect, probably no one could compare.

"Let's get in the car first." George Han said.

Tang Zong nodded and found that Yuan Ling was peeking at herself with her left light.

However, he came to the United States to do something for George Han. This kind of selfish love between children has never been seen by him.

Just looking at Yuan Ling, Tang Zong assumed that nothing happened.

Yuan Ling's heart was empty, as if she had lost something.

It's rare to have a good impression of a man, but the other person obviously didn't take her in his eyes.

When I got into the car, Yuan Ling still drove. However, in this state of George Han, she definitely couldn't go to the company, so she didn't ask, and drove directly to George Han's house.

"Yuan Ling, help me check if there are any houses for sale near me." George Han said to Yuan Ling.

Yuan Ling nodded, looked at Tang Zong quietly through the rearview mirror in the car, and then said, "I'll check it later."

Chapter 593

After returning home, Yuan Ling used the method she learned to help George Han try it. It did have a lot of results, but it would obviously take some time to fully recover. Then she went to help Tang Zong find a house.

Regarding Tang Zong's affairs, she is very concerned and does not want to be a little sloppy. Even if there is a house for sale, she will take a look at the living environment from her own perspective.

Love at first sight was originally impossible for Yuan Ling. But this kind of impossible seems to have happened little by little.

It's a pity that Luo Hua deliberately flowed ruthlessly. Tang Zong himself didn't have any thoughts in that regard. All his thoughts were on George Han.

"Brother George, before I came, I had investigated the company you mentioned. What do you want me to do?" Tang Zong asked George Han.

"The company's middle and senior management have to be replaced. You need to cultivate a group of confidants in the United States." George Han said. If he wants to gain a foothold in the U.S., he must have his own power. Now he can use the power to let Tang Zong develop and spend the money of Nangong Boring to do his own affairs. This is the best of both worlds for George Han.

Tang Zong nodded. Although he didn't know what George Han's specific plan was, since George Han had assigned the task, he just did what George Han said.

"I want you to sit on the top position in the American Chinese area, what do you think?" George Han continued.

Although Tang Zong had achieved certain results in Xiaoxiaobin County, it was only a county seat after all. He was never arrogant, and he never felt that he was as powerful as external rumors.

And here is the United States, a place known as the world's strongest economy. Although it is only a Chinese district, it is still an incredible thing in the eyes of Tang Zong.

But what George Han said, would Tang Zong doubt it?

Naturally not!

In Tang Zong's heart, George Han was like an omnipotent god, as long as he said it, he would definitely be able to do it!

Tang Zong stood up and said with a stern and firm expression: "Brother George, I won't let you down for anything you want me to do."

"Yuan Ling is a good assistant. Let's talk more with her. I will rest first." George Han closed his eyes, feeling really uncomfortable with a headache, as if someone was constantly drilling his temples with an electric drill.

Tang Zong quietly left George Han's room and came to the living room. After a while, Yuan Ling returned with some information.

There are a lot of houses for sale nearby. After Yuan Ling's screening, only two are left. She has inspected the two places on the spot. The environment is very good and very suitable for living.

"I have found two houses for you, see which one you like." Yuan Ling said to Tang Zong, her face flushed slightly, as if she was a little shy in front of Tang Zong.

"You don't need to look, it's the one closest to George." Tang Zong said, what kind of environment he lives in is a meaningless thing for him. Since he came to George Han, he wouldn't care about it. This kind of trivial matter, as long as you are close enough to George Han, when George Han is looking for him, you can appear in front of George Han as soon as possible.

"Don't you think about the living environment and the layout of the house?" Yuan Ling asked suspiciously. A comfortable house is the first condition, but Tang Zong doesn't seem to care at all.

"For me, as long as there is a bed to sleep, I am not here on vacation." Tang Zong said.

“George Han wouldn’t deliberately oppress you, right?” Yuan Ling said dissatisfied, some of them did not stop Tang Zong.

“Oppress me?” Tang Zong smiled faintly and said: “Brother George will only give me a chance, how can he oppress me. If you don’t understand, don’t talk nonsense.”

From the first meeting, Yuan Ling felt that Tang Zong’s attitude towards George Han was very rigorous, but in her eyes, the comparison between the two people was obviously that Tang Zong was better. Although George Han was somewhat capable. , But in terms of character alone, he couldn’t compare with Tang Zong, so she really wanted to not use it. Why would Tang Zong treat George Han like this? Even the relationship between superiors and subordinates wouldn’t be the case?

Could it be that he is just a flatterer?

“He’s not here, do you need to flatter him? Even if you shoot him, you won’t see it.” Yuan Ling said unhappily. After all, she was for Tang Zong’s good, but Tang Zong didn’t appreciate it at all.

“What you want to think is your own business, and I don’t want to explain it. Just give me the house closest to Brother George.” Tang Zong said calmly.

Yuan Ling gritted her teeth and said angrily: “The doghouse is nearby, do you want to live?”

“If I can live, I don’t care.” Tang Zong said.

Yuan Ling didn’t fight, this guy was really a flatterer. She would rather live in a doghouse and be closer to George Han.

“I really misunderstood you. I didn’t expect you to be a flattering reincarnation.” Yuan Ling said disdainfully.

Tang Zong was too lazy to explain, he didn't need to explain, he didn't care what Yuan Ling thought of her.

But Yuan Ling was different. She was still looking forward to what Tang Zong could say so that she could have an excuse to change her view of Tang Zong.

But Yuan Ling was destined to be disappointed. She simply couldn't understand how grateful the person who fell on the street back then treated George Han.

This is not flattering, but Tang Zong's gratitude for the kindness of George Han.

Yuan Ling looked at Tang Zong with disappointment. The feelings that sprouted for the first time turned into a pool of calm water again.

"I'll help you find it." Yuan Ling said lightly.

"Thank you." Tang Zong said.

Yuan Ling shook her head in disdain and left home.

George Han rested at home for a whole day, the whole person finally returned to normal, but the incident that happened to him and Qi Yiyun last night, obviously it is impossible to withdraw with the drunkenness, for George Han this kind of responsibility For a man with a strong heart, he is already thinking of ways to make up for Qi Yiyun, even if he can't let himself go, he will try his best to make up for this gap.

the next day. George Han led Tang Zong to the company.

Yesterday Yuan Ling's performance was seen by George Han. For him, who is proficient in the love of men and women, he felt Yuan Ling's love for Tang

Zong yesterday, but today it is a bit strange. Yuan Ling looks at Tang Zong. There was obviously a hint of coldness in his eyes, what is going on?

Could it be said that Yuan Ling is still a sweethearted woman who lost interest in Tang Zong so quickly?

“You give Tang Zong a detailed introduction to the company’s situation, and then convene all the middle and high-level meetings.” George Han said to Yuan Ling.

Yuan Ling nodded and did what she was supposed to do without any personal feelings, because in her heart, her good feelings for Tang Zong turned into contempt, and she even thought that the reason why Tang Zong got George Han’s reuse is just because he can flatter, and this kind of person is powerless.

After introducing the company’s situation, the three walked towards the conference room.

All the middle and high levels are there. And with a trembling expression, after all, Sun Yi has been kicked out of the company, and they used to be in the same group with Sun Yi, and no one knows what kind of bad luck will fall on their heads.

“Han is good.”

“Han is good.”

“Han is good.”

Everyone stood up and respectfully shouted to George Han. This had never happened at the last meeting. At that time, everyone looked at George Han’s eyes with disdain, which looked like the fear they are now.

“His name is Tang Zong. Starting from today, he will take over the position of Sun Yi. Do you have any comments?” George Han asked lightly.

“No, of course not, President Han’s appointment. It must be wise.”

“Yes, under the leadership of Mr. Tang, the company will definitely develop better.”

“Mr. Han’s vision is really extraordinary. Mr. Tang is a top talent. It is our blessing to be led by Mr. Tang.”

A gang of people’s kung fu with beards and horses reached its peak, even George Han felt a bit chilly, not to mention Yuan Ling. At this time, Yuan Ling’s eyes were almost cut through the sky.

A person who relies on flattery, and even has a group of flattering subordinates, in Yuan Ling’s view, this company will be finished sooner or later.

“Tang Zong, the next company matters are left to you. You can make all the decisions on your own. You don’t need to deliberately inform me.” George Han said to Tang Zong, these words are equivalent to giving Tang Zong. Maximum right.

Chapter 594

“Does a company that can only flatter, really have a future?” After handing over the matter to Tang Zong, George Han left the meeting room. As his assistant, Yuan Ling followed closely. She really couldn’t stand the company. In this kind of atmosphere, everyone can only flatter, and George Han seems to enjoy this feeling very much. That’s why Yuan Ling couldn’t help but want to remind George Han.

“Of course not, so for these flatterers, Tang Zong will let them all roll up and f*ck off.” George Han said with a smile.

“Tang Zong is the biggest flatterer, even if others leave, do you make sure that Tang Zong has the ability to handle the company’s affairs?” Yuan Ling said with disdain.

George Han looked at Yuan Ling in surprise. Where did this misunderstanding come from? Is it because of this misunderstanding that her affection for Tang Zong has changed?

George Han couldn’t help laughing, if Yuan Ling really thought so. She underestimated Tang Zong.

I think that back then, George Han only saw some of his own shadow in Tang Zong, so he would help Tang Zong, but he didn’t think about how much he really wanted to build Tang Zong. And Tang Zong’s strength surprised him.

When he went to Bin County, Tang Zong came forward to greet him, but even George Han was taken aback.

It can be said that Tang Zong is able to have today because of his own ability, and George Han just gave him a step.

“Look at Tang Zong, this will make you regret it.” George Han said.

Yuan Ling didn’t believe George Han’s words, and she didn’t think Tang Zong’s flattery would have real skills, but it was only through rhetoric that she could get this status.

“I’m just an assistant. I can’t control your high-level affairs. I just kindly remind you.” Yuan Ling said.

“Then I have to thank you for your kindness, but I advise you, it is better to put away your contempt, otherwise you will know how ignorant you are when you regret it.” George Han paused and continued. “I also kindly remind you that if you like Tang Zong, you will silently guard him. With your attitude, it is impossible for him to have a good impression of you.”

“Bah.” Yuan Ling looked at George Han with disgust, and said categorically: “How could I like a flatterer.”

“Then you have to remember your own words, but don’t take it back one day in the future, it will be very embarrassing.” George Han said with a smile.

“How is it possible to take it back? What I have said is absolutely impossible to take back, and how could he have a chance to impress me with such a flatterer.” Yuan Ling’s face was full of thick disdain, and she spoke very decidedly.

George Han is too lazy to talk nonsense with her, how sure she is now, will be more embarrassed in the future, because George Han knows that one day Yuan Ling will regret what she said.

Underestimate Tang Zong?

This is a character that even George Han dare not look down upon.

As long as he is given a large enough stage, George Han believes that he can play the whole world round and round.

“You don’t need to follow me. From today, you will be Tang Zong’s assistant. If you are afraid of Nangong Boring’s dissatisfaction, I will notify Nangong Boring.” George Han finished. Left the company.

Yuan Ling gritted her teeth and worked as an assistant for the flattery. She was extremely reluctant, but besides accepting the reality, what other choice did she have?

After leaving the company, George Han went to the stadium.

Shuyang has found all the people of the former team, and George Han has to take them back to their hometowns. Otherwise, as Shuyang, he is not eligible to enter the arena at all.

At the entrance of the stadium, George Han met Shuyang's team, and just as Shuyang introduced those people to George Han, a particularly harsh voice reached George Han's ears.

"f*ck, who is it, my eyes are not blooming." Fang Shuo rubbed his eyes and walked to Shu Yang with an expression of disbelief. After looking carefully, he burst out laughing.

"Fang Shuo, long time no see." Shu Yang said lightly.

Fang Shuo smiled happily and patted Shu Yang on the shoulder. Said: "Didn't you f*cking open a repair shop? What are you doing? With your current qualifications, you still want to return to the track? It seems that your repair shop is doing well, and you still have spare money to participate in the competition. By the way, have all your debts been paid off? If you let the bank know, they won't let you go."

Fang Shuo's tone was full of ridicule, and he and Shu Yang had existed like brothers and sisters before.

After Shuyang fell, Fang Shuo never extended a helping hand to Shuyang, but he often did things that fell into trouble.

"You don't need to worry about these little things." Shu Yang said.

“How can I not worry, if you want to come back here again, you should know the rules?” Fang Shuo looked up and down Shuyang. Disdainfully said: “Look at you so poor, can you still come up with a million?”

At this time, George Han said, “Fang Shuo, he is my driver. Since I have already paid the dues, why can’t he come back here?”

Fang Shuo’s eyes condensed, his attention just now was on Shu Yang, after all, the sudden appearance of this old friend here really surprised him and completely ignored George Han.

“I kindly remind you, you are playing with fire.” Fang Shuo said in a cold voice. Why Shuyang fell down here? Fang Shuo is very clear about the reason. Ma Feihao is not an annoying host. Even Han Yan will give her It’s a bit of face, so Fang Shuo doesn’t think George Han is qualified to be Ma Feihao’s opponent.

“Is it playing with fire? It’s all my own business, you don’t need to worry about it, there is nothing else, you can roll. Don’t delay me leading the driver to familiarize yourself with the venue.” George Han said lightly.

Hearing the word roll, Fang Shuo’s eyes cold instantly, gritted his teeth and said to George Han: “Man, don’t think that you can be deceived by knowing Qi Yiyun. Although she has some power in the Chinese area, she is not nobody. Dare to provoke, if you count on her to protect you, this is a joke.”

“Only trash hides behind a woman. Do you look like me?” George Han said with a smile, then waved his hand to Shuyang and signaled Shuyang to follow him.

However, Fang Shuo stopped in front of George Han with a cold face, and was extremely angry.

Almost everyone in the Chinese area knows that Fang Shuo once committed a very serious matter. If it were not for his mother to protect him, he would not

be able to stand here now, so he believes that George Han's words, it was aimed at him at all.

Only waste hides behind a woman, this sentence is extremely harsh to Fang Shuo.

George Han didn't know that an unintentional sentence would sting Fang Shuo, because he didn't know Fang Shuo's past at all, nor was he interested in learning about such low-level opponents.

"George Han, what the hell do you mean!" Fang Shuo asked George Han angrily.

George Han frowned, wondering where he angered Fang Shuo, but could this kind of person block his way?

"I advise you to get out." George Han said coldly.

Fang Shuo directly raised a fist at George Han, only a fist could make him vent his anger.

However, George Han shot faster, grabbing Fang Shuo's neck in a thunderous manner, and lifted his whole person in the air.

"You rubbish, worthy of being my opponent?" George Han said lightly.

Shuyang and one of them had seen George Han's greatness, so they were not surprised at George Han's shot. Although the others had heard of Shuyang's mention, they all held a questioning attitude. Where is the bald field?

But at this time, Shuyang's team all showed shocked expressions. The amazing arm strength alone was beyond their imagination.

Fang Shuo, an adult, is like a helpless chick in his hands!

Fang Shuo also panicked. He hadn't expected George Han to be so powerful. He felt that breathing became more difficult and death seemed to be approaching. Fang Shuo could only struggle with his legs weakly.

George Han didn't want to kill, so he threw Fang Shuo away.

Fang Shuo fell to the ground, too painful to stand up, and could only watch George Han walk away.

All the people in the Shuyang team looked at George Han's back with worshipful eyes. At this moment, they believed that George Han's bald-headed scene was real.

"How could this guy get angry for no reason?" George Han asked Shu Yang incomprehensibly.

Chapter 595

George Han's question made Shuyang couldn't help but laugh, thinking that back then, no one knew about that incident in the Chinese area, and Shuyang, as a personal witness, knew even more how shame Fang Shuo was back then.

"You sprinkled salt on his wound." Shu Yang said.

"Oh?" When George Han heard this, he knew there was a story, and asked with a smile: "How do you say?"

"Fang Shuo made a serious mistake before. The other party threatened to kill him. At that time, Fang Shuo was so frightened that he didn't even dare to leave the door. The opponent rushed to his house, I happened to be there, and the other party asked him to pay his life. This sentence directly scared

Fang Shuo into peeing his pants. At that time, he was shivering behind his mother. If his mother had not tried her best to keep him, his grave head was already one meter high.” Shuyang explained. .

George Han was taken aback when he heard the words. Unexpectedly, the unintentional remarks hit Fang Shuo’s pain points.

Only waste can hide behind a woman. At that time, Fang Shuo would hide behind his mother? No wonder he suddenly became angry.

George Han smiled and said, “I was so scared to pee his pants. I don’t know if his pants are not enough. I’ll give him a few more.”

These words made Shu Yang and the people in his team couldn’t help but laugh, and they admired George Han more and more. After holding a sigh of anger in their hearts for so many years, they finally found a chance to vent.

“Brother Han, Fang Shuo’s methods are very insidious, you should be careful.” Shu Yang reminded George Han.

“At first glance, he is a small face, but if he dares to mess around, I will make him pee his pants again.” George Han said lightly, Fang Shuo’s role is not worthy of entering the Korean George. eye.

Shuyang was very curious about who George Han was. In the previous Chinese district, he had never heard of this person. If he had only become famous in recent years, his family background should not be deep, so how dare he be positive with Fang Shuo? Right?

Moreover, when George Han asked him to be a driver, Fang Shuo was not the only opponent, but Ma Feihao, after all, Ma Feihao was the one who harmed him and would never want to see him cheer up again. But George Han didn’t seem to pay attention to these two people.

After entering the arena, many workshops are busy, because there will be an internal entertainment game in a few days. Although it is entertainment, these rich second generations are all face-saving people, and everyone wants to win, so they are secretly fighting. No one wants to slacken off after a full fight.

When Shuyang appeared, many people's eyes widened. After all, he had been swept out here, and Ma Feihao was in the circle. If anyone dared to relieve Shuyang, he would be right with him, so no one dared to be right. Shuyang extended a helping hand.

"This guy is crazy, he actually asked Shuyang to be a driver!"

"I don't think he knows how powerful Ma Feihao is. He is purely dying."

"I'm very curious, if Ma Feihao knows about this, how long this horrible thing will survive."

A bunch of rich two generations got together and talked. In their eyes, George Han's actions undoubtedly provoke Ma Feihao, and there is only one price to provoke Ma Feihao, that is, it is better to die.

George Han took everyone to Workshop No. 44, and when he stopped, he obviously noticed that the faces of those people were not pretty.

Here, it used to be Shuyang's workshop, and he was also a person who did not believe in evil, but the facts back then gave him a loud slap. Not long after he moved to Workshop No. 44, something happened at home, and Shuyang had to believe it. The mystery of this workshop.

"I know that this place is respected and kept away, and some even regarded it as a place of curse, but I don't believe these nonsense." George Han said lightly to everyone.

“Brother Han, I didn’t believe it before. But not long after I was here, something went wrong at home.” Shu Yang said with eyelids.

George Han smiled and said, “The accident in your house was caused by Ma Feihao. What does it have to do with the workshop? If he didn’t secretly harm you, would you become like this? Put the blame on a workshop without a soul. , It makes no sense.”

Shuyang frowned, thinking this way, there is indeed some truth, Ma Feihao harmed him, but not because he moved to Workshop No. 44. Even in other places, he will still fall into this field.

“Everyone starts to work. From today, this is where we work.” Shuyang said to the team.

Although these people still have some psychological shadows about Workshop No. 44, even Shuyang doesn’t care about it anymore, so naturally they don’t think too much.

No one is lazy, everyone is busy, because of so many years. Because of Ma Feihao’s secret targeting, they all lived very fortunately, and they all hoped to use this opportunity to stand up, at least to get out of the daily harassment life.

Since only George Han can bring such a life to them, they can only choose to do things for George Han loyally.

As the saying goes, there are many people and great power. Workshop No. 44 was restored in a short time.

At the same time, a group of people gathered at the door of the workshop.

Headed by Fang Shuo, the rich second-generation gang geared up like a pupil in a fight.

Faced with this situation, George Han smiled disdainfully, and said: “Go back to the parents. I don’t want to do anything with you kids. In case there is a traumatic accident, I’m afraid you can’t afford it. “

Fang Shuo looked at George Han with a grim look. He is really arrogant enough. In one sentence, almost the entire family in the Chinese area has been offended. Doesn’t he know these people standing in front of him? Does it represent the entire business community in the Chinese district?

“George Han, you are so arrogant, do you know that arrogance comes at a price? Do you know who is standing in front of you?” Fang Shuo said through gritted teeth.

Of course George Han knew the identities of these people, and it was precisely because of this. He will show his arrogance.

To promote Tang Zong to the top position of the business community in the Chinese area, if George Han does not make enemies, how can he have a legitimate excuse to deal with them?

This group of guys took the initiative to pick things out, which was purely putting the opportunity in front of George Han.

“Fang Shuo. I heard that you are short of pants, do you want me to send you a truck?” George Han said with a smile.

Fang Shuo had long ordered people to stop mentioning this matter. If anyone dared to talk nonsense, he would be right, but George Han knew it!

Fang Shuo turned his head to look at Shu Yang with a torch, and said in a cold voice: “Shu Yang, you’re so f*cking courageous, you even told him about this.”

“Dare you dare not recognize it? Fang Shuo, can you behave like a man, isn’t it just peeing on your pants, what a big deal?” George Han said cheerfully, and this sentence made everyone in the workshop laugh. .

Even the people around Fang Shuo were holding back a smile.

This incident is the greatest shame in his life for Fang Shuo, and George Han mentioning it now is equivalent to humiliating him!

“George Han, you f*cking don’t kneel down today and kowtow to me to apologize. You don’t think I will let you go.” Fang Shuo looked at George Han with a fierce look, wishing to kill him.

Faced with such uninhibited eyes, George Han was careless.

In the center of the earth, he saw too many fierce eyes, those are the fierce characters who really kill people without blinking, but the final fate of those people is not in the hands of George Han.

In the center of the earth, George Han created a river of blood with one hand, which was enough to make Fang Shuo wet a hundred pants! How could George Han fear him?

“Do you only use your mouth to scare people? If you want to fight with me, hurry up.” George Han provoked.

Fang Shuo clenched his fist, his veins were exposed, but he did not dare to take it easily, because when he was at the door before, he had already suffered a loss in George Han’s hands, and he knew very well that he was not George Han’s opponent. If you fight him, he will be ashamed.

“Don’t dare?” George Han raised his eyebrows, and continued: “Fang Shuo, if you only have this chance, just get out of here, don’t be embarrassed here,

the world of men is not beaten by your mouth. It's relying on fists. If you don't have real ability, you will be a turtle with your head."

Every sentence of George Han stimulated Fang Shuo, in order to make him lose his mind.

Chapter 596

Fang Shuo was obviously dazzled by hatred, and his whole body was trembling slightly, all showing that he was extremely angry.

George Han hoped that he would take the shot, and he would take everyone to take the shot. In this way, Liang Zi would be completely settled.

But an untimely voice suddenly rang at this moment.

"I didn't expect it to be lively. It seems that I came at the right time." With this voice falling. Fang Shuo and others all looked at the master of the voice.

For George Han, this is a strange company, but for Fang Shuo, this face obviously has a higher status.

"Brother Hao."

"Brother Hao."

"Brother Hao."

To make these rich second-generation gangs obediently called brothers, and full of respect, George Han probably guessed who he was.

At this time, Shuyang walked to George Han and said in a low voice, "He is Ma Feihao."

Although Shuyang has tried his best to control his emotions. But George Han could still hear the anger in his voice.

However, anger is normal to Shu Yang, after all, Ma Feihao was the victim of his today. Enemies are naturally jealous when they meet.

“Brother Hao, you came at the right time.” Fang Shuo looked at George Han with a gloomy smile. He deliberately called Ma Feihao to inform him that he knew he could not beat George Han, so he could only let Ma Feihao come forward. .

Ma Feihao nodded, and looked at Shuyang contemptuously.

“Shuyang, you dare to come back, so courageous.” Ma Feihao stood beside a woman with dyed red hair. She was tall and dressed very s*xy. When she said this, Ma Feihao deliberately held the woman in his arms.

This woman used to be Shu Yang’s girlfriend, and even Shu Yang once thought that this woman was his lifelong object, but Shu Yang never expected that his most beloved woman would give him a fatal blow at a critical time.

“Shuyang, do you still feel that you haven’t lost enough of your face? Isn’t it good for the repair shop that guards you?” The woman said to Shuyang impatiently.

“I am not ashamed, what does it have to do with you.” Shu Yang said in a deep voice.

“Well, we used to be a nominal couple relationship. I’m not thinking about you, don’t know good people.” The woman looked at Shuyang with disgust.

“Good heart?” Shu Yang said with a cold smile at the corner of his mouth, “You are so kind. If it weren’t for you, how could I have fallen to where I am today.”

“Shu Yang, shouldn’t you blame me? You have been with me for almost three years. You dare not do anything except hold hands. I even suspect that you are not a man at all. Am I going to be with a waste for the rest of my life? Are you not satisfied?” The woman said with a mockery.

Shuyang has an essence different from other rich second generations. He puts more of his mind on racing. He treats women and feelings very sincerely. He never drifts away in the flowers, and does not do anything wrong with those women. Responsible things, he believes that his original inaction is to respect her. Unexpectedly, she would be considered incompetent.

“Shu Yang, I didn’t expect you to have a hidden illness in this area.”

“No wonder you have never heard of your lace news. It’s not that you don’t want to play, but you simply don’t have the ability to play.”

“Tsk tusk tusk, don’t tell, you are still a modern eunuch.”

Several people laughed at Shuyang.

George Han is the person who can understand Shuyang’s mood best, because he has had the same experience. Although the reason is different from Shuyang, he has also been ridiculed by people around him.

At this time, Ma Feihao patted the woman’s ass and said with a smile: “You can’t underestimate my former brother, he has found a backer now.”

“Cut.” The woman snorted contemptuously, and said, “I don’t know where the beam jumping clown is from, and how can you back it?”

When she said this, the woman looked at George Han from head to toe, for her. People who don’t have a brand name are all rubbish.

Ma Feihao laughed and turned to Shuyang and asked, "I'm also curious, why would you find this kind of trash to help you turn over? What is his ability. Or you don't accept your fate and want to just struggle."

After George Han came to Ma Feihao, he just glanced at him and focused on the person next to Ma Feihao.

He should be Ma Feihao's bodyguard. A waste like Ma Feihao is not worthy of George Han's attention at all. He has to know if he is the opponent of this bodyguard. But if this bodyguard is just a guy who is strong in the outside world, George Han will have to teach Ma Feihao a lesson today.

The bodyguard's posture with his hands around his chest appears high, and his head is slightly lifted. This subconscious action also represents his pride, but unfortunately, his strength is not too strong.

A true master. He will have a strong aura. For example, Gong Tian, who met in the Nangong family, has a strong aura. Even if he doesn't shoot, he will give people a strong sense of oppression. But this The bodyguard did not.

"Ma Feihao, I advise you to respect Brother Han." Shu Yang said.

"Respect? Hahahahahaha." Ma Feihao laughed loudly and said: "This kind of waste, what is worthy of my respect?"

Although Ma Feihao had heard the bald head talk about how powerful George Han was, how could he believe it without seeing it with his own eyes?

Moreover, standing beside him at the moment, but the strongest person in their family's bodyguards, even the Han family's bodyguard of the local generation, he has never lost, so Ma Feihao is completely confident.

"Ma Feihao, you are so arrogant. Is this the capital given to you by the bodyguard?" George Han asked lightly.

Ma Feihao raised his eyebrows and looked at George Han, and said, “Yes, you have the ability to fight him. Dare?”

When other people heard Ma Feihao’s words, they couldn’t help but laugh. They knew very well the strength of Ma Feihao’s bodyguard. Once five people teamed up to beat him and never won. How could someone like George Han be his opponent?

“Brother Hao, what are you kidding about, his kind of trash. How dare you fight your bodyguard?”

“Yeah, I remember the guy who didn’t have eyes last time, he is still lying in the hospital now.”

“More than lying down, I heard that I haven’t gotten out of the ICU yet.”

Hearing these words, Ma Feihao showed a triumphant smile on his face and said, “Don’t scare him, what if this waste makes you pee his pants, I don’t want to smell his urine.”

If someone else said something like this, Fang Shuo would definitely hate him, but Fang Shuo could only laugh at Ma Feihao’s mouth.

“You don’t want to find two people again, I’m afraid you, the bodyguard, can’t help but fight.” George Han said lightly.

“My buddy, your bragging skills are really good, or you can kneel down obediently and I will accept you as a flatterer. From today on, I will ensure that you have a good food and clothing, and there are women who can’t finish playing. Why do you need to be a rubbish like Shuyang.” Ma Feihao said with a smile, of course, his remarks were just mocking George Han, even if George Han really knelt down, he would not let George Han go.

But will George Han kneel?

The reality is obviously impossible.

In this world, except for Amelia Su, who is qualified to make him kneel down. Except for Han Tianyang who is qualified to make him kneel down, George Han's knees will not bend for anyone.

"Since you want to die, I might as well give you this opportunity." George Han gradually put away his smile, his face sinking like water.

When the bodyguard saw this scene, the corners of his mouth rose slightly, and he said to Ma Feihao with a contemptuous expression: "Master, you stay far away, I'm afraid of hurting you by mistake."

Hearing this, Ma Feihao said coldly: "Don't kill me, I have to have fun with this waste."

The bodyguard nodded, looking confident.

Seeing Ma Feihao's back, the others followed Ma Feihao's pace closely, for fear of being hit by the fish pond.

"You use people's money to eliminate disasters. You should have thought that this day will happen sooner or later, so don't blame me." George Han said to the bodyguard.

His words seemed inexplicable to other people's ears, but the bodyguard understood what he meant.

"It's been a long time since I saw someone as arrogant as you. It's a pity that you kicked on an iron plate today." The bodyguard said coldly.

The corners of George Han's mouth raised, and he squatted down slightly, ready to go.

Chapter 597

“Shu Yang, is he really good?”

“This bodyguard is so powerful, we have seen it before. Several people fight him at the same time, none of them are his opponents.”

“Brother Han won’t get hurt, right.”

In the workshop, those people who hadn’t seen George Han’s greatness could not help but worry at this time.

They are not afraid of embarrassment, after all, so many years have passed. I don’t take face seriously a long time ago, and he lives like a rat crossing the street that everyone shouts and beats.

But they don’t want George Han to be injured. After all, they can return to this arena because of George Han’s help.

Shuyang also knew that Ma Feihao was a very powerful bodyguard. In the past few years, Ma Feihao has offended many people, and the reason why he was unharmed depends on the strength of this bodyguard.

But at this time Shuyang did not panic. Not even worried at all.

He is strong, but George Han is even stronger!

In the entire bald-headed site, dozens of people were all beaten to the ground by George Han, this feat. Even Ma Feihao’s bodyguard could not do it.

“Look at it, Brother Han will end this battle soon. For him, there is no need to waste much time on this kind of waste.” Shu Yang said confidently.

Others wanted to believe in George Han, but they couldn't do it. After all, they had seen the strength of bodyguards, but George Han's strength was only known from Shuyang.

"You don't have to do so many fancy, in front of absolute power, any fancy moves are useless." The bodyguard is still a high posture with hands around the chest, and George Han is completely ignored.

George Han smiled faintly.

Absolute power?

Unfortunately, this happened to be his own!

Moreover, his strength is definitely not comparable to ordinary people, and it is not very human to bear.

"I like your sentence very much. When it comes in handy in the future, maybe I will borrow it." George Han said with a smile.

At this moment, George Han's legs suddenly exerted force, and his whole body flew out like an arrow, extremely fast.

Everyone just felt their eyes flashed. It seemed that there was still an afterimage, and George Han rushed to the front door of the bodyguard.

The bodyguard spread his hands subconsciously.

George Han's speed was completely beyond his imagination. When he couldn't see the offense, he could only use his hands to protect his important parts.

boom!

The physical collision made a loud noise.

The bodyguard rose from the ground and flew upside down in the air.

Just listen to George Han saying: "I'll teach you what absolute power is."

Before the bodyguard landed, he felt a powerful force on his back, causing his body to vacate again and his spine was also severely injured.

In the hands of George Han, the bodyguard is like a ball, constantly being thrown up and down.

This scene made others look dumbfounded, especially the rich second generation around Ma Feihao.

They knew how powerful this bodyguard was, so in their eyes, George Han was dead!

But now, the situation before them is that the bodyguards have no power to fight back, and with his size, George Han can easily throw him up. What kind of power is this!

"This...this is too strong!" someone exclaimed in shock.

"It's not just strong, it's just abnormal."

"It's over. Even Brother Hao's bodyguard is not his opponent, what should we do."

"This guy, where did the monster come from."

With awe, Ma Feihao's face was even more ugly than eating shit.

He thought he could give George Han a severe lesson today, but he didn't expect the situation to be reversed by George Han. No wonder George Han would make him call more people. This bodyguard is simply not enough.

In the workshop, Shu Yang smiled. This result did not exceed his expectations, but was reasonable.

But the expressions of other people were not as calm as Shu Yang, after all, it was the first time to see George Han actually take a shot, and the opponent was Ma Feihao's bodyguard, no one expected this situation.

"Brother Han is too strong, Ma Feihao's bodyguard didn't even have a chance to fight back."

"Fight back. This hasn't fallen to the ground, how can you fight back."

"If I had Brother Han one tenth, I wouldn't be bullied by those guys. It's really strong."

"Shu Yang. It seems that this time, we can really stand up with Brother Han."

Hearing this, Shuyang nodded, and said with fiery eyes: "Since Brother Han has given us the opportunity, we must take it well."

"Yes, you must not disappoint Brother Han."

"The big guys have to work hard together and can't let Brother Han down."

"Bring back a bunch of champions for Brother Han."

Shuyang's words were recognized, and everyone said.

Buy people's hearts. It's that simple. As long as they show great strength, someone will naturally surrender.

The bodyguard at this time, but miserable, felt that his whole body was not his own. In a state of total weightlessness, he could only withstand George Han's attacks again and again, and it also made him understand what is real. power.

Even if it is him. Even if he replaced his opponent with a small adult, he would not be able to do this by George Han.

At this moment, the bodyguard understood the gap between himself and George Han, and knew how arrogant it was to be in front of him.

boom!

As the bodyguards hit the ground heavily and the dust was flying, Ma Feihao's group was completely dumbfounded.

The man looked at George Han incredulously.

The women looked at George Han with admiration, and some even lowered their collars quietly, hoping to attract George Han's attention.

"ICU is no longer needed. If it can't be cured, starting from today, he can only lie in bed and be a waste man." George Han clapped his hands and said to Ma Feihao.

Ma Feihao's mouth was dry, and he took a step back subconsciously, and said to George Han: "This is my person, how dare you make such a cruel move!"

"Rough?" George Han looked at Ma Feihao suspiciously. Asked: "Is this ruthless? There are more ruthless things. Would you like to see it?"

Ma Feihao was shocked, he knew that George Han was definitely not joking, with such a strong skill. It was easy for him to kill this bodyguard.

“I wrote down this grudge, Ma Feihao, you don’t even know who I am, let alone the fate of offending me.” Ma Feihao said harshly. However, the aura of this cruel remark was completely inversely proportional to his behavior. After saying this, this guy actually planned to slip away.

“Have I said you can go?” George Han said lightly.

Ma Feihao froze in place. Somberly asked: “What else do you want to do!”

“You asked me to kneel for you before, shouldn’t it be your turn to kneel for me?” George Han said with a smile.

Ma Feihao’s complexion condensed, his status in the Chinese district is comparable to Han Yan, how could he kneel down casually?

“George Han, go and find out who Ma Feihao is, and what qualifications do you have to make me kneel.” Ma Feihao gritted his teeth.

“If anyone doesn’t kneel, this bodyguard will be his fate.” George Han said lightly.

The meaning of these words is obvious, he wants everyone to kneel down!

Shuyang frowned and didn’t quite understand what George Han meant by doing this. The rich second generation here almost occupied the entire family in the Chinese district. Didn’t he do this to declare war on the business community in the Chinese district?

“So courageous, do you know what you are doing?” Ma Feihao said with a sneer. In his opinion, George Han was completely mentally retarded and

made everyone kneel. The people here represent the whole Business in the Chinese district.

George Han strolled towards Ma Feihao, and said as he walked, "Kneeling or not, it is your choice, but I have the final say on your fate."

Seeing George Han approaching step by step, some timid people chose to kneel on the ground.

They see the end of the bodyguards. Who wants this to happen to him?

If you can only lie in bed for the rest of your life, you might as well just let them die! It's a pity, how can these guys have the guts to choose to die?

Kneeling does not have to pay a painful price, this is naturally the best choice.

"What are you doing, get me up." Ma Feihao roared angrily.

"Brother Hao, I...I..." At this time, Fang Shuo's legs were trembling, a lot of wet under the crotch!

Chapter 598

After Fang Shuo knelt down in fear, all the rich second generations around Ma Feihao had already knelt down. He was the only one who seemed to stand out from the crowd, but at this time the stand out crowd was a bit dangerous. After all, George Han Ma Feihao didn't want to be this early bird.

The Shuyang people were dumbfounded when they saw this situation.

This represents the future of the Chinese business community, and these future stars have all surrendered to George Han's feet.

Originally Shu Yang thought that these people would rather die than surrender, but he didn't expect that all of them would be so soft.

If this matter spreads out. George Han's move will surely shock the entire Chinese community.

However, the hatred value that this will bring is probably because the dark cloud is crushing the city. George Han will definitely be violently retaliated by these people, and can he withstand this kind of retaliation?

"George Han, do you really not think about the consequences?" Ma Feihao looked at George Han with a grim expression. He didn't want to lose his face, let alone be like the trash around him. But if George Han's attitude does not change, he has no choice but to kneel down.

"Do you think verbal threats are useful to me? Look at your bodyguard. If you want to be like him, you can stay in bed for the rest of your life, so you don't need to kneel." George Han said.

Ma Feihao's face was as sinking as water, and the end of the bodyguard was so miserable that he was definitely not willing to accept it. What's the point of being alive if you can only lie in bed for a lifetime.

Ma Feihao kept telling himself in his heart that it is not too late for a gentleman to avenge him for ten years, and a good man will not suffer from immediate losses.

In the end, Ma Feihao knelt down slowly with a strong hatred.

Shuyang and everyone around him took a breath at the same time.

Even Ma Feihao knelt down, which meant that George Han had stepped on all the business families in the Chinese district. This feat was never done by anyone except him.

“Now you are satisfied!” Ma Feihao said, clenching his posterior teeth.

“I know you have hatred in your heart and want revenge. I am waiting for you at any time.” George Han said with a smile.

“You will regret everything you did today.” Ma Feihao stood up and left angrily.

When the others saw this, they took a careful look at George Han, and then left one after another.

Shuyang walked to George Han’s side. Although he knew that he was not qualified to give pointers to George Han’s actions, he still wanted to remind George Han.

“Brother Han, these people will never swallow this breath, you have to be careful.” Shu Yang said.

George Han smiled lightly. Said: “If they swallow this breath so simply, wouldn’t it be too boring.”

Shu Yang frowned. He really couldn’t understand what kind of person George Han was. Just listen to him. It seems that those people are still looking forward to revenge. What kind of mentality does this have?

Whether it is the Chinese district or the American business people outside the Chinese district, they are absolutely unwilling to offend such a large number of business families at once. But George Han didn’t seem to worry about this in the slightest.

“Brother Han, can I just ask, what on earth do you want to do?” Shu Yang said cautiously, for fear that these words would offend George Han.

“Change the existing pattern of the Chinese district. Let the Chinese district be named Han, can you believe it?” George Han smiled.

Shuyang was stunned. The meaning of George Han's remarks was very obvious. He wanted to rule the entire Chinese business community, but... but how could this be possible!

There are too many Chinese families in the Chinese area, and these families have a lot of roots in the local area, let alone him, even Han Yan, who is now in the limelight, wants to do this very difficult.

But Shu Yang had a thought that made him feel incredible.

seem. He can really do it!

This is not blind confidence, but Shuyang's testimony of George Han's strength.

At least so far, what he wants to do is unbelievable. But he did it all.

"Let's stay here, I'm leaving first. I hope you will have good results after a few days of competition." After George Han finished speaking, he stepped away.

Seeing George Han's fading back, all the people around Shuyang leaned in for the first time.

"Shu Yang, he's not kidding me."

"Does he really manage the entire Chinese area?"

"I feel like he is crazy, even Han Yan dare not say such things."

Everyone asked about the doubts in their hearts. They didn't look down on George Han, but that this matter was too incredible. Everyone can't believe it.

“I don’t know.” Shu Yang shook his head solemnly, and no one dared to make any comments before the results came out. As for the intuition in his heart. For the time being, I can only hide it in my heart.

Outside the arena.

After Ma Feihao stopped, none of the rich second generation behind him dared to move.

“You rubbish, there is not a useful person at the critical moment. If it weren’t for you to kneel down, do I need to lose face with you?” Ma Feihao said angrily.

A group of people bowed their heads, not daring to breathe.

In the previous situation, how dare they not kneel, no one wanted to end up like that bodyguard.

But this time. They did not dare to refute Ma Feihao. After all, Ma Feihao’s family had more influence in the Chinese area than their family. If Ma Feihao was offended and targeted, they might even be swept away by the family’s elders when they returned home.

Ma Feihao suddenly grabbed Fang Shuo by the collar, obviously trying to use Fang Shuo as a pump.

“You’re so f*cking useless.” After that, Ma Feihao kicked Fang Shuo’s abdomen.

Fang Shuo, who had been so scared to pee his pants, could only let him beat and scold him before he was kicked. Sitting on the ground with a pained expression.

Fang Shuo knew exactly how embarrassing it was today. He urinated his pants again in the public. This would surely become the subject of ridicule, but under the circumstances at the time, he couldn't hold back at all.

"Brother Hao, let's join hands to deal with him. I don't believe that so many people are not his opponents." Someone plucked up the courage and proposed to Ma Feihao.

Ma Feihao snorted coldly, and said: "I don't expect your dragging waste to help, until I solve George Han. Then I will settle accounts with you."

After speaking, Ma Feihao took a big step and left, and a bunch of rich second generations stayed on the ground and looked at each other. They are all over.

"What to do, we are not humans inside and out now, if we are known to the family, we will be over."

"Except for resignation. What else can I do? I didn't expect that George Han would be so powerful. I knew I shouldn't provoke him."

"It's too late to regret it now. With Ma Feihao's flaws, he will definitely deal with George Han, and he will not let us go. This time it is really dangerous."

Everyone's faces were ashen ashes, no one thought that they would fall into such a situation.

However, at this time, some people have a thought that is not easy to try, that is, befriend George Han and completely hostile to Ma Feihao, but this kind of risk is too great. They can only think about it.

After Ma Feihao returned home, his unhappy face was extremely ugly. Since childhood, he had never been humiliated like this before, and he knelt down to George Han! Even when I think about it now, Ma Feihao is still resentful, and he can't swallow it if he doesn't cut Han three thousand dollars.

“Hao’er, what’s the matter with you, who provoke you?” A middle-aged man walked to the living room, and was followed by a young and beautiful girl. The two were obviously very different in age.

This middle-aged man is Ma Feihao’s father, Ma Fu. Since his wife’s death, his female companions have changed very frequently, and they will never be more than 25 years old. Because of Ma Fu’s personal hobbies, he prefers Young energetic woman.

Ma Feihao looked at the woman the same way, and was different from the person I met last time, but he and Ma Fu were the same kind of people, and their attitude towards women was nothing more than playfulness and never took it seriously.

“You go out first.” Ma Feihao said to the woman.

The woman was also interested and left.

“Dad, I want to kill someone.” Ma Feihao said with gritted teeth.

Ma Fu sat on the sofa indifferently and said, “Is this kind of trivial matter worth telling me? Just do it cleanly.”

Chapter 599

Judging from Ma Fu’s attitude, he obviously didn’t care about this kind of thing, as long as Ma Feihao did not leave a trace and was not caught by others.

Ma Fu had many competitors who became the bones of his feet. If he hadn’t stepped on these bones, how could he have the status he is today?

So Ma Feihao wanted to kill, instead of stopping, he would look at it with an appreciation.

“But this person is very difficult to deal with.” Ma Feihao said. If George Han could solve it easily, he wouldn’t have to tell Ma Fu specifically about the matter.

“Isn’t your bodyguard enough?” Ma Fu said disdainfully.

“The bodyguard has been abolished by him, it seems. It is impossible to get out of the hospital bed in this life.” Ma Feihao said.

After hearing these words, Ma Fu sat up unconsciously.

The bodyguard of Ma Feihao, but he went to find him personally, how powerful, Ma Fu knew very well in his heart that he had been abandoned!

“Who did you provoke?” Ma Fu said with a serious expression. Although he didn’t care about Ma Feihao’s enmity, if the opponent was too powerful. This is another matter.

“Don’t worry, it’s not in the Chinese area.” Ma Feihao said.

There was some contempt in Ma Fu’s eyes.

“Dad, can you still find a master for me?” Ma Feihao asked.

Ma Fu smiled faintly and said, “No need to look for it.”

Ma Feihao’s expression condensed, frowning and dissatisfied, said: “Dad, today that guy forced me to kneel. I must return this shame to him. Even if you don’t help me, I will find a way by myself.”

“Who said I can’t help you, I just told you, you don’t need to find it, your uncle should be back soon.” Ma Fu said with a smile.

“Uncle!” Ma Feihao stood up with a look of astonishment, even his breathing became quicker, and said: “Uncle is coming back, is this true!”

“Of course it is true. He called me not long ago and said that there is a chance to come back. As long as he comes back, who else can you not kill?” Ma Fu said.

Ma Feihao suddenly burst into laughter. Seems to have seen the miserable end of George Han.

His uncle is an absolute master, and even the strongest person in the Han family is not his opponent, if not because he left inexplicably. Now the Ma family’s limelight is probably already stronger than the Han family.

“Uncle has been away for so many years, and is finally coming back.” Ma Feihao said expectantly.

“But I heard him say that he will not be able to come back for long. But this is enough. I have already thought about it. Taking advantage of his return, we must increase the influence of the Ma family in the Chinese district. It is best. It is possible to step on the Han family.” Ma Fu said coldly.

Ma Feihao nodded again and again. Over the years, being held down by the Han family, this breath has long made him very upset, but he has never had the opportunity and strength to challenge the Han family.

But it was different when Uncle came back. In his uncle’s eyes, those bodyguards of the Han family were nothing but rubbish.

“Dad, where did my uncle fell to the ground, and disappeared for years at every turn.” Ma Feihao asked suspiciously.

Ma Fu shook his head. Said: "I don't know too much, but I heard from your uncle that it is a very powerful place, not only can improve his status, but also improve his strength, presumably after so many years, your uncle should be even more powerful."

"En." Ma Feihao firmly believed this, and then sighed again. Said: "It's a pity that my mother has passed away. If my uncle knew about this, I would definitely be sad."

A hidden panic flashed in Ma Fu's eyes, and then he said with a sad expression on his face: "Life or death. There is no alternative. After your uncle comes back, let's go see your mother together."

After George Han left the stadium, he returned home, squatting at the door who caused him a headache.

Seeing her, George Han's first thought was to turn around and leave, but before he could turn around, the people at the door trot all the way to block him.

"You want to hide from me?" Qi Yiyun looked at George Han questioningly.

"No...no, I forgot to buy something, I plan to go to the mall." George Han said.

"Okay, I'll go with you." Qi Yiyun said.

"This... isn't anything particularly important. Let's go next time." George Han said helplessly.

Qi Yiyun knew that he was deliberately making excuses to prevaricate himself. Straightforwardly said: "I know you want to hide from me, but starting today, I will live in your house."

“Why!” George Han asked in surprise, although he lived with Qi Yiyun on the eaves for some time before. But now the situation is different, he doesn’t want to continue to develop the relationship with Qi Yiyun.

“Until I come to my aunt next time.” Qi Yiyun said.

This made George Han’s scalp burst. Of course he knew what it meant for a woman to come to his aunt. If this didn’t come, wouldn’t it be over!

“No, no, it should be...no, not so much.” George Han showed a state of panic for the first time in his life. This is very difficult to see for him who is calm and calm.

“Everything is possible, not afraid of 10,000, just in case.” Qi Yiyun said, of course, she knew it was impossible, because nothing happened to her and George Han, but she just wanted to scare George Han. thousand.

And Qi Yiyun also wants to take advantage of this time. Take things that didn’t happen and really happen.

George Han took a deep breath, and the acceleration of his heart thumped. He felt that he had encountered the biggest hurdle in his life. If he had been planted, he would not be able to explain to Amelia Su.

Back at home, Qi Yiyun sat on the sofa and awakened George Han. To drink water and eat fruit, George Han had to help her take it, and she looked like a pregnant woman.

George Han did not dare to refuse. Only obediently obedient.

And the only thing he can do now is to pray in his heart and don’t let the worst happen.

This kind of thinking, although it is a scumbag. But George Han would rather be a scumbag now.

“By the way, what did you do today?” Qi Yiyun asked curiously.

“I have cleaned up a few incompetent rich second generations. Now I am a public enemy in the Chinese area, so I advise you to stay away from me. Otherwise, I will hurt the Qi family.” George Han said.

“Who are the rich second generations who are not influential?” Qi Yiyun was aroused by curiosity.

“I don’t know most of them, but they are all those on the field, as well as Ma Feihao.” George Han said indifferently.

Qi Yiyun’s eyes widened. The people on the field are all the children of the famous family in the Chinese area. In George Han’s mouth, they turned out to be the second generation of the rich.

Moreover, Ma Feihao is the closest to the Han family, and has a strong influence in the Chinese area.

“If you are heard by them, they will be pissed off, all of them are famous people, in your mouth. You have become a rich second generation of incompetence.” Qi Yiyun said silently.

Qi Yiyun still didn’t know what happened in the arena, but thought that George Han called them incompetent, and really underestimated them.

“Is it amazing?” George Han said with a calm expression.

“Of course they are very powerful. These people represent the backbone of the business community in the Chinese district. All of them are family heirs. It

can be said that the future Chinese district is theirs.” Qi Yiyun said, eating George Han’s grapes, especially sweet.

“Then I let them all kneel to me, wouldn’t it offend the entire Chinese district?” George Han asked with a smile and asked.

With a grape in his mouth, Qi Yiyun’s pupils gradually dilated, looking at George Han incredibly.

Without swallowing the grapes, Qi Yiyun took it out of his mouth again, and asked George Han in disbelief, “You...you made all these people kneel down?”

“Is there any problem?” George Han said indifferently.

“Including Ma Feihao?” Qi Yiyun felt that he heard a joke. How could a person like Ma Feihao kneel down, but she also felt that George Han would not make such a joke with her for no reason.

Chapter 600

“I said everyone, including Ma Feihao of course.” George Han said naturally.

Qi Yiyun’s mouth grew wide in fright, dumbfounded, and the grapes in his hand rolled to the ground without consciously letting go.

George Han didn’t pay attention to Qi Yiyun’s mouth just now, only thinking that she accidentally landed on the ground, so after picking it up, he wiped the dust casually and put it in his mouth.

“Are you surprised?” George Han said casually.

Qi Yiyun stood up and said: "It's more than surprised, it's incredible, do you know that even Han Yan will give him three points of face. You actually let him kneel down!"

"Han Yan is just a dog of mine. If she wants to give Ma Feihao face, does it mean I want to give it?" George Han said lightly.

"This..." Qi Yiyun was speechless, this is very reasonable, there is no refutation at all, but she still feels unbelievable, after all, Ma Feihao's temper is very clear to her, domineering and arrogant. No one is considered in the Chinese area.

Even when he stabbed Shuyang in the back for his own benefit, how could such a jealous person willingly kneel down for George Han!

"You are really amazing, you can actually force Ma Feihao to kneel." Qi Yiyun sighed and sat back on the sofa.

Is this amazing?

For George Han, this was just a trivial matter, and he didn't even care about it.

"Women really have long hair and short knowledge. Is that amazing?" George Han said disdainfully.

Qi Yiyun didn't care about George Han's sarcasm. Instead, he asked: "What on earth do you want to offend so many people, do you know the consequences?"

George Han also asked himself this question, but at this stage, he can only force himself to set a goal and find one thing to do.

George Han didn't know what Nangong Boring wanted him to do.

How long he will stay in the United States, George Han does not know.

Therefore, during this boring time, George Han could only find something to pass.

For George Han, changing the pattern of the Chinese community is just boring to pass the time. Because he himself is a master who can't be idle.

He used to take Amelia Su to and from get off work and cook for Amelia Su, which made George Han feel very fulfilled, and he didn't have to care about worldly things. But now, without Amelia Su by his side, he can only find other things to pass the time.

"It's nothing special, it's just boring. I plan to build some of my own power here, and for me, I either don't do it or do it. Naturally, I have to do my best." George Han said.

Qi Yiyun couldn't help rolling his eyes. Hearing what George Han said, he was bored, so he waved the flag in the Chinese district. Maximize your power?

It is estimated that only George Han could do this way of passing time. I am afraid I can't even think of it as someone else.

"If I hadn't known you for a long time. I would definitely think you were bragging." Qi Yiyun said. If you say this to anyone, no one will believe it.

"Why, is this little thing exaggerated to you?" George Han smiled.

"Pretending to be struck by lightning, have you ever heard this sentence." Qi Yiyun said silently.

George Han clapped his hands, stood up and said, "It's almost time, what to eat tonight. I'll make it for you."

Qi Yiyun was full of joy, with a charming smile on his face unconsciously, and said: "Whatever you do, I will eat whatever. Anyway, your craftsmanship is good and everything is delicious."

George Han shrugged helplessly and went to the kitchen.

Han family Villa area.

Although what happened on the track made those people very embarrassed, some people could not help revealing the matter. Han Yan, who received the news, frowned and sat on the sofa in the living room.

Even from Han Yan's perspective, she didn't dare to do this.

George Han made countless enemies by this, and almost offended the entire Chinese area. She couldn't imagine what George Han was going to do. His arrogance could be justified in Basin City, but this is the US Chinese area, but he could not count it. local. So Han Yan couldn't figure out why he did these things.

"What are you trying to do? Are you going to deliberately harm me?" Han Yan said to herself. In her opinion, George Han left this mess. It is very likely that it was deliberately making trouble for her. After all, George Han has no foundation or nostalgia here, and he can leave at any time. Once this responsibility falls on the Han family, it will be a fatal blow to the Han family.

Han Yan took a deep breath, stood up, and walked towards a small building in the deepest part of the Villa area.

This can almost be said to be a restricted area of the Han family. Even those relatives of the Han family dare not set foot here easily.

Even if Han Li came here, he had to notify him in advance.

Because the one who lives here is Han Tiansheng who established the Han family dynasty with one hand!

This old man in his twilight years no longer has to deal with business affairs, and lives a leisurely life of raising fish and walking birds in his own small courtyard, and does not want to be disturbed by anyone.

Back then, Han Tiansheng despised Han Tianyang very much, thinking that Han Tianyang had no ability. Following him to eat and drink, he completely treated Han Tianyang as a subordinate, which caused Han Tianyang to return to China angrily, and the enmity between the two Tianyang brothers ended.

After so many years, Han Tiansheng still thinks that Han Tianyang's return to China is stupid. In the bones, the old man looks down on his own brother.

Han Tiansheng sat in a wicker chair, teasing the caged bird. When Han Yan appeared, his face showed a very unhappy expression.

"What are you doing here?" Han Tiansheng said coldly, as if this granddaughter was like an outsider.

"Grandpa." Han Yan lowered her head and shouted respectfully. She knew very well that Han Tiansheng regarded blood relatives very indifferently, and even didn't care at all. She would not come to see Han Tiansheng unless it was necessary.

"Just get out of it if nothing happens. I don't want to see anyone." Han Tiansheng said mercilessly.

"Grandpa, I don't understand one thing, and I hope to get Grandpa's answer." Han Yan said.

Han Tiansheng snorted coldly, and said, "You have now taken the position of the head of the Han family. If you can't handle even a little thing, what qualifications do you have?"

Han Yan gritted her teeth. She has no feelings for this grandfather. After all, she has never received Han Tiansheng's care since she was a child, but now the Han family has a huge potential danger, and she has to turn to Han Tiansheng for help.

"Grandpa, this trouble is no small matter. Otherwise, I won't bother you, and it is related to Han Family." Han Yan said.

Han Tiansheng's eyebrows condensed and his expression became even more unhappy, and said, "The younger generation of the Han family is so incompetent that they can't even deal with this kind of waste?"

In the eyes of Han Tiansheng, no matter what achievements the Han Family has. It's all rubbish, completely ignored by him.

"The younger of Han Family, George Han has already arrived in the American Chinese area." Han Yan said.

"I have left a way for these idiots. How dare they come to the United States? Do you want to return to Han's house shyly?" Han Tiansheng laughed disdainfully.

"This person's name is George Han. He did one thing today and asked the descendants of all the families in the Chinese district to kneel for him. Now, he has established many enemies." Han Yan continued.

"This kind of rubbish is really looking for death, even my Han family dare not do it. He actually has so much courage. Since he is looking for death, just let him go." Han Tiansheng said.

“Grandpa, I don’t think this matter will be so simple. He deliberately offended these people without a reason. In my opinion, he deliberately wanted to leave the mess for us to clean up, and put all the responsibilities on us. Come on.” Han Yan said.

After Han Tiansheng heard this, his expression finally became serious. He also knew how serious the consequences would be if this responsibility fell on the head of the American Han family.

The Han family established a foothold in the Chinese area and even became the first family, but this does not mean that the Han family can compete with all the aristocratic families in the Chinese area.

“This kind of incompetent junior will only use this shameless means, Han Tianyang, you really have educated talent.” Han Tiansheng said with disdain.

“Grandpa, what are we going to do?” Han Yan asked, this was her purpose for coming to Han Tiansheng.
