

His True Colour Chapter 531 - 540

Chapter 531

Basin City Hospital.

Outside the delivery room, the corridors were overcrowded, crowded with no extra space.

These people who watch the excitement are not ordinary people, but the bosses of all large and small companies in Cloud City. Among them, there are people with a net worth of hundreds of millions and others with a net worth of less than tens of millions.

But at this time, no matter how much assets. They all hope to be closer to the delivery room, because outside the delivery room, the people standing Moyang and Tianjia are the core figures of Basin City today.

Of course, the most important thing is Amelia Su in the delivery room.

They knew that if they could use this opportunity to win over the relationship between themselves and Amelia Su, then their future development in Cloud City would definitely take a step forward.

Everyone to the hospital. They all carry very precious gifts, hoping to give them to the proud son of heaven who will be born soon.

The corridor became noisy because of the crowded location. Mo Yang couldn't stand the noise and shouted angrily: "If the f*ck dares to make any more noises. Don't mess around in Basin City from now on."

With an order, the corridor instantly quieted down, the needle drop was audible, and everyone became cautious even panting.

They came to please Amelia Su. If Mo Yang was upset, it would be more than the gain.

“This is the real birth with a golden spoon. Thinking about me before, it’s really nothing.” Tian Linger said with a sigh. When she was born before, many people came to please, but never A grand occasion like today.

Thomas Tian smiled and said, “Many people don’t know your brother’s influence in Basin City, but all of this is reflected in the Su Family and Mo Yang. How could these profit-oriented businessmen want to miss it? How about the chance to please Amelia Su?”

“Grandpa, what’s in these people’s minds, look at the gifts they bring. I heard that there are several Ferraris parked in the parking lot. My brother’s child is not a monster. Is it possible that he can drive after birth?” Tian Linger couldn’t help rolling her eyes and said, she doesn’t know who came up with this stupid gift, she really can’t understand this mentality.

“What gift is not important, the important thing is expensive. The child hasn’t landed yet. There is already a luxury car in a garage. This is the real winner of life.” Thomas Tian said cheerfully, this kind of gift is indeed strange, but It is not difficult to understand that businessmen care about their interests. In their eyes, the more valuable things are, the more important they are.

Tian Linger looked at the delivery room, there was still no movement, two hours had passed.

“I don’t know if it’s a man or a woman. If it’s a boy, it’s the first young master of our Cloud City. If it’s a girl, that’s even better. She’s a princess when she’s born, and she’ll have to be spoiled to heaven.” Tian Linger said.

“Do you want to be a man or a woman?” Thomas Tian asked curiously.

“Of course it’s a girl. I like my niece. I will be able to dress her beautifully in the future.” Tian Linger said with a smile, seeming to have thought that there will be a princess follower behind him in the future.

“You didn’t come empty-handed?” Thomas Tian teased.

Tian Linger glanced at Thomas Tian contemptuously, and said: “The crows in the world are generally dark. Grandpa is not qualified to laugh at me. But I heard that you customized a gift a few months ago.”

Thomas Tian wiped his face awkwardly, and said: “They are all laymen, and I can’t avoid them.”

Tian Linger wrinkled her nose in dissatisfaction and said: “My birthday, but I have never seen you so hard. I have not received a customized gift.”

“We are a family, so you don’t need to be so outside.” Thomas Tian said.

“You are eccentric.” After finishing speaking, Tian Linger pulled Thomas Tian’s beard and screamed in pain.

Thomas Tian quickly begged for mercy. Mo Yang on the side looked at this scene, very disturbed.

He can’t hear any noise now, every second is suffering for him, after all, Amelia Su is now experiencing the most dangerous thing in life.

“Have you two troubled enough? Almost rest.” Mo Yang couldn’t help reminding.

Tian Linger quickly let go of Thomas Tian, and didn’t dare to recreate it, but she didn’t complain about Mo Yang either. After all, it was understandable that Mo Yang was a little irritable during this critical period.

“Lin Yong, are the arrangements made by the people outside the hospital?” Mo Yang asked Lin Yong.

“Thousands of people surrounded the hospital, and it was difficult for flies to fly in.” Lin Yong said.

Mo Yang worried that on this special day, someone would make trouble. Therefore, thousands of people were sent to guard around and inside the hospital. Normal patients and family members can enter and exit, but those who are irrelevant are not allowed to enter. He is extremely strict at this time of day.

At this time, Lily Jiang was sitting on the stool outside the delivery room, with a cold expression in his eyes.

For this day. Lily Jiang has been waiting for a long time, and the flies outside can't get in, but who can think that the biggest threat is next to Amelia Su?

Looking at the people in the corridor, Mo Yang said to Lin Yong: “Let these people keep the gifts, record them by the way, and let them get out of here, don't get involved here.”

“Yes.” Lin Yong took the order. The people in the corridor didn't see Amelia Su. Although they were unwilling to do so, they could only obey this arrangement.

No one wants to offend Mo Yang, who is irritable, at times like today, otherwise, there will be really no trouble in Basin City in the future.

“Everyone who gives gifts is eligible to participate in the children's full moon wine and hundred days banquet.” Mo Yang said to everyone.

Upon hearing this, smiles appeared on the faces of those who were dissatisfied, after leaving gifts. Left willingly.

After the merchant withdrew, the outside of the delivery room finally fell silent.

Mo Yang walked around outside the delivery room anxiously. Since Amelia Su entered the delivery room, he has not sat down for a second to rest. It's like his own wife is giving birth.

But for Mo Yang, Amelia Su's current status is probably higher than his own woman, because after George Han left. Mo Yang regards the protection of Amelia Su as the most important responsibility, and nothing can be compared with this matter.

"What's going on, it's almost three hours, why can't it come out." Mo Yang was so anxious that he wanted to generate momentum to see what was going on. If there is any accident, how can I explain to George Han in the future.

"Boss Mo, don't worry, I heard that sometimes it takes a day to give birth. It's only three hours. It's early." Lin Yong said.

Mo Yang glared at Lin Yong, and said angrily: "Close your crow's mouth, how many sins would you suffer in a day."

Lin Yong shrank his neck in fright, and quickly closed his mouth. At this time, he provokes Mo Yang, and it is not easy for anyone to intercede.

Every minute and every second is suffering for people outside the delivery room, and Amelia Su in the delivery room seems to be torn apart during the most painful time of life.

It is said that a woman giving birth is like going to a ghost gate. This is absolutely true, because the pain experienced in it is beyond imagination.

After waiting for five hours, the door of the delivery room finally opened.

At this time, it was supposed that George Han, as the father, took the child from the nurse with his ID card, but he was still in the center of the earth, and this responsibility could only be borne by Mo Yang.

“f*ck!” When Mo Yang was holding the baby, he couldn’t help sighing: “Nurse, you are holding the wrong one, why is it so ugly!”

The nurse knew that Mo Yang was a very powerful person, but at this time he couldn’t help but give Mo Yang a blank look, and said, “This is the case for the newly born children, not to mention the smooth delivery.”

Mo Yang knew that he had said something wrong, and said with an apologetic expression: “I’m sorry, I’m sorry, my mouth is not clean, don’t mind.”

“Women still need to rest for a while, so please go back to the room with your baby.” The nurse said.

Mo Yang nodded repeatedly and asked, “Nurse, is this a boy or a girl?”

“Girl.” The nurse said.

Mo Yang smiled with flowers on his face, and said, “Good girl, good girl, this is the little princess. If anyone does not spoil her in the future, I will hack to death.”

The nurse was shocked and hurried back to the delivery room.

At this time, Thomas Tian and Tian Linger both got together, but Lily Jiang was still sitting in the original position, calmly.

In this case, leaving with the child is definitely not good, so she must find a more appropriate time.

Chapter 532

What happened to the people in the center of the earth?

George Han people don't know, but the center of the earth at this moment has become a purgatory on earth.

Whether it is George Han, Dao Twelve and Gophers, they are all covered in blood. Those who attacked them madly have already died. At this moment, due to excessive physical exertion, George Han is hiding somewhere Rest in the room.

George Han hadn't thought about the development of things to such a degree, and at the same time, Dao Twelve and the Gopher also felt very confused.

In addition to the center of the earth, everyone who comes here cannot escape. They will also protect the safety of those who come here, but now, it is no longer known how many died, which has completely violated the external claims of the center of the earth, it seems that the center of the earth is gradually going to extinction.

"Brother George, if the center of the earth continues to go on like this, it is undoubtedly ruined. There must be someone controlling it in secret, but why does he want to do this?" The Gopher asked George Han in confusion.

The center of the earth only has its reputation and image today since it was founded a hundred years ago, allowing people to spend money willingly to send people they don't want to see to the center of the earth. But now, the significance of the existence of the center of the earth has completely changed. If this matter is spread, who else will send people to the center of the earth in the future?

George Han shook his head, if he could figure this out. There is no need to worry.

Everyone in the center of the earth is worth a lot. If the center of the earth is ruined, it will definitely impact the money income of the master behind the scenes. Hundreds of years of suffering will be ruined. Could it be that he has fallen in love with these people, or is it The center of the earth cannot bring him more benefits, so he no longer needs the existence of the center of the earth, so he will destroy it?

“Brother George, I think all these changes have something to do with you.”
Dao Twelve said.

Indeed, after George Han came to the center of the earth, a lot of extraordinary things happened here. It seemed very natural to blame the changes in the center of the earth on George Han.

But all of this must have a cause to have the current effect.

“I want to know why, I have to kill it.” George Han said solemnly.

About this, both Dao Twelve and the Gopher understand.

“Brother George, I have a good rest.” said the gopher.

“I’m resting too.”

George Han nodded, stood up and took a deep breath, and said, “Since he wants us to kill all the people here, let’s satisfy his little wish.”

“George, be careful.” Han Tianyang reminded George Han from the side.

George Han turned his head and said, “Grandpa, don’t worry, I will be fine. I want to take you back to Basin City to see your great-grandson.”

Hearing these words, Han Tian stood up suddenly, and when he wanted to continue to ask, George Han had already left the room.

Great-grandson!

Does he already have a son!

This incident was a big shock to Han Tianyang. With a pained expression on his face, he squatted in the corner weakly covering his face, as if he regretted what he had done.

The entire center of the earth is filled with a very strong smell of blood.

The scene here is nothing too much to describe with the word hell, and the three of George Han are like harvesters in hell, wherever they go, corpses are everywhere.

Since all the doors in the center of the earth have already opened automatically, in the past few days, George Han has been very familiar with the layout of the center of the earth. He has been to the mysterious area A and checked the departure route.

When all the doors were opened, and only one door was sealed tightly, George Han knew that this must be the way to leave, but they tried all kinds of ways to open it, and every time they appeared here When the road is near the closed door, there are always those crazy people who will find them.

This is also the most miserable place for the battle, and the corpses are almost stacked.

The three of George Han came here again with a clear division of labor. He and Dao Twelve resisted those who are crazy, and the gopher is looking for the mechanism to open the door.

They have spent the last two days in this way. After most of their physical strength has been exhausted, and they have not found a way to open the door, they will return to the safe room to rest, and when their physical strength is restored, they will come back here again.

“It’s hard to imagine that I did it here.” Looking at the corpses all over the floor, George Han couldn’t believe it. Although he had done killings when he was very young, it was compelling. As a last resort, he had to use this method to take his first step.

But he never dreamed that in the future today, he would kill people like hemp, although he was forced to do it, but he has become a living god of murder.

“Brother George, the most effective solution in this world is always violence.” Dao Twelve said to George Han.

George Han nodded, this is the truth. No one can resist, because violence is the most direct method.

“Gopher, look at you.” George Han said to the gopher.

Soon, those crazy people came back, and George Han and Dao Twelve were in a bitter battle. The gopher was sweating profusely looking for all possible places to hide organs.

It didn’t take long for George Han and Dao Twelve’s stamina to bottom out, because during this time, they had almost nothing to eat, and most of the time they were supported by drinking water. Even if their stamina recovered, they could not recover. At its peak.

After gritted their teeth and fought hard, the three of George Han finally retreated again.

At this time, Amelia Su had already returned to the mountainside Villa.

For Amelia Su, who gave birth successfully, she was discharged from the hospital in just three days. And the day after giving birth, she was already out of bed.

Outside the mountainside Villa, there are hundreds of people in Moyang, let alone people, it is extremely difficult for flies to fly into the Villa.

Amelia Su held her sleeping daughter in her arms, her face full of dozing.

Amelia Su didn't expect to be a mother so quickly, but this is the crystallization of her love with George Han, so Amelia Su adapts very quickly, even if she wakes up several times every night to breastfeed, Amelia Su also enjoys it. Do not feel the slightest bit of luck.

He Ting walked to Amelia Su with a bowl of soup and said with a smile: "Amelia, drink the soup first."

Amelia Su nodded and handed the child to He Ting.

"When is the name given?" He Ting asked Amelia Su, holding Princess Han carefully.

"Han Nian, does it sound good?" Amelia Su asked. Originally, she wanted to wait until George Han came back to name her, but now there is no news about George Han, Amelia Su can only make her own way.

He Ting smiled and nodded: "It sounds good, Han Nian, if her father hears this name, he will definitely be happy."

Amelia Su smiled softly and missed George Han, so she named her Han Nian. This is the most beautiful name she could think of. She herself was very satisfied. At this time, she was recognized by He Ting and she was naturally more happy in her heart.

“I hope her dad can come back soon.” Amelia Su said.

“Even if you are in a hurry, you can’t be so anxious to teach her to call her father now. It’s only three days, do you still expect her to speak so quickly?” He Ting couldn’t help joking.

Amelia Su did secretly teach Han Nian to call her father. She herself knew that this was an impossible thing, but she missed George Han too deeply, so she couldn’t help but use this method to relieve her.

He was teased by He Ting at this time. Amelia Su flushed with shame, and said, “Aunt He, it’s fine if you secretly know.”

“Yes, I know it secretly, and I will never mention it in the future.” He Ting laughed.

At this moment. When Mo Yang came to the house, he held Han Nian in his arms and teased for a while before saying to Amelia Su: “The list of gifts has been sorted out. This little princess has received a lot of gifts.”

“Six Ferraris and two McLarens. Three Lamborghini. Bentley and Rolls-Royce also have them. I have discussed with Thomas Tian and will fix a dedicated parking lot for her in the Villa area and put these cars in. There are countless other gifts, and I plan to build a warehouse for storage. What do you think?”

Regarding gifts, Amelia Su didn’t care at all. Money was nothing but an external object, and Han Nian couldn’t use any of these things.

“Brother Yang, take care of it yourself, I have no objection.” Amelia Su said.

“Okay, I won’t tell you about these little things in the future, but if you want to see it, you can always find me.” Mo Yang said.

Chapter 533

The master bedroom on the second floor of the Mountainside Villa.

With the door closed tightly, Lily Jiang was on the phone cautiously.

“Now Mo Yang has arranged for a lot of people to stay in the Villa. There are hundreds of pairs of eyes staring at them when they enter and exit the Villa. It is difficult to take her out of the Villa.

“Don’t worry, I will find a way and give me a few more days.”

“I know you will kill me, but if I am discovered, no one will be able to do this for you in the future. What’s the use of threatening me?”

“Good. In three days, within three days, I will find a way to do it.”

After hanging up the phone, Lily Jiang took a deep breath. Originally thought she would have a chance to succeed when she went home, but she did not expect that Mo Yang, a nosy fellow, would let hundreds of people protect the Villa, and strangers should not enter, even if they go out. Was questioned.

The angry Lily Jiang vented his anger on Wilson Su. For Wilson Su, he fought and kicked.

Lily Jiang turned around and left the room after venting his joy.

At this time, Wilson Su’s eyebrows were constantly trembling, and he seemed to be awake in a coma.

Lily Jiang came to the living room. When she saw Mo Yang, the boredom in her heart rose to the apex.

“Mo Yang, what do you mean? This is our house. Your people are guarding us 24 hours a day. It has caused serious trouble to us. Please let those people go.” Lily Jiang is not polite. Mo Yang said.

If Mo Yang wasn't for Wilson Su's need to be taken care of, he would not let Lily Jiang appear here, because in his eyes, Lily Jiang was a dangerous person. After all, this woman wanted to kill George Han before. , Who knows if she will have revenge?

Maybe she has changed now, but Mo Yang's vigilance towards her will never change.

“Are you ordering me?” Mo Yang said lightly.

Lily Jiang looked at Mo Yang without fear, and said: “I just don't want your people to disturb our lives. We are not criminals, so why should we be monitored.”

“Amelia, do you like this life of being watched?” Lily Jiang turned around and continued to say to Amelia Su.

For those people outside the Villa, Amelia Su didn't have any opinion, because she knew that it was Mo Yang's kindness and was worried about accidents at home, so she sent so many people to guard.

And in a way, this is also a good thing. Wilson Su is unconscious and there are only a few women in the family. If something unexpected happens, who can solve it?

“Mom, Brother Yang is also kind, I don't think there is any problem.” Amelia Su said.

Lily Jiang gritted her teeth, and if Amelia Su agreed, she was even more unable to let Mo Yang evacuate these people.

As long as Mo Yang's people are in one day, it is absolutely impossible for her to take Han Nian away, and she only has three days now.

If Han Nian cannot be handed over to him within three days, Lily Jiang may die, which is something she never wants to face.

George Han can die, even Han Nian can die, but she is absolutely unwilling to die.

The Su family still has endless glory and wealth waiting for her, how could she admit her fate?

"How is Dad?" Amelia Su asked.

Lily Jiang, who was acting in front of Amelia Su, deliberately sighed and said: "There is no sign of being sober yet, but even if he doesn't wake up all his life, I will take care of him."

Amelia Su also sighed, a kind person, now he can only lie in bed, and the changes in the world are too impermanent.

At this time, Lily Jiang walked to Amelia Su and said: "Give me the child. Go and rest for a while. I will take her upstairs and talk to your dad. Maybe it will wake up your dad's consciousness. He thought about it very early. Be a grandfather."

Amelia Su smiled and gave Mo Yang a look.

Mo Yang reluctantly handed Han Nian to Lily Jiang, and exhorted: "Be careful, don't freeze."

"Do you still need to say?" Lily Jiang said disdainfully.

After Lily Jiang held Han Nian upstairs, Mo Yang left. He still had to deal with gifts. After all, the number was huge, and these were the little princess's personal belongings, so he had to count them.

After Lily Jiang went upstairs, closed the door, and threw Han Nian directly on the bed. The little guy seemed to feel that no one was holding him and began to cry, but his voice was very small. After all, this was only a three-day-old child.

"Your dad is a waste, and you are also a waste. Just after putting you down, you started crying. Can't you sleep if no one is holding him? You really think of yourself as a princess." Lily Jiang said viciously, as a grandmother. Lily Jiang has the demeanor of Nangong, and has no love for it. It seems that Han Nian picked it up from the roadside.

"Cry, cry, cry, cry, cry again, I will strangle you." Lily Jiang was obviously impatient with crying. He threatened a child.

Wilson Su's eyelashes trembling more clearly while lying down.

Lily Jiang walked to the balcony and looked at Mo Yang's men outside the Villa. His anger didn't even hit any place. In this case, unless she could fly, there would be no way to take Han Nian away.

For a woman like Lily Jiang who is extremely selfish and selfish, once her own interests are threatened, no matter what kind of family affection is meaningless to her, in order to return to the Su family. She was able to cause a car accident and nearly killed Wilson Su, and naturally she was able to attack Han Nian for her wealthy life.

What's more, Lily Jiang doesn't have the slightest affection for George Han. To her, George Han's daughter is like an enemy. As for her grandmother, Lily Jiang doesn't regard Han Nian as her grandson.

The cold wind was bleak, Lily Jiang couldn't help but shudder.

Be careful, don't freeze.

Mo Yang's instructions suddenly echoed in Lily Jiang's mind.

Now Amelia Su is in her confinement period. She would not leave the Villa at will. If Han Nian caught a cold and got sick, wouldn't she have a legitimate reason to take Han Nian away.

The moment this thought occurred, Lily Jiang returned to the room and looked at Han Nian crying on the bed with a smirk.

"Little thing, in such a cold day, I will let you feel the taste of the cold wind. Only if you are sick can I take you out of here." After that, Lily Jiang unwrapped the bedding wrapped around Han Nian.

At this time, Wilson Su's eyelashes trembled more severely, and even his fingers moved slightly. Obviously, his consciousness had become sober and he even wanted to prevent Lily Jiang from doing so, but his current physical condition did not allow it.

Lily Jiang took Han Nian to the balcony and placed it directly on the cold floor.

When she saw Han Nian crying, there was no pity in her eyes, and there was even a happy smile.

"I really want your dad to see and see how pitiful you are." Lily Jiang said with a happy smile.

Han Nianxue's delicate skin turned blue in a short time. Even his lips turned black, and he kept pushing his calves, and his little hands kept thumping.

The sound of crying was like praying for Lily Jiang.

But Lily Jiang, who was unmoved, had a sneer on her face. Without any mercy.

Being able to deal with a child who was just born a few days ago, Lily Jiang's scorpion heart can be seen, George Han did not kill her at the beginning, it is definitely the most wrong decision.

Seeing Han Nian's voice getting smaller and smaller, Lily Jiang finally picked her up.

"If it hadn't been for him to give the life to him. Even if you were dead, I wouldn't take another look." Lily Jiang said lightly.

Back in the room, Lily Jiang wrapped the bedding on Han Nian again.

In such a cold and windy day, even adults cannot withstand the cold, let alone Han Nian with a small body.

In a short while. Her body began to get hot, and even with a slight tremor, her face was obviously not very good.

Lily Jiang hugged Han Nian downstairs in a panic, and said to Amelia Su:
"Amelia, the child seems to be sick, do you want to take her to the hospital?"

Amelia Su, who was resting, heard these words and jumped up directly from the bed.

"What's the matter? How can you get sick if you are good enough?" Amelia Su asked in a panic.

Lily Jiang shook his head and said: "I don't know what's going on. I was talking to her grandfather, and it happened suddenly."

Han Nian's state was obviously not right. Amelia Su's first thought was to go to the hospital as soon as possible, but nothing happened.

"Allow someone to prepare a car and go to the hospital immediately." Amelia Su said.

"You are still in confinement, it is windy outside, you can't go out, let me go." Lily Jiang said.

Chapter 534

Amelia Su hugged Han Nian and walked outside the room without even thinking about it.

How could she not go after such a big incident?

Looking at Han Nian from time to time, she was even more unable to rest assured.

Lily Jiang would naturally not let Amelia Su go, otherwise her plan would have failed. This was the only opportunity to take Han Nian away.

"You are obedient, stay at home, and let me go. You can't go out now. Confinement is an important life event for a woman." Lily Jiang eagerly persuaded her.

"No." Amelia Su said firmly: "I'm going, Aunt He, let the people outside the door prepare the car."

He Ting heard the movement and hurried to Amelia Su's side and asked, "What's wrong?"

“Han Nian is sick and is going to the hospital.” Amelia Su said.

He Ting was taken aback, everything was fine just now. How could he suddenly become ill, and looking at Han Nian’s appearance, it seems that he is still sick.

Lily Jiang was very anxious at this time, because she finally figured out a way to take Han Nian away. If Amelia Su followed, she would have lost everything.

“He Ting, let’s go, let Amelia stay at home, the wind is strong outside, she is now in confinement, but can’t go out.” Lily Jiang said.

As a person who came by, He Ting knew how important it was to protect herself during her confinement period. Once the root cause of the disease had fallen, she would have to endure a lot of hardship as she grew older.

“Amelia, your mother is right, you can’t go now, you have a good rest at home, I will be with her, if anything happens, I will call you the first time.” He Ting said.

“Aunt He, how can I not go? How can I rest assured if you let me stay at home alone.” Amelia Su said.

Lily Jiang took Han Nian from Amelia Su’s arms at this time. Said: “Is there any worry, there is no difference between you going and not going? Now in the hospital, don’t anyone dare not pay attention to us? You can stay at home with peace of mind and don’t get sick again.”

“Yeah, if I get sick again, I’ll be in trouble.” He Ting also persuaded from the side, of course, she was really kind to Amelia Su.

After struggling, Amelia Su could only say: “Well, you go, remember to tell me as soon as you have anything.”

He Ting took some diapers and milk powder very carefully, and then went out with Lily Jiang.

The moment Lily Jiang stepped out of the Villa door, Lily Jiang's nervous mood eased a lot.

Amelia Su didn't follow her, and her plan was more than half successful, and there was He Ting, and even the culprits were found.

After the two got in the car, they went straight to the city hospital, but got off at the entrance of the city hospital. Lily Jiang immediately hugged Han Nian into another car.

He Ting wondered why Lily Jiang did this, but after Lily Jiang got in the car, she could only follow her in the car.

"Where are you going, haven't we already arrived at the hospital?" He Ting asked suspiciously.

"I have a better doctor, he treats the child's disease more severely." Lily Jiang said without changing his face.

He Ting was not suspicious, and it was impossible for her to think that Lily Jiang, who was a real grandmother, would actually harm Han Nian.

The car quickly drove to the suburbs. I wanted to come to He Ting. The person Lily Jiang was looking for would not be a barefoot doctor. Is this kind of person really reliable?

She wanted Lily Jiang to return to the city hospital, where there was more assurance, but she was only a servant in the Su family after all. How could she have the right to speak and let Lily Jiang change her mind?

Came to a small farmyard. Still the driver.

“You saved your life.” The driver said to Lily Jiang with a smile on his face.

“I said that if I can do it, I can definitely do it. No one can stop me.” Lily Jiang said lightly.

“You are her grandmother, such a vicious thing. I don’t think you have the slightest guilt.” The driver said.

Lily Jiang smiled contemptuously, and said: “Guilty, how could I be guilty for that kind of waste, if it weren’t for him, could I have today?”

“It wasn’t for him, you really wouldn’t have today.” The driver said in a pun, if there was no George Han. How could the Su family have today? It was George Han’s ability that prompted the Su family to develop today, but Lily Jiang didn’t want to admit it.

What Lily Jiang calls today is her downfall, not the glory of the Su Family, because in her eyes, everything the Su Family has obtained is taken for granted.

“My task has been completed.” Lily Jiang handed Han Nian to the driver.

Only then did He Ting notice a faint smell.

Lily Jiang didn’t find a doctor for Han Nian, but wanted to hand Han Nian to the stranger. There seems to be some kind of transaction hidden in it.

“Lily Jiang, what are you doing!” He Ting said in a panic.

Lily Jiang turned his head and looked at He Ting with a sneer on his face, and said: “I wanted to drive you out of the Su family a long time ago, but I didn’t succeed before. It seems that God is destined to carry this scapegoat for me.”

He Ting was stunned.

“She is your granddaughter, why do you want to harm her.” He Ting said emotionally. As the saying goes, tigers can’t eat their children. Lily Jiang’s doing this is more poisonous than tigers!

“When did I admit that this wicked species is my granddaughter, she is the daughter of the waste, and I have a vengeance.” Lily Jiang gritted his teeth and slapped He Ting, and continued: “And you bitch , Eating and drinking for free in our house for so long, this is the happiest period of your life, poor people like you. What qualifications do you have to live in the mountainside Villa?”

He Ting was sober by the slap in the face, and subconsciously wanted to snatch Han Nian from the driver.

The driver kicked He Ting’s abdomen, and He Ting squatted on the ground with a painful expression.

“These two people are handed over to you, I don’t want to see them again.” Lily Jiang said to the driver.

“Are you ordering me?” the driver said, looking at Lily Jiang with a torch.

Lily Jiang’s momentum suddenly became much weaker. He lowered his head and said, “I’m just giving advice.”

“Go away, there is nothing for you here,” the driver said.

Lily Jiang left dingy, and after arriving at the hospital, she called Amelia Su.

“Welcoming Xia. He Ting was holding the baby and disappeared. I searched the hospital and couldn’t find it.” Lily Jiang’s tone was flustered with eagerness, and panting hard, as if she had just ran a long distance.

“How is it possible!” Amelia Su asked incredulously. She knows what kind of person He Ting is, how could she hold Han Nian and disappear for no reason?

“You call Mo Yang and ask his people to come to the hospital. I suspect He Ting may have taken advantage of some people and kidnapped Han Nian.” Lily Jiang said.

For Amelia Su, this kind of thing is like a bolt from the blue.

“Okay.” Amelia Su hung up in a panic, and immediately dialed Mo Yang’s number.

Mo Yang was liquidating Han Nian’s gift, and he was quite satisfied with those generous businessmen.

Although Amelia Su didn’t care about this matter, he cared very much, which represented Han Nian’s influence on Basin City.

This is George Han’s daughter, and it is a matter of course for Mo Yang to have this kind of influence.

When Mo Yang saw Amelia Su’s caller ID, he thought she wanted to care about gifts, so he answered the phone and said, “I’m sorting out all the gifts. After sorting out all the gifts, I will give you a list.”

“Brother Yang, Han Nian is gone.” Amelia Su said.

Mo Yang froze for a moment, and then asked, “What’s going on.”

“Han Nian was ill and went to the hospital, but Aunt He is missing with her now. My mother called me just now and she searched the hospital but couldn’t find them.” Amelia Su said.

Mo Yang took a deep breath. He guarded everything, and sent hundreds of people to the mountainside Villa. He was worried that Han Nian might have an accident. He didn't expect it to happen!

"I will send someone to look for it immediately, and I will find out three feet of the ground in Basin City. If He Ting really did it, I want her to die without a place to be buried!" Mo Yang gritted his teeth.

For those who dare to threaten Han Nian, there is only one dead end for Mo Yang.

Putting down everything in his hands, Mo Yang rushed to the city hospital in person, and met Lily Jiang at the entrance of the hospital.

Lily Jiang's eyes were red and swollen from crying, and after seeing Mo Yang, she took Mo Yang's hand and said, "Hurry up and ask everyone to go to Han Nian. You must find her."

Mo Yang suddenly stretched out his hand to pinch Lily Jiang's neck, and asked in a cold voice, "Say, does this matter also have something to do with you!"

Chapter 535

The reason why Lily Jiang is suspected is that Lily Jiang has always been a dangerous person in Mo Yang's mind, and Mo Yang has never let go of her vigilance, but Mo Yang originally thought that the protection of hundreds of people would not be arranged in the Villa. It would give Lily Jiang a chance to play tricks, but he didn't expect this event to happen after all.

At this moment, Mo Yang, apart from anger, also blamed himself. If he could guard Han Nian all the time, how could such an accident happen?

More importantly, based on Mo Yang's understanding of He Ting, the probability of He Ting betraying George Han is very low. Without George Han, there would never be He Ting today. Why would she betray him?

Lily Jiang grabbed Mo Yang's arm with both hands, trying to struggle away. However, her strength was obviously incomparable to Mo Yang, and her breathing became more and more difficult, and she couldn't even speak.

Lily Jiang, who was speechless, could only shake her head to express her meaning.

Mo Yang slightly reduced his strength, leaving Lily Jiang room to speak.

Lily Jiang took a deep breath, and then said: "It's not me, I am her grandmother, how could this kind of thing be done? I know that I have made a lot of mistakes before, but now I have changed it and I have regretted it."

Leaving aside the credibility of this sentence, Mo Yang was not in the mood to pursue it. The most important thing now is to find Han Nian. Don't let her have the slightest surprise.

When Lily Jiang was released, Mo Yang said: "If this matter is related to you, I will let you die without a place to bury you."

Lily Jiang sucked greedily, finally feeling that she was alive, and said to Mo Yang: "It must be He Ting who took Han Nian away for money. She must be united with someone who wants to blackmail us."

"Is it blackmail? I will investigate." Mo Yang said coldly. At this time, he was like a cold-blooded beast, and no one could get close.

"Set up points on all roads that can leave Basin City, any vehicles that leave. All must be checked carefully, and they must not be allowed to leave Basin City with Han Nian." Mo Yang told Lin Yong.

Lin Yong did not dare to hesitate, and immediately ordered the matter down.

Whether it was the people from the headquarters of the Demon Capital, or the subordinates scattered all over Basin City. Coming out at this moment, Mo Yang's energy in the gray area of Basin City was completely revealed for the first time, and its influence was staggering.

"Take her back to the mountainside Villa. Without my order, she can't step out of the mountainside Villa." Mo Yang continued.

"Yes." Lin Yong instructed two of his men and directly took Lily Jiang into custody.

Mo Yang's eyes burned with anger, and he looked up at the sky. He gritted his teeth and said, "No matter who you are, if you dare to hurt Han Nian half of your hair, I want your whole family to be buried!"

Yenching.

Han Family Courtyard.

Mary, who had nothing to do, was tidying up the garden at home, without a servant. Mary did all the housework by herself, which also gave her a chance to pass the time.

She already knew about Amelia Su's pregnancy and giving birth to a daughter, and she wanted to visit Basin City in her heart. After all, as the grandmother of the child, she also has the responsibility to take care of Han Nian, but George Han is not there, and now George Han is right. She still has resentment, so Mary can only endure this impulse. She hopes that one day, George Han can forgive her and bring Han Nian back to Hillwood City to see her.

As he was trimming the flowers and plants, Yan Jun on the side suddenly said: "Just received the news. Three thousand daughters seem to have been kidnapped."

"What!" Mary turned her head and looked at Jun Yan with a torch. This is her granddaughter, someone kidnapped!

"The news should be correct." Yan Jun said.

Mary took a deep breath. Said: "Didn't Mo Yang send a lot of people to guard at the mountainside Villa? How could he be kidnapped."

"The news said that the servant of the Su family took the child." Yan Jun looked innocent, but his fists were already clenched, and there were obvious signs of white joints. Obviously he was also in a state of anger, but he just concealed it very well.

Mary gritted her teeth. Although the news made her very angry, she did not lose her mind.

She has a general idea of what kind of person He Ting is, and George Han is kind to her, she has no reason to do so.

You must know that since George Han left Hillwood City, he hardly asked the Han family to do anything for him. The first time George Han asked her for help, it was because of He Ting's daughter. This love was enough to keep He Ting for life Thanks.

"Rather than He Ting did it, I think this matter is more related to Lily Jiang." Mary said coldly. She and Mo Yang had almost the same first thoughts. After all, Lily Jiang had spent a lot to deal with George Han. Mind, it is not a rare thing even if it kills George Han's daughter.

"What are you going to do now?" Jun Yan said.

“I didn’t go when Amelia Su gave birth, because I was afraid that I would be unhappy, but now, how could I ignore such a big thing? It is my granddaughter after all.” Mary said lightly.

On the same day, a private jet from Hillwood City Airport headed towards Basin City.

After Lily Jiang returned home, she comforted Amelia Su who was crying heartbreakingly. But Amelia Su’s emotions couldn’t calm down.

It was a piece of meat that fell from her body. Amelia Su regarded it as her own destiny. For a mother, losing her child was probably the most unacceptable nightmare.

Lily Jiang pretended to say that Mo Yang would definitely find Han Nian back, but in her heart, she wished that the driver could kill both Han Nian and He Ting.

Although she had no chance to kill George Han, if this evil kind could die. That is also a happy thing for Lily Jiang.

At about nine o’clock in the evening, Amelia Su was still sitting in the living room desperately. For such a long time, she didn’t even drink a sip of water. Lily Jiang just had a big meal, and he was lying on the sofa to rest full and full.

Lily Jiang was already a little impatient with Amelia Su’s crying, so she didn’t plan to care about Amelia Su, she let her cry if she wanted to cry.

At this time, the doorbell rang suddenly, and Lily Jiang subconsciously wiped the corners of his mouth, for fear of leaving a little oil stain.

In Lily Jiang’s view. The person here must be Mo Yang, she can’t let Mo Yang see her heartless side.

But when the door opened, Lily Jiang stepped back subconsciously in fright.

Mary!

How could this woman come.

To say that the biggest shadow of Lily Jiang's life was probably brought to her by Mary.

Think of that strong slap back then. It is still an indelible mark in Lily Jiang's mind.

For Lily Jiang, Mary's innate supremacy is like a heavy pressure, which can make her feel the illusion of suffocation without the intervention of external forces.

"You, why did you come." Lily Jiang's expression became disastrous in an instant. She had forgotten Mary, but she didn't expect this woman to appear suddenly.

When Amelia Su saw Mary, dry tears came out again, and she knelt on the ground feebly and said, "Mom, I'm sorry, I lost Han Nian."

When Mary saw Amelia Su's haggard appearance, her heart ached. She is very clear about Amelia Su's current mood and heartache, just like preparing a table full of dishes for George Han that day, George Han turned and left without even eating a bite.

As a mother, how could Mary not feel the same?

"Lily Jiang, where is my granddaughter?" Mary asked, looking at Lily Jiang with cold eyes.

When Lily Jiang faced Mary, she felt more scared than when she faced Mo Yang. She shook her head in a panic, and said: "I was taken away by He Ting. It has nothing to do with me. I am Han Nian's grandmother. Do you think Will I harm her?"

Mary slapped Lily Jiang on the face and continued: "Where is my granddaughter?"

"I really don't know, it has nothing to do with me." Lily Jiang said with her face even more panic.

Snapped!

Another slap on Lily Jiang's face, Mary continued to repeat the same four words: "Where is my granddaughter?"

Lily Jiang felt fiery pain on the left and right cheeks, but Mary did not show mercy at all.

"Why are you hitting me? I, like you, are her elders. What qualifications do you have to accuse me from above?" Lily Jiang suddenly exploded and shouted at Mary hoarse.

Facing Lily Jiang, who was about to be mad, Mary's expression remained calm, stretched out her hand to grab Lily Jiang's hair, pulled her head down, then raised her knees and ran into Lily Jiang's face.

Chapter 536

Although Mary is only a woman, when she gets up cruelly, few men can compare with her. This is the difference between being in a big family, and she can see a different side of the world. In this situation Under the circumstances, her xinxing is naturally stronger than ordinary people.

In the face of someone like Lily Jiang who wanted to kill her son, how could Mary be merciful?

Lily Jiang yelled in pain. There was blood flowing out of his nostrils, which made Lily Jiang both scared and panicked.

She didn't think that Mary would appear suddenly, and she didn't even think that she would face Mary's violence.

"Where is my granddaughter?" Mary continued.

These four words were still the same, but the simple four words made Lily Jiang tremble.

But Lily Jiang knew that even if she died, she could not tell the truth, otherwise her fate would only be worse.

Lily Jiang had no choice at this time. I can only show off my pity in front of Mary, hoping that she can pity herself.

Kneeling on her knees, Lily Jiang did her best to show her weak side. At this time, she didn't care about the word dignity at all. Even if she stood in front of her, she should have been her mother-in-law who was on the same level as her.

"I really don't know, this matter has nothing to do with me, please don't hit me, let me go." Lily Jiang kowtow and beg for mercy.

Mary looked at Lily Jiang coldly. The woman was tight-lipped and refused to say anything, but Mary still suspected that she did what Han Nian did.

As for He Ting who disappeared. Maybe she was killed too.

But now that there is no evidence, and Lily Jiang doesn't admit it, Mary can do nothing.

She couldn't kill Lily Jiang directly. After all, this was Amelia Su's mother. Mary was worried that doing so would make George Han unhappy. After all, when Lily Jiang wanted to kill George Han, George Han also let him go. of.

Mary bypassed Lily Jiang, walked to Amelia Su's side, helped Amelia Su up, and said softly: "I will definitely find her, this matter is not your fault, you don't need to blame yourself."

After Amelia Su heard this sentence. The tears were more turbulent, and she would rather be blamed by Mary at this time, and would rather be scolded by Mary, perhaps she would feel better in her heart.

A person who can't even take care of his daughter. Why can I still get caring?

"Mom, please, you must help me find Han Nian, otherwise. How can I survive? What face do I have to face Three Thousand." Amelia Su said bitterly.

Mary nodded and said to Jun Yan: "I know you have many subordinates who have been hiding for so many years. It's time to come in handy. Your responsibility is to protect the Han family. Presumably you are not qualified to refuse my order. ."

Jun Yan will never ignore this matter. After all, it was George Han's daughter. Even without Mary's order, he would definitely investigate secretly.

"A lot of people may die." Yan Jun said lightly.

"As long as it's not for Han Nian's death, the others have nothing to do with me, but you must know that Han Nian can't be the least accidental." Mary said coldly.

Jun Yan left the mountainside Villa without saying a word. This was the first real anger from Jun Yan in so many years.

Angry Yan Jun. Definitely a terrifying beast, once stirred up the bloody wind that shook the world in Hillwood City, and this old man once ruled the world!

At ten o'clock, Mo Yang appeared in the Villa. When he saw Mary, he seemed a little surprised. He never expected Mary to appear here.

Although Lily Jiang and Mary are both George Han's mothers, they are quite different. The former was completely ignored by Mo Yang, but the latter was worthy of his respect.

No matter how unpleasant the quarrel between George Han and Mary is, she is after all George Han's biological mother, and she is also the current leader of the Han Family. This kind of energy is definitely not something Mo Yang is qualified to look down upon.

How dare the boss of the gray zone of Little Cloud City compare with Mrs. Hillwood City Han?

"Mrs. Han." Mo Yang lowered his head and shouted respectfully.

Mary said coldly: "As George Han's subordinate, you did not protect his daughter. This kind of negligence is enough for you to make up for it with your life."

Although George Han never regarded Mo Yang as a subordinate, Mary's words did not make Mo Yang repulse at all, because in Mo Yang's heart, he really positioned himself as a subordinate of George Han.

"After I find Han Nian, no matter how much Madam Han wants to punish, Mo Yang will never frown." Mo Yang said.

Mary had no doubt about Mo Yang's loyalty, and asked, "What's the news."

Mo Yang sighed. Although he had let his people out, there was no news at all.

"I have sent someone to Rong City. As long as Jiang Yingying is brought back, it is possible to contact He Ting." Mo Yang said.

"You should know in your heart that even if you catch Jiang Yingying, the usefulness she can show is minimal." Mary said frankly. Now even He Ting can't be contacted. What use can Jiang Yingying have What?

Mo Yang knew this very well, but he had no other way. Only catch Jiang Yingying to try.

"This is no way." Mo Yang said.

"Don't bother Amelia's rest, you go first, contact me if you have news, this is my business card." Mary said.

After Mo Yang stepped forward and took Mary's business card, he sighed and said, "Comfort Amelia, let her not worry about excessive, I will definitely find Han Nian."

"What is George Han to you?" Mary asked suddenly.

Mo Yang was stunned for a moment. Without thinking about it, he replied: "Brother who can be protected by life."

Mary smiled faintly, obviously very satisfied with the answer, and said: "I hope you don't let me down, George Han may not kill you. But it doesn't mean I won't."

Mo Yang didn't have any waves in his heart, and he was not afraid of Mary's threats, because if he really couldn't find Han Nian, he would have no face to face George Han. Instead of this, he might die even more joyously.

After Mo Yang left, Mary took Amelia Su, who was already asleep, back to the room. She was exhausted. Crying completely lost energy.

In the master bedroom on the second floor, Lily Jiang looked at herself in the mirror and was almost beaten out of recognition by Mary. This Qiu Lily Jiang was remembered in her heart. Once she was given a chance for revenge, she would never feel soft on Mary.

"Family, sooner or later Lily Jiang wants you to kneel in front of me and kowtow. George Han is damned. Han Nian is damned, and Mary is even more damn." Lily Jiang gritted his teeth and muttered to herself viciously, towards narrow-minded For her, if you can't avenge this revenge, no matter how great the glory and wealth are, it won't be a taste.

Whenever there is anger, Lily Jiang will vent to Wilson Su on the bed, and today is no exception, after punching and kicking Wilson Su for a while. Her emotions got some relief.

Tianjia Villa, after learning that Han Nian was kidnapped, Thomas Tian and Tian Linger were not idle, using their personal connections to investigate this matter, but it was a pity that there was no gain at all after one day.

The two returned home one after another.

Thomas Tian ran for a day, lying on the sofa with a tired face.

Tian Linger returned home and threw off her shoes directly, and then went to Thomas Tian's side and cuddled beside him.

“Grandpa, you said how Xiao Nian’er is now, she won’t have any accidents, right?” Tian Linger asked worriedly.

Thomas Tian’s expression was very serious, and Han Nian had left his mother in just a few days. The situation she is facing now makes Thomas Tian feel anxious just thinking about it.

“Don’t make any accidents, otherwise, once George Han comes back, for Basin City, the sky will fall.” Thomas Tian said, George Han knows his temper very well. This is a very tolerable one. A young man, but he also has his own bottom line. Once the bottom line is touched, the side he shows is absolutely terrifying.

If Han Nian had an accident, Thomas Tian would have no doubt that George Han would have caused the turmoil in Basin City, and even the entire structure of Basin City would be changed because of him. Perhaps even Tianjia would not be able to jump out of the affected area. .

It is absolutely not an exaggeration for George Han to be called the first person in Basin City today.

“Although I don’t have such a great father, I am really lucky to have such a great brother.” Tian Linger said.

Chapter 537

When violent turbulence occurred in Cloud City, so did the center of the earth.

In this world of purgatory, the air is full of intense blood, and the corpses that can be seen everywhere are definitely a nightmare for ordinary people. The scabs on the bodies of George Han and three people are shocking, and they are all demons who have survived from the dead.

“Brother George, it seems... as if we have killed all the people in the center of the earth.” The gopher said to George Han in fear, still in front of the closed door. But people who hadn’t gone crazy took the initiative to send it to the door, which made the gophers surprised to find out what they did.

Have hundreds of people in the center of the earth killed all of them?

For gophers who are not good at killing people and take pleasure in escape from prison, this is an extremely powerful thing.

George Han glanced at Dao Twelve. Since no one showed up, it means that the whole heart of the earth is alive, only three of them.

But they still did not find the opening mechanism of this door. The problems faced were not solved by killing all those people.

“Brother George, what should we do now?” Dao Twelve asked.

George Han did not answer Dao Twelve’s question, but said something that puzzled Dao Twelve and the hamster.

“I have killed everyone. What do you want to do? Do you want to be a turtle?” George Han said to the people behind the scenes. All of this must be monitored behind the scenes, although George Han doesn’t know what he wants to do, but when people are dead, hasn’t he achieved his goal yet?

At this time, the door suddenly opened on its own initiative.

Gopher and Dao Twelve looked at George Han at the same time. Obviously it was his words that alarmed the people behind the scenes, so the people behind the scenes would open the door.

“Brother George, do you want to go in?” Dao Twelve asked. The space in this door is not large, it is more like an elevator.

Heaven or hell?

Life or death.

George Han didn't know.

But in any case, this is the only way, he must go.

"Go and pick up my grandfather." George Han said to the gopher.

The gopher took the lead, trot all the way, and in a short while brought Han Tianyang.

"Grandpa, we will be leaving here soon." George Han said to Han Tianyang.

Han Tianyang came along. Those corpses shocked him, but he knew very well that the trouble for George Han had never really started.

"Three thousand. Grandpa wants to tell you one thing." Han Tianyang said.

"Wait to go out, let's talk slowly when you have time." Although George Han was very curious, it is by no means the best time to listen to the story.

Han Tianyang sighed without persisting, and followed George Han into the elevator.

The elevator is not running fast. It took several minutes before it stopped.

When the elevator door opened, there was a gust of natural wind blowing in front of them, indicating that they had come outside the center of the earth, but the smell of the wind felt very strange.

Get out of the elevator. The scene before him directly stunned Dao Twelve and the Gopher.

The endless sea, sparkling.

In the center of the earth, it turned out to be a giant cargo ship on the sea!

The gopher rubbed his eyes. Some do not believe in the facts at hand.

Since it came to the center of the earth, the gophers have determined that the center of the earth is indeed underground based on their own judgment. Frequent earthquakes can prove this point.

When the things that had always been recognized suddenly appeared in front of him with a different appearance, the gopher was a little hard to accept.

Knife Twelve's expression was equally shocking. Who could have imagined that the world-famous center of the earth would float on the sea all the time. How many people want to find out the true location of the center of the earth, but who can think that the location of the center of the earth changes at any time?

No wonder no one has been able to find the center of the earth for so many years. And no one successfully escaped from prison.

Even if those people were lucky enough to escape to the deck and see this endless sea, they would only be desperate.

George Han's expression was extremely calm, and he didn't seem to be surprised at all. Because he had long discovered that the shaking of the earthquake was very strange, when the local rats believed that they were underground, George Han had a different view in his heart.

“Brother George, the center of the earth is such a big freighter!” said the gopher with his eyes widened.

“No wonder no one can escape. In this environment, even if there is a chance to run to the deck, it is a dead end.” Dao Twelve exclaimed.

“What should we do now? Jumping from the boat is a dead end,” said the gopher.

“Don’t worry, since the master behind the scenes can let us come here, he will definitely not let us die.” George Han said.

Dao Twelve and the Gopher looked around vigilantly, since George Han said that, someone would definitely appear soon.

Sure enough, a thin figure came from a distance.

He is obviously a man, but he looks more delicate than a woman, and he is definitely a glamorous beauty with makeup.

“Introduce myself, my name is Nangong Falcon.” The delicate man said to George Han with a smile on his face.

“I don’t need to know who you are. You are so brave to appear alone in front of me.” George Han said coldly.

“It is really easy to kill me with your strength, but since I dare to appear like this, do you think I will not rely on it?” Nangong Falcon said lightly.

Naturally, George Han knew that he would not be so stupid, but there was no one nearby. Even if he really had a hole card, George Han was sure to subdue him in a short time, as long as he could control Nangong Falcon’s life in his own hands. No matter how many subordinates he arranged secretly, it was of no avail.

“You will pay for your arrogance.” As soon as George Han’s voice fell, the figure shot out like an arrow, but in an instant he had already bullied himself into him. Nangong Falcon’s neck was pinched tightly.

“How about my speed, you didn’t expect it.” George Han said lightly.

Nangong Hayabusa’s delicate face became stubborn, and gritted his teeth and said: “You still have time to kneel down for me, otherwise, I will make you regret it for life.”

George Han smiled softly and said: “Your appearance, if you are a woman, is really perfect. It’s a pity that you are a man, but you look strange.”

Nangong Falcon most hates others to talk about his appearance, but for anyone who says he looks like a woman, the grave is covered with weeds. This is the inverse scale of Nangong Falcon, no one can touch it.

“Kneel down and apologize!” Nangong Falcon whispered.

“Don’t you understand the current situation? Your life is already in my hands. No matter how many people you have, before they kill me, I can kill you. Would you like to bury me?” George Han said with a smile.

Nangong Falcon took out his mobile phone, and George Han frowned slightly. I don’t know what this guy wants to do.

When he turned to a picture of a baby, George Han had a strong sense of uncertainty in his heart.

“You haven’t seen this pink baby girl. I heard her surname is Han, what is her name Han Nian.” Nangong Falcon said.

Name Korean name!

This sentence made George Han feel like a bolt from the blue.

This is his daughter?

George Han hid the phone from Nangong Falcon for the first time. An extremely gentle smile appeared unconsciously on his face.

Daughter, this is his daughter.

George Han did not expect that he could have a daughter so quickly.

Han Nian, did you get the name because you missed it?

George Han wiped a tear from the corner of his eye.

Just when he was crying with joy, Nangong Falcon said a word. Brought George Han back to reality.

“Such a lovely girl, don’t you want her to die?” Nangong Hayato said.

George Han suddenly raised his head, looked at Nangong Falcon in anger, and said, “What have you done to her, where is she.”

“Don’t get excited, she is fine now, and I have asked someone to take care of her, but if you are not obedient, I can’t guarantee her safety, in case the servant accidentally spills boiling water on her, or accidentally falls On the ground, it is a very serious injury to her at a young age.” Nangong Falcon said proudly.

George Han wanted to kill Nangong Falcon, and this impulse was unstoppable.

But he knew that he could not do this.

With Han Nian in his hands, the only thing he can do is to listen to Nangong Falcon.

“What do you want me to do?” George Han took a deep breath and said.

“Kneel down.”

Chapter 538

Nangong Falcon looked at George Han with a smile, and his eyes were full of abuse.

What about the strong?

What if he kills the center of the earth?

In front of him, he can still only be an honest wagging-tailed dog, which makes Nangong Falcon very enjoyable.

He likes to control people like George Han, the stronger will make him feel more conquered.

Too many men say that he looks like a woman, and Nangong Falcon's heart becomes distorted when his appearance cannot be changed.

He wanted to show those guys who said he looked like a woman, even those who were strong like George Han. Can only kneel in front of him.

“I am kneeling!” At this moment, Dao Twelve said suddenly, walked in front of Nangong Falcon and knelt down without hesitation.

“And me.” The gopher walked to Nangong Falcon at almost the same time.

The two of them would rather be humiliated than seeing George Han kneel down to Nangong Falcon.

Whether it was Dao Twelve or Gopher's mind, George Han was truly a strong man, and a strong man could not be humiliated.

Nangong Falcon sneered coldly, and said disdainfully: "You two are nothing, you don't have the qualifications to kneel down, do you want to replace him?"

"Don't go too far!" Dao Twelve gritted his teeth and said to Nangong Hayabusa. He did control George Han's death, but this does not mean that he can play with George Han. At least Dao Twelve would not allow him to do so. do.

"Excessive?" Nangong Falcon kicked on the shoulder of Dao Twelve, and reprimanded coldly: "Am I excessive? Ask him, does he think I am excessive?"

At this moment, George Han obviously had a movement of bending his legs.

Seeing this scene, Dao Twelve and the Gopher both showed surprised expressions.

"Brother George, don't!"

"Brother Three Thousand!"

The two exclaimed at the same time, but they did not stop George Han, who was on his knees.

It was just a small life for a few days. George Han was not able to accompany her when she came, and now it brought her such a great danger. In George Han's heart, he had a strong sense of guilt for Han Nian, just kneeling, it was worth it. what?

As long as Han Nian is safe, George Han is willing to do anything.

“Hahahahahaha.” Nangong Hayabusa laughed up to the sky, proud of his words, and said aloud: “What about strong, it is not necessary to bow down in front of my Nangong Hayabusa.”

“How are you willing to let her go?” George Han asked through gritted teeth.

Nangong Falcon put away his laughter, walked to George Han, and said condescendingly: “From today. You are going to be a dog for me. I will let you go west. You can’t go east. Understand?”

George Han lowered his head and continued to ask: “How can you let her go?”

Nangong Falcon suddenly reached out and grabbed George Han’s hair, and said, “You are just a dog, and you are not qualified to make terms with me.”

George Han stared at Nangong Falcon with a torch. He knew that his repeated compromises would not make Han Nian really safe. To be a dog for Nangong Falcon was just to give Nangong Falcon the capital.

He must have a clear answer and let Nangong Falcon know that even if it is to use him, he must pay for it.

“How are you willing to let her go?” George Han asked for the third time.

Bing Han’s eyes made Nangong Falcon feel a chill in his back. Under such gaze, Nangong Falcon felt that he might die in his hands at any time.

Although he has Han Nian as a threat card, Nangong Falcon is also afraid of angering George Han to lose his mind.

To bury himself with a child less than a few days old is something Nangong Falcon would never want to see.

His life is above all else, how can such a person be killed?

“Help me do a few things, as long as I am satisfied. I will let you go.” Nangong Falcon said.

“I want them to return to Basin City safely.” George Han glanced at the twelve or three people and said.

“Do you know that, I hate people asking me about terms.” Nangong Falcon said with a gloomy face.

George Han didn't speak, but looked straight at Nangong Falcon, which made Nangong Falcon feel an inexplicable and powerful pressure, but Nangong Falcon treated George Han as a dog. How could he be willing to compromise with George Han?

“Three, only one alive, you choose.” Nangong Falcon said. He wanted to teach George Han a lesson and let him know the consequences of disobedience.

This sentence made Dao Twelve and the Gopher stunned. They could only live one, so the one who survived was naturally Han Tianyang. After all, George Han came to the center of the earth to save Han Tianyang.

“Brother George, I can die.” Dao Twelve said without hesitation. Before coming to the center of the earth, he already had a mortal heart, and Tang Qingwan's life had already been arranged, he could have no worries, and he wanted to die on his own without having to make choices for George Han.

The gopher did not have the same determination as Dao Twelve, so he seemed very entangled and hesitant, and finally came out from the center of the earth, he was unwilling to die like this.

“What are you thinking about? Do you want me to kill you?” Dao Twelve said to the gopher.

The gopher lowered his head and dared not speak. He couldn't say voluntarily to die against his will, but he didn't dare to say that he wanted to live. He knew very well that there was no way to compare between himself and Han Tianyang.

at this time. George Han suddenly took out an inch-long dagger.

Nangong Falcon thought that George Han was going to act on himself, so he stepped back in fright, and said to George Han, “George Han, don't forget. Your daughter is still in my hands.”

As soon as the voice fell, George Han raised the knife and dropped the dagger directly into his thigh.

This scene stunned everyone, no one knew why George Han did this.

“You...what are you doing?” Nangong Falcon asked in a frightened voice. Is this guy crazy? Why give yourself a knife!

“You have deployed so much, I must be of great value to you, if I get injured, will it delay your plan?” George Han said without changing his face. He didn't even frown his brows, and after speaking, he drew the dagger out again.

Nangong Falcon's heart sank. George Han was indeed of great value to him. Otherwise, how could he ruin the entire center of the earth because of George Han?

It was precisely because of the appearance of George Han that the center of the earth lost its original meaning.

Everyone in this world regards the center of the earth as a profitable business, but only the core of the Nangong family knows it. The existence of the center of the earth itself is to find a master for the Nangong family.

The Nangong family is rich and powerful, but there is another circle in this world, and that circle cannot be entered if you have money. It must have a strong military value. That is the real top circle, not wide. It is known, but the upper class in the secular world has squeezed its head.

“I want the three of them to leave unharmed.” When the voice fell, George Han swung the knife again and stabbed the other thigh.

“Three thousand!” Han Tianyang exclaimed.

“Brother George.” Dao Twelve shouted in pain.

The gopher lowered his head and trembled with fright. I dare not say a word.

He didn't expect George Han to do this kind of thing in order to keep them alive. Until this moment, the gopher seemed to understand why Dao Twelve was willing to die for George Han.

George Han still didn't change his face, although his legs were bloody red. But he didn't seem to feel the pain at all.

“Are you f*cking crazy?” Nangong Falcon gritted his teeth and cursed. In order to save two unrelated people, this guy was willing to hurt himself. This made Nangong Falcon unable to imagine what George Han had in his mind.

Only two subordinates. What's the big deal if you die?

George Han drew the knife again, he did not dare to kill Nangong Falcon because Han Nian was still in his hands. And he didn't want to see Dao Twelve and the Gopher die here. So this is his only choice.

His value lies in his strong skill, which is also the point where Nangong Hayabusa wants to use him. If he is injured, his value will be weakened.

He was betting that Nangong Falcon didn't want to see him hurt. Although the chances are very small, he had no choice but to try.

"How can you survive if you are not crazy?" George Han said lightly.

Nangong Falcon was unwilling to compromise with George Han over this matter, but George Han's eyes seemed to tell him that if he did not agree, the matter would continue.

If George Han continues to be injured, then his value will become smaller.

Destroying the entire center of the earth, if only a piece of waste is exchanged, how can this be explained to the rest of the family?

Chapter 539

Seeing Nangong Falcon's hesitation, this shows that he must have some fear in his heart, and George Han is more confident that he can use this to threaten Nangong Falcon.

"The entire center of the earth is ruined. Are you willing to go home empty-handed at such a high price?" George Han said.

Nangong Falcon was shocked, his jealousy was unexpectedly guessed by George Han. This guy is not only good at it. Even the thoughts are so careful, really a terrible person.

Fortunately, he still has the trump card in his hand. As long as Han Nian's life is pinched in his hand, George Han can only let him send it.

It doesn't make much sense for Nangong Falcon to kill these three people. He doesn't need to be criticized by the family for these irrelevant people.

"I can let them go, but if you can't do it to my satisfaction, I can have someone kill them at any time, including your daughter." Nangong Falcon said.

George Han heaved a sigh of relief when he heard this, walked to Dao Twelve, and whispered: "After returning, help me take care of Amelia and tell her that I will save Han Nian so she doesn't have to worry too much."

Dao Twelve looked at the wound on George Han's thigh, took a deep breath, and said, "I will not let anyone hurt her. Dao Twelve lives only to protect her."

George Han smiled. He patted Dao Twelve's head and said: "You still have a daughter. You have to take care of your own daughter."

After that, George Han walked up to Han Tianyang again, and looked at Han Tianyang with a worried look, George Han said "Grandpa, don't worry, I will go back alive and listen to your story."

Han Tianyang said in a hoarse voice, "Go alive, come back alive, there are many people waiting for you."

George Han nodded , Turned to Nangong Falcon and said, "Send them away."

Nangong Falcon raised his hand, and a helicopter on the deck started.

When the three of them got on the helicopter, George Han was relieved. No matter what he has to face next, he must live for Han Nian.

“Give me a period of time to recuperate. After the injury is recovered, I can do anything for you.” George Han said to Nangong Falcon.

“I admit that you are great, you are also the most ruthless person I have ever seen, but don’t forget that your daughter is still in my hands.” Nangong Hayato said.

“Deliberately remind me, is it because you are afraid of me?” George Han asked with a smile.

This sentence made Nangong Falcon’s expression instantly become hideous, and said: “You are just a dog of mine, how could I be afraid of you.”

George Han smiled and stopped talking.

If Nangong Hayabusa is not afraid of him, why remind him like this?

When he said these words, didn’t he already show his fear of George Han?

Not admitting it doesn’t mean it didn’t happen.

Cloud City two days later.

When the Twelve Sabres appeared at the gate of the magic city, the gang of young men at the gate were shocked, and they quickly notified Mo Yang and Lin Yong of the news.

In less than a minute, the two ran to the door under the wind.

“How come there are only you, three thousand!” Mo Yang asked Dao Twelve, his pupils trembling visibly, as if he was afraid of what happened to George Han.

“Brother George is still alive.” Dao Twelve knew what he was afraid of. He quickly denied his idea.

Mo Yang breathed a sigh of relief and said, “Has he already returned to the mountainside Villa?”

Dao Twelve shook his head and explained to Mo Yang what was happening in the center of the earth.

Mo Yang gritted his teeth after hearing this, and the person who grabbed Han Nian turned out to be a man from the center of the earth, and that person actually used this to coerce George Han into doing something for him. Han Nian is just a child born a few days ago.

“Twelve, you killed all the people in the center of the earth, and none of them are left?” Lin Yong asked, his spine chills. Although he didn’t know much about the center of the earth, he also knew that there was everything in the center of the earth. What kind of people, if it were what the Twelve Twelve said, it would be amazing.

“Yes. This is probably Nangong Falcon’s test of George Han.” Dao Twelve said.

Lin Yong took a sigh of relief. The price of this test was too great, and George Han’s strength was really amazing, he actually did such an incredible thing.

“Lin Yong, you go and buy a piece of clothing for the old man back, and later send him back to the mountainside Villa.” Dao Twelve said to Lin Yong.

Lin Yong glanced at Han Tianyang cautiously. This is a legend before Hillwood City, and he was already “dead” long ago. He didn’t expect that he was really alive. If the people in Hillwood City knew about this, I’m afraid it would be straightforward. Let’s explode the pot.

Mo Yang also had some respect for Han Tianyang, except that he was the identity of George Han. It's also because of Han Tian's ability to support himself.

In Yenching, Han Tianyang started from scratch and created countless legends. Whether in the business world or the gray area, Han Tianyang's deeds are circulating. Many people regard Han Tianyang as an idol. Even today, after so many years of "death" Han Tianyang, his name is still very loud.

"Master Han. I'll take you back to the mountainside Villa later." Mo Yang asked.

Han Tianyang nodded.

After Lin Yong bought back the changed clothes, he also found a barber. After all, after so many years in the heart of the earth, Han Tian's messy hair and beard have made him look like a beggar. It is obviously inappropriate to go back in this image.

After cutting his hair and shaved his beard, Han Tianyang immediately became more energetic, and even his aura recovered a lot. The aura of a high-ranking man who was not angry and pretentious made Mo Yang, the boss, look like a little brother in front of him.

In the Yundingshan Villa area, Moyang just sent Han Tianyang to the gate of the Villa.

Han Tianyang went up on foot, and Thomas Tian soon received news of this matter. The old guy Thomas Tian couldn't help flushing with excitement.

As Han Tianyang's peers, Thomas Tian understands Han Tianyang's deeds better than young people today. In his time, Han Tianyang was almost a

legendary figure, and many people even regarded him as a business god, even at the beginning. Thomas Tian also regards Han Tianyang as an idol.

Thomas Tian couldn't imagine what kind of turbulence would be caused if Hillwood City's people knew that Han Tianyang was still alive.

Probably those people will live in panic from now on, right?

When he arrived at the mountainside Villa, Han Tianyang rang the doorbell.

He Ting used to do things like opening the door, but now He Ting has disappeared under the unwarranted charge. There are only Lily Jiang, Amelia Su and Mary at home.

Amelia Su looked dazed, naturally it was impossible for her to open the door.

And Lily Jiang didn't have the guts to let Mary do such a small thing, and walked to the door unwillingly.

When the door opens. When Lily Jiang saw Han Tianyang, he immediately showed an impatient look.

This bad old man, won't knock on the wrong door.

"What are you doing?" Lily Jiang asked unceremoniously.

"Find my daughter-in-law." Han Tianyang said.

Lily Jiang smiled coldly, this looked like a poor old man. Actually came to the mountainside Villa to find his daughter-in-law?

"Old stuff, you found the wrong place. Seeing you as a poor man, how could your daughter-in-law live here." Lily Jiang said disdainfully.

Han Tianyang frowned slightly. Asked: "Who are you?"

Hearing this, Lily Jiang showed a proud expression and said: "I am the owner of this Villa. You don't even know that I have come to see your daughter-in-law, I think. You are always confused."

Is it a mistake?

impossible.

Although Han Tianyang is not familiar with the Yundingshan Villa area, there is only this one on the mountainside Villa. How could he go wrong.

Seeing Han Tianyang still staying, Lily Jiang became impatient, and said, "Hurry up, and don't walk into this high-end Villa area in a daze. This is not a place where poor people like you can come here. I was not found by the security guard, but I won't have such good luck next time."

After speaking, Lily Jiang was about to close the door when she suddenly heard Mary's voice behind her.

"Dad!" Mary looked at Han Tianyang incredulously. Although she had always felt that Han Tianyang was still alive, when she saw Han Tianyang with her own eyes, she still couldn't believe it.

Lily Jiang stood there dumbfounded!

This old man turned out to be Mary's father?

Could it be that the daughter-in-law he was looking for was Mary?

So, this old man in front of him...he, he is the legendary Han Tianyang!

Lily Jiang was frightened by time.

Chapter 540

Letting the road open the door, Lily Jiang buried her head in the corner and shivered, giving her a hundred courage, and she did not dare to block Han Tianyang.

Although Lily Jiang is only a woman and she doesn't know much about Hillwood City, but after knowing the identity of George Han, she deliberately learned about Hillwood City's Han family.

Although Han Cheng didn't have much abilities, he died young. However, the ability of this Han Tianyang who founded the glory of the Han family by one hand is by no means underestimated.

More importantly, Lily Jiang is afraid that Mary will do anything to herself. She has been cast into a psychological shadow by Mary. Apart from saying a few bad things about Mary behind her back, she is as gentle as a rabbit in front of Mary. .

Lily Jiang has also taken the bullying and fear of hardship to the extreme.

"Fortunately for you during this time." Han Tianyang said to Mary.

"Where is George? Didn't George come back with you?" Mary asked.

Amelia Su was originally sitting on the sofa in a daze, but when she heard three thousand words, she stood up and ran to Mary's side.

"Mom, is George back? Where is he? Where is he." Amelia Su asked emotionally.

Seeing the excited Amelia Su, Mary felt a pain in her heart. In the past few days of contact, Mary can empathize with Amelia Su's care for George Han. She is ashamed of her being a woman.

"You are Amelia." Han Tianyang walked to Amelia Su and said softly.

Amelia Su nodded subconsciously, she didn't know who the person in front of her was. But he could feel a trace of affection from his elders in his eyes.

"I'm Han Tianyang, George Han's grandfather." Han Tianyang said.

"Grandpa." Amelia Su shouted unconsciously.

Han Tianyang smiled kindly, and said: "My decision was not wrong back then. I am very pleased that you can care about 3000 so much."

Amelia Su looked puzzled, what was his decision?

Seeing Amelia Su's doubts, Han Tianyang said, "I will tell you something after 3000 comes back."

"Where did he go, why hasn't he come back." Amelia Su asked nervously.

"Don't worry, he's okay, he went to save Han Nian. He will come back with Han Nian." Han Tianyang said.

To Amelia Su, the two words Han Nian were like bombs, which instantly made her eyes burst into tears. The thought of Han Nian would cause her heart-piercing pain.

Amelia Su didn't dare to think about what Han Nian was doing now, and he didn't even dare to have any thoughts of imagination.

“Trust him, he will definitely bring Han Nian back.” Han Tianyang said.

Amelia Su covered her mouth, trying not to let herself cry, but the whimpering from her fingers was still uncontrollable.

“Dad, are we going back to Hillwood City?” Mary asked Han Tianyang.

Han Tianyang shook his head and said, “If the news that I am not dead is known to those people, it will definitely cause a lot of trouble, and now I can’t add chaos to Three Thousand.”

Mary nodded her head with understanding. Although she didn’t know what happened, the biggest problem George Han is facing now is to get Han Nian back. Under this circumstance, she can’t cause George Han to trouble. , And now that Han Tian is raised back, everything in the Han family will be in charge of him, and Mary only needs to follow his instructions.

At this moment. Han Tianyang suddenly turned his head and stared at Lily Jiang, and said, “It’s you, who kept looking down on my grandson, and even wanted to kill him?”

When he was in the Demon Capital, Han Tianyang probably learned about the internal situation of the Su family, and said a lot about Lily Jiang, Mo Yang, so Han Tianyang knew very well what Lily Jiang had done to George Han.

Lily Jiang paled with fright, and her whole body trembled slightly.

She really wanted George Han to die. Even the small life like Han Nian in front of her is just a catharsis of revenge, but in the face of Han Tianyang’s questioning, how dare Lily Jiang say the truth?

“No, no, I didn’t want him to die, it was just a misunderstanding.” Lily Jiang trembled.

“Han Nian was able to leave the Villa because of you. Isn’t this matter to you?” Han Tianyang continued to ask. Hundreds of people were protected, and there was only one servant. How could he have the guts to kidnap Han Nian, and one servant? , And even less likely to be involved with people like Nangong Falcon.

When Lily Jiang felt Amelia Su’s gaze, she suddenly raised her head and said to Han Tianyang: “Don’t spit someone, Han Nian is also my granddaughter, how could I treat her like this.”

“True or false, there will always be a day when the truth will come to light. I hope you didn’t do it, otherwise. I will never forgive you.” Han Tianyang said lightly.

Lily Jiang was frightened and could only pray inwardly for the truth of this matter not to surface, otherwise her fate would be unimaginable.

After a while, Jun Yan returned to the mountainside Villa. When he saw Han Tianyang, he obviously suppressed his excitement.

“Come with me.” Han Tianyang said to Jun Yan.

The two came to the backyard of the Villa together.

After a long silence, Han Tianyang said: “The people in the center of the earth were killed by three thousand, and now. His daughter is in the hands of Nangong Falcon. I don’t know what Nangong family will use him for.”

Yan Jun’s expression changed, and Han Nian fell into the hands of the Nangong family. This was not just a simple kidnapping!

“Does the Nangong family want to use 3000 to enter that level?” Jun Yan said through gritted teeth.

“This is the pursuit of many really big families. And Three Thousand, there are legitimate reasons.” Han Tianyang sighed, looking very helpless.

Jun Yan was short of breath. If this were the case, the matter was far more complicated than he had imagined, and the crisis George Han faced was even greater.

“Is there any way we can help three thousand?” Yan Jun said.

Han Tianyang shrugged weakly and said, “Do you think we have any other way to face the real Nangong family. Even if Nangong Qianqiu is not dead, her weight will be of no use.”

“By the way, why did George suddenly become so strong?” Han Tianyang asked curiously. The strength that George Han showed in the center of the earth has already approached Yanjun infinitely. At his age, this is almost impossible. Things, so Han Tianyang was very confused about this.

“He once approached me and talked about a sudden powerful force in his body, and I have also seen that his power is indeed amazing, even... even he killed Han Long.” Yan Jun said.

“What!” Han Tianyang looked at Jun Yan with horror. He thought that George Han’s strength was only close to that of Yanjun, but he didn’t expect that even Han Long would be killed by George Han!

Han Long is the strongest existence of the Korean family in the United States, and Han Tianyang knows his strength very well, although Han Long is not qualified to enter that level. But below that level, they are definitely masters.

“I know you don’t want to believe it, but this is true.” Yan Jun said.

Han Tianyang's hands were trembling visibly, even his pupils looked like an earthquake. In this way, George Han will be able to really touch that level sooner or later.

"Will those ancient families allow him such a threat to exist?" Han Tianyang said with a trace of sadness.

"I believe he can survive, for Amelia Su. It is for Han Nian." Yan Jun said.

Han Tianyang took a deep breath and said, "This is not something we can do anymore, now we can only rely on him."

Although Yan Jun wanted to help George Han very much, he had to admit what Han Tianyang said at this time.

The situation George Han is facing now is indeed not something they are qualified to intervene at will.

Han Family, in the eyes of ordinary people, it is high above, but facing those real big families, they are still like ants.

In this world, there are too many glamour but the surface, truly powerful families, never bother to appear in the world.

"Lily Jiang is a very vicious woman, you must be careful of her." Yan Jun reminded Han Tianyang.

"Since I'm back, can I still give this woman a chance to be a demon?" Han Tianyang smiled faintly, and continued: "But the price she has to pay should be 3,000, so I have to let her live. Let her witness the power of Three Thousand, let her regret it all."

"I can't wait to see her kneeling and begging for mercy in the face of George Han, hoping George Han can come back soon." Yan Jun said.

The conversation between the two was full of trust in George Han, and this was their only choice.
