

His True Colour Chapter 641 - 650

Chapter 641

“How much do you owe you?” George Han asked.

When Boss Zhou heard this, he thought it was funny, with a smile on his face. It is a good thing to be able to get the money back. These little rubbish is meaningless even if it is a treat.

“Thirty thousand dollars, do you have the money to pay it back?” said the boss of Zhou.

“I don’t have that much cash.” While speaking, George Han took out his bank card and said: “The password is 123456, you send someone to pick it up.”

Boss Zhou frowned. There is a feeling of being tricked.

This guy doesn’t look like a rich man, and Boss Zhou can be sure that he is definitely not the little girl’s brother. He will pay the 30,000 US dollars if he says it. Is it rich or bragging?

More importantly, if he really has money on the card, dare to give it to him directly? Are you afraid that he will run out of the money in the card?

“You won’t be playing with me. If you have money in the card, dare to give it to me so safely, so you are not afraid that I will take it all?” said the boss.

“Do you dare?” George Han smiled faintly and looked directly at Boss Zhou.

Boss Zhou felt a little in his heart.

This guy is full of confidence. Obviously it is not an ordinary task. What's more important is that this aura is very strong. Even Boss Zhou looks at him with a sense of guilty conscience.

“You'd better not lie to me. Otherwise, no matter who you are, I won't let you go.” After Boss Zhou took the bank card, he threw it to his men.

George Han shrugged senselessly, and said, “If you take the money, leave as soon as possible. Don't delay my meal.”

Boss Zhou smiled coldly and said: “Don't worry, I am a very professional person, as long as the money is available. I will never embarrass you and them again.”

Originally, Boss Zhou planned to let his hand to withdraw money, but he felt a little uneasy, so he followed.

There is a bank nearby, and the younger brother who is following Boss Zhou suspiciously: “Boss, that guy doesn't look like a rich man, will he play with us on purpose?”

“If he dared to use me, I will abolish his hand.” Zhou Boss said viciously.

Walking to the cash machine, Mr. Zhou put in the bank card and entered the password.

The password is correct. The first step is to relieve Mr. Zhou. Next, he has to see how much the balance is in it.

In the process of waiting. Dao Zhou became nervous inexplicably, and when the amount was displayed, his eyes suddenly widened.

The little brother beside him took a breath and said dumbfounded: “Boss, this...this is not a problem with the machine, right?”

Boss Zhou swallowed dryly and counted the numbers displayed on the machine.

“One, ten, one hundred, one thousand, ten thousand, one hundred thousand, one million, ten million, one hundred million...”

The further back, the more incredible Zhou Boss’s tone became.

That little brother’s hairs are all erected all over his body. He has grown so big, he has never seen so much money before.

“Hundreds...ten billions!” Boss Zhou rubbed his eyes for fear of hallucinations, but after rubbing his eyes and looking again, the number still remained unchanged.

The little brother is breathing fast. The trembling voice said: “Boss, so much money, so much money, I have never seen it in my life.”

Boss Zhou slapped the little brother on the head and said, “Don’t say you haven’t seen it, I haven’t seen it either.”

At this moment, thinking of the look in George Han’s eyes, Boss Zhou couldn’t help but shudder. He was looking at a certain great man just now. Such a person would give him a hundred guts and dare not provoke him. When it comes to taking Kari away, even if it is the courage to take one more point, Zhou Boss does not have the courage to take it.

Such rich people. It’s not just money, there must be status and power in the Chinese area, and it’s just a sentence to play him to death.

“Who is this person? I haven’t heard of it before.” Boss Zhou said with a sigh.

George Han has a very strong reputation in the Chinese district. But people at the level of Boss Zhou would naturally not know him. At this moment, Boss Zhou racked his brains and couldn’t think of who George Han was.

“This money. Can we take it?” the little brother asked cautiously.

Boss Zhou took a deep breath and said, “Take it, of course you must take it. I didn’t force him to pay the gang of brats. Why can’t you take the money you should take.”

Boss Zhou trembled. This was the closest he was to tens of billions in his life, but he didn’t dare to take any more points.

After taking out 30,000, Boss Zhou adjusted the display page to the balance again, just stunned.

“Boss, what are you doing?” the younger brother asked puzzledly.

“Look a few more times, there is no chance to see so much money in this life.” Boss Zhou exclaimed.

The little brother nodded with empathy. Staring at the machine reluctantly blinks, just like the boss Zhou said, there are not many opportunities to see so much money, and it is a lifetime thing to miss.

Ten full minutes passed. Boss Zhou reluctantly pulled out the bank card.

“Hey, this is the real rich man, it’s damn low-key.” Boss Zhou said with a sigh. On the surface, George Han can’t see that he is a rich man at all. Who would have thought that this guy should have a wealth. Ten billion.

“Boss, do you think we can have so much money in the future?” The little brother said with a look of hope.

“Of course it can.” Boss Zhou said.

The little brother said with a surprised look: “Really?”

“Try to go to bed early during the day, when you go to bed. Pillows should be higher.” Zhou Boss said.

The little brother was helplessly downcast, isn't this just daydreaming?

Returning to the restaurant, Boss Zhou respectfully returned the bank card with both hands, not daring to look lightly in his eyes.

After returning the bank card, Mr. Zhou took out the cash and asked George Han: “This is 30,000 cash. Do you need to tap it?”

Boss Zhou unconsciously used the honorific title, but George Han shook his head and said, “Is this small amount still needed?”

“Yes, yes.” Zhou Lao Dalian nodded, seeing the tens of billions of bank cards. Isn't thirty thousand a small amount to him?

“If there is nothing else, I will leave first.” Boss Zhou did not leave directly after he finished speaking, but was waiting for George Han's order.

It wasn't until George Han nodded that Boss Zhou left with a group of men.

As the locomotive's engine sounded away, the young man who had been beaten just now returned to his domineering expression, apparently he had forgotten the pain after he had healed his scar.

George Han didn't plan to worry about money with these young people. After eating and drinking, he paid and left the restaurant.

The young man who was beaten glanced at George Han's back, and said to his companion: “This guy looks very rich.”

“What do you want to do?” the little girl asked nervously. The reason why she suddenly said that George Han was her brother, in fact, just wanted to transfer the hatred of Zhou Boss. I didn’t expect George Han to really help pay back the money, although She is a little sister, but she also knows to be grateful, and now listen to Xiaoyou. He seems to have other thoughts about George Han.

The young man sneered coldly and said: “How much money can a lame man cost? Why don’t we help him?”

Xiaoyoung’s words were unanimously approved by other companions. These little guys who are short of money are obviously about to rob George Han.

But the little girl disagreed with this approach and said: “He has already paid you back, how can you be so excessive?”

“Excessive?” The young man looked at the little girl coldly, and said, “If you dare not, just get out, let alone a cripple, what’s to be afraid of.”

After speaking, a group of people stood up and walked out of the restaurant.

Although the little girl didn’t want to be their accomplice, she still followed because of her concern for George Han.

On a street with no people, George Han’s back in a sliding wheelchair seemed very lonely, like a lonely old man who no one cared about.

In fact, in the dark, there was always someone following him, but he didn’t want to show up.

“Cripple.” At this moment, a sudden force came from behind.

George Han turned his head, isn't it the non-mainstream gang in the restaurant? These little guys are definitely not here to thank him. George Han knew the purpose of their appearance without even thinking about it.

"I helped you pay back the money, but I'm still not satisfied?" George Han said lightly.

"You're just a lame, you can't spend money, why don't you ask us for help?" The young man said to George Han with a sneer.

George Han raised his eyebrows and said, "It makes a lot of sense, but you have to see if you can take money from me."

Chapter 642

George Han's words made Xiaoyoung laugh. From Xiaoyoung's point of view, he was just a lame man. What is there to be afraid of? Is it possible how much he can stand in a wheelchair?

Previously, Zhou Boss' attitude towards George Han changed because Boss Zhou had seen George Han's financial resources and his presence in society for so many years. From the aura of George Han, he could feel that he was not an ordinary person.

But for this young man who has not been deeply involved in the world. How could he see George Han's unusual background, he only saw money in his eyes, and he wanted to make money from George Han, naturally he would not think too much about other things.

“Crip, your tone is really not small, I advise you to take the money out, and you can eat less flesh and blood.” Xiaoyoung said disdainfully.

“Since you don't know how to be grateful, then I will educate you for your parents.” George Han said lightly.

The young man's eyes condensed, and he had never thought of such a shit.

“Since you want to ask for hardship, don't blame me.” After the young man finished speaking, he walked toward George Han without fear.

Although George Han is inconvenient now. But dealing with such bluffing guys is still a piece of cake.

The young man approached carelessly, thinking that George Han, who was sitting in a wheelchair, had no resistance, but this kind of behavior was full of flaws. Didn't it just give George Han a chance to start?

George Han threw a punch.

The young man smiled contemptuously: “The cripple, you still want to...”

Before he finished speaking, George Han’s fist had already hit the young man’s stomach.

Xiaoyoung’s face instantly distorted, and the force of this punch directly forced him back a few steps. Finally, he rolled two punches on the ground before he stopped.

“Ah! It hurts.” The young man rolled on the ground in pain, feeling as though his internal organs were shattered.

Others looked at this scene with a stunned expression, no one thought that a cripple could be so powerful.

The little girl was worried, but now she couldn’t help but smile.

Although this guy is a lame, he still looks handsome. He can still fight if he has money. He is much more powerful than a few of her companions.

“Is there anyone else who wants money? Come and get it.” George Han asked, looking at the others faintly.

The few remaining people took a step back subconsciously when they heard this sentence. The young man was beaten so badly, they didn’t dare to underestimate George Han.

At this time, Xiaoyoung eased a little. The gritted teeth said to the others: “What are you doing in a daze, give it to me quickly, are you still afraid of being a lame?”

“Yes, he is just a cripple.”

“Go together, he must not be able to beat us.”

“Enclose him with one pair of hands, how could he beat us.”

Just as a group of people was about to besiege George Han, the little girl suddenly stood in front of everyone.

“what are you doing.”

“Quickly go away, it is possible that you still have to help this cripple.”

“Yan Yu, do you know what you are doing?”

The little girl named Yan Yu said: “He just helped us, you can let him go.”

George Han looked surprised. If it weren't for her just now, he wouldn't have lost 30,000. George Han thought that this little sister's misdeeds was beyond cure, but she was the only one who knew. Thankfully, George Han never thought of this.

“He beat someone, and it is only natural to ask him to pay for medical expenses.”
One of them said.

George Han smiled helplessly. These little guys are asking for money, but there are really many reasons, obviously they are looking for a dead end. Now it still depends on him.

“You run away first, these kids can't hurt me.” George Han said to Yan Yu lightly.

Yan Yu turned his head and glanced at George Han. He was still in a wheelchair. What qualifications did he have to say such a thing?

One person can't beat him, how can so many people can't beat him.

“You run quickly, I will help you stop them.” Yan Yu said to George Han.

“Run?” George Han couldn’t help laughing, pointing to his leg, and said: “Look at my situation, can you run away?”

Yan Yu realized how stupid her words were. She actually let a lame run away. Isn’t this the equivalent of finding a blind man to give directions?

“You get away first, I said they are not my opponents. They are definitely not my opponents.” George Han continued.

Yan Yu herself definitely couldn’t stop these people. At most, she was just getting hits for George Han. Seeing that George Han was so confident, she could only get away.

“It’s not that I didn’t help you. You asked for it yourself, no wonder I.” Yan Yu was a little bit troubled in his heart, and said this deliberately to comfort himself.

George Han nodded, and said to the group of people: “It can be very powerful to show you the lame today.”

A group of young people. Regardless of men and women, all rushed towards George Han.

The momentum is quite strong, but in George Han’s eyes, it looks like a bunch of ants. There is no threat to him.

After all, he is a character who has killed the entire center of the earth, and even Gong Tian has been defeated by him. If even these small characters can’t be handled, isn’t George Han in the name of humiliating the center of the earth?

Yan Yu watched nervously from the side. In her opinion, George Han would definitely be beaten badly, and all of her money would be looted. She had thought

about calling the police. But in this way, she will be completely rejected by this circle, and she will not even dare to appear in the Chinese area in the future, otherwise she will definitely be retaliated by these people.

But the next thing. But it made Yan Yu dumbfounded.

Although the number of her friends is dominant, but when they really fight, they are not cheap at all. Moreover, once someone hit by George Han, they will definitely fall to the ground. The number of people is too large, but it can't be enough to keep someone falling. what.

“This lame man is so powerful!” Yan Yu's expression was dumbfounded. After watching everyone fall, he became even more shocked.

“I've said it a long time ago, you guys can't beat me, why do you have to ask for trouble.” George Han smiled faintly.

A group of people fell to the ground and groaned in pain. No one thought it would end like this.

No one thought that a cripple sitting in a wheelchair would be able to fight like this!

“Do you want more money?” George Han asked in front of the young man while sliding his wheelchair.

Xiaoyoung was already frightened, and George Han's words made him excited, and he quickly said: “No, no more.”

“You don't want any money, but my account. I still have to do the calculations, but I paid you back 30,000.” George Han said.

The young man regretted his intestines. Now thinking about it, it is a great thing for him to pay off his 30,000 yuan debt, but he was blinded by money, and he even wanted to rob George Han. , I was settled at this time, I really asked for it.

“Big brother, I have no money, I really have no money.” Xiao Young said.

“It doesn’t matter if you have no money, don’t you still have legs?” George Han smiled faintly.

The young man suddenly raised his head, looked at George Han in horror, and then began to shake his head: “Big Brother, I was wrong, I shouldn’t be so unscrupulous, please let me go.”

“Let you go?” George Han’s face was frosty, and he lifted Xiaoyoung by his collar.

Because George Han is in a wheelchair. So he lifted Xiaoyoung just to make Xiaoyoung stand up, but this height was enough for George Han.

A punch on each knee. With George Han’s strength, Xiao Young’s legs were completely abolished.

The screams pierced the night sky, and the others were terrified.

Yan Yu shuddered unconsciously when she saw this scene.

This man is not only rich and able to fight, but also so cruel! Of course, his cruelty is also taken for granted, if it weren’t for him to be unruly, how could he fall to this fate?

“Being a white-eyed wolf has to pay a price. The world is very dangerous. Since you are a trash, you should know what you should do.” George Han said coldly. The reason why he would be so cruel at him was because George Han learned a

lesson from Lily Jiang. If he didn't give this guy a lesson, he might come out again to make trouble for George Han.

George Han slid his wheelchair and headed towards home. This incident was just a small twist for him, but not long after he walked, George Han found that Yan Yu was always behind him.

Chapter 643

When George Han stopped, Yan Yu who was following in the distance also stopped. This look that seemed to depend on him made George Han helpless.

“What are you doing with me?” George Han couldn’t help but asked Yan Yu.

“I just spoke for you, and I can no longer follow them.” Yan Yu said.

“Why don’t you go home to find your parents?” George Han asked.

“They died in a car accident two years ago and I have no home.” Yan Yu said.

George Han frowned. He didn’t expect Yan Yu to have such an experience. It seemed that she was mixed with those people. There are also difficulties.

“That’s why you followed them?” George Han asked.

“En.” After Yan Yu nodded, he refused to lift up. George Han could not see her expression clearly, but he could see that her body was trembling slightly, which seemed very painful.

“Why?” George Han’s instinct told him that Yan Yu may not be bad, and there is a reason for following these people, and this reason. It may be because of the homelessness and eating rice, or it may be related to her parents.

“The other party drank and drove, but his family had money, so my parents died. He had nothing to do. I want to avenge my parents.” Yan Yu said in a trembling voice.

From her tone of voice, George Han could feel restrained anger. In order to avenge her parents, she mixed up with those people. Probably in her opinion, only these people can help her.

“Those people still threaten me at my parents’ funeral, telling me not to mess around, otherwise they will kill me. I am afraid, so I have to pretend to be a bad person. Only when I become bad can I not be afraid of those Bad guy.” Yan Yu said with gritted teeth.

“Is it useful?” George Han said lightly.

Yan Yu was stunned suddenly.

is that useful?

Yan Yu thought that she had become a bad person, but whenever she thought of that person, she still felt scared. In this respect, her deterioration did not provide her with enough courage.

“Can you push a wheelchair?” George Han continued to ask.

Yan Yu hesitated for a moment, walked to George Han’s side, carefully pushing the wheelchair. Said: “Will you avenge me?”

“Why should I help you, I just met you just now.” George Han said.

“You are so good, why don’t you help me.” Yan Yu said puzzledly.

George Han smiled helplessly, and said, “Is it amazing that I want to help you as I should?”

“Isn’t it? In ancient times, heroes would draw their swords to help each other, don’t you want to be a hero?” Yan Yu said.

Obviously, this is a person who is obsessed with martial arts novels, and this is also her spiritual pillar. If she had not had such beliefs, she would have already collapsed.

It's a pity that today's world is not ancient, and the heroes who hold the sword to level the world have long since ceased to exist.

"I am not a hero, nor do I want to be a hero." George Han said lightly.

Yan Yu pouted, obviously a little dissatisfied with George Han's remarks, because in her opinion, George Han was fully qualified to be a hero, although only a lame hero. But it's powerful enough.

Back home, the living environment here is much better than the place where Yan Yu lives, so when Yan Yu arrived at home, he stood still and didn't dare to move, for fear of breaking things here.

"You should be rich." Yan Yu couldn't help asking.

"If it wasn't for you just now, I wouldn't have lost 30,000. This is my one year's living expenses." George Han said with a smile.

Yan Yu curled his lips and didn't believe George Han's words. Even if he was not a rich person, his economic strength was definitely not bad if he could live in such a place.

"You sleep here tonight, tell me who your enemy is tomorrow." George Han pushed aside the guest room, Qi Yiyun slept here before.

"Are you willing to help me?" Yan Yu is more concerned about whether George Han is willing to help her get revenge than if there is a place to sleep, because this is what she has always wanted to do.

"I'll talk about it tomorrow. I'm going to rest." George Han finished speaking and returned to his room.

Yan Yu cautiously walked into the guest room, a burst of scent that made her enjoy it, obviously it was the smell of a girl. This also means that there was a woman who lived here.

Two years after the death of his parents, Yan Yu lived in a shelter for a period of time. After getting to know the bastards, although he had a place to live, the environment was very messy, and many people needed to be crowded together. Suddenly there was a comfortable environment on the bed, but Yan Yu did not dare to sleep. I don't think I deserve to be here.

Squatting on the floor, Yan Yu leaned back on the bed and planned to rest for the night. This cautious attitude was completely inconsistent with the image of her little wife, but it also showed that Yan Yu was not bad at heart, and the reason for leaving Going on this road is also helpless.

George Han lay on the bed and just sent Qi Yiyun away. Inexplicably, there is another woman in the family. This is something he never expected. It seems that in this life he is destined to be entangled with all kinds of women, and he doesn't know if God is joking.

Early the next morning, after George Han got up, he found that Yan Yu was already in the living room, but instead of sitting on the sofa, she was sitting on the floor.

“What are you doing on the ground?” George Han asked in confusion.

Yan Yu quickly stood up, patted his butt, and said, “The ground is comfortable, I am not used to sitting too soft.”

George Han didn't think too much, maybe this is really just a matter of Yan Yu's habit.

“Can you make breakfast?” George Han asked.

Yan Yu looked embarrassed. When she was taken care of by her parents, she had no experience in cooking by herself. After her parents passed away, she didn't even have a home. Naturally, there is no chance to enter the kitchen.

"It's okay, when I wash my face, let's go out for breakfast." George Han said.

Yan Yu walked carefully to the bathroom door while George Han was washing. Asked: "What's your name?"

"George Han."

"Can I call you Brother George?" Yan Yu said.

At Yan Yu's age, it is normal to call him George Han, but no one has ever called him that way. George Han couldn't help being a little uncomfortable.

"Or..."

Before George Han finished speaking, Yan Yu interrupted: "It's so decided, Brother George, my name is Yan Yu. You can call me Yu'er."

"Even if you are close to me, I won't necessarily help you get revenge." How can George Han not know this little girl's careful thoughts, as if she wiped honey on her mouth early in the morning, how could she have no purpose?

Even if George Han saw it through, Yan Yu was not at all embarrassed, and said, "I will work hard until the day when Brother George is willing to help me take revenge."

This time, George Han was stunned, her straightforwardness carried a sense of innocence, even if she spent a long time with that bunch of bastards, it didn't seem to change her essence.

After washing, the two went out for breakfast.

For Yan Yu, being able to eat two full meals a day is already a rare thing. Breakfast has almost become an imagination she can't expect. So sitting in the breakfast shop, Yan Yu looked a little inexplicably nervous, watching the exchanges. The person lowered his head unconsciously.

George Han could feel Yan Yu's low self-esteem at this time, but he did not deliberately mention Yan Yu. To get out of this low self-esteem, Yan Yu still needs to face the world himself, not George Han. A few words can change.

"Tell me, what's the matter with your parents." George Han asked Yan Yu.

Speaking of his parents, Yan Yu's expression changed a lot and his eyes were very painful.

"He is a real estate tycoon and his family is very rich. Our family of three was walking on the street. He drove up the sidewalk drunk and drove up the sidewalk. If my father hadn't pushed me away, I would have died." Yan Yu said with his head buried deep.

George Han was shocked, Yan Yu actually witnessed this process with his own eyes. For her, it was an absolutely cruel thing.

"I watched my parents vomiting blood, but he drove away in the car. I kept calling, hoping someone could help me, but those people ignored me. They didn't see me. I was desperate. Because I don't know what to do, I can only watch them bleed and watch them slowly die." Yan Yu clenched his fists and seemed to see the scene of the car accident.

Chapter 644

George Han stretched out his hand and held Yan Yu's fist to ease her emotions.

Yan Yu shook his hands in fear, but did not retract, and continued: "They died before they reached the hospital. The perpetrator did not show up until the next day. He told me. As long as I was willing to be private, he would Give me a sum of money, but I did not agree. Later his son showed up and threatened me, saying that if I dared to make trouble, he would find someone to kill me."

Yan Yu trembled, as if returning to the scene of the day.

"I was scared at the time. I didn't know what to do. He kept scaring me, so I had to compromise. Later his son found me with the money. But he even asked me to sleep with him before he gave me the money. I didn't. He promised that after he hit me, he took the money and left, and said that when I needed money, he would go to him."

George Han's eyes were cold, with a murderous intent.

"Let's eat." George Han said.

Yan Yu has no appetite, how can she still be able to eat in her current mood.

"Brother George, I don't want to mix with those people, but I can't help it." Yan Yu said.

George Han nodded in understanding. For Yan Yu, who suddenly lost her support and encountered this kind of thing, she could only pretend to be herself in this way, and without the condition of an independent life, if she was If you don't, you might have starved to death on the streets.

"You have the strength to take revenge when you are full," George Han said.

Yan Yu suddenly raised his head and asked, “Brother George, are you willing to help me?”

“Let me be a hero.” George Han said lightly.

Yan Yu couldn't believe it. She followed George Han, just looking for a glimmer of hope. She didn't really think that George Han would help her. After all, the other party was a very rich person. Yan Yu knew that George Han did not need to take such risks for her. Therefore, Yan Yu couldn't believe this sudden surprise for a while.

“Hurry up and eat, or I will regret it.” George Han said.

Yan Yu instantly immersed himself in eating.

“Slow down and burn your mouth.” George Han couldn't help but reminded.

Yan Yufeng rolled the clouds, and a bowl of porridge was eaten quickly. It was indeed very hot, but compared with revenge, it was obviously not worth mentioning.

After paying and leaving the breakfast shop, George Han asked Yan Yu, “Do you know where their home is?”

Yan Yu, who was pushing the wheelchair, was taken aback and said, “Brother George, are you going to find them now?”

“Aren't you afraid?” George Han asked, turning his head to look at Yan Yu.

Yan Yu never thought that George Han would avenge her for revenge. She was not prepared at all in her heart, and she was not sure if George Han could really help. The other party was a very rich boss, even if he was also rich. . However, Yan Yu would still be scared just to find the door.

“I...I’m not afraid.” Yan Yu stammered.

“Since you are not afraid, let’s go.” George Han said.

Yan Yu hesitated to push George Han. She remembered where the enemy’s home was. She even remembered it very clearly. She even engraved it in her mind. Even on the day of death, she would not forget it, but she came to revenge so suddenly. And there is no preparation at all, Yan Yu has no confidence.

“Brother George, I heard that there are many bodyguards in their family, which are different from those of my companions.” Yan Yu reminded George Han.

“Heroes don’t put these bodyguards in their eyes, don’t you believe me?” George Han smiled.

Yan Yu shook her head like a rattle, how could she not believe George Han, it’s just that such a rash action made Yan Yu worry. And in her heart, she was also very afraid of seeing her enemies. After all, the son of the perpetrator beat her, leaving her with a lot of psychological shadow.

“Shall we find some helpers?” Yan Yu said.

helper?

There happened to be a new dog leg. Maybe he can help with this matter.

He took out the phone and dialed Ma Feihao’s number. George Han said directly: “Ma Feihao, are you free now?”

Ma Feihao on the other end of the phone is still sleeping, usually when someone dared to disturb his dreams, it must be a bloody abuse, but facing George Han, Ma Feihao instantly refreshed.

“Brother George. When I have time, I will be available at any time, what do you want?” Ma Feihao asked.

George Han glanced at Yan Yu and asked, “What’s his name?”

“Li Shanfeng.” Yan Yu said in astonishment. If she heard correctly, George Han’s caller was Ma Feihao, the second generation of domineering wealthy and famous in the Chinese area. George Han actually knew each other?

“I’m going to Li Shanfeng’s house, come here.” George Han said.

“Yes, yes, no problem, I’ll come right away.” Ma Feihao said without thinking.

After hanging up the phone, Ma Feihao felt a little strange. Why did George Han suddenly go to Li Shanfeng’s house?

Ma Feihao and Li Shanfeng are quite familiar. After all, they are the rich second generation in the same circle. They will meet each other more or less. However, Li Shanfeng’s hobbies are different and they are not in the racing circle, so The relationship is not very good.

“Li Shanfeng, you kid didn’t offend Brother Three Thousand, right? It seems that the Li family is going to suffer a catastrophe this time.” Ma Feihao said with a smile, looking like he had fallen into trouble.

“You just called Ma Feihao. Is that the Ma Feihao I know?” Yan Yu asked George Han unbelievably. To her, Ma Feihao was not a person in the world at all. That kind of top-notch rich second generation is a level that she will never be able to touch in her life.

“If there is only one person in the Chinese area called Ma Feihao, then it should be.” George Han said.

“Brother George, who are you?” Yan Yu finally couldn’t help being curious and started to inquire about George Han’s identity, because before then. She only thought that George Han was a rich man, but he even knew Ma Feihao now.

“The handicapped, isn’t it so obvious that you can’t see it?” George Han said with a smile.

Yan Yu shook his head and said, “That’s not what I meant. You even know Ma Feihao. You must be amazing, right?”

“Ma Feihao is just my dog, do you believe it?” George Han said.

Yan Yu shook his head subconsciously, who was Ma Feihao. That is the future heir of the Ma family. He is also a very high-ranking person in the circle of the rich second generation in the Chinese area. How can he be a dog leg?

“Brother George, I didn’t expect you to brag.” Yan Yu said with a wrinkled nose.

“Are you bragging? You’ll know after a while, let’s go, go to Li Shanfeng’s house first.” George Han said.

Although George Han showed an extremely confident look, Yan Yu still didn’t believe his words, because Ma Feihao’s status was already at the top of the Chinese community. If he was a dog in George Han, then George Han would have What kind of person, the Chinese district has never heard of such a powerful person, and she has never heard of Ma Feihao being a dog leg.

Stopping a car, the two of them headed towards Li Shanfeng’s Villa.

At the door of the Villa, Yan Yu’s face turned pale and looked very ugly. It was obvious that she was very scared now.

“Don’t be afraid of these people, they are just a pile of rubbish in my eyes.”
George Han comforted Yan Yu.

Yan Yuqiang raised his courage and nodded.

Walking to the door of the Villa, Yan Yu trembled and pressed the doorbell. At this moment, she had an urge to escape because she was afraid of seeing Li Shanfeng.

After a while, the Villa door opened.

A well-maintained lady stood at the door, who looked like she was only in her thirties, but in fact she was in her forties.

Looking at George Han and Yan Yu with disdain, the lady said: “Who are you, what are you doing here in my house?”

“Where is Li Shanfeng?” George Han asked.

“What are you doing with my son, you cripple, shouldn’t he be his friend.”
Although the lady in front of her is likely to be Li Shanfeng’s friend, she still doesn’t give any face.

“He is not qualified to be my friend, let him get out.” George Han said lightly.

A hint of cruelty flashed in the lady’s eyes, and the lame man made a big talk about the status of the Li family in the Chinese district. Who dares to say that Li Shanfeng is not qualified to be friends with him?

“Cripple, if you don’t want to lie in bed and be a vegetative, I advise you to hurry away.” The lady threatened coldly.

Chapter 645

These remarks made George Han sneer. Sure enough, what kind of domineering son, there are kind of domineering parents. The arrogant attitude of this lady has been completely passed on to Li Shanfeng.

At this time, the lady was so familiar with Yan Yu, she frowned and asked, “Little girl, I seem to have seen you somewhere.”

Yan Yu lowered his head. Not dare to look into the eyes of the lady.

George Han said, “Two years ago, your husband was drunk and caused an accident. It was her parents who killed him.”

Hearing this, the lady did not worry at all, but she smiled disdainfully and said: “It turns out that it is you damn girl, why, did you come to help your parents get revenge today? You are looking for a helper. Also find a decent girl. Yes, I found a lame man. You look down on my Li family too much.”

After speaking, the lady even raised her hand. It seems to teach Yan Yu a lesson.

George Han had quick eyes and quick hands, and directly contained the lady’s behavior in mid-air.

Holding the lady’s wrist, George Han said coldly: “Arrogance comes at a price, can you afford it?”

The lady was angry at once, how could her hand be touched by such a person casually.

“Clap, you quickly let go of me, or I will chop off your hand.” The lady scolded.

George Han put a slight force in his hand, and the lady immediately changed her expression with pain.

“Do you really have this kind of ability? I doubt it.” After speaking, George Han pushed and pulled the lady directly away for several steps, and then fell to the ground.

The lady screamed with a sullen expression and anger attacking her heart.

Several bodyguards rushed out at the same time.

“Kill him for me.” The lady pointed to George Han and said.

“Just rely on these few rubbish?” George Han stood up with his hands in the wheelchair. Although he only stood on one foot, it was enough to deal with these small characters.

When George Han knocked down all the bodyguards, the lady who had no support finally felt scared and looked at George Han with a pale face.

George Han walked up to the lady with Yan Yu’s support, and said condescendingly: “Immediately call Li Shanfeng and his son and let them get back.”

The lady trembled with fright. Took out the phone.

“No matter who you are, if you dare to provoke my Li family, you will not end well. Just wait, I will let you die.” After the lady called the father and son, she still knew nothing about life or death. Threatening George Han.

George Han smiled coldly and said, “I will let you know the price of arrogance. I hope that then, you will still be so arrogant.”

In the eyes of the noblewoman, although George Han could beat a lame man, he would never be the opponent of the Li family.

Apart from the Ma family and the Han family, who else will the Li family be afraid of?

But she didn't know that Ma Feihao had already used George Han as a dog leg, and the coffin of the Han family Villa did not dare to move.

Before the Li family and his son came back, Ma Feihao finally arrived.

When the lady saw Ma Feihao walk in front of George Han and sighed and nodded and bent over, her pupils suddenly widened and she couldn't believe it. At the same time, a hint of unknown premonition rose in his heart.

Ma Feihao, this is Ma Feihao.

How could even he be so respectful to this cripple?

At this time, Yan Yu finally believed George Han's words. It turned out that Ma Feihao was really just his dog leg.

Now think about the behavior of my companions last night, what an idiot, they dare to rob someone even Ma Feihao needs to please!

"Brother George, what do I need to do?" Ma Feihao asked George Han.

"The track will arrange a race today. Let those people go to the track to prepare." George Han said.

game?

Is it so obtrusive?

Ma Feihao could guess that this is definitely not a simple game. George Han must have other arrangements, but he did not ask casually. What he has to do is to convey according to George Han's instructions, not to overdo it. Intervention, not to mention he didn't have the guts to do so.

After making a few calls, Ma Feihao said to George Han: "Brother George, I have already notified those people, and they will rush over to prepare."

George Han nodded. Quietly waiting for Li Shanfeng and his son to come home.

After hearing Ma Feihao's address to George Han, the lady felt that the name George was very familiar, but she couldn't remember where she had heard it for a while.

Suddenly, the lady's face turned pale. His eyes looked at George Han with intense horror.

Three thousand brothers!

Is it the George Han who is in the limelight recently?

It was he who stood at the door of the Han's Villa holding the coffin, and it was he who made the entire Chinese district agitated.

So far, no one dared to move the coffin in the Han's Villa. I heard that even Han Tiansheng had left the Chinese district to avoid his edge.

despair!

Endless despair spread in the lady's heart.

The Li family actually offended a person that even the Han family can't provoke, and she even pretended to leave him dead!

"You are George Han, you turned out to be George Han." The lady said to George Han in horror.

Ma Feihao smiled contemptuously and said: "A woman with long hair and short knowledge, don't you know Brother George?"

The lady trembled with fear. She has only heard of George Han's name and deeds, and did not have the opportunity to see the true face of George Han. Naturally, it is impossible to know him. If she had known that he was George Han, how could she treat George Han with the same attitude as before. Thousands?

At this time, the Li family and his son rushed to the Villa.

When Li Shanfeng saw the lady sitting on the ground with a desperate look, he immediately ran to the lady. Said: "Mom, how are you, what happened?"

The lady shook her head in despair. What happened?

The bomb two years ago was finally about to detonate, and it was George Han who detonated it. The Li family simply has no right to stop it!

"Ma Feihao, what are you doing in my house?" Li Shanfeng questioned Ma Feihao with a fierce face. He saw Ma Feihao at first sight, so he didn't notice George Han at all, and subconsciously thought that Ma Feihao came to the house to ask for trouble. .

Although there is a certain gap between the Li family and the Ma family, now that they are bullied, Li Shanfeng will never accept his fate and compromise.

“Li Shanfeng, who did you provoke yourself, don’t you know?” Ma Feihao said with a sneer.

At this time, Li Shanfeng saw George Han. The pupils were instantly enlarged several times.

At that time, the feat of three thousand coffins in Japan and South Korea, he saw with his own eyes, he was naturally familiar with the appearance of George Han, but why did he appear here?

“George Han. My Li family has no grievances with you, why did you come to our house to make trouble?” Li Shanfeng’s tone eased a lot, facing Ma Feihao, he still had the courage to speak loudly. But facing George Han, he didn’t dare. After all, this was a character who could force Han Tiansheng to leave the Chinese district.

“Look at her, do you still know her?” George Han pointed at Yan Yu and said.

Looking in the direction George Han pointed, Li Shanfeng frowned after seeing Yan Yu. After all, it was two years ago. There were countless women coming and going around Li Shanfeng, how could he keep Yan Yu in his heart?

“I don’t know.” Li Shanfeng said.

“Since you have forgotten, I will remind you that two years ago, her parents died of your father’s drunk driving, do you remember now?” George Han said.

Li Shanfeng felt that his heart seemed to stop beating.

Although two years have passed since this incident, he even forgot Yan Yu’s appearance, but he would never forget the incident itself.

Li Shanfeng’s father’s face also became extremely ugly in an instant. Two years ago, he was not afraid of this little girl, but two years later, this little girl was

obviously backed by George Han, which was not something he was qualified to ignore.

“Two years ago, I had reached an affair with her.” Li Shanfeng’s father couldn’t help but said.

“Your son took the money to find her, and he asked her to sleep with him before he would give it. She did not agree, so instead of getting the money, he was beaten by your son.” George Han said.

Li Shanfeng’s father didn’t even know about it. He always thought that after Yan Yu took the money, the matter would be over. He didn’t expect Li Shanfeng to do such a thing!

“Li Shanfeng, you bastard!” Li Shanfeng’s father walked up to him and kicked him directly. If he had given money back then, he would not be called by George Han today. Now this consequence is Li Shanfeng’s harm. Yes, now that I want to give money privately, it is obviously impossible.

Chapter 646

Li Shanfeng also regretted it very much. He never thought that two years later, Yan Yu would be able to find such a backer.

If Li Shanfeng was given a chance to turn back in time, he would definitely give Yan Yu the money honestly, and would never dare to have a bad heart towards Yan Yu, but it was too late to regret it now.

After being beaten up by his father, Li Shanfeng knelt in front of George Han, a ruthless character who could force Han Tiansheng to leave the Chinese district. He can't afford the least thought of confrontation.

"Brother George, I was confused for a while. If Yan Yu wants any compensation, I will try my best to satisfy her." Li Shanfeng lowered his head and said respectfully.

Seeing this scene, Yan Yu took a deep breath, and the arrogant and domineering Li family actually has today. She wanted revenge in her dreams, but she didn't expect that this day would come in this way. She didn't thank God for giving her a chance to meet George Han, because she never believed in God. At this moment, in her heart, George Han was the sky and the god.

"Murder pays for life, have you heard this sentence?" George Han said lightly.

The faces of the three of the Li family have changed drastically. Money can't make up for it. Do they have to spend their lives?

Li Shanfeng's parents don't want to die, how can they die if they haven't enjoyed a rich life?

Li Shanfeng's mother knew that only Yan Yu could save them in this situation.

The arrogant lady before, without the slightest arrogance, walked to Yan Yu, took Yan Yu's hand and said: "Yan Yu, I know you hate us very much, but people cannot come back to life after death, even if we die, your parents will It's impossible to survive. I can give you whatever you want, money. As much as you want, I can guarantee that you can live a very rich life in the following days."

Yan Yu threw away the lady's hand with a look of disgust. Whether it was two years ago or today, when she saw her, she had that kind of disdain on her face, as if she was trying to be inferior. Now she Looking back and begging himself, how could Yan Yu forgive him.

It is good for Yan Yu to be short of money, but she will never live a leisurely life with her parents' blood buns.

"Sorry, I don't want a penny from your Li family." Yan Yu said with gritted teeth.

The lady did not expect that money could not shake Yan Yu, she could only pretend to be pitiful, with tears on her face, kneeling in front of Yan Yu.

"Yan Yu, please, you can tell me what you want, but you can't kill me. I don't want to die yet." The lady cried bitterly.

Yan Yu was not half-hearted, and she knew that the pitiful lady was just pretending to be, she was just to save her life, if there was no support from George Han in the future. She will definitely retaliate against herself.

Pity is used for the poor, and she is definitely not.

"You don't have to pretend to be pitiful in front of me, you don't want to die, shouldn't my parents deserve to die?" Yan Yu was emotionally slapped on the lady's face, and continued: "Do you know how painful they are? Do you know how helpless I was back then? I can only watch them die slowly but can't do anything."

After the lady was slapped, an instant anger flashed in her eyes, but she did not dare to attack, because Yan Yu's backer was George Han, and George Han was definitely not the Li family qualified to deal with.

"It's my fault. I'm willing to take the responsibility. I'm willing to give you half of the Li family fortune. Please forgive us." Li Shanfeng's father also began to pretend to be pitiful at this time, and he made a self-blame. The expression is very different from the arrogant look two years ago.

Yan Yu still remembers the day after the car accident two years ago. After the appearance of Li Shanfeng's father, even if he knew that he had killed someone, he was indifferent. It was like two lively lives that were not worth mentioning in his eyes.

"If it was two years ago now. Maybe I will forgive you, but not now." Yan Yu said lightly.

At this time, Li Shanfeng finally couldn't help it. He glared at Yan Yu and said, "Yan Yu, don't go too far. Do you really think that my Li family can't help it? I advise you to be the best..."

The words are not over yet. Ma Feihao hit a knee and headed straight towards Li Shanfeng.

As George Han's dog leg, how could Ma Feihao make him turn the corner and say that George Han is not?

Li Shanfeng suddenly spewed nosebleeds, and even the bridge of his nose collapsed.

"Li Shanfeng, it seems that the lessons you have learned are not enough. Why, you don't even pay attention to Brother Three Thousand now?" Ma Feihao said viciously.

Li Shanfeng Yu Guang took a peek at George Han, although he was very unwilling. But he didn't dare to refute Ma Feihao's remarks.

George Han, this is George Han, the Li family is just an ant in front of him.

"Not convinced?" Ma Feihao raised his fist and threatened Li Shanfeng.

Li Shanfeng knew that Ma Feihao was taking the opportunity to beat down the dog, relying on George Han's deterrence to deliberately show off in front of him, but if he didn't compromise, he would suffer more.

"Serve." Li Shanfeng said with his head down.

Ma Feihao looked regretful, but he couldn't find a chance to hit this punch. Li Shanfeng was always defiant, but he didn't expect to be obedient in front of George Han.

"Take it to the track." George Han said to Ma Feihao.

Ma Feihao hasn't guessed what George Han's real intentions are now. After finding a few bodyguards, the Li family of three took them to the track.

George Han and Yan Yu arrived first.

Shuyang has recovered his original state during this period. He is very confident that he will get a good result for George Han in the next game. The reason why he worked so hard is because Shuyang is very clear. Want revenge, want to revive the Shu family, can only rely on George Han.

"Brother George, today's game. I will definitely not let you down." After seeing George Han, Shuyang ran all the way to George Han and said.

“Today’s ranking is not important, I want to see a car accident on the track.”
George Han said lightly.

Yan Yu’s eyelids jumped right next to her. Before, she didn’t understand why George Han suddenly arranged the game in this situation. But after hearing these words, she somewhat guessed what George Han wanted to do.

“Car accident?” Shu Yang looked at George Han puzzledly. Once a car accident happens on the track, it must be very tragic. Because the speed on the track has almost shown the performance limit of a car, at this speed, once a car accident occurs, it is life threatening to the driver.

“Scared?” George Han looked at Shu Yang lightly.

Shuyang wants revenge, and his opponent is Ma Feihao. George Han promised to give him a chance. But in the current situation, it is almost impossible for Shuyang to do this, because there is another one behind Ma Feihao. Ma Yu, and George Han would not move Ma Yu. First of all, George Han did not have such strength. Second, Ma Yu saved him, and George Han could not avenge him.

Of course, George Han will not break his promise, he will give Ma Yu a chance, but whether Ma Yu can do it is his own business.

“Not afraid.” Shu Yang hesitated for a moment, and said with a firm expression. Since he wants to rely on George Han to make a comeback, he must satisfy everything George Han confessed.

“well.”

Not long after, Ma Feihao showed up with Li Shanfeng’s family of three, and George Han said, “Did you see them?”

Li Shanfeng?

Shuyang had a lot of intersection with Li Shanfeng in the past. Although he was not a brother, he was a friend who had known each other for many years. However, his friendship was not enough for him to help intercede.

Shuyang knew that if George Han could be treated like this, Li Shanfeng must have done something that angered George Han. With his status, how could he be qualified to help Li Shanfeng intercede.

“I see, I will never give them a chance to survive.” Shu Yang gritted his teeth and said.

At this time, Ma Feihao ran up to George Han, first looked at Shu Yang coldly, and then said to George Han, “Brother George, the man has already been brought, what should I do next?”

“Let the drivers prepare, and then put Li Shanfeng’s parents one hundred meters before the starting point. I need news that the spectators entered the track by mistake and were hit and killed.” George Han said lightly.

Ma Feihao looked at George Han in astonishment. It was only at this moment that he understood what George Han was going to do.

Killing pays for life, it turned out to be this way of paying for life!

Chapter 647

Although George Han has made some incredible feats in the Chinese district, in Ma Feihao's view, he can do all this, in addition to being courageous, but also lucky, because he is not His uncle Ma Yu arrived in time, and George Han had already died in Han Xiao's hands.

To Ma Feihao, George Han's character is actually just a brash man. But at this moment, he finally realized the cruelty of George Han, and finally understood how dangerous it is to do right with George Han.

“Yes.” Ma Feihao nodded, and then went to do what George Han explained.

George Han led Yan Yu into the auditorium.

At this moment, Yan Yu, although she was able to get revenge immediately, she was very scared in her heart.

Wanting revenge does not mean that when this day comes in this way, she can really accept it. After all, she was just a little girl, and she would face such a tragic car accident again, even her enemy would still be frightened.

“Scared?” George Han asked Yan Yu.

Yan Yu lowered his head and dared not speak.

George Han's face was frosty. Said: “If you don't even dare to see how your enemy died, what qualifications do you have to avenge?”

Yan Yu still did not speak because she didn't know how to respond to George Han.

“It’s too late to regret now. I can stop them from dying, and your parents can only die unjustly in this life. You probably have forgotten how your parents struggled before they died?” George Han continued.

Yan Yu’s anger was instantly provoked by George Han. On the day of the car accident two years ago, she was with her parents, watching how they were eroded by pain and how their lives slowly passed away in pain.

“I didn’t forget, I didn’t forget.” Yan Yu suddenly raised his head and said.

” Since you haven’t forgotten their pain, why don’t you even have the guts to watch your enemy die? “George Han said contemptuously.

Yan Yu clenched his fists, did not admit his timidity, and said, “I didn’t dare, I would stare at them and watch them get killed.”

“Really? I guess you will close your eyes because you are just one. Waste, how dare you face this kind of thing?” George Han said with disdain.

“I am not a waste, and I will never close my eyes.” Yan Yu’s anger rose to the extreme, staring deliberately. Looking at the track.

George Han sighed heavily. He deliberately forced Yan Yu not to force her, but to harden her mentality. Now she is an orphan. If she is too timid and cowardly, how will she be in the future? How about independent survival in this society?

This is how George Han made Yan Yu stronger, and he must let Yan Yu pass this hurdle.

Generally speaking, George Han will not deliberately change the trajectory of a person’s life, especially a little girl like Yan Yu, he will never point fingers, but Yan Yu is in a special situation, if he does not take this opportunity to force Yan Yu Growing up, Yan Yu’s life will surely be more bumpy in the future.

“You are an orphan now, you have to learn to be self-improving. Otherwise, this cruel society will bring you more twists and turns.” George Han said lightly.

At this point, the drivers on the track are all ready, and the roaring engine is like a beast.

When Li Shanfeng’s parents were taken to the track. The two of them finally understood what would happen to them, and their faces paled with fright, almost peeing their pants.

“Two, do you know how fast these cars are accelerating? You have about three seconds to escape. Good luck.” Ma Feihao said to the two with a smile.

“Ma Feihao, please, please help us, and then intercede with George Han, we don’t want to die.” The lady said to Ma Feihao imploringly.

“You can set any conditions, as long as I am not dead, everything in the Ma family is yours.”

“The conditions are quite tempting, but unfortunately, this money is a hot potato. You give it to me. I don’t dare to take it. In the current Chinese district, even Han Tiansheng has run away. Who the f*ck would dare to offend George Han? Thousands? You two should save some effort. Maybe you can run and live a few more seconds.” Ma Feihao said cheerfully. The attraction of money is irresistible to anyone, but there is Money also has to be spent, Ma Feihao didn’t have the guts to intercede, because George Han’s attitude was very clear, and he wanted to let these two old guys die.

In the stands, Li Shanfeng looked desperate. Even if he knew that his parents would soon die in a car accident, he could do nothing but watch this happen.

The hidden danger planted two years ago has now caused such a big backlash effect, which Li Shanfeng never thought of, and what he regrets most is that he

didn't kill Yan Yu. If Yan Yu died, this matter would have been settled long ago, how could something like this happen?

As the countdown began, George Han told Yan Yu: "Keep your eyes open, this is what the person who harmed your parents is about to pay for what you do. If you close your eyes and miss the opportunity, you will Regret."

Yan Yu trembled. She could imagine how cruel this scene was. After all, she had already experienced it once, but she knew that if she missed it, she would never see it again.

"I will watch it carefully." The

signal light bounced and the start countdown began.

The engines of all vehicles erupted with the roar of wild animals.

Li Shanfeng's parents told the sky that they should not, and they could only run desperately, but they only had about three seconds left. This is the last and most desperate struggle in life.

How can the speed of a person be comparable to the speed of a car?

The signal light turned green, and the car Shuyang was driving, but immediately knocked the two of them into flight. At such high speeds, the flesh and blood are as thin as white paper.

"You didn't disappoint me." George Han said to Yan Yu that Yan Yu didn't even blink his eyes during the entire crash. This makes George Han very satisfied.

Standing up, George Han once again told Ma Feihao: "Send Li Shanfeng to the track. His parents will not allow him to leave

unless he is dead .” Ma Feihao immediately ordered people to do this. He didn’t want to get close to the bloody. Li Shanfeng’s parents.

The scene reappeared two years ago. But this time the protagonist is not Yan Yu, but Li Shanfeng.

Seeing his dying parents, Li Shanfeng felt very distressed. He finally tasted Yan Yu’s journey two years ago.

When faced with such a tragic event, everyone chose to avoid it. No one wanted to see the bloody picture, but to George Han’s surprise, Yan Yu chose to go to the track at this time.

It seems that under persecution, this little girl has not only grown up, but also learned to evolve.

Walking to Li Shanfeng, Yan Yu said: “Now you can understand my pain at the beginning?”

Li Shanfeng buried his head, and didn’t dare to look at his parents.

“You should be the same as I used to be, you want to take revenge, but the feeling of powerlessness, is it very uncomfortable?” Yan Yu continued.

This sentence hit Li Shanfeng’s heart. He does feel a sense of powerlessness now, because George Han is a big mountain, he can’t find a chance to climb it anyway.

In the Chinese area, Han Tiansheng represents the pinnacle of status, but after George Han appeared, he has obviously replaced this pinnacle position. With his ability, how can he be right with George Han and how to avenge his parents?

“You know what, I and you are similar people.” Yan Yu said.

Li Shanfeng did not refute Yan Yu's other words, but he couldn't accept these words.

He was born into a wealthy family, but Yan Yu is just an ordinary person, how can he be compared with him.

"You really value yourself. Why do you compare to me?" Li Shanfeng said disdainfully.

"Your patron is your parents, and my patron is George Han. Without patrons, what else do you have, how is you different from me two years ago? If you have hatred, dare not repay. If you don't dare to be angry, don't you think you are superior?" Yan Yu said lightly.

These words made Li Shanfeng stunned, what else does he have now? There is nothing left, no longer the rich young man of the Li family, no more noble son.

Chapter 648

Although many people witnessed the race track, this matter did not continue to ferment. After all, it is George Han. No one wants to bring this fire to himself, so the spread is very small, only at the top. It has been spread among the family that no one dared to say one more word.

The death of both Li's parents has become a normal report of a car accident. No one dared to dig into the hidden secrets behind this matter.

The revengeful Yan Yu suddenly appeared in front of George Han in a very s*x*y dress. There was no heavy make-up, and the non-mainstream dress faded away. He looked very lady without eyebrow studs.

“What are you doing?” George Han asked Yan Yu suspiciously.

“I want to repay you.” Yan Yu lowered his head and said with reddish cheeks.

Although the words were not clear, George Han already understood what Yan Yu wanted to do, and it was probably in this little girl's mind. Apart from repaying George Han in this way, she couldn't think of other ways.

“I have arranged a job for you. If you can work diligently and conscientiously, it will be the greatest reward to me.” George Han said.

suddenly. Yan Yu pulled down the shoulders of her clothes, revealing her fair and smooth shoulders. It is absolutely not a problem to raise goldfish on the collarbone that beautiful women should have.

“Come on.” Yan Yu said with closed eyes.

George Han couldn't laugh or cry, there was something strange in this little Nizi's mind.

“Don’t worry, I am absolutely clean. Although I am mixed with those people, I haven’t let anyone touch me.” Yan Yu said.

“Speaking of hurtful things, I have no interest in you at all.” George Han said lightly.

Yan Yu opened his eyes and looked at George Han incredulously. How could she be considered a beautiful woman, she took the initiative to give him a hug, but he didn’t react at all. How could this be possible?

“Can’t you?” Yan Yu asked in surprise. In her opinion, only this possibility can make George Han’s beauty not messy.

George Han smiled helplessly, Qi Yiyun once said this kind of thing, of course, he is not bad. Just not interested in women other than Amelia Su.

This kind of thing, just ask Amelia Su to know if he can do it.

During her honeymoon, Amelia Su couldn’t get out of bed for several days.

“You are not my food, let’s go, I will show you to the company.” George Han said.

“I know a folk remedy, do you want to try it?” Yan Yu said. Obviously, she had confirmed her guess and thought that George Han had no such function.

George Han didn’t bother to explain, Yan Yu could think whatever he wanted, and he didn’t need to prove anything to Yan Yu.

Walking out of the house, Yan Yu followed closely and said apologetically: “Sorry, I didn’t mean to expose your scars, but this disease is not incurable. How can you know if you don’t try?”

George Han couldn't laugh out of a bitter smile, and said, "It can't be cured, because I'm an eunuch."

Eunuch!

These two words made Yan Yu stand on the spot.

George Han...he is gone!

In this world, in addition to TV shows, there are actually eunuchs.

This refreshed Yan Yu's understanding of the world.

Stopped a car. The two rushed to the company.

Tang Zong who received the order had already been waiting at the company's door.

When I saw George Han, I ran all the way to George Han and helped push the wheelchair.

"Brother George, what do you have to say, I can go to your house by myself, why should you take a trip myself?" Tang Zong said.

"Do you look down on me, lame?" George Han joked.

Tang Zongban looked straight. Although he knew that George Han was talking about a joke, he didn't have the guts to make such a joke with George Han.

"Brother George, I didn't mean that." Tang Zong said quickly.

"You kid, everything is fine, but you can't make a joke. Am I such a serious person in your eyes?" George Han said helplessly.

In Tang Zong's eyes, what kind of person is George Han?

For Tang Zong, this is a higher status than the savior, because there is no George Han. Without him today, his respect for George Han is unmatched by anyone in the world. For Tang Zong, he only needs to do one thing in his life. That is all the orders of George Han.

This level of loyalty naturally made him dare not make any jokes with George Han, nor did he dare to act like a friend in front of George Han.

Subordinates are subordinates. Tang Zong would never cross this line.

"She's Yan Yu, get to know her." George Han said.

Tang Zong doesn't care who Yan Yu is, since George Han brought him, it deserves his careful treatment.

He stretched out his hands and said politely: "Hello. My name is Tang Zong, the person in charge of this company."

Yan Yu's social status is very low. He has never received such treatment before, and he is still the head of a large company, so he froze in place for a while, not knowing how to respond to Tang Zong.

Tang Zong retracted his hand and said, "I'm sorry, I was so rash."

These words resolved Yan Yu's embarrassment very well, but they also made Yan Yu feel a little guilty.

Dignified the person in charge of a company. She was so polite to her, she knew that these were the reasons for George Han.

George Han avenged her and also found a job for her, and she knew that after joining the company, she would be treated well because of George Han.

Yan Yu made up his mind, she must find a chance to repay George Han well, but it is a pity that he has no roots in that aspect, it is really difficult to treat.

“Let’s go to the company to take a look and get familiar with the environment.” George Han didn’t know what Yan Yu was thinking at this time, otherwise he would definitely be suffocated.

Entering the company, Yan Yu seemed a little nervous, because she had never entered the workplace before. This kind of scene was too unfamiliar to her. It seemed that the staff who came and went in a hurry made it difficult for Yan Yu to integrate into this atmosphere.

While George Han took Yan Yu to familiarize himself with the company. An unexpected guest appeared in the Li family.

Li Shanfeng has nothing to do with the Li family, whose building is about to fall. Now the whole family in the Chinese circle knows the reason why the Li family has fallen. No one dared to lend a helping hand to him. Instead, all cooperation was stopped. The company is in a huge crisis. If there is no way to solve it, Li Shanfeng can only watch the Li family go bankrupt.

“Do you want revenge?” An unfamiliar voice came into Li Shanfeng’s ears.

Li Shanfeng turned his head and looked at a strange face. It is certainly not a descendant of a family in the Chinese area.

“Who are you?” Li Shanfeng asked.

The visitor was Nangong Falcon, a man who hated George Han and wished to smash George Han into pieces.

“It doesn’t matter who I am, you just need to know that only I can help you.”
Nangong Falcon said lightly.

George Han did not die in front of Han’s Villa that day. Since then, Nangong Falcon has not dared to act rashly, for fear that his actions will fail. Once George Han notices him, he has a high probability of losing his life. After all, Nangong Boring has made it clear, as long as he dares to come to the United States. , Nangong Boring would not care about his life or death, so in this case, Nangong Falcon needs a marionette to help him do these things.

“Humph.” Li Shanfeng snorted coldly. In this situation, he didn’t think anyone had the capital to help him.

“Don’t believe me?” Nangong Hayato said with a smile.

“Why should I believe in you, do you know who George Han is? In the current Chinese district, who would dare to do it right with him.” Li Shanfeng said with disdain, although this is something he doesn’t want to admit, it is true What’s the point of not admitting it?

“Of course I know who he is, and I know better than anyone else. As long as I can catch his weakness, I can deal with him. I can help you provide a killer.” Nangong Hayato said.

Li Shanfeng is not a fool. If it is really as easy as he said, then why didn’t this person deal with George Han himself, but would find him instead?

“Why are you looking for me so sure?” Li Shanfeng said coldly.

Nangong Hayabusa shook his head helplessly and sighed, and said: “If it wasn’t for my blood relationship with him, the elders in the family wouldn’t allow me to deal with him, do you think he can live? I want to kill him, but just nodding. That’s it.”

Li Shanfeng frowned. This guy is actually related to George Han. It seems that the background is quite deep, and it seems that he does have the strength to deal with George Han. This is a very good one for him. Opportunity for revenge.

Chapter 649

Nangong Falcon's words are pure bragging. Not only did he have no ability to kill George Han, but he also came to Li Shanfeng because he was afraid that he would lose his life because of improper handling of this matter. For Nangong Falcon, every time he moves forward now Every step is life threatening, because Nangong Boring behind him doesn't care about his life, so he can only be extremely careful. Only by killing George Han can he save himself.

It's a pity that Li Shanfeng didn't know this. He was angry and wanted to retaliate. The appearance of Nangong Falcon was equivalent to an opportunity to fall from the sky. Li Shanfeng felt that if he didn't seize this opportunity, he would never have it. The chance of revenge will never turn around.

"What should I do?" Li Shanfeng asked.

Nangong Falcon smiled faintly. It seems that Li Shanfeng still believed his words. This is very good. Having a puppet can use it greatly reducing his danger.

"Qi Yiyun." Nangong Falcon said.

Li Shanfeng frowned and asked, "What do you mean? Does this matter have anything to do with Qi Yiyun?"

"Don't you know that this woman lives with George Han, they have an extraordinary relationship. She is the best use of character, she is George Han's weakness, as long as you catch Qi Yiyun, George Han will not let you Disposal." Nangong Falcon had the sweetness in Han Nian's affairs. So he thought that as long as Qi Yiyun was arrested, George Han would be obedient.

"With my current ability, how can I catch Qi Yiyun? The Qi family secretly equipped Qi Yiyun with bodyguards." Li Shanfeng said.

“I can provide you with a killer. These bodyguards are just a bunch of paper-cut people to the killer. You don’t have to worry about it at all.” Nangong Falcon said.

Although Li Shanfeng agreed to deal with George Han together with Nangong Falcon, he knew that he was just a tool for Nangong Falcon. Once the use value was exhausted, he would be abandoned. So before that, he had to and Nangong Falcon negotiated good terms.

“After George Han’s death, can you help me get the company back?” Now the Li family company has collapsed, and it will not take long for it to go bankrupt, so Li Shanfeng has to make plans for his future.

“Don’t worry. As long as George Han is dead, I can make the Li family the first family in the Chinese district. The Han family is a fart.” Nangong Falcon said disdainfully.

“Who are you?” Li Shanfeng didn’t quite believe in Nangong Falcon’s arrogance. After all, the influence of the Han family in the Chinese district was amazing, but he didn’t look at the Han family at all. Li Shanfeng couldn’t figure out where Nangong Falcon’s confidence came from.

“My position is not what a person like you can imagine. In your eyes, the Han family is very powerful, but in my eyes, the Han family is nothing more than a mob. Even Han Tiansheng is an ant.” Nangong Falcon is not bragging, the Han family is indeed not qualified to compare with the Nangong family, but this is based on family-level issues, and now Nangong Falcon has stepped out of the family with one foot, even Nangong Boring does not care about him Life and death, so how powerful the Nangong family is, actually has nothing to do with him.

What Nangong Falcon didn’t know was that it was in Nangong Boring’s heart since he left that island. This grandson is already dead.

First of all, Nangong Boring does not think that Nangong Falcon is George Han's opponent, and if Nangong Falcon can really find a chance to be against George Han, Nangong Boring will not sit idly by, because Nangong Boring's patron is the most beautiful candidate was already George Han, and no one could shake this point.

No one can understand how urgent Nangong Boring wants to bring the family to the level of apocalypse, and no one can stop Nangong Boring from doing so. Those who stand in the way are dead! Even if it's a grandson, it's no exception.

"As long as I can revive the Li family, even if I can be a dog for you, I am willing." Li Shanfeng walked to Nangong Falcon and said to him. Nangong Falcon exists like a savior, so he chose to surrender.

Kneeling on his knees, Li Shanfeng, with a loyal face, abandoned his dignity, only for revenge.

Nangong Falcon didn't expect Li Shanfeng to have such a consciousness. There was a strong sense of superiority in my heart, and I couldn't bear to laugh out loud.

"George Han, if you have this kind of consciousness, you don't have to die. But you just want to do it right with me. You asked for it."

After George Han left Yan Yu at the company, he returned home by himself, for him who had limited mobility. Without Qi Yiyun's care, he is still not comfortable in many aspects. After all, in this situation, many simple and easy things have become difficult for him.

Fortunately, George Han has lived through hardships since he was a child, so difficulties are not a big deal for him. On the contrary, he likes to face difficulties, because only difficulties can make him grow.

In the next few days, George Han's life was dull and boring.

Ma Feihao still came to do something to please George Han every day. Regarding the grudge between him and Shuyang, this is something that makes George Han a headache.

To him, Ma Feihao still has a lot of use value, after all, his uncle is a man of apocalypse. George Han did not dare to provoke casually.

As for Shuyang, George Han agreed to give him a chance to avenge him early. For someone who is not used to breaking his promise, George Han still did not abandon this idea, so the current situation makes George Han not know what to do. What kind of decision.

On the one hand, people who dare not offend, on the other hand, they don't want to tear their promises.

On this day, George Han was planning to go out. Qi Donglin ran up to him in a panic, as if something major had happened.

“What's the matter?” George Han asked.

Qi Donglin took a few deep breaths and said, “Evian has been kidnapped.”

“Kidnapping, how could this happen?” George Han asked in a deep voice. Although he had decided to distance himself from Qi Yiyun, now that this kind of thing happened, George Han would never sit idly by, and he had an instinct. Qi Yiyun's accident must have something to do with him.

Qi Donglin shook his head and said, “I don't know, but the other party called to inform me of this matter.”

“Since you came to me the first time, you must think that this matter is related to me?” George Han said.

Qi Donglin really thinks so. Otherwise, how could Qi Yiyun be kidnapped for no reason?

But he didn't dare to say bluntly. After all, the deterrence that George Han now brings to people is too strong. How can Qi Donglin dare to question and blame him for a person who can even force Han Tiansheng to retreat?

Seeing Qi Donglin not speaking, George Han knew that he was afraid of himself, and said: "Don't worry, I will definitely bring Qi Yiyun back unharmed."

"Thank you, thank you." Qi Donglin thanked again and again.

"I made her tired. I don't need your thanks. Is there anything left by the other party?" George Han said.

"No, I didn't say anything." Qi Donglin said.

"Wait, if you have any news, let me know as soon as possible." Since the other party kidnapped Qi Yiyun, there must be a plan, and the purpose was not revealed immediately. Perhaps it was to reserve time for Qi Donglin to inform him.

"Good." Qi Donglin said.

George Han had originally planned to meet Ma Yu, but now that something happened to Qi Yiyun, he had to meet Ma Yu even more.

With inconvenient legs, it is absolutely impossible for George Han to rescue Qi Yiyun by himself. Now I can only hope Ma Yu can help.

In front of the Han's Villa, Ma Yu would lie on the lid of the coffin regardless of whether it was windy, rainy or exposed to the sun, and has not left a step yet.

Han Tiansheng has returned to the Chinese area. Compared to before and after returning to China, his performance does not seem to be much different. Ma Yu can guess that this trip to China did not bring him much benefit. This old guy finally tasted When it comes to the feeling of helplessness, this is the causal cycle. How he used to deal with others, now he will fall to what end.

When George Han came to his side, Ma Yu sat up. To this person who didn't want to be a teacher, Ma Yu seemed very helpless. So far, he is still a little unwilling to believe that what George Han said is true.

The other party is Yi Lao, and I don't know how many people hope to be his apprentice, but George Han refused. How could this be possible?

Chapter 650

“Have you changed your mind?” Ma Yu asked George Han. In his heart, he eagerly hoped that George Han would not make such a stupid choice, because he still wanted to be promoted in Tianqi, and to do so. He can only rely on George Han. If George Han really refuses Yi Lao’s favor of accepting apprentices, his dream will be broken.

George Han shook his head and said, “I want to ask you for a favor.”

Ma Yu sighed helplessly. I really don’t understand what is in George Han’s mind, and he can actually refuse such a good thing.

“Let’s talk, what’s busy.” Ma Yu did not refuse George Han, because his purpose in coming to the United States was to protect George Han and let him do what he wanted to do. This is Yi Lao personally speaking, even if George Han has Rejecting the idea of becoming an old apprentice to Yi, Ma Yu had to meet all of George Han’s needs before Yi Lao could not speak.

“Qi Yiyun was kidnapped.” George Han said.

“The kidnapping of Qi Yiyun must have something to do with you.” Ma Yu said with a raised eyebrow.

George Han nodded.

“Han Tiansheng definitely doesn’t dare to mess around now. This old guy should know the fate of angering you again. Based on the recent events around you, Li Shanfeng is most suspicious.” Ma Yu said.

On the way here, George Han also pondered this matter, and he also thought that this matter was done by Li Shanfeng. Because other than that, George Han couldn’t think of anyone who would dare to target him like this.

“However, the Li family cannot protect themselves. Li Shanfeng still has time to deal with you. It seems that he has been assisted in secret.” Ma Yu guessed.

“That’s why I came to you.” George Han said. If Li Shanfeng didn’t rely on him, he would definitely not have the courage to rush to kidnap Qi Yiyun, but he didn’t have a helper. How could he deal with George Han? If he couldn’t deal with George Han, the kidnapping would seem meaningless.

So George Han can be sure that Li Shanfeng has a helping hand in secret.

“A lot of killers have appeared in the Chinese district recently. Do you know this?” Ma Yu said.

“Killer?” George Han frowned. His influence in the Chinese area is not as good as Basin City, and he obviously has insufficient control over what happens in secret. So he had no idea about the killer.

“If I’m right, these killers should be directed at you, and the master behind the killers may be Li Shanfeng’s helpers.” Ma Yu originally did not intend to tell George Han about this matter. The opportunity he reserved for Ma Feihao could allow Ma Feihao to fight for performance in front of George Han, but in this situation, he can no longer hide it.

Behind the scenes?

George Han frowned, who would do this? To deal with him, a lot of killers were found.

At this time, George Han suddenly thought of the phone call from Nangong Boring some time ago, and immediately understood the master behind the scenes.

Apart from him, George Han couldn’t think of anyone else desperately hoping for him to die.

Seeing the change in George Han's expression, Ma Yu knew he had an answer in his heart, and said: "Since you know who the other party is, this matter is easy to handle. Li Shanfeng is just a puppet. Just find the master behind the scenes. , Qi Yiyun will not be in danger."

George Han nodded. Said: "His name is Nangong Falcon."

"You tell me it's useless, you have to let Ma Feihao help. As long as the hotel in the Chinese district has this name registered, I believe he can easily find it out." Ma Yu said.

Obviously, this is another time for Ma Yu to let Ma Feihao show his value in front of George Han. Even though George Han has clearly stated that he does not want to be Yi Lao's apprentice, Ma Yu still did not give up on expanding this relationship. He always believed that George Han Will figure it out someday.

George Han called Ma Feihao and told him to do this.

Nangong Falcon probably didn't even dream of it. He found a puppet in his own right, thinking that he could use the puppet's hand to deal with George Han. But George Han had already pointed the finger directly at him.

In a certain hotel, Nangong Falcon looked like a general who had been thousands of miles away, with a faint smile on his face, in his opinion. Everything is under control now, even if Li Shanfeng's plan fails, he is dead, and it has nothing to do with him.

"It feels good to have a dog. You don't need to do anything yourself. This is the benefit of rights. You just need to watch the fire from the shore. No matter how big the fire is, it has nothing to do with me." Nangong Falcon said smugly. , Seems very satisfied with his plan.

“George Han did it right with you, and he found his own way.” There is a black shadow in the corner of the room. This is the personal bodyguard Nangong Falcon invited. The high salary allows him to meet all the conditions of Nangong Falcon. The flattery is naturally what he takes for granted.

“Of course, this waste doesn’t even know where he is. He even wants to grab the position of Patriarch with me, and he doesn’t see what he can do.” Nangong Falcon said disdainfully.

“He is only tainted with the blood of the Nangong family. He is not as pure as you. He wants to compete with you for the owner of the family. It is really overkill.” said the bodyguard.

Nangong Falcon nodded his head with deep conviction. Of course, he accepted these words. How could a grandson of Nangong Qianqiu who was kicked out of the family be qualified to fight him?

“It’s a pity that Han Nian is not in my hands. Otherwise, I will definitely let Han Nian die in front of him and want him to taste all the pain.” Nangong Falcon suddenly gritted his teeth, enough to show how much he hates George Han. deep.

He brought George Han back to the Nangong family after all. Once it was just his subordinate, but now he is qualified to compete with him for the position of Patriarch. This kind of position gap is not acceptable to Nangong Falcon, so just killing George Han is not enough to relieve Nangong Falcon’s hatred.

“If you want to kill her, I can help you find a way to find her.” The bodyguard said.

Nangong Falcon wanted to kill Han Nian very much, and even wanted to strangle Han Nian alive in front of George Han, but this was just an idea. Now that George Han is in the hands of Nangong Boring, he has no guts to go. People who moved Nangong Boling.

“Forget it, just treat grandpa as a face.” Nangong Falcon said.

The bodyguard said that Nangong Falcon was atmospheric, but he was a little disdainful in his heart. Obviously, Nangong Falcon did not dare to do this because he was afraid of angering Nangong Boring.

At this moment, the door of the room burst open with a bang.

The bodyguard stood in front of Nangong Falcon for the first time.

When Nangong Falcon saw George Han sliding into the room in a wheelchair, his face changed drastically.

“George Han!” Nangong Falcon gritted his teeth.

“Nangong Falcon, I didn’t expect I would find you so soon,” George Han said lightly.

Nangong Falcon was still holding the overall situation just now, but at this time it was walking on thin ice.

How could George Han find him suddenly? Could it be that the kidnapping of Qi Yiyun by Li Shanfeng was exposed, and George Han had found Li Shanfeng in such a short time, and Li Shanfeng betrayed him?

impossible!

It is absolutely impossible.

Nangong Falcon shook his head subconsciously. Although Li Shanfeng is still in the Chinese area, his hiding place is very hidden. It is absolutely impossible for George Han to find him in such a short time.

“Why are you looking for me? I’m just visiting the Chinese area.” Nangong Falcon said.

“Traveling?” George Han smiled faintly and said, “Nangong Boring once called me. Guess what he said?”

“What did you say.” Nangong Falcon asked.

“He said that no matter who came to the Chinese area, as long as I dare to disadvantage me, I can kill. He will never interfere.” George Han said.

Nangong Falcon took a breath, and Nangong Boring even conveyed such a message to George Han. This also means that after he came to the United States, Nangong Boring was already mentally prepared for his death.

“Grandpa said very clearly, it is not good for you, but I did not do anything bad for you.” Nangong Falcon quibbled.

“Let Li Shanfeng kidnap Qi Yiyun. Didn’t you do it? I really thought that I found a puppet to do this. I don’t know it has anything to do with you, Nangong Falcon, you are a bit naive.” Han Three thousand sneered, this idiot was complacent about his little trick, but didn’t know that this kind of behavior could not be hidden from anyone at all, it was extremely stupid.
