

## His True Colour Chapter 601 - 610

### Chapter 601

The two brothers of Tiansheng Tianyang have evolved into hatred from their early years of competing with each other, and for Han Tiansheng, this hatred is deep in his bones. He will never allow the Han Family to be in the Chinese area. The site is in chaos.

This kind of ignorant junior wants his family to blame, how can Han Tiansheng allow this to happen.

“Has your father come back?” Han Tiansheng said angrily.

For Han Yan, Han Li fell into the hands of George Han, but she did not know that Han Li died, and after she returned to the United States, she also declared to the family members that her father was delayed because of other things. Cannot return to the United States within time. Will give her the position of Patriarch.

“Grandpa, father has no news recently.” Han Yan said.

“It seems that I was the only one who came out in person.” Han Tiansheng said.

Han Yan raised her head and looked at Han Tiansheng with a shocked expression. She came to Han Tiansheng. Her biggest prayer was that Han Tiansheng could help her find a way, but she did not expect that Han Tiansheng would come out in person.

This result was unexpected by Han Yan and she did not want to see it.

After all, the Han family is now under her control. If Han Tiansheng comes out of the mountain, then all the rights in her hands will be deprived, and it is also possible that George Han will jump over the wall because of Han Tiansheng's methods. Once he is put back to Han Li, Han Yan will have no place to turn over.

“Grandpa, do you want to come out in person?” Han Yan asked in surprise.

Han Tiansheng has lived in seclusion for many years and has long since ignored worldly trivial matters. Because there is nothing worthy of his interest, but Han Tiansheng will pay attention to Han Tianyang no matter what. He wants to let this younger brother know that no matter what the situation, only he Han Tiansheng is successful.

Waste is waste after all, no matter what kind of movement it makes, it is nothing but a struggle with waste.

“Do you still rely on you?” Han Tiansheng looked at Han Yan with disdain.

Han Yan sighed inwardly. If she had known this a long time ago, she shouldn't have told Han Tiansheng about this, but it was too late to regret it now.

Han Tiansheng made the decision, and no one could change his mind.

“Grandpa. Do you need to notify others?” Han Yan resigned.

“No, the old man stepped out of this door for fear of terrifying the timid rats in the Chinese area.” Han Tiansheng had a jealous expression, even if he was already hunched over. At this moment, he also showed a strong aura. This is the attitude of a truly strong man, no matter how many years he has withdrawn from the arena, once he returns to the arena. The vigorous air will definitely remain the same.

After speaking, Han Tiansheng stepped out of the courtyard.

After learning this news, the entire Han family expressed a state of horror. Because everyone knows that Han Tiansheng is enjoying his old age and will never take another step out of that small courtyard, but now he has come out. What this means, they know very well.

“The old man wants to regain control of the Han family.”

“I don’t know what it is, it’s incredible to be able to let his old man come out in person.”

“I heard it was the young man who made Han Yan kneel. It seems that the old man is going to deal with him personally.”

“Hmph, the young man thought that if he could ride on Han Yan’s head and do whatever he wanted, he would be able to make the Han family surrender. Once the old man came out, he was just an ant.”

The news of Han Tiansheng’s birth was not deliberately spread, but the Han family was mixed and the walls had ears, not long. The news of Han Tiansheng’s departure was spread in the Chinese district.

The entire Chinese district became agitated because of this incident. Han Tiansheng rose strongly in the Chinese district back then, and I don’t know how many bloody storms were set off. Although young people today cannot imagine how overbearing and powerful Han Tiansheng was in his heyday, the old people in these families have truly experienced that bloody era. They have great awe of Han Tiansheng.

For a time, many elders in the family ordered the younger ones in their family to pay attention to their behavior during this period, and don’t do anything out of the ordinary to anger Han Tiansheng, because once the demon Han Tiansheng is provoked, it will end. There is only one, and that is death.

It can be said that the three words Han Tiansheng were born again. Without doing anything, many people in the Chinese area have begun to endanger themselves. From this we can see how powerful Han Tiansheng is.

Ma Feihao’s home.

When Ma Fu heard the news, his face changed unconsciously. Although he did not take over the Ma family business during Han Tiansheng's strong period, he has personally witnessed Han Tiansheng's methods. If his father were not lucky enough to join forces with Han Tiansheng, he might have already become Han Tiansheng's road to success. The white bones below.

Now that Han Tiansheng came out of the mountain suddenly, in Ma Fu's view, the Han family must have a big move, and this move. It will definitely bring great turbulence to the Chinese area.

Ma Fu had to worry whether bad luck would befall him.

Taking out the phone, Ma Fu dialed Ma Feihao's number.

Ma Feihao likes to be attached to the conference halls, and Yingying and Yanyan around him have never been less. For him, besides wealth and status, the biggest pursuit is women, only women. Only then can Ma Feihao feel the meaning of being alive.

"Dad, why are you calling me at this time? Don't you know what I'm doing?" Ma Feihao never hides his ghost outside, because Ma Fuben is a ghost person. Two fathers and sons are in the same category. Will care about what the other party has done.

"You come back soon, I have very important things to discuss with you." Ma Fu said.

Ma Feihao frowned, under normal circumstances. Ma Fu will never contact him. Since Ma Fu said so, there must be something important.

As a last resort, Ma Feihao pushed away the woman who hugged him. Said to them: "Wait for me, after finishing the business, I will come back to spoil you."

The two s\*xxy women looked at Ma Feihao with nostalgia.

“Master Ma, are you really willing to go?”

“We have already figured out how to serve you.”

Ma Feihao smiled faintly. Said: “You two babes, when I come back, let you kneel and beg for mercy.”

Leaving the clubhouse, Ma Feihao was speeding all the way. For him, the traffic in the Chinese area is illegal, as long as he has money, he can handle it, so he never cares about whether his car is speeding or not.

Back home, Ma Feihao sank after seeing Ma Fu’s serious expression.

His knowledge of Ma Fu is quite deep, and Ma Fu rarely has such a serious time.

“Dad, what happened?” Ma Feihao asked in a deep voice.

“Do you know Han Tiansheng from the Han family?” Ma Fu said.

Ma Feihao nodded and said, “Isn’t this old thing very powerful before, I heard that it hasn’t been seen for many years, and I don’t know if it’s dead after the Han family Villa is closed.”

Ma Feihao was not born in the strong age of Han Tiansheng. So in his opinion, Han Tiansheng is a mythological character, how could he be so powerful?

“If he died, that would be fine, but unfortunately, not only did he not die, but he also came out of the mountain.” Ma Fu said sadly.

“Dad, you won’t want me to come back just because of this.” Ma Feihao said with a speechless expression, is it worth paying so much attention to an old thing coming out of the mountain? He even delayed his playing with women so important things.

Normally, no matter what Ma Feihao does, Ma Fu always keeps one eye open, but today, he will not condone Ma Feihao anymore. This time the Chinese area is turbulent. Once the Ma family is affected, they will not be rich and wealthy. Life again.

“Boy, don’t underestimate this matter, otherwise it will be too late to regret it.” Ma Fu gritted his teeth.

Ma Feihao looked indifferent, and nodded repeatedly, saying: “Yes, Dad, I listen to you, but even if this old thing is really powerful, don’t I still have an uncle? As long as the uncle comes back, he will pay What a fart?”

Ma Fu has also considered this factor, but when he will arrive in the United States is still unknown. If something happens to the Ma family before then, even if he comes back, he will not be able to recover.

“What I want to tell you is, before your uncle comes back, you should not provoke the Han family again. During this time, it is best to keep a low profile for me.” Ma Fu reminded.

## Chapter 602

Except for the Ma family, the same situation has occurred in almost all major families. Every family elder is telling the younger generation in the family to stop during this period and not to cause any trouble to themselves.

When Han Tiansheng came out of the mountain, everyone was in danger. Among the many families, there was an exception. They were not only worried, but afraid, afraid that everyone would be pale when the family sat in the living room.

Trembling.

“Dad, you can reschedule your birthday.”

“How can I reschedule it casually? The invitations have all been sent out, and the day after tomorrow is the day of the birthday. Isn't it a joke to reschedule at this time?”

“What can I do if I see the jokes? Han Tiansheng has come out of the mountains to make trouble. Who knows what he wants to do. Our family is in the early days at this time. What if something happens?”

The speaker was a junior from the Wu family, and Wu Youfeng, the chief of the birthday party, sat on the sofa with a very serious expression.

He and Han Tiansheng are of the same generation, and there have been some festivals, but during these festivals, Han Tiansheng did not retaliate, but after he retired, Wu Youfeng worried that Han Tiansheng would revisit the old things this time. But the cancellation of the birthday banquet will not affect Han Tiansheng's revenge.

“Dad, it's up to you to make up your mind. You can do whatever you want.” Wu Youfeng's son asked him.

Wu Youfeng said in a deep voice: “The birthday is held as scheduled. If Han Tiansheng really troubles me, what does it matter whether I do it or not?”

“Dad, Han Tiansheng is very old, shouldn’t he toss it anymore?” Wu Youfeng’s son asked weakly.

Wu Youfeng smiled bitterly. He was also a person of Han Tiansheng’s time. He was very clear about Han Tiansheng’s character. If he had no thought of tossing, how could he come out for no reason?

This time. It only depends on which one is out of luck.

“It’s no use thinking too much. Let’s take a step and take another step, and send another invitation to the Han family.” Wu Youfeng said.

The faces of the Wu family’s relatives were not pretty, as if they had already determined that Han Tiansheng would not let the Wu family go.

The new invitation card was quickly delivered to Han’s house.

When Han Yan told Han Tiansheng about this. Asked: “Grandpa, are we going? The birthday banquet of people like Wu Youfeng is not worth your personal appearance, or I will do it for you.”

Han Tiansheng smiled indifferently. Said: “Unexpectedly, this old thing is not dead yet, and there will be a birthday banquet. I think that the enmity between me and him has not been resolved. It happened to take advantage of this birthday banquet to clear the previous accounts. “

Han Yan’s eyelids jumped, and Han Tiansheng had to settle accounts. This is definitely not a trivial matter. It seems that the three words Han Tiansheng will once again be louder in the Chinese district.

“Grandpa, do you need any gifts?” Han Yan asked.

“A good pair of mahogany coffins.” Han Tiansheng said.

Han Yan’s heart was shocked, and the coffin was delivered to the birthday feast!  
This is to make Wu Youfeng die.

“Okay. I’m going to prepare now.” Han Yan said.

With a faint smile on the corner of Han Tiansheng’s mouth, he said to himself:  
“Wu Youfeng, I didn’t expect to let you go back then, but now you are still worthy  
of use, so let me use your life to make me Han Tiansheng three words again. Shock  
the Chinese area.”

George Han’s family.

When Qi Yiyun learned the news of Han Tiansheng’s birth, she found it very  
incredible. She had a very detailed understanding of Han Tiansheng’s past. This  
person is extremely cruel and cruel, and he is never soft when he does things. He is  
completely a cold-blooded animal. All kinds of gossip about his sudden retreat  
back then are flying in the sky. But in Qi Yiyun’s view, those news are false, and  
only Han Tiansheng knows the reason for the real retreat.

However, no matter what the reason was, Han Tiansheng’s retreat made many  
people in the Chinese district relieved.

But who would have thought that Han Tiansheng would suddenly come out of the  
mountain again. The turbulence caused to the Chinese community is comparable to  
a magnitude ten earthquake!

“What’s the matter with you?” After George Han went to the stadium, he came  
back and found Qi Yiyun sitting on the sofa in a trance, as if something had

happened, he couldn't help feeling a little scared. Isn't it true that there were two bars or something like that?

"Han Tiansheng is out of the mountain." Qi Yiyun said to George Han.

"Han Tiansheng?" George Han frowned.

"The last patriarch of the Han family, that is, he led the Han family to glory, the true core figure of the Han family, without him. There would never be the Han family today." Qi Yiyun explained.

Han Tiansheng, Han Tianyang!

George Han's eyes narrowed. Although he didn't know the real situation of the Korean family in the United States, he seemed to be two brothers after hearing the name.

George Han hadn't heard anyone mention this matter before. Grandpa actually has a brother!

"How about coming out of the mountain?" George Han said disdainfully.

Qi Yiyun knew that George Han didn't understand Han Tiansheng's behavior, so he didn't care so much. You can only say: "If you knew what Han Tiansheng was, you would never say that. His cold-blooded level is beyond your imagination."

"No matter how cold-blooded he is, what does it have to do with me?" George Han said indifferently.

"You never thought, will his coming out of the mountain have anything to do with you?" Qi Yiyun asked. In her opinion, it is likely that this matter was caused by George Han, and Han Tiansheng was to deal with George. Will come out. That's why she is so worried.

“Soldiers are here to stop, should I still be afraid of an old man?” George Han said with disdain.

Qi Yiyun couldn't help rolling her eyes. From the bottom of her heart, she believed in George Han, but the facts made her unable to despise Han Tiansheng. She didn't want George Han to take it lightly and stumble into hatred. After all, she was born with Han Tiansheng. Means, once George Han fell into Han Tiansheng's hands. It is very likely that you will lose your life.

“You should be careful. You are a person with wives and children. Even if you don't consider your own safety, you must take care of them. Moreover, you are very likely to have two children.” Qi Yiyun said.

Whenever this matter was mentioned, George Han would feel a tingling scalp, which made him unable to accept this fact.

“Recently, the waist is really sore. I heard many pregnant women say that they will have symptoms of backache after pregnancy.” Qi Yiyun said, beating his waist.

George Han's eyelids jumped and said, “It may be the reason why you have been sitting for too long, so hurry up and take a rest.”

Qi Yiyun lay directly on the sofa. Said to George Han, “Why don't you rub it for me, after all, I might be pregnant with your flesh and blood.”

George Han didn't smile or cry, and said, “I'd better hire a professional masseur for you. With my strength, it's not good to give you a broken waist.”

“No.” Qi Yiyun pouted, and said dissatisfied: “I want you, hurry up.”

George Han, who is no more than Qi Yiyun, can only compromise, but his actions are very careful, for fear of hurting Qi Yiyun.

George Han is not willing to accept the reality that Qi Yiyun is pregnant, but if this kind of thing really happens. He will never evade his responsibilities. If a man can't even do this kind of commitment, what man is he called?

As for Amelia Su, she can only find a way to explain.

Qi Yiyun, who was enjoying George Han's massage, suddenly thought of something. George Han could clearly feel her muscles tighten.

"What's wrong with you?" George Han asked curiously.

"Wu Youfeng is going to have a big birthday!" Qi Yiyun said in surprise.

"I was surprised, who is Wu Youfeng and deserves your attention?" George Han asked.

"Wu Youfeng is not me, but he used to have festivals with Han Tiansheng, and the day after tomorrow is his big birthday. It happens to be that Han Tiansheng came out of the mountain at this time. I am afraid that this birthday banquet will not be as simple as a birthday banquet." Qi Yiyun couldn't help thinking Wu Youfeng complained, this time is too embarrassing for the Wu family.

"Is it possible for Han Tiansheng to go to make a disturbance?" George Han asked in confusion.

"With Han Tiansheng's character, it's very possible, and this storm is definitely not small, look at it, the three words Han Tiansheng, I am afraid that because of this big birthday, it will resound throughout the entire Chinese area. Now the younger generation People don't know how good Han Tiansheng is. This time, it is estimated that they will gain insights." In Qi Yiyun's tone, there is a faint expectation. This is not a fall, but she really wants to know what Han Tiansheng will do.

## Chapter 603

Wu Youfeng's birthday feast day.

Luxury cars gathered in Kailing Hotel, and all the upper class people from the entire Chinese district gathered here to celebrate Wu Youfeng's birthday.

The Wu family is very well-connected in the Chinese area, and anyone who receives an invitation will give Wu Youfeng a face.

But today, more people come with the mentality of watching a good show.

Many people have not forgotten the grievances between Wu Youfeng and Han Tiansheng back then. It coincided with this time that Han Tiansheng came out of the mountain, and everyone wanted to see if Han Tiansheng would show up at Wu Youfeng's birthday banquet.

The Wu family had already arranged eyeliner outside the hotel, paying attention to whether anyone came from the Han family. Once the Han family came, the news would notify Wu Youfeng as soon as possible, and Wu Youfeng would come out to greet him.

But as time approached the birthday banquet began. No one from the Han family showed up, and the Wu family gradually breathed a sigh of relief.

Those who are looking forward to watching the excitement can't help but feel a little disappointed.

Wu Youfeng's birthday banquet is just a meal. How can it be interesting to see Han Tiansheng come forward?

“Could it be that Han Tiansheng really won't come? It's not because he's getting old, just because he's afraid of causing trouble.”

“With Han Tiansheng’s character, how could he be afraid, but he didn’t come, it was unexpected.”

“Hey. I thought there was a good show to watch today, but I didn’t expect Han Tiansheng to not show up. It was so boring.”

Many people whispered in private, and they were a little disappointed that Han Tiansheng did not show up.

At this moment, a bus stopped at the entrance of the hotel.

The waiter at the door sneered. Those who came to Wu Youfeng’s birthday banquet today were all in luxury cars. Such buses had the guts to stop at the hotel.

When the waiter was about to drive forward, Han Tiansheng took the lead to get out of the car.

Seeing an old man, the expression on the waiter’s face became even more disdainful, but when Han Yan got out of the car and walked next to Han Tiansheng, the waiter was stunned.

Although he didn’t know Han Tiansheng, he knew exactly who Han Yan was.

The identity of this old man is self-evident if Han Yan can walk on the side.

The waiter suddenly felt soft. Is this the legendary Han Tiansheng?

Fortunately, he didn’t make any move to stop Han Tiansheng. Otherwise, it would be over today.

The waiter lowered his head and walked to Han Tiansheng: “Old sir. The birthday banquet has already begun. Do you need me to take you in?”

Han Tiansheng shook his head and stopped moving.

At this time, a few people lifted a large piece covered with red silk from the bus and got off. Although the rectangle is not clear what the object is, it feels very strange.

Under the red silk, is the peach wood coffin prepared by Han Tiansheng for Wu Youfeng as a birthday celebration.

“Notify Wu Youfeng. Prepare to receive the gift.” Han Tiansheng said to the waiter.

The waiter nodded repeatedly, trotting all the way towards the birthday banquet hall.

Wu Youfeng was about to take the stage, thanking those who came to celebrate his birthday today, but the waiter stumbled up to him.

Wu Youfeng’s son saw it. A dissatisfied expression said: “What are you doing, get out of me quickly.”

The waiter wiped the sweat from his forehead and said to Wu Youfeng, “The Han family arrived and brought gifts. Let you prepare to receive them.”

These words made Wu Youfeng’s complexion instantly sink, and his son’s arrogant arrogance disappeared in an instant.

“Dad, I didn’t expect him to come anyway.” Wu Youfeng’s son gritted his teeth.

Wu Youfeng looked relieved and said: “It is strange not to come.”

In Wu Youfeng’s heart, he was ready to meet all the consequences, so the appearance of Han Tiansheng did not make him nervous.

Because the waiter's voice was not small, other people also heard the news of the Han family. This can't help but regain their interest in watching the excitement.

“Let me just say, how could Han Tiansheng not come? I don't know what gift he prepared for Wu Youfeng.”

“In my opinion, this gift may not be enough for Wu Youfeng. The person who came is not kind.”

“I feel that Han Tian is at an age, and he won't have the arrogance he used to be. Maybe he really came to celebrate his birthday.”

Everyone insists on their own words, and everyone has different opinions.

But soon, the facts will be presented to them, and arguments will be useless.

Han Tiansheng and Han Yan entered the birthday banquet hall first, followed by gifts.

When the red silk coffin carried by four people was in the middle of the birthday banquet hall, many people gasped.

Although the true appearance of the gift is covered by the red silk, many people have guessed what is hidden under the red silk based on the appearance.

Big birthday gift!

I am afraid that only Han Tiansheng can do this kind of thing.

“Unveiled.” Han Tiansheng looked at Wu Youfeng in the distance. Said with a faint smile.

As the red silk was untied and the peach coffin was unveiled, only a chilling voice could be heard at the scene.

Although many people have already guessed it, seeing the shock brought by the real thing. Far stronger than guessed!

“coffin!”

“Han Tiansheng actually gave Wu Youfeng a coffin!”

“This is Wu Youfeng’s birthday banquet, he really doesn’t give any face.”

Everyone in the Wu family looked very ugly when they saw this heavy gift.

Wu Youfeng’s son gritted his teeth. Although he had expected Han Tiansheng to make trouble, he did not expect that Han Tiansheng would be so excessive.

Just as he stepped forward and was about to scold Han Tiansheng, Wu Youfeng stretched out his hand to stop him and shook his head.

“Wu Youfeng. Are you satisfied with this gift?” Han Tiansheng asked Wu Youfeng indifferently.

“Han Tiansheng, you and I have known each other for many years, why can’t you let me pass this big birthday?” Wu Youfeng asked.

“Are you qualified? Don’t you feel lucky that you have lived for so many years?” Han Tiansheng said lightly.

Wu Youfeng slumped his shoulders weakly, his life was indeed recovered. If Han Tiansheng settled accounts with him back then, he would have died long ago, how could there be a chance to hold today’s birthday banquet?

“Can you let me eat a bowl of longevity noodles?” Wu Youfeng said to Han Tiansheng almost imploringly.

As soon as this sentence came out, the scene almost exploded.

Obviously, Wu Youfeng does not intend to struggle, he wants to accept this coffin gift!

This is the rhythm of the funeral of Dashou.

“Dad.” Wu Youfeng’s son said to Wu Youfeng unwillingly.

Wu Youfeng sighed and said, “I am not going to die. How can the Wu family gain a foothold in the Chinese area? And if I am old, if I can save the Wu family’s foundation with my life, it will be the last one I made for the Wu family. contribution.”

Wu Youfeng’s son trembled all over. He knew very well that his father was keeping the Wu family. Although he didn’t want to see Wu Youfeng die, the current situation cannot develop according to his wishes.

“Shangshou noodles.” Wu Youfeng’s son said to the waiter.

People who come to celebrate birthday. At this moment all sighed inwardly.

The great devil back then, even if he is old, is still a devil.

The waiter was holding his Shou Noodles tremblingly as he was passing by Han Tiansheng. Han Tiansheng raised his eyebrows and glanced at Han Yan.

Han Yan stretched out her hand to stop the waiter, then raised her hand and knocked Shoumian directly.

The noodle soup fell all over the floor, even the bowl was broken.

The waiter tremblingly lowered his head, frightened at a loss.

Wu Youfeng smiled helplessly and wanted to eat a bowl of shou noodles before going on the road. He did not expect that Han Tiansheng would not give him a chance.

“Han Tiansheng, I only have one request. After I die, I hope you will stop embarrassing the Wu family.” Wu Youfeng said to Han Tiansheng.

“You are not qualified to negotiate terms with me.” Han Tiansheng’s strength was vividly manifested at this moment. Even those who watched the excitement felt frightened and kept reminding themselves in their hearts that I can provoke him, but Han Tiansheng must not provoke him.

On this day, Han Tiansheng’s name resounded once again in the American Chinese area. Those younger generations who did not take Han Tiansheng seriously, finally understood why their parents were so afraid of Han Tiansheng. His strength and dominance made people feel so afraid. Asphyxiation, is not comparable to the current dude.

Han Tian was born.

Send the coffin.

On the birthday banquet, Wu Youfeng hanged himself!

The cry of everyone in the Wu family knelt down, sounding like an alarm bell in the Chinese district.

So far, the Han family’s status in the Chinese area is unmatched.

The three words Han Tiansheng also spread in the Chinese area like a nightmare.

## Chapter 604

George Han's family.

After Qi Yiyun answered the phone, the expression of the whole person became sluggish, and her pupils were dizzy. She seemed to lose her soul instantly while holding the phone.

When George Han saw this, he couldn't help asking, "What happened?"

Qi Yiyun turned his head to look at George Han, his eyes were as big as an egg, and he opened his lips and said to George Han, "You Guess what happened to Wu Youfeng's birthday banquet?"

George Han shrugged. Said: "You said Han Tiansheng so badly, he would definitely not let Wu Youfeng go easily."

Qi Yiyun realized that he was still holding the phone at this time, slowly lowered his hand, took a deep breath and said: "Wu Youfeng Dead!"

George Han frowned.

died?

Did you die at the birthday banquet?

Han Tiansheng can be so cruel that he won't even let him pass Wu Youfeng's birthday?

"How did you die?" George Han asked.

Qi Yiyun squirmed his throat and swallowed obviously before he said: “The birthday gift Han Tiansheng sent to Wu Youfeng is a mahogany coffin. Wu Youfeng hanged himself in front of all the birthday congratulations.”

George Han didn't realize it. Sit up straight.

The mahogany coffin was used as a gift, and Wu Youfeng was forced to death by the public.

This Han's natural fierceness has completely exceeded George Han's imagination. No wonder Qi Yiyun admires him to a high position. It seems that this old guy is not easy.

“When he does this, he is not afraid of affecting other people's dissatisfaction with him?” George Han asked in doubt.

Qi Yiyun smiled bitterly, even her father, hiding in the toilet, quietly called her to inform this matter, who would dare to be dissatisfied with this matter?

“You still don't understand how strong Han Tiansheng's deterrence is against the Chinese community. Although the younger generation does not recognize him, the older generation is quite jealous of him. Even the mention of Han Tiansheng's expressions will make his face worse. Change, and I believe that starting from today, even those young people will not dare to look down upon him anymore.” Qi Yiyun smiled bitterly. The situation Han Tiansheng once stirred up in the Chinese district has almost become a symbol of an era. And now, although Han Tiansheng is old, his strength remains the same.

This matter at Wu Youfeng's birthday banquet. I don't know how many people will be left with a psychological shadow, but these people are too late to avoid Han Tiansheng, how could they dare to be dissatisfied with Han Tiansheng?

In the entire Chinese area, no family can compete with the Han family, and under Han Tiansheng's deterrence, they will never have the courage to join forces, and no one is willing to stand hostile to the Han family.

More importantly, even those who are angry with Han Tiansheng, they also have a fluke mentality, that is, Han Tiansheng is already old and has been living for a long time. It takes time to kill him, so why live with him Do it right with him, increase your risk?

"I don't really understand, but he is not alone in the Chinese area. Once these people join hands to deal with him, can Han Tiansheng really get better?" George Han asked curiously.

"How many people do you think dared to be right with Han Tiansheng, and how many people dared to have the courage to join hands, now those people. I am afraid they are all educating their juniors and staying away from the Han family." Qi Yiyun said.

George Han smiled helplessly. He didn't expect that the big Chinese district would be a bunch of gangsters, who was crushed to death by Han Tiansheng alone, and he didn't even dare to complain.

"It's really a boring place. It is because of a bunch of cowardly guys that make Han Tiansheng so rampant." George Han said disdainfully.

There is a certain truth to these words, so Qi Yiyun did not refute it. After all, how other people have nothing to do with her, she is most concerned about George Han's safety.

"If Han Tiansheng wants to deal with you, you must be careful." Qi Yiyun reminded.

George Han suddenly thought of something, and smiled and asked Qi Yiyun: “If I oppose Han Tiansheng, would you be a bystander, or you will stand on my side.”

“Of course you are on your side.” Qi Yiyun said without thinking. For her, this kind of problem does not need to be considered at all.

“But this will affect the Qi family, and even destroy the Qi family.” George Han continued.

Qi Yiyun’s face condensed, she can give everything for George Han. But at the same time, she became an unfilial person, because her own affairs affected her parents. This is definitely not something a daughter should do.

After a long silence, George Han did not bother her, but waited for the answer quietly.

After a long time, Qi Yiyun raised his head and looked at George Han with a torch: “Love and family. I choose the former. If I become an unfilial son, I will repay my debt in the next life.”

George Han took a deep breath and exhaled a foul breath. She thought that Qi Yiyun’s hesitation would make her choose a family, but she did not expect that she would strengthen her faith in love, which George Han never expected.

George Han stretched out his hand. Touched Qi Yiyun’s head and said: “Silly girl, at any time, nothing is as important as your parents.”

“Really? What about you?” Qi Yiyun raised his head in disapproval.

“Me?” George Han raised his eyebrows and said: “I am an exception.”

“Can’t I be an exception? I must be an exception too.” Qi Yiyun said stubbornly.

George Han shook his head and said: “Your parents treat you as a daughter, but I have never enjoyed the treatment of a son, so our situation is completely different.”

Qi Yiyun also wanted to refute. George Han directly stretched out his hand to block Qi Yiyun’s mouth, rushing to talk:” Regardless of whether your true choice in your heart will change, with the sentence just now, I will not let Qi’s family be affected. Don’t worry, no one can hurt Qi’s family before I fall. “

Qi Yiyun’s eyes gradually became blurred. At this moment, she felt that she was surrounded by a strong sense of security. George Han’s words seemed to be the world’s safest promise. As long as George Han is there, no one will hurt her.

Qi Yiyun finally felt some of Amelia Su’s happiness, even if she knew it might be only one percent. Qi Yiyun was satisfied even for one in a thousand.

“I’ll go to the company.” George Han left after speaking.

Qi Yiyun stared at the door in a daze, a layer of mist soon covered his eyes, and he wiped away tears with his hand. A smile came up from the corner of his mouth.

“This feeling is really good. I didn’t expect that I would envy Amelia to such an extent, George Han, can’t you give me a chance?” Qi Yiyun said to himself.

George Han, who came to the company, went all the way to Tang Zong’s office. No one dared to stop him. After all, George Han’s position in the company is well known. Whoever sees him will politely call President Han.

“Brother George.” When the office door was pushed open, Tang Zong stood up subconsciously when he saw George Han.

“Well, things are not too troublesome.” George Han said to Tang Zong with a smile.

Tang Zong shook his head and said, “It’s all trivial matters. Don’t worry, Brother George, I will be able to solve it soon.”

George Han walked to the floor-to-ceiling window, which overlooks most of the Chinese area, and it is a place with a great view. .

“There is another bigger trouble coming, can you withstand it?” George Han said.

It is definitely not a trivial matter to be regarded as a big trouble by George Han. Tang Zong dare not make a promise lightly. He can only say: “Brother George, rest assured, I will definitely go all out, although I can’t make sure to get this one done. Things, but I will try my best.”

George Han took a deep breath. The Nangong family should be very clear about the situation in the Chinese district, but whether Nangong Boring will make a move is an unknown matter.

And for George Han, he was accustomed to solving his own affairs by himself, and never put his hope on others, so even if Nangong Boring didn’t make a move, it would have no effect on George Han.

Han Tiansheng and Han Tianyang had any grievances back then, George Han didn’t know, but according to Han Tiansheng’s personality, Han Tianyang probably left with humiliation. Since his grandfather left with humiliation, George Han should do that. The shame goes back.

## Chapter 605

Xiaodao, Nangong family.

Nangong Boring knows everything about the American Chinese area. George Han's strong performance in the company makes him very satisfied. In Nangong Boring's view, young people should be so strong, and his point is Nangong. Falcon and Nangong Yan are incomparable. The strength of these two people can only be called dude at best, not the real strength.

Under the protection of the Nangong family, they dare to be arrogant.

But George Han is different. His arrogance comes from his bones and will not be disturbed by external factors.

Now that Han Tiansheng has come out of the mountain with a blockbuster, Nangong Boring has stronger expectations for the Chinese community. He wanted to see what extent George Han could achieve in this matter.

Han Tiansheng, the number one ruthless character in the Chinese area, if he came out to deal with George Han. Then this matter is more interesting.

In this matter, Nangong Boring has no plans to make a move. He wants to see where George Han's limits are through this matter.

The Nangong family is different from other famous families. Although they are not well-known, they control more economy and power, and the heirs of this kind of assets need a talent with extraordinary ability to control.

Nangong Falcon and Nangong Yan absolutely do not have this kind of control ability. When the Nangong family is handed over to them, they will only decline day by day and will never be stronger. But George Han is different, and even Nangong Boring already believes that Nangong Once the family is handed over to

George Han, it will definitely be able to create new heights, and may even become the world's number one hidden family.

The most important thing is that George Han is the person most hopeful to lead the Nangong family to that level.

Nowadays, no one can imagine how important George Han occupies in Nangong Boring's mind, and even Nangong Boring can't clearly position him.

"If you were born in the Nangong family, that would be great." Nangong Boring muttered to himself with a sigh. This is what he feels most regrettable. George Han was not born in the Nangong family. Not surnamed Nangong, this is the biggest regret.

However, this kind of regret will not extinguish Nangong Boring's expectation of George Han, nor will it become a barrier between him handing over the Nangong family to George Han.

As long as the Nangong family can be seen to enter that level during the lifetime, for Nangong Boring, the surname George Han does not matter at all.

The study door knocked suddenly.

Nangong Bo Ling frowned. This place is not something anyone dared to disturb casually. Without his order, it would not work even near here, let alone knock on the door.

"Come in." Nangong Boring said in a dissatisfied voice.

After the study door was opened, Nangong Falcon and Nangong Yan walked in.

Nangong Falcon had a very absurd idea before, and that was to kill Nangong Boring and directly replace the position of Patriarch. In this way, there is no need

to worry about the threat posed by George Han, but after thinking about it for a long time, he does not Dare to do this, because once he fails, his fate will be miserable, and it will be difficult to see the day in his life. Nangong Hayabusa didn't have the courage to take the rest of his life as a bet.

“What are you doing?” Nangong Boring asked dissatisfiedly.

“Grandpa, we hope that you will also give us a chance to prove ourselves.”  
Nangong Falcon said.

Nangong Yan answered, “Yes, we just want to have a chance to compete with George Han. I hope Grandpa can agree.”

Nangong Boring looked at the two with contempt. These are his grandsons, but at this moment, the status of the two in his mind is obviously less than one in 30 million.

This situation is also ridiculous. When George Han was at Han's house, he was treated as waste by Nangong Qianqiu, and even deliberately squeezed out George Han and made trouble for George Han everywhere.

However, after arriving at Nangong's house, George Han was so attached to Nangong Boring. This is probably the most powerful irony of Nangong Qianqiu, right?

Even Nangong Boring, who drove her out of Nangong's house, valued George Han so much, what right did she have to despise George Han?

If Nangong Qianqiu is still alive, she will definitely regret her choice. Must be angry for his stupidity.

“Only you?” Nangong Bo Ling asked disdainfully.

Nangong Falcon and Nangong Yan both had extremely ugly faces, and these four words seemed to devalue them to nothing.

“Grandpa, isn’t George Han being valued by Zhuang Tang? What’s the big deal.” Nangong Falcon said with a dissatisfied expression.

Nangong Bo Ling smiled. It was Nangong Falcon who made a mad laugh at these words. He really didn’t expect Nangong Falcon to say that.

“Don’t you think these words are very ridiculous? Isn’t it just being valued by Zhuang Tang? Do you know what it means to be valued by Zhuang Tang.” Nangong Boring said contemptuously.

“Can he make sure that the Nangong family enters that level? Everything now is still unknown.” Nangong Falcon said unwillingly. He used to have Han Nian who could threaten George Han, but now Han Nian is in the hands of Nangong Boring. He didn’t have any bargaining chips to blackmail George Han, so he had no other choice but to fight for the opportunity himself.

Nangong Bo Ling stood up. Walked to Nangong Falcon.

A rush of pressure made Nangong Falcon difficult to breathe. Just standing in front of Nangong Boring made him feel as though he was about to suffocate.

“What about you? What capital do you have, what are you compared to him?” Nangong Boring asked.

Nangong Falcon clenched his fists unconsciously. The former George Han, but his dog, has now changed. He became the person with the highest status in Grandpa’s mind. This change in status made Nangong Falcon unacceptable.

“As long as you give me a chance, I can prove myself.” Nangong Falcon gritted his teeth.

“You want a chance, okay, I’ll give you a chance, but if you die in the hands of George Han, I will just assume that you have not seen anything. If you want to go to the United States, I will not stop it, but I want to warn you. In a word, leaving this island, your life and death have nothing to do with Nangong’s family.” Nangong Boring said.

Nangong Falcon did not expect that Nangong Boring would be so ruthless, but things have reached this point, Nangong Falcon has no other choice.

If he doesn’t fight for it, the Nangong family is destined to fall into George Han’s hands. This is something he will never accept!

“Good.” Nangong Falcon said through gritted teeth.

“What about you?” Nangong Bo Ling turned to look at Nangong Yan.

Nangong Yan’s brows jumped. He knew what kind of person Nangong Boring was, and would never break his words when he said it. This means that if the two of them fall into George Han’s hands, Nangong Boring will never interfere.

In terms of George Han’s strength, Nangong Yan was not sure that he could pose a threat to him, once he left here. It is to put yourself in a dangerous place.

And in this situation, when the snipe and the clam are fighting, Nangong Yan can obviously be a fisherman watching the fire from the other side, waiting for the two to fight until they lose. Wouldn’t it be better for him to come forward to clean up the mess?

“Grandpa, I am willing to stay in the family to take care of the family’s affairs.” Nangong Yan said.

Nangong Yan looked at Nangong Yan in amazement. They had previously agreed to deal with George Han together, but Nangong Yan would change his mind at this time.

“Nangong Yan, you...”

Before he finished speaking, Nangong Yan interrupted: “Brother, the family still needs someone to share the affairs for Grandpa. You want to prove yourself, but I don’t need it.”

Nangong Hayabusa gritted his teeth. This is really ridiculous. He would be hypocritical at this time.

“Don’t regret it.” After Nangong Hayao finished speaking, he left the study.

Nangong Yan bowed down to Nangong Bo Ling respectfully and said, “Grandpa, I’m going out first.”

Nangong Bo Ling nodded, Nangong Yan’s careful thought, he could see through it at a glance.

Nangong Yan has a lot of cleverness, and these little cleverness will indeed bring him benefits at some point, but it is a pity that this kind of cleverness can’t make it to the big stage, which means that Nangong Yan’s pattern will not be too big, and it is destined to not be. The real success.

“The more I look at these two people, the more I feel that George Han is excellent. It really doesn’t hurt if there is no comparison.” After the two left, Nangong Boring said with a sigh. He once thought that Nangong Yan was in the Nangong family. The most outstanding person, but after comparing with George Han, Nangong Yan is purely a worthless waste.

## Chapter 606

Yuan Ling has not seen George Han for several days since she was an assistant to Tang Zong. This made her feel that her world was a little cleaner, because when facing this playboy, Yuan Ling would have some sense of rejection that cannot be erased.

It's a pity that Yuan Ling doesn't feel very well facing Tang Zong now, because in her eyes, Tang Zong is a person who relies on flattery, and such a person is unpleasant in her heart. Kind of favor. It also disappeared because of this idea.

Yuan Ling really couldn't understand why there are always people who take shortcuts in this world, who are incapable of themselves, and just relying on a mouth, they really get them to the top.

But there is one thing Yuan Ling can't deny. When Tang Zong devoted herself to work, she had never seen that energy in anyone. Moreover, under Tang Zong's simple rectification, it was indeed true. There has been a lot less rat shit. His powerful methods have forced middle and high-level personnel to leave one after another, and it is still those who take the initiative to leave, without worrying about the impact of the labor law.

At this time, Yuan Ling was in a daze. The phone rang suddenly.

Seeing the caller ID, Yuan Ling was shocked.

"Boss." Yuan Ling shouted cautiously after answering the phone.

"Help me bring a word to George Han, no matter you face anyone, you don't need to be soft-hearted." Nangong Boring said.

Yuan Ling didn't quite understand what this sentence meant, so she nodded her head and said, "Don't worry, boss, I will go to him right away."

After hanging up the phone, Yuan Ling knocked on Tang Zong's office door.

Tang Zong raised his head with an unhappy expression, and said, "Didn't I tell you, don't bother me easily?"

"President Tang, I'm going to find Mr. Han, if you have something, you can tell others." Yuan Ling said.

Speaking of George Han, Tang Zong's expression immediately changed and said, "Be careful on the road."

Such concern, instead of making Yuan Ling appreciate her, she severely despised Tang Zong in her heart.

If it weren't for George Han, how could he care about himself so much? This guy is afraid that the horses are really good, and he will not let go of a small opportunity.

When I took a taxi to George Han's house, only Qi Yiyun was at home, so Yuan Ling could only sit on the sofa and wait for George Han.

The more I look at Qi Yiyun, the more Yuan Ling fights for her. Such a beautiful goddess, a lot of young Junyan want to pursue her, but she happens to be mixed with George Han. This really makes Yuan Ling puzzled.

If she were changed to her, she wouldn't have looked at George Han more.

"Miss Qi, are you and George Han a couple?" Qi Yiyun couldn't help asking.

"For me unilaterally, I am willing to think so, but he will not admit it." Qi Yiyun said very frankly. She doesn't need to deliberately hide her feelings now, because this is not Basin City. If you need to be careful, it was too painful for Qi Yiyun.

Yuan Ling controlled her move to roll her eyes. How George Han He Dehe Neng was able to make Qi Yiyun unrequited love, this is really incredible.

“Miss Qi, there are so many people pursuing you, what is good about George Han?” Yuan Ling asked puzzledly.

“If you really know him, maybe you will also like him.” Qi Yiyun said with a smile. George Han is a very strange person. The more he understands him, the more he will become addicted to his charm. Qi Yiyun just wanted to use George Han. At that time, she would never have dreamed that she would really fall in love with George Han, and she would still be so unable to extricate herself.

Now imagine that Qi Yiyun himself didn't know why he would deeply love George Han. Even for him, even the family can ignore it.

But there is no way to explain things like love.

“Hum.” Yuan Ling sneered at these words. How could she fall in love with a playboy like George Han? You must know that she hates men like George Han who treat women as playthings.

“I don't like this kind of careless people. In the eyes of this kind of people, women are playthings. As long as they get tired, they will kick them away.” Yuan Ling said.

“Facious?” Qi Yiyun laughed. In Yuan Ling's mind, George Han was actually a fascinating person?

If he can be called a person who is bothered, then in this world, who would dare to say that he is not bothered?

In George Han's mind, Amelia Su has always been the only one. No Yingying and Yanyan will be in his eyes. Even today, when Qi Yiyun deliberately dresses very s\*xxy at home, George Han will not be too much. Look at it.

To say that the most upright man in the world, except George Han. It is estimated that there is no second one.

He is absolutely rare among men.

“Isn't it?” Yuan Ling said.

“You misunderstood him too deeply, which means you don't know him at all.” Qi Yiyun said.

Yuan Ling felt that Qi Yiyun must have been demonized or poisoned. Otherwise, why would she be so protective of George Han?

I don't know what panacea George Han has. Can make Qi Yiyun so helpless.

“Miss Qi, let me say something disrespectful. Looking at you, you are already crazy, and you think George Han is a good person.” Yuan Ling said, not afraid that once Qi Yiyun's high status turns her face, she will be over.

“He is actually married.” Qi Yiyun said with a smile.

Yuan Ling's eyes widened. This kind of playboy is actually married!

But he is already married, isn't he even a scumbag?

Even the wife has it. Still fooling around!

“His wife is a well-known lady in China, but this lady has a low status in the family and is subject to insults. At the beginning, he entered this lady’s house and suffered all kinds of insults, but for this woman, He has never had the slightest dissatisfaction, you know. A young master of Hillwood City willing to join a second-rate family in Basin City, what kind of feeling is this? And he was washed and cooked for this woman. People are willing to insult and useless. Can you imagine how deeply he feels for this woman?”

At this time, the envy look on Qi Yiyun’s face had overflowed unconsciously, and he paused before continuing to say: “He was scolded for three whole years of rubbish, and he was looked down upon for three whole years because of this. Woman, he is willing to silently guard this woman, even if his family is much better than this so-called famous family, he never feels resentful. Do you know what his happiest thing is?”

Yuan Ling was a little stunned. George Han was a son-in-law, and he still entered the family at a lower level than the original family. This was very strange to Yuan Ling.

But since this is the case, there must be some reason. Yuan Ling did not ask, but was very curious about what George Han’s so-called happiness was.

“What is it?” Yuan Ling couldn’t help asking.

“He once said that when he was happiest, he was to take that woman to and from get off work and cook her food.” Qi Yiyun smiled. Also crying, this is tears of envy.

Yuan Ling’s mind was shocked. This and the George Han she knew seemed to be two completely different people.

“Since he loves that woman so much, why? Why do I want to talk to you...” Yuan Ling didn’t finish her words, but the meaning of the expression was already very clear.

Qi Yiyun shook his head bitterly, and said: “In your eyes, he and I have an affair. But we two, in fact, nothing happened, I just want to share some love from her, so I pester George Han. That’s it.”

These words completely subverted Yuan Ling’s three views. Qi Yiyun couldn’t help but post George Han upside down, and George Han did not accept it. More importantly, what Qi Yiyun wanted was only some care.

But even if George Han is really a good person, Yuan Ling can’t understand Qi Yiyun’s mentality. She knows that there is no result, why does she insist on it?

“Miss Qi, in this case, why don’t you give up?” Yuan Ling asked puzzledly.

“For some people, love is love. No matter what you do, you can’t change it. Do you think I am willing? I just can’t extricate myself.” Qi Yiyun lowered his head and tears were already on his cheeks.

## Chapter 607

Yuan Ling didn't understand Qi Yiyun's feelings, letting Qi Yiyun talk about it, how well she described George Han, in her opinion, this kind of meaningless effort was not worthwhile.

When George Han returned home, Yuan Ling conveyed the meaning of Nangong Boring to George Han and left.

At this time, Qi Yiyun's mood has returned to a normal state, and there is no sign of crying before, and he said to George Han: "What does this mean? Is Nangong Boring reminding you?"

"He said that, someone will definitely come to the United States, and this person, I think it should be Nangong Falcon." George Han said.

It is impossible for Nangong Boring to convey such a message to him for no reason. Since he said so, there must be a reason. In George Han's view, Nangong Falcon is the most likely to come to the United States. After all, besides wanting to fight for the position of Patriarch, he has also stood high in front of George Han. For such a person, he is required to accept this change in status. It should be unacceptable.

"What kind of existence is the Nangong family?" Qi Yiyun asked curiously. Although George Han mentioned to him about the Nangong family, he only talked about the fur. Qi Yiyun still has a little knowledge of the real situation of the Nangong family. .

George Han shook his head and said, "I don't know exactly how much energy the Nangong family contains, but I can be sure of one thing. The so-called richest man in the world is just a joke in the eyes of the Nangong family, perhaps even the Nangong family. There is no one-tenth of the capital, or even less."

Qi Yiyun's heart was shocked. According to George Han, wouldn't there be a big change in the asset ranking of the top rich list?

"Is it such an exaggeration?" Qi Yiyun was a little reluctant to believe that such a wealthy family was so low-key, and more importantly, in a modern society, it is almost impossible to conceal such news. Once the Nangong family reveals the slightest clues, it is very likely that they will be exposed, how can they remain hidden?

"The real situation will only be more exaggerated." George Han said lightly.

Qi Yiyun suddenly flashed his big eyes and stared at George Han closely.

"What are you doing?" George Han asked uncomfortably. Qi Yiyun is like a tigress who will eat him at any time.

"You don't have a natural hatred-absorption physique, otherwise, why do so many troubles fall on you." Qi Yiyun curiously asked.

George Han was taken aback. Then he smiled bitterly, he also wanted to know if there was a problem with his physique, a lot of troubles had not been solved yet, Nangong Falcon was coming again. And this guy is also a trouble.

Han Nian was still in his hands, and wanted to stand on the opposite side of Nangong Falcon. This was for George Han. But a difficult choice.

But at the same time, George Han had another question in his heart. Nangong Bo Lingming knew that he had a hand injury with Nangong Falcon. Why did Yuan Ling come to convey such words?

Could it be that Han Nian has been transferred. Has it been controlled by Nangong Bo Ling?

If this were the case, then George Han would not care about Nangong Falcon at all.

It seems that after Nangong Falcon arrives in the United States, he will have to test it out.

“By the way, tomorrow’s game, I want to watch the fun with you.” Qi Yiyun continued.

There will be an internal match tomorrow in the arena. Many people are invited to watch it, and a batch of free tickets will be released. The scene will definitely be very lively.

Although this kind of competition is just a fight between a bunch of rich second generations. But this kind of extreme event is still out of reach for many ordinary people, and more importantly, since no tickets are required. It’s not a bad thing to join in the fun.

And those rich second-generation thoughts are even simpler. Playing a car is a matter of saving face. If there are no audiences, what is the point of spending so much money every year, so they give away tickets for nothing. I just want to get more admired eyes.

“Okay, I don’t know if Shuyang is ready.” George Han said, he didn’t care about the result of the game, because the goal he wanted to achieve with this thing had already been accomplished.

“The previous Shuyang was very powerful, but the desolation of the past few years should have weakened his strength to a large extent. Moreover, it has not been long for him to return. He wants to achieve good results in this competition, probably It is very unlikely.” Qi Yiyun said.

George Han nodded, he still understood this simple truth. As the saying goes, three days without training, not to mention Shuyang has not been off the track for several

years, and in such a tight time, wanting him to return to the peak state is obviously idiotic.

“It doesn’t really matter how his grades are. The goal I wanted has been achieved.” George Han said.

George Han offended almost all the rich second generation in the Chinese district. Moreover, people kneel down in the arena. This matter spread in a small circle. Qi Yiyun also knew about it, and she also guessed George Han’s purpose. This style is crazy, but Qi Yiyun thinks, George Han is a real man if he dares to do this. And she also believed that George Han could do it.

“Shuyang is just a tool for you to use, when do you plan to kick him?” Qi Yiyun asked curiously.

“Why kick it away? I have promised him a chance. As long as he doesn’t let me down, I will give him a chance to avenge and let him take back all that he has lost.” George Han said lightly.

“This is the only shortcoming I can see in you.” Qi Yiyun said.

“En?” George Han looked at Qi Yiyun in confusion.

“You are too serious about love and justice. If you just use Shuyang as a tool, you will have less trouble. And when necessary, Shuyang can also take care of you. But if you take love and justice too seriously, this will become a thing. More troublesome.” Qi Yiyun explained.

“This is the difference between a human and an animal. Without feelings, it is no different from an animal.” George Han said lightly. It’s not that he doesn’t have that iron heart, but it’s unnecessary. Shu Yang had knelt before him to seek an opportunity, what would it do to give him a chance, and if Shu Yang could regain his position, it would be for George Han. It can also become a more useful pawn.

After all, Qi Yiyun's vision is still too narrow, he can only see the current situation, but cannot plan for the future.

There was no problem hearing George Han's words at first, but Qi Yiyun took a closer look, and suddenly felt something was wrong.

Isn't George Han turning around and scolding her as a brute?

"George Han, you call me a beast!" After Qi Yiyun recovered, he stood up and stared at George Han with an angry face.

"Really, no, I just talk about it casually, you have to think so, what can I do." George Han shrugged with a smile on his face.

Qi Yiyun's face was pale with anger. But she said it herself, and at this time she couldn't impose responsibility on George Han.

If she was Amelia Su, she could still be self-willed to George Han, but it's a pity that she doesn't have such qualifications at all.

"Humph." After a cold snort, the unwilling Qi Yiyun sat back on the sofa.

A smile appeared inexplicably on George Han's face.

In Qi Yiyun's view, George Han's smile seemed to be a sign of a winner, making her even more angry.

"What are you laughing at?" Qi Yiyun asked with gritted teeth.

"I laugh tomorrow should be very exciting." George Han said.

“What’s so wonderful about this kind of unspecified game.” Qi Yiyun said disdainfully.

“Of course, the competition is not as exciting as the top events, but if Han Tiansheng appears, would you say that it is not exciting?” George Han smiled.

Qi Yiyun’s brows were almost twisted together.

Han Tiansheng appeared?

If he really appeared on the court, it would not be a good thing for George Han, and George Han would actually feel wonderful.

“Your brain is broken. If Han Tiansheng appears, he will definitely make things difficult for you. It is possible that you have a tendency to be abused.” Qi Yiyun said silently.

“After all, he is my elder, even if he does not admit it, I did not put him in my eyes, but for me, to start with a blood related person, I still need a reason, he does not appear, the reason is from Where did it come from?” George Han said lightly.

Qi Yiyun rolled his eyes, this guy’s brain circuit is really different from ordinary people. If ordinary people encounter this kind of situation, they will definitely pray that Han Tiansheng will not show up, but he has expectations about this matter.

## Chapter 608

The day of the game.

George Han came to the stadium, and the Shuyang people were still busy doing final adjustments to the car.

For Shuyang, his level of tension today is comparable to his previous debut. After all, he has not participated in an official competition for several years, and he is far from this circle. Now he has the opportunity to make a comeback. He does not want to be a joke on the track. , And didn't want to disappoint George Han.

“How do you feel?” George Han asked Shuyang.

Shuyang was obviously a little too nervous and sweat kept coming out of his forehead.

“Brother Han, don't worry, I will try my best.” Shu Yang said.

“Achievement is not important. And your return time is too short, you don't need to put too much pressure on yourself, and you can run the whole course safely.” George Han patted Shuyang on the shoulder.

Su Yang suddenly felt that the pressure on his body was relieved a lot. Most people raise drivers in the hope that the drivers can earn face for themselves. Shu Yang, who once lived in this circle, knew very well what grades meant and even the cruelest things he had ever seen. , There was a driver because he lost the race. His legs were broken on the track.

But George Han doesn't seem to care about these.

“Brother Han, as long as I give me enough time, I will definitely enter the real league.” Shuyang said, this idea is shared by all the rich second generations in this

arena. Only when they enter the league will they gain face, and they can also be recognized by the family.

It can be said that this is the ultimate goal of every rich second-generation team.

But George Han is an exception. The league is meaningless to him. He is just taking this opportunity to pull up a group of haters and opponents, with well-known reasons to deal with these people, and then establish his own power in the United States.

It's just that Shuyang didn't know this. What he could work hard for was to prove himself on the track.

"Don't put too much pressure on yourself." George Han said lightly.

There was an influx of spectators in the arena, and soon the stands were filled with people, and there were many fans holding banners. This rich second-generation game seems to have brought about a trend effect.

The racing project, in addition to the car, can attract people's attention. There are also those tall racing girls, who can also feast their eyes on the eyes. A pair of long legs has become the most eye-catching scenery beside the track, but it is a pity that they are coquettish. Can't enter the eyes of George Han.

After the race began, the roar of the engine rang out on the track. For men, this is probably the world except for women. The most beautiful voice, no man can remain calm in front of this kind of sound, even George Han couldn't help standing up.

Low roar. The roar of the breaking wind, the lightning and thunder galloping on the track, the charm of the car is fully reflected at this moment.

“It seems that it is very difficult for Shuyang to get the top three rankings.” Qi Yiyun said to George Han, leaving the track for too long. Shuyang is obviously not used to this kind of competition, but at the beginning, he has fallen behind the others.

“There is no last place, it’s enough. You can’t measure him by the previous standards.” George Han said.

“You are magnanimous. After spending so much money, you can’t even rank up.” Qi Yiyun said with a narrow mouth.

George Han became happy and said, “Although the money is spent, it is not his own, so I don’t feel sorry for it.”

“It’s really unlucky to have someone like you in Nangong Boling.” Qi Yiyun rolled his eyes.

“The more I spend, the happier he is. This is not something you can understand as a woman.” George Han said.

“What’s wrong with the woman.” Qi Yiyun raised her head and said, “Now women can hold up half of the sky. Don’t look down on women.”

George Han looked down unconsciously, and quickly moved away after Jing Hong glanced at it. Nodded and said: “I didn’t look down on women, I just looked down on you.”

Qi Yiyun gritted his teeth with hatred.

At this time, Shuyang’s car pitted, which meant that the race was over.

Shuyang, who didn’t even squeeze in the top five, slumped his shoulders after getting out of the car, looking very disappointed.

“Brother Han, I’m sorry.” When he walked to George Han, Shu Yang buried his head and said. Although he had expected the result, he did not expect it to be so bad. During the game, he committed a lot. Shouldn’t be wrong.

“I said. I don’t care about the results, and today’s results will not represent the future, I still believe you.” George Han said.

Shuyang’s inner gratitude to George Han cannot be described in words.

Looking at those celebrating. Workshop No. 44 seemed particularly deserted and lonely, which made Shuyang feel even more sorry for George Han, and secretly vowed to bring back a good grade for George Han next time.

At this time, Fang Shuo’s gang had a good reason to show off in front of George Han, but they had seen George Han’s brutality before, and at this moment they could only hold back their bragging heart, and no one dared. Jump in front of George Han.

“

f\*ck ! This...who is this!” “Isn’t this Han Tiansheng! Why did he come.”

“Does he still like racing? He actually came here in person.”

A bunch of rich second generations celebrating together, look. After Han Tiansheng showed up, everyone was amazed.

Almost all of them were present at Wu Youfeng’s birthday banquet and witnessed Han Tiansheng’s strength.

Originally, these people thought that Han Tiansheng was too mythical by the Chinese community, and did not take Han Tiansheng’s affairs seriously, but after

Wu Youfeng's birthday banquet, no one dared to underestimate Han Tiansheng. And the fear of Han Tiansheng in his heart almost became a shadow.

The birthday banquet delivered the coffin, forcing Wu Youfeng to hang himself. No one has the right to underestimate this shocking thing.

Even Ma Feihao, who was arrogant and boundless on weekdays, became nervous after seeing Han Tiansheng.

Running all the way to Han Tiansheng's side, Ma Feihao shouted tremblingly: "Master Han, I didn't expect you to be interested in racing too. Would you like me to introduce you to today's champion?"

"You guys' games, how can I be? In my eyes, I thought it would give me a lot of face by winning a champion? What a joke." Han Tiansheng said disdainfully, facing anyone. His expressions were very straightforward and didn't save Ma Feihao any face.

And Ma Feihao did not dare to refute, he could only nod his head repeatedly, and said, "Master Han is right. This is just a small game, how can you get into the eyes of

Master Han." Superficial obedience does not mean that Ma Feihao can also in his heart. Accepting it calmly, his idea at the moment is to make Han Tiansheng arrogant. After his uncle came back, he naturally had a chance to let out such a bad breath.

"I don't know what Old Man Han needs my help?" Ma Feihao asked.

"If I, Han Tiansheng, need the help of a kid like you and spread it out, wouldn't it be a big joke." Han Tiansheng said with a mocking face.

Ma Feihao could not wait to slap himself twice. Knowing that Han Tiansheng had such an attitude, why should he put his face in front of Han Tiansheng and be beaten?

“However, you can follow to see the excitement, it’s okay.” Han Tiansheng’s tone changed quickly, making Ma Feihao confused.

lively?

Is it possible that Han Tiansheng’s previous events at Wu Youfeng’s birthday banquet were not enough, so does he have to make trouble in the arena?

Which hapless guy was stared at by Han Tiansheng, isn’t this a dead end?

When Han Tiansheng walked towards Workshop No. 44, he was followed by all the rich second generations watching the excitement. And when these people confirmed Han Tiansheng’s goal, they all fell into trouble.

“Brother Hao, Han Tiansheng is going to trouble George Han, this turtle grandson, I didn’t expect even Han Tiansheng to provoke him.”

Ma Feihao didn’t expect Han Tiansheng’s spearhead to be directed at George Han, but he and Fang Shuo had different ideas. He even hoped to avenge himself personally. After all, he would have the strength to avenge his uncle after he returned.

If Han Tiansheng easily killed George Han, it would be too cheap for Ma Feihao to George Han.

“You are George Han?” Han Tiansheng asked George Han after walking to Workshop No. 44.

Han Tiansheng’s appearance did not surprise George Han, and said lightly: “I am.”

“Kneel down.” Han Tiansheng yelled.

## Chapter 609

Han Tiansheng's strength has been seen as early as at Wu Youfeng's birthday banquet, and all his remarks are not surprising.

The rich second generations stared at George Han almost exclusively watching the show. Before George Han asked them to kneel down, today they can finally let George Han get a taste of what it is like to kneel down.

“This guy George Han finally has today. It's ridiculous. Although he is great, can he beat Han Tiansheng?”

“This shameless pen will definitely not be better today. Offending Han Tiansheng, he has only one dead end.”

“Happily. It's damn good, I dare not arrogantly look at this evil pen.”

Those rich second generations whispered, their tone seemed like a breath of evil.

On the other hand, George Han looked at Han Tiansheng with a smile, and said astonishingly: “Are you kneeling for me?”

These simple five words made the rich second generation dumbfounded, and some even seriously suspected that they had auditory hallucinations.

This guy George Han actually wanted Han Tiansheng to kneel for him. Is he crazy!

Fang Shuo couldn't help swallowing his saliva. Just standing in front of Han Tiansheng, he felt that his legs were soft, and George Han had the guts to say such things.

The same is true for Ma Feihao, his stunned expression is full of incredible, although he does not respect Han Tiansheng as much as he seems, but before his

uncle comes back. He is absolutely unwilling to provoke a ruthless character like Han Tiansheng, but George Han dared to say this directly, which is really incredible.

“Is this crazy pen? Don’t he know what happened at Wu Youfeng’s birthday banquet?”

“It should be, otherwise, how could he have the courage to say such a thing.”

“This ignorant thing doesn’t even know who it has offended.”

The rich second generations decided that George Han definitely didn’t know how strong Han Tiansheng was at the birthday banquet, so he dared to speak to Han Tiansheng in this tone.

In their eyes, George Han is ignorant and ridiculous.

But George Han’s next words subverted their thinking.

“Han Tiansheng, you forced him to hang himself at Wu Youfeng’s birthday banquet. This incident did scare many people, but to me, it was nothing more than a pediatrics.” George Han said lightly.

These words made the scalp numb for those rich second generations, since he knew how strong Han Tiansheng was. How dare you have the courage to treat Han Tiansheng with this attitude?

Could it be that he didn’t even pay attention to Han Tiansheng?

At this moment, those rich second generations had to admit the gap between themselves and George Han.

For them, you don't even need to know the reason. Kneeled down to Han Tiansheng a long time ago, how could there be such a calm attitude as George Han?

“Damn, I admire this guy a little bit.”

“You dare to talk to Han Tiansheng like this, so courageous.”

“Hey. No wonder we are not his opponents, we lost in the aura alone.”

A group of people sighed and murmured and shook their heads, recognizing the gap between themselves and George Han.

Fang Shuo had already started to regret offending George Han at this time, if this time George Han had not died in Han Tiansheng's hands. If you retaliate against him, the end will not be as simple as peeing your pants, so now he can only expect Han Tiansheng to kill George Han!

“Old man Han. He dared to talk to you like this, completely disrespecting your old man.” Fang Shuo said deliberately, adding fuel to the fire.

Han Tiansheng turned his head and looked at Fang Shuo coldly and said, “Are you qualified to speak here?”

Fang Shuo trembled, and quickly lowered his head and said, “Master Han, I'm sorry, I'm sorry.”

Han Tiansheng turned his head, continued to look at George Han, and said, “I didn't expect that trash. You still raised something so arrogant and ignorant. It seems that the lessons taught him back then were not enough.”

George Han's eyes condensed, he knew who the waste in Han Tiansheng's mouth was referring to.

In George Han's mind, Han Tianyang is a hero. No one has the right to belittle him.

“Han Tiansheng, whether my grandpa is a waste or not, you are not qualified to evaluate it. If you have the ability, I will talk about it after fighting.” George Han said solemnly.

This face-to-face provocation made everyone think that George Han was looking for death, and even Qi Yiyun next to him thought that George Han's words were an unwise choice, and subconsciously pulled George Han's sleeves.

When Han Tiansheng heard this, he laughed loudly, full of disdain and contempt, and said: “Is he a trash, no one in this world knows better than me, if he is not relying on a woman. Now he is not even qualified to beg, A person who needs to lean on a woman to stand on his heels, he is not a waste, so what is it?”

Han Tiansheng's eyes made George Han very uncomfortable. He could see the contempt from Han Tiansheng's bones, as if he wanted to be inferior.

Nangong Qianqiu is backed by the huge Nangong family. The rise of Han Tianyang back then may indeed be helped by the Nangong family, but this does not affect Han Tianyang's image in George Han's mind.

What he cares about is not how powerful Han Tianyang is, but the entire Han family, and only Han Tianyang regards him as a relative.

at this point. Has nothing to do with Han Tianyang's ability?

And for George Han, even if his grandfather is really incompetent, as a grandson, he should also fight for his grandfather.

“Really? What are you relying on? Relying on betraying your brothers or betraying your friends and family?” George Han retorted.

A hint of coldness flashed across Han Tiansheng's face. He was above Han Tianyang back then, and he did use some shameless means, if not so. Han Tianyang will not tear his face with him.

But for Han Tiansheng, the outcome is the most important thing. Han Tianyang's departure from the United States means that he is the final winner.

"I give you a chance. Within three days, I want to see you kneel down in front of the Han family Villa, otherwise. I will let the entire Chinese community witness your incompetence. I want everyone to know that waste education, It's just teaching a waste." Han Tiansheng finished. Turn around and leave.

Those rich second generations also hurried away. Without Han Tiansheng's support, they didn't have the guts to criticize George Han.

But today's performance of George Han has left a mark in their hearts. No matter what the outcome of George Han, he has the courage to compete head-on with Han Tiansheng, which is something to be admired.

"Brother Hao, what do you think George Han will end up with?" Fang Shuo asked after closely following Ma Feihao.

"Humph." Ma Feihao smiled coldly. He said: "What kind of person Han Tiansheng is, don't you know? He let George Han kneel at the Han's Villa. If George Han doesn't do this, he will only have a dead end."

Fang Shuo breathed a sigh of relief when he heard this. Only when George Han died could he be relieved.

"But this guy is too cheap. I hope he will kneel down obediently. This way, it will leave me a chance for revenge." Ma Feihao said with gritted teeth.

“Brother Hao, do you have a chance to take revenge?” Fang Shuo looked at Ma Feihao in surprise.

“Of course, my uncle will be back soon. This kind of trash can’t be my uncle’s opponent. I will cut him a thousand times.” Ma Feihao said, biting his posterior molar.

For Fang Shuo, as long as George Han could die, it was a good thing. As for whose hands he died, Fang Shuo didn’t care.

And he deliberately added fuel to the fire just now, George Han will definitely hate him even more, only if George Han died early, Fang Shuo’s hanging heart can let go.

“What are you going to do? With your current ability, you are not Han Tiansheng’s opponent. Are you going to kneel in front of the Villa?” After everyone left, Qi Yiyun asked George Han. In her opinion, a temporary compromise was not whatever, as long as you can find a chance for revenge in the future.

“Do you think I should kneel down?” George Han asked with a smile.

“I know this is a shame for you, but this is the best way at the moment. How strong Han Tiansheng is, I believe I don’t need to tell you more.” Qi Yiyun said, she didn’t want George Han to meet at this stage. Han Tiansheng tore his face, and it is not too late to take revenge when he has real ability.

Temporary embarrassment is not considered as embarrassing. Only the person who really stands last is the winner. This is a very simple truth.

“Since you think you should go, then I will go and bring some gifts by the way.” George Han said with a smile.

“Gift? What gift?” Qi Yiyun looked at George Han suspiciously.

“How about the mahogany coffin?”

## Chapter 610

Mahogany coffin!

These four words exploded like thunder in Qi Yiyun's ears.

In her opinion, George Han at this time, taking a step back, and only forbearing temporarily, and waiting until he has enough abilities, is he qualified to challenge Han Tiansheng.

But Qi Yiyun never expected that George Han would give Han Tiansheng a mahogany coffin!

Qi Yiyun couldn't imagine how Han Tiansheng would react when a peach wood coffin was placed in front of the Han's Villa! And what stormy waves will be set off in the Chinese area.

“Are you crazy?” Qi Yiyun looked at George Han dumbfounded. At this moment, George Han was in her eyes. He is completely a lunatic, Han Tiansheng is like a pile of bombs, and George Han approached with a flame. Isn't this looking for death?

George Han raised a subtle arc at the corner of his mouth and said, “You think I'm crazy, then that's crazy. If you don't be crazy, you won't survive.”

Qi Yiyun suddenly stretched out his hands and pulled George Han tightly. Said: “You have to think clearly, do you know what the consequences of doing this mean?”

Qi Yiyun didn't care about George Han in the slightest. She didn't want to see George Han in any danger, so she was so nervous, and she didn't want George Han to do this kind of suicide.

Han Tiansheng, that's Han Tiansheng!

In the former Chinese district, Han Tiansheng single-handedly stirred up the bloody wind, and it is still a shadow in the minds of countless people.

And Han Tiansheng, who had retired for many years. Going out of the mountain forced Wu Youfeng to hang himself at the birthday banquet, which once again dealt a heavy blow to the Chinese district.

In today's Chinese district, no one would dare to underestimate this old man. George Han's move was not only stupid, but also destined to be a joke.

George Han turned his head and stared at Qi Yiyun, and said, "You don't believe me?"

Qi Yiyun nodded and shook his head again, obviously unable to stand firm. At this time, she was quite contradictory.

She was naturally willing to believe in George Han, but the opponent that George Han faced was too strong. She also felt that she should persuade George Han instead of giving him useless support.

"Can you think about it more clearly? This matter can still be discussed in the long term." Qi Yiyun was anxious like an ant on a hot pot, at the same time at a loss. Anxious inside.

"He treats my grandfather as trash, do I have to show a trash gesture in front of him?" George Han said coldly, whether it was for Han Tian or himself. George Han must fight for a sigh of relief.

These guys from the Korean family in the United States think they are superior to the Han Family.

George Han had to let them know how stupid this idea was.

George Han shook Qi Yiyun's hand and said, "You go home. I don't want to hurt you."

After speaking, George Han left.

Seeing George Han's fading back, Qi Yiyun was stunned and didn't know what to do.

She wanted to persuade George Han to turn around, but she knew George Han's temper. No one can shake his mind about what he decides.

"What's the matter?" Shu Yang approached Qi Yiyun and asked.

"You said, should I believe him?" Qi Yiyun asked with loose eyes.

Shuyang didn't know the content of the conversation between the two of them, but for Shuyang. In the situation he is facing now, he has no choice but to believe in George Han.

"Although I don't know what you said, but if it is me, I will unconditionally choose to believe, because he is definitely a person who can create miracles." Shuyang said firmly, in his mind, George Han The image is tall and stalwart. Not only because George Han gave him a chance for revenge, but also because he felt unprecedented trust in George Han.

Since George Han believes in him, why does he not believe in George Han?

Qi Yiyun froze for a long time before saying: "I want to go home first."

After taking a taxi back home, Qi Yiyun found that both Qi Donglin and Ouyang Fei were sitting in the living room. The complexion was obviously abnormal.

These two also returned from the arena, and they naturally knew what happened to Han Tiansheng.

Before Qi Yiyun arrived home, the two were blushing because of George Han's problem.

Qi Donglin believes that at this time, Qi Yiyun should be persuaded to stay away from George Han, because after George Han is targeted by Han Tiansheng, he will definitely not end well. At this time, whoever gets close to George Han will easily be caught. Affect the fish pond.

But Ouyang Fei and Qi Donglin had completely different ideas. Instead, she believed that Qi's family should stand with George Han at this time.

After all, there is no George Han. There is no current Qi family. Ouyang Fei thinks that people and things shouldn't be so immoral. When George Han is in trouble, they should lend a helping hand.

have to say. Ouyang Fei is not comparable to Qi Donglin in emphasizing love and justice.

But Qi Donglin's choice was not wrong. After all, he was also for the good of the Qi family, and Han Tiansheng forced Wu Youfeng to death when he came out of the mountain. Who would dare to underestimate this dying old man?

"What's wrong with you?" Qi Yiyun asked, looking at the two of them puzzledly.

Qi Donglin glanced at Ouyang Fei, not daring to speak, at home, his status. After all, it is lower than Ouyang Fei. Although he has lived abroad for a long time, he still hasn't changed the characteristic of strict domestic wife control.

"Your dad wants you to stay away from George Han, but I don't agree." Ouyang Fei said.

Standing up from the sofa, Ouyang Fei walked to Qi Yiyun's side and continued: "I think that when our family was facing life and death troubles, if it weren't for George Han's help. We'd be over long ago. Now that George Han is in trouble, we will Can't turn a blind eye, what do you think?"

Qi Yiyun looked at Ouyang Fei in astonishment. On the way back, she racked her brains to find a way, hoping that her position could be recognized by both of them, because no matter what the situation was. She would stand on George Han's side.

But Qi Yiyun never expected that Ouyang Fei would have the same idea as her.

"Mom, do you really think so?" Qi Yiyun asked incredulously.

Ouyang Fei nodded and sighed again. Said: "Mom naturally also has selfish intentions. If George Han can stand firm in this matter, and even make him subvert the position of the Han family, his influence in the Chinese district will definitely surpass Han Tiansheng. At that time The benefits the Qi family can get are beyond imagination."

"How is this possible." Ouyang Fei's words immediately caused Qi Donglin's rebuttal, as he witnessed Han Tiansheng's iron-blooded methods when he was very young. Witnessing the white bones on the road to the rise of Han Tiansheng, how could George Han's stunned green face be Han Tiansheng's opponent?

"Do you know that in the current Chinese district, as long as Han Tiansheng says a word, how many will be able to work for him? George Han is not facing an opponent of Han Tiansheng, but the entire business community in the Chinese district. How could he not die?" Qi Donglin continued, saying that there was no meaning to look down on George Han, but he felt that George Han's failure was taken for granted.

Ouyang Fei glared at Qi Donglin, and retorted: “There are talents from generation to generation. Why can George Han not replace Han Tiansheng? Does the Chinese district have to be under Han Tiansheng’s control?”

“I dare not say how the pattern will change in the future, but as long as Han Tiansheng lives for one day, the Chinese district belongs to him.” Qi Donglin said affirmatively.

“I don’t believe in this evil, I am optimistic about George Han, he can definitely rewrite the pattern of the Chinese district.” Ouyang Fei said firmly.

Qi Donglin was anxious again, and said: “What do you women know? Do you know why Han Tiansheng can have such a big influence? Do you know how many people’s bones have been stepped on under his feet? His prestige is used by countless people. A life in exchange.”

“What about women, I know the meaning of affection than you.”

Seeing that the two were about to quarrel again, Qi Yiyun quickly interrupted them: “Don’t quarrel, I have already made a decision.”

Hearing Qi Yiyun’s words, both Qi Donglin and Ouyang Fei closed their mouths and looked at her directly.

Qi Yiyun took a deep breath. She knew how important her decision was, and it was very likely that Qi’s family would fall into a deadly place.

But if she has nothing to do with herself, she can never do it.

“No matter what George Han wants to do, I will support him.” Qi Yiyun said.
