

His True Colour Chapter 621 - 630

Chapter 621

As the saying goes, one hundred days of injury.

Although George Han has an amazing recovery ability, it takes a long time to recover after Han Xiao interrupted his right leg.

Lying on the bed, even though there are big beauties like Qi Yiyun taking close care of him, for George Han, nothing can be done and it is still a very painful thing.

“Can I go for a walk?”

“Can you walk with your head?”

“Then I want to go to the balcony to get some fresh air, right?”

“I will open the window for you.”

“I have to move, or the bones will be rusty.”

“Come on, do radio gymnastics with me, I will teach you.”

Facing George Han’s request, Qi Yiyun refused all of them without exception, because she only wanted George Han to cultivate in bed, and did not want him to have any amount of exercise to avoid making the injury worse.

George Han smiled helplessly. Qi Yiyun cares about him, he knows this, but he can’t bear to let him lie in bed 24 hours a day.

“Do you have ADHD? You can’t stand it for a day.” Qi Yiyun rolled his eyes and said to George Han.

“Then can you call that person? I want to know who he is.” George Han said. Before fainting, he knew of Ma Yu’s appearance, and after Qi Yiyun explained, he also knew that Ma Yu was Ma Feihao’s. Uncle, but why Ma Yu wanted to save him? George Han never figured out.

“I want to find him too. But after he sent you here, he never showed up.” Qi Yiyun said, this place should be Ma Yu’s home, but after leaving George Han, Ma Yu disappeared. .

“It’s really weird, Ma Feihao can’t wait to kill me, how could his uncle save me.” George Han said with a puzzled look.

“Is it strange that this kind of thing makes sense? If it weren’t for him to save you, you would have died in Han Xiao’s hands a long time ago. It’s really beyond your control.” Qi Yiyun complained. On the same day George Han was beaten, but she cried heartbreakingly. Fortunately, Ma Yu appeared, otherwise George Han would already be lying in the cemetery.

George Han shrugged helplessly. He was really careless about this. He thought that Han Long was the most powerful person in the Han family. Since he can kill Han Long, the rest of the Han family is not worth fearing. But who would have thought that there is Han Xiao beside Han Tiansheng, and Han Xiao’s strength is higher than Han Long by many levels.

“Hey.” George Han sighed and said, “It’s really overpowering. I should have thought that there are powerful characters next to Han Tiansheng, otherwise. Why would he be able to live until now.”

Han Tiansheng stepped on the bones and had countless enemies. Since he could live to this day, he must have capital around him. This George Han should have thought of. But the three-day period Han Tiansheng gave him gave him no time to consider these factors.

In Han Tiansheng's eyes, Han Tianyang is a waste. How can George Han shrink and take the name of waste?

"What if you think of it. Don't you go?" Qi Yiyun complained.

George Han was taken aback, then laughed, and said, "This is true, even if I know the ghost gate is closed, I won't back down."

"You really don't know how to advance or retreat. Even if you know it is dead, you have to be sent to the door. Is there someone as stupid as you?"

"For Han Tiansheng, taking a step back will only make him gain an inch. Even if I can bear it, it is useless." George Han said.

Qi Yiyun puffed up. I want to refute George Han, but I really don't know what to say.

The strong Han Tiansheng, even if George Han really bowed his head, he would not let George Han go.

At this time, the doorbell rang suddenly.

George Han and Qi Yiyun looked at each other. Then Qi Yiyun went to open the door.

However, after the door was opened, Qi Yiyun did not see Ma Yu as expected, but Ma Feihao stood at the door carrying a fruit basket.

"What are you doing?" Qi Yiyun asked Ma Feihao puzzledly.

Ma Feihao's eyes flashed with surprise. Facing a beauty of Qi Yiyun's level, he was instantly tempted. It was not that Qi Yiyun's beauty had not been discovered before, but that he had always hoped to develop a relationship with Han Yan and

join forces with Han Yan. It made the Ma family grow stronger, so Qi Yiyun was selectively ignored before.

And now. Han Yan's status in the Han family plummeted, and Ma Feihao was naturally not interested in this woman.

However, even if he was moved by Qi Yiyun, he did not dare to have the slightest idea of deviance. After all, this is most likely George Han's woman, who gave him a hundred courage. He didn't dare to think about it.

"Brother George, let me see him." Ma Feihao said.

Three...Three thousand brothers?

Qi Yiyun looked at Ma Feihao with a look of astonishment, thinking that he must have had auditory hallucinations.

Ma Feihao actually called George Han? Could this be a mistake?

With Ma Feihao's character that he must retaliate, George Han asked him to kneel down for this hatred. Can Ma Feihao not repay it?

"What did you say?" Qi Yiyun felt that he had heard it wrong, and asked again.

"Let me take a look at Brother George, is he resting?" After a pause, Ma Feihao continued: "If Brother George is resting, I will leave things behind and see him next time."

This time, Qi Yiyun heard clearly and clearly, there is absolutely nothing wrong with it, Ma Feihao is really called George Han!

Has this guy changed s*x?

“He just woke up, you need to see what he said, go in.” Qi Yiyun said incredulously.

“Thank you, thank you.” Ma Feihao nodded politely.

This... is this a miracle?

Still the world has changed. Even a dude like Ma Feihao has become so polite.

Qi Yiyun really felt that this was an illusion, but it was so real. She pinched her thigh and it hurt. What happened?

Ma Feihao came to George Han’s room. After putting down the fruit basket, Tian smiled and said to George Han: “Brother George, are you okay, how are you recovering?”

George Han and Qi Yiyun felt exactly the same. They felt that they had hallucinations, and they couldn’t help rubbing their eyes, and asked, “What do you call me?”

“Brother George, don’t you like it.” Ma Feihao straightened his back and said with a serious face.

“Ma Feihao, what trick are you playing with me?” George Han asked. Ma Feihao wants revenge. George Han knows this very well. He is considered to be the top role of the pyramid in the rich second-generation circle of the Chinese area. When he was asked to kneel on the track last time, Ma Feihao was bound to suffocate his anger. , George Han would not be surprised by Ma Feihao’s revenge, but this guy is obviously showing good to him now, which is strange.

To say that Ma Feihao has no purpose. George Han would never believe it.

“Brother George, how could I play tricks with you? I came to see you sincerely and hope you can get well soon.” Ma Feihao said, since he already knew that he could not be George Han’s opponent, he was not qualified to follow George Han got it right, Ma Feihao could only put down his figure, and it’s not a shame to think about it as a dog leg for George Han. No matter how outsiders look at him, as long as he can follow George Han to make Ma’s better Strong. It’s worth it.

“Ma Feihao, I asked you to kneel in front of everyone, don’t you want revenge?” George Han asked with a frown.

“Revenge?” Ma Feihao said with a nervous look: “Brother George, I have never thought of this before and kneel to you. That is a matter of course. How could I take revenge?”

“You didn’t take the wrong medicine.” George Han felt that this guy must have a convulsion in his brain, otherwise how could he say such a thing?

“Brother George, I am not sick, so what do I do with medicine.” Ma Feihao said.

“There is something wrong with you. Go to the psychiatric department of the hospital.” George Han said speechlessly.

Ma Feihao immediately took out the phone and after the number was dialed, he said: “Help me make an appointment for a psychiatric specialist. Brother George said I have to see it, I must see it.”

George Han was completely speechless. Now he not only feels that Ma Feihao has a convulsion, but also feels that he is extremely ill and hopeless.

The same is true for Qi Yiyun, because Ma Feihao’s obvious intention to please him is beyond the scope of ordinary people’s understanding.

“It’s not related to your uncle, right?” George Han suddenly thought of a possibility. Ma Yu saved him. Even Han Tiansheng didn’t dare to stop him. Now Ma Feihao’s attitude has changed. In addition to Ma Yu, he also What can I do?

“Brother George, my uncle said, let me be your dog leg, starting from today, I will be your most loyal subordinate. You want me to go east, I will never go west.” Ma Feihao said solemnly.

Chapter 622

Sure enough, it was related to Ma Yu, but George Han couldn't figure it out even more. Why did Ma Yu save him and let Ma Feihao be a dog?

In terms of the hatred in Ma Feihao's heart, he was able to lay down his dignity to please himself, which shows that Ma Yu explained to him the seriousness of the situation, but George Han did not know what was mentioned.

"Why would he do this?" George Han looked at Ma Feihao in confusion.

Ma Feihao shook his head with a look of embarrassment. In his opinion, Ma Yulai should tell George Han about these things. He is not qualified to talk nonsense, and if he accidentally said something wrong and caused a big mistake, it would be worth the loss. Up.

"Brother George, you should wait for my uncle to come back and ask him. I really don't dare to talk nonsense, I'm afraid I'm saying something wrong, I hope you can understand. But starting today, if you have any needs, you can tell me, I will definitely satisfy you." Ma Feihao said, being a dog, he must do his duty, so he is ready to do anything for George Han.

"Where did your uncle go?" It has been many days, George Han didn't even see Ma Yu's shadow. If he leaves, who else can solve this doubt for him?

"At the entrance of Han's Villa, I will help you guard the coffin." Ma Feihao said.

Han family Villa.

The coffin is definitely the most amazing scenery at the door, and many people come to see it these days. Of course, these people dare not come close, and can only take a look at it from a distance to personally confirm that this matter is not a rumor.

Ma Yu lay horizontally on the top of the coffin. Although this kind of action was a bit unlucky, it was no taboo for Ma Yu. He doesn't believe that lying in the coffin can kill him. As long as George Han takes good care of him, he is very likely to join Simen.

Today, Ma Yu, although not a marginal figure of Apocalypse, is still an insurmountable distance from the core. This time, Ma Yu was ordered to protect George Han. This is his opportunity to enter the core. If Yi Lao is satisfied, he will surely get a certain position in Simen.

Even if it was only the lowest level of the four disciplines, it was a leap compared to what it is now, so Ma Yu has already thought about it, no matter what, to make George Han happy. Yi Lao's degree of satisfaction.

It's not just guarding the coffin. Although it is a little boring, but thinking of the opportunity to join the four doors, Ma Yu has to stick to it no matter how boring.

In fact, he doesn't need to stay here at all, there is a word from him. The Han family did not dare to act rashly. Under the premise that the two were dead, even Han Tiansheng did not dare to ask anyone to move the coffin.

Moreover, as Han Xiao once was a member of the apocalypse, he knew better what it means to be a young man, so naturally he didn't have the guts to offend the big man in the apocalypse.

"Ma Yu. Is your purpose of coming this time just to save George Han?" At this time, Han Xiao walked to the coffin and asked Ma Yu.

Ma Yu sat up, shook his head and said, "Elder Yi doesn't know what's going on here, if he knew. I'm afraid he would have come by himself."

Hearing this, Han Xiao's heart was shocked. He thought about the consequences of the Yi Laohui instead of Ma Yu who appeared this time. I am afraid that the entire Han family, even the dog, will die clean.

"Yi Lao... will he really come to the United States? I. I remember he hasn't left Apocalypse for a long time." Han Xiao said with a squat.

Ma Yu smiled contemptuously, this guy was so scared that he couldn't even talk, but this is not surprising, with Yi Lao's deterrence, even if he was scared to pee his pants, it was a matter of course.

"The current meaning of Yi Lao. Just let me protect George Han. As for whether he will come or not, I don't know. But for you, it is best to pray three times a day and pray that Yi Lao will not come. Otherwise, You will die and the entire Han family will be removed." Ma Yu said.

Han Xiao breathed a sigh of relief, but Yi Lao did not make sure to come. This shows that they have not reached a dead end, but still have a chance to survive.

"But..." Ma Yu said immediately: "The grievances between you and George Han, George Han will definitely not let you go, so you probably still have to die."

After speaking, Ma Yu laughed. He could see that George Han was a person who would definitely take revenge, and the many years of grievances between the Han family in the United States and the Han family in Hillwood City needed someone to stand up and end, and this person was George Han.

Han Xiao took a deep breath. He focused all his attention on Yi Lao, completely forgetting the grievances between himself and George Han.

What if Yi Lao doesn't come, will George Han let them go?

As Ma Yu said, in the current situation, they still cannot escape.

“I see, do you need anything?” Han Xiao said.

“Han Xiao, you still want to bribe me, do you think I dare to accept it? That is Yi Lao, who can slap me to death with one slap, I am killing you every stitch and thread.” Ma Yu is not interested Said. Give him a hundred courage, and he absolutely dare not accept Han Xiao’s benefits.

Han Xiao’s face was as gray as death, and said, “I’m leaving now.”

Back to the Han’s Villa.

Han Tiansheng’s small courtyard.

In the past this time, Han Tiansheng usually made tea to tease birds, but now. He has no such mood at all.

The finches in the cage seemed to notice that they were being left out in the cold, and they kept twittering.

The distraught Han Tiansheng was angry with a beast and threatened: “You are calling, believe it or not, I will pinch you to death.”

How could the caged bird understand Han Tiansheng’s words, and barked even harder.

Han Tiansheng stood up, opened the bird cage, reached out to hold the bird in the cage, pinched it alive.

“A beast is a beast. I don’t understand human words, so why do I raise you?” Han Tiansheng gritted his teeth.

Han Xiao, who had just returned, saw this scene. I was a little surprised. This bird is a plaything that Han Tiansheng has kept for a long time. He takes good care of

him on weekdays. It has to be brought back to his room even if it is windy or rainy. It was killed by himself today!

“How is it?” Han Tiansheng asked Han Xiao.

Once Han Tiansheng was not afraid of death or bloodshed, but after so many years of ease, his energy has faded. Now when his life is threatened, Han Tiansheng realizes that he is actually afraid of death. He didn't want to sit still, he had to find a way to keep the Han family.

Of course, Han Tiansheng has never thought about fighting against the four gates of the Apocalypse. The Han family in the American Chinese area is stronger than Tianqi. It is not as good as an ant. Naturally, Han Tiansheng cannot have such ambitions. .

“Yilao is not sure if he will come to the United States.” Han Xiao said.

Han Tiansheng breathed a sigh of relief, his feeling at the moment was exactly the same as Han Xiaogang's mood when he learned of this incident. As long as Yi Lao doesn't come, things will turn for the better, but like Han Xiao, he has forgotten the existence of George Han.

“But you forgot George Han, will he let us go? Yi Lao will not come. But he is Yi Lao's personal apprentice, we have no right to ignore George Han.” Han Xiao reminded.

Han Tiansheng's expression became serious in an instant.

Yes, there is no Yi Lao, but George Han is still there!

As Yi Lao's apprentice, George Han is in. Doesn't it mean that Yi Lao is also here?

Han Tiansheng gritted his teeth. With the current level of hatred between him and George Han, it is almost impossible to turn the fight into jade. Even if he can really pull down his old face and discuss with George Han, George Han may not be able to talk with him. He lives in peace.

“Is there no other way?” Han Tiansheng said, biting his molars. He has built the glory of the Korean family in the United States, and he never wants to see this glory ruined in his own hands. This is his painstaking effort and he has spent his entire life in exchange for it.

“There is another way to find him.” Han Xiao said.

he?

he!

Han Tiansheng’s expression condensed.

Han Tianyang, yes, as long as you find Han Tianyang, this matter will have a turnaround.

“But is it really useful to use Han Tianyang to threaten George Han?” Han Tiansheng said uncertainly.

Han Xiao smiled helplessly. He did mean to go to Han Tianyang, but he didn’t use Han Tianyang to threaten George Han. Instead, he reconciled this hatred with Han Tianyang. As long as Han Tianyang can not remember his hatred of the Korean family in the US, he can Convince George Han not to take revenge.

Unfortunately. Han Tiansheng obviously had no thoughts in this regard. His first thought was to arrest Han Tianyang, which was really ridiculous.

Chapter 623

“Do you think we are still qualified to arrest Han Tianyang? This will only make George Han even more angry.” Han Xiao said.

Not catching Han Tianyang?

Han Tiansheng looked at Han Xiao suspiciously, other than that, he didn't understand what Han Xiao said just now.

Since Han Tianyang cannot be arrested, what is the point of finding Han Tianyang?

“What do you mean?” Han Tiansheng asked suspiciously.

Han Xiao sighed and said, “Now you are no longer aloof, you should lower your identity to look at this matter. Looking for Han Tianyang is to negotiate to resolve the grievances between you, and then let Han Tianyang persuade George Han to let us go.”

“This is impossible!” Han Tiansheng's first thought was rejection, and he refused very decisively.

The word negotiation is in his eyes. It's just a joke.

At the beginning, he and Han Tianyang were cut off from righteousness, and even forced Han Tianyang to kneel and forced to leave the United States. These were all things Han Tiansheng did above Han Tianyang.

For Han Tiansheng, Han Tianyang in his eyes is always inferior to others, but how could he negotiate with a low-ranking person?

“Why is it impossible, because you have always thought that Han Tian is inferior to others?” Han Xiao said helplessly.

“He is a trash in my eyes, nothing can be changed. And you, you actually want me to discuss with a trash, Han Xiao, have you forgotten your identity?” Han Tiansheng said coldly.

Han Xiao left Tianqi and returned to Han Tiansheng because Han Tiansheng was kind to him. If it were not for Han Tiansheng, he would not have the self he is today, so Han Xiao is very grateful. I am willing to spend my whole life on protecting Han Tiansheng.

But now, Han Xiao has lost the ability to protect Han Tiansheng, or to put it bluntly, he is not qualified to protect Han Tiansheng at all. Facing Yi Lao, he has no choice but to capture Han Tiansheng.

“I can die with you as long as you want.” Han Xiao said lightly.

Han Tiansheng was furious, and walked up to Han Xiao’s face and said grimly: “You are my bodyguard. You should protect my integrity instead of asking me to whisper to a waste.”

“I will definitely try my last breath to protect you. You can rest assured.” Han Xiao said blankly. He can die, as long as Han Tiansheng makes a choice.

Fight for the last breath!

This sentence obviously meant that even if he died, he would not be able to protect Han Tiansheng, and Han Tiansheng naturally understood this truth. But in order to survive, can you only ask Han Tiansheng?

If the time goes back ten years, Han Tiansheng’s idea will definitely be very firm, and there will be no wandering. But now, when he thought that he would die and the Han family would be destroyed in his hands, Han Tiansheng hesitated.

“You should be very clear. Only Han Tianyang can change what George Han thinks.” Han Xiao continued.

Han Tiansheng returned to his room without saying a word.

Out of dignity, he was never willing to go to Han Tianyang, but his life was short. Do you really want to bet your life for this tone?

Although he didn't have much time left in his life, Han Tiansheng was absolutely unwilling to end in this way.

The Han family that had been built up so hard was ultimately destroyed in his own hands. This is definitely not what Han Tiansheng wants to see.

“Is there really no other way?” Han Tiansheng sat on the edge of the bed and said to himself, his rickety posture looked dejected.

On the other hand, George Han was still worried about Ma Yu's appearance. This guy turned out to save him, and also asked Ma Feihao to be a dog. The more George Han thought about it, the more he felt a muddle in his mind.

Could it be that. Is Ma Yu related to that level?

But even if Ma Yu was really at that level, George Han didn't think he could get such high-standard treatment.

At first, he played against Gong Tian, although he won, but he was reluctant. He doesn't think that because of this matter, he can get that level of attention.

After Ma Feihao left, George Han took out the jade pendant he got at Nangong's house. The word Apocalypse was clearly visible on it. He guessed that Apocalypse might be the name for that level, but before this matter was really confirmed, all this It's just his guess.

“Apocalypse, what kind of place is it? Is it some kind of mysterious organization? What is the meaning of such an organization?” George Han said to himself.

He has very little understanding of that level now, but he can feel that this level seems to be getting closer and closer to him, and I believe that one day, he can enter this level. And understand what this unknown world is like.

At this time, Qi Yiyun walked into the room with the fruit plate.

In addition to three regular meals for George Han every day, Qi Yiyun also prepares some nutrients and fruits for George Han, which can be said to take care of him very comprehensively. I am afraid that George Han is missing nourishment and nourished his body.

“Eat some fruit.” Qi Yiyun said.

“If I die at the door of the Han family Villa, can you imagine the consequences of the Qi family?” George Han asked Qi Yiyun. They have not discussed this issue yet, but it goes without saying that both of them know well. Therefore, George Han admired Qi Yiyun’s courage to make such a decision.

“The hypothetical question is meaningless, I refuse to answer.” Qi Yiyun said lightly.

“Then why are you doing this? You can tell me.” George Han said.

“Love you. I can’t think of other reasons besides loving you. My love for you is strong enough, and I almost took the lives of a family of three.” Qi Yiyun replied very relaxedly, as if it seemed to her to be a small piece And a matter of course.

George Han sighed. If only because of love, Qi Yiyun could make such a huge risk, then this love is really heavy.

Seeing George Han's serious expression. Qi Yiyun suddenly smiled and said: "You really regard yourself as a male god. Our family is betting that you will not die and that you can win the Han family. In this way, our family can get a lot of benefits."

George Han knew that this might be part of the reason, but it was definitely not the fundamental factor.

suddenly. George Han thought of something related to Qi Yiyun's relatives.

After taking a cautious look at Qi Yiyun, George Han asked, "By the way, your relatives. Are you here yet?"

Qi Yiyun was stunned for a moment and then said, "Are you afraid? What's so scary, isn't it just not coming? It's not a big deal."

George Han almost choked to death in his throat with an apple stalk. Isn't it a big deal? If Qi Yiyun is really pregnant. For George Han, it was a major event that changed the color of the world. Not only was it impossible to explain to Amelia Su, George Han didn't know how to treat Qi Yiyun.

"It can't be a coincidence." George Han was suffocated to death. Drunk so drunk and feel nothing at all. Wouldn't it be too wrong to be a father?

"How do I know, it's not what I said to count." Qi Yiyun snickered in his heart, looking at George Han's scared expression with a different flavor. As for George Han's rejection of this matter, it is nothing for Qi Yiyun. After all, it was not once or twice that she was rejected by George Han, she was already used to it.

George Han sighed heavily, except for praying in his heart. There is no other way.

For George Han, who was lying in bed and recuperating, his life was very difficult and he could not go anywhere. Even to get out of bed, he needed Qi Yiyun's approval. It was like a wasteful life with nothing to do.

But the outside world is particularly exciting. In addition to Han Tiansheng's entanglement in whether or not to visit Basin City himself, Ma Feihao also did a lot of things in the Chinese district in order to please George Han.

On this day, Ma Feihao came to Fang Shuo's house in person. Fang Shuo had always wanted to kill George Han. Now, as George Han's dogleg, Ma Feihao naturally wanted to help George Han solve this problem.

"Brother Hao, why did you come to my house yourself." Fang Shuo hid these days and didn't dare to go out. George Han didn't die for a day, and he couldn't calm down.

"Fang Shuo, the holiday between you and Brother George is not small." Ma Feihao said lightly.

Chapter 624

Fang Shuo didn't pay attention to Ma Feihao's words, and didn't notice Ma Feihao's honorific name to George Han.

He knew that now George Han is in Ma Yu's hands, and Ma Feihao, as Ma Yu's nephew, is not equivalent to George Han being in Ma Feihao's hands?

Fang Shuo had an idea, and realized Ma Feihao's purpose in coming to him, it was very likely that Ma Feihao wanted to take advantage of him.

"Brother Hao, if you can help me solve this trouble, I'll promise you whatever you want." Fang Shuo said, if the money is gone, he can make more money, but if his life is lost, Da Luo Jinxian can't be saved.

Ma Feihao smiled coldly. What did this idiot think, didn't he hear what he called George Han? Actually want to give him some benefits, let him help revenge.

"Fang Shuo, you really don't know it when you die." Ma Feihao said coldly.

Fang Shuo was excited and asked puzzledly: "Brother Hao, what do you mean by this?"

"What do I mean?" Ma Feihao grabbed Fang Shuo's hair abruptly, and scolded: "You f*cking have the guts to seek revenge on Brother George, I think you just don't want to live."

At this moment. Fang Shuo finally heard Ma Feihao's address to George Han.

Three thousand brothers!

How is this going.

Doesn't Ma Feihao also wish to kill George Han? Moreover, he planned to avenge himself personally, but now he has such a respect for George Han.

"Brother Hao, don't you want to take revenge too?" Fang Shuo said suspiciously.

"Revenge? I'm just Brother George's little brother now. How can I get him to get revenge? Brother George is already a great kindness without blaming me. Can I be so uninterested?" Ma Feihao said coldly.

Fang Shuo was dumbfounded, what happened, how could Ma Feihao become George Han's younger brother?

"You don't even know the true identity of Brother George. Speaking out, I'm afraid you can't even pee in your crotch. You even want to take revenge without seeing what you are." After speaking, Ma Feihao said Fang Shuo punched and kicked.

Fang Shuo, who was screaming in pain, quickly caught the attention of his parents at home.

The two elders hurriedly walked into the living room, and when they saw Fang Shuo being beaten, they rushed over.

"Who are you who dare to come to our Fang's house to beat people, don't you want to live?" Fang Shuo's father shouted angrily at Ma Feihao.

Ma Feihao raised his head and said, "What if I beat him? How dare you?"

Fang Shuo's father saw Ma Feihao clearly. Frightened and pale, he thought it was a small person making trouble at home, but he didn't expect it to be Ma Feihao!

Fang Shuo's father didn't dare to provoke this young man.

Even the mother who usually regards Fang Shuo as the treasure in her palm. At this time, he didn't even dare to say anything.

“Feihao, what's the matter, isn't the relationship between your two brothers usually good? Why did he offend you. Tell me, I will help you teach him.” Fang Shuo's father said.

“Brother, even this idiot is qualified to call me brother?” Ma Feihao said with disdain, although their relationship is indeed good on weekdays. But Ma Feihao has never treated this kind of waste of peeing pants as a brother, and now in this special situation, Ma Feihao is even more unlikely to admit his relationship with Fang Shuo.

Fang Shuo's parents didn't dare to get angry after hearing his son being scolded as an idiot. Instead, they are persuasive.

“Fei Hao, let him go first. If you have something to say, if he offends you. I will make it for you.” Fang Shuo's mother said with a distressed expression.

Fang Shuo's father nodded repeatedly and said, “Yes, you tell us that we are the masters of you. If this kid really does something wicked, we will punish him for you.”

Ma Feihao looked at the two up and down, and said, “Are you still fertile?”

Fang Shuo's parents looked puzzled and didn't understand what Ma Feihao meant.

“If you can live. I advise you to go back to your room and do more exercise, otherwise, no one will inherit the Fang family's property in the future.” Ma Feihao said.

These words made Fang Shuo's parents' face changed drastically, and no one inherited. Doesn't it mean that Fang Shuo is dead!

Fang Shuo's father walked up to Fang Shuo, slapped Fang Shuo's face, and said angrily: "Fucky boy, what have you done!"

Fang Shuo's current state didn't know anything. He didn't understand why Ma Feihao would call George Han his brother, and he didn't even understand why Ma Feihao wanted to take George Han's lead.

"Dad, I didn't do anything." Fang Shuo said weakly.

Fang Shuo's father didn't believe him. If he really didn't do anything, how could Ma Feihao come to the door for no reason, and even want his life?

"Feihao, you give him a chance. I must let him make up for it." Fang Shuo's father said to Ma Feihao imploringly.

"I'll give him a chance? I don't have the qualifications. Whether he can survive or not depends on how Brother George handles him." Ma Feihao said.

Three thousand brothers?

Fang Shuo's father frowned. Is it George Han who is in the limelight recently?

Today's Chinese district. No one knows the name of George Han. The amazing feat of sending a coffin to Han Tiansheng is unthinkable to others, but he did it. Although the result is a bit miserable, this courage and courage is a stranger. Can't learn.

But even though he survived by chance, in the eyes of others, he would still die by Han Tiansheng one day.

But Ma Feihao is now clearly standing in line with George Han. This made Fang Shuo's father a little puzzled, why even Ma Feihao had to face the Han family?

“Feihao, the Ma Family is going to deal with Han Tiansheng?” Fang Shuo’s father asked suspiciously.

Ma Feihao smiled faintly and said, “Old stuff, don’t you think that Brother George can’t deal with Han Tiansheng?”

“Isn’t it?” Not only Fang Shuo’s father thinks so, but all the families in the Chinese district think so, because they don’t know what Ma Yu’s appearance means, and they don’t know George Han’s true identity now.

“Hahahahaha.” Ma Feihao laughed. What a ridiculous thought, these stupid guys, wouldn’t Han Tiansheng who appear to be able to protect himself? If Han Tiansheng is really capable, how could he hide in the Han family Villa without showing up?

“Stupid things, you are too underestimated by Brother George, Han Tiansheng is alive or dead, but just a word from Brother George.” Ma Feihao said.

Fang Shuo’s father was shocked, Han Tiansheng’s life and death. Is it already in the hands of George Han?

Ma Feihao’s words were definitely not a joke. Fang Shuo’s father knew that something he didn’t know must have happened.

Kicking Fang Shuo’s body, Fang Shuo’s father said angrily: “Smelly boy. You should go and apologize to George Han now. If he doesn’t forgive you, you will only have a dead end.”

They were not old enough to be sterilized, but for Fang Shuo’s father. Watching the death of his son who had raised him for more than 20 years, this kind of thing that a white-haired person gives to a black-haired person is unacceptable.

When Ma Feihao heard Fang Shuo's father's words, he kicked Fang Shuo's father angrily, and said in a cold voice, "Are you qualified to call Brother George by name?"

Fang Shuo's father was distorted with pain. But he nodded and said, "Yes, yes, I shouldn't call his full name, I should call George brother."

"For your knowledge, as for your son, I will take it away. Whether he can survive or not depends on his life." Ma Feihao finished speaking, pulling Fang Shuo's hair and walking outside.

Fang Shuo didn't dare to struggle. At this time, he was already scared to pee.

After the two left, Fang Shuo's mother held Fang Shuo's father's hand with tears on her face and said, "What to do. Is there no way to save Fang Shuo?"

Fang Shuo's father sighed and said, "Don't you see Ma Feihao's attitude? Even this domineering kid is so respectful to George Han. It seems that he is not as simple as we thought, even Han Tiansheng. The life and death of him are no more than a word, so what can we count?"

Fang Shuo's mother was ashamed, she naturally understood this truth.

The Chinese area is almost the world of Han Tiansheng alone. If even Han Tiansheng can't deal with George Han, they will have to resign.

"Who is he, I heard, isn't this kid the grandson raised by Han Tian?" Fang Shuo's mother said puzzled.

"Back then, Han Tianyang was forced to kneel. I witnessed with my own eyes that many people knew about this incident. It seems that his grandson is avenging him."

Chapter 625

When Ma Feihao brought Fang Shuo to George Han, in order to be able to express himself, Ma Feihao specially beat Fang Shuo, and George Han could also see that this guy had almost done everything in order to please himself. To the point.

It's a pity that this incident didn't make George Han feel good about Ma Feihao. He never regarded Fang Shuo as his opponent. How could George Han look at him with a straight look at someone who would pee his pants if he frightened him?

When will Tigers care about the life and death of ants?

“Brother George. What do you want to do with him, as long as you say a word, I will do it for you.” Ma Feihao, panting with exhaustion, asked George Han.

George Han glanced at Fang Shuo, who was squatting in the corner, his face was already frightened, and his whole body was shaking. Such a person really cannot be called his opponent.

“Do you think this kind of rubbish, do I need to face him? Do you want to avenge me specifically?” George Han said lightly.

Ma Feihao's move was to please George Han, but George Han didn't seem very happy to say that.

“Brother George, what do you mean...”

“I mean, his kind of rubbish is not worthy of being my opponent, and I never thought to care about him. What's more, if I want to deal with him, do I still need your help?” George Han said lightly.

Ma Feihao's eyes condensed, George Han didn't take Fang Shuo as an opponent, but he went to Fang Shuo's house to show off his power. And he also brought Fang

Shuo in front of George Han, wouldn't that just lower George Han's identity in a disguised form?

"Brother George, this kind of trash is certainly not your opponent, otherwise, I don't need me to deal with him." Ma Feihao is very smart. These words praised George Han very high and deliberately lowered his status, making it appear that he was of the same level as Fang Shuo.

George Han didn't expect this guy's flattering skills to be so advanced, he couldn't help but smile.

"What do you think I should do with him?" George Han asked with a smile.

This question can be difficult for Ma Feihao. If George Han wanted to kill Fang Shuo with one sentence, he would definitely not be soft, but if he left this decision to him, he would be a bit entangled, after all, he couldn't guess Han. Three thousand thoughts, and if it wasn't necessary, he never thought about killing Fang Shuo.

Before Ma Feihao spoke, Fang Shuo, panicked, knelt before George Han.

"Brother George, I used to be blind to Taishan. Please let me go. I will never think of revenge for you anymore. I will do what you want me to do." Fang Shuo handed With his nose and tears, this guy was frightened, letting him be so domineering in normal times, but in front of George Han and Ma Feihao, he had no domineering capital.

George Han raised his eyebrows at Ma Feihao, as if telling him to make a decision quickly.

Ma Feihao had a headache, never thought that such a decisive thing would fall on him.

“Brother George, this kid still has a certain value in the Chinese area. Why... let him be a dog for you and let you call it?” Ma Feihao said.

“You want to use him to please me, don’t you think carefully about what he should end up?” George Han asked.

Ma Feihao lowered his head, not daring to look directly at George Han’s sharp eyes, and said: “George brother, I really want to use him to please you, because I don’t know what to do besides this matter.”

The corners of George Han’s mouth raised, and there was nothing to do? This is easy to handle, because he still has a lot of things in his hands and needs someone to help.

Although Tang Zong’s ability does not need to be questioned, for Tang Zong, the Chinese area is a strange place after all. There is bound to be time to do things, and George Han hopes that he can control the business community in the Chinese district someday in the future. This requires Tang Zong to integrate into this circle in a short time.

If you want to integrate into the circle, there must be a gap. Only by finding this gap can you fit in correctly. Now, the gap is in front of you.

“Nangong’s company, do you know?” George Han asked Ma Feihao.

“You know, isn’t George the new senior executive of this company? If you have anything to explain, just say it.” Ma Feihao said.

“At present, the senior of this company is called Tang Zong, who is my subordinate. I need him to open up the Chinese market for me. Can you show value in this matter?” George Han asked.

Ma Feihao nodded as if pounding garlic. Said: “Brother George, don’t worry, my Ma Feihao has no real skills, but I have a good reputation in the business world. You need any cooperation. I can help.”

“Okay, you go to Tang Zong, I hope you two can cooperate happily.” George Han said.

This was George Han’s first appointment to Ma Feihao. Although Ma Feihao knew this was just a use, he was very happy in his heart. At least George Han had asked him to do errands, which also indirectly showed that the distance between him and George Han was getting closer.

With the use of the present, there will be opportunities to turn into true feelings in the future. Ma Feihao believes that as long as he is sincere and hard enough. Qualified to be trusted by George Han.

Just as Ma Feihao was about to leave, he suddenly felt that he was hugging his thigh with both hands, and Fang Shuo was so scared that he had no diapers.

Fang Shuo looked at Ma Feihao imploringly, as if he wanted him to take him away.

“Brother George, how do you deal with this guy?” Ma Feihao asked George Han.

“This kind of garbage, as long as it doesn’t show up in front of me in the future.” George Han said lightly.

Fang Shuo kowtowed to George Han with a grateful look, and said, “Brother George, don’t worry, I will never show up in front of you in the future. You are in the east. I am in the west and will never dirty your eyes. .”

George Han waved to Ma Feihao and motioned to Ma Feihao to take Fang Shuo away.

After Fang Shuo left, it was as if he had recovered his life, crying with excitement. It seemed that Ma Feihao regretted it for a while, how could he regard this waste as an opponent of George brother, and also took him to meet George brother so solemnly, now it seems that this is really a stupid decision.

“Hurry up and get home. I advise you to stop showing up in the Chinese area for the rest of your life.” Ma Feihao said to Fang Shuo, and then got into the car and hurried to Nangong’s company with a kick.

Qi Yiyun walked into George Han’s room with the fruit plate, and said with a smile: “You little brother is really hurting his brain to please you. But he never thought that you would be so difficult to serve.”

“Am I difficult to serve?” George Han didn’t think he was a difficult person, and Ma Feihao’s doing this really didn’t make any sense to him. Fang Shuo, George Han hadn’t paid attention to him long ago. , If he dared to mess around, kill it, it would not be a threat at all.

“He was racking his brains to please you, right? Not only did you not appreciate it, you almost made it difficult for him to be a man, do you think it is difficult to serve?” Qi Yiyun said helplessly. Ma Feihao can have such a big change in attitude. Qi Yiyun thinks that George Han should treat him well, after all, this person still has a certain amount of space to use.

“Didn’t I also give him the opportunity to do other things.” George Han said.

“He has great utility. I think you can be friends with him.” Qi Yiyun suggested.

“Friend?” George Han smiled faintly, and said, “Since he wants to be my dog leg, the hierarchy must be clear. In your opinion, treat him well to make better use of him, but in my opinion The more obvious the division of this level, the more Ma Feihao will do his best to help me. Once he crosses the line of superior and subordinate, it will only make him more and more uncontrollable.”

“Why?” Qi Yiyun looked at George Han in a puzzled manner. He was kind to Ma Feihao. He should be grateful for Dade. How could there be an uncontrolled situation?

“Qi Yiyun, although you are a strong woman, you don’t know how to control people. Some people are destined to show loyalty under oppression. Ma Feihao is such a person. He has been domineering all his life and wants him to obey him obediently. How can it be done without deterrence? Take him as a friend. When he gets used to this matter, he thinks he is on the same level as mine.” George Han explained with a smile.

Qi Yiyun really didn’t understand this aspect of things. He nodded with a knowing expression, but said something that made George Han speechless: “Although I don’t understand, I think it makes sense.”

Chapter 626

After Ma Feihao went to the company, he met with Tang Zong, but Tang Zong did not need Ma Feihao's help at this stage, so after simply reaching some verbal agreements, Ma Feihao left.

This made Ma Feihao a little bit disappointed. He couldn't wait to prove himself now, hoping to narrow the relationship between himself and George Han in the shortest possible time. It can be seen from the current situation. There is no such opportunity.

Ma Feihao, who had nothing to do, drove to the Han's Villa.

Ma Yu was lying on the lid of the coffin to rest. As long as he was there, the bodyguard of the Han family would not dare to take a step closer to the coffin.

"Uncle."

Ma Yu heard Ma Feihao's voice, sat up, found Ma Feihao look dejected, smiled and asked: "What's the matter, seeing your listless look, can't you find a chance to please George Han?"

Ma Feihao nodded, his mind was about to explode and he couldn't think of a good way.

"Yes, that's why I came to my uncle to help me figure out a solution." Ma Feihao said.

Ma Yu patted Ma Feihao on the shoulder, and said: "This matter can't be rushed. And you still have time now."

"Uncle, you know that I am impatient, and if I can't do this thing, I will be very tortured. You can think of a way for me." Ma Feihao said bitterly.

“There is no way, but with your current ability, doing this is too dangerous.” Ma Yu said.

“What’s the matter?” Ma Feihao instantly became excited when he heard that there was a way. Whether you can do it or not, you need to know how to do it.

“Recently, there have been many scavengers in the Chinese district. I suspect that someone wants to secretly deal with George Han.” Ma Yu said.

“Sweeper!” Ma Feihao shrank his neck in fright. Naturally, he knew what a scavenger was. No wonder Ma Yu would say that he was incapable of doing this. He was just a rich boy. How could he fight these killers?

Seeing Ma Feihao’s reaction, Ma Yu couldn’t help sighing in his heart. As expected, the rich second generation is the rich second generation. Apart from spending money to swagger, there is no real ability, if it is not for family blessing. He is nothing.

“Uncle, this topic is already beyond the outline, how can I be able to do it.” Ma Feihao said in shock.

“Of course you have no ability to compete with the scavengers, but you can think of ways to protect George Han.” Ma Yu said.

“What way?” Ma Feihao asked.

Ma Yu was so angry that he slapped Ma Feihao on the head. His words were so clear that Ma Feihao still couldn’t understand.

“You really want to be so angry that I’m willing?” Ma Yu looked at Ma Feihao angrily.

Ma Feihao looked aggrieved and touched his head and said, “Uncle, my mind hasn’t been very good since I was a child. Just say it, don’t let me guess.”

“The brain is not good? I think you have a lot of ways and tricks to play with women. You just put your mind on women, so you don’t have the mind to think about these things.” Ma Yu said.

Ma Feihao nodded repeatedly and did not dare to refute. For him, conquering women is the most enjoyable thing, because he does not lack money or status. Apart from those Yingyingyanyan, he really doesn’t know what to do. .

The starting point is so high that Ma Feihao has never had a real goal in his life.

“Since the other party can spend money to ask a scavenger to deal with George Han, can’t you spend money to ask someone to protect George Han? Now George Han is seriously injured. His self-protection ability is very poor. This is what you showed. Chances, you fool.” Ma Yu said.

Ma Feihao suddenly realized that he gave himself a mouth softly and said: “I’m so stupid that I can’t figure out such a simple thing.”

“It should be my responsibility to protect George Han. Since you want to fight for performance in front of him, I will give you this opportunity. Don’t let me down.” Ma Yu reminded.

Ma Feihao patted his chest and promised: “Uncle, don’t worry, I will definitely be able to complete the task and I will never disappoint you.”

Although Ma Yu said so. But he didn’t dare to really hand over the safety of George Han to Ma Feihao alone. If there was an accident, he could not explain to Yi Lao and it would be over.

At this time, the gate of Han's Villa. Two people suddenly appeared, Han Tiansheng and Han Xiao.

When Ma Feihao saw Han Tiansheng, he subconsciously took a step back. This was out of fear of Han Tiansheng.

But soon. Ma Feihao straightened up again. After all, with Ma Yu by his side, what is he afraid of Han Tiansheng doing?

Although Ma Feihao's move was slight, he still did not escape Ma Yu's eyes. Ma Yu couldn't help sighing inwardly.

George Han dared to give Han Tiansheng a coffin without any support, and even Ma Yu was amazed by that pride. Looking at Ma Feihao at this time, just seeing Han Tiansheng was scared back, and he was still present. From this alone, we can see the gap between Ma Feihao and George Han.

"Uncle, Han Tian is here." Ma Feihao said to Ma Yu nervously.

"What are you afraid of? Can he still eat you?" Ma Yu glanced at Ma Feihao disdainfully.

Ma Feihao's throat squirmed, and he pretended to be calm and said, "Of course not. With my uncle, how could he be against me."

"You kid, the gap between you and George Han is too big, people are confronting Han Tiansheng head-on. Look at what you are now." Ma Yu said.

Ma Feihao did not deny this. On the day George Han delivered the coffin, he saw his scalp numb, and he admitted his admiration for George Han over and over again. This was part of the reason why he was willing to be George Han.

In the Chinese district, no one has dared to yell at Han Tiansheng like this. The first person of George Han is probably the last person. Ma Feihao wouldn't feel so awkward in his heart to be a dog leg for such a person.

"Han Tiansheng, if you can run the monk can't run the temple, you should have heard this sentence?" Ma Yu said to the approaching Han Tiansheng. This old man built the Korean family in the U.S., so in Ma Yu's opinion, he shouldn't leave the Chinese area for his own safety, and Han Xiao is also very aware of Apocalypse's ability, even if he runs to the end of the world, with the power of Apocalypse, he can be found.

"I'm going to Basin City." Han Tiansheng said.

Ma Yu was stunned for a moment, then laughed.

Why did Han Tiansheng go to Basin City. Of course he knew, but Han Tiansheng would make such a decision, which was beyond Ma Yu's expectations.

At the beginning, he drove Han Tianyang out of the U.S. and established an antagonism with Han Tianyang. Now, in order to be able to survive on his own and to keep the Korean family in the U.S., he even went to find Han Tianyang with a stern face.

"Han Tiansheng, don't give up your old face?" Ma Yu asked with a smile.

Face is very important to Han Tiansheng, especially when the opposite is Han Tianyang, face is even more a matter of dignity. He stands up in front of Han Tianyang, but now he is going to pray for Han Tianyang to help persuade George Han and let George Han release him. He, this is indeed a very difficult thing. But Han Tiansheng knew very well, other than that, he had no choice.

Today's George Han, the background is so strong that he can't deal with it at all. If you don't do this, you can only wait to die.

“Ma Yu, you can watch my jokes, but I did this not only for myself, but to protect the entire Korean family in the United States.” Han Tiansheng said.

Ma Yu shook his head disdainfully, Han Tiansheng said generously, but in fact, protecting the Korean family in the United States is not just to save his own life. To put it another way, would he not be ashamed? In this case, it is only possible to deceive children.

“I won’t stop you, but you have to remember one thing, fleeing will only make you die worse, you can’t escape Apocalypse’s pursuit.” Ma Yu reminded.

“Don’t worry, I never thought about running away.” Han Tiansheng said.

Seeing Han Tiansheng’s lofty posture, Ma Yu felt angry. This old fellow, the superior, should be used to it, and his pretending posture is really disgusting.

So Ma Yu said without giving up face: “I haven’t thought about it, or I don’t have the courage to escape.”

Han Tiansheng gritted his teeth and turned away angrily.

“Uncle, what is he doing in Basin City?” Ma Feihao asked curiously after Han Tiansheng walked away.

Chapter 627

Ma Yu angrily kicked Ma Feihao's ass.

Ma Feihao fell a shit and still looked ignorant.

Looking at Ma Yu suspiciously, "Uncle, why are you kicking me?"

Ma Yu gritted his teeth and looked at Ma Feihao, and said, "Go away, go find someone to protect George Han."

Ma Feihao was very inexplicable about Ma Yu's sudden anger, but he could clearly feel that Ma Yu was very angry.

When I got up, I didn't even have time to dust off my body, and ran away in a hurry.

"What a f*cking idiot." Ma Yu said angrily. For such a simple matter, Ma Feihao even came to ask him, does this guy have no brains at all?

Han Tiansheng went to Basin City to find Han Tianyang curve to save the country, and hope that Han Tianyang will prevent George Han from dealing with the Korean family in the United States? Ma Feihao couldn't even think of such an obvious problem.

"Sister, if your son wants to have a great future, it depends on how he pleases George Han, and hope that this guy's own ability will be destroyed by the Ma family sooner or later." Ma Yu sighed and said to himself.

When Han Tiansheng and Han Xiao appeared in the VIP lounge at the airport, Han Tiansheng's expression became more ugly.

According to Han Tiansheng's original intention. He was absolutely unwilling to take the initiative to go to Basin City to see Han Tianyang, even if Han Tianyang personally went to the U.S., he wouldn't necessarily help Han Tianyang.

But good luck makes people, things are impermanent. Now he needs him to see Han Tianyang in person, something that Han Tiansheng never dreamed of.

"I, Han Tiansheng, will fall to this point, and I want to beg for that waste." Han Tiansheng said with his fist unwillingly.

Han Xiao knew how unwilling he was in his heart, but there was no alternative. There is simply no choice left to them.

"I think that waste did not agree with me, and I was kicked out of the Han family. Now the Han family has become a first-line family in the Chinese area. This is enough to prove that my original decision was correct. But because of George Han, I have to be right. He murmured, the dog was really blind."

Han Xiao didn't dare to talk, and let Han Tiansheng vent his dissatisfaction. He only hoped that after Han Tiansheng vented enough, he would no longer have this attitude when seeing Han Tianyang, otherwise. It became a joke to count on Han Tianyang for help.

When it was finally time to board the plane, no matter how much dissatisfaction Han Tiansheng had, he could only hide it in the bottom of his heart. The most important thing was to help the American Han family survive this disaster.

Cloud City.

Yundingshan Villa area.

Han Tianyang has been free recently, tidying the garden of the Villa, and hoeing the ground personally, which can be regarded as a way to pass the time.

Having been locked in the center of the earth for more than ten years, Han Tianyang has long felt disconnected from society. Although his adaptability is strong enough, for Han Tianyang, who is not yearning for the outside world, he would rather stay in a Villa. Find something to do in the district.

At this time, Jun Yan walked to Han Tianyang and said solemnly: “Han Tiansheng has boarded the plane. The destination should be Basin City.”

Yan Jun has an eyeliner closely following the development of events in the American Chinese area, so after Han Tiansheng boarded the plane, he received the news as soon as possible. Yan Jun felt a little unbelievable about Han Tiansheng’s trip to Basin City.

“Come, help me pour some water on the soil.” Han Tianyang said.

Yan Jun started to work without saying a word. As for how Han Tianyang would think about this matter, he could not intervene.

It took them a whole afternoon of events to tidy up the garden. Renovate the soil, fertilize and water.

“Go to the flower and bird market tomorrow and buy some peony and Pingyan bamboo.” Han Tianyang said, beating his waist, obviously very tired.

Peony symbolizes wealth and peace. As for Ping An bamboo, it goes without saying. Yan Jun naturally understood what Han Tianyang meant by doing this.

“Don’t worry, the brat will not be in danger. He is protected by a big man now.” Yan Jun said with a smile. Although he doesn’t know how people at that level view George Han, he is currently from Ma Yu. Judging from the appearance of this situation, George Han must be covered by a big man.

“In the world we understand. He is indeed safe, but when he really enters that level, what kind of situation will be like, we don’t know. But one thing is certain, fights are everywhere, he The more brilliant you are, the more troublesome you are.” Han Tianyang said.

Jun Yan nodded. This is indeed the case. If George Han behaves too brightly and enters that level, it will inevitably cause dissatisfaction among some people. For him, this is a dangerous path.

“We won’t be able to help with anything in the future.” Yan Jun sighed. He was able to protect George Han before, but now, the level that George Han touches is already beyond his ability to control, even he has no control over it. They are not qualified to enter that level, so the future things. Only rely on George Han’s own ability.

“Yes.” Han Tianyang nodded his head with a sigh, and said, “Everyone hopes that their children and grandchildren will be promising, but I never thought that it turned out to be too good. It’s also a trouble.”

When Yan Jun heard this, he couldn’t help but laughed, and said, “Can I understand what you meant by showing off?”

Han Tianyang couldn’t help but raise his mouth, and said with restraint, “Is it so obvious?”

“You can’t wait to write three thousand outstanding on your forehead.” Yan Jun said helplessly.

“Hahahahaha.” Han Tianyang laughed loudly, full of laughter.

Who doesn’t want his descendants to be successful, George Han is now excellent, and Han Tianyang naturally has the proud capital.

“If it was not three thousand, how could Han Tiansheng come to Basin City himself.” Han Tianyang continued.

“Han Tiansheng probably never dreamed that he would have today. For him. Everything here is worthless. I remember you said that he vowed not to step into China.” Yan Jun said with a smile.

“Do you know what is most unreliable in this world?” Han Tianyang asked Yan Jun.

“Oath.” Yan Jun said.

Han Tianyang nodded and said, “The oath is the biggest lie in the world. If God has eyes, there will be no sunny days in this world. Every day is thunder and lightning.”

Although Han Tianyang’s remarks are a bit exaggerated, they are absolutely reasonable. In this world, I don’t know how many people swear curses every day, but how many people can really fulfill their promises?

Someone swears to work hard tomorrow at night, but when they wake up early, tomorrow will be tomorrow.

Some people say that they love their whole life. Turning around, he turned to Yingying Yanyan.

“Do you want to see Han Tiansheng?” Jun Yan asked, this was his purpose of coming to Han Tianyang.

“Yes, of course I want to see. He forced me to kneel back then, completely disregarding my brotherhood. Now, should I repay my grievances with virtue? Han Tianyang doesn’t have this generous mind.” Han Tianyang said with a frosty face.

Jun Yan nodded. The humiliation that Han Tianyang suffered back then was simply not felt by others. No one is qualified to ask him to forgive Han Tiansheng. In Yan Jun's view, no matter what Han Tianyang does, it cannot be considered excessive.

"Dad, it's dinner." At this time, Mary shouted to the two of them at the door.

"Here." Han Tianyang replied.

When the family was eating, Wilson Su, who was in bed sick in the master bedroom on the second floor, was covered with bruises. This was all secretly beaten by Lily Jiang. This woman vented all her grievances on Wilson Su. In her opinion, Wilson Su is no different from a vegetable. There will be no feeling of hitting him.

But whenever Lily Jiang was not in the room, Wilson Su would open his eyes.

In the entire Villa, no one knew that Wilson Su had already sobered up a long time ago. He had been pretending to be in a coma because Wilson Su did not dare to let Lily Jiang know this.

At the beginning, Lily Jiang put Han Nian on the balcony and let the cold wind hit him, causing Han Nian to become ill. This was how a series of things happened.

Wilson Su personally witnessed this incident. He had to find an opportunity to tell Amelia Su about this incident, so that Lily Jiang could not destroy the entire Su family.

It's a pity that Amelia Su has been in a trance recently, and has not come to see Wilson Su at all, so Wilson Su can only endure the torture caused by Lily Jiang.

Wilson Su has no feelings for the husband and wife of Lily Jiang, and he can't wait to let Lily Jiang die!

At this time, the door of the room suddenly opened, and Wilson Su hurriedly closed his eyes. He must not let Lily Jiang discover what he was sober.

But at this time, the voice coming from my ear was not Lily Jiang's!

Chapter 628

“dad.”

Amelia Su walked to the bed with a self-blaming look on her face.

She knew that she had neglected Wilson Su because of Han Nian’s affairs during this period. This is a very unfilial thing. If it weren’t for Mary’s reminder, she might not have gone upstairs to see Wilson Su. As a daughter, she was serious. Responsibility, unexpectedly in the father’s serious illness. Forgetting him completely, this made Amelia Su feel very guilty.

After Wilson Su heard Amelia Su’s voice, his eyes suddenly widened. He had been waiting for this moment for a long time, and he was so excited that he shed tears.

“Dad.” When Amelia Su saw Wilson Su open his eyes, she was extremely surprised.

Wilson Su is not a coma, why did he wake up suddenly!

“Dad, are you awake? How are you. If there is any discomfort, I will call a doctor for you immediately.” Amelia Su said excitedly.

Wilson Su shook his head and took Amelia Su’s hand, as if afraid that she would leave.

“Dad. What’s wrong with you, don’t cry.” Amelia Su looked at Wilson Su, who was full of tears, and blamed herself even more.

“Welcoming summer, Dad finally waited for you.” Wilson Su said with excitement.

“Wait for me?” Amelia Su looked at Wilson Su suspiciously, not quite sure what this sentence meant.

At this time, Amelia Su suddenly saw a lot of bruises in Wilson Su's raised hand. When she couldn't help raising her long sleeves, Amelia Su was stunned.

The whole arm, almost densely bruised, obviously has new and old injuries.

How is this going!

Wilson Su has always been at home, how could he be injured for no reason!

"Dad, what's going on, who hit you." Amelia Su said with a distressed look.

"It's all your mother, all the injuries to my whole body were caused by your mother." Wilson Su said, holding back his anger.

Lily Jiang!

Amelia Su's eyes widened, she couldn't believe it.

These injuries were actually caused by Lily Jiang.

how could be!

She has been taking care of Wilson Su all this time, how could she beat people for no reason?

But apart from her, it seems that no one would approach Wilson Su, not her. Who can it be!

"What is going on?" Amelia Su asked in a deep voice.

Wilson Su shook her head and said: “Every time your mother gets angry, she will vent on me. I will be beaten every day. If I hadn’t pretended to be unconscious, she would have beaten me a long time ago.”

Pretend to be unconscious?

During this period of time, did Wilson Su pretend to be in a coma?

Amelia Su didn’t understand even more, why did he pretend to be in a coma, and why did Lily Jiang beat him cruelly?

Could it be said that Lily Jiang would be driven out of the Villa again after she was afraid of Wilson Su’s situation?

Amelia Su never thought of driving Lily Jiang away, even if Wilson Su woke up, she would never do it.

No matter what happened between Lily Jiang and Wilson Su, but Lily Jiang is her mother after all, how could Amelia Su do such cruel things.

“By the way, where is Han Nian? Where is Han Nian.” Wilson Su has been forbearing, because of this incident, he is very worried about Han Nian’s current situation. If he can get out of bed, he will crawl to Amelia Su even if he can crawl.

Said Han Nian. Amelia Su’s expression became very ugly. Since Han Nian was kidnapped, there has been no news. Even though Mo Yang has sent all of his men to conduct close investigations in Basin City every day, there is still no news.

“Dad, Han Nian has been kidnapped.” Amelia Su said with her head down ashen.

“This damn woman.” Wilson Su gritted his teeth in resentment.

“Dad, this matter has nothing to do with He Ting. She should have been arrested along with Han Nian. I believe she would not do this kind of thing.” Amelia Su misunderstood who the woman in Wilson Su’s mouth represented, thinking Wilson Su was blaming He Ting, and from Amelia Su’s point of view, it is absolutely impossible for He Ting to do something that is sorry for the Han family. After all, George Han’s great kindness to her would not make her do such a thing.

“I don’t mean He Ting, I mean your mother.” Wilson Su’s eyes were throbbing with anger, only he knew how Lily Jiang made Han Nian sick. Only he knew that the kidnapping of Han Nian was simply planned by Lily Jiang!

“Mom? What’s wrong with mom?” Amelia Su looked at Wilson Su in confusion, his current anger. It seems not simply because of being tortured by Lily Jiang.

“Amelia, I actually regained consciousness a long time ago. Do you know why Han Nian got sick somehow?” Wilson Su said.

Regarding this incident, Amelia Su has recalled at least hundreds of times, but she still hasn’t figured out why Han Nian suddenly fell ill, but she didn’t think this incident was a flaw, because she couldn’t think of Han Nian being kidnapped. , Lily Jiang is also one of the masterminds.

“Why?” Amelia Su asked.

Wilson Su’s expression almost showed a hideous state. As soon as he thought that Lily Jiang cruelly threw Han Nian on the balcony and was hit by the cold wind, his anger became unstoppable, and he wanted to kill Lily Jiang, a cruel woman.

That’s just a baby, a newborn baby.

“It’s your mother. She threw Han Nian on the balcony and was frozen by the cold wind. She deliberately asked Han Nian to get sick and Han Nian was kidnapped. She is the mastermind.” Wilson Su said.

These words, like a thunderbolt in the sky, blew in Amelia Su's ears, causing Amelia Su to take two steps back and sit on the ground.

Amelia Su thought about many possibilities. Among them, the most determined idea was that George Han's enemy did this. It was because George Han had offended someone before, so he spread the anger of revenge on Han Nian. .

But Amelia Su never expected that the person who did this would be the closest person around him, her mother, the child's grandmother!

"She is no longer my wife. If I hadn't just been lying in bed, I would have killed her myself!" Wilson Su trembled all over, for a man who had been a waste of many years, he was able to rise to murder. His thoughts are enough to show his anger on this matter!

Amelia Su's shocked expression. It gradually became gloomy.

Although Lily Jiang is her biological mother, at this moment, the love of relatives has disappeared for her, and she can be so cruel to her own granddaughter. Lily Jiang has lost his qualifications as a grandmother and mother.

"Dad, are you always pretending to be unconscious because you want to tell me this?" Amelia Su asked.

Wilson Su nodded and said: "I dare not wake up. Because this woman Lily Jiang has been stunned. If I die in her hands, this matter will become an eternal secret, so I can only bear it. She beats me up every day."

Amelia Su stood up, walked to the bed, and said guiltily: "Dad, I'm sorry, I'm late, don't worry, from now on, I won't let anyone hurt you."

Wilson Su nodded, not knowing what to say.

“You take a good rest, and I will ask the doctor to see it for you.” After saying this, Amelia Su left the room.

In the restaurant on the first floor, everyone is still eating.

Lily Jiang disliked Jiang Yingying’s craftsmanship while eating very fragrantly, which made the aggrieved Jiang Yingying dare not even breathe.

“Amelia, what are you doing without eating? It’s not too late to see your father.” Lily Jiang said to Amelia Su with an indifferent expression.

Amelia Su walked to Lily Jiang with a gloomy expression.

Lily Jiang hadn’t eaten the chicken legs heartlessly, and didn’t notice the change in Amelia Su.

“What’s wrong, eat quickly, the food will be cold later, Jiang Yingying is really not good at cooking, the family should hire a chef again.” Lily Jiang said.

At this time, Amelia Su suddenly waved her right hand and slapped Lily Jiang on the face.

Loud slaps rang throughout the restaurant.

Jiang Yingying’s eyes widened when she saw this scene. How could sister Amelia beat someone for no reason?

Mary also found it inexplicable. Amelia Su’s attitude towards Lily Jiang seemed to have suddenly changed, and her expression was particularly gloomy, with a strong killing intent.

“What are you doing, I’m your mother, you dare to hit me.” Lily Jiang roared at Amelia Su.

At this time, even Han Tianyang couldn't help but frown. Although he didn't know what happened, Lily Jiang was Amelia Su's mother after all. How could she do such a rebellious thing?

“Amelia, what are you doing?” Han Tianyang asked in a deep voice, with a hint of blame in his tone.

Chapter 629

Facing Han Tianyang's questioning, Amelia Su remained indifferent and raised her right hand again.

This time Lily Jiang didn't give Amelia Su another chance to start, but moved swiftly to hide behind Mary.

"Are you crazy, you even dare to beat your own mother." Lily Jiang said angrily.

Mary understands what kind of person Amelia Su is. She will never beat Lily Jiang without a reason, but she will not be able to understand if she doesn't make things clear.

"Amelia. What is going on." Mary asked.

Amelia Su thought of Han Nian being thrown on the balcony to get cold, tears flowed from her distress, and she even felt unable to breathe. She couldn't imagine what kind of torture Han Nian suffered in the cold wind.

"Han Nian's disappearance is related to her. The reason why Han Nian became ill was also the reason why she threw Han Nian on the balcony and got cold." Amelia Su said through gritted teeth.

These words exploded in the restaurant, even an outsider Jiang Yingying. Also instantly angry.

Jiang Yingying only met Han Nian through photos. To her, it was a very cute baby. How could someone be willing to cruel her? And the person who hit her. It turned out to be her grandmother.

Snapped!

The porcelain bowl in Yan Jun's hand was forcibly crushed.

Han Tian raised his anger and got up, murderous!

Mary's forehead was instantly exposed, and she was obviously angry.

Lily Jiang looked at Amelia Su in horror. She did indeed do this thing, but how could Amelia Su know? In the room that day, there was absolutely no other person besides Wilson Su who was damned and could not die.

Lily Jiang can be sure that this matter will never be leaked to a third person.

"You are talking nonsense, Amelia, I am your mother, why are you slandering me." Lily Jiang said in a panic, she absolutely can't admit it at this time, otherwise even if Amelia Su is willing to let her go, Lily Jiang and Han Tianyang will not .

"I slandered you? You put Han Nian on the balcony that day. In fact, Dad's consciousness has recovered. He saw you do this with his own eyes. The reason why Dad pretended to be in a coma was because he was afraid that you would kill him. It will become an eternal secret, so he will endure being beaten up by you every day. I blame me, I am late, otherwise, he will not be tortured so much." Amelia Su said.

Lily Jiang squatted on the ground with weak legs, Wilson Su had already regained consciousness!

If this matter was seen by his own eyes, Lily Jiang would never escape responsibility even if he tried his best.

"Your dad must be confused. He is talking nonsense. Han Nian is my granddaughter. How could I do this to her, not me, not me." Lily Jiang explained in a flustered manner.

Amelia Su smiled miserably. She was even qualified to say that Han Nian was her granddaughter. If she could really read this blood relationship, how could she do this to Han Nian?

“From now on, our mother-daughter relationship will be severed.” Amelia Su said categorically. Such a person has any qualifications to be a mother. Amelia Su doesn’t care about this kind of family relationship anymore.

Mary stood up with a sinking face. Pulling Lily Jiang’s hair, slapped Lily Jiang’s face one after another.

Lily Jiang screamed in pain, and his face quickly became swollen, which was terrible.

However, Mary didn’t stop, and he fought harder than once, as if to vent his anger.

Lily Jiang begged for mercy in pain, but no matter how miserable her voice was, she couldn’t arouse other people’s sympathy. Even Jiang Yingying felt that Lily Jiang should die at this moment.

Tiger poison does not eat children, but Lily Jiang has done such an angry thing, and is not qualified to receive the slightest sympathy.

“Dare to do such a thing to my granddaughter, and it will cost you to die.” After Mary hit her palms red, she pulled Lily Jiang’s hair and dragged her abruptly towards the second floor.

Lily Jiang struggled with tears on her face, but Mary seemed to have exploded with great power, giving her no chance to break free.

Come to the second floor. Mary said with a gloomy face: “My granddaughter’s bitterness, I want you to double it back.”

After speaking, Mary forcibly removed Lily Jiang's clothes and pushed her to the balcony.

The cold wind howled. In this kind of weather, even if you are wrapped in zongzi and stay outside, you will feel cold, let alone naked.

"If you can't stand it, you can jump off here." After Mary said coldly, she locked the sliding door.

Lily Jiang slapped the door, shivering with the cold, and finally had to kneel on the ground to beg Mary for mercy.

Through the glass door, Mary just stared coldly.

Sympathy?

There are many people in this world who can make Mary arouse this kind of psychology. But Lily Jiang is definitely not among them.

She is not worthy of mercy, nor is she qualified.

Soon, Lily Jiang's lips were purple with cold, and the force of tapping the glass door was getting less and less, but would she dare to jump off the balcony?

Obviously, people like Lily Jiang didn't have such courage.

She hides in the corner and tries to avoid the cold wind. She would rather be cold. Keep on living.

The first floor.

Jun Yan, who crushed the porcelain bowl, restrained his killing intent.

He treats George Han as his grandson, and naturally treats Han Nian as his great-grandson. If the person who kidnapped Han Nian dared to show up in front of him, he would definitely torture him to death without hesitation.

But now, this matter has something to do with Lily Jiang, and this is not what he can say.

“What should we do?” Jun Yan asked Han Tianyang.

Han Tianyang took a deep breath and exhaled a bad breath before saying: “Lily Jiang can’t die now. Han Nian is the daughter of 3000. Her fate should be determined by 3000. But during this time, let this Women pay a heavy price.”

Jun Yan nodded, agreeing with Han Tianyang’s words.

Now that George Han has not returned, they are not qualified to handle Lily Jiang for George Han.

Han Tianyang walked to Amelia Su, patted Amelia Su on the shoulder, and said: “Amelia. Lily Jiang, this woman, has nothing to do with my Han family. I hope that when she is tried by 3000, you will not be soft.”

Amelia Su smiled bitterly. Said: “Grandpa, don’t worry, this woman is no longer qualified to be my mother, and I am no longer her daughter. When three thousand come back, even if she is to die, I will never have the slightest opinion.”

Han Tianyang nodded and continued: “I want to go back to Hillwood City. I’ll leave it to you.”

“Grandpa, why are you going back to Hillwood City suddenly?” Amelia Su asked puzzledly.

“A little thing needs me to deal with, don’t worry.” Han Tianyang said.

Listening to Han Tianyang's words, Amelia Su stopped questioning.

On the balcony on the second floor, Lily Jiang had been frozen all over, and she was finally able to understand Han Nian's original feelings, but this feeling was not deep enough. After all, she was an adult and Han Nian was just a baby.

Lily Jiang at this moment regrets it very much, because she knows what she will end up with, so she is very scared, and even hopes that time can go back, hoping that this has never happened.

But this kind of wishful thinking is impossible to realize. Lily Jiang has to pay for everything she has done. This is the consequence that she must bear.

After Amelia Su came to the room, Lily Jiang saw through the glass door and knelt in front of the door and begged Amelia Su for mercy.

Amelia Su looked at him coldly. Although the person outside the door was her mother, this feeling had no meaning to Amelia Su, and she would never feel soft.

"This is the suffering my child has suffered, and you should also have a taste at this time." Amelia Su said calmly.

"Welcome Xia, please, please let me in, I can't stand it anymore, are you going to watch me freeze to death?" Lily Jiang cried.

"Don't worry, I won't let you freeze to death. You can only die after three thousand words." Amelia Su said firmly.

"I'm your mother, I gave birth to you, you can't do this to me, you will be struck by thunder." Lily Jiang shouted loudly.

Amelia Su looked at Lily Jiang with a mocking face, the sky thundered? Even if there is a thunderstorm, she will avenge Han Nian because this is her responsibility as a mother.

“Come on, I am not afraid of the thunderstorm. The price you have to pay is not only that. From today to the time of three thousand return, you will feel what is called purgatory on earth.” Amelia Su said ruthlessly. .

Chapter 630

Hillwood City Airport.

When Han Tianyang appeared, the entire Hillwood City city exploded.

After all, for Hillwood City, Han Tianyang is already a dead person, and now he suddenly “resurrected from the dead” will inevitably cause many people to be shocked.

For Han Tiansheng, Han Tianyang is always a waste in his eyes.

But for Hillwood City, Han Tianyang is a demon king-level person. The turmoil he caused in Hillwood City is not worthy of being underestimated by anyone. At this time, those families who had been right against the Han family, after learning that Han Tian had returned, shivered one by one, for fear of being asked by the demon king.

But when Han Tianyang came back from this trip, he didn’t have the idea of finding someone to settle the accounts. He now has no desire to compete for rights, and his status is even more worthless to Han Tianyang.

As long as George Han can enter that level, the so-called right in the world. It’s just clouds.

“I don’t know how many people should be afraid.” Yan Jun said with a sigh on his face.

Han Tianyang smiled indifferently, and said, “To me, everything here is meaningless, not as good as the garden at Yunding Mountain.”

Jun Yan knew that all Han Tianyang’s thoughts were now on George Han. He didn’t care about Yenching at all.

“But this does not hinder the impact of your coming back. People who should be afraid cannot sleep peacefully at night during this period of time.” Jun Yan said.

“Perhaps.” Han Tianyang stopped a taxi.

After the two got on the bus, Yan Jun told the driver where he was going.

The driver is a native of Hillwood City, so he also knows the Han family quite well. Isn't this address the old family?

Unfortunately, with the deaths of Han Tianyang and Han Cheng, the Han family has become lonely in Hillwood City.

“You are from a different place. This place used to have a very famous family.” The driver began to chat.

After Han Tianyang and Yan Jun looked at each other, Yan Jun smiled and asked the driver: “A very famous family, is it amazing?”

“Of course.” At this point, the driver looked arrogant, as if he was the Han family, boasting: “You outsiders do not know the energy of the Han family, but the locals are very clear about it. In Yenching, that is the number one big man. I heard that even many of the people above have a very good relationship with him.”

Talking. The driver suddenly sighed and sighed: “It's a pity that things are impermanent. The Han family is considered to have been planted this year. After Han Tianyang died a few years ago, the Han family and Han Cheng can support it, but now even Han Chengdu is dead. I heard that the old lady of the Han family is also dead, and the two younger generations of the Han family, one died young and the other is still in jail. It is really miserable.”

“So miserable? It seems that you have done something that hurts the world.” Han Tianyang said with a smile.

Hearing this, the driver looked dissatisfied and stepped on the brake with one foot, as if he was going to theory with Han Tianyang.

“Father, I don’t like to hear what you said. The Han family has done a lot of charity work. I heard that just donating money is more than seven figures every year, how can they do things that hurt the world.” The driver transferred He said to Han Tianyang.

“You can only see the surface of the matter, who knows if they have done bad things secretly, otherwise. How can there be such retribution.” Han Tianyang said.

The driver seemed to have some feelings for the Han family. The anger on his face was very obvious, and he said, “Master, you can get off the bus. I won’t do this business.”

Yan Jun couldn’t laugh or cry. When did the Han family be so popular in Hillwood City, even a taxi driver wanted to help Han family speak.

“Does the Han family give you any benefits? It’s worth speaking for them like this.” Jun Yan couldn’t help asking.

“My son’s illness was cured by the Han family’s charity fund. You outsiders don’t understand anything. Just open your mouth and talk nonsense. Get out of the car and don’t delay my business.” The driver was obviously already a little angry and asked Get off the two people.

Jun Yan didn’t expect to be able to hit such a coincidence, but even if he told the driver that the person next to him was Han Tianyang. The driver would not believe it. After all, Han Tianyang has been “dead” for many years to outsiders.

“We really don’t understand anything, you tolerate it. Send us over first. If you are not satisfied with what you said just now, I will apologize to you here.” Yan Jun said.

Seeing Yan Jun's sincere attitude, the driver's anger eased a lot.

"Forget it, I don't bother to care about you people, but I don't know anything in the future, it's best not to judge others indiscriminately." The driver finished speaking and finally drove.

Stop and go all the way. Han Tianyang sighed a lot. This place that was once very familiar to him has now become very strange, and even many places have changed drastically.

Finally, the car stopped in front of the Han's compound, and the driver reminded the two of them: "Just look at this place from a distance. I heard that no one is at home in the Han's house recently, and there is surveillance in this neighborhood. You can't run away if you lose something."

Yan Jun couldn't laugh or cry. The sentiment driver was reminding them not to be thieves. It seemed that his affection for the Han family was deep enough.

"Would you like to go in for a cup of tea?" Yan Jun asked the driver.

"Go in?" The driver was stunned, then rolled his eyes, and said: "You're almost blowing the cow into the sky. Do you know where this is? You can go in casually."

Jun Yan stopped talking, followed Han Tianyang's pace, and walked towards the gate of the compound.

The driver originally planned to leave directly, but he was afraid that the two of them were really thieves, so he waited in place to see what the two of them were doing.

When Yan Jun took out the key and opened the door, the driver's eyes almost fell to the ground, and his chin could not be closed from ear to ear.

Able to open the door of Han's house with a key. The driver is very clear about what this means.

"These... these two people turned out to be the Han family!" The driver was so shocked that he regretted what he said just now.

No matter who they are from the Han family, they are all benefactors to him. He almost drove the two men out of the car.

A strong sense of guilt rose in the driver's heart, opened the door, and after getting out of the car, the driver faced the entrance of the Han's compound. A deep bow.

This is to be sorry for just now, and also to thank the Han Family Charity Fund for saving his son's life.

"Thank you, thank you." The driver said gratefully.

After entering the compound, the layout of the home remains exactly the same as before. There was no change, but the garden was full of weeds, and apparently no one had cleaned it for a long time.

"For so many years, it is still a place I am familiar with." Han Tianyang exclaimed.

"Take me to see where Three Thousand lives." Han Tianyang said to Jun Yan.

Jun Yan nodded and walked towards the other courtyard.

The place where George Han lives is a small room in the courtyard. He lives with the former Han servants, but in terms of the room environment, it is not as good as those of the servants.

The small room was already covered with dust, and the furniture was all very old. From this alone, Han Tianyang could feel the suffering that George Han had suffered before.

“I have no place in the world, and one bottle will be the master of Hengshan.” Looking at the line of distorted lettering on the bedside, Han Tianyang said with a smile.

This is what George Han stayed here when he lived here. Since then, George Han has shown a strong desire to prove himself.

“This kid is very resilient, something I have never seen in anyone else.” Yan Jun said with admiration.

“It’s really not easy for him to secretly manipulate the business world and create his own power at such a young age.” Han Tianyang said with a smile.

“He secretly controls a company named FengQian, can you guess what the word FengQian means?” Yan Jun said while selling Guan Zi.

“Fengqian?” Han Tianyang frowned. Obviously, these two words were meant to hide three thousand two words, but what did this vertical stand for? With George Han’s character, he deliberately named this, which definitely contains a certain meaning.

“Can’t guess it.” Yan Jun said with a smile.

Han Tianyang glared at Jun Yan and said, “Are you very proud?”

Yan Jun quickly said with a serious expression, “No, I just think the name is very interesting, I want you to guess it.”
