

## His True Colour Chapter 791 - 800

### Chapter 791

“So mysterious, is it possible that you plan to tell me the secret of Apocalypse in advance?” George Han asked curiously.

“This is another matter, only He Qingfeng and I are qualified to know.” Yi Lao said.

Only Yi Lao and He Qingfeng knew about the whole apocalypse!

This made George Han a little surprised, how many things Apocalypse had hidden here seemed to be a place shrouded in secrets.

“Let’s talk, I’m listening.” George Han dug his ears, although on the surface he didn’t care. But the inner curiosity has become a disaster.

“Do you know the rumors about the strong apocalypse?” Yi Lao asked.

Apocalyptic strong?

George Han had heard about this matter from Fang Zhan, and it was not a secret. Many people in Apocalypse knew that even the lowest yellow character level had heard of it. It was a shit secret.

“Yi Lao, you have nothing to do. Are you bored to such a degree? Use these things to fool me. Many people know this thing in yellow letters.” George Han said with disdain.

“For them, this incident is just a legend, but what I want to tell you is that this person does exist. Only He Qingfeng and I know her residence, but whether she is alive or dead is unknown.” Yi Lao explained.

“As far as I know, this strong man has existed for a hundred years. Since the history is so long, how could he still be alive.” George Han said.

“You need to confirm this.” Yi Lao said.

“Me?” George Han took a surprised look at Yi Lao, and said: “Where can I confirm that you want me to go to the Palace of the King of Hades to see if there is his name in Life and Death? I am not a stone monkey. “

“He Qingfeng and I tried various ways to open the place where she lives. Maybe you can open it.” Yi Lao said.

“You came to me, just want to take me to this place?” George Han asked.

“Yes.” Yi Lao was silent for a moment, and said: “Her residence may be able to unlock many secrets of Apocalypse. If you can get in, Apocalypse is likely to change because of this. I never thought about this before. . But after He Qingfeng proposed, I think it is feasible.”

“Since you know this place, you must have exhausted all kinds of methods, but you can’t open it. Why do you think I can open it?” George Han shook his head and said, things that neither Yi Lao nor He Qingfeng can do. , But fell on his head, George Han didn’t think he could do it.

“Try it, maybe you can do it.” This is a fluke mentality. Whether it is Yi Lao or He Qingfeng, they have this mentality. They did not expect George Han to be able to do this. It’s just an attempt. After all, there are too many secrets of the apocalypse, and George Han is indeed unusual.

“Well, try and try, when you go.” George Han asked.

“Tomorrow, but you can’t tell anyone about this, not even Jiang Yingying.” Yi Lao reminded.

George Han patted Yi Lao on the shoulder and said, “Old man. Don’t worry, my mouth is very tight.”

“Can’t you call the master?” Yi Lao said helplessly.

George Han turned and left, resting his hands on the back of his neck, and said faintly: “In the next life, I will think about it.”

Elder Yi shook his head and sighed. With his position, he wanted to hear Master so hard. If he were to be someone else, I would have given him a knelt for tea.

Back in the room, George Han pondered this matter. This legendary powerhouse should have had a high status in Apocalypse before, and Yi Lao said that his residence still hides many secrets of Apocalypse, which made him unable to help. I am curious, what kind of person is qualified to bear this kind of responsibility, and why is he in a situation where outsiders do not live or die.

Tossing around all night. George Han could not fall asleep, but it did not affect his vigor the next day.

The next day, Yi Hao met with George Han early, and the two headed towards the back mountain. I met He Qingfeng on the way.

He Qingfeng was entangled by He Xiaoxiao, and it took almost a lot of effort to get out.

He Xiaoxiao’s self-confidence has been hit hard, and even has a psychological shadow. George Han’s strength is too strong, which makes He Xiaoxiao feel that his identity is no longer proud of the capital in front of George Han. This change makes He Xiaoxiao couldn’t accept it in her heart, and she even had fear of George Han. She didn’t dare to meet with George Han, because she used to be high in front of George Han, but now she no longer has such qualifications and confidence.

“George Han, your performance in the classification competition really made me look at it.” He Qingfeng said to George Han, feeling a little regretful that George Han was not from Sandian. Now even if Lintong wanted to join Sandian, He Qingfeng had no interest in this matter, because in front of George Han, Lintong was nothing. He, the proud son of heaven, was only in vain now.

“He Dianzhu looked high, I was just a little lucky and lucky.” George Han said with a smile.

“Too modest is hypocritical, young people still have to be a little arrogant.” He Qingfeng said.

“Since the Lord He said so, I’m not afraid to tell you the truth. In my eyes, the classification competition is just a road. I have never faced the classification competition squarely.” George Han said lightly.

He Qingfeng was taken aback. When this kid was not humble, his tone was really big, in the history of Apocalypse. But no one has ever dared to underestimate the classification competition so much, but he is not bragging, being able to defeat the masters of the word level in the test, this matter is indeed something no one dared to dream of before.

And it’s not just that he did it. Even his maid can do it.

“Your maid is also very strong. It really makes me wonder how talented you two are.” He Qingfeng said.

Maid?

George Han was slightly displeased, and said: “Jiang Yingying is not a maid, she is my sister. I hope that Palace Master He will not underestimate her identity.”

If this were someone else who dared to say such things to He Qingfeng, He Qingfeng would definitely be angry, but facing George Han. He couldn't get angry anyhow.

With the strength, he can stand up straight and speak in Apocalypse, even if he is the Lord of the Three Halls?

Yi Lao was suffocating a smile. When He Qingfeng was so deflated, it was rare. He couldn't find any joy in George Han. He didn't expect He Qingfeng to suffer from dumb loss.

George Han, this kid, since he learned Apocalypse, he doesn't seem to know what low-key is, and he is completely different from his previous state in Basin City.

In fact, such a change is easy to understand for George Han. In the past, he had to swallow his anger because of fear, but when he arrived at Apocalypse, where he is respected by strength, since he is strong enough, why should he bend down? Bow your head?

## Chapter 792

The three of them walked side by side and finally arrived at their destination.

In front of George Han, there was a bare mountain with no weeds except for the stones.

“This is his residence, where is it?” George Han asked Yi Lao in confusion, he couldn’t see where there could be a place to live.

“Come with me.” Yi Lao said in a deep voice, coming here every time. Elder Yi would be in awe, afraid to have a hippy smile, because the strongest person of the apocalypse once lived here.

When he came to the mountain wall, George Han discovered some details. Although the surface of the mountain wall showed irregular bumps, there was a neat stone crack, like a stone gate.

“Look at this, what does it look like?” Yi Lao asked George Han, pointing to a spot on the mountain wall.

“Palmprint.” George Han said without hesitation. It is obviously a palm print, and it is slightly thinner, more like a woman’s hand.

“This strong man is a woman?” George Han asked in confusion.

“Her name is Fuyao. She should be her daughter in good shape, but this is just a guess between me and He Qingfeng.” Yi Lao explained.

Fuyao?

This name is indeed like a woman's name, and it has a fairy atmosphere. It seems that she should be very beautiful when she was alive. Otherwise, I am sorry for these two words.

“This stone gate is the key to entry. As for the palm print, it should be the mechanism to open the stone gate, but I tried it with Yi Lao and there was no response.” He Qingfeng said at this time.

George Han stretched out his hand and looked at his hand and palm print with his eyes to make a comparison. The two are not consistent with the naked eye. If you want to open the stone gate, you should only be able to do it by Fu Yao.

“It looks like it was a trip for nothing today. This palm print does not match the size of my hand. How could I be able to open it?” George Han said.

In this comparison, there is indeed a big gap, but Yi Lao and He Qingfeng asked George Han to come, with the mentality of giving it a try, without much expectation.

“Since it's here. Then try it.” Yi Lao said.

George Han shrugged and said, “Then try, but you can't blame me if it doesn't work.”

The moment George Han stretched out his hand, the expressions of Yi Lao and He Qingfeng became tense at the same time. Although they did not hold much hope, they were still expecting a miracle in their hearts.

George Han found that not only the expressions of the two of them changed, but even their breathing became more rapid. The corners of their mouths rose slightly, and then he withdrew his hands. He said, “Look at you, what are you doing so nervously, relax the atmosphere, don't be so serious. Ok.”

Elder Yi was speechless, this kid was so torturous, he quickly said: “Stop talking nonsense, and give it a try.”

He Qingfeng reluctantly pulled out a smile and said, “George Han, stop playing, try it now.”

“Hey.” George Han sighed, and reluctantly put his hand on the palm print on the mountain wall.

George Han who didn’t hold any hope. Suddenly he felt the mountain wall tremble, which made his face change greatly.

No way!

Could he really open the stone gate.

The tremor of the mountain wall also caused Yi Lao and He Qingfeng to raise their throats.

They both tried this palm print, but they never reacted, but George Han was able to resonate like this!

“Can drive! Can drive!” He Qingfeng said excitedly.

Yi Lao clenched his fists unconsciously, his face flushed, if George Han could really open the stone gate, the secret inside would be able to be seen again!

“George Han, how do you feel,” Yi Lao asked impatiently.

George Han frowned slightly. Except for the momentary tremor, he didn’t seem to have any subsequent reactions, and Shimen was not opened. What’s going on.

“I don’t feel it anymore, it just moved.” George Han said.

“How could it be, how could it be that it just moved.” He Qingfeng was unwilling to believe the facts before him, but the stone cracks did not show any signs of movement.

at this time. Shimen suddenly became illusory, rippled with a wave of energy, like a water wave caused by a stone being dropped on a calm lake.

Such a change caused George Han to take two steps back unconsciously. But He Qingfeng couldn’t help taking two steps forward.

“It’s opened, it’s really opened.” He Qingfeng was overwhelmed with excitement, and his subconscious action was to rush into Shimen.

“He Qingfeng.” When he sensed He Qingfeng’s intentions, Mr. Yi shouted, trying to stop He Qingfeng.

But He Qingfeng did not stop, but rushed towards Shimen. It seemed that he didn’t want to be blocked by Yi Lao.

But at the moment He Qingfeng contacted Shimen, he was stopped by a force and caused a very strong rebound, so that his whole person flew backwards like a broken kite.

He Qingfeng, who landed heavily, spit out a mouthful of blood, obviously injured.

“How is it possible, Shimen is already open, how can I not get in.” He Qingfeng said unwillingly.

Old Yi’s eyebrows showed anger. Walking to He Qingfeng, he said, “This is why you want George Han to open Shimen. Are you so impatient and want to monopolize the secrets inside?”

He Qingfeng glanced at Yi Lao and sneered: “Don’t you want to, don’t you want to become stronger because of the secret inside?”

After He Qingfeng said these words, Yi Lao finally understood his true purpose. He actually wanted to use the secrets in Shimen to make himself stronger. It was not the so-called changing apocalypse at all.

“He Qingfeng, your ideas don’t represent me, and George Han opened Shimen, and only he is qualified to enter, but if you want to make a second attempt, I won’t stop you.” Yi Lao said.

He Qingfeng gritted his teeth. He is now seriously injured, and the result is very obvious. He couldn’t get in Shimen at all, and even the second attempt would only aggravate his injuries, and it would be impossible to get in.

He Qingfeng glanced at George Han. The look in his eyes said viciously: “Boy, after you come out, bring me everything that can be brought out. What you see must also be told to me one by one.”

George Han laughed disdainfully, He Qingfeng’s command was really ridiculous to him.

“Why should I listen to you, He Qingfeng. Although you are the Lord of the Three Halls, you are not qualified to order me.” George Han said.

As the master of the Three Halls, He Qingfeng does not have the right to order the members of the Four Sects, but in the face of huge interests, he can no longer care so much, and said: “I really can’t order you, but you have to protect the secular family. , You must follow my orders.”

George Han’s face was frosty in an instant. What he hated most was that others threatened him with Amelia Su and Han Nian.

Walking to He Qingfeng, George Han said coldly: “Now you are seriously injured, I want to kill you, what can you do with me?”

When these words were said, not only He Qingfeng was shocked, even the expression of Yi Lao on the side changed drastically!

## Chapter 793

Killing in Apocalypse is a taboo, not to mention that George Han wants to kill, it is He Qingfeng, the lord of the three halls!

Yi Lao appeared in front of George Han for the first time, with one hand on George Han's shoulder, and said solemnly: "George Han, don't mess around."

George Han didn't even look at Yi Lao. He still looked at He Qingfeng with murderous intent, and said, "Threaten me with my family. This is the biggest mistake you made."

As the head of the Three Halls, He Qingfeng has not felt fear for many years. He is not only a lofty position, but also very powerful, no one can threaten him.

But at this moment, He Qingfeng felt a sense of fear, especially when he noticed the killing intent in George Han's eyes, he even subconsciously moved his body back.

This young man in front of him. It could make him retreat!

"I am the Lord of the Three Halls, you can kill me?" He Qingfeng gritted his teeth.

"With your current state, I want to kill you, isn't it easy?" George Han asked back.

He Qingfeng's reckless behavior just now. It made him pay a painful price. His current state is indeed worrying, and George Han is not vulgar in strength. It is indeed not impossible to kill him, but there is also Yi Lao, He Qingfeng does not believe that Yi Lao will watch. This kind of thing happened.

"Elder Yi, this is one of your four sects. You should know what consequences he will cause if he kills me. The four sects and three halls will be completely hostile

because of this incident, and the apocalypse will fall apart.” He Qingfeng said to Yi Lao .

This is the reason Yi Lao understands naturally, this is why he will stop George Han in the first place.

Once the Apocalypse has an irreversible contradiction from within, the consequences are unimaginable, and now the second world is clearly showing signs of recovery. At this time, civil strife will be very detrimental to the entire planet.

“George Han, Tianqi cannot expand the contradiction at this time, otherwise, your wife and daughter will be affected by this incident.” Yi Lao said.

George Han frowned, the contradiction of Tianqi. How could it involve Amelia Su and Han Nian?

“Why?” George Han asked.

Elder Yi took a deep breath and said: “After you pass the test of the Demon King’s Cave, you will understand all of this. At that time, you will know the meaning of the apocalypse. Trust me, I have never joked with you.”

George Han glanced at He Qingfeng, then turned and walked towards Shimen.

When He Qingfeng breathed a sigh of relief, he realized that he was already in a cold sweat. He didn’t expect that he would feel this way when facing a trivial person.

Although it was said that there was an injury, He Qingfeng knew that this was also because of George Han’s strength. Even if he had not passed the Demon King’s Cave test yet, his own strength must have reached the Heavenly Word level.

Hateful, such a master does not belong to Sandian!

“Yilao, you said, is Fuyao still alive. You don’t know?” George Han asked Yi Lao, standing in front of Shimen.

Yi Lao nodded, this matter is indeed uncertain because there is no way to verify it. After all, Fuyao is just a legendary character to them, and Yi Lao also learned of Fuyao’s residence from the last four-door master.

“It is true, but according to common sense, she should be dead.” Yi Lao said.

“Common sense? In Tianqi, what is the possibility of something contrary to common sense?” George Han continued to ask.

Possibility against common sense?

This Elder Yi is really unsure, because the secret guarded by Apocalypse is beyond common sense, and things about Apocalypse cannot be inferred by common sense, such as the Second World, in the eyes of most people. This is simply impossible.

“It’s huge.” Yi Lao said.

George Han smiled faintly and said, “I hope I will break into her boudoir and will not be driven out by her.”

After speaking, George Han took a step forward. Half of the body entered the Shimen.

This scene made my heart beat faster. For so many years, he and He Qingfeng tried all kinds of ways to get in, but George Han was able to get in so easily. This not only shows that George Han is extraordinary, It proves that George Han can bring changes to Tianqi.

And whether this change can make Apocalypse return to its previous peak is Yi Lao's nervous point. Because of the fluctuations in the Second World, Apocalypse urgently needs to strengthen its own strength.

"Lao Yi, after he comes out, he must tell us everything he sees. The four doors cannot swallow this secret." I don't know when, the injured He Qingfeng has already walked to Yi Lao.

"Only a selfish person will have such selfish thoughts. If you go in. I will definitely not share the contents with me." Yi Lao said lightly.

He Qingfeng hadn't thought about this question, but after Yi Lao asked, the first thought that flashed in his mind was to swallow.

Of course, He Qingfeng would not admit it.

"This is a key factor in the strength of the entire Apocalypse. How could I be so selfish, facing the attack of the second world, it is not something I can do if I am strong alone." He Qingfeng said.

Yi Lao smiled indifferently, and after knowing He Qingfeng for so many years, what kind of person he is, Yi Lao knew very well, how could he believe what he said?

"Will he tell us that it's his business, even I can't influence him." Yi Lao said lightly.

"What do you mean." He Qingfeng gritted his teeth and looked at Yi Lao. His words made it clear that he wanted to swallow a secret. This made He Qingfeng unacceptable.

“I made it very clear, and I advise you, it’s better not to threaten his family. This is his inverse scale. He can do anything about it. The dragon’s inverse scale will die if you touch it, hope You can remember clearly.” Yi Lao said.

Shimen. George Han was already stunned by everything in front of him.

The room is not big, but there are many ornaments that look very expensive, exuding shining brilliance, and more importantly. At this moment, the figure of a woman with long hair and fluttering hair was right in front of him, although her back was facing him, but it still made George Han feel extremely amazing.

Just a back figure can make people feel so amazing, her appearance must be like a fairy.

Although George Han had previously imagined that Fuyao might still be alive, this possibility is definitely not great. After all, it is not easy for humans to live for hundreds of years.

“Are you Fuyao?” George Han asked cautiously.

There was no response, the figure in front of it still maintained the same posture, and it didn’t even move.

Fell asleep?

George Han walked in front of Fu Yao with doubts.

## Chapter 794

When George Han walked in front of Fuyao, his expression became extremely frightened, and he subconsciously stepped back until he stepped back to the wall before stopping.

Fuyao!

She is Fuyao!

George Han's brain feels almost exploded!

This is obviously Amelia Su, how could it be Fuyao?

She looks exactly the same as Amelia Su, completely carved out of the same mold.

At this moment. Fu Yao's face dries at a speed visible to the naked eye. It seems that Shiwu has undergone some changes due to the arrival of George Han, which caused her well-preserved body to lose moisture at this moment.

"No, no." George Han panicked and wanted to stop this. But he didn't know what he should do, so he could only stay in a hurry.

Watching Fuyao turn into a pair of withered bones, George Han seemed to have seen Amelia Su's old death process. This made him feel too painful to breathe.

"How could this happen, how could this happen." George Han paced back and forth like crazy.

Why would Fuyao look exactly like Amelia Su?

Although there are many people who look the same in the world, it is no coincidence that George Han can achieve this degree of similarity.

At this time, Fuyao had completely turned into a withered bone. She was completely unrecognizable and no longer looked the same as Amelia Su, but George Han still felt that Amelia Su was sitting in front of him.

Fuyao.

Amelia Su.

what the hell is it.

George Han sat on the ground with a squishy mind, looking a little lost.

He can't imagine what the two are involved, but he can be sure that there must be some connection between Fuyao and Amelia Su.

Past and Present?

Earlier, Yi Lao also asked George Han if he believed in reincarnation.

At that time, George Han's answer was very firm, because for an atheist like him, reincarnation was a joke.

But now, what's happening right now. How to explain?

Fuyao is Amelia Su, is this possible?

George Han held his head in his hands, his brain aching slightly.

Outside Shimen, every minute and a second of time passed, He Qingfeng would become anxious.

“Why can’t he come out yet, is this kid planning to hollow out everything inside and hide it?” He Qingfeng said impatiently.

“The heart of a villain saves the belly of a gentleman. We don’t know if there is anything in Shimen. Why do you think George Han would do this.” Yi Lao said dissatisfied, what George Han said. In the Four Sects, He Qingfeng speculated so maliciously that this maliciously ruined the innocence of the Four Sects?

“How could there be no good things in Fuyao’s residence, it’s the secret of Tianqi.” He Qingfeng said.

“Even so. So what, can you go in? Since George Han can enter, it shows that Mingming is destined, and the contents should be his own.” Yi Lao said.

He Qingfeng squeezed his fists in an instant, George Han received, this is absolutely impossible!

He Qingfeng did not hesitate even if he wanted to kill someone for treasure.

Feeling He Qingfeng’s killing intent, Yi Lao reminded: “Don’t forget that you are seriously injured, and with me, you will never have a chance to hurt him.”

He Qingfeng unwillingly let go of his fist, suppressing his killing intent. He knew that in his current state, it was indeed impossible to be the opponent of Yi Lao and George Han, but this did not mean that he would give up.

Once George Han walked out of Shimen, he must find an opportunity to take away everything that George Han was carrying.

At this moment. George Han in the stone house hadn’t recovered yet, and he didn’t have time to care about what’s inside the stone house. He was thinking about the relationship between Fuyao and Amelia Su, and why the two looked exactly the same.

“Perhaps, I should believe in the theory of reincarnation, Fuyao is Amelia’s past life.” After a long time. George Han said lightly.

Walking to Fuyao’s withered bones, even in the face of the creepy white bones, George Han still had a gentle expression, as if looking at Amelia Su.

On Fuyao’s chest, there was something similar to a pearl, shining bright white light. When George Han took it into his hand, a warm current came from his palm, warm and comfortable.

“If you are Amelia’s previous life, this thing should belong to Amelia.” George Han said.

After collecting the pearls, George Han had time to look at other places in the stone house.

Most of the ornaments look very expensive, but they are just ordinary antiques. There is no other value, and it is of little significance to the apocalypse who is not short of money.

However, since Yi Lao said that there is a possibility of hiding the secrets of the apocalypse, George Han naturally had to search for it.

In the end, George Han found a booklet. This is a handwritten book with traditional characters as records. I turned over two pages. Only two pages of content surprised George Han.

The core area of the apocalypse is wrapped by a force called Yanhuangli and trained in the area of Yanhuangli. Can change a person’s physique, thereby making it stronger.

This is similar to the cultivation of immortality and cultivation that George Han knew, the only difference was that. The book does not mention the improvement of

realm, but only changes the human physique. It may be that Fuyao only knows this, or it may be that the changes that Yanhuangli can make are only these, and not similar to Xiuxian.

But compared to Yan Huangli, George Han was more curious about the relationship between Fuyao and Amelia Su.

Unconsciously, the night outside the stone house was already deep, and He Qingfeng also waited and became impatient. He had already lost his confidence. If he hadn't known that Shimen would resist him, he could not help but want to make the first The second shock.

The moon was high, and George Han suddenly walked out of Shimen.

He Qingfeng stood in front of George Han for the first time, and said, "Leave all the things you got. Otherwise, you can't leave."

After a day of resting, He Qingfeng's injury has been significantly improved, so when he faced George Han at this time, he appeared to be even stronger.

George Han threw out the booklet in his hand and said, "This is what I took out. You want it, just take it."

It's just a broken book!

He Qingfeng instantly became ugly and said, "George Han, don't you want to use this kind of broken thing to perfuse me, but there are many good things in the collection of Apocalypse in Shimen."

"There are indeed a lot of valuable antiques, but does it make sense to you? This book records the explanation of the power in the core area of the apocalypse. If you don't want it, nothing." After that, George Han was going to pick it up book.

However, He Qingfeng's movements were faster, and it was related to the strength of the core area of Apocalypse, which could not fall into the hands of George Han.

## Chapter 795

However, He Qingfeng who got the booklet was still not satisfied. He didn't believe that George Han just brought something out of the stone house.

“George Han, the way to prove that you didn't take anything else is very simple. Take your clothes off and I will believe it naturally.” He Qingfeng said.

George Han sneered coldly. This old guy is really good at it. He does still have a pearl in his hand, but this thing is very likely to be related to Amelia Su. How could he give it to He Qingfeng.

And he would never prove himself undressed, because he didn't need to do it.

“He Qingfeng, let me go in and out of this stone gate. Do I still need to bring things out? And the most valuable thing is already in your hand. If you are not satisfied, you can go in and see by yourself.” George Han Leng Soundtrack.

If He Qingfeng could get in by himself, how could he wait until now. George Han's remarks have struck his weakness.

Out of urgent desire, He Qingfeng said to George Han: “As long as you are willing to take out all the contents inside, I won't care about you.”

“With your little human heart, even if I took it all out. Would you believe it again? You still think that I left the best things. There is no point in doing so.” George Han said.

These anti-remarks left He Qingfeng speechless. He did not easily believe in George Han. Even if George Han vacated the stone house, he would still think that George Han was hiding himself.

“I'm leaving here now. If you want to stop me, take it.” After that, George Han left.

He Qingfeng took a step forward and stopped.

Forcibly stopped George Han, not to mention whether he could do it, even if he stopped it, it didn't make any sense, and there was still Yi Lao, so he couldn't do whatever he wanted.

“He Qingfeng, you should be content, if it weren't for him, you wouldn't even be able to get this booklet, so what are you asking for?” Yi Lao said.

He Qingfeng gritted his teeth and said: “He is a member of your four disciplines, so naturally you don't want to force him, and give you everything secretly, who knows.”

“This kind of obscure thing. I will never do it. If you don't rest assured, you can make people stay here.” Yi Lao said with disdain.

“Don't worry, I will definitely let people guard, and I will never let you succeed.” He Qingfeng said.

Yi Lao smiled helplessly, He Qingfeng, as the master of the Three Halls, had a little belly chicken intestines to this point, without any pattern at all.

“You don't intend to embezzle the contents of this booklet?” Yi Lao asked.

He Qingfeng subconsciously put the booklet on his chest and tightly protected it, as if he was afraid of being snatched by Yi Lao.

“After I have read it, I will naturally give it to you.” He Qingfeng said.

“Okay, I'm not in a hurry. Take your time.” After that, Yi Lao also left.

He Qingfeng didn't expect Yi Lao to leave so easily. Isn't this old guy afraid that he will really embezzle it?

“Old guy, deliberately pretend to be generous in front of me, would I really believe you don’t care so much?” He Qingfeng said to himself after Yi Lao left.

George Han returned to his residence in the Earth-class realm, and the moon was high outside the window, but he was not sleepy.

Fuyao. Amelia Su!

In George Han’s opinion, there must be a certain connection between the two, and it is even possible that it is past and present as he thought.

Holding the pearl in a daze, George Han couldn’t help wondering, if she gave this pearl to Amelia Su, would she have memories of two lives?

This thought made George Han feel a little afraid of the unknown. He worried that after Amelia Su changed because of this, something unexpected would happen to him. Once things became irreversible, there would be no chance of regret.

The next day, George Han, who stayed up all night, got up early.

Jiang Yingying is accustomed to getting up early every day to train. Although she knows the strength gap between herself and George Han, she also knows that she will never catch up with George Han in her life, but she wants to use her own efforts to maintain her relationship with George Han. Don’t pull further and further away.

“Yingying. Do you believe in reincarnation, past and present?” George Han asked Jiang Yingying.

During the training, Jiang Yingying stopped when she heard these words, and answered, “Believe it.”

“Why?” Faced with Jiang Yingying’s firm answer, George Han raised doubts.

“If I hadn’t done a lot of good things in my previous life. How could I have met you in this life.” Jiang Yingying smiled.

George Han laughed dumbly. What kind of reason is this? It’s just nonsense.

“There are a lot of unexplainable things in this world. I think everything is arranged in secret. If my mother hadn’t met you, she wouldn’t even have a job. If I hadn’t met you, I would have been framed by those people. . Our family owes you a lot, and I didn’t know how to repay it before, but suddenly, I have the ability to stay with you. This is the chance God has given me to repay.” Jiang Yingying continued.

In George Han’s view, these were just coincidences, if it weren’t for him to put the skull in the utility room. Jiang Yingying happened to live in that room again, and it was impossible for her to possess the ability she has now.

Of course, it is undeniable that this may be destined.

It’s really impossible to give a reasonable explanation for something mysterious and mysterious.

George Han sighed, it seemed useless no matter how much he thought about it, whether there was any past or present life, and handing the pearls to Amelia Su, maybe everything became clear.

“Do you miss your mother?” George Han asked.

Jiang Yingying lowered her head, her face full of longing. Although she left Basin City not long ago, she has experienced a lot of things, so why wouldn’t she not think about it.

“Yes, I want to welcome Sister Xia, and Nian’er, I want to.” Jiang Yingying said.

“I think too.” George Han said with a sigh, “So we have to solve the matter here as soon as possible. Only then can we return to Cloud City.”

“Brother George, I want to go to the Devil’s Cave with you.” Jiang Yingying said.

“Don’t worry, I won’t throw it away, you train first. I’ll go find Yi Lao to arrange this.” George Han left after speaking.

Now that he has successfully become a local character level, what George Han needs to face now is the test of Demon King’s Cave, for him. Time should not be delayed, and this must be done as soon as possible.

In the four fields, Yi Lao and Fang Zhan are together about Fuyao. Yi Lao didn’t tell Fang Zhan, but he mentioned George Han’s difference.

In Fang Zhan’s eyes, George Han was extraordinary. He had recognized it a long time ago, but Yi Lao suddenly deliberately mentioned what had happened.

As one of the top ten masters, Fang Zhan knew exactly what to ask and what not to ask, so Yi Lao didn’t say anything, and he didn’t ask much.

“Elder Yi, when do you plan to arrange for him to go to the Demon King’s Cave?” Fang Zhan asked curiously.

“He should be more anxious than me, so you don’t need to ask me, just ask him.” Old Yi smiled.

As soon as the voice fell, I saw George Han coming from a distance.

## Chapter 796

George Han walked straight to the two of them and asked Yi Lao directly: “When can I start.”

Elder Yi knew that George Han would definitely be eager, but he came to him early in the morning and it was a little unexpected. After all, he had been to the stone house, and there must be more than the booklet in the stone house. , He should still find the opportunity to go to the stone house.

“When do you need it?” Yi Lao asked back.

“Today.” George Han affirmed.

“Isn’t there anything in the stone house worth your time?” Yi Lao frowned and said, he and He Qingfeng both guessed that there was something in the stone house that could change the apocalypse. It can even make the entire Apocalypse stronger, and George Han can enter, which may make his strength stronger.

The Devil’s Cave is a place where you will lose your life if you don’t pay attention, so in Yi Lao’s opinion, George Han should go to the Devil’s Cave after getting stronger. This is the better choice.

In the stone house. George Han saw exactly the same Fuyao as Amelia Su. In front of this incident, nothing else was enough to make George Han interested. What he wanted to do was to find the opportunity to find out the connection between the two as soon as possible. So knowing the real secret of Apocalypse is what he needs to do now.

Since you have to pass the test of the Devil’s Cave to understand the apocalypse, what George Han has to do is naturally to go to the Demon’s Cave.

“To tell you frankly, I haven’t looked at what is left in the stone house. Maybe there will be a chance in the future. I will go again.” George Han said.

Yi Lao smiled helplessly. He had known the difference of George Han a long time ago, but this guy can be so different to such a degree that it is still surprising that he didn’t even look at how many things in the stone house are. , This is replaced by someone else, who can do it?

“Okay, just do as you said. Today, I will inform the third hall that you can enter the Devil’s Cave in the afternoon.” Yi Lao said.

“Okay, I’ll wait for your news.” Finished. George Han turned and left.

Fang Zhan was very curious about the stone house they were talking about, but he didn’t ask too much. If it was something that didn’t matter, Yi Lao would naturally tell him that since Yi Lao didn’t take the initiative to bring it up, it showed that even if he asked, it was useless.

“Yilao, I’m leaving first.” Fang Zhan said to Yi Lao.

“Go, I’m going to arrange this too.” Yi Lao said.

Fang Zhan quickly caught up with George Han. He was still a little worried about George Han’s going to Demon King’s Cave, after all, he was an experier. Knowing the dangers of the Demon King’s Cave, if the few people who went with him had not become his stepping stones, Fang Zhan would never have the chance to leave the Demon King’s Cave alive.

“Why are you so anxious? The Devil’s Cave is not as simple as you think.” Fang Zhan asked George Han puzzled.

“I have a question in my heart, I need to solve it as quickly as possible, and the premise to solve this question is to know what the secret of the apocalypse is.” George Han confessed.

Fang Zhan and George Han had not been in contact for a long time, but he knew George Han’s temperament very well, and once decided, he would not change the matter. He insisted on going to the Demon King’s Cave, which was something no one could stop him.

“I can’t tell you what happened in the Demon King’s Cave, but I can remind you that no matter what you encounter, you can only choose to escape and move towards a place with light. That is your only way out.” Fang Zhan said.

“Don’t worry, even if I die in the Demon King’s Cave, the Nangong family’s task of finding your daughter will not stop.” George Han said lightly.

Fang Zhan smiled helplessly. He followed George Han back to Tianqi, indeed because George Han promised to help him find his daughter, but after this time of contact, Fang Zhan’s feelings for George Han are not only related to interests, but he wants to see it. When George Han lived well, he brought a stronger power to Tianqi, and he also wanted to see how much miracle this young man could create.

“George Han, I remind you, not only because of my daughter, but also because you might be able to save the world.” Fang Zhan said.

“Save the world?” George Han smiled disdainfully, and said: “I am not a superhero. There is no way for me to save the world. All I have to do in this life is to protect my wife and children.”

“The prerequisite for protecting his wife and children. The world is to be stable. When you return from the Demon King’s Cave, you will understand everything I said.” Fang Zhan said.

George Han returned to his residence. She told Jiang Yingying about going to the Demon King's Cave today, and at the same time, she thought about Fang Zhan's kind reminder.

Run, the word is very essence. The reason Fang Zhan said this was definitely because the Demon King's Cave was very dangerous.

But this kind of danger, in George Han's previous guess, should be some kind of material test, similar to an organization, etc., but Fang Zhan suggested that he run. This is obviously not facing the agency.

Only in the face of a strong person that can't be beaten, can the word run up be used.

Could it be said that the Demon King's Cave is made up of a Tianzi level powerhouse?

But isn't Apocalypse's taboo prohibiting killing each other? How can there be man-made lives in danger?

"Brother George. What's wrong with you?" Seeing George's serious silence, Jiang Yingying couldn't help asking.

"I'm thinking about what kind of place the Devil's Cave is like." George Han said.

"Don't you know after a while. Now guess what's the point." Jiang Yingying said.

George Han nodded in agreement and said, "This is the truth, why bother with me."

When the news came out from the four gates that George Han was about to enter the Demon King's Cave today, the news spread throughout the entire Apocalypse in an instant, shocking countless people.

No one thought that George Han chose the Demon King's Cave challenge so quickly. It was less than a month before he came to Apocalypse. If he can really complete it, it will become Apocalypse. The miracle completed is unprecedented, and even no one will come.

“George Han chose the challenge of Demon King's Cave so quickly.”

“He is now a master at the earth level, and his achievements have far surpassed Lintong. How could he be so reckless?”

“Reckless? In my opinion, this is because he is very confident in his own strength. He is able to beat the local masters in the classification competition. This has never been done before. In my opinion, his strength is very It is possible to reach the Tianzi level early.”

“The challenge of the Devil's Cave is just a way to advancement to him, maybe he didn't take it seriously.”

“Lintong is now a complete joke. He is known as the pride of the sky, but has turned a blind eye to the challenges of Demon King's Cave for so many years. Compared with George Han, he is not only weak in strength, but even courageous to lose some points. “

## Chapter 797

Apocalypse sparked a heated discussion about George Han, among which Lintong was the hardest hit.

Although George Han's achievements in promotion to the earth level have far surpassed him, at least the two are still at the same level now, and the Devil's Cave is a place full of fear for him. After so many years, Lintong did not even think about it. Devil's Cave, and George Han, made the choice so happily.

Not talking about strength, but only about courage. Lintong had once again lost to George Han, which made his confidence in the proud man of heaven suffer.

The same is true for He Xiaoxiao. In He Xiaoxiao's eyes, George Han is a yellow-character rubbish, from the first meeting to George Han participating in the Devil's Cave challenge. This was only half a month, and that waste seemed to have skyrocketed, completing an achievement that no one in Apocalypse could do.

"Dad, George Han really wants to go to the Demon King's Cave?" He Xiaoxiao found He Qingfeng. She thought it was probably a rumor. How could George Han go to the Demon King's Cave so quickly.

He Qingfeng was also very puzzled at this time. He and Yi Lao had the same thoughts. Since George Han was able to enter the stone house, he could use the things in the stone house to improve his strength. How could he go to the Demon King's Cave so quickly?

But the news came from Si Men Yi Lao himself, this is absolutely impossible to be false.

"The news was said by Mr. Yi himself. There should be no falsehoods." He Qingfeng said.

He Xiaoxiao's face was as white as paper, and George Han's actions once again damaged her self-esteem. She is the daughter of the Lord of the Three Halls. She has no qualifications to go to the Demon King's Cave. I'm going to challenge the Devil's Cave where no one has come out alive for ten years.

"He certainly didn't know that no one had been able to come out of Devil's Cave for a whole decade." He Xiaoxiao said through gritted teeth.

"The danger of Demon King's Cave, Yi Lao will definitely tell him, I think he knows." He Qingfeng said.

He Xiaoxiao's teeth are getting tighter. Since that guy knows why he dares to go, is he not afraid at all? Or. He really has so much confidence in himself that he can ignore the test of the Demon King's Cave.

Taking a deep breath, He Xiaoxiao asked, "Dad, what chance do you think he will be able to survive?"

If George Han died in the Demon King's Cave, He Xiaoxiao's heart would feel better. This at least shows that George Han is an ignorant guy, even if he has some strength, but he is too high to see himself, he will eventually pay the price.

about this issue. He Qingfeng had already thought about it when he learned that George Han was going to the Demon King's Cave. According to George Han's current strength, he was likely to be the first person to live out of the Demon King's Cave in the past ten years. After all, the limit of his strength has not been shown in front of everyone, even when facing a master of the earth word level, George Han is still easily crushed.

But the Devil's Cave is a place full of unstable factors, and no one can be sure what will happen in it.

If you are lucky, you may be able to come out just by going in a circle, but if you are not lucky. When encountering those things awakening, even the master of the sky word level can hardly survive.

“This probability is hard to say, it depends on luck.” He Qingfeng said.

“Dad. Is there no way to let him die in the Devil’s Cave?” He Xiaoxiao asked.

He Qingfeng’s eyes condensed. He Xiaoxiao wanted to kill George Han before. Without success, He Qingfeng felt that she should have given up this idea long ago, but He Xiaoxiao would still think so.

If George Han could come out of the Demon King’s Cave alive, this would be good news for Tianqi. The fluctuation of the forbidden area urgently needs Apocalypse to become stronger, and George Han can bring these to Apocalypse, if George Han dies. It is not a small loss for Apocalypse.

“I warn you not to mess around. George Han is very important to Tianqi. Even if he is not from Sandian, I hope he can survive.” He Qingfeng rebuked.

The four gates and three halls are in the same air. When dealing with the dangers of the forbidden area, they must work together. In this case, any internal conflicts become irrelevant. As the master of the three halls, He Qingfeng does not allow this. things happen.

“Importance, he is just a waste, how important can it be.” He Xiaoxiao said capriciously. Her status as a supreme princess could not be trampled on by anyone, but George Han became the first person to ignore her and wanted her to change her view of George Han. This is a very difficult thing.

Even if George Han is now an earth-type powerhouse, in He Xiaoxiao’s eyes, he is still a waste. This is the princess temper that she has cultivated since childhood, as long as she can’t understand it, it can only be destroyed.

“Dad is not joking with you. If you want to make trouble in this matter, I can only put you in confinement.” He Qingfeng said.

He Xiaoxiao squeezed her fist tightly. He Qingfeng used to spoil her for no reason, but since George Han came, his attitude has changed. All the reasons are George Han. He Xiaoxiao naturally imposed hatred on George Han.

In this case, she even hoped that George Han would die.

“How can I make trouble, can I still go to the Demon King’s Cave? I just hope this waste will die in the Demon King’s Cave.” He Xiaoxiao said bitterly.

in the afternoon. Both George Han and Jiang Yingying were led by Yi Lao towards the entrance of the Demon King’s Cave. There were countless eyes staring at the two of George Han, because the fear that the Demon King’s Cave had not been alive for ten years was shrouded by people, which made most people avoid this test. George Han’s resolute choice made many people admire him. Courage.

He Qingfeng had already waited at the entrance early. Although George Han was from the Four Sects, the test of the Demon King’s Cave was worth his appearance as the Lord of the Three Halls.

“George Han, I didn’t expect you to make a choice so quickly. It really surprised me.” He Qingfeng walked to George Han and said.

“I’ve already given you the most valuable thing in the stone house, and it doesn’t make sense to go again. Since it’s something to face sooner or later, why not let it come sooner.” George Han said lightly.

“Boy, do you think I will believe it?” He Qingfeng smiled.

“If there is something that can make people stronger, why don’t I leave more time to make myself stronger, so as to improve my chances of coming out of the Devil’s Cave.” George Han said.

These words left He Qingfeng speechless. If the stone house really had what he imagined, according to a normal person’s choice, it would definitely delay the time to enter the Demon King’s Cave. George Han made the choice so quickly, which indeed shows There is indeed nothing he imagined in the stone house.

## Chapter 798

“Maybe you are using this method to confuse me.” He Qingfeng said. Although George Han’s performance has made him unable to find any flaws, he still does not want to believe it. After all, it is Fuyao’s residence and Tianqi. The most famous strong man in history.

“Do you use your life as the price?” George Han smiled faintly, and passed He Qingfeng. It is useless to say more. It doesn’t matter whether He Qingfeng is willing to believe his words, anyway, only he can enter the stone house. It doesn’t matter to George Han how others view this matter.

“Really think about it? Now there is still a chance to regret.” When he walked in front of Yi Lao, Yi Lao said to George Han.

“There are so many eyes looking at me, and choosing to shrink at this time is not going to be laughed at.” George Han said.

“Even if it is a joke, it is better than losing your life. You still have time to make more preparations.” Yi Lao said. This incident has indeed shaken the entire Apocalypse. Everyone is staring at this incident. Temporary retreat will inevitably make some people catch the conversation and use it as a mockery. But compared with the loss of life, the latter is more obvious. important.

“No need.” George Han said without hesitation.

Elder Yi sighed and said, “In this case, the Devil’s Cave is right in front of you, go.”

The entrance is still a cave, but the difference from normal caves is that the inside is as dark as splashing ink, you can’t see anything from the outside, and there is a disgusting smell at the entrance of the cave. I must have gone inside. This fishy smell will definitely become more intense.

George Han glanced at Jiang Yingying and walked toward the cave first.

Jiang Yingying followed behind, never showing the slightest hesitation.

Seeing the two walk into the cave, Yi Lao let out a sigh of frustration with a chance to regret this matter, and said: “I hope they can come out alive.”

“He still has his wife and children as fetters, I believe he will not give up easily.” Fang Zhan said.

Elder Yi nodded. With George Han’s feelings towards Amelia Su and Han Nian, he really would not give up any chance of surviving, but after all, there are too many variables in the Demon King’s Cave, which cannot be changed by manpower.

“Yilao, didn’t George Han hand you anything?” He Qingfeng asked when he walked up to Yi Lao.

“He Qingfeng. You should let go of your obsession with the stone house. The most important thing now is whether George Han can survive. Only he can change the consequences of forbidden land changes.” Yi Lao said solemnly. .

He Qingfeng’s selfishness was fully expressed in this matter, and he did not make the slightest concealment, saying: “Although he is important, the things in the stone house are equally important. It can even bring greater changes, you can’t. Hidden private.”

“It’s useless to say more than speculation, if you don’t believe it. My four doors will let you search at any time.” Yi Lao said disdainfully.

“Elder Yi, if you say that, I’m not welcome, and I will definitely come to visit another day.” He Qingfeng smiled.

Old Yi's expression changed drastically. This guy really didn't know what was good or bad, but the old Yi who had not done anything wrong was not afraid of He Qingfengcha.

"You are willing to come. Come on, I won't stop you."

Devil's Cave.

After George Han and Jiang Yingying came in, there was endless darkness. At the same time, an extremely strong fishy smell came over his face, George Han could barely bear it, but Jiang Yingying, a girl, was already lying on the side and vomiting.

"How are you." George Han asked Jiang Yingying while supporting her.

"Brother George, what is this smell? How could it be so unpleasant." Jiang Yingying said with an expression of pain.

"Just rest here. When you get used to it, we will go again." George Han looked at the light in the endless darkness, that was another direction. It should be the so-called export of Fang Zhan.

Jiang Yingying didn't try her best and nodded. With her current state, she is indeed not suitable for dealing with those crises.

At this moment, Jiang Yingying suddenly felt something crawling on her leg, and screamed and kicked her subconsciously.

"What's the matter?" George Han asked puzzledly.

"Brother George, something has climbed on my legs." Jiang Yingying said in a panic. She is a girl after all, and she will inevitably be afraid of snakes, insects, rats and ants.

Since the surroundings are too dark, I can't see clearly at all, George Han said: "I knew it was so dark here. You should bring a flashlight."

As soon as the voice fell, a few beams of light fell from the sky, illuminating the surroundings. Make the surrounding environment clear at a glance.

After seeing everything in front of her, Jiang Yingying was even more frightened.

There are countless bones under the feet, almost piled up into a mountain!

"Brother George. Why, how come there are so many bones." Jiang Yingying said, clutching George Han's arm tightly.

George Han's face was heavy, these bones should be the people who entered the Demon King's Cave before. They died in this place, indicating that they were killed as soon as they entered the Demon King's Cave. What kind of disaster it must be that made so many people die here!

"Be careful." George Han said in a deep voice, guarding Jiang Yingying.

"Just now, there was something on my lap just now. Could these people's deaths be caused by it?" Jiang Yingying said cautiously.

George Han nodded, this is not impossible. But now what exactly is that thing, George Han hasn't seen it yet.

"I didn't expect the Devil's Cave to be so dangerous, just at the entrance. So many people lost their lives. No wonder Fang Zhan told me that no matter what troubles I encounter, I can only run." George Han said seriously.

At this moment, he finally understood the meaning of Fang Zhan's words, and the bones under his feet had clearly told him that this was not a place to stay for long.

“Let’s go first.” George Han said, unknown dangers can’t keep them here, even if Jiang Yingying hasn’t adapted to the disgusting taste here.

The two walked forward, but they didn’t know that among the bones under their feet, there was a small white jade snake with a peculiar appearance.

The little snake’s eyes were red, but there was no hostility towards the two of them, just closely following George Han’s steps.

At this time, Yi Lao outside the Demon King’s Cave had returned to Simen, looking worried.

“Yilao, this is the end of the matter, you don’t need to worry too much.” Fang Zhan said to Yi Lao.

It is true that George Han has entered the Demon King’s Cave. No matter how worried he is at this time, it will not help, but the truth is that, it can’t stop Yi Lao’s worry.

“I hope they don’t encounter the red-eyed jade python, otherwise, it must be a dead end.” Yi Lao said.

Hearing the words Red-Eyed Jade Python, Fang Zhan’s face instantly turned pale as paper. As he passed the test of the Devil’s Cave, he knew how dangerous the Red-Eyed Jade Python was. The creature, the entire Demon King’s Cave will probably respect it!

## Chapter 799

“It seems that most people have died at the entrance. The more we go in, the fewer bones we have, and we must have passed the most dangerous area.” Demon King’s Cave, George Han said to comfort the frightened Jiang Yingying.

Of course, these words are not just for comfort, but they are true. Along the way, we can see that there are fewer and fewer bones, which also shows that being able to pass through the entrance is the most difficult level.

Jiang Yingying’s complexion has eased a lot now, although the unknown in the Devil’s Cave still makes her feel scared, but this kind of fear is already within her control.

“Brother George, where exactly is this place, I always feel that besides us, there are still eyes staring at us in secret.” Jiang Yingying said.

George Han took a deep breath. He thought it was his own illusion, but Jiang Yingying had the same feeling. From this point of view, I am afraid that besides them, there are indeed other creatures in this Demon King’s Cave.

“Be careful, Fang Zhan said, run away in case of trouble. As long as we can run out, we are considered to have passed the test.” George Han said solemnly.

Jiang Yingying nodded.

Just when the two of them were about to go deeper, an extremely heavy gasp sounded, making their feet stiff on the spot and dared not move.

Looking in the direction of the heavy panting, due to the darkness in the distance, the two of them couldn’t see what the panting body was, but the sound of obviously approaching footsteps told them that something was approaching them.

George Han once again protected Jiang Yingying, but Jiang Yingying did not show too much fear this time. She knew that it was useless to be afraid when faced with danger. It is necessary to face George Han together before it is possible to turn danger into a breeze.

Finally, the panting body appeared in front of the two of George Han. Not to mention Jiang Yingying, who had just raised his courage, even George Han, who had been mentally prepared early, was still terrified.

An orangutan at least three meters tall, with a hideous appearance, slapped his chest to demonstrate against the two.

And this orangutan is very different from the orangutans that George Han has seen in the zoo. Its hair is erected like steel thorns, which obviously has great lethality, and its blood-red pupils also indicate its extraordinary.

More importantly, George Han found that there was a very strange mark on the forehead of this orangutan. It seemed that this mark indicated that it was not a product of the earth.

“Brother George, this orangutan looks so scary.” Jiang Yingying said.

“This is probably not as simple as a gorilla. I really don’t know what secrets Apocalypse hides. Why are there these strange things.” The veil of the secrets of Apocalypse has been unraveled for George Han step by step. Full of curiosity.

Obviously creatures that do not belong to the earth, why do they appear here, and where does it come from?

At this time, the rhythm of the orangutan hammering his chest was getting faster and faster. According to George Han’s understanding, when the demonstration ended, it was time to attack.

In the face of such a violent behemoth, George Han did not dare to take it lightly.

“You first step aside, be careful.” George Han said to Jiang Yingying.

Just when the orangutan was about to attack, it suddenly stopped. The surrounding air seemed to condense in an instant, and George Han’s muscles were tight and he was ready to face the next battle, only to discover a scene that shocked him.

The orangutan suddenly turned around and ran wildly. It was like seeing something frightening it.

After more than ten seconds of silence, Jiang Yingying asked incomprehensibly: “Three, three thousand brothers, what is going on. How did it run away?”

George Han’s whole body was already standing up, and there was absolutely no reason why this powerful creature suddenly ran away. It was very likely that he saw an enemy that he feared, indicating that he was beside them. There are more powerful creatures than orangutans.

“Yingying, come to me, hurry!” George Han said to Jiang Yingying in a deep voice.

Jiang Yingying, who didn’t know why, walked behind George Han, wondering: “Brother George, what’s wrong?”

George Han took a deep breath and showed an unprecedented vigilance, and said: “The creature that can scare it away must be a more powerful creature. It should be somewhere nearby.”

Upon hearing this, Jiang Yingying understood why George Han was suddenly so nervous.

But the surroundings were very quiet, there was no change, the atmosphere gradually became weird.

After two minutes, Jiang Yingying, who couldn't stand the depression, finally couldn't help but said: "Brother George, there seems to be nothing, what's going on."

George Han, who frowned, felt strange, how could there be nothing?

The orangutan obviously wanted to attack them just now. And when it turned to escape, it was obviously caused by some kind of fear.

In George Han's understanding, this powerful creature would either encounter its own natural enemies. Either you encounter a creature that is stronger than you, or you will never escape easily.

"Be careful, I always feel something is wrong." George Han didn't dare to relax his guard, after all, this is the Devil's Cave. The lives of countless masters have been ruined, and once the vigilance is relaxed, it is likely to add bones to this place.

In another few minutes, the crisis George Han had anticipated still did not appear, which made him even more puzzled of what was going on.

At this time, Jiang Yingying suddenly said to George Han: "Brother George, look, look at your feet."

Underfoot!

George Han straightened his legs because of this sentence. With his gaze down, George Han found a little snake covered in jade, which didn't give him any aggressive feeling, but rather looked a little cute.

“Brother George, this snake is so beautiful.” With that, Jiang Yingying had already passed George Han and seemed to want to catch it.

George Han hurriedly shouted: “Yingying, don’t move, this is the Devil’s Cave!”

All the creatures in the Demon King’s Cave, even if it was just a mosquito, George Han did not dare to relax his vigilance, let alone such a strange snake.

Yubai’s body has red eyes. This is obviously not an ordinary creature, and its ability to appear in the Demon King’s Cave is even more proof that it is not simple.

“Brother George, don’t be afraid. I used to work in a pet shop. There are many weird animals in our shop. Among them are snakes.” Jiang Yingying squatted down and just about to reach out, the snake spit out red at her. Letter, and grinning, seemed to be warning her.

Jiang Yingying was frightened, and quickly got up and returned to George Han.

“Brother George. This snake has a really big temper.” Jiang Yingying said with lingering fear.

“Your heart is really big. Do you know what kind of snake this is? Do you know if it is very poisonous? What if you get bitten?” George Han said helplessly.

Jiang Yingying stuck her tongue out, knowing she was wrong, so she didn’t refute.

## Chapter 800

The scene was deadlocked. George Han stared at Xiao Bai Snake, and Xiao Bai Snake's red eyes also looked at him, and the two sides couldn't move me.

George Han even thought about whether the sudden escape of the orangutan just now might be related to this little thing, but after thinking about it, it was impossible, just such a little thing. How could it threaten an orangutan that is three meters tall?

"Brother George, shall we keep waiting like this?" Jiang Yingying asked George Han.

"It looks like this snake is a bit stupid, and it should not pose a threat to us, so let's go." George Han said.

The little white snake suddenly turned over and fell to the ground, as if dead.

George Han didn't know why it was doing this, but Jiang Yingying on the side said, "Brother George, how do I feel that he is acting like a baby with you?"

"Aegyo?" George Han looked wrong. The snake is a cold-blooded animal and has no emotions. How could it be possible to act like a baby with thinking.

"How is it possible, do snakes have feelings?" George Han asked, since Jiang Yingying worked in a pet shop, she should know the habits of snakes very well.

"As far as I know. The golden pythons sold on the market have a certain degree of recognition of their owners, but I heard that there have also been pet murders." Jiang Yingying explained.

To George Han, this kind of ambiguous statement is completely nonsense. It's not that cats and dogs will listen to their owners. People who keep such pets are probably a little psychopathic.

"Let's go first, no matter what, go out and talk about it." George Han said.

Just when the two of them were about to turn around and leave, George Han suddenly felt something entangled in his lap and looked down. Isn't this the little white snake?

at the same time.

Basin City Mountainside Villa.

Today's mountainside Villa is extremely lively, with a lot of people coming in and out, but there is a very strange phenomenon. When every strange face leaves the Villa, he shakes his head helplessly, as if something major has happened.

"Nangong Boring, Amelia Su is George Han's favorite woman. If something happens to her, no one can afford the consequences. You must find a way to save her." Said.

Nangong Boring looked serious. He naturally knew how deep George Han's feelings for Amelia Su were. If this woman had an accident, he would inevitably be affected by anger. Not to mention going to Apocalypse, it would be difficult to survive.

"Don't worry. I have mobilized the world's leading doctors, and there are already many people on the plane. They are on the way, I believe they will come soon." Nangong Boring said.

Hearing this, Mo Yang didn't relax at all. He paced in place and said, "How come this happened suddenly, a good person, why did he change overnight?"

“I have never heard of this phenomenon. Do you want to notify George Han?”  
Nangong Boring asked.

Regarding this issue, Mo Yang has already thought about it carefully, and it is best for George Han to know about this matter. Once concealed him, causing unknowable serious consequences, George Han would definitely be furious, but he didn't know where George Han had gone. How to notify it again.

“Do you know where he is?” Mo Yang asked.

Nangong Bo Ling shook his head. Although he knew the Apocalypse, he could not know where the Apocalypse was. It had been so many years. Nangong Boring did not investigate this matter, but in the end nothing was found.

Only when Apocalypse appears voluntarily can we contact, if not. No one can contact Apocalypse.

“I will find a way.” Nangong Boring said.

Inside the Villa.

Several key figures of the Han family were sitting in the living room, and Amelia Su with long snow-white hair looked particularly conspicuous.

I turned white overnight. This phenomenon caused everyone in the Villa to panic. So many famous doctors flocked to Basin City early in the morning, but in the face of this situation, the major doctors were helpless. They can now be sure. It was Amelia Su who was in good health, but why she turned her head suddenly, but there was no reason at all.

The white-haired Amelia Su did not show signs of illness, but was even more touching.

“Don’t worry too much, I know that there will be no problem with my body.” Amelia Su said to everyone, she didn’t feel any discomfort in her body. It was indeed strange to suddenly gray hair, but her body function was not affected. In her opinion, it is not a big problem.

Mary glanced at Han Tianyang. I didn’t dare to talk nonsense. After all, it is impossible for a person to whitehead for no reason. This must be a reaction caused by a certain mutation in the body.

“Amelia, the doctors who came just now. They are all famous doctors nearby. Since they said that there is no problem, there should be nothing. As for the reason for your gray hair. I believe I can find out that Nangong Boring has already begun to mobilize his Human connections, famous doctors from all over the world have now come to Basin City.” Han Tianyang said with a expression of comfort.

Patriarch Nangong’s influence in the world needless to say. Amelia Su could even imagine how many planes were flying towards Basin City, which made her smile helplessly, and said, “Grandpa, I have no big problems. I don’t need to spend such a lot of time.”

“How can you not use it. You are the daughter-in-law of the Han family, even if you have a cold, it is worth a trip for those people.” Mary said.

“Mom, don’t be so exaggerated.” Amelia Su looked dumbfounded. She was worried about her situation in her heart, but she knew very well that if even she was worried and afraid, it would affect others even more, so she Can only make an indifferent look.

“It’s not an exaggeration, it’s not an exaggeration at all. You are the Han family’s daughter-in-law, so you should.” Mary said.

Although Wilson Su was worried about his daughter's situation, he saw this kind of scene. He is more happy. In the past, what status and treatment was Amelia Su? Do the heaviest work with the least money. Enjoy the lowest status treatment.

And now?

She alone can affect the world's famous doctors, which the Su family will never be able to do.

The old lady looked down on Amelia Su like that back then, and she never dreamed that Amelia Su would have today.

There are also those relatives of the Su family. Besides admiring Amelia Su, what else can they do, dare to feel the slightest sense of superiority in front of Amelia Su?

Harry Su, the once-appointed Patriarch of the Su family, has heard that now he has gone to the construction site to move bricks. This is retribution.

At this time, Amelia Su suddenly covered her chest with an expression of pain.

Everyone approached Amelia Su at the first time.

“Amelia, how are you.”

“What's the matter, where is it uncomfortable.”

“Daughter, don't scare me, it hurts.”

In her arms, Han Nian seemed to feel Amelia Su's pain and burst into tears.
