

Chapter 701

A middle-aged man dressed in very tattered clothes is particularly abrupt at this kind of gathering of rich people, because everyone who comes here is dressed up, the men put on the most exquisite customized suits, and the women He can't wait to hang all his precious jewellery on his body, but he is a shabby suit. Like a beggar.

“Where is this beggar, dare to break into this kind of occasion.”

“The security guard, come and help this guy out, it's stinking, don't affect our appetite.”

“Zhang Bifeng, the security guard here is so useless, you let a beggar break in.”

Zhang Bifeng's face was pale, this is his place. Such a person was allowed to break into Han Nian's Hundred Days Banquet. He had to take full responsibility for this incident. If George Han blamed it, he would not be able to eat it.

Just when Zhang Bifeng wanted to call a security guard. George Han let go of Amelia Su and said to Zhang Bifeng: “No need.”

Zhang Bifeng thought that George Han was upset, and was so scared that he lowered his head and trembled, and said: “Mr. Han, I'm sorry, this matter is my fault. If you want to punish me, Zhang Bifeng has absolutely no complaints.”

George Han smiled faintly and said, “Even if you call out all the security guards, you may not be able to stop him, so I don't blame you.”

After speaking, George Han turned to look at Fang Zhan and said, “I have been waiting for you for a long time.”

“Do you know that I am coming?” Fang Zhan asked, frowning.

“Unfortunately, he is still working as a tortoise. Is this kind of villain who dare not show his true colors worthy of you to do for him?” George Han said lightly.

“Whether it is worth it or not has nothing to do with you.” Fang Zhan did this to find his daughter. As for Lintong’s character, he doesn’t care at all, even if he is really a tortoise, as long as he can know Fang Zhan is willing to do anything for his daughter’s whereabouts.

George Han nodded. Said: “Change the place, the space here is too small to be displayed.”

Fang Zhan didn’t expect George Han to say such things. Obviously, he was not timid, and he was already prepared to fight him, which surprised Fang Zhan a little.

Since he knew he was coming, he should also be very clear about who his opponent was. In this case, he didn’t even flinch.

“Compared with him, you do have a better place.” Fang Zhan’s remarks were an endorsement of George Han.

George Han smiled. If it weren’t for the white beard old man who had his hole card, George Han would never choose to confront Fang Zhan head-on.

Fighting with blood is one thing, but sending death is another. George Han is not stupid, knowing that those who can’t be beaten have to go to death, he really has no brain at all.

In the United States against Han Xiao, it was George Han forced to do it. Because he didn’t go to Han Tiansheng, Han Tiansheng would also find him. Instead of shrinking, he would take the initiative to fight, even if he died, he would die vigorously.

The nature of these two things is completely different, so in the absence of the white beard old man, George Han will make different choices.

Everyone didn't know what happened, but now in this situation, who still has the mind to eat.

After George Han and Fang Zhan left the banquet hall, all the guests came out and followed them far behind.

“Amelia, what's the matter?” Shen Lingyao couldn't help asking Amelia Su.

Although Amelia Su was very worried, Han Nian's godfather promised that she believed that George Han would not be in any danger, but looking around, the old man didn't seem to appear at all. I don't know where to hide.

“He wants to kill three thousand.” Amelia Su said.

Shen Lingyao was shocked, this guy who looked like a beggar actually wanted to kill George Han!

“Who is he, don't you know the status of George Han?” Shen Lingyao said in astonishment. In the current Basin City, who would dare to disadvantage George Han? Don't you want to die?

Amelia Su shook her head. She knew about the existence of Apocalypse, but did not carefully ask where Apocalypse was, but the old man on the top of the mountain said that this person was once one of the top ten masters of Apocalypse. With his strength, There is no need to care about George Han's status in Basin City.

“In this world. Status and money don't represent everything. There are many things we don't know.” Amelia Su said.

Shen Lingyao thought to herself about Amelia Su's words. Although status and money represent everything in her world, she would not use her worldview to deny those things she didn't know.

After all, the world is huge, and Shen Lingyao knows that his cognition is only one-sided.

"Will George Han be in danger?" Shen Lingyao asked.

"No." Amelia Su said.

At this time, the two walked one after another to the artificial lake.

There is a green island in the lake with white cranes on it. This is also the reason why Zhang Bifeng established a green island in the lake. He hopes that there will be such an ecological environment in Bifeng Manor.

"How is there?" George Han asked, pointing to the opponent in Green Island.

Fang Zhan smiled and said, "The lake is nearly 20 meters away. I can cross, but can you?"

With these words, George Han knew the strength gap between himself and Fang Zhan.

The lake can carry boats, but it must not carry people's legs. For George Han, floating on the water is just a special effect in a TV series, but for opponents, it is obviously not.

"Come on the boat. After all, there are still many ordinary people here. If they are allowed to see things they shouldn't see, the world may be messed up." George Han said.

Fang Zhan did not speak, but he apparently agreed to George Han's proposal.

Although Fang Zhan has now withdrawn from the Apocalypse, he once made an oath to the sky. You can't disclose everything about Apocalypse to the outside, otherwise he will be chased by Apocalypse, and there are some abilities that Fang Zhan can't show in the crowd.

"Zhang Bifeng. Is there a boat?" George Han asked.

Standing far away, Zhang Bifeng hurriedly took two steps forward and said, "Mr. Han, I will have someone prepare immediately."

The ship docked, and George Han and Fang Zhan boarded the ship. The manor staff punted close to the green island.

The white cranes on the green island rushed away, making room for George Han and Fang Zhan to fight.

After Fang Zhan lost his hands, his temperament at this moment no longer makes people feel like a beggar. On the contrary, there is a kind of unpredictability of the superior.

Amelia Su saw this scene and rubbed her hands nervously, because she hadn't seen Yi Lao show up yet, she was worried that if Fang Zhan made too much effort, Yi Lao would not have time to save George Han.

"Why haven't he here yet, where did he go." Amelia Su said to herself.

Han Tianyang couldn't help but ask, "Who is he?"

Regarding the mountain top, George Han and Amelia Su did not tell others, and there was no need to hide it at this time.

Amelia Su said: “A few days ago, we met an old man at the top of the mountain. He knew that this person named Fang Zhan would come to kill 3000, but he said that he could guarantee the life of 3000, and his condition was to be Han Grandpa who reads.”

“Fang Zhan?” Han Tianyang turned his head and looked at Jun Yan.

Yan Jun smiled bitterly. He didn’t even know Apocalypse. He didn’t even know the word Apocalypse. Naturally, he wouldn’t know that Fang Zhan was one of the ten masters of Apocalypse.

“At the level I am involved, I am not qualified to know the names of these people at all.” Yan Jun said.

“Do you know who this Fang Zhan is?” Han Tianyang asked.

Amelia Su hesitated for a moment before saying: “I heard that old man said that he was once one of the top ten masters of Apocalypse.”

“One of the top ten masters!” Han Tianyang exclaimed.

Even Jun Yan’s complexion changed drastically.

Apocalypse was the circle he knew, and this Fang Zhan turned out to be a figure among the top ten masters. He could have such a name, and his strength naturally needless to say.

With George Han’s current strength, how could he be Fang Zhan’s opponent?

“Why hasn’t someone else appeared yet? Did he deliberately frame 3000?” Han Tianyang asked nervously.

Amelia Su shook her head and said, “No, if he wants to kill Three Thousand, why must he be Han Nian’s godfather?”

Looking at the nervous Han Tianyang, Jun Yan said, “Amelia makes sense, and I suspect that this old man is Yi Lao.”

Chapter 702

Hearing the words Yi Lao, Han Tian raised his eyes and condensed.

This Four Sect Yield's position in Tianqi is quite powerful. He wants to take George Han as a disciple. If he really comes to Basin City, then George Han's life is not worth worrying about, because he is absolutely impossible. He watched George Han die in Fang Zhan's hands.

"I hope so." Han Tianyang said with a sigh. Although George Han is getting better and better now, Han Tianyang knows that his danger is getting bigger and bigger, and he will face more things in the future. At this time, Han Tianyang couldn't help but feel a little distressed for George Han. After all, he is now a family member, and he has a responsibility on his shoulders, but how much time does he have to worry about these things after joining Tianqi?

There are many towering trees in Bifeng Manor, which were bought by Zhang Bifeng at a high price. At this time, on a big tree, the old man was lying on a branch. If anyone saw this scene. I would definitely be worried that the old man fell and fell to death, but he looked like an old god was there, and his seemingly crumbling body was as stable as Mount Tai.

"Boy, if you can resist Fang Zhan's three moves, you will even pass the pass line. See what kind of surprise you can bring me." Yi Lao muttered to himself with a smile on his face. In the eyes, George Han is already very powerful when he can take the three moves below. After all, Fang Zhan was once one of the top ten masters of Apocalypse, his strength is top in Apocalypse, George Han is a secular one. It is impossible for a Chinese to have a chance to win a square war.

On the Green Island, Fang Zhan with his hands behind said to George Han: "For my daughter, I can only sacrifice you, but you can rest assured, after you die, I will protect your family from any harm during my lifetime. ."

“It seems that you are still a person with a good bottom line. If it weren’t for Lintong, we might be able to become friends.” George Han said lightly. There was no fear in his eyes, but a fierce battle. desire.

Fang Zhan nodded and said, “I admire your courage, but it’s a pity that someone is destined to die here today.”

“Come on, let me see what kind of strength the top ten masters of the apocalypse actually have.” George Han finished speaking and took the lead. When faced with a strong like Fang Zhan, he still chose to go forward.

The old man on the tree saw this scene and frowned and shook his head: “Silly boy, facing people like Fang Zhan, you still have to take the initiative to attack, isn’t this exposing your flaws?”

In Yi Lao’s opinion. George Han’s best choice is to defend. Only in this way can he have a chance to resist three moves. If he takes the initiative to take the initiative, Fang Zhan’s move is enough to make him deadly.

The fact is indeed the case, the power gap between the two is too large, and George Han’s move is tantamount to death.

Fang Zhan let out a cold voice: “Looking for death!”

I saw Fang Zhan’s post-war sent first, moving faster than George Han, so that the people watching the battle at the lake couldn’t see how Fang Zhan moved. They just felt that the phantom dangled, and George Han’s body turned back. It retreated violently, stopped until the water’s edge, and almost fell into the lake.

“This guy is too strong. Brother George is not an opponent at all.” Qi Hu’s muscles were tight, and he wanted to go to Green Island to help.

Mo Yang took a deep breath. He knew that this was the strongest opponent George Han had ever encountered. He was forced to retreat with just one move. Moreover, looking at George Han's state, he was obviously seriously injured. .

“Qi Hu, are you sure to deal with this person?” Mo Yang asked.

Qi Hu smiled bitterly. Now he and George Han are very strenuous. Even if George Han is not an opponent, he can't be sure.

“I will only die faster than Brother George.” Qi Hu said.

Mo Yang gritted his teeth and asked Lin Yong, “Have you taken a guy?”

Lin Yong patted his waist and said, “I'm afraid that someone will make trouble at the Hundred Days Banquet. So I am prepared, but his movements are too fast to make a hit.”

“Give me, you must not let 3000 die.” Mo Yang said.

On the Green Island, George Han, who was knocked into flight, felt something gushing out of his throat, even if he forced it down, he could feel a very strong smell of blood.

It was just a face-to-face trick, he did not expect that he would be injured so badly!

“The top ten masters of the apocalypse are really amazing.” George Han finished speaking and stood up again. Although he was seriously injured, he did not show signs of decline. On the contrary, he gave people a feeling of bursting out stronger energy.

A flash of surprise flashed in Fang Zhan's eyes. From his point of view, George Han had absolutely no possibility of standing up after this move, but George Han not only stood up, but also made him feel an inexplicable threat. .

“You are not bad, you can be valued by Yi Lao, there is really something different. No wonder Lin Tong is afraid that you will steal his limelight.” Fang Zhan said.

The corners of George Han’s mouth raised, and he sketched a weird smile, and said, “I didn’t expect him to kill me because he was afraid of me. In that case, I will let him know what true fear is.”

After that, George Han actually took the initiative to attack the opponent again.

Seeing this scene, the old man on the tree was so angry that he was so angry that he repeatedly cursed: “Stupid, what a idiot, knowing that he is not his opponent, but still looking for death, can you have a little brain, how can you take the responsibility of the apocalypse so stupid? .”

Not only Yi Lao thought that George Han’s move was too reckless, but even Yan Jun and Qi Hu thought so.

“What’s wrong with Three Thousand. Why did he suddenly become so mindless? The strength between him and Fang Zhan is huge, why should he choose to take the initiative.” Jun Yan said puzzled.

Qi Hu was worried, and said to Mo Yang: “If this goes on, Brother George is dead.”

Mo Yang was holding a hot weapon, and his index finger was already on the trigger. Once George Han was in danger, he would not hesitate to point at Fang Zhan and pull the trigger.

“No, I won’t let him die.” Mo Yang said, clenching his teeth.

In the second shot, George Han still didn’t get any benefits. And this time the end was obviously more miserable. Fang Zhan slammed his chest with a punch, so that

he could no longer suppress the blood rushing out of his throat. Before landing, he spouted a blood-red rose in the air.

“Three thousand!” Amelia Su exclaimed nervously, tears in her eyes.

George Han hit the ground heavily with a loud bang. This noise was undoubtedly desperate for George Han’s friends and family.

And this time, George Han did not get up for a long time, and he felt like he was dead.

Those who came to the Hundred Days Banquet never thought that such a thing would happen, and could not help but began to silently discuss the future changes of Basin City.

Without George Han, the Su’s company no longer had the dominant position in the cloud city business community, and it became unnecessary for them to please George Han.

“George Han is not dead, right? If he is dead, wouldn’t my gift today be for nothing?”

“f*ck, if I knew that, I wouldn’t have a gift. I wasted my money.”

“George’s death, the cloud city business community will definitely change. This is a situation where heroes come out of troubled times. If anyone can break through the blood, he will be the first family of Basin City from now on.”

Between the guests. They had already begun to speculate about the future changes in Basin City. In their eyes, George Han seemed to be dead today.

Two minutes, for Amelia Su, seconds are like years. Seeing George Han lying on the ground, Amelia Su’s heart was almost broken.

“Unexpectedly, I would still look up to you, but I can withstand the two moves of Fang Zhan, which is pretty good.” Elder Yi who was lying on the branch was about to get up, in this case. He had to make a move in advance, otherwise, George Han would really die.

But at this moment, George Han, who was lying on the ground, suddenly uttered: “Cool, it’s been a long time since I was beaten so cool.”

At the end of the voice, George Han stood up again with his hands on the ground.

Fang Zhan frowned, and George Han could stand up with two punches from him. This is something he never expected, and this time George Han’s aura has obviously changed a lot. , Becoming stronger.

“How is it possible, the more severe the injury, the stronger the momentum, what is this guy?” Fang Zhan whispered.

If you look closely, Fang Zhan will find that George Han’s bulging blue veins are already like horned dragons, and this indicates that George Han has indeed become stronger in the process of being beaten.

Chapter 703

Yi Lao who had been lying on the branch had already sat up, and his expression became very serious.

As an opponent, Fang Zhan can feel that George Han has become stronger, and as a bystander, Yi Lao, who is stronger than Fang Zhan, can feel this more clearly.

In Yi Lao's opinion, George Han took the initiative to attack twice, which is tantamount to sending death. But George Han became stronger and stronger in the process. This was something he never expected.

"This kid is surprising me more and more. How many surprises can you give me?" Yi Lao stared at George Han with a torch, his eyes blazing hot, like a big collector saw Very precious collection, I want to take it as my own.

As an ordinary person, Amelia Su couldn't feel the change of George Han. She only knew that George Han was seriously injured, and the blood that overflowed from the corner of her mouth broke her heart.

"Grandpa Yan, can you help Three Thousand?" Amelia Su said to Jun Yan in an imploring tone.

There was a trace of puzzlement in Yan Jun's face as deep as water. He didn't know what was going on with George Han at the moment. But he had a feeling that if George Han did this, he must have a certain purpose.

"Amelia, it's not that Grandpa Yan didn't help, but that I couldn't help at all." After hearing Amelia Su's words, Jun Yan sighed. With Fang Zhan's apparent strength, even if he didn't fight against him, Jun Yan knew that he The gap between and the side war.

Amelia Su rubbed her hands vigorously, could she just watch it like this?

As for the old man with white beard, he clearly said that he would help George Han, so why didn't he show up?

Amelia Su looked around, looking for Yi Lao, but he could not be seen in the crowd.

Did you forget it?

How can you forget it!

You are now Han Nian's godfather, how can you abandon Han Nian's father's life?

Mo Yang was no less timid than Amelia Su. When he saw George Han vomiting blood just now, he almost pulled the trigger, but Qi Hu stopped him.

"Qi Hu, what's the matter with you." Mo Yang gritted his teeth and asked Qi Hu.

Qi Hu looked solemn and stared at George Han closely. Said: "Boss Mo, I feel that you will ruin Brother George's good deeds."

"Good thing?" Mo Yang gritted his teeth, his forehead was bruised, and said, "He is dying, what else is good?"

Qi Hu shook his head. He didn't know what was going on, but he could feel it. George Han must have some purpose in doing this.

And he can also feel that George Han's aura is completely different at this moment, and he seems to have signs of getting stronger.

"I don't know, but I don't think you can shoot now." Qi Hu said.

After Mo Yang glared at Qi Hu fiercely, he said, “Next time you stop me, this shot will hit you.”

On the green island.

George Han could clearly feel that the power in his body began to agitate. This feeling was exactly the same as when he played against Han Xiao for the second time.

The power in his body becomes stronger whenever he is emotionally angry. It seems that it needs to be mobilized by emotions to be able to exert greater power.

George Han himself didn't know how to explain this, but he knew a clear point, that is, the more angry the emotion, the stronger the strength.

“You surprised me, Lintong will be afraid of you. It is a matter of course to join the Apocalypse with your strength, I can affirm that you can surpass Lintong's strength in less than a year.” Fang Zhan to Han Three thousand said.

George Han grinned, his mouth full of scarlet makes him look like a devil at the moment.

“Are you complimenting me? Then I have to thank you very much.” George Han said.

Fang Zhan shook his head and continued: “Although I don't know why you become stronger and stronger in this situation, I can tell you that you are still not my opponent.”

“I think so too, so I have to become stronger.” After George Han finished speaking, his body bends like a full moon with a bow. Obviously, although he failed in two consecutive active attacks, he did not want to give up. intend.

Fang Zhan stared his eyebrows when he saw this scene, no longer had the contempt before. Instead, it became serious.

Upon seeing this scene, Yi Lao on the branch took a deep breath.

As one of the top ten masters of Apocalypse, Fang Zhan has no one to replace his position. From this point, we can see how powerful Fang Zhan is, and George Han, a secular man, can actually force Fang Zhan to be so serious. This is already a very big miracle.

“Boy, you should feel honored. Fang Zhan hasn’t taken his opponent so seriously for many years. I can’t imagine you being able to push him to this point.” Yi Lao sighed in his tone. But it contains more surprises.

He and George Han had never covered their faces, but after learning about George Han’s experience, they planned to accept George Han as a disciple. And this incident was not spread by Yi Lao in Tianqi, because for Yi Lao, This matter hasn’t been determined yet, so he will never let everyone know about Apocalypse with a big fanfare. But some guys who heard the corner deliberately spread the news for fear that the world will not be chaotic.

In the past, Yi Lao was afraid of being slapped in the face because of this news, but now, he doesn’t need to worry about this.

Apart from George Han, who else is qualified to be his apprentice?

What about Lintong, who is known as the proud son of heaven? As long as George Han joins Apocalypse, it will only be a matter of time before Lintong is surpassed.

At this moment, George Han pedaled on the ground with both legs, and suddenly exerted force. Because the force was so great that he left two sunken footprints in place, and this time he burst out stronger, making him Is faster.

The people watching the battle by the lake felt like they were dazzled, George Han's figure flashed by like a meteor, but he was already in front of Fang Zhan in an instant.

"This... this speed is so fast!"

"Is this something human can do!"

"Even the world's top 100m athletes can't have such a fast speed!"

Everyone was amazed again and again. It was not because of the astonishing speed that George Han suddenly broke out.

When Fang Zhan faced George Han with such a charged blow, he actually chose not to evade or fight back, as if he had to take George Han's punch abruptly.

George Han doesn't care what Fang Zhan wants to do, to him. There is no reason to stop.

boom!

The physical collision actually made a loud noise.

Fang Zhan's legs were not moving, two deep gullies were drawn in the mud under his feet, and they were moved five meters away.

Fang Zhan's move. It was to verify how powerful George Han was, and his flushed face and squirming Adam's apple clearly underestimated George Han.

The fishy smell coming from his throat made Fang Zhan forced to suppress it, which could cause such damage to him. Except for the top masters of Apocalypse, no one can do it, but today, a George Han's name must be added.

“Do you want to show mercy?” George Han asked Fang Zhan.

Fang Zhan didn't speak, because the smell in his throat hadn't been suppressed yet. Once he spoke, his blood would gush out.

After two full minutes, Fang Zhan's expression eased a lot.

“I want to test how strong you are.” Fang Zhan said.

“I didn't disappoint you, but this is not my strongest time yet.” George Han said coldly.

Fang Zhan took a deep breath. What kind of perverted thing is this guy? If you don't kill him as soon as possible, he will be threatened more and more. Fang Zhan hasn't realized this feeling for a long time, and this person in front of him, He is a worldly man who has not yet joined the apocalypse!

Fang Zhan knew that the wisest choice now was to kill George Han as soon as possible, but he wanted to see where George Han's limit was. After all, George Han was so young and had not yet joined the Apocalypse, such a People are enough to shoulder the responsibility of protecting the world.

Fang Zhan withdrew from Apocalypse, but it does not mean that he can ignore the reason for the existence of Apocalypse. He is a bit entangled at the moment. For his daughter, killing a person who is so important and may even change Apocalypse is the right choice.

Chapter 704

In the crowd, a man with a peaked cap, pressed down so low that he could barely see his face, clenched his fists at this moment. He was Lintong. He mixed in the crowd and wanted to see how George Han, a trash, died in Fang Zhan's hands. .

But he never expected that the strength that George Han had exploded would be able to force Fangzha back. And let Fang Zhan be injured.

He has the name of Heaven's Proud Son in Tianqi, but after seeing George Han's strength, he knew that once George Han really joined Tianqi, then his name would definitely be taken away by George Han. This is him. Things that cannot be stopped anyway.

So what Lintong could do was to let George Han die in the world before he joined.

In Lintong's heart. George Han is a trash. Even when George Han is mentioned to the outside world, Lintong is screaming trash, but inside him. He had completely regarded George Han as a threat. Under this circumstance, he had no right to call George Han like that, but Lintong was unwilling to accept such things.

"What are you doing!" Lintong gritted his teeth and looked at Fang Zhan.

Fang Zhan was completely capable and directly killed George Han. He didn't understand why Fang Zhan gave George Han a chance, and seeing his hesitant expression, it seemed that his heart for killing George Han had already begun to shake.

The reason Fang Zhan was shaken was because George Han was able to bring a lot of benefits to Apocalypse.

As a former core member of Apocalypse, Fang Zhan is very clear about the significance of Apocalypse's existence. Apocalypse guards an amazing secret, and

this secret is related to everything in the world. Once that event breaks out, perhaps the world will become a purgatory on earth.

If he killed George Han for his own selfish desires, Fang Zhan could not bear such a crime.

But as for the daughter, as a father, Fang Zhan can't even protect his daughter, so how can he talk about the safety of the world?

"I shouldn't kill you, and it may even make a big mistake because of this, but I have to do this." Fang Zhan said to George Han.

George Han didn't understand what these words meant. But he didn't have the slightest fear. At this moment, George Han had a stronger desire to fight than Fang Zhan. He wanted to test his limits through today's fight.

"If you want to kill me, you have to see if you can do it." George Han responded.

After Fang Zhan is no longer holding his hands, he obviously has to take this matter seriously.

At this time, Yi Lao on the branch stood up and jumped down. He knew that Fang Zhan would no longer show mercy to George Han's subordinates, so he must watch the battle from a safe distance. Only in this way could he be able to play in George Han. Take the first shot when you are in danger.

When he came to the lake, Yi Lao habitually stroked his beard.

When Amelia Su finally found Yi Lao in the crowd, she rushed towards Yi Lao for the first time.

"Old man, I beg you to save three thousand." Amelia Su said to Yi Lao imploringly.

“Don’t worry, I said I won’t let him die, he won’t die.” Yi Lao said indifferently, with him, even if Fang Zhan used all his strength to deal with George Han Stopped Fang Zhan from killing for a while.

Amelia Su felt a little relieved when she heard this. But seeing the blood at the corner of George Han’s mouth still made her heartache.

Lintong visibly trembled when he saw Yi Lao. He didn’t expect that Yi Lao had already come to Basin City himself. With him, Fang Zhan had no chance to kill George Han.

Lintong had only one thought left in his mind with his legs weak, and he hurriedly left Bifeng Manor and Basin City to avoid meeting Yi Lao.

But his heart was filled with unwillingness, because once George Han joined Tianqi, his position in Tianqi would no longer exist.

“I am the proud son of Apocalypse, how could I be afraid of such a waste, even if he joins Apocalypse.” Lintong constantly self-hypnotizes, wanting to remind himself in this way that George Han is not worthy of attention. character.

But no matter how Lintong’s inner quibble was, from the moment he left Tianqi and planned to deal with George Han. He had already exposed his true self, only when there was no way to kill George Han, he felt that he didn’t need to worry about George Han.

Lintong, who had no choice, walked out of the crowd silently. Leaving Bifeng Manor.

With Yi Lao present, how could Lintong have the courage to continue chaos?

He could do some sneaky things behind his back, but in front of Yi Lao, Lintong was just a tiger whose teeth had been extracted.

“I’m sorry, I still want to kill you.” Fang Zhan has been entangled for a long time, and once again strengthened his determination, his eyes stealing a strong killing intent.

Even his own daughter can’t be guarded, what else should he care about?

George Han’s body was full of blood. Even his eyes became slightly red. Hearing Fang Zhan’s words, instead of making him feel scared, he was taken over by a kind of excitement.

For George Han, he had never fought so heartily, and today, he will have a happy fight.

“It makes me comfortable, even if I die. I have no complaints.” After George Han finished speaking, he bowed again.

The exchange of fire between the two was on the verge. In terms of actual combat skills, there is no doubt that the huge gap between George Han and Fang Zhan, but he relied on his own strength and super strong ability to fight against Fang. Playing back and forth, even if he was forced to retreat, George Han was able to adjust his state in the first place to counterattack.

Green Island staged the fighting like martial arts masters in the TV series, making everyone on the lake fascinated to watch, like visiting the TV series in person, but there is also a big difference from watching TV series, because the fight between them is not a TV series. The trick is to the flesh, giving people a more hearty feeling.

For Yi Lao. There are already too many surprises today. George Han’s ability to fight Fang Zhan back and forth is not enough to surprise Yi Lao.

It's a pity that George Han lost too many levels in skills. So most of the time it was George Han being beaten, and he rarely could make an effective counterattack. If this goes on, George Han will eventually lose.

“One year. For up to a year, Fang Zhan will not be your opponent, but it has taken him a whole dozen years for Fang Zhan to grow to today's strength.” Yi Lao said with a sigh.

Lintong's growth rate is unmatched by Tianqi. Even the former Yi Lao thought that no one could be better, but after seeing George Han, Yi Lao knew that Lintong's achievements would be surpassed by George Han sooner or later, and even crushed.

The pride of heaven?

These four characters seem to be named George Han.

“Old man, don't you save him?” Amelia Su said to Yi Lao with an anxious look. The two on Green Island were playing very lively, but Amelia Su could see that George Han was beaten more often. , He worried that George Han's injury would be very serious.

“If I came forward at this time, he would definitely be unhappy.” Yi Lao paused, and continued: “Don't you see that he is still unfulfilled?”

Amelia Su did see something unfinished on George Han's expression. Although he was constantly being beaten, he got more and more excited. This made Amelia Su very puzzled. Is it possible that George Han still has a tendency to be abused?

George Han became more excited, but Fang Zhan became more frightened.

In Fang Zhan's view, George Han should have fallen long ago, but instead of falling, he became more brave as he fought, as if the heavier the injury, the stronger his strength and endurance.

If this continues, Fang Zhan even feels that he is not George Han's opponent, because his physical strength is constantly being consumed, and the strength of each punch is getting smaller and smaller, but George Han is getting stronger and stronger.

He had to find a chance to kill him with one blow, and if he procrastinated like this, Fang Zhan would not only be unable to kill George Han, he would also put himself in danger.

At this moment, a cold light flashed across Fang Zhan's palm.

"Sword in the palm of your hand!" Lake Yi Lao exclaimed at the same time, leaped forward and ran towards the lake.

The palm sword, this is Fang Zhan's biggest killer move. When he took out this move, Yi Lao knew that George Han had no way to survive, so he had to stop it as soon as possible.

Chapter 705

The waves of the lake were rippling, and everyone didn't see Yi Lao's movements at all. They only felt that there was suddenly one more person on the green island.

“Who is this person and how did it appear!”

“Why is there a sudden addition of people? What is going on!”

“Does he teleport? How could he suddenly appear.”

The crowd exclaimed again and again, for Yi Lao's sudden appearance. Everyone showed an incredible expression.

At this time, Amelia Su was the most shocked, because she was standing next to Yi Lao, even at such a close distance, she did not feel how Yi Lao left.

It seemed that in the blink of an eye, Yi Lao appeared on Green Island from her side.

“This...” Amelia Su stared at Yi Lao on the Green Island, not knowing what words to use to describe her feelings.

Fang Zhan's palm sword had been aimed at George Han's throat. This sword sealing the throat must be able to make George Han fall in a pool of blood.

At the moment of this critical moment, with only a clanging sound, the palm sword was flicked away by Yi Lao's finger.

“How is it possible!” Fang Zhan blurted out subconsciously, the reason why his palm sword was called a killer. It is because the speed is extremely fast while the shot is hidden. Once the sword leaves his hand, opponents like George Han will never have a chance to escape.

At this time, Fang Zhan realized that there was an extra person in front of him, and the appearance of this person was so familiar to him.

Yi Lao!

Elder Yi came to Basin City himself.

Having not seen it for many years, Fang Zhan has not forgotten Yi Lao's appearance, and the shock that the four-door helm gave him was extremely strong.

Fang Zhan's body trembled slightly, and when he was about to speak, Yi Lao suddenly waved his hand.

In front of George Han, Yi Lao currently belongs to an errand runner. He did not intend to let George Han know his true identity, so he stopped Fang Zhan from speaking.

Although Fang Zhan didn't understand why Yi Lao wanted to do this, he subconsciously followed Yi Lao's instructions and shut his mouth.

In Apocalypse, Fang Zhan was one of the top ten masters and was assigned to the four gates and three halls. Therefore, when Yi Lao ordered, he would not refuse it subconsciously. And the immediate response is absolutely to follow the instructions.

"What are you doing?" George Han looked at Yi Lao dissatisfied, and was quite dissatisfied with his appearance, because George Han hadn't played enough.

"If I don't take action anymore, you can't even save your life. Why do you ask me?" Yi Lao said lightly.

George Han hadn't seen Fang Zhan's killer palm sword at all, so he didn't know what kind of danger he had experienced just now, and said, "I fought him back and forth, where is the life threatening."

"Look at what that is?" Yi Lao pointed at the palm sword on the ground and said to George Han: "If this thing is stuck in your throat, do you have a way to survive?"

George Han looked down, his expression condensed instantly, and then a cold sweat on his back, and then he knew what kind of threat he had just encountered.

If this old guy doesn't make a move, he might really be dead.

"Unexpectedly, you would still use these indiscriminate sneak attacks." George Han said in a disdainful opponent.

Fang Zhan lowered his head and did not speak. Means of sneak attack? This is his proud assassin. Among the top ten masters, he is also ranked first with the palm sword. Who dares to say that his palm sword is the next three abusers?

"I didn't expect Lintong to be really capable of getting you out of the mountain." Yi Lao said to each other.

Fang Zhan knew that Yi Lao's remarks were asking him why he was facing such an old boss. He didn't dare to hide it and said directly: "He knows the whereabouts of my daughter. You should know why I left Tianqi. This is the most worrying thing in my life. I can give everything to find my daughter."

After hearing these words, Yi Lao sighed. Fang Zhan left to find his daughter. He didn't expect that after so many years, he hadn't given up.

In the vast world, trying to find someone without any information is like looking for a needle in a haystack. This kind of thing is not easy to do even with Apocalypse.

“You don’t know what her name is, let alone where she is. You don’t know anything about her. You should know that it’s almost impossible to find her. You can do it only with a picture of her childhood. Is there a chance?” Yi Lao said.

Fang Zhan looked firm and said, “As long as I’m still alive. I don’t want to give up this matter.”

“What are you doing in seclusion for so many years?” Yi Lao continued to ask.

“I’m afraid that I should talk about things that shouldn’t be leaked. I have eyeliner branches all over the world. As long as I am not dead, this matter will not end.” Fang Zhan said.

George Han probably understood Fang Zhan’s situation. The reason why he wanted to help Lintong seemed to be because Lintong knew the news of his daughter and used it as a threat. But whether Lintong really knew about this, I’m afraid Fang Zhan hadn’t verified it at all.

“He said he knew, do you really believe that he knows?” George Han said.

“He dare to lie to me, just joking about his life.” Fang Zhan said coldly.

“It seems that you are stupid living in the mountains. He used you to kill me and turned back to Apocalypse. What can you do with him? Is it possible that you can go to Apocalypse and kill him?” George Han said with disdain.

Fang Zhan was speechless. He had never thought about things so deeply, but felt that Lintong could not have the guts to lie to him.

But now hearing what George Han said, it seems very reasonable.

As long as Lintong hides in Tianqi, he has nothing to do with Lintong.

“But what he can’t do, maybe I can do it.” George Han said.

Fang Zhan suddenly raised his head, looked at George Han with a torch, and said, “Can you help me find my daughter?”

“I’m not 100% sure, but you can give it a try, but you have to promise me one condition.” George Han said. The reason for doing this is because Fang Zhan’s strength cannot be underestimated. If he can stay by his side as Bodyguard, George Han is undoubtedly safer, and this is one of the top ten masters of Apocalypse, even if he goes to Apocalypse in the future, there will be a way to fight. He can also walk sideways.

As for George Han thought that he might help Fang Zhan do this, it was because of the power of the Nangong family. As one of the largest hidden families in the world, the power of the Nangong family is distributed in every corner of the world. Using the Nangong family to do this must have a greater chance of success.

“What conditions?” To find his daughter, Fang Zhan can give everything, let alone one condition, even one hundred. He would also agree to George Han without hesitation.

“As long as you find your daughter, I want you to stay with me forever and be my bodyguard until I die. Or you die.” George Han said.

At this time, the corners of Yi Lao’s mouth rose slightly. George Han was really pervasive. He even wanted Fang Zhan to be his bodyguard. This idea was really good, and Yi Lao appreciated George Han even more.

“Do you want me to return to Apocalypse?” Fang Zhan once retired from Apocalypse’s heart and was so firm that he couldn’t be shaken by any persuasion. If he returned to Apocalypse, wouldn’t he be laughed at.

“Don’t you understand me? I want you to be my bodyguard. What does it have to do with Tianqi?” George Han said.

Just being a bodyguard, not returning to the Apocalypse, will not be laughed at, this is what Fang Zhan can accept.

“Okay.” Fang Zhan replied, “As long as you can find my daughter, I will be your bodyguard until you die or I die.”

George Han laughed, but a burst of blood surged in his body, and he couldn’t control it for a while, and he spouted a mouthful of blood.

Fang Zhan looked at George Han nervously. If it hadn’t been too heavy, George Han wouldn’t have suffered such a serious injury. His hope of finding a daughter now rests on George Han. He doesn’t want George Han. What’s wrong with Qian.

“How are you?” Fang Zhan asked.

“After hitting me, I came to care about me again. Your position is too unsteady, but I’m okay and can’t die.” George Han said.

Yi Lao patted George Han on the shoulder and said, “Boy, I find you are really underestimated. I didn’t expect that you are not only stronger than I imagined, but you are also a good hand at playing with people’s hearts.”

George Han directly slapped Yi Lao’s hand and said dissatisfied: “Don’t touch me, old fellow, if it wasn’t for you today, could I be injured?”

Fang Zhan was already in his heart, his eyelids jumped, George Han was so courageous to speak to Yi Lao in such a tone of voice!

Chapter 706

The Hundred Days Banquet went on normally after an episode, and every guest who came today felt that the gifts they gave to attend the Hundred Days Banquet were worth the price. After all, they saw a very exciting fight, although in the end He didn't end with life and death, but George Han would definitely become more famous in Basin City after this battle.

After seeing George Han's skill, those who were originally afraid of George Han now dare not have any thoughts about George Han. No one could shake George Han's stable position in Basin City.

"George, do I need to go to the hospital?" Amelia Su immediately ran to George Han and cared after returning to the lake.

George Han's injury was not light, but he felt very strange at the moment. There was a very strange force surging in his body, and this force made his body gradually recover, which he could feel very clearly.

He was seriously injured after fighting against Han Xiao last time. George Han didn't feel this way yet. He knew that his body seemed to have undergone some changes again.

George Han shook his head and said to Amelia Su, "It's nothing serious."

"It's not a serious problem. You vomited blood just now." Amelia Su said nervously. In her opinion, George Han must have been seriously injured, just holding on to her.

"It's really okay. If you really don't worry, when the Hundred Days Banquet is over, I will go to the hospital with you, okay?" George Han said.

“No.” Amelia Su retorted without hesitation: “You have to follow me now. I can rest assured that you are okay.”

Seeing Amelia Su’s worried expression, even with crystal tears in his eyes, George Han knew that if he did not agree to Amelia Su, she would definitely not give up.

“Mo Yang, here you can help me watch a little bit.” George Han ordered Mo Yang.

“Okay, you go quickly, are you still worried if I’m here?” Mo Yang said.

George Han nodded and followed Amelia Su to the parking lot.

Amelia Su drove, George Han sat in the co-pilot and rushed towards the hospital.

After the Hundred Days Banquet started, everyone went to the banquet hall. Only Yi Lao and Fang Zhan remained by the lake.

“Lao Yi, doesn’t George Han know your identity?” Fang Zhan asked Yi Lao.

“I haven’t planned to reveal my identity in front of him, so you speak carefully.” Yi Lao reminded.

Fang Zhan didn’t know why Yi Lao wanted to do this, but since Yi Lao reminded him, he naturally wanted to do what Yi Lao wanted.

“Please rest assured.” Fang Zhan said.

“What do you think of George Han?” Yi Lao asked.

Faced with this question, Fang Zhan was silent for a long time, took a deep breath, and said: “I think he is absolutely qualified to be the strongest existence in the history of Apocalypse, and to do this for him, maybe five years. Time is enough.”

Before Fang Zhan saw George Han, he didn't feel much about George Han. Even in his opinion, a secular man who had not joined the Apocalypse was like an ant in his eyes.

And before that, he had never figured out why Lintong, who was the proud man of heaven, would treat George Han as an opponent.

Until the first battle, Fang Zhan thoroughly understood.

George Han's strength is worthy of Lintong's fear and fear, because he now possesses such strength, once he joins Tianqi. It's only a matter of time to surpass Lintong.

"Five years?" Yi Lao shook his head and said, "In my opinion, he can do it in two years, at most three years."

Five years was already a very exaggerated time for Fang Zhan, but he didn't expect that Yi Lao actually shortened this time. From this, we can see how much Yi Lao attaches to George Han.

"Elder Yi, I think there is a certain secret hidden in him. Otherwise, it is absolutely impossible for him to become stronger in the battle. His strength can become stronger during the battle. This is definitely not due to his physical fitness." Fang Zhan Said.

Old Yi smiled and said, "Who has no secrets for those who can join the Apocalypse? If our abilities are known to the world, the whole world view will change drastically."

Fang Zhan nodded. Apocalypse is a very special existence. It can even be said that Apocalypse and the secular world are completely different. Therefore, George Han's strangeness is placed on Tianqi. It is not surprising.

“Elder Yi, did you accept him as a disciple, hoping that he could lead Apocalypse to solve that trouble?” Fang Zhan asked cautiously. He has now withdrawn from Apocalypse. As far as his current status is concerned, he is no longer qualified to ask this. It happened, but he still couldn’t help his inner curiosity, after all, Yi had never accepted an apprentice. Suddenly sending out such a signal to George Han, in Fang Zhan’s view, Yi Lao must have made plans.

Yi Lao looked at the Green Island with an unprecedented seriousness. After a long silence, he said: “There was some noise in the forbidden area a few days ago. Maybe in a few years, they will return to the earth’s space.”

This sentence made Fang Zhan’s face extremely pale in an instant, because he knew what it meant.

“George Han may be the key person in this matter. Only he can prevent this from happening.” Yi Lao said.

Fang Zhan was short of breath and knelt down in front of Yi Lao on one knee.

“Fang Zhan is guilty.” Fang Zhan lowered his head, with a hint of fortune in his expression. Fortunately, Yi Lao appeared in time. If George Han died in his hands, the consequences would be beyond his imagination.

“He needs to grow stronger in battle, and with me, how could you kill him.” Yi Lao said.

Fang Zhan was slightly embarrassed. For such an important person, Yi Lao must have appeared to watch the game early in the morning. He wanted to kill George Han unless he could defeat Yi Lao, but this was simply impossible.

The hospital.

When Amelia Su was lining up to register for George Han, she was forced to jump in the queue by an old lady, if she changed to before. Amelia Su doesn't care about this kind of thing at all, but today's situation is different. She is worried about George Han's physical condition and wants the doctor to check whether George Han's injury is serious or not. So she pulled the old lady back.

"Line up." Amelia Su said coldly to the old lady.

The old lady looked at Amelia Su dissatisfied, and said: "I'm so old, what's wrong with joining the team, you are a young and young person. I don't know how to respect the elderly."

Amelia Su, a person who relied on the old and sold the old, had seen too many times, and they used this to obtain the privileges they didn't deserve, and they would always look like I was old and reasonable.

"I will respect the old, but for someone like you who doesn't follow the rules and order. Why should I respect the old?" Amelia Su said disdainfully.

The old lady was upset for a moment, and she opened her mouth and yelled: "Which Sao Fox are you from? Do you know who I am? Do you know what my son does?"

"I can make your son do nothing in Basin City, do you believe it?" Amelia Su said coldly.

George Han stood by and watched with gusto. He knew that Amelia Su is not a person who likes to be more serious. Even if she now has more than a status, Amelia Su is able to let go, because her personality is like this. Although she has been in a wealthy family since childhood, But she has never been treated by a wealthy lady, so she doesn't have the arrogance of other wealthy lady, and she doesn't think she is superior.

But she was more real in this matter, all because of herself, which made George Han look very interesting.

“Tsk tusk tusk, Sao Huli, your tone is not small.” The old lady looked up and down Amelia Su with a scornful face, seemingly ridiculous to dare to say such things in front of her?

“Do you know what my son did today? He went to the Hundred Days Banquet of George Han’s daughter. This is not something everyone is eligible to attend. You are nothing.”

When the old lady said these words, George Han almost suffocated her internal injuries. This old lady is really eyeless. Han Nian and her mother are standing in front of her. She is still showing off her daughter to participate in the Hundred Days of Han Nian. feast.

“Then did your son tell you who is Amelia Su?” Amelia Su said lightly.

The old lady rolled her eyes. Does she still know who Amelia Su is?

“Although I am old, I am not too confused yet. Amelia Su is George Han’s wife, don’t I know?” the old lady said disdainfully.

“Oh, I am Amelia Su.”

Chapter 707

Amelia Su's words made the old lady stunned, and she frowned.

This woman is Amelia Su, how could it be possible?

Today is Han Nian's Hundred Days Banquet. Everyone in the Han family is in Bifeng Manor. How could the real Amelia Su appear here.

The old lady always reacted and told her that the woman in front of her deliberately wanted to use Amelia Su's name to scare her.

"Sao Fox, you really don't know anything about yourself. You look like Amelia Su, what a joke." The old lady said contemptuously.

After speaking, he glanced at George Han. The two obviously came together. The old lady couldn't help laughing and continued: "If you are Amelia Su, wouldn't he be George Han."

George Han nodded and said, "Old lady. You guessed it right, I am George Han."

The old lady laughed. Are these two people crazy? They dare to pretend to George Han and Amelia Su. This is Basin City. If the real George Han knows about this, would they still want to live?

"The bulls are about to be blown to the sky by you, I don't want to waste time with you, don't delay my registration." After speaking, the old lady gave Amelia Su a hard push.

Regardless of her age, the strength of this kind of old lady cannot be underestimated. Their konjac side can only be shown on the bus. When they dance on the square or grab a discount in the supermarket, this group of elderly people The vigor is comparable to that of a teenager.

Amelia Su was pushed back by two steps, which made George Han's expression aroused dissatisfaction. Although he didn't think it necessary to care about this kind of old people, she was so arrogant and unreasonable. This was not because she was old. The right you should have.

At this time, a group of hospital leaders happened to pass by. Seeing the quarrel between the two sides, a middle-aged man showed a very dissatisfied expression. It happened that the leader came to inspect today, but the leader should not be allowed to see this discordant scene.

He was planning to step forward and teach him two young men who do not respect the old. When he performed well in front of the leader, he found that the expression of the leader changed drastically.

Is it because of dissatisfaction.

This made the middle-aged people even more annoyed, and quickly said: "Leadership, the current social atmosphere has caused these young people to become less and less respectful of the elderly. Let me teach these two people."

"f*ck your mother." The leader said angrily at the middle-aged man.

The middle-aged man looked dumbfounded. This leader is a very educated person, a highly educated literati, how could he suddenly explode.

"Leader, me, did I say something wrong?" the middle-aged man asked cautiously.

The leader gritted his teeth and said: "Do you know who these two young people are? Who has the qualifications to rely on the old and sell the old in front of them."

After speaking, the leader walked quickly towards George Han and Amelia Su.

The middle-aged man still has a puzzled expression. Could these two young people be acquaintances of the leader? But even if he was an acquaintance, it wouldn't make him suddenly so irritable.

And is it necessary to join the team for such a trivial matter?

Whether it is necessary to go online or not depends on who it is aimed at, and it is public order. If it can be destroyed because of old age, then what is the significance of this order?

The old leader walked in front of George Han and Amelia Su, feeling very nervous.

Although he didn't know George Han, he personally visited Amelia Su when he gave birth in the Women's and Children's Hospital, and the man who was able to pull Amelia Su's hands in the crowd, besides George Han, who else could be?

This is the f*cking George Han, now Basin City, who has the courage to make trouble in front of George Han?

"Mr. Han, Miss Su." The leader shouted respectfully to the two.

"You are..." Amelia Su looked at the visitor suspiciously.

"I visited you when Miss Su was giving birth in the Women's and Children's Hospital, but I'm just a small person. It's normal for Miss Su to forget." said the leader.

The middle-aged man who had just sneered at the two of them heard what the leader called them, and was stunned in place, like being struck by lightning.

Mr. Han. Miss Su.

It is natural to imagine who these two people are if they are able to make the leader so respectful, and the last name is Han and Su.

George Han. Amelia Su!

These two young men turned out to be these two big men.

The middle-aged man wiped a cold sweat on his forehead and felt a cool breeze on his back. Fortunately, he was stopped by the leader just now. If he blames the two, the consequences would be unimaginable, and they themselves were not wrong in this matter.

“Sorry, I really forgot.” Amelia Su said apologetically.

“It doesn’t matter. It is my honor to meet Miss Su again.” The leader said quickly.

boom!

At this time, the old lady squatted down on the ground, looking at George Han and Amelia Su in horror.

Her legs were weak, and she couldn’t stand up at all.

“You’d better go home quickly and tell your son that you provoke someone you shouldn’t provoke.” The leader said coldly to the old lady.

The old lady was a little panicked with fright, even her eyes were lost. She didn’t expect that the two people in front of her were really George Han and Amelia Su.

Recently, she has heard her son talk about how powerful these two people are. Their status in Basin City is unmatched. Moreover, people who have offended George Han in the past did not end well. Today, she is in the two of them. In front of him, he was proud.

More importantly, she just pushed Amelia Su very unceremoniously, this push was enough to push their home into the abyss.

“Miss Su, please come with me. With your status, you don’t need to register at all.” The leader turned his head and said to Amelia Su.

Amelia Su is not a person who likes driving privileges, especially in places like hospitals, everyone who comes to the hospital. They were all waiting for the doctor, and it was natural to wait in line for the doctor, but since the matter had reached this point, she was not in the mood to wait any longer.

Come to the expert consultation room. The leader directly recruited a group of senior medical experts, and did not dare to neglect this matter.

Facing the care of a group of doctors, George Han seemed helpless. This battle seemed to be an incurable disease. There is a feeling of being declared the end of life.

Fortunately, after a series of examinations, George Han’s body was not in any serious condition. A group of leaders and doctors personally sent the two of George Han to the entrance of the hospital. They were relieved until they drove away.

The middle-aged man said to the leader gratefully: “Old leader. Fortunately you are here today, otherwise, I would make a big mistake.”

“In the future, it is strictly forbidden to jump in the queue. Since it is a rule, the rule must be strictly enforced.” The leader told the middle-aged man.

“Yes, yes, I will pass on your orders.”

Besides, that old lady, since she returned home, she has been uneasy. She has taken some tranquilizers to no avail. Whenever she thinks of pushing Amelia Su away,

she is very scared, for fear that she will harm the whole family because of her behavior. people.

The old lady who could not sit still finally took out the phone and dialed her son's number.

“Mom, what's the matter?” Liu Yi, who was at the table, received a call with a slightly dissatisfied expression, because he was rapporting with a group of business people on the table.

Liu Yi only has a small company in Basin City. This time he sharpened his head and participated in the 100-day banquet. He wanted to meet more friends to help the company develop. After all, business contacts are a very important part. The more people you know, the wider the road can be.

“You come back quickly, something has happened.” The old lady said anxiously.

go back?

Liu Yi was able to attend the 100-day banquet with great difficulty. Now that the banquet is not over, how could he go back? You must know that for Liu Yi, such an opportunity is likely to be only once in his life. He is absolutely unwilling to let go of this opportunity.

And Liu Yi also hopes to say hello to George Han, so that George Han has at least some impression of him. If he is lucky enough to be appreciated by George Han, his development in Basin City will be able to flourish.

“What's your nerve, don't you know what I am doing today?” Liu Yi said in a low voice, gritted his teeth.

“Your mother got into trouble, come back quickly, otherwise our family will be ruined.” The old lady said with a cry.

When Liu Yi heard that the old mother was about to cry, he realized that the matter seemed to be serious.

Chapter 708

Although he was very reluctant to give up the banquet and did not want to miss this rare opportunity in a century, the old mother in the family also let Liu Yi let go, so he could only reluctantly leave the venue early.

Liu Yi knew that he had missed a once-in-a-lifetime opportunity, and once such an opportunity was missed, it might never happen to him again.

Back home, I saw the old mother with a panic face. Liu Yi quickly sat next to him and comforted him: “Mom, don’t be afraid, no matter what, I am here.”

The old lady shook her head and her eyes were full of panic. She is a very unreasonable person on weekdays. It is common to have disputes with other owners in the community, even the neighbors on the same floor are very bad. Even the neighbors who took the same elevator with her were unwilling, and would rather wait for a while. From these trivial things, we can see that the old lady is indeed unpopular.

But the old lady herself didn’t think it was because Liu Yi would help solve everything. So she is used to it.

But this time, the old lady knew how much trouble she had caused by her unreasonableness. Perhaps Liu Yi could solve other things, but she offended George Han and Amelia Su, which was far beyond Liu Yi’s ability.

“You quarreled with other owners in the community again?” Liu Yi asked.

The old lady shook her head, she was a little afraid to tell Liu Yi about this.

“Dancing square dance was robbed of the position?” Liu Yi continued to ask.

These little things are really common for Liu Yi, and they are performed almost every day, but as a son, he naturally helps his relatives or not, and has to help his mother in everything. This is also his responsibility.

In terms of filial piety, Liu Yi has absolutely no problem, but the problem is that his filial piety is too much.

“What’s going on?” Liu Yi asked in a puzzled way, wondering if there would be any new problems.

“I went to the hospital to jump in the queue today.” The old lady said.

Liu Yi smiled, what’s so scary about skipping the line, patted the old mother on the shoulder, and said, “Mom, these are all trivial things. What are you afraid of.”

“I inserted George Han and Amelia Su’s team, and also pushed Amelia Su.” The old lady was cruel. Tell the matter, because she knows that concealment may make the consequences of the matter worse, it is better to let Liu Yi know as soon as possible so that he can find a way to solve the matter.

“Who, who did you say!” Liu Yiyi stood up from the sofa, his mind buzzing.

“Han... George Han, and Amelia Su.” The old lady said.

Liu Yi’s face was as pale as paper, and he sat back on the sofa, but his spirit was obviously weakened in an instant.

George Han, and Amelia Su!

These two names are like a bolt from the blue to Liu Yi.

The old lady provoked these two people, and she also pushed Amelia Su.

After the fight in Green Island, George Han was indeed taken to the hospital by Amelia Su, but how could it be so coincidental, how could he be touched by his mother!

“You, what else did you say?” Liu Yi knew that things could never be that simple, because he knew the old lady’s temper very well, and the six relatives would not recognize it, and no matter who it was, he would swear.

“Me, I also scolded Amelia Su. Scolded her as a fox.” The old lady said.

Liu Yi was so shocked by these words that a demented smile appeared on his face.

Sao Fox?

How dare she scold Amelia Su Sao Fox!

Who is Amelia Su now?

In the entire Basin City, who would dare to say that Amelia Su was wrong.

The guys who used to say bad things about Amelia Su secretly wanted to shut their mouths up for fear that Amelia Su would settle accounts after the autumn.

He has worked so hard to get the ticket for the 100-day banquet, hoping to take this opportunity to open up more development paths for the company. He dreams of growing the company and allowing his old mother to live a better life.

But he never expected that the old mother would commit such a terrible mistake that the things he had tried so hard to do had not yet been completed.

At this moment, Liu Yi finally woke up. Excessive filial piety and connivance to the old lady led to the result today.

If she hadn't been arrogant, and hadn't helped her wipe her ass to solve so many troublesome things, maybe her personality would not be like today.

"This is my fault. If it weren't for me to help you in everything and never take care of anyone, you wouldn't be so unreasonable." Liu Yi said desperately.

The old lady never felt that she was unreasonable before, and she even took everything she did for granted. Others should let her be, and they should focus on her in everything, but now, after kicking the iron plate, the old lady wakes up.

At this time, Liu Yi stood up suddenly.

The old lady asked: "Where are you going."

"Where else can I go, now I can only ask George Han for forgiveness." After that, Liu Yi walked straight out of the house.

Bifeng Manor.

George Han returned to Bifeng Manor after checking his physical condition. He came directly to the lake, with only Zhang Bifeng by his side.

Regarding what happened today, Zhang Bifeng believed that he had not done a good job of security, so if George Han were to blame him, he would never have any complaints.

"Mr. Han, today's responsibility lies with me. If you want to blame me, I am willing to bear all the consequences." Zhang Bifeng said to George Han nervously.

"It has nothing to do with you. Even if a hundred security guards block the door, they can't stop him from coming in." George Han said.

Zhang Bifeng has seen Fang Zhan's greatness, but in his mind, George Han is stronger, because in the process of fighting, although George Han was declining in the early stage, he has become more brave in Vietnam, and even in Zhang Bifeng's view, this fight continues. If you continue to fight, you will most likely lose a side battle.

"How deep is this lake?" George Han asked Zhang Bifeng.

"Two meters." Zhang Bifeng said. He had personally supervised the construction of the artificial lake at the beginning, so he knew the rules and parameters of the artificial lake very well.

"Are there any stress points under the lake?" George Han continued to ask.

"Take the strength?" Zhang Bifeng looked at George Han puzzledly, not quite understanding what this sentence meant.

"The kind of stress point that can support people standing on the lake." George Han explained.

Zhang Bifeng shook his head and said, "No."

George Han took a deep breath, although this was the answer he had already guessed. But after learning about it from Zhang Bifeng, he still couldn't believe it.

The appearance of the old man with white beard on Green Island was a blink of an eye to other onlookers. No one can see exactly how he did it.

But George Han could see very clearly. The old man was obviously walking across the lake. If there was no support point under the water, how could he step on the water?

Although water has bearing capacity. But it is absolutely impossible to prop up a person's feet.

“How on earth did this old thing do it?” George Han frowned. This matter was beyond what he knew, a normal person. How is it possible to do such an unthinkable thing?

“Mr. Han, what are you talking about?” Zhang Bifeng asked without hearing what George Han said.

“It's nothing, you go and do something else.” George Han said.

Zhang Bifeng could only leave temporarily, but he could see that George Han seemed to be confused by something.

George Han climbed over the fence, walked to the lake, and gently patted the lake with his palm.

The water waves are rippling, and the buoyancy brought by the water surface can be easily felt in the palm of the hand, but this buoyancy cannot support a person's weight.

“Do you want to know how I did it?” At this moment, the voice of the old man with white beard suddenly spread behind him.

George Han turned his head, then pretended to wash his hands, and said, “I'm just washing my hands. Do you want you to teach me?”

Old Yi smiled slightly, he knew what George Han was thinking about, but this guy was embarrassed to admit it.

“When you go to Apocalypse, you will know the world again, then you won't find this kind of thing strange.” Yi Lao said.

“What kind of place is Tianqi?” George Han asked curiously.

“It can’t be said, after all, you are not a person of Apocalypse.” Yi Lao said.

George Han shook the water in his hand and said indifferently: “If you don’t say it, I don’t really want to know.”

Chapter 709

Looking at the back of George Han leaving directly, Yi Lao couldn't laugh or cry. In Tianqi, no one dared to treat him with this attitude, and without his signal, who would dare to leave in front of him with this attitude.

But in the face of George Han, Yi Lao felt like he was powerful and helpless. He knew that it would be useless to threaten George Han with extraordinary means, and George Han was too important to Tianqi, even if it was Yi Yi. The old man is unwilling to suppress with his identity in front of him.

This point can also be felt by Fang Zhan. Therefore, he was very surprised by George Han's status. If he were to change to any one of Apocalypse, he would have already been punished by the Four Sects.

"Yilao, if you treat him like this, will you make him more defiant, let alone take Apocalypse seriously." Fang Zhan said to Yi Lao.

Elder Yi shook his head and said: "If you have understood his life, you will know that he is not such a person. On the contrary, the more you oppress him, the more he will arouse his rebellious psychology. Since childhood, this kid has It was through oppression, and he is very sensitive to this."

George Han's childhood was rejected by everyone in the family, and even the servants in the family dismissed him. This has been very clear in the investigation early on. It was precisely because of this understanding that Yi Lao knew what George Han really was.

He is like a spring, peaceful coexistence will lead to peace. Once he is pressed hard, the feedback he gets will certainly rebound strongly.

George Han returned to the banquet hall. Although the banquet was almost at its end, none of the guests present were willing to leave early except Liu Yi had to leave. After all, they came here for the purpose of meeting George Han reached a

better friendship. If George Han had left before he showed up, the trip would have been too unworthy.

“Mr. Han.”

“Mr. Han.”

“Mr. Han.”

...

Every time a table of guests passed by, those people would stand up and greet George Han, hoping to make George Han familiar with himself in this way.

For other things, George Han would definitely not pay attention to these people, because for his current status, it was completely unnecessary.

But today is Han Nian's Hundred Days Banquet, so George Han responded to everyone with a smile.

Nangong Boring deliberately reserved a place for George Han next to him. After seeing George Han coming, he beckoned to George Han.

George Han walked over and sat next to Nangong Boring. Although he pretended to be indifferent in front of Yi Lao, his inner curiosity was already very high. It's just that I don't want to lose the momentum in front of Yi Lao.

“George, you have to help that person find a daughter. This matter can be done by the Nangong family.” Nangong Boring said to George Han. He said this very cleverly, not saying that he could do it, but The Nangong family, obviously, he distinguished himself from the Nangong family very clearly, and this can be regarded as a disguised reminder to George Han that as long as he wants, he can become the head of the Nangong family.

“This matter really needs the help of the Nangong family, and only the Nangong family can do it, but I haven’t considered the matter of the Patriarch.” George Han said.

Nangong Boring smiled faintly and said: “Such a big thing does need to be considered slowly. I’m not in a hurry. It’s not too late to notify me when you think about it.”

Nangong Yan, who was sitting next to Nangong Boling, had mixed feelings. He thought that the three brothers had fought openly and secretly for the position of Patriarch for many years, but in the end the position of Patriarch would fall into the hands of an outsider, and this outsider could not even appreciate it. The position of the head of the family still needs to be considered.

This sense of gap is very unacceptable for Nangong Yan. But now he has figured it out. Nangong Feng and Nangong Falcon both died in the hands of George Han. He is not qualified to compete with George Han. Moreover, after Nangong Boring’s remarks awakened him, he didn’t have the mind to fight. George Han competed.

After George Han went to Apocalypse, the Nangong family would still be managed by him, but the title of Patriarch did not belong to him. This was irrelevant in Nangong Yan’s eyes. After all, the real power was in his hands, and the fame was still needed.

“Do you know where Tianqi is?” George Han couldn’t help but whispered to Nangong Boring.

Facing this problem, Nangong Boring could only shook his head. Because Apocalypse was too mysterious, Nangong Boring had spent a lot of money and resources trying to understand Apocalypse, but ultimately nothing.

“I don’t know, although the Nangong family is very powerful in the world, the position of the apocalypse is beyond the world. This is not information that the Nangong family can control.” Nangong Boling said.

Although he had guessed the answer a long time ago, George Han couldn’t help sighing after Nangong Boring said it.

to him. The unknown apocalypse is like a dark and endless road, he doesn’t know what will happen every step he takes, and this unknown is full of uncertainty and danger, which George Han is very repulsive.

From a very young age. George Han is accustomed to controlling everything that happens around him. He will use the information he controls to judge the benefits or disadvantages that things will bring to him. If there is a danger, George Han will plan ahead.

But now that George Han has a wife and children, he pays more attention to this aspect. After all, he has more responsibility on his shoulders. His life is no longer his own, and it is also related to the lives of Amelia Su and Han Nian. Let yourself have something.

Some moment. George Han even had the idea not to go to Tianqi in his mind. No matter what secrets are hidden there, is it important to have Amelia Su and Han Nian?

But the curiosity in his heart constantly drives George Han’s yearning for Apocalypse, so at this time, George Han’s heart is very entangled. This is the first time in his life that he has faced such a tangled choice.

At the end of the banquet, George Han made a toast at each table in order to thank the guests present. This made those people feel a sense of honor, and everyone took this opportunity to introduce themselves to George Han.

For those names. George Han didn't remember any of them, and there was no need to remember them. Anyway, these people were just small people to him.

The banquet is over and the guests leave.

Everyone who left Bifeng Manor could see Liu Yi kneeling at the door, which made them full of puzzlement, and they speculated that this guy might have offended George Han, so he appeared to be pleaded with Jing.

Anyone who is familiar with Liu Yi pretends that he doesn't know him at this moment, so as not to be affected by Yuchi.

And Liu Yi, kneeling on the ground, with his head buried in his heart, was very painful. He had already regretted his over-indulging in his mother countless times in his heart, and even hoped that time could go back and give him a chance to prevent this from happening, but this is ridiculous Ideas can only be thought of in the mind.

When George Han's family walked out of Bifeng Manor, Liu Yi knelt on the ground and walked in front of George Han on his knees.

George Han looked at Liu Yi in confusion, and asked, "What do you mean?"

"Mr. Han. My mother does not know Taishan or you. Please forgive her." Liu Yi said.

After hearing these words, George Han understood what he meant, the unreasonable old lady in the hospital before. It seems that it is his mother, this is to make amends for her.

"Let's go." George Han said lightly, he didn't take this matter to heart, although the old lady was indeed a bit arrogant, and she also pushed Amelia Su. But she is

already the person with the loess burying her neck. After a few years of good times, how could George Han care about her.

“Mr. Han, this is my fault. If you want to blame. Please blame me.” After Liu Yi finished speaking, he slammed his head and banged his head.

“I didn’t blame her, but I advise you to let her temper a little bit. Although she is old, this is not her unreasonable capital.” George Han said.

“Please rest assured, President Han, I will definitely warn her.” Liu Yi said.

“Okay, let’s go.” After speaking, George Han passed by Liu Yi.

Liu Yixuan’s heart finally let go, but he knew that after this incident, he wanted to please George Han again, and it was impossible for him to be valued by George Han.

From a distance, George Han saw a very familiar person, and he hadn’t seen this person for a long time.

Chapter 710

The three of Tang Long's family stood far away, appearing very cautious. The first time they saw George Han, the family of three was at a loss for what to do.

Tang Chengye was Wilson Su's old classmate. When Tang Chengye had just moved to a new house, he still took a bunch of old classmates to the new home to show off, and took advantage of this opportunity to belittle George Han.

In the past, Tang Chengye hoped that Amelia Su could marry Tang Long. In his opinion, how could George Han's trash be worthy of Amelia Su, and only his excellent son had this qualification.

But since George Han's identity slowly surfaced in Basin City, Tang Chengye finally knew the gap between Tang Long and George Han.

Tang Long was indeed a little capable, but compared with George Han, he was far different.

In today's Basin City, George Han has become the well-deserved first person, and Tang Zong has become an unemployed vagrant because he once offended George Han.

The three of them knew that if Tang Long wanted to re-develop in Basin City, it had to be forgiven by George Han, so they would take advantage of today's opportunity to apologize to George Han.

But when I saw the big people in the mall who left, I saw George Han. They didn't know what to do for a while, after all, George Han's status now far surpassed them by far, and they were not at the same level at all.

"Dad. Your old classmate is here." George Han said to Wilson Su with a smile.

Wilson Su also had a faint smile on his face, and he was a little proud.

In the past, when Amelia Su and George Han were married, Tang Chengye used this matter to criticize Wilson Su. At that time, Wilson Su was suffocated with anger and did not dare to express his anger. Because Tang Long's career was in full swing at the time, no matter in anyone's opinion, he was much better than George Han, so facing Tang Chengye's ridicule, Wilson Su could only swallow his anger.

Even now, Wilson Su still clearly remembers how Tang Chengye compared George Han with Tang Long. He once said that Tang Zong is a dragon, and George Han is just a maggot.

But now, George Han is different, and his status of Wilson Su has also changed. Who dares to say that his son-in-law is a waste?

Walked to Tang Chengye. Wilson Su said with a smile: "Old Tang, what are you doing here? If you know it, go in for a meal. We haven't seen each other for a long time."

Tang Chengye looked embarrassed, he wanted to go in, but what qualifications did he have? Whoever attended the Hundred Days Banquet today is not a well-known person, and he is nothing more than a marketer.

"Wilson, you are a big man now, I don't want to see you, too." Tang Chengye said.

Wilson Su had been lying in bed some time ago, not to mention that Tang Chengye couldn't see him, and other old classmates couldn't contact him, so some people said in private that Wilson Su's status has changed and they have looked down on their old classmates, but the actual situation is not like this.

"You can't say that, although I am indeed a little different now, but you old classmates, I have all in my heart, and I have not forgotten. If it wasn't for the illness some time ago, I would have asked you to drink." Wilson Su said.

“I’m sick, what’s the matter.” Tang Chengye asked with a very concerned expression.

Wilson Su felt a wave of contempt in his heart. This guy’s hypocritical concern seemed to have something to ask for him.

“Old Tang, what can you do if you came to me today?” Wilson Su asked directly.

Tang Chengye glanced at Tang Long and said embarrassingly: “Wilson, there is indeed something I want to trouble you. My son, no company dared to take it now, and he is almost desperate in Basin City. So I want to ask you to help. “

Tang Long was hired by Weak Water Real Estate with a high salary, but because of a conflict with George Han, he was expelled from Weak Water Real Estate. This incident spread almost throughout Basin City. And who is the owner of Weak Water Real Estate who knows well, who would dare to accept the person who was expelled by George Han?

Tang Long did not try to develop other cities, but it has no foundation. It was unacceptable for Tang Long to start from scratch, so he would rather stay in Basin City to look for opportunities.

“This matter.” Wilson Su had a sigh on his face. He knew what happened to Tang Long and was expelled from the weak water property by George Han. Since George Han made the decision, it was not something he could easily change.

George Han had forgotten these trivial matters a long time ago, and the grudge between him and Tang Long seems to be nothing at all. In the past, Wilson Su was ridiculed by a group of old friends for many years because of him. Now, George Han also It’s time for Wilson Su to gain face.

“Dad. You decide on this matter. I will take Amelia and the child home first. It is windy outside.” George Han said to Wilson Su.

Wilson Su looked happy, he knew that it was George Han who deliberately gave him a face. Repeatedly nodded and said, “Okay, you can go home first.”

After George Han and the others left, Tang Chengye walked to Wilson Su with a flattering smile.

“Wilson, your son-in-law is really good now, our old classmates are very envious.” Tang Chengye said.

“Cough cough.” Wilson Su cleared his throat and said, “Old Tang, I remember that you used to say that George Han was wrong, in your mouth. Isn’t he a waste?”

When Tang Chengye heard this, his face instantly became very ugly.

waste?

In the current Cloud City, who would dare to say that George Han is trash, if he is all trash, wouldn’t the entire Cloud City be worse than trash.

“Where is this? I didn’t have long eyes before. I don’t know how good he is. Now I can see clearly. Our old classmates got together once a few days ago. Who wouldn’t say that your son-in-law is amazing.” Tang Chengye said.

Wilson Su had a smug smile on his face that could not be concealed. He was scolded countless times in the past because of George Han. Now I can finally lighten my face because of George Han.

“Uncle Wilson, please give me a chance, I am really desperate now.” Tang Long said to Wilson Su, thinking that he was in front of Wilson Su, saying that Wilson Su’s marriage of Amelia Su to George Han was the wrong choice. But now, Tang Long didn’t dare to think like that, and he didn’t think too much about Amelia Su anymore.

“When you are desperate, you think of your Uncle Wilson? Tang Long, when you used to point your nose to scold me, you didn’t have such a humble attitude. Fortunately, I didn’t marry your daughter to you. Otherwise, my Su family would really be abandoned. .” Wilson Su let out a sigh of anger.

“Uncle Wilson, this shows that you have foresight and foresight.” Tang Long said something against his will.

“All right. Since your father and I are old classmates, I will give you a chance to report to the weak water property tomorrow.” Wilson Su said.

“Thank you, Uncle Wilson, thank you, Uncle Wilson.” Tang Long thanked with excitement. He was just looking for a job, but he didn’t expect to have a chance to return to a weak water property.

“Old Tang, make an appointment with your old classmates another day to see what other people’s children are doing. If there is nothing to do, I will arrange a job for them.” Wilson Su said with a magnificent expression, but after saying this , He regrets it a little, after all, he is just an idler, how can he have such a big right to arrange work for everyone.

“Okay, I’ll notify them later, and I’m sure no one will be absent.” Tang Chengye said.

Wilson Su just wanted to pretend to be compelling. He didn’t expect to make such a promise quickly, but what he said was like spitting out. You can’t lick it back by yourself. He can only go home and discuss this with George Han. I hope he can agree to something, otherwise, Wilson Su will lose face in the class meeting.

“Then I will go first.”

Seeing Wilson Su walking away, Tang Chengye couldn’t help sighing heavily. Among the many classmates, although Wilson Su was born the best, he had lived

the worst before. Unexpectedly, Wilson Su soared into the sky. , Became the father-in-law of the biggest figure in Basin City, his current position, Tang Chengye would never be able to catch up.

“Thirty years in Hedong, 30 years in Hexi, I didn’t expect it is Wilson Su’s turn to be proud now.” Tang Chengye shook his head helplessly. His proud son is now incomparable to George Han.
