

His True Colour Chapter 711 - 720

Chapter 711

After George Han sent Amelia Su and others home, he went to a weak water real estate.

For George Han, this small company doesn't need to care at all now. After all, he doesn't even care about the financial resources of the Nangong family. The one-year income from a weak real estate is not as much as the money that the Nangong family has to pull roots. .

But this is after all an asset in his name, and this feeling is completely different.

Zhong Liang hadn't seen the young master for a long time, and felt a little nervous. After all, the current George Han was completely different from the previous George Han. He was an abandoned son who was exiled by the family, but now, George Han not only controls Basin City, but also Han Family.

At the beginning, countless people thought that Han Jun was qualified to be the head of the Han family. Zhong Liang was still a little dissatisfied with this arrangement when he was sent to Basin City. Now, Han Jun is still in prison in Qincheng, but George Han has become This is a result that no one expected for the top big man.

"Young Master." Seeing George Han, Zhong Liang walked to his side respectfully, bowed his head and shouted.

"With so many things in the company, can one person be busy with it?" George Han asked. Nowadays, the projects in the hands of the weak water real estate are not only the development of the west. There is also the reconstruction of the village in the city. These two projects are the top priorities of Basin City. Now all the responsibilities are almost in the hands of Zhong Liang.

Although the Su family company was involved in these two things, the Su family was only an aid, and Shen Lingyao's business vision. She can help very little in this matter.

"Young Master, these are all things I should do." Zhong Liang said.

"When you first came to Basin City, you were given orders to Nangong Qianqiu. Your purpose was to become the core of the Han family. I guessed it right." George Han asked.

Zhong Liang knew that George Han was a clever man and could not hide anything from him, so he would not cover up lies in front of George Han, and said frankly: "Little master, I do hope to be reused by the Han family, Nangong Qianqiu I promised me that as long as I could help her destroy you, she would arrange a new job for me in Hillwood City."

"Break me?" George Han smiled faintly, Nangong Qianqiu's pro-grandmother's mind is really vicious. She has isolated him since childhood, even if he grows up, even if he has become the son-in-law in Basin City, she still does not let go Plan to pass.

"Han Jun's status in her mind is unmatched. I can't even compare to a servant in the house." George Han said.

What attitude does Nangong Qianqiu have towards George Han. Zhong Liang knew very well that this old lady could not wait to trample George Han into a complete waste, in order to prove Han Jun's excellence.

But in fact, Han Jun is just a rich second-generation idler, his true ability is no more than one ten millionth of George Han.

At the age of fourteen, George Han has already set foot in the business world and began to secretly form his own company, training countless puppets.

As for Han Jun, Han Jun was fourteen years old, still playing with Superman toys, acting like a baby in front of Nangong Qianqiu, the gap between the two was not an order of magnitude at all.

“Young Master, the facts will tell the truth, she is the one who took a look, even if she is dead, she in the grave will regret this incident.” Zhong Liang said.

George Han shook her head. With Nangong Qianqiu’s character, would she really regret it?

“She will not admit her mistakes, she will only regret not killing me earlier, to prove her point of view is correct.” George Han said lightly.

Zhong Liang sighed, George Han said this well, how could Nangong Qianqiu’s character admit that he was wrong. Even if she was really wrong, she would try her best to cover it up. Even if Nangong Qianqiu was given a chance to resurrect, she would probably not pay attention to George Han, and would choose to deal with George Han more drastically.

“Young Master, no matter what, she is dead. The current Han family belongs to you. It is impossible for Han Jun to compare with you.” Zhong Liang said.

“She can’t give it to you, I can give it to you. Starting today, when you return to Hillwood City, I will take care of all the Han family’s business in Hillwood City.” George Han said.

Zhong Liang’s pupils were shocked. He was ready to stay in Basin City for the rest of his life, but he didn’t expect that George Han would suddenly give him such a big right.

All Han’s business in Hillwood City!

This is not just entering the core of the Han family, but controlling the life and death of the Han family.

Zhong Liang couldn't figure out why George Han should give him such a big right, so this made him dare not take it easily.

"Little... Little Master, what do you mean?" Zhong Liang asked in a frightened voice. I was afraid that this was a trap that George Han gave him.

"Don't be afraid. I did this because I didn't care about Hillwood City's business anymore, and that place is not worthy of nostalgia for me, but the name of the Han family. I don't want to be criticized, if no one Take care of it. Sooner or later, you will go bankrupt and be talked about, so I hope you can go back." George Han said. This is his truest thought, not to set Zhong Liang.

The Han Family, a place that did not have any kindness to Han during his three thousand years of youth, even gave George Han many painful memories, so George Han had no feelings for Hillwood City, but that place, after all, still bears the name of the Han family. Since George Han's surname is Han, he does not want the Han family to be gossiped.

And many people in Hillwood City know that Han Tianyang is not dead, if the Han family is in Hillwood City, the situation will be weak. Han Tianyang will also be the object of ridicule.

"But, the old man has returned?" Zhong Liang asked puzzlingly, even if Han Tianyang is unwilling to ask about business affairs, but Mary is still there, it is possible that an outsider of the Han family will be the master.

"My grandfather won't go back. To him, Basin City is a new home, and my mother has nothing to remember for Hillwood City." George Han said with a smile. Han Nian was born in Basin City and must grow in Basin City, Han Tianyang How

could Mary and Mary be willing to leave, even if they watched the Han Family go bankrupt, they probably wouldn't care.

Seeing that George Han didn't seem to be joking, Zhong Liang couldn't help becoming short of breath, because he had never imagined this right. Although he still bears the name of the Han family, he is in charge of all matters. Wouldn't his future position in Hillwood City skyrocket?

"But, what about the weak water property?" Zhong Liang asked.

"Before this, I haven't really decided on this matter, but today I saw an acquaintance, I decided to let you return to Hillwood City, although he has offended me before, but it is undeniable that he is indeed very capable." George Han said with a smile.

Zhong Liang heard this and immediately searched in his mind.

Offended the young master, and very capable.

Suddenly, a person's name floated in Zhong Liang's mind, but this name made him feel very shocked.

"Young Master, this person you are talking about. It's not Tang Long, right?" Zhong Liang asked in shock. Tang Long was kicked out of the weak water property because he provoked George Han. So far, no company dares to ask him. , It can be said that he has been reduced to a cripple in Basin City, but with a turnaround, George Han actually wants to give him this opportunity to regain his position?

"Yes, it's Tang Long." George Han said. This guy used to make George Han very unfavorable, but with George Han's current status, why bother with such a small person? And with Tang Long's ability, he does Qualified for the position of Zhong Liang.

Zhong Liang laughed bitterly, and asked: “Does Tang Long know about this?”

“I don’t know yet.” George Han said.

“If you let him know, I guess he hasn’t been able to sleep lately.” Zhong Liang smiled. For Tang Long, this change was a turning point in his life. He was able to suddenly turn from a waste into a sought-after object in Basin City. , After all, the identity of the person in charge of the weak water real estate is only a bit shorter than George Han for the current Basin City.

“Can you sleep?” George Han asked back.

Zhong Liang was taken aback. Although Tang Long got the opportunity, he was still far from him. After all, he was about to control the entire Han Family. The Han family’s background in Hillwood City is by no means comparable to the weak water real estate.

“Young Master, don’t worry, I will not let you down.” Zhong Liang bent over ninety degrees and said respectfully to George Han.

Chapter 712

Back at home, Wilson Su told George Han about arranging Tang Long to go to the weak water real estate, and this arrangement was exactly what George Han meant, so George Han had no opinion.

Wilson Su, who was still a little worried, was finally able to let go of his hanging heart.

“George, thank you for giving me the face.” Wilson Su said with a sigh. When George Han first entered Zuosu’s house, he also saw that George Han was not pleasing to his eyes, although he was not as excessive as Lily Jiang. But he never gave George Han a good face, but now, he has to rely on George Han to have face, which inevitably makes Wilson Su a little guilty.

After all, everything in the Su family was given by George Han, and Wilson Su was not like a white-eyed wolf like Lily Jiang. He didn’t think all of this was a matter of course, even if George Han took his daughter. It is not his arrogant capital in front of George Han, because of all this, George Han can choose to give it to anyone.

“You are my father-in-law, and I should do this. Since the previous things have passed, let them stay in the past.” George Han said.

Wilson Su nodded excitedly, but it’s a pity that Lily Jiang didn’t enjoy this honor. If she was not so powerful and not so stupid, she would be able to live the life she dreamed of now. It’s a pity that she made mistakes again and again. The most stupid thing in life.

“Amelia is waiting for you in the room. After she comes back, she looks very worried. There may be a lot of things to tell you. Go ahead,” Wilson Su said.

Hearing this, George Han took a deep breath.

Amelia Su never asked too much about Tianqi. George Han knew that she was not only suppressing her curiosity, but also avoiding discussing it directly. Perhaps in Amelia Su's heart, she was unwilling to accept George Han. Will leave again.

But for George Han, apocalypse is imperative. This is something he has to face.

Back in the room, Amelia Su lay on the bed, showing her proud body curve. Even if she is a mother, Amelia Su's figure is still very well maintained. This is probably the privilege of the goddess, once the number one beauty in Basin City, Even being a mother is not inferior to other young women.

George Han closed the door gently, Amelia Su's body trembled slightly, and then sat up.

Walking to the bed, after George Han sat down, he took Amelia Su's hand and asked softly, "What's the matter?"

Amelia Su buried her head in her knees, this action was full of defensiveness, as if she was cutting off her contact with the outside world.

"When are you leaving?" Amelia Su asked.

This is a problem they will face sooner or later, so George Han did not avoid it, saying: "When the time is up, I will leave naturally, but this time is also unknown to me."

"Do something very dangerous?" Amelia Su continued to ask.

This question made George Han wonder how to answer. Because based on his current understanding of Apocalypse, he himself doesn't know what he will face in the future.

“In any case, I will come back to you alive. This is my promise to you.” George Han said.

Amelia Su heard these words and flew directly into George Han’s arms, and said with a sob: “If you dare to die, I will dare to come to you with Nian’er.”

George Han couldn’t laugh or cry, the deterrence of this sentence was too strong for him. One person’s safety is the life of three people. Even if he really encounters death, George Han dare not die.

“Don’t worry, I will be fine. Did you forget whose apprentice I am? I heard that Yi Lao is in Tianqi, but he is a very powerful man.” George Han comforted Amelia Su.

Amelia Su refused to get up in George Han’s arms and said, “That old man with white beard. It’s not just someone from the old school of Yi Yi.”

George Han was taken aback. He didn’t have any suspicion about the identity of the old man with white beard before, because when he was in the United States, Ma Yu also appeared in such an identity. So it’s not a weird thing to do it again, but after the battle between Green Island and Fang Zhan, with Fang Zhan’s attitude towards him, George Han knew that the old man Baibeard’s status in Tianqi was definitely not low. Since his status is not low, he How could he be sent to protect him?

George Han felt very strange to all the identity of the old man with white beard, but he did not expect Amelia Su to be able to detect this.

“What do you think?” George Han asked.

“In my opinion. He is very likely Yi Lao himself.” Amelia Su said.

“Is there any basis?” George Han continued to ask.

“Intuition, women’s intuition, do you believe it?” Amelia Su raised her head with tears in her eyes.

“Believe.” George Han didn’t even think about it, the word popped out of his mouth, how could his own woman not believe it.

Amelia Su smiled like a flower and said, “Is it because I’m reasonable. Or because I’m your wife, you believe me.”

“Of course it’s because you are my wife, and what my wife said is the truth.” George Han smiled.

Amelia Su was amused by these words and felt a lot better. She looked at George Han with big eyes flashing, and said, “In this case, should I give you some rewards?”

“What reward.” George Han couldn’t help but curious.

“I told you tonight.”

This sentence made George Han’s heart itchy like a cat scratching. The next few hours, like centuries, finally got up to dark. After dinner, Amelia Su returned early. The room seems to be preparing something.

George Han was inexplicably nervous at this time, facing the upcoming surprise, his heart was like a small deer bumping into it.

“George, what’s wrong with you?” Han Tianyang saw George Han fidgeting on the sofa. Misunderstood that he was a little worried about the unknown path of the apocalypse, so he came forward to prepare to comfort him.

“Grandpa, I’m nothing.” George Han said with a little embarrassment.

Han Tianyang patted George Han on the shoulder, and said: “Human instinct. It will be out of fear of unknown things. This is human nature. No matter who encounters such things, he will be nervous. But the apocalypse is for you. , To be able to see a broader or even different world, this trip is definitely worthwhile for you.”

Heard this. George Han knew that Han Tianyang had misunderstood him, but he could not explain to Han Tianyang. After all, this was a matter between the two of them. Even if Han Tianyang was his grandfather, it was impossible to speak to him if it was too private, so George Han can only follow his words.

“Grandpa, don’t worry, I can bear any unknown.” George Han said.

“The pressure you have been under since childhood is much stronger than that of your peers. Grandpa has confidence in you. But there is one thing that Grandpa hopes you can accomplish.” Han Tianyang said.

“What’s the matter?” George Han asked puzzledly. He heard a heavy tone in Han Tianyang’s tone, so it made him feel bad.

“Nangong Qianqiu is your grandmother after all. Although she did a lot of sorry for you, but now that she is dead, I think this grievance should be let go.” Han Tianyang said.

George Han frowned slightly, his hatred for Nangong Qianqiu, even now, has not let go, because Nangong Qianqiu has caused an indelible nightmare to his childhood.

“Grandpa, what do you want me to do?” George Han said.

“While Nangong Boring is in Basin City, let’s go see her together.” Han Tianyang said. The reason for this plan is because Han Tianyang hopes that Nangong Boring can go to Nangong to give Nangong a stick of incense. After all, she is Nangong.

The family members were expelled from the Nangong family as a tool back then. Nangong Qianqiu also sighed in her heart. This is why she believes in fortune-telling and believes that Han Jun has the appearance of an emperor, and hopes that Han Jun can lead the Han family to a more glorious position. , Even Nangong Qianqiu thought about using the name of the Han family to contend with the Nangong family and justify himself.

It's a pity that she chose the wrong person, and Han Jun simply couldn't take on such an important task, but those who really had this ability were rejected by her.

George Han hesitated for a long time. Since Nangong Qianqiu's death, George Han was reluctant to remember this woman anymore and asked him to go to his grave for Nangong Qianqiu. This was an unacceptable thing for George Han.

But since Han Tianyang wanted him to do this, George Han could only agree:
“Okay.”

Chapter 713

“I know that I’ve wronged you with this matter, so let’s treat it as a face to grandfather.” Han Tianyang saw George Han agree. Although he was happy, he felt that he owed George Han, because if it weren’t for him, George Han would do this. It is impossible to do this in a lifetime.

George Han shook his head and did not speak.

“Grandpa didn’t want to excuse her, she is also a poor person. She married me as a chess piece from the Nangong family. She hopes that Han Jun can make the Han family grow, and even hopes that Han Jun can compete with the Nangong family, so Only then did she give all her love to Han Jun, the only thing she did wrong was to choose the wrong person.” Han Tianyang said.

Choosing the wrong person?

In George Han’s opinion, this sentence is more or less ridiculous, but he did not refute Han Tianyang. Again, George Han would never object to what Grandpa wanted him to do.

“Tomorrow.” George Han said.

“Well, rest early.” Finished. Han Tianyang stood up and returned to his room.

George Han looked at his mobile phone, and Amelia Su hadn’t sent the letter of entry, so he could only continue to wait on the sofa.

At this time, Jiang Yingying, who had finished training, returned home and walked over after seeing George Han.

“Brother George, aren’t you going to rest?” Jiang Yingying asked.

“Uh...I don’t know what I’m waiting for, I just want to wait.” George Han said.

Jiang Yingying felt baffled. She didn’t know what to wait, so what were she waiting for.

However, what George Han has to do is not something she is qualified to evaluate. She can only say: “Then I will go back to the room and rest, and you should go to bed earlier.”

When Jiang Yingying had just turned around, George Han suddenly thought of something and asked Jiang Yingying: “By the way, will you have a headache recently?”

George Han still remembered that he had experienced an inexplicable headache back then. Looking back now, this situation may have something to do with the two skulls. If his and Jiang Yingying’s strength really comes from the skulls, then the two of them should know Have the same headache experience.

If Jiang Yingying really had this phenomenon. George Han was able to further confirm that the power comes from the skull.

Jiang Yingying was visibly stunned. She hadn’t told anyone about this, because she was afraid of causing unnecessary worry, so even when she had a headache, Jiang Yingying could not let her scream out, but how could George Han do it? Know what?

“Brother George, you...you...” Jiang Yingying was panicked and overwhelmed. She subconsciously felt that she had been peeped by George Han when she slept. Otherwise, how could he know such private things.

“Don’t worry, I definitely didn’t spy on you sleeping. I just saw that your face was not so good recently. I judged it based on experience.” Without Jiang Yingying’s

answer, just from her reaction, George Han had already got what she wanted. The answer, it seems that the two skulls are indeed not simple things.

“Brother George, do you still have medical skills?” Jiang Yingying asked in surprise.

“Knowing a little about fur, and a little about fur.” George said quickly. Such nonsense, it is estimated that pure Jiang Yingying would believe.

At this moment. George Han’s cell phone vibrated suddenly, Amelia Su sent the message that he could enter the door, and George Han’s heart suddenly drifted.

Standing up, said to Jiang Yingying: “You go to bed first, I also want to rest.”

“En.” Jiang Yingying nodded, and believed George Han’s nonsense, really thinking that George Han was a medical person.

George Han stood at the door of the room and took a deep breath, looking nervous as if he was in the same room with Amelia Su for the first time.

Opening the door, Amelia Su turned her back to him, a full-blown flight attendant uniform outlined Amelia Su’s perfect figure, without any flaws.

George Han’s nose was hot, something seemed to be pouring out.

This is the surprise?

This surprise is too big! It was so exciting to play.

“What are you doing in a daze? Hurry up and close the door.” Amelia Su said with her back to George Han. At this time, her face was already red like a piece of iron that had been burnt at high temperature.

Actually after putting on this suit. Amelia Su was a little regretful, but Shen Lingyao said that men are all good at it, so she had to summon her courage.

“Ah! Oh. Ok... Okay.” George Han stammered.

When the door closed, the moment Amelia Su turned around, the visual impact on George Han was so strong that George Han’s mouth was dry.

“Do you like it?” Amelia Su said with her head buried.

Seeing Amelia Su’s shy expression, George Han rushed forward like a hungry tiger.

“I like it, I like it so much!”

...

The next morning, George Han got up very early, He Ting and Jiang Yingying were preparing breakfast together in the kitchen. When the two saw George Han, their expressions were obviously a bit awkward, and they deliberately avoided George Han’s eyes.

Finding the difference between the two, George Han asked curiously: “What’s wrong with you?”

Jiang Yingying blushed suddenly. For an unmanned girl, the big movement last night really made her shy.

He Ting glanced at George Han and felt a little embarrassed. Because the noise is so loud, it is estimated that everyone in the entire Villa has heard it.

However, as a person who came by, she was still able to understand, and carefully reminded George Han: “George, there are other people in this family, you...can you be quiet.”

movement?

George Han suddenly thought of the collapse of the sky and the earth last night, as if the movement was indeed a bit louder, and he felt extremely embarrassed for a moment.

“You don’t hear all of you, right?” George Han asked.

“Not only did I hear it, but I also heard it very clearly.” He Ting finished.

George Han’s mentality jumped instantly, not because he felt embarrassed, but because he let Amelia Su know about this, and he would definitely not let him go.

“Aunt He, just treat this as nothing happened, otherwise, I’ll be done.” George Han said with a wry smile.

“What didn’t happen?” Amelia Su’s voice suddenly came from behind George Han. George Han felt a chill in his back.

“Amelia, why did you get up so early.” George Han turned his head and said stiffly.

Although Amelia Su felt very weak, she couldn’t fall asleep after waking up. I was thinking about running with George Han. After all, it had been a long time since I had a morning run with George Han, so I got up early.

And the time she can spend with George Han is getting less and less, for Amelia Su. Every minute is worth cherishing.

“What were you talking about?” Amelia Su asked.

“It’s nothing, what have you heard, there is nothing.” George Han said.

Amelia Su frowned, she seldom saw George Han panicking. Obviously something went wrong.

“Aunt He, what’s the matter?” Amelia Su asked He Ting.

He Ting looked embarrassed, and she was not easy to say this kind of thing. Although it was not a shameful thing, it was a little hard to tell about such a private thing.

At this moment, Mary, Wilson Su and others all got up one after another, and almost everyone had a trace of fatigue on their faces, as if they hadn’t slept well.

Amelia Su asked incomprehensibly: “Dad, what’s the matter with you guys, you are listless early in the morning, why don’t you have a rest?”

“Cough cough.” Wilson Su cleared his throat awkwardly, and said, “You don’t need to be so anxious if you want a second child.”

Amelia Su was stunned for a moment, and then her face flushed instantly. When she looked at George Han with murderous intent, George Han knew that something was wrong, and quickly applied oil to the soles of her feet.

“I...I’m going to run in the morning first.” After speaking, there was an afterimage left in place, and George Han ran out of the trapeze style.

“George Han, stop for me!” Amelia Su shouted hoarsely, and then hurriedly chased it out.

Everyone smiled at each other when they saw it, and didn’t say much about this matter.

Feeling the violent cold wind in the cold winter, George Han didn't feel cold at all, but a murderous intent rushed behind him, making him have to speed up.

After chasing and catching up, outsiders have no idea what happened.

“George Han, stop for me.”

When these words came from behind, George Han had to stop, and said to Amelia Su from a distance: “You can't blame me for this, you didn't control it.”

Chapter 714

“You can run. The monk can’t run to the temple. You can take another step and try.” Amelia Su said to George Han with a threatening expression.

Hearing these words, George Han dared not run, he could only froze in place.

Amelia Su walked to her side and severely pinched George Han’s waist tender meat, making George Han gasp from the pain.

“Are you to blame me?” Amelia Su gritted her teeth, thinking that her voice would be heard by others, she was ashamed to find a hole to go in. This also made her how to face other people in the family in the future.

“Blame me, blame me, it’s all my fault.” George Han can only take the blame, because in his experience, to reason with a woman is a matter of self-destruction.

When Amelia Su pinched George Han, she also felt distressed, so she couldn’t bear to vent all her grievances on George Han. And it’s already happened, and you can’t go back in time. What other choice is there other than just accept it?

“From now on you sleep on the floor. I sleep on the bed.” Amelia Su said.

George Han bowed his head, this punishment is too serious.

However, Amelia Su was in anger at this time, and it was useless to entangle this matter, and George Han believed that after Amelia Su calmed down, he absolutely couldn’t bear to let him sleep on the floor.

“It’s all adults, it’s no big deal, don’t think too much.” George Han finished speaking, stretched out his hand and continued: “Let’s take you to see the scenery of Yunding Mountain.”

“Hmph, haven’t I seen it?” Although her mouth was hard, Amelia Su still stretched out her hand to hold George Han honestly.

The two trot all the way. After reaching the top of the mountain, breathing a violent cold wind, George Han said: “Grandpa said, today I will go to the grave for Nangong Qianqiu.”

Amelia Su’s expression was stunned when she heard this.

She knew how much George Han hated Nangong Qianqiu, but she also knew that George Han would never go against what Han Tianyang said.

“Since the matter has passed, you, as a grandson. It’s okay to go and see.” Amelia Su said.

“Do you think so too?” George Han looked at the north, his eyes a little helpless.

Amelia Su quickly changed the conversation and said: “Of course not, she has brought you so much pain, not death can be regarded as nothing happened, but grandpa wants you to do this, do you still have to go against grandpa’s meaning? ”

George Han shook his head.

Amelia Su grabbed George Han’s hand tightly, and continued: “I know you are wronged, or else, tonight, I will make you up again. I have other clothes.”

George Han swallowed unconsciously, and suddenly felt that it would not be a big deal to go to the grave for Nangong Qianqiu.

After the morning jog, they returned home, and the group set off toward the Basin City Cemetery.

It was the two Audis. As the highest-ranking person in Cloud City, George Han's travel tool was low-key, but anyone who knew these two cars had respectful eyes.

A very interesting thing happened along the way. George Han was forcibly stopped while driving, but the driver of the other vehicle seemed to suddenly realize that this Audi was unusual, and quickly stopped the car and made a ninety-degree bow to George Han, as if he was apologizing.

After arriving at the cemetery, many people came to the grave today. Among them, there are some rich people. The most eye-catching is a big man wearing a mink coat and a thick gold chain. He looks like a nouveau riche.

The nouveau riche looked at the Audi car with a disdainful expression on his face, but when he saw people walking down the car, he instantly put away his disrespectful attitude.

"Mr. Han, I didn't expect to meet you here." The upstart hurried to George Han's side and said with a slight bend.

Nowadays, almost no one in the Basin City business community knows George Han. But he knew very few people, and the nouveau riche in front of him had no impression at all.

"It's not a good thing to meet in a place like this." George Han said lightly.

The nouveau riche did not dare to laugh easily, but a serious expression with a sigh. Said: "Yes, who wants to come to such a place, it is all sad."

This flattery happened to be slapped on the horse's leg. If it was another person, George Han might be sad, but Nangong Qianqiu, George Han had never felt this way before.

"This is not a good place to build relationships. You go quickly." George Han said.

The nouveau riche nodded repeatedly, not daring to say anything, and watched George Han walk into the cemetery.

After George Han walked away, a man who looked like a little brother next to the upstart said with a look of disdain: “Big brother, who is this kid, he is so bullish, he really doesn’t put you in his eyes at all.”

In the younger brother’s view. If this were to be someone else, his elder brother would have been mad, who would dare to be so defiant in front of his elder brother.

“Grass mud horse.” The nouveau riche kicked his little brother and said angrily: “If you can’t speak, just shut your f*cking mouth. Do you know who this is? You dare to call him a kid?”

The little brother looked aggrieved. He originally intended to help the nouveau riche, but he did not expect to be beaten.

“Brother, who is this?” the younger brother asked.

“Who? George Han, have you heard of it, if you don’t know about such a big person, don’t mix in Basin City.” said the upstart.

When the little brother heard the three words George Han, the expression on his face instantly became frightened.

“He...he is George Han!” The little brother said in shock.

“If you have the luck to see such a big man in this life, this trip is worthwhile, and you will be able to look down upon you in the future,” said the upstart.

The little brother nodded, and instantly felt that he had not suffered a loss. If George Han heard that remark just now. I’m afraid his life won’t be saved.

George Han and his party came to the tomb of Nangong Qianqiu. The tombstone was covered with dust after the sun and rain. Han Tianyang squatted down, took the towel prepared earlier, and wiped the tombstone clean.

George Han looked at this scene blankly, to him. This is definitely not something he will do. As for Han Tianyang to do it, of course he will not stop him.

“Actually, I had forgotten you a long time ago, but I didn’t expect it. It turned out that you brought me the biggest surprise. The ancestral hall of the Nangong family should have a piece of your spiritual seat.” Nangong Bo Ling looked at the tombstone on the Nangong Qianqiu. Said a big character.

This sentence caused Han Tianyang’s disdain to smile and said: “I thought of her at this time, it’s too late. Although I don’t have much feelings between her and I, after all we have been a husband and wife for so many years, her spiritual position, I will put it in Han’s house.”

Nangong Boring shrugged and did not refute Han Tianyang’s words. He did what he should do. As to whether Han Tianyang accepts it, it is not something he will care about.

For Nangong Boring, the most important thing is whether George Han is willing to become the head of the Nangong family. If it weren’t for George Han, he would never have appeared in front of Nangong Qianqiu’s tomb.

“George, in a sense, she was abandoned by her own family just like you.” Han Tianyang said.

“So she can put the pain she has endured on me?” George Han said coldly.

Han Tianyang sighed and wanted to dispel George Han’s hatred for Nangong Qianqiu, now it seems unlikely.

Of course, he would not force George Han to forgive Nangong Qianqiu. After all, he had not experienced George Han's pain and was not qualified to persuade George Han to be generous.

"Send Zhuxiang." Han Tianyang said.

Amelia Su handed three incense sticks to George Han. George Han held up to the sky, did not bend down and knelt, and said faintly: "Look carefully in the sky, who can support the Han family? The world can remember, yes I am George Han, not Han Jun."

After speaking, George Han handed the incense back to Amelia Su.

Amelia Su bent down and inserted it in front of Nangong Qianqiu's grave.

"You go first, I'll accompany her again." Han Tianyang said.

George Han turned around and left without any hesitation.

Han Tianyang sighed and said to Yan Jun who was left behind: "I let him come, is it too unfair to him?"

"Yes." Yan Jun said, because he saw with his own eyes how Nangong Qianqiu treated George Han. If he were George Han, he would not come to give Nangong Qianqiu to his grave. This long-accumulated hatred, and Will not disappear because of Nangong Qianqiu's death.

"Hey." Han Tianyang shook his head, looking helpless.

Chapter 715

The next day, Tang Long, who was about to report on Weak Water Real Estate, was very worried. Since he was kicked out of Weak Water Real Estate, no company in Basin City dared to ask him for so long. In the first place, Tang Long never had a formal job, relying entirely on the savings he had accumulated before, but now that he stepped onto the job again, Tang Long never expected. The place he was going was actually a weak water property.

“Get up from wherever you fall. Since Wilson Su has given you this opportunity, you must take it well.” Tang Chengye said to Tang Long.

In the past, Tang Chengye liked to compare himself with Wilson Su very much, because he knew very well that his life crushed Wilson Su. Although Wilson Su was the son of the Su family, he was not reused in the Su family, so that he lived better than normal. The classmates are even more miserable. Based on this, Tang Chengye likes to find his presence in Wilson Su.

but now. Tang Chengye had already recognized the reality. He knew that the status of George Han and the Su family was unmatched in Basin City. He was completely ineligible to compare with Wilson Su, so Tang Chengye had taken away that rivalry.

He only hopes that Tang Long can work hard, seize this opportunity to turn over, at least let him return to his previous working state.

“Dad, don’t worry, I know the gap between myself and George Han, and I will definitely not mess around.” Tang Long said.

Tang Chengye nodded and said, “It’s a good thing to have self-knowledge. I know you may have some dissatisfaction in your heart, but in any case, you must hide this dissatisfaction in your heart.”

Tang Long said with a wry smile upon hearing this. “Dad, you really can count on me. I dare not accept anything. George Han’s current status, even if I spend a hundred years struggling, I don’t necessarily surpass him. How can I refuse to accept it.”

Tang Chengye sighed. The former Tang Long was the capital he boasted in front of his classmates. It was the most proud thing in his life. But now, he has to accept that the waste in his eyes has become a big man. fact.

” Go ahead and don’t be late. “Tang Chengye said.

On the way to the weak water real estate, the closer Tang Long was to the destination, the more disturbed he was after all. Was driven out by this place.

When he came to the door of the company, Tang Long took countless deep breaths before plucking up the courage to walk in.

There are still many employees in the company who are familiar with Tang Long, and they all know how Tang Long left the weak water property before, so they all feel very strange about his suddenness.

When Tang Long noticed that those people were looking at his eyes, he could only walk towards Zhong Liang’s office with his head buried.

Thinking of how beautiful Tang Long was before, he was a very confident and capable young man, but now, facing instructions, he doesn’t even have the courage to accept it positively. This is not because Tang Long has become timid, but in this period. After hitting the wall countless times during this period, Tang Long had completely lost his self-confidence.

When he finally reached the door of Zhong Liang’s office, Tang Long knocked on the door of the office.

Zhong Liang has been waiting for a long time. Last night was a sleepless night for him. He once dreamed of entering the core circle of the Han family. After coming to Basin City, he once gave up this idea because of the changes in the Han Family. It's too big, even Nangong Qianqiu is dead, but he didn't expect that the good news would fall from the sky when he had no idea about this matter.

He will not only become the core of the Han family, but also be able to dominate all the development of the Han Family!

“Brother Zhong.” Walking into the office, Tang Long lowered his head and shouted to Zhong Liang.

“What position do you think is right for you in the company?” Zhong Liang asked lightly.

Able to regain a job. For Tang Long, it is already very precious. He has never expected to have a high position in a weak water property, and he has confidence in his abilities. Even if he starts from the bottom, he has the ability to rise up.

“Brother Zhong, I will go wherever there is a shortage of people,” Tang Long said.

“My office is short of people, do you dare to come?” Zhong Liang asked.

Tang Long's face turned pale. This office belonged to Zhong Liang. If he sat here, wouldn't he replace Zhong Liang? He didn't dare to think like that.

“Brother Zhong, stop joking with me, how dare I sit in your seat.” Tang Long said quickly.

“You used to be very confident and courageous. If you used to have the courage to agree to it, what is going on now that you have become so timid and incompetent?” Zhong Liang looked at Tang Long lightly.

Tang Long smiled helplessly and said: “Brother Zhong. During this period of time, I was bruised and swollen in major companies. No company dared to ask me. No matter how strong my confidence is, I will be destroyed. I only want a secure job. No matter where I start, as long as my ability is still there, I believe I will sit in the position I deserve.”

Faced with this kind of reply, Zhong Liang is still very satisfied. At least he is still very confident.

“I didn’t joking with you, this position. You will be seated, and the young master personally arranged it.” Zhong Liang said.

Tang Long suddenly raised his head.

The young master arranged it!

Tang Long knew that the young master Zhong Liang said was George Han.

But... But how could George Han give him such a high position and let him directly replace Zhong Liang? He took Zhong Liang’s seat, what did Zhong Liang do?

After being confused for a long time, Tang Long came back to his senses and said, “Brother Zhong, is this Mr. Han’s test of me? He deliberately let you test me? I don’t have such big ambitions. I really just want a stable job. It’s nothing more than his work.”

Looking at the panic in Tang Long’s eyes, Zhong Liang knew how exciting this arrangement was for him. If he switched positions, Zhong Liang would stand in Tang Long’s position, and he couldn’t believe it was true. After all, Tang Long was kicked out of the weak water real estate because he offended George Han. Now it is a great fortune for George Han to forgive him for giving him a chance again. It is naturally a bit unbelievable to arrange such a high position.

“This is not a test. It is not a temptation, because I am about to return to Hillwood City, and the best candidate for this position is you. This is the young master’s decision after careful consideration.” Zhong Liang explained.

Seeing that Zhong Liang didn’t seem to be joking, Tang Long trembled slightly. He couldn’t believe it was true, but it seemed to be the case.

Zhong Liang’s position is the person in charge of Weak Water Real Estate. Without George Han, he can make decisions on all matters of the company, and he has a status of less than 10,000 people.

Moreover, in today’s Basin City, Qianshui Real Estate and the Su family are the leaders in the business world. If he can sit in Zhong Liang’s position, he is also a big figure in Basin City, even higher than his previous status. a lot of.

“I have already told you the young master’s arrangement. It takes some time to digest this matter, depending on your appearance, so let me give you one day, and tomorrow you will come to do the handover work with me.” Zhong Liang said.

Leave the weak water property. Standing on the street, Tang Long felt like he was still dreaming. A sudden surprise could directly change his life, but he never expected the ups and downs of his life. It turned out to be caused by one person.

He once fell into a trough because he offended George Han.

He now returns to glory because of George Han!

Go home. When Tang Chengye found that Tang Long looked desperate, he couldn’t help but burst into anger.

In his opinion, Tang Long must have been teased, so he looks like a walking dead.

“I didn’t expect Wilson Su to play with me like this. He is amazing now, but we are old classmates after all. How could he be so ruthless.” Tang Chengye gritted his teeth.

In order to comfort Tang Long, Tang Chengye walked to his side, patted him on the shoulder and said, “Tang Long, let’s move together and leave Basin City. With your abilities, we can still get along well in other cities.”

Tang Chengye had proposed this to Tang Long before, but Tang Long rejected it because Tang Long did not want to start all over again in other cities. Because after leaving Basin City, it meant that he had nothing left.

But in Basin City, even if he starts from the grassroots level, he has connections and connections, and his promotion is unmatched elsewhere.

Chapter 716

Tang Long shook his head and moved. How could he need to move now? Instead of Zhong Liang, his position in Basin City instantly increased several times. This is the pinnacle of his life. No matter which city he is in, Tang Long does not It is possible to do this.

Seeing Tang Long shook his head, Tang Chengye said angrily: “Are you going to be humiliated by them willingly? The current Basin City. It is already their territory, what ability do you have to fight with them.”

“Dad, you misunderstood, Wilson Su didn’t play with us.” Tang Long said.

Not played by Wilson Su? But Tang Long’s expression was clearly discouraged. If it weren’t for being hit in a weak water property, how could this be?

“What’s the matter?” Tang Chengye asked.

Tang Long swallowed. Even now, he still couldn’t believe this was the truth, because the gap was too great. So that he felt like he was in a dream.

“Dad, Zhong Liang wants to return to Hillwood City, and I will replace Zhong Liang in the weak water property. This is arranged by George Han.” Tang Long said.

Tang Chengye’s dumbfounded expression was exactly the same as Tang Long before.

After a long time, Tang Chengye asked: “You...you, what did you say?”

“I want to replace Zhong Liang’s position.” Tang Long said.

Tang Chengye took a deep breath, feeling that his heart and liver were trembling, and said: “No, no kidding, you are going to sit in Zhong Liang’s position, Zhong Liang from the weak water real estate?”

Tang Chengye knows very well what level of status Zhong Liang has now. The development of the city west and the village in the city is now in charge of Zhong Liang alone. The Su family company only has some participation, and wants to share in these two projects. There are countless people in Genang. Their only means is to get some work by courting Zhong Liang. If Tang Long really replaces Zhong Liang, wouldn’t the threshold of their Tang family be smashed by Basin City merchants?

“Apart from him, is there any other Zhong Liang?” Tang Long asked rhetorically.

“You heard that right, son, are you hallucinating? George Han can give you a chance to work again. It is already his kindness. How could he give you such a big right?” Tang Chengye couldn’t figure out George Han. Why did he do this so that he couldn’t believe it was the truth.

Tang Long shook his head. He didn’t understand why George Han did this. After all, he had humiliated George Han before. Can he really do it regardless of previous complaints?

In fact, this matter is just a trivial matter for George Han, because his vision has long been out of Basin City, or even the whole country of China. He doesn’t care about it. The turning point in his life lies in the apocalypse and in the new world. Therefore, George Han paid no attention to these trivial matters in the business world. He gave Tang Long a chance to toss and valued his ability. As for his previous grudges, George Han did not forget, but because of these trivial matters. It’s not worth his care.

The unbelievable things that Tang Chengye and his son seemed to be were only the trivial matter of George Han. This was the difference brought about by the difference in status and vision.

“Dad, this is all true.”

After saying this, Tang Long’s cell phone rang suddenly.

Seeing that it was Zhong Liang’s call, Tang Chengye motioned to Tang Long to turn on the speakerphone.

“Brother Zhong, are you looking for something to do with me?” Tang Long asked.

“I forgot to remind you a sentence just now. It’s a piece of advice. Never think of betraying the young master. It’s not good at all. Otherwise, you will not only lose everything you have now, but also your life.” Zhong Liang said.

“Thank you Brother Zhong. I took it down.” Tang Long said.

As soon as Zhong Liang’s party hung up, Tang Long felt that Tang Chengye slapped him on the back of his head.

“Dad, what are you doing?” Tang Long asked puzzled.

“Go back to the room, write the sentence a thousand times in silent, and remember it for me. Don’t be confused in the future.” Tang Chengye ordered.

At the mountainside Villa, George Han, who went to his grave and went home, looked unhappy. Amelia Su knew that his heart would be hard to get through, but the sentence in front of the grave just now revealed George Han’s heart.

“You seem to be very cruel on the surface, but in your heart, there is still a soft side.” Amelia Su said to George Han.

“What do you mean?” George Han asked puzzledly.

“In the face of a person who hates to the bone, she should be cursed to go to hell. Why do you want her to watch her in the sky.” Amelia Su said, she well caught the loopholes in George Han’s words at the grave . In Amelia Su’s view, this is the true thought exposed by George Han subconsciously. He really hates Nangong Qianqiu. This is understandable, but this hatred does not mean that George Han has completely abandoned him and Nangong Qianqiu. Blood relationship.

George Han frowned slightly. He was sure that he had absolutely no such thoughts in his heart, but he didn’t know how to refute Amelia Su’s words.

Thinking about it now, why didn’t he think about Nangong Qianqiu going to hell?

George Han couldn’t explain, so he could only change the subject and said, “I’m going to Bin County.”

“What are you going to do in Bin County?” Amelia Su asked inexplicably. It was Lily Jiang’s hometown. For George Han, Bin County had nothing to remember, and it was not worth his special visit.

“There is still something to be solved, it’s not a big deal, don’t worry.” George Han said.

Amelia Su suddenly lowered her head. Tears burst into his eyes instantly.

Amelia Su did not directly ask George Han about Apocalypse, because she was running away from George Han in her heart.

But George Han suddenly went to Bin County, which had to make Amelia Su think more.

“Are you going to help me resolve all the unstable factors before leaving?” Amelia Su said.

George Han was stunned. He went to Bin County. It was indeed the last warning to the Jiang family. He didn't want the Jiang family to make trouble for Amelia Su after he left. After all, those shameless guys could do everything. , George Han needs to contain these guys and not give them a chance to mess around.

However, George Han could not agree with Amelia Su's words, he did not want Amelia Su's mood to be affected by this incident.

"Tang Zong, do you remember." George Han asked.

"Remember." Amelia Su said, Bin County celebrities. When they went to Bin County last time, it was also because of Tang Zong that the Jiang family did not dare to underestimate George Han. How could she forget.

"Tang Zong went to the U.S., and Bin County is quite chaotic now, so I need to help him solve it." George Han said.

Amelia Su knew this was just a perfunctory excuse. How could the trouble in that small place in Bin County require George Han to come forward in person, but she didn't get to the bottom of it. Some words that were too clear were not a good thing and hurt others and themselves.

"Then be careful, go early and return early." Amelia Su said.

"Don't worry, I'll be back early, but you said there are rewards." George Han smiled.

Amelia Su's face was flushed again, and she was already a mother, but she was still like a little girl. Whenever she mentioned this kind of thing, she couldn't help being shy.

"Hurry up, there is no reward." Amelia Su said dissatisfied.

George Han smiled and left the Villa.

Bin County.

After Tang Zong left Binxian, he did not leave Binxian alone. After all, this was where he made his fortune. It was more or less emotional, and he had long hoped to leave Binxian to help George Han do more things. So he had already prepared candidates for promotion.

Nowadays, Bin County is managed by a man named Mao Tianyi. I have been with Tang Zong for many years, and I am very familiar with Tang Zong's methods of doing things. Therefore, after Tang Zong left, no chaos happened in Bin County, under Mao Tianyi's powerful methods. It still looks calm.

Mao Tianyi is a young man less than 30 years old. He has a strong desire for career and rights. Of course, young people have the domineering attitude. He does.

As for men, once they have money and power, they can hardly control their mentality and easily become airy. Mao Tianyi's life has become very extravagant because of Tang Zong's departure. It is normal to hug left and right every night.

"Mr. Mao, I've found a few models for you tonight. Would you like to take a look at the photos first?" Mao Tianyi's assistant took out his mobile phone and said.

Mao Tianyi grabbed the phone directly, and when he saw the photo, his heart was itchy and he said, "Yes, get me a car quickly. Go and see the real person."

"Row."

The vehicle was ready and was about to leave the company, but a young man blocked the way.

“Crazy mud horse, who is not so long-eyed, dare to stop Mao’s car.” The assistant scolded and got out of the car.

Chapter 717

Today, in Bin County, Mao Tianyi can be said to be the first person, so his assistant is also extremely arrogant. After all, in Bin County, there are no people he can't afford to offend, so naturally he won't put people in the way.

Stepping forward, he pushed the person who came, but instead of pushing the person off the road, he took a step back.

This made the assistant even more embarrassed.

“Are you f*cking blind? You know whose car it is? Don't get out. Be careful I interrupt your leg.” The assistant said disdainfully.

George Han smiled faintly. Although he has not been in contact with Mao Tianyi, he can feel that Mao Tianyi's personality is far from that of Tang Zong.

Tang Zong is very low-key in Bin County and has never caused any scandals. He has a very good reputation in Bin County. Even some ordinary people like him very much, because the development of Bin County is inseparable from Tang Zong. Relationship, he created countless employment opportunities. Provided a better life to the people of Bin County.

And these good reputations, I am afraid that it will not take long before Mao Tianyi will be defeated.

“It seems that the people cultivated by Tang Zong are not worthy of his trust.” George Han said lightly.

When the assistant heard George Han mention Tang Zong's name, his eyelids instantly jumped.

Although Mao Tianyi is very powerful now, it is based on Tang Zong's departure. Once Tang Zong returns, Mao Tianyi will regain his previous identity, and if the person in front of him is a friend of Tang Zong, Mao Tianyi can't afford to offend him.

"Who are you, do you still know Tang Zong?" the assistant asked cautiously.

"Who am I? Let Mao Tianyi come out and have a look. Maybe he will recognize me." George Han said.

With anxiety, the assistant walked back to the side of the car and said to Mao Tianyi through the car window: "Mr. Mao, someone is blocking our way. Look..."

Before the assistant spoke, Mao Tianyi, who closed his eyes and meditated, scolded: "Are you not sure about this little thing? Don't bother me to rest, I have to regenerate."

"But... President Mao, this person seems to know Tang Zong." The assistant said.

Mao Tianyi suddenly opened his eyes. It is normal for people to know Tang Zong in Bin County, but those who dare to block the way like this are definitely not related to Tang Zong.

"What's his name?" Mao Tianyi asked.

The assistant shook his head and said, "I don't know, but he said, you might recognize him."

Mao Tianyi didn't dare to neglect, if he was really an acquaintance of Tang Zong, he didn't dare to provoke him, and he must not let Tang Zong know about his behavior in Bin County.

The moment he got out of the car, when Mao Tianyi saw George Han. There was a feeling of numb scalp and goose bumps all over.

George Han!

It turned out that George Han came!

Last time George Han came to Bin County, Tang Zong did not formally introduce Mao Tianyi to George Han, because in Tang Zong's opinion, Mao Tianyi was not qualified, but Mao Tianyi had seen George Han and he clearly remembered George Han. This face.

How dare Mao Tianyi forget the person who can make Tang Zong bow his head!

Three steps in two steps, Mao Tianyi walked up to George Han, lowered his head and said, "Brother George, I didn't expect you to be here."

The assistant was terrified when he saw this action on the side. He didn't expect that this guy was really a big man. Even the arrogant Mao Tianyi would have to be so respectful when he saw it. And he, just pushed this guy a moment ago. Thinking about it now, it's really regretful. Green intestines.

"You are Mao Tianyi?" George Han said lightly.

Mao Tianyi walked on thin ice and said cautiously: "It's me, Brother George can call me Xiaomao."

"The character of the owner can be seen from the character of the dog. Dogs are so arrogant. Am I qualified to call you Xiaomao? You would exalt me too much."
George Han said lightly.

When Mao Tianyi heard this, Liushen Wuzhu was frightened. He was indeed arrogant in Binxian, so that his assistant had a very strong temper, but George Han was a big man who even Tang Zong would respect. What does he count?

“Brother George, I’m sorry, but I didn’t discipline my subordinates well. Don’t worry, I will pay attention to this issue.” Mao Tianyi said.

“It seems that you still don’t know where the problem is. Tang Zong made the wrong choice to hand Bin County to you.” George Han said coldly.

Mao Tianyi’s forehead was cold and sweaty. He finally waited until today. Once George Han told Tang Zong these things, his future would be ruined.

The terrified Mao Tianyi knelt directly in front of George Han and said, “Brother George, I was wrong, please give me another chance.”

Seeing this, the assistant knelt down, after all, this matter was caused by him. If Mao Tianyi is over, he will be over.

Since Mao Tianyi came to power, he followed Mao Tianyi’s arrogance and domineering, offending many people, once he lost his current position. Maybe I’m going to be corpse on the street tonight.

There are a lot of people on the road, and many people know Mao Tianyi. At this moment, seeing Mao Tianyi kneeling, all showed a surprised expression.

“Who is this person, who can make Mao Tianyi kneel down.”

“This person was born, I haven’t seen him before. Could it be that Tang Zong sent it?”

“This Mao Tianyi really deserves it and made him arrogant in Bin County. I really thought that Tang Zong didn’t know. This guy is about to lose Tang Zong’s good reputation.”

“You can’t live by committing sins. I really hope this guy is dead, lest Bin County is harmed.”

“After Tang Zong left, I don’t know how many beautiful girls were planted in Mao Tianyi’s hands. My colleague’s daughter was forcibly taken home by this beast.”

Listening to the grievances nearby, the coldness on George Han’s face became even more serious. It seemed that Mao Tianyi had really done a lot of things that were infuriating.

And the fact is true. After Mao Tianyi came to power, he was arrogant and did the most exaggerated thing. He saw a couple on the street. The woman was very beautiful. He walked directly to the male side and offered a high price, hoping that his girlfriend could accompany him. One night, the man did not agree, and was beaten into the hospital by Mao Tianyi’s men. There was a lot of disturbance in this matter, but it was finally settled by Mao Tianyi’s money.

It can be said that Mao Tianyi is a wicked person who does no evil, swollen with the exception of Tang Zong. Anyone can ignore it.

“Mao Tianyi, I’m very curious about how many evil things you have done, and even passers-by can’t help but scold you.” George Han said coldly.

Mao Tianyi could not wait to kill those talkative guys. He did do a lot of things that people and gods were angry with. But what qualifications do these idiots have to point him?

“Brother George, they slandered me. I don’t even know these guys. Don’t listen to them talking nonsense.” Mao Tianyi explained.

At this time, a bold passerby walked up to George Han and said, “Little brother, although I don’t know who you are, there is absolutely no adulteration in every word we say. This guy is really a villain. Tang Zong’s reputation is completely destroyed on him. If you can contact Tang Zong, you’d better tell him these things.”

“What the hell are you. Believe it or not I killed you.” Mao Tianyi gritted his teeth and stood up, ready to teach the speaker.

When passers-by saw this, he stepped back with a look of fear.

George Han kicked Mao Tianyi down and said to passers-by: “Don’t worry, starting from today. Mao Tianyi is a useless person, he will not hurt you, thank you for daring to stand up and talk to these people.”

The passerby looked lingering, and regretted to stand up and say these words, after all, if Mao Tianyi would retaliate against him. He can’t afford it by an ordinary person.

“Little brother, is what you said is true? Mao Tianyi is vicious. If I get revenge by him, it will be over.” A passerby asked George Han.

George Han nodded, and said, “Don’t worry, I am a person, I do what I say.”

After speaking, George Han took out the phone and dialed Tang Zong’s number.

“I’m in Bin County, Mao Tianyi, I helped you clean up the door.” George Han said to Tang Zong.

Tang Zong trained Mao Tianyi for a long time. In his opinion, Mao Tianyi was the best candidate to succeed Binxian, but since George Han had said this. Tang Zong would not help Mao Tianyi to explain.

When George Han turned on the speakerphone, Tang Zong's words came out on the phone: "Brother George, if you want you to do it yourself, he is not worthy, I will send someone over immediately."

These words made Mao Tianyi look desperate, and shouted into the phone: "Brother Tang, giving me a chance, I will be an honest person."

Chapter 718

Tang Zong can no longer give Mao Tianyi a chance. After all, George Han has personally intervened in this matter. Such a person, even if Tang Zong still has some feelings for him, is not worthy of Tang Zong. maintain.

Soon after hanging up the phone, Tang Zong's people came and Mao Tianyi was taken away in despair. The assistant knelt on the ground and shivered. He didn't even have the courage to look up at Mao Tianyi.

He did not expect that Mao Tianyi's glory had just begun. It would fall so fast, as if a meteor flashed by.

"Brother George, what he did has nothing to do with me. I was forced to do it. He asked me to do it." As the assistant said, he knocked his head at George Han.

George Han rubbed his temples. He came to Bin County to prevent Jiang's family from going to Basin City to make trouble for Amelia Su. He thought that the person Tang Zong chose would make him worry, but he didn't expect it to end like this. In this way, Bin County would have no one in control of the situation, and George Han had to worry about this candidate.

If it were in Basin City, this question would be a trivial matter to George Han, and he had a lot of candidates. But in Binxian, I really can't think of anyone worthy of guidance.

Glancing at the assistant, this kind of counseling is not enough to take on the big responsibility, even if he is given enough rights, he will still be a status junk, and he will not be any different from Mao Tianyi.

Thinking about it, only one name appeared in George Han's mind.

Liu Zhijie!

The man who used to vie with George Han secretly, after breaking up with Jiang Wan, didn't know what was going on with this guy now.

For George Han, Liu Zhijie is not a person who can achieve great things, but he has a deep fear of George Han. Perhaps there is this fear, and if he supports him, he dare not treat George Han. Any heart of betrayal.

And using him to control the Jiang family is also a good choice, after all, Liu Zhijie is very familiar with the Jiang family.

With George Han's current status, it is not necessary for him to come out in person to intimidate the Jiang family. Even if Lin Yong comes, he can do it very easily.

But for George Han, this matter is very important, and anything related to Amelia Su and Han Nian deserves his personal appearance.

It's not that George Han is causing trouble for himself, but in his mind. This is not a small thing to ignore.

Because in this world, only Amelia Su and Han Nian are the most worthy of George Han's care.

"Find someone for me, Liu Zhijie." George Han said to his assistant.

"Yes, yes, Brother George, I will help you inquire immediately." The assistant nodded and said.

After making a few calls in a row, the assistant got feedback in less than ten minutes. From this point of view, he still has a good network in Binxian. Perhaps letting him stay with Liu Zhijie can help a lot. , After all, Liu Zhijie's identity is just the boss of an ordinary company. Suddenly asking him to sit in such a high position, he may not be able to adapt in a short time, and with this assistant, it will be easier for him to adapt to these things.

As for whether Liu Zhijie's character will be biased by his assistant, George Han has no worries at all. The dog's character depends on his owner. Only a master like Mao Tianyi will have an arrogant dog. As long as Liu Zhijie can recognize what he should do. What, then it is impossible for the assistant to influence him.

"Brother George, people have already inquired, in Fengmanlou." The assistant said to George Han.

Windy?

George Han frowned slightly. If you remember well, Liu Zhijie's company should be in the financial sector. This is not a place to eat. What is he doing in Fengmanlou? This place sounds like a restaurant.

"Go." George Han said.

Get in the car that should have belonged to Mao Tianyi, the assistant drove the car and headed towards the windy building.

Although it is not a place to eat now, Fengmanlou has only one table of guests, but because of the presence of this table of guests, the whole Fengmanlou seems to be very lively. Every guest who drinks wine speaks very loudly, and it is the king of heaven. I couldn't stop it.

"Liu Zhijie, serving wine, his movements are really f*cking slow." At this moment, a young man shouted loudly.

After a while, Liu Zhijie walked to the guests with a case of beer.

"Liu Zhijie, what you said before is also the boss, you actually fell to this point."

"It's really comfortable to let a boss like you bring us wine."

“I used to invite you to dinner. You f*cking don’t give face. , Now you know what you are.”

“Hahahaha.”

Everyone laughed.

They are not a table of ordinary guests. All of them have more or less intersection with Liu Zhijie. They are the owners of some small companies in Bin County, and some of them do better business than Liu Zhijie. But more often, it was not as good as Liu Zhijie before, but now, Liu Zhijie’s company is finished, and he has to find a job in order to survive. After hearing the news, these people gathered together to have a meal.

As the saying goes, the drunkard’s intention is not to drink, and these people do not really come to eat, but to humiliate Liu Zhijie.

Hearing these words, Liu Zhijie lowered his head, taking his current position. He is not qualified to compete with these people, and he does not have the capital to stand up right now, and can only bear the humiliation silently.

“By the way, what is your girlfriend’s name? Last night I just used a new mobile phone to get her done, and she told me you can’t be in bed.” Someone sneered and said.

Liu Zhijie and Jiang Wan had broken up a long time ago. Jiang Wan had harassed him for a while, hoping to get back with him, but Liu Zhijie did not agree. After all, the Jiang family was regarded by Tang Zong as a thorn in the eye. For the development of the company, how could Liu Zhijie be with Jiang Wan.

Moreover, Liu Zhijie, the power of this woman, also recognized that she can share wealth, but she must not have difficulties with each other. Such a woman has no meaning to him.

The facts also proved that his view of Jiang Wan was completely correct. After Liu Zhijie's company went bankrupt, Jiang Wan only appeared once, and after an insult to Liu Zhijie's nose, she disappeared forever.

Occasionally, Liu Zhijie would learn some news about Jiang Wan from certain people. She is like a chicken now. As long as anyone can afford to pay, Jiang Wan is willing to lie on someone's bed.

"Liu Zhijie, his mother too sterile, right, his woman is now being played did not dare say anything?"

"What a waste, you used to do quite resistant, do not say a word now?"

Liu Zhijie He took a deep breath and said, "I broke up with her a long time ago. It doesn't matter who she wants to sleep with."

"No, I have to let that bitch come and see. See how much you are now. Worry." The person who spoke just now took out his cell phone and dialed Jiang Wan's number.

"Hey, you come to Fengmanlou immediately, your ex-boyfriend is here as a waiter, and you will take care of it." The man said to Jiang Wan on the phone.

Ex-boyfriend?

Jiang Wan immediately thought of Liu Zhijie. She used to like Liu Zhijie because of the money, but now she only treats Liu Zhijie as a poor man. This kind of person is not worth seeing in person.

"I'm not going to see him doing this trash." Jiang Wan said disdainfully.

"Smelly lady. I just let you come, do you dare to refuse me?" the man said dissatisfied.

Jiang Wan was at a loss when he heard this. After all, she couldn't offend this person now, and she also knew what was the purpose of letting her go to Fengmanlou, didn't she just want to use her to humiliate Liu Zhijie?

"Get out quickly. I will reward you ten thousand." The man continued.

"Okay, I'll be there soon." Jiang Wan answered immediately.

After hanging up the phone, the man laughed and said, "This bitch is really interesting. You can do everything for money. Are you interested in looking good? The most important thing is that the bed skills are not bad, and they are good at serving men. of."

As a man, Liu Zhijie can guess what they want to do through their eyes, but he has no sympathy for Jiang Wan, even a former couple, but all of this is Jiang Wan's own blame for money, and there is no sympathy at all. local.

"Liu Zhijie, my shoes are dirty. If you are willing to kneel down and clean it for me, I will give you ten thousand, how about it?" The man stretched out his leg and said to Liu Zhijie.

Chapter 719

Liu Zhijie can accept his downfall, and he also has the belief that he can make a comeback. Otherwise, if his business fails, he has already fallen into disrepair. How can he come to Fengmanlou as a waiter?

This kind of identity gap is not acceptable to everyone. From this point, it can be seen that Liu Zhijie's willfulness is still very strong.

But he can accept the downfall. It does not mean that this insult can be accepted.

Ten thousand yuan is a lot of money for him now, but he will never betray his dignity because of this money.

"I don't need it." Liu Zhijie said lightly.

When the man heard this, his expression suddenly covered with coldness, and said: "Liu Zhijie, it doesn't give me face so much? My legs are already stretched out. You won't want me to take it back, believe it or not I can let you Bin County could not find any jobs."

"Do you regard yourself as Tang Zong or Mao Tianyi?" Liu Zhijie responded neither humble nor arrogant. Although Bin County is not a big place, it is only Mao Tianyi who can really control everything except Tang Zong. But what Liu Zhijie didn't know was that Mao Tianyi was finished.

That person didn't dare to compare himself with Tang Zong Mao Tianyi. If this word was spread, he would be dead, especially if Mao Tianyi heard it, the consequences would be even more serious.

No one dared to provoke Mao Tianyi's arrogant behavior in Bin County, let alone compare with him, even if he mentioned his name, he had to be careful.

“Grass mud horse.” The man stood up, kicked Liu Zhijie’s abdomen, and yelled angrily: “Liu Zhijie, are you giving me a condom?”

Liu Zhijie stepped back and fell to the ground, his expression almost distorted with pain.

The wind is in the corner of the building.

George Han watched this scene and shook his head slightly.

The assistant stood behind George Han, and said with a sigh: “This group of people have worked with Liu Zhijie before. I didn’t expect that Liu Zhijie is now down. They don’t even miss the old feelings.”

“This is the law of the business world. There are no eternal friends. There are only eternal benefits. Once a friend fails to generate benefits, it is equivalent to an enemy.” George Han said lightly. This is a very realistic social issue. How many friends can make heart-to-heart?

The assistant felt cold. He also offended many people. Now Mao Tianyi is down. If those people know about it, he will probably end up worse than Liu Zhijie.

At this time, a woman wearing a down coat walked into Fengmanlou, her thighs were still exposed under the coat, and she did not forget to show her figure even in the cold winter.

“Heavy makeup, Jiang Wan has changed a lot.” George Han said with a smile, the heavier the makeup, the more it means that Jiang Wan wants to stand out, and this mentality can be understood as Jiang Wan can’t wait to find a man. As a reliance.

But who would dare to ask for her current reputation in Bin County?

A torn shoe that was worn by countless people ended up in the end. Only to be thrown into the trash can.

“Jiang Wan, your speed is so slow, don’t you want money.” The man said with a dissatisfaction when he saw Jiang Wan.

Jiang Wan walked to the person and quickly apologized with a smile on his face.

“I immediately took a taxi when I received your call.” Jiang Wan said.

The man pulled Jiang Wan into his arms, and then said with a look of disgust: “What are you doing in such a thick dress? How can I give you money if I don’t let Laozi look at it?”

Jiang Wan took off his down coat swiftly, and his beautiful figure was visible.

I have to say that Lily Jiang’s figure is indeed very good. The tights that she put on specially outline the perfect curve, and the eyes of several other people shine.

“Look, this is your ex-boyfriend.” The man pointed to Liu Zhijie on the ground and said.

Jiang Wan smiled coldly, and said disdainfully: “I don’t even know this kind of waste.”

“Hahahahaha.” The man laughed loudly and said to Liu Zhijie: “You’re so f*cking miserable. Even the ex-girlfriend doesn’t want to recognize you. Tsk tusk tusk tusk tusk tusk tusk tusk tusk-tsk-tsk-tsk-tsk.”

At this time, Jiang Wan suddenly stepped forward. He stepped on Liu Zhijie’s hands on the ground with high heels and said: “Liu Zhijie, you have today. It’s ridiculous. Do you remember how you rejected me before? Now, you don’t even have the right to lift me shoes.”

Liu Zhijie took a deep breath. This woman turned her face too hard, begging to get back with him before. And now, he was so insulted with this group of people.

“Jiang Wan, you are just a torn shoe now, do you need someone to carry it?” Liu Zhijie said.

loose woman?

These two words made Jiang Wan embarrassed and unstoppable. She knew that she was not clean now, but why did Liu Zhijie say so.

In Jiang Wan’s view, she just gave something for her own life, and everyone got what she needed. What’s wrong?

“Liu Zhijie, you are not qualified to judge me.” After speaking, Jiang Wan glared fiercely.

Liu Zhijie’s expression was distorted with pain again, and the sharp pain from the back of his hand caused his entire palm to become a little numb.

Looking at Liu Zhijie being humiliated by Jiang Wan, the group laughed happily.

“Liu Zhijie, what’s your current situation? You are so miserably bullied by a woman that you dare not fight back?”

“After you went bankrupt, did you even change your gender? You really don’t look like a man.”

“If you have the ability, stand up and have a fight with this girl, let’s watch a good show.”

Everyone began to instigate Liu Zhijie to resist, but as long as Liu Zhijie dared to make a move, it was the time when they beat Liu Zhijie.

To make it clear, these guys just want to find an opportunity to take pains to give Liu Zhijie a meal.

Liu Zhijie took a few deep breaths, his face turned pale, he knew what these guys were thinking. It is absolutely impossible to give them a chance to succeed.

But these humiliating words made Liu Zhijie furious, and he clenched his fists unconsciously.

The man saw that Liu Zhijie had a tendency to fight back, and continued to add fuel to the fire: “Liu Zhijie. Can you f*cking stand up like a man, don’t be a waste of money, let the person live, if you don’t even care about it. Just die.”

Liu Zhijie trembled slightly, which indicated that he was on the verge of breaking out.

At this moment, the man suddenly handed a beer bottle to Jiang Wan.

Although Jiang Wan was very cruel to Liu Zhijie, she did not have the courage to do this kind of hurtful thing.

“I’ll give you another ten thousand.” The man said.

These five words made Jiang Wan hold the beer bottle in his hand without hesitation. Slammed down at Liu Zhijie’s head.

With a bang, the beer bottle burst open and glass shards splashed.

The blood flowed down Liu Zhijie’s forehead, his head dizzy.

Seeing the bright red blood, Jiang Wan was a little unsteady. This was the first time that she hated people so much, but for the sake of 10,000 yuan, she had to sacrifice it.

“Liu Zhijie, you are really useless.”

“It’s so useless, it’s really embarrassing to a man.”

“Do you still have the dignity to live in this world? Find a tall building and die. Don’t insult a man.”

The mocking words came into Liu Zhijie’s ears, he heard very vaguely, and even his vision became a little blurry, because the blood kept flowing, which had already blocked his vision.

At this moment, Liu Zhijie suddenly found a pair of man’s legs in front of him.

“stand up.”

This voice!

Liu Zhijie looked up, trying his best to see who the master of this familiar voice was.

“You...you...” Liu Zhijie was frightened with disbelief. The person who appeared in front of him was George Han. He never dreamed that George Han would return to a small place like Bin County. After all, Now even Tang Zong has left Bin County.

“Grass mud horse, boy, I advise you, don’t be nosy.” The man warned George Han, but when he said this, he didn’t realize that Jiang Wan’s pale face was already scared and his legs softened and he squatted. on the ground.

The horror in Jiang Wan’s eyes was like seeing a demon, and she did not expect that George Han would come to Binxian again!

For the Jiang family, George Han is an absolute devil.

“Liu Zhijie, I will let you stand up.” George Han ignored the man’s words and continued to say to Liu Zhijie.

In a panic, Liu Zhijie stood up trembling slightly. How dare he not listen to George Han’s orders, even if he was lame, he had to stand up in front of George Han.

Chapter 720

Seeing that George Han didn't put himself in his eyes, the man dared to ignore his words, angrily hit his head, he actually copied a beer bottle and slammed it on the back of George Han's head.

Upon seeing this, the assistant was about to remind George Han that George Han kicked back and kicked directly on the man.

Under the impact of gravity, the man flew upside down five meters away, smashed a wooden table before falling to the ground.

A painful moan came from his mouth and it kept rolling on the ground. Obviously very painful.

When the others saw this, their faces changed greatly and stood up from their positions, and drew a safe distance from George Han.

"Who is this guy, so amazing."

"I haven't seen this person before in Bin County."

"He, the person next to him, isn't Mao Tianyi's assistant, how could he be here?" Someone said in a horrified tone.

The rest of the people only noticed that the assistant was there, and all of them turned pale.

Mao Tianyi's assistant is here, indicating that this person must have a deep relationship with Mao Tianyi, if this guy is Mao Tianyi's friend. They would be finished if they wanted to stand out for Liu Zhi.

This kind of thought made them feel desperate, but it was not the most desperate. When Liu Zhijie called out George Han's name, several people were struck by lightning. Frozen in place.

"Brother George, why are you here?" Liu Zhijie asked.

Three thousand brothers!

After experiencing the Hundred Days Banquet of Han Nian, almost all the surrounding cities except Basin City knew what kind of big man George Han was.

This group of people naturally heard about it. Is the person standing in front of them, George Han, the top figure in Basin City?

This thought scared everyone at a loss, even if Liu Zhijie had only a slight relationship with him, it was enough to make them dead.

Thinking of the humiliation of Liu Zhijie that he spared no effort just now, everyone's heart began to chill.

"Mao Tianyi has done all the bad things in Bin County, I will clean up the door." George Han said lightly.

Clean up the portal!

These four words undoubtedly gave those people a heavy blow again.

Mao Tianyi is now the highest-ranking person in Bin County, and he has solved Mao Tianyi? If this is the case, what are they?

Although the person who was beaten was in severe pain, the pain was not as much as one ten thousandth of the fear in his heart.

He began to regret his reckless behavior just now. With his status, how could he be qualified to attack George Han?

“Look at my joke by the way?” Liu Zhijie said with a wry smile. Although Mao Tianyi is powerful, he is nothing compared to a character like George Han, so George Han solved Mao Tianyi. In Liu Zhijie’s opinion, It’s just a trivial matter.

“Mao Tianyi is dead, Bin County needs someone who can control the situation.” George Han said.

At first hearing these words, Liu Zhijie didn’t react much, but after the careful tasting, Liu Zhijie’s eyes became incredulous.

You need someone who can control the situation. At this time, George Han came to him. Liu Zhijie knew exactly what it meant.

“Brother George, you... do you want to give me this opportunity?” Liu Zhijie asked incredulously.

“But your performance disappointed me.” George Han shook his head.

Liu Zhijie’s heart sank. This is the only chance he can make a comeback. If he doesn’t seize this opportunity tightly, his life will only be spent in the lows.

“Brother George, I am also a person of dignity. Even if they are humiliated, I don’t want to, but now, I have no choice but to forbearance.” Liu Zhijie lowered his head and said.

“Really? If you were given a chance, what would you do?” George Han asked.

Liu Zhijie raised his head, looked at the group of people with torch eyes, and said with murderous intent: “Don’t even want to live.”

These words made the group of people chill with their backs, and they were all regretting their stupid behavior today. If they hadn't been idle to humiliate Liu Zhijie, how could they be in such a danger.

"Liu Zhijie, I came to see you today, not what I suggested, I just came to play with."

"Me too, and I also advised them not to come, but if they don't listen, I can't help it."

"It's him. It's all his idea. If you want revenge, go to him."

Everyone pointed at the person lying on the ground. At this time, they couldn't care about friendship. After all, they couldn't afford the consequences.

"Let me see." George Han said to Liu Zhijie.

Liu Zhijie wiped the blood off his eyes, holding a beer bottle in his hand, and walked towards the man.

"Liu Zhijie, what do you want to do, don't come over, don't come over." The man said with a look of horror, and kept moving back, but after pushing to the corner, there was no way to go back, but Liu Zhijie did not stop his footsteps.

"Liu Zhijie, I know I was wrong. I just wanted to play with you. I didn't expect this woman Jiang Wan to be so cruel and really beat you." The man explained.

When Jiang Wan heard these words, her expression did not change at all, her face was dull. There is only regret in my heart now.

Jiang Wan knew very well that once George Han gave Liu Zhijie a chance, he would replace Mao Tianyi's position. After all, with George Han's position, one sentence could change the entire Bin County pattern.

Bin County in the future. It was Liu Zhijie that had the final say. If she hadn't turned her face so quickly, if she was still willing to follow him when Liu Zhijie was down, the glory and wealth she would enjoy in the future would be unimaginable.

Unfortunately, there is no if in this world, and she can't turn back time.

"Play? Okay, I'll play with you now." Liu Zhijie gritted his teeth and said.

The man's desperate expression was intensely painful, and Liu Zhijie was able to get the opportunity given by George Han, and the instant turn over made him even have no chance to run away.

boom!

The beer bottle hit the man's head. Drinks splashed, and there were countless glass shards.

The man hugged his head and wailed.

Liu Zhijie did not give up, holding his hair in one hand and slammed against the wall.

The violent pounding sound resounded through the entire Feng Man Building, and the group of people trembled with fright and couldn't bear to watch the man's fate.

After George Han winked at the assistant, the assistant walked to Liu Zhijie and stopped him.

After all, this is a public place. Liu Zhijie can get revenge, but he must not kill.

"Brother George, please give me this opportunity. I will definitely not let you down." Liu Zhijie bent over ninety degrees and said to George Han.

“From today, you stay with him.” George Han said to his assistant.

The assistant was full of surprises. He was not abandoned because of Mao Tianyi’s death, which means that his gang of enemies are still not qualified to seek revenge from him, and for him, it is just a new master, essentially not. What changes.

“Thank you George, thank you George.” The assistant nodded and said.

George Han walked up to Liu Zhijie and said: “My request to you is very simple, don’t become the second Mao Tianyi, and Jiang family, I don’t allow them to take a step outside Binxian.”

Liu Zhijie knelt on both knees and said with a pious face: “Don’t worry, Brother George, I will never discredit you for the rights you have given me. As for the Jiang family, I will arrange for someone to watch 24 hours and they leave Bin. County, I fell to the ground.”

For such military orders. George Han was very satisfied, and based on Liu Zhijie’s experience, it was unlikely that he would become the second Mao Tianyi. After all, he had experienced the trough and now regained his rights. He will cherish it even more.

“Remember what you said, I don’t want to be in this place because of you.” George Han said.

Liu Zhijie nodded his head, he didn’t need to say more if he promised. He also knew that George Han didn’t need such verbal promises, and could only tell George Han with practical actions.

Just as the three were about to leave the wind. Liu Zhijie suddenly felt that someone was holding his leg, and when he looked down, it turned out to be Jiang Wan.

“Zhijie, I know I was wrong, can you forgive me?” Jiang Wan looked like a pear with rain. If someone who doesn’t know her reads it, it might feel distressed, but in Liu Zhijie’s eyes, her pity is particularly disgusting.

“Jiang Wan, how shameless you are, do you think I will be with you now?” Liu Zhijie glared Jiang Wan away, and continued in deep disgust: “The worn shoes worn by countless people, I How could Liu Zhijie want it.”

Jiang Wan looked dull. She once thought that Liu Zhijie could bring her happiness until Liu Zhijie’s company went bankrupt. After the company went bankrupt, she thought that Liu Zhijie had no chance of turning over, but because of George Han’s words, Liu Zhijie did. Going to the peak of life never before.

All this is not how powerful Liu Zhijie is, but George Han dominates everything.

Jiang Wan knew from the beginning to the end how happy Amelia Su she despised was now.

She once tried to compare with Amelia Su, now it seems that she has any qualifications?
