

His True Colour Chapter 801 - 810

Chapter 801

Everyone was anxious, and a large group of doctors returned to the mountainside Villa and performed a comprehensive examination of Amelia Su's body, but the result was still nothing. A large group of doctors shook their heads helplessly. There is no way to do this.

An angry Han Tianyang drove everyone out of the Villa, no matter what the famous doctor, no matter how high his status in Basin City, no one would dare to raise his head to retort, and he could only bear it down.

Nangong Boring also began to urge the world's famous doctors to rush to Basin City as soon as possible. Anyone who dares to put on airs is put on the neck with a knife. It can be said that Amelia Su's mutation has affected the medical community throughout the world. , And Nangong Boring. No longer concealing the energy of the Nangong family, the methods are tough, and they don't obey the Nangong family, and there is only one end, and that is death!

George Han who is in the Devil's Cave still doesn't know about this, but he also encountered a strange phenomenon. The little snake seemed to stick to him. No matter where he goes, the little white snake will follow. . What's even more strange is that in the extremely dangerous Demon King's Cave, only the gorilla appeared and no creatures appeared again. Could it be said that the masters who fell in the entire Demon King's Cave were the gorilla?

“Brother George, why is it so strange, why we haven't encountered anything, but there will still be bones along the way. Why did they die?” Jiang Yingying asked puzzled.

George Han shook his head, he was also pondering this issue. But until now, I have no idea at all.

Since the people are here, it means that they must have encountered some kind of crisis, but they are getting closer and closer to the so-called exit of Fang Zhan, but the danger is getting farther and farther away from them.

“I also feel a little strange, is there only a gorilla in it, but why does it run away.” George Han wondered.

At this time, Xiao Bai Snake suddenly stood in front of George Han, and it seemed to understand what George Han said. Show his presence in front of George Han.

George Han kicked and said disdainfully: “You are a miracle if a little thing like you doesn’t die. What’s showing in front of me.”

The little white snake hung on the wall. There was an indescribable sense of grievance in his eyes.

George Han didn’t take a second look, and said to Jiang Yingying: “No matter what, it’s good to be able to leave here. As for the reason they died here, it has nothing to do with us.”

Jiang Yingying nodded, although she was used to the stench in the Devil’s Cave. But I still looked forward to leaving as soon as possible and said: “Brother George, then let’s go quickly.”

The two accelerated their pace, but it didn’t take long before there was a movement from the front, and the rumbling sound of the collision between the rocks. Obviously, this would be the third creature that George Han and the two met in the Demon King’s Cave.

“Brother George, it seems that we are thinking too much. It is not so simple to leave.” Jiang Yingying said solemnly.

George Han had expected that he didn't think he was so lucky that he could leave so easily after coming to Demon King's Cave.

"It's time to gain insight again. You step back first." George Han said to Jiang Yingying.

Not long after, a giant winged lizard crawled in front of the two of them, spitting scarlet letters to demonstrate against them. There was a strong stench all over his body, it seemed that he saw the delicious food, and the saliva in his mouth flowed all over the place.

"It looks like. We are already treated as food." George Han said to Jiang Yingying.

Jiang Yingying also saw its desire, and in the face of such a terrible creature, Jiang Yingying couldn't even think of resistance.

"Brother George, what should we do." Jiang Yingying asked.

How to do?

George Han could test this question, and now he finally understood why Fang Zhan would say that no matter what he encountered, he should not fight head-on. Just run.

How can this kind of thing be defeated by manpower?

But where can the giant lizard block the way?

"It's not about strength but luck to be able to get out of the Demon King's Cave alive." George Han sighed. Although he was promoted to the Apocalypse level as fast as he could, what about this? In front of an opponent who is not at the same level, there is no choice but to wait for death.

“Can you turn around?” Jiang Yingying asked.

“I don’t know what we will encounter when I look back. Moreover, there is no food and drink here. If we consume it, our energy will be exhausted. It is a dead end.” George Han knew that there was no turning back. The only choice was to confront the giant lizard head-on. Maybe with good luck, there is still a way to survive.

Now his hope can only be pinned on the strength in his body. If it can explode with greater power, it may be able to escape death.

George Han thought of Amelia Su and Han Nian at this time. He couldn’t die, and he couldn’t die in the Devil’s Cave anyway.

“Brother George, you...your head.” At this time, Jiang Yingying looked at George Han in horror, and his head actually emitted a faint light.

At this time, no one noticed that the little white snake on the side became excited, with red eyes beating with excitement that could not be concealed.

“You step back.” George Han said to Jiang Yingying in a deep voice.

Jiang Yingying stepped back subconsciously. At this moment, she felt that George Han had suddenly become strange and strange, which made her a little scared.

The little white snake also retreated some distance, but the surface of the snake’s body was covered with a thin layer of scales, as if it had changed.

After George Han entered the Demon King’s Cave, the focus of all Tianqi was on the Demon King’s Cave. In addition to wondering whether George Han could come out of the Demon King’s Cave alive, there was also He Xiaoxiao who cursed George Han to die all the time. .

She hoped that George Han would die in the Demon King's Cave. Only in this way could she regain her dignity as a princess.

At this time, the Demon King's Cave suddenly shook the mountain. This was not an earthquake, but a movement from the Demon King's Cave.

Simenyi's expression changed drastically, and he hurried to Demon King's Cave.

The Third Hall, He Qingfeng, was studying the brochure George Han had brought out from the stone house. He felt the movement of the Demon King's Cave and hurriedly packed the brochure.

The two met at the exit of the Devil's Cave, both with solemn expressions.

"How come there is such a big movement!" He Qingfeng asked Yi Lao in a deep voice.

Yi Lao gritted his teeth, the thing he worried most seemed to have happened.

The so-called test in the Devil's Cave is not something that can be passed with strength. Once a head-on conflict with the creatures inside, it must be a dead end.

The movement just now was obviously caused by the conflict.

"It seems that George Han is already dead inside." He Xiaoxiao appeared coldly, with a happy smile on his face.

Finally dead, she no longer has to worry about seeing George Han and thinking of her humiliation again.

Chapter 802

The appearance of He Xiaoxiao made Yi's old face look like frost, and He Qingfeng's expression was a little panicked because of this.

He Qingfeng knew that He Xiaoxiao wanted George Han to die very much in her heart, but she definitely shouldn't fall into trouble at this time.

George Han was Yi Lao's personal apprentice, and this time George Han's entry into the Demon King's Cave was crucial for the entire Apocalypse.

In ten years, no one has been able to pass the Demon King's Cave test, which has made many people feel intimidated by the Demon King's Cave. If George Han can pass the test. He will surely let others regain some confidence.

And now, even George Han is dead. The impact this will have is to make other people have a stronger fear of the Devil's Cave. Who else will dare to enter the Demon's Cave in the future?

The crucial test may be completely invalidated from today, and this also indicates that there will never be a master of the sky word level in the future, which is almost a devastating blow to Apocalypse.

What's more, it is still a critical moment. The fluctuation of the forbidden area indicates that the Second World is ready to move. With the current strength of Apocalypse, it is impossible to compete with it.

"Xiaoxiao. Shut up." He Qingfeng scolded He Xiaoxiao coldly.

He Xiaoxiao dismissed He Qingfeng's words and continued: "He was overpowered and died in the Demon King's Cave. Don't you still allow others to criticize him? He really took himself as a masterpiece. This is what he needed to pay for his ignorance. cost."

“Necessary price?” Yi Lao looked at He Xiaoxiao with a cold face, and said: “You have been wayward in Tianqi for many years, and the Four Sects have never interfered, but you know. With your strength, even if you are He Qingfeng’s daughter, you are not qualified. Appearing here, Apocalypse is a place to prove yourself with strength, and you, but you have the strength of the yellow letter grade, He Qingfeng has sheltered for many years, I have never interfered, but what qualifications do you have to evaluate a person who only came to the Apocalypse for half a month, just Become a strong man at the earth level?”

“Because I am the daughter of the Lord of the Three Halls.” He Xiaoxiao looked proud, even in front of Yi Lao, she would not think she was inferior. This is the result of He Qingfeng’s doting on her since childhood.

He Xiaoxiao was in Tianqi, arrogant, and didn’t put anyone in his eyes, even if Yi Lao was just a dying old man to her.

“The daughter of the Lord of the Three Halls, doesn’t it need to pass the graded competition?” Yi Lao turned to look at He Qingfeng, her eyes like torches.

He Qingfeng dodged the eyes of Yi Lao with a guilty conscience. According to Tianqi’s rules, He Xiaoxiao did need to participate in the classification competition. This is something no one is qualified to overstep, it’s just that He Qingfeng didn’t mention this matter, and the Four Sects didn’t interfere too much. So others take it for granted that He Xiaoxiao has an extraordinary position in Tianqi.

After all, she is He Qingfeng’s daughter. Who would dare to treat her as a yellow character?

“Xiaoxiao, you quickly shut up.” He Qingfeng didn’t dare to face Yi Lao’s question. He can only tell He Xiaoxiao not to speak, otherwise, once Yi Lao is true about this matter, He Xiaoxiao can only be demoted to the yellow character level. And with her current strength and the degree of fear of luck, I am afraid there will be no way to return to the core of the three halls for a lifetime.

Today, He Xiaoxiao is determined to be true to the four sects, and she has to deal with George Han well. She must vent all the grievances during this period of time.

“Elder Yi, you are just the master of the four gates. What qualifications do you have to manage the affairs of the Three Halls? My dad gives you face, I am not afraid of you.” He Xiaoxiao said to Yi Lao disdainfully.

Elder Yi was not angry, but laughed, and said to He Qingfeng: “He Qingfeng, this is the daughter of your discipline. I don’t know the sky and the earth, I don’t know the status and inferiority, even I, the master of the four sects, doesn’t even care about me. in.”

“Old thing. You don’t know how high the sky is, what qualifications do you have to evaluate me.” He Xiaoxiao said angrily.

He Qingfeng hurriedly walked to He Xiaoxiao, although the contradiction between the four gates and three halls had been for many years. But he must not let this contradiction become bigger because of Xiaoxiao. After all, it is now in a special period, and the second world is likely to make a comeback. If Apocalypse breaks out internal contradictions at this time, he will become a sinner forever.

“Immediately apologize to Elder Yi.” He Qingfeng ordered He Xiaoxiao.

He Xiaoxiao didn’t even glance at He Qingfeng, as if he didn’t even look at his own father. Said: “Why should I apologize to him, am I wrong?”

Because of He Qingfeng’s pampering and sheltering, no matter what He Xiaoxiao did, she didn’t think it was wrong. Even in He Xiaoxiao’s cognition, she had never made a mistake in her life. Since she did not make a mistake, why should she apologize What?

He Qing is anxious, and he was fond of He Xiaoxiao before. It’s because she didn’t commit a big mistake, and He Qingfeng thought that this was her only daughter

and should protect and love her in all aspects. But now, He Qingfeng finally realized how stupid this kind of excessive doting is. He Xiaoxiao now is not only capricious, but lawless.

Snapped!

He Qingfeng slapped He Xiaoxiao's face and said coldly: "I want you to apologize to Yi Lao."

This is the second time He Xiaoxiao has been beaten in her life. When she was covering her face, there were no tears in her eyes, but she looked at He Qingfeng with hatred.

"You beat me again, for George Han. This is the second time you beat me. A dead waste can make you so much. He Qingfeng, you forgot what my mother said to you before her death. Did you swear in front of her that my mother would be willing to be nice to me all her life, and my mother would be willing to close her eyes, and what you are doing now is worthy of her?" He Xiaoxiao said to He Qingfeng in a questioning tone.

"I did promise in front of her, and everything I do now is for your good. Even if you are my daughter of He Qingfeng, you have to pass the test of the classification competition before you are eligible to appear here. Your strength, can you become a master of the earth character level? Or do you want to stay in the yellow character level domain forever?" He Qingfeng said solemnly, he can't be soft-hearted, once Yi Lao is true about this matter, He Xiaoxiao He will stay at the yellow character level for the rest of his life. This is not because he underestimates He Xiaoxiao, but because he knows exactly what He Xiaoxiao is.

Asking her to train hard, this is simply a fantasy, and the powerful strength will not fall from the sky.

“In this world, there is nothing for nothing, and what I am doing now is to protect you.” He Qingfeng continued.

He Xiaoxiao didn't realize the seriousness of this matter at all, and she didn't think He Qingfeng would let her go to the pornographic level. All this was just to scare her.

Having been a young lady for so many years, how could He Xiaoxiao compromise because of this intimidation?

Chapter 803

“It's ridiculous that you hit me and said that you are protecting me, He Qingfeng, if you have the ability, you let me go to the yellow character level, and my mother can watch from the sky.” He Xiaoxiao said stiffly.

He Qingfeng couldn't help raising his hand again, she was so arrogant, saying this in public. There is no way left. As the master of the three halls, He Qingfeng can let He Xiaoxiao come here, but in the presence of Yi Lao, he has to make an explanation, otherwise this matter will become a permanent stain on the Three Halls.

“He Qingfeng, since she made such a request, you should act in accordance with the rules of Tianqi. I was able to close one eye before, but this time I definitely won't.” After leaving this sentence, Old Yi left.

He Qingfeng's heart sank, it seems that Yi Lao will not compromise easily this time. And he couldn't turn his face with Yi Lao in order to cover He Xiaoxiao, he couldn't be the sinner who caused the Four Doors and Three Halls to fall apart.

“Elder Yi, He Xiaoxiao has been arrogant in Tianqi for many years, and he should have been demoted to the yellow-character level. Now it can be regarded as seeking benevolence and benevolence.” Assistant said to Yi Lao.

Elder Yi shook his head and said faintly: “Even if she dies, it has nothing to do with me. Her life is irrelevant to me and to the whole Tian Qi, but now George Han has an accident, which is devastating to Tian Qi. Blow.”

Thinking of George Han, his assistant also had a gray expression on his face. He knew very well the meaning of George Han’s existence. If George Han could come out of the Demon King’s Cave alive, he might also ignite other people’s desire to challenge the Demon King’s Cave, but Now, even he is dead, and other people will stay away from the Demon King’s Cave. I am afraid that in the next ten years, even 20 or 30 years, they will not dare to challenge the Demon King’s Cave.

George Han became a local master in half a month. Such an achievement has far surpassed Lintong, the proud man of heaven, but even so, he still failed to pass the Demon King’s Cave test. It is conceivable how this would make others feel.

“George Han should be unlucky and don’t know what creature he encountered.” The assistant sighed and shook his head.

Yi Lao also exhaled a bad breath, and said: “Forbidden land fluctuations have occurred, which indicates that the Second World is likely to come back. Judging from the current situation of Apocalypse, there is no way to stop it. Could it be that the apocalypse is exhausted? ?”

“Elder Yi, is there no other way?” the assistant frowned. Although he also knew that Apocalypse could not compete with the Second World now, after all, thousands of Heavenly Word level masters had fallen during the peak of Apocalypse, but there is no absolute in the world. , You can also seek opportunities in desperate situations, and you can never give up lightly.

“The way?” Yi Lao shook his head and said: “I also hope that there are other ways, but there is only one prerequisite for facing this matter. That is tyrannical strength. Without strength, no more methods will help. I thought that George Han could change the apocalypse, and even he was the savior. Now it seems that I still think wrong, how can such a big responsibility be placed on him alone.”

“Yilao, you, don’t you want to give up?” the assistant asked anxiously.

“Give up? Let’s talk until the moment I die in battle.” Yi Lao said firmly, even if he knew that Apocalypse could not compete with the second world now, but Yi Lao never had the slightest thought of shrinking, because behind the Apocalypse, With billions of creatures, how could he give up lightly?

The death of George Han in the Demon King’s Cave quickly fermented in a short time, so that the entire apocalypse was spread. No one was lamenting the fall of genius, even a strong man like George Han who quickly pushed up died in the Demon King’s Cave, which made the entire Apocalypse shrouded in fear of the Demon King’s Cave.

Those strong in the word level. Never again dared to mention the three words of Demon King’s Cave. Under this circumstance, they were even more repelled to enter the Demon King’s Cave, and the temptation of Tianzi-level identity became paler.

Yellow word level field.

Zhuang Tang and Gong Tian, who were quite close to George Han, became silent after hearing the news.

Although Gong Tian and George Han had some contradictions with each other, as George Han proved himself with strength, Gong Tianxin had no complaints, after all, it took only half a month. George Han had become the earth character level, and he had been in Tianqi for many years, and he was still the yellow character level. Gong Tian knew the difference.

“Master, I didn’t expect George Han to die like this. I feel like I only met him yesterday.” Gong Tian said.

“George Han’s death, for Tianqi, is news that the sky has fallen.” Zhuang Tang shook his head. Although he does not know the meaning of Apocalypse, he understands the current situation of Apocalypse. No one dares to challenge the Devil’s Cave. This means that there will be no new Tianzi-level powerhouses. Perhaps in the next few decades, Apocalypse Will also be in this awkward state.

Gong Tian also understood this truth, nodded and said: “It is true, but it’s a pity that we don’t know what the Apocalypse exists because of, and we can’t predict how much this incident will have on the Apocalypse.”

“Gong Tian, why do you think Tianqi gathers the strong in the world?” Zhuang Tang asked.

“In order to deal with some masters, or powerful forces.” Gong Tian answered without thinking, because of this kind of question, he has thought about it many times, and it is not only Gong Tian who has this idea. Most people in Apocalypse have had this kind of speculation, otherwise, it is impossible to explain the significance of the Apocalypse gathering masters.

“Then have you ever thought that these masters are also forces, not earth creatures?” Zhuang Tang said.

“Not an earth creature?” Gong Tian looked at Zhuang Tang in horror. He had never thought about it, and he didn’t know why Zhuang Tang had such thoughts.

“Master, do you know anything?” Gong Tian asked impatiently.

Zhuang Tang shook his head, also a yellow character. How could he know the core things of Apocalypse? All these are nothing more than his imagination and speculation.

“I don’t know much about you. But in my opinion, for an organization like Apocalypse to exist, the other party must be very powerful, and Apocalypse

collects masters in the secular world, and it cannot be a secular force for convenience, because it is only a secular force. How could Apocalypse be in the eyes, and want to wipe out those people, wouldn't it be easy to join forces with the government?" Zhuang Tang explained.

Gong Tian carefully recalled Zhuang Tang's words, and found it very reasonable, but he was still a little unbelievable about the creatures other than the earth.

Alien?

These three words seem ridiculous no matter how you think about them.

"Master, if George Han doesn't die, based on our relationship, we might know something, but unfortunately, he is already dead." Gong Tian sighed.

Chapter 804

Sandian area.

He Xiaoxiao knelt in front of her mother's crystal coffin and confided in He Qingfeng's "crimes". In her opinion, what He Qingfeng did today has violated her original promise to her mother. She wants to tell her mother all this. She watched carefully from the sky how He Qingfeng treated her.

He Qingfeng was in distress at the moment. He didn't want to see He Xiaoxiao go to the yellow character level, because the environment there was definitely not acceptable to her spoiled princess, but the old man Yi had already said very clearly, and He Xiaoxiao was so stubborn, if this time she protects He Xiaoxiao again, I am afraid it will cause dissatisfaction with the entire four doors.

Before the change, He Qingfeng might not care about Simen's views, and his daughter came willfully. You can do whatever you want, after all, she is the daughter of the Lord of the Three Halls.

But now, the changes in the second world of the forbidden area made He Qingfeng have to pay attention to the relationship between the four gates and the three halls.

“Hall Master. Do you really want the young lady to go to the yellow character level?” He Qingfeng’s men asked.

He Qingfeng sighed and said: “Before Xiaoxiao was headstrong, and only provokes some small people, but this time, she didn’t even pay attention to Yi Lao. If I continue to shelter, how can I explain to the four schools. “

“But the yellow-character environment, eating, drinking and lodging, is definitely not acceptable to the young lady.”

“What if she doesn’t accept it? It’s time to let her know the price of making a mistake, where is she?” He Qingfeng asked.

“Ancestral Hall.”

He Qingfeng frowned. Before, He Qingfeng blamed He Xiaoxiao, and He Xiaoxiao would go to the ancestral hall to complain. This is her ultimate ultimate move. Every time He Qingfeng can compromise, after all, that has the woman He Qingfeng loves most.

But this time, He Qingfeng will not compromise again, nor is he qualified to compromise easily.

“I still want to use this trick, it’s useless.” He Qingfeng said helplessly, got up and walked towards the ancestral hall.

He Xiaoxiao kneeling in front of the spiritual position. Hearing the footsteps of someone coming, she knew it must be He Qingfeng, and started her own performance.

“Mom, open your eyes and see what he did to me. His promise in front of you has turned into a bunch of shit. For an outsider, he has beaten me for the second time. You wake up. Wake up.” The crystal coffin contained the corpse of He Xiaoxiao’s mother. Although it has been for many years, the corpse is very well preserved. Aside from being bloodless, there is no sign of decay in his body.

He Qingfeng’s heart softened when he heard these words, but the words that Yi Lao left before echoed in his mind again, which made him have to be cruel.

“No matter how you act this time, it’s useless.” He Qingfeng said lightly.

“Mom, listen to what he is talking about, he actually wants to ignore me for an outsider.” He Xiaoxiao burst into tears. Crying heartbreaking.

“Go pack things, get ready to go to the yellow character level.” He Qingfeng continued.

Go to the yellow character level!

He Xiaoxiao was stunned. She was very aware of the environment of the shabby place like the yellow character. In her opinion, there was no human living there at all. How could her daughter of the master of three halls go to such a place.

“Mom, is it funny, he actually let me go to the yellow character level.” After He Xiaoxiao stood up, turned to look at He Qingfeng, and continued: “It’s useless to threaten me. I will never apologize to the old man. “

He Qingfeng shook his head helplessly. Even at this point, He Xiaoxiao still looks lawless, even thinking that he is just threatening?

“It’s no use even if you want to apologize to Elder Yi now. According to the rules of the apocalypse. You are not qualified to stay in the Three Halls domain.” He Qingfeng said solemnly.

He Xiaoxiao's heart chuckles, seeing He Qingfeng's expression, it doesn't seem like he is joking, how is this possible! How could He Qingfeng really want to drive her to the yellow character level field.

"You are actually afraid of that old thing." He Xiaoxiao said with gritted teeth.

"Your mother is also a master at the Tianzi level. She is very clear about the significance of Apocalypse. Even if she is still alive today, she will still be punished like this to you, because your willfulness is destroying the relationship between the four gates and three halls, and now Circumstances, the four gates and three halls must resolve the contradictions." He Qingfeng said harshly.

"After saying so much, I think you are afraid of Yi Lao, you are the master of the Three Halls. You are afraid of the people of the Four Sects. Could that old thing take away your identity?" He Xiaoxiao said with disdain.

"It's also time for you to suffer a bit. Otherwise, the future changes are not something you can accept. Blame me, blame me for not realizing this earlier, so that you have developed your arrogant character, but it is not too late. Go back to the Three Halls, come back with your own strength." He Qingfeng said.

He Xiaoxiao squeezed her fists. She didn't expect things to develop to this point. She thought it was just a joke, but only deliberately frightened her, but now it seems that this is true. He Qingfeng would really do it.

"You are not afraid of me going to see my mother?" He Xiaoxiao threatened.

"I will customize a coffin of the same for you, so that your mother and daughter will be together forever." He Qingfeng turned his head and left after saying this, his heart was bleeding, but he had to do it again. .

He Xiaoxiao stood on the spot in a daze. From childhood to adulthood, no matter what she did, she would defend her father. She even said such words, which made her feel like she had a hallucination.

dead?

Does He Xiaoxiao really have that courage?

obviously. Her waywardness is not enough to let her face death. This young lady is not afraid of heaven and earth, but is afraid of death.

“George Han. I didn’t expect that you would leave me with so much trouble when you die. Don’t let me find your body, or I will thwart you!” He Xiaoxiao said with gritted teeth, all the reasons come from George Han. So at this time, He Xiaoxiao once again imposed hatred on George Han.

The Devil’s Cave at this time.

George Han and Jiang Yingying fell to the ground and died.

The little white snake entangled George Han’s chest, with a lazy look, obviously resting.

And that giant lizard. She cowered and hid in the corner, looking up at the little white snake from time to time, his eyes were obviously full of fear.

Judging from the wounds of the giant lizard, it was not lightly injured.

At this moment, George Han’s hand suddenly moved.

The little white snake looked up at the giant lizard, spitting a red letter.

The giant lizard was relieved and ran away, as if it had been waiting for George Han to wake up before it could leave.

The first time George Han woke up, he felt that his bones were about to fall apart, and the next thought was Jiang Yingying.

“Yingying, Yingying!” George Han endured the pain and sat up, looking for Jiang Yingying’s figure everywhere.

Chapter 805

When George Han found Jiang Yingying lying on her stomach in the distance, he exhausted all his strength to climb to Jiang Yingying’s side.

“Yingying, how are you.” George Han shook Jiang Yingying’s body.

Jiang Yingying did not respond, which made George Han a little desperate, but when he checked Jiang Yingying’s breath, he breathed a sigh of relief.

Jiang Yingying just passed out. Not dead.

George Han just lay on his back on the ground, his energy was exhausted, and now he also needs to rest.

However, while resting George Han, some doubts gradually appeared in his heart. He still remembered what happened before he passed out.

In the process of fighting with the giant lizard, George Han was almost completely abused. At that time, George Han was almost desperate. In his opinion, there is no doubt that this battle will die, but now, he has not died, and the giant lizard is also Disappeared without a trace. what the hell is it.

Should have become the belly Chinese food of giant lizards, why is it just injured now?

Why did the giant lizard disappear again?

George Han thought of the orangutan he encountered when he first entered the Demon King's Cave. It seemed to have encountered some more terrifying opponent, so he fled. Could it be that the giant lizard disappeared because of this reason?

George Han looked around subconsciously and could scare away the orangutans and giant lizards. What kind of creatures would it be?

not far away. What caught the eye was that little white snake, except that it looked a little weird, it didn't make people think it had much lethality, and it was even harmless to humans and animals.

Is it?

George Han shook his head unconsciously. With its physique, how could it scare away the orangutans and giant lizards? This little guy probably just hatched.

Little White Snake noticed that George Han was observing himself, twisted his body, and came to George Han.

"It's a pity that you can't speak, otherwise, you can tell me what happened."
George Han did not show any fear towards Xiao Bai Snake. Because he can't move too much in his current physical state, even if the little white snake in front of him is a highly poisonous thing, if he really wants to bite him, George Han can only suffer.

However, this seemed impossible to George Han. Xiao Bai Snake had been with him for a long time, and he would not wait until now if he really wanted to say something to him.

After resting for a short period of time, George Han finally recovered some physical strength, but it is obviously impossible for the body to get better for a while.

Sitting up, George Han checked Jiang Yingying's physical condition. There are only some cuts in the trauma, which is not serious, but how can she pass out longer than herself?

But anyway. As long as she is still alive, it's a good thing, now she just needs to wait for her to wake up slowly.

George Han, who was waiting bored, looked at Xiaobai Snake. Apart from Yubai's body and scarlet eyes, this snake was a little strange. It was just an ordinary little snake, and the Devil's Cave was such a dangerous place. How could there be a place for it?

George Han tried to beckon to the little white snake, but he did not expect that the little white snake actually understood his movement and climbed in front of him.

"Cold-blooded animals, they still understand human instructions!" George Han was a little bit astonished. If this happened to a dog, it would make him feel that it was not a big deal, but a snake could respond like this, it is really impressive. Unexpectedly.

Little White Snake held his head high, as if deliberately wanted to express his own difference, but its small body really couldn't make George Han think it was any different, after all, after seeing the creatures in the Demon King's Cave. This little white snake who can understand instructions is just a little surprised.

“How many creatures are there in the Demon King’s Cave?” George Han asked.

But after saying this, George Han regretted it. It can understand simple instructions, but how can it understand what people say. And it’s still such a complicated question, if it can be answered, unless it is refined.

But the next little white snake’s behavior shocked George Han’s heart.

I saw the little white snake arching its head on the ground, and several irregular circles were formed. It seemed to use this circle to answer George Han’s question.

George Han had a cold back. It’s incredible that a snake can really understand what he said!

There are six circles in total. Although it looks ugly, the meaning of the little white snake is already very obvious.

George Han wiped the cold sweat from his forehead, and said in a trembling voice, “Six, six?”

Little White Snake nodded, one person and one animal, communicating without barriers. Fully barrier-free.

George Han took a deep breath, so far he could confirm that the snake could understand his own words, could it be that it was really refined!

“Are you one of them?” George Han continued.

The little white snake held his head up. A look of disdain to be with other creatures.

“You are better than them?” George Han sneered. How could this little guy compare to the orangutans and giant lizards he had seen.

Little White Snake continued to nod his head and answered George Han's question very clearly.

George Han waved his hand and said, "Go away. I'm not interested in listening to you bragging."

At this moment, Jiang Yingying moved suddenly and let out a painful groan, George Han's attention instantly focused on Jiang Yingying.

The little white snake on the side drooped his head feebly, as if George Han didn't believe it, so he was a little depressed.

Without George Han noticing it, the little white snake swam around and went to the depths of the cave.

"Yingying, how are you doing." George Han asked.

Jiang Yingying took pains to open her eyelids. The moment she was conscious, she was not worried about herself, but about George Han's situation. Seeing George Han seemed safe and sound, she was relieved.

"Brother George, you are fine." Jiang Yingying said with a far-fetched smile.

"I'm fine, how are you, what is uncomfortable." George Han asked.

"No, I'm fine, it's just a headache." Jiang Yingying said.

George Han helped Jiang Yingying up, and the two sat with their backs against the mountain wall. Although it was a disaster for the rest of their lives, both of them knew very well that the current danger had not been relieved. There is still a very difficult and dangerous way to leave the Demon King's Cave. .

“Brother George, where is that lizard, did you kill it?” Jiang Yingying asked George Han.

“I’m just about to ask you, what did you see before you fell unconscious.” George Han was also full of doubts about this matter. He was in a desperate situation, but he was still alive after fainting and sober. He also wanted to know how to get back. thing.

“I only saw you fighting with the lizard. Just when I started fighting, I fainted.” Jiang Yingying said.

Chapter 806

At the beginning of the fight, Jiang Yingying fainted?

George Han frowned. This is too strange. The lizard’s target is him. How could Jiang Yingying be implicated?

Could it be that the giant lizard appeared at the same time. Other creatures appeared, but their focus was on the giant lizard, so they ignored it, but Jiang Yingying was attacked by other creatures?

This guess is not impossible, but Jiang Yingying did not die because of it, which is a bit strange.

After all, the white bones on the ground have fully demonstrated the lethality of these creatures. Once they are attacked, how can they just faint?

“Brother George, what exactly is this place and why are there these strange things?” Jiang Yingying asked George Han puzzled.

George Han had already thought about this question, probably this is the secret hidden by Apocalypse.

He has not become a Tianzi level, and has not experienced the test of Demon King's Cave. He was not qualified to know the secret of Apocalypse. Before Yi Lao and Fang Zhan kept silent about it, George Han probably also found the reason.

This kind of thing, even if you tell him, he will not believe it, only seeing is believing.

More importantly, how can such a shocking secret be told to others casually?

"This is the secret hidden by Apocalypse, and I guess. What we see is just the tip of the secret iceberg." George Han said solemnly.

The veil of mystery has been gradually unraveled. As long as he can leave the Demon King's Cave alive, George Han will be able to know all this, but the current situation is not optimistic, and it may not be an easy task to go out.

"Once these creatures are allowed to appear in major cities, they will definitely be overwhelmed. How did the Apocalypse keep them here?" Jiang Yingying continued to ask.

George Han smiled helplessly, and said, "These questions are also doubtful to me. I want to know what is going on. I can only find out if I can ask Yi Lao."

Jiang Yingying nodded, probably knowing that she had too many problems, so she closed her mouth.

"Let's rest first, anyway, we have to find a way to leave here before talking." George Han said.

Jiang Yingying leaned her back against the mountain wall, but the uneven mountain wall made her very uncomfortable, no matter how she changed her posture, it was useless.

Upon seeing this, George Han said, “Let on me, it’s not uncomfortable.”

Jiang Yingying was stunned for a moment, and then gently leaned her head on George Han’s shoulder. It was indeed a lot more comfortable and made her feel very safe.

When meeting George Han for the first time, Jiang Yingying was very happy. There was a little love for George Han. After all, a good and handsome man was very attractive to a girl like Jiang Yingying, but Jiang Yingying later learned that George Han was married. Only then did Anna let go of her feelings, and at this time, that emotion sprouted again. And it grows uncontrollably.

“What about that little white snake.” George Han said suddenly. Only then did he realize that the little white snake who had been following them suddenly disappeared.

“Isn’t it dead?” Jiang Yingying said.

“That’s not true, I have seen it just now, and it can understand human words.” George Han said.

This sentence made Jiang Yingying couldn’t help but laugh, and said: “Brother George, you will not have hallucinations, how can snakes understand human words? I used to work in a pet shop and have seen so many varieties. Snakes, they are all cold-blooded animals.”

“If someone else told me this kind of thing before. I wouldn’t believe it, but what I said is true. If you don’t believe it. When it appears, I can prove it to you.” George Han said.

Seeing that George Han didn’t seem to be joking, Jiang Yingying said with surprise: “Brother George. Are you serious?”

“Of course it’s serious, but this little thing, I don’t know where it went.” George Han said.

At this time, Jiang Yingying’s belly suddenly made a grunt, which made her very embarrassed to lower her head and cover her belly.

“Hungry?” George Han asked with a smile.

Jiang Yingying looked ashamed of seeing people. In any case, she is also a girl, this kind of appearance is embarrassing.

“I’m hungry too, and I don’t know how long I have been in.” George Han rubbed his stomach and said.

Jiang Yingying’s embarrassment was relieved a lot because of this sentence, and said: “It’s a pity that there is nothing to eat here. We will not starve to death here.”

“The chance of starving to death is very small, but it is very likely to become the food for those animals.” George Han joked.

At the moment when these words were just finished, heavy footsteps heard in the distance, which made the faces of George Han and Jiang Yingying changed greatly at the same time.

“It won’t be so crow’s mouth.” George Han looked regretful, in his current state. If another strange creature appears, it will really only become food for the opponent.

The sound of footsteps gradually approached, when George Han saw each other clearly. Only a desperate expression remained on his face.

Not only the giant lizards and orangutans appeared, but there were also three other creatures that did not show up.

According to Xiaobai Snake, there are six kinds of creatures in Demon King's Cave, and five appear in this one. Isn't it dead!

"Brother George, we, are we over?" Jiang Yingying said in a panic.

"It's over, it's estimated that there is no bone left." George Han sighed. Only one death was enough to cause him to die hundreds of times. Facing this kind of battle, George Han resisted a little bit. The thoughts are gone.

"Brother George, since I'm dying, I want to tell you something." Faced with death, Jiang Yingying mustered up the courage to say.

"What?" George Han asked in confusion.

"I, I like you." Jiang Yingying said.

It was confessed that this kind of thing is a common occurrence for George Han, not to mention Shen Lingyao, who was kind to him at the beginning, Qi Yiyun, soy milk girl Qi Ran, neighbor Yang Meng, Tian Linger, These women are interesting to him, and George Han can detect it.

But this time is not a good time to express your feelings.

George Han has never been a person who can get caught in the face of a difficult situation. As long as there is a breath left, he will do his best to resist.

This is the character he has honed since childhood. No matter what happens, George Han will show the tenacity of not admitting defeat.

"If you don't resist until the last moment, you can't admit defeat." George Han gritted his teeth, propped his back on the mountain wall, and barely allowed himself to stand up to prepare for the final battle in his life.

After the creatures approached, although they looked ugly and ferocious, they did not show hostility towards George Han. Instead, they stood in a row and looked like they were being trained by the military.

Chapter 807

After George Han discovered this, he was full of question marks. He encountered the orangutan before. Although it quickly ran away inexplicably, it was not so docile, let alone the giant lizard. When I meet, I can't wait to eat them in my belly, but at this time, he also has a docile expression with his head down.

“What's going on here?” George Han said in surprise.

Jiang Yingying also had a blank expression on her face. These vicious creatures have created the ground with dead bones. Why hasn't she appeared in front of them now but haven't attacked?

“Brother George, they didn't see us.” Jiang Yingying said in a low voice.

This absurd statement made George Han laugh. Even if he wanted to comfort himself, it wasn't such a comforting method.

Isn't it nonsense that you can walk directly to them without seeing it?

“Yingying, after going out this time, Brother George will find a big hospital for you. Look at your brain.” George Han joked to Jiang Yingying, who was happy.

Jiang Yingying stuck out her tongue with an awkward expression.

At this time, George Han discovered that the little white snake was wrapped around the orangutan's neck. When George Han found it, the little white snake spit out a red letter, seeming to show off to George Han.

This scene made George Han bewildered.

He thought that the little white snake was the most harmless creature in the Demon King's Cave, but the current situation was obviously not what he thought.

The little white snake swam down by the huge body of the orangutan. Slowly came to George Han. When he turned around and spit out a red letter to the other creatures, George Han clearly saw those creatures trembled, and he unabashedly showed his fear of the little white snake. .

This.....

George Han was dumbfounded.

This little thing can actually scare these creatures.

With its body, a pot of snake meat is not enough to stuff its teeth. How can it overwhelm large creatures such as giant lizards in its momentum?

“They are afraid of you?” George Han asked little white snake in a puzzled way.

The little white snake nodded.

Jiang Yingying on the side was so surprised that she couldn't close her mouth when she saw this action.

Although George Han had told her that Little White Snake could understand people's words, Jiang Yingying still had doubts about it. Snakes were cold-blooded animals after all. How can you understand human words?

And this scene completely overturned Jiang Yingying's knowledge of common sense.

This snake actually really understood what George Han was talking about.

George Han was equally surprised inside, but was different from Jiang Yingying's surprise.

He couldn't imagine why the little white snake could suppress other creatures. Is it possible that this little thing is unusually powerful?

"They won't hurt us?" George Han continued to ask.

The little white snake swam to George Han, crawled along his legs to his shoulders, and then spit out red letters to those creatures.

All creatures crawl on the ground at the same time, the state they exhibited. Obviously it is not a single fear, but also respect.

George Han was even more at a loss, but he also knew a problem at the same time. That was all the dangers in the Demon King's Cave, it seemed that they were all relieved at this time.

And all this was done by the little white snake on his shoulder.

Now George Han somewhat believes that Xiaobai Snake was not bragging before. However, something that made him shudder even more appeared. Xiao Bai Snake was not only able to understand people, but also had his own thinking. Isn't it looking for these creatures to prove to George Han that it is stronger?

George Han took a deep breath. Although he has seen a lot of things that have subverted the Three Views when he came to the Demon King's Cave, the performance of this little white snake is the most shocking. Apart from not being able to speak, it is completely like a Human beings can communicate and communicate, and they will also find ways to prove things that George Han does not believe.

The danger has been removed, and George Han breathed a sigh of relief and said to Jiang Yingying: “Don’t be afraid, these creatures won’t hurt us.”

Jiang Yingying glanced at Little White Snake subconsciously, except that it felt incredible. No other thoughts in my mind.

“Brother George, shall we go out?” Jiang Yingying reminded carefully.

For the previous George Han, leaving this place of right and wrong as soon as possible is a top priority. But now George Han is not in a hurry. Since there is no danger, why not take a good look at the Devil’s Cave. Maybe there are other new things to discover.

“Little White Snake, is there anything to eat here?” George Han asked Xiao Bai Snake. Jiang Yingying was hungry, and he was hungry too, so she had to add some energy first.

The little white snake crawled down his shoulders and led the way.

George Han followed closely. Jiang Yingying was holding George Han’s cuffs and dared not let go.

“Brother George, this snake can really understand humans, isn’t it already refined?” Jiang Yingying asked in a low voice.

“I don’t know, all the mysteries can only be solved after going out, but this secret is likely to make us aware of a different world.” George Han said, this is how he felt after coming to the Devil’s Cave. Feel faintly. This world is not as simple as what he saw. There must be some unknown things. These creatures in the Devil’s Cave are the best proof.

The two followed the little white snake to a small entrance with a winding path. The Demon King's Cave, which was originally full of foul smell, had a scent of fragrance.

The inside of the small entrance is a large circular space. Although there are no traces of people living in it, it is more than a thousand times better than the environment of other places in the Demon King's Cave.

“Brother George, I didn't expect that there is such a good place in the Demon King's Cave. There is no smell at all.” Jiang Yingying breathed the fragrant air with a look of enjoyment.

George Han didn't expect there to be a cave in here, but there is nothing that can fill his stomach in this space.

“Little guy, where is the food?” George Han asked Xiao Bai Snake.

The little white snake got into the vines on the wall and soon appeared with a red fruit.

The fruit is the size of a saint fruit. After George Han peeled off the vine, he found that there were many such fruits inside. The color was very bright. Although people have a very strong desire for entrance, George Han knows that things you don't know cannot Eating indiscriminately, in case it is highly toxic, it is not fun.

“Isn't it poisonous?” George Han asked Xiaobai Snake.

After the little white snake shook his head, George Han tried to put one in his mouth, biting the peel, overflowing with juice, with a slight sweetness. For the already hungry George Han, it was a good belly. Things.

“The taste is not bad, you can try it too.” George Han said to Jiang Yingying.

After the two ate the first one, they couldn't stop at all. One after another, they were sent to their mouths. They didn't notice that the little white snake on the side seemed to have shown distressed and weeping faces.

Chapter 808

Four fields.

After the big news broke out in the Demon King's Cave, almost everyone believed that George Han was dead.

Yi Lao was depressed and never left Simen since that day.

For Yi Lao, this incident was not a small blow. He placed too high expectations on George Han, and even put the entire apocalyptic hope on George Han. I hope George Han can arouse others' confidence in this matter after passing the Demon King's Cave test.

I hope that after George Han has a Tianzi-level status, he can command the four sects, and he can take off the burden and explore what is going on in the second world.

However, with the death of George Han, Yi Lao's plans became a bubble, not only making those people at the Earth level more fearful of the Demon King's Cave, the Simen's desire to cultivate a sect master again became a luxury.

"Elder Yi, you don't have to worry too much about this matter. Perhaps it is all destined. It is destined that George Han cannot take on this important task." The assistant said to Yi Lao.

Yi Lao is depressed. Because George Han's death was not just his death alone, Tian Qi would also be decadent because of it. Even he couldn't complete the challenge of Demon King's Cave. Would anyone dare to try?

“Do you know what kind of blow George Han’s death caused to Tianqi.” Yi Lao said with a sigh.

The assistant naturally understands the truth, but the matter is a foregone conclusion and no one can change it. If you continue to struggle, it will only make people even more unable to let go.

“Perhaps, you can put your hope on Lintong’s body. After all, he is the proud son of heaven. If he can pass the test of Devil’s Cave, he can change other people’s views on Demon’s Cave.” The assistant said tentatively.

Let Lintong try?

The corner of Yi Lao’s mouth raised a disdainful smile. Lintong was qualified to do this for a long time, but he has not raised it. This shows that Lintong is a very timid and cowardly person. It’s nonsense.

“Do you think Lintong dare? And he continues to die in the Demon King’s Cave, what will the Apocalypse be like. Can you predict it?” Yi Lao said, shaking his head.

The assistant sighed, not to mention whether Lintong dared or not. If he really died, Apocalypse would be completely finished. If two masters died one after another, the psychological shadow on others would be stronger.

“Elder Yi, don’t think too much, the ship will naturally straighten up to the bridge head. I believe there will be a change in the apocalypse.” said the assistant.

“The second world is about to move. There is not much time left for Apocalypse. As the master of the four doors. I can’t help it.” Yi Lao smiled self-deprecatingly and continued: “I am the master of the four doors. , Is it a waste?”

The assistant looked surprised.

How can the Lord of the Four Doors be waste?

Yi Lao would have such an idea. It shows that his current mood has been extremely negative.

“Elder Yi, you mustn’t think so, the four sects still need your leadership.” The assistant said quickly.

At this moment. Fang Zhan came to the two of them with a bad face, and said to Yi Lao: “Yilao, I heard that Basin City is looking for George Han. Something must have happened.”

“Go to Basin City and tell them the news of George Han’s death.” Yi Lao said, sooner or later this matter must be notified to Basin City, and there is no need to hide it.

Fang Zhan’s expression changed. If the news were conveyed back, wouldn’t those people despair?

Moreover, he now has to rely on the Nangong family to find his daughter. If Nangong Boring is informed that George Han is dead, he will definitely stop investigating this matter.

“Yilao. Don’t wait any longer?” Fang Zhan asked.

“Do you still expect to see the body of George Han? When did the person who died in the Demon King’s Cave have a body?” Yi Lao said.

As Fang Zhan who passed the test of Demon King’s Cave, he naturally knew the white bones all over the ground in Demon King’s Cave. Moreover, the creatures inside feed on human flesh. If George Han dies, he will surely become a meal for those creatures. How can you see the body?

“Go, there is no need to conceal this matter. Let them know earlier, or let them make plans earlier.” Yi Lao paused and continued: “If they have anything to help, you do your best to help. a bit.”

“Yes.” Elder Yi has already said this for this purpose. Fang Zhan had to obey orders.

Cloud City.

Famous doctors from all over the world have arrived one after another, and faces from all over the world gathered in front of the gate of the Villa District of Yunding Mountain, waiting for orders.

In the mountainside Villa, Mary looked at Amelia Su, who had white hair and looked very old, and felt distressed.

Since she turned her head all night, even the symptoms have appeared quickly, and she is aging at a speed visible to the naked eye almost every day. Amelia Su, who is in her twenties, now looks like a middle-aged woman in her 40s. And this situation continues.

“Amelia, the doctors are here, let them see you.” Mary persuaded Amelia Su.

Amelia Su dared not face this matter. She doesn’t even dare to look at herself in the mirror now. She refuses to see the doctor because she is worried that these famous doctors will be helpless, and she is afraid of hearing any desperate news.

“Mom, I’m fine, really fine.” Amelia Su lowered her head. Looking at Han Nian in her arms, she was very scared now, afraid that she would not be able to wait for the day when George Han came back, nor the day when Han Nian grew up.

Amelia Su was not afraid of death, but she was afraid that after she died, no one could take good care of Han Nian.

“Mom knows you will definitely be fine, but since these doctors are here, let them see. They are all world-renowned doctors from Nangong Boring. I believe they will definitely have a solution.” Mary said with a distressed look. .

Amelia Su shook her head. She had actually checked it secretly on the Internet. Her disease should be aging. There is no way to curb this disease. As the body functions aging, her life will be slowly lost. , This is something that no one can change.

“Mom, let them go, I don’t want to see anyone now, don’t force me.” Amelia Su said.

Mary glanced at the other people anxiously. Han Tianyang, including Wilson Su, also shook his head helplessly. What Amelia Su didn’t want to do was forced by them to no avail.

Standing up, Mary walked outside the Villa.

Both Mo Yang and Nangong Boring were waiting in the front yard.

Seeing Mary, Mo Yang walked quickly to Mary: “How about it, is Amelia going to see a doctor?”

Mary shook her head and said: “She is very resistant to this matter. I have tried every means to lobby, but she still doesn’t want to see it.”

“What should I do? If I don’t see the doctor, can I just keep on going like this?” Mo Yang said anxiously.

“I don’t know, she is aging faster and faster. If you don’t want to control it, I’m afraid...”

Chapter 809

Although Mary didn't say the last half of the sentence, Mo Yang and Nangong Boring knew exactly what she wanted to express.

"Let me try." Mo Yang gritted his teeth and said, he couldn't watch the situation continue to deteriorate. When George Han left Basin City, he had to take on the responsibility of protecting Amelia Su and Han Nian. They must not be allowed to have accidents during this period.

Nangong Boring was also very anxious in his heart, and finally saw the hope of going to Apocalypse, he didn't want to anger George Han because of Amelia Su's death.

"With Mo Yang's relationship with George Han, he has the opportunity to persuade Amelia Su to let him try." Nangong Boling said.

Mary glanced at Mo Yang, and she used all the available methods. Amelia Su is not willing to face this matter at all now, in her opinion, even Mo Yang will not be useful.

But there seems to be no other choice right now. Let Mo Yang try, there is always some chance.

"Okay, you can try it." Mary nodded.

Mo Yang stood at the door of the Villa and took a deep breath before pushing in.

Today, Mo Yang hasn't seen Amelia Su yet. When he walked to the living room and saw Amelia Su, a look of pain flashed across his face.

Today's Amelia Su is a bit older than yesterday, and this speed visible to the naked eye really makes Mo Yang's heart drip.

“Amelia, the doctor is here, I will arrange for you to meet with them.” Mo Yang went straight to the point, because Amelia Su is not a fool, and he must understand his purpose.

“Boss Mo, I don’t want to see anyone now, you can let them go.” Amelia Su said.

“Amelia, I know how you feel. But the matter is here, what’s the use for you to escape? Han Nian still needs your care, do you have the heart to leave her? There are still three thousand. If he comes back, he won’t see you. , What’s your mood? Your condition is not terminally ill. There must be a way. How can you be discouraged.” Mo Yang said.

Amelia Su lowered her head and remained silent, Han Nian in her arms was so cute, how could she be willing to leave Han Nian behind?

Moreover, when George Han went to Tianqi and had not returned yet, Amelia Su was even more reluctant to bear this man who had been silently protecting herself.

“The medicine is so advanced now, our family has money. If you haven’t tried it if you haven’t tried it, why would you think it’s impossible?” Mo Yang continued.

“Yes. Amelia, these doctors are not the quack doctors of the past, they must have a way.” Mary echoed.

Wilson Su also walked to Amelia Su and said softly: “You are Han Nian’s mother. She needs your care now. If you have any shortcomings, what should she do? Don’t you have the heart to let Nian’er lose her mother?”

Amelia Su wiped her tears secretly, she couldn’t leave Han Nian, and even more could not leave George Han.

“Let them come.” Amelia Su said.

Mo Yang let out a bad breath, but fortunately Amelia Su didn't continue to insist, otherwise. He didn't know what to use to persuade Amelia Su.

“Okay, I'll make arrangements right away.” Mo Yang walked out of the Villa in three steps and two steps.

Nangong Bo Ling couldn't wait to ask: “How about it, are you willing to see you?”

“Arrange for them to go up the mountain. I saw them all at once, and then let them discuss the solution, and warn them for me that if there is no solution, they don't want to leave Basin City.” Mo Yang said.

Nangong Boling's mind was more vicious than Mo Yang, and he was counting on George Han to go to Apocalypse. Naturally, he didn't want Amelia Su to have any accidents.

“Don't worry, if they can't think of a way, I won't let them go.” Nangong Boling said.

During this period of time, there have been doctors appearing in the Villa area of Yunding Mountain. Nowadays, a large number of famous foreign doctors have flocked to Yunding Mountain.

Of course, most people are discussing this matter carefully in private. After all, it has something to do with Mountainside Villa, and they don't dare to talk rashly. If something is wrong because of this incident, it will be worth the loss.

After the company went bankrupt, Harry Su has completely reduced to an ordinary person. Now it is very miserable to live on a loose life.

Harry Su is also very concerned about the recent events in the Yundingshan Villa area. He knows that this must be a serious illness of the people in the mountainside

Villa. Otherwise, it is impossible to have such a big influence and be able to hand over all famous doctors from all over the world. .

“Harry. What happened to the Han family, do you know?” Su Yihan is still working hard to marry a rich family, but because of her poor relationship with George Han, it is a well-known thing in Basin City. Therefore, not only is there no wealthy child who can look at her, even people from ordinary families treat Su Yihan away. For fear of getting into trouble because of her.

“Maybe it’s Amelia Su, or Han Nian has a terminal illness.” Harry Su said with a smile, although he has no chance to turn over now. But he is still happy to see the current situation of the mountainside Villa, this is a great opportunity to get down the ground.

“Although the news is blocked very deadly, the scattered news disclosed by the local doctors seems to say that Amelia Su is sick. How likely do you think this is?” Su Yihan asked.

“Isn’t it right that Amelia Su’s bitch got sick? God can’t stand her bitch, so I want to accept her.” Harry Su gritted his teeth and said, thinking that when the Su family was still brilliant, he was riding Amelia Su shit and pee on her head, but now, Amelia Su has become a great figure, but he has to run around the construction site for life. This change makes Harry Su extremely unbalanced.

Harry Su cursed Amelia Su a few words almost every day, even a baby like Han Nian would not let it go.

“It would be great if I could go and see her. I really want to know what kind of illness she has.” Su Yihan said with regret. The current mountainside Villa is not something she is qualified to go to if she wants to go, even in the Yundingshan Villa area. At the gate, Su Yihan didn’t have the guts. After all, Mo Yang had already given orders. Once she and Harry Su approached, they would be at their own risk.

“In my opinion, this is George Han who is not at home all year round. She went out fooling around, so she got some venereal disease. George Han wears a really big green hat.” Harry Su said with a smile.

Su Yihan had an idea, her eyes gleamed and said: “Or, let’s think of a way to spread this statement, so that the entire Basin City can see the real face of Amelia Su, a bitch?”

As soon as Harry Su heard this, he immediately sat up, showing great interest, and said: “This is a good method. Even if it is not true, it can give Amelia Su a brain shit, but we must be careful not to reveal the news. The source, otherwise it will be over if Mo Yang finds out.”

Chapter 810

Mountainside Villa.

After seeing Amelia Su’s situation, a group of doctors did not directly make a judgment. This was also a special instruction from Nangong Boring. He did not want Amelia Su to be too aware of his condition, so as not to cause greater psychological pressure on Amelia Su.

On the grounds of discussing the condition, all the doctors evacuated the mountainside Villa. Nangong Boling brought all the doctors to the Peninsula Hotel, and this hotel had already been booked by Moyang. The entrances and exits of the hotel were guarded to prevent outsiders from entering and exiting and the doctors sneaking away.

The outside world wants to inquire about the news, but because the hotel is tightly closed, no entry is allowed. But at this time, an unknown source of news exploded in Basin City.

“Have you heard that Amelia Su stole a man outside and got sick. That’s why there are so many doctors going to the mountainside Villa.”

“Is the news reliable? Amelia Su doesn’t look like this kind of woman.”

“George Han is not at home all year round. It is also common sense for her to be lonely and lonely as a woman. Who can have no desire? Anyway, this news is quite true. Otherwise, why should we block the news.”

“Yes, if it weren’t for an inhuman disease, how could you be afraid of being known?”

Such remarks spread quickly in Basin City, and the fact that George Han was cuckold made many people secretly entertained.

Although George Han is now the supreme figure in Basin City, her wife has gotten sick because of desire and dissatisfaction. This kind of lively joke made the discussion among the people eating melon enthusiastic and almost became a topic of pastime for everyone after dinner.

Heaven.

Father and son Tian Honghui and Thomas Tian sat in the living room, Tian Honghui cautiously said: “Dad, have you heard that Amelia Su is sick?”

Thomas Tian frowned. I don’t know which damn guy is going to spread this kind of slanderous remarks against Amelia Su.

Thomas Tian knows exactly what kind of person Amelia Su is, and Tian Linger often goes to and out of the mountainside Villa. Amelia Su takes children at home almost every day. How could he do such a morally corrupt thing.

Moreover, Thomas Tian had also heard Tian Linger mention Amelia Su’s condition, and it was not a disease at all.

“Do you know where this news came from?” Thomas Tian asked in a deep voice.

Tian Honghui shook his head. Now everyone in Basin City knew that it was not a simple matter to find the source of the news, and Tian Honghui did not dare to intervene easily.

“I don’t know, but now the entire Cloud City is discussing this matter, and many people believe it.” Tian Honghui said.

“Mo Yang should know about this soon, and it is estimated that he will pick out the people behind the scenes. He is really reckless. Now someone dares to fight against the Su family.” Thomas Tian said with disdain.

At this moment, Tian Linger returned home. When the father and son saw Tian Linger, they immediately stopped discussing the matter. If this little Nizi knew about it, they would probably be so angry.

“What are you talking about? Why did you stop when you saw me.” Tian Linger looked at the two in confusion and asked.

“Linger is back, how is it? I heard that Amelia has already seen the doctors. What did the doctors say?” Thomas Tian asked.

Tian Linger shook his head feebly, Amelia Su’s situation became less optimistic, and after seeing the doctors today, they left without saying anything. So she doesn’t know what the situation is now.

“I don’t know. The doctors went back to the hotel to discuss the condition, and I don’t know if there is a solution.” Tian Linger finished. Lie directly on the sofa.

Seeing Amelia Su getting older day by day, Tian Linger felt very uncomfortable, and even thought that if she had to bear the pain herself, after all, Han Nian was still young and she couldn’t lose her mother.

“Don’t worry, in my opinion. There will be no problem. These doctors are all world-renowned, and they must have a way.” Thomas Tian said.

“Grandpa, what did you talk about just now?” Tian Linger’s ghostly personality, how could he not notice that Thomas Tian was deliberately changing the subject just now.

Seeing the two eloquent expressions, Tian Linger sat up. Said: “What’s the matter with you, what is going on?”

Tian Honghui glanced at Thomas Tian, this matter had spread all over Basin City, Tian Linger would hear of it sooner or later, even if it didn’t help her now.

Thomas Tian nodded, and Tian Honghui who was signaled said: “Linger, let me tell you, don’t get excited.”

“Dad, you underestimated me, I am now mature and stable, and I won’t get excited casually.” Tian Linger said.

“That’s right, there are rumors in Basin City now. It is said that Amelia Su has contracted an unclean disease and gave George Han a green hat.” Tian Honghui said.

After hearing these words, Tian Linger, who patted her chest to make sure she would not get excited. Almost exploded on the spot.

“Who, whoever kills a thousand knives dare to say such things.” Tian Linger said angrily with her fists.

Tian Linger’s reaction was expected by the father and son of Thomas Tian. After all, Tian Linger had already regarded the Mountainside Villa as his second home. To her, George Han and Amelia Su were like brothers and sisters. How could she tolerate malicious framing by others.

“A lot of people are discussing this matter now, so who actually said it, I really don’t know.” Tian Honghui said.

The angry Tian Linger turned around and left, as if going out.

Thomas Tian asked quickly: “Linger, it’s almost time to eat, where are you going.”

“Go find this person, I want him to be unable to take care of himself for the rest of his life.” Tian Linger said coldly.

Thomas Tian shook his head helplessly. With Tian Linger’s current temper, he couldn’t stop him.

“Dad, it won’t happen.” Tian Honghui asked worriedly.

“What can happen? Your daughter is now George Han’s sister. Who dares to do anything to her? Don’t worry. It’s a good thing to ask her to check. This kind of rumors should be calmed down as soon as possible. Once it reaches the mountainside Villa Let Amelia Su know that the consequences will be more serious.” Thomas Tian said.

After Tian Linger left home, he made a few phone calls. After appointing the meeting place, he kicked the accelerator and the car engine broke out with a heavy low roar, and drove out of the Tianjia Villa with the sound of burning tires and heavy smoke.

At the Qingyuan Café, when Linger arrived that day, several young people had been waiting at the door for a long time. They received a call from Tian Linger and rushed over without any delay. After all, Tian Linger’s identity is George Han. Qian’s sister, these young and rich second generations dare not resist.

“Linger.”

“Linger.”

“Linger.”

Tian Linger glanced at a few people. These were some of her friends who played better, and they could be considered capable in Basin City.

“Go in first.” Tian Linger said in a deep voice.

Seeing Tian Linger with cold expressions, a few people probably guessed what was going on, and followed Tian Linger into the cafe.
