Novel Married at First Sight Chapter 1898 -Serenity: "Sonny fell asleep?"

"He fell asleep while taking a bath. He played like crazy for a day. He didn't have a lunch break. He's sleeping now, and He won't get up until noon tomorrow." Zachary put Sonny lay on the bed, picked up Sonny's clothes, carefully helped Sonny put on the clothes, and wiped Sonny's hair with a towel.

The little boy's hair was very short, and after a few times of wiping with a dry towel, it dried up.

Then he picked up Sonny, moved Sonny to the other side of the bed, and then covered him with the air-conditioning quilt.

"What did Kevin say?"

After serving the little boy, Zachary leaned over and asked.

Serenity didn't answer him right away, but said to Kevin on the phone: "You don't care if she is a man or a woman now, anyway, grandma won't cheat you, so you can follow the normal route of chasing a wife."

Kevin: "...Sister-in-law, you and the second brother said the same thing."

Serenity smiled, "Originally, this is the most direct way. You spent all your time trying to expose Hayden's true identity. Why don't you put your mind into attacking her heart. She has been disguised as a man since she was a child, and she has been pretending to be a man for more than 20 years. Do you think you can expose her in a day or two?"

It's so easy to expose her, and she can't be done for more than 20 years. I saw her last time at Jasmine's wedding. Her words and deeds are no different from your men. She also has a fake Adam's apple, and her speech is delicately low. There is no flaw at all. People in the Queen Enterprise contact her every day, but they can't find out that she is a woman. If you want to reveal her identity as a woman first, you won't be able to reveal her identity this year. Grandma won't give you long time, right?"

Serenity felt that Kevin had taken the wrong route from the very beginning.

Kevin only wanted to expose Hayden's identity as a woman, and then pursue her.

Hayden had been pretending to be a man for more than 20 years. Except that she had not transformed, she behaved like a real man. It was impossible for Kevin to expose Hayden in a short time.

Kevin: "...Pursuing directly, I have been regarded as gay. I don't know how much time my grandma spent investigating her to confirm that she is a woman."

Serenity laughed: "Maybe grandma took a long time to prove that she is a woman. Grandma only gave you the photo this year, but it doesn't mean grandma helped you this year to pick someone."

Maybe grandma started to act a few years ago.

"Other people think you are gay, you know your own business, your mouth grows on other people, no matter what they say." Serenity suggested: "You just do what your second brother said, and directly pursue Ms. Queen, and when there is a commotion, she will be under a lot of pressure, but you can seize the opportunity to expose her identity as a woman."

Zachary said from the side: "Even If you bring a man back, we will admit it."

Kevin: "...I'm bothering my elder brother and sister-in-law, hey, elder brother is by my sister-in-law's side?"

He realized it later.

Zachary took back the mobile phone from his wife and said to Kevin: "I'm afraid you don't even know who to call, you haven't responded after telling your sister-in-law for so long. "

Kevin: "Hey, I didn't respond. Brother, how do you know where my sister-in-law is?"

Zachary: "Your sister-in-law and I are husband and wife, we have telepathy, as long as I use my heart, I can find your sister-in-law even if she flies to the ends of the earth."

Kevin slandered in his heart, Brother, let's blow it.

"Brother, then I won't disturb you and sister-in-law's vacation."

After finishing speaking, Kevin hung up the phone quickly, so as not to be fed another mouthful of dog food.
