Married at First Sight Chapter 1945-Kevin turned his head to look at him, and asked him: "I want to please you, what benefits will you give me? Will you pack your brother for me? In that case, I will please you."

Hugh: "Even if I wanted to help you like that, I wouldn't dare. My brother would beat me to death. Mr. York, what you don't know is that I have lived under my brother's roof since I was a child. He beats me to death every day. He all bullies me. Don't look at me as if I am very cultivated; that is all superficial and false. He has violent tendencies, be careful in the future when he domestically abuses you."

Kevin said: "Coincidentally, I also have violent tendencies, and I just want to find a partner who can fight. If there are any conflicts in the future, no matter who is right or wrong, if you fight, the loser is wrong. "

Hugh was at a loss for words again.

Kevin's mind was different from theirs.

Seeing Hugh's speechless look, Kevin patted Hugh's shoulder amusedly, and said with a smile: "Second Young master Queen, I won't be deceived, and you don't have to make up any more nonsense. Who is your brother? I have heard about it."

"What I found out was all illusion and lies. My brother loves faces, and he is the target of media reporters. If he doesn't behave better, he will be secretly photographed and reported, which will affect our Queen's Enterprise. That's not too much to lose, so my brother is very tolerant; he can be called a Teenage Mutant Ninja Turtle."

Kevin smiled and said: "I also think that what I heard may not be the truth, so I want to pursue your brother, so that I can gradually understand him. After I catch up with him, we will live together and understand him better. What is he? Such a person, I have a lifetime to get to know him, I really don't need you to worry about it."

"DOmn it, you really don't like oil and salt." Hugh couldn't help complaining.

Kevin slandered in his heart: If I don't understand, how dare I act?

The two of them chatted downstairs.

Hayden eventually came down from upstairs. She did change into a suit, but it was still a black suit, with the shirt underneath changed from light blue to white and the tie changed as well. It's hard to believe she changed her clothes.

Kevin watched him walk down the stairs, stood up, looked at her and said, "Mr. Queen, you're really a standard model figure, like a clothes hanger, you look good in any clothes."

Hugh laughed and said, "Mr. York, if you want to praise my brother, don't force it. My brother's clothes are standard every day. What's the difference?"

Kevin: "There is no difference, they are all the same handsome."

Hugh: "..."

Hayden ignored Kevin and proceeded downstairs, straight into the dining hall.

Kevin took up the bouquet of money once more and entered the dining hall.

Hugh hurriedly followed, and said to her sister while walking: "Brother, Mr. York is very stingy, I told you that if you don't accept the bouquet of flowers, I will accept it for you. If you don't accept it, he'll take it home and give it to you tomorrow, and he'll give you the same bouquet every day, so it's too cheap. Brother, I like money flowers, you can take it and give it to me."

Hayden had already sat down at the dining table, and when she heard her brother's words, she raised her head and stared at him.

Hugh touched his nose embarrassingly.

"Mr. Queen, this bouquet of flowers will never wither, representing my love for you. You will never change your mind. Just accept it."

Kevin handed the money to Hayden again, and said love words in his mouth.

If his two sister-in-laws were present and heard his love words, it is estimated that his two elder brothers would have to recite the love words all night.

Neither Zachary nor Callum could talk about love as easily as he did.

After Hayden looked at Kevin for a while, she raised her hand to block the bouquet of flowers, and said seriously: "Mr. York, how many times do I need to tell you? I told you, I'm not interested in you. I'm a normal man. Please Don't pester me anymore, I won't accept you."

Kevin: "But I'm very interested in you. If you don't like me, it's your business. I like you, it's my business. It's my freedom to pursue you."

Hayden took a deep breath and another deep breath to suppress the surging anger.
