**Married at First Sight Chapter 1966**-Kevin played the nature of brown sugar, chasing after Hayden.

Everyone looked at the two of them, and no one dared to interfere with the affairs of these two big men.

Those admirers of Hayden hated Kevin to death, they saw this brazen man pestering Young Master Queen all night.

Hayden went directly to apologize to the organizer, and she said: "Mr. Miles, I'm sorry, I have something else to do, so I'm sorry."

Everyone's topic, to last until now, was already full of patience.

Miles understood and said: "Mr. Queen, Your matter is more important. You should go to work first."

At the end, he added: "I can understand you, Mr. Queen."

Hayden nodded gratefully, and then walked out of her hotel with the bodyguard team.

Hugh was still reluctant to leave, so he rushed to his sister's side and said as he followed, "Brother, are you going back now? The banquet is not over yet."

Hayden: "If you don't want to go back, you can wait until the banquet is over. I'll give you a car."

After thinking about it for a while, Hugh said, "That's fine, brother, go back first, just leave me a car."

Hayden left.

Under the stares of everyone, Kevin also left.

Miles finally understood that the Third Young Master of the York family asked him for an invitation not long ago, not to save him, but for Hayden.

It seemed that the third young master of the Zhan family was really gay, and it was true for Young Master Queen.

For a while, those bosses who once thought about Kevin and wanted Kevin to be their son-in-law completely gave up this idea.

Even if Kevin wanted to marry their daughter, they wouldn't let him, and they couldn't let their daughter marry into the York family and end up a widow.

They didn't know if any of the other young masters in the York family were dishonest.

What Kevin didn't expect was that because he openly pursued Hayden, his younger brothers were more or less affected.

"Hayden."

As soon as Kevin got out of the hotel, he quickly ran after her and stopped Hayden when she got into the car.

Hayden waved his hand away.

"Mr. York, please respect yourself!"

Hayden warned him coldly.

Kevin apologized: "Hayden, I'm sorry, I didn't want to take advantage of you, I was anxious to hold you back."

Taking a few deep breaths, Hayden felt that his temper was getting better and better.

"What else is Mr. York?"

Hayden asked quite helplessly.

If she did something wrong, God can punish her, but don't send her Kevin to torture her.

Kevin: "Hayden..."

Hayden: "Don't call me Hayden!"

Seeing her angry look, Kevin softened his heart a bit, and said with a smile: "Okay, I'm chasing you, but I haven't caught up with you yet. You can't accept such intimacy. Mr. Queen, I drank a lot of wine, so I shouldn't be driving anymore. We are both in the Yuvinn villa area, can I take your ride back?"

Hayden pointed diagonally across Fortress Hotel, said coldly: "Mr. York, you don't need to walk for five minutes to get back to your Fortress Hotel."

His house hadn't been renovated yet, so he lived in a woolen house.

Hayden: "Besides, Mr. York, your house haven't been renovated yet, so you can go back to Yuvinn Villa Area, can you stay?"

Kevin smiled: "I can't sleep, but I want to go to your house to drink a bowl of hangover soup. It's too much, it's very uncomfortable."

"No!" Hayden directly refused, "I don't have hangover soup at home."

After speaking, she got into her car and quickly closed the door.
