

Read Novel Married At First Sight Chapter 1973

Married at First Sight Chapter 1973-"Milk is ready to drink." Josh sat down next to his wife and asked her to drink milk first.

Jasmine picked up the glass of milk and said, "Serenity believes in Zachary. She recognized the woman in the photo and said that woman is the daughter of the Dawson Group, and she is the woman named Analia. That woman is really shameless. Zachary and Serenity will hold their wedding in one month, and they will get the certificate for one year, not to mention the people in Wiltspoon, but anyone who has contacts with your company who doesn't know that Zachary is married and loves his wife. Analia dared to come to the door and wanted to chat with Serenity. I dare say she must have said that Serenity was not good enough for Zachary, and she was asked to leave Zachary. I don't know who gave her the courage to go and talk to Serenity about these things.

Why is Serenity not worthy of Zachary? Even if her family background is not comparable to that of the York family, the York family and Zachary don't dislike her and accept her completely. Others say irresponsible things. It's purely because I'm full and have nothing to do, and it's also driven by jealousy."

Josh said softly, "You just know, don't be angry. Serenity is very sensible, she believes in Zachary. I don't think that man is Zachary either. Recently, Zachary either entertained or went to comfort and encourage Duncan, and he never left Wiltspoon at all. Oh, he left a few days ago, but he went to Annenburg to find his wife.

Wife, drink milk. You're going to rest after drinking milk."

Josh's hand couldn't help but land on Jasmine's stomach again, his face was full of anticipation, "Baby, say hello to Dad."

Jasmine drank a few mouthfuls of milk and said with a smile: "It's still early. When the baby starts to move, you can say hello to him. When the time comes, you can touch him and he will kick you."

Josh: "I'm so looking forward to it, what's the fetal movement like? When will our baby start to have fetal movement?"

Jasmine asked him back: "You bought so many books related to pregnancy, but you didn't read them?"

Josh: "...I believe I read it, but I'm just sleepy. This is a bad thing because it makes it difficult for me to focus on reading."

Jasmine looked at him speechlessly.

Josh: "I will read that book every night from now on. After reading it repeatedly, I will be able to remember the contents of the book."

Okay, how long has it been since you read a book? After three months of pregnancy, there will be fetal movement, but at this time the fetal movement is very slight, so slight that even the pregnant mother can't feel it.

About four months of pregnancy, the pregnant mother can feel the fetal movement. As the months increase, the fetal movement becomes more and more obvious, and the baby kicks more and more vigorously."

Jasmine was pregnant for the first time, but she had more experience than Josh because she watched Liberty conceive and give birth, learned from her, and heard a lot of knowledge related to pregnancy.

When Sonny was still in Liberty's stomach, Jasmine touched Liberty's stomach, and then Sonny responded to her by kicking Liberty's stomach. She thought it was amazing.

Josh: "After that, we will have to wait until our child greets me. Wife, eat more because if you do, our baby will be able to eat more and develop more quickly."

Jasmine was looking at Josh.

Josh scratched his head and smiled.

Jasmine: "Your family has already raised me as a pig, and let me eat more. Then I will become an elephant. Don't think I'm thick."

After pregnancy, the Bucham family regarded her as a national treasure. Let her eat, drink, and sleep well every day, and live a life like a pig, but the pig's food was not as rich as hers.

She insisted on going back to open the bookstore, and stayed in the store all day, not only to pass the time, but also to avoid the care and love of her in-laws. She really felt sick after drinking all kinds of nourishing soup.

Josh: "I don't dislike you. No matter what you look like, I don't dislike you. If you become an elephant, I will follow you into an elephant. Look, am I not fat now. Wife, you don't have to worry about your pregnancy figure, and don't lose your confidence if you get out of shape, and I will grow fat with you. we will all be the same fat."
