**Married at First Sight Chapter 1975**-Jasmine: "Two bites shouldn't be too much. I've eaten a lot. I used to eat ice cream twice a day around this time last year."

For a foodie, thinking about eating something, Jasmine really couldn't wait to eat ice cream in her mouth of.

She didn't want to wait a minute.

Josh: "..."

He doted on his wife and was really unwilling to refuse her request. But the family doctor said that during pregnancy, try not to eat cold food.

"Honey, we haven't decided on a name for our baby yet. Have you thought of a nice name?" Josh changed the subject, trying to distract his foodie wife so that she wouldn't be thinking about eating ice cream.

If it suited her to eat, he would give her as much as she wanted.

He must work hard to let himself learn to refuse the food that was not suitable for her.

Jasmine: "It's still very early to choose a name. It's not too late to think about it until the child is about to be born. Besides, I don't know if it's a son or a daughter."

Josh: "I have a name."

Jasmine: "Don't try to divert my attention, husband, just let me eat some ice cream."

Jasmine was not stupid. Josh changed the subject, but she knew it.

She pulled him back again.

Josh: "...When my mother scolds me, you have to protect me."

"That's natural, I won't let my mother scold you."

Josh: "Just a few bites?"

Jasmine nodded, "Just take a few bites."

Josh whispered: "Later, let's go for a walk in the yard first. After ten minutes of walking, I'll go back to the house to get ice cream. I have an excuse to say that it's hot and I want to eat."

Jasmine nodded, as long as he promised to let her just pass the mouthful.

When she was pregnant, she always wanted to eat something, she wanted to eat it right away.

She heard that after pregnancy, many people would be like this.

She didn't usually like to eat, but she also liked to eat it.

She liked to eat, but did not want to eat.

She wanted to write down these changes during pregnancy in the form of a diary, and give it to Serenity and Elisa for reference in the future.

The young couple went downstairs, walked straight across the hall, and went out of the house.

Seeing Josh accompanying Jasmine, no one asked where they were going.

After a while, Josh came back.

Mrs. Bucham was not there, so the butler saw him coming back and asked, "Where is Young Mistress?"

"Take a box of ice cream and go out to eat." Josh said as he walked towards the refrigerator.

The butler followed him, and also said as he walked: "Young Master Bucham, there is no ice cream at home. The ice cream and cold drinks were cleaned up by the Madam. Madam said that she was worried that the young Mistress would not be able to control it, and Young Master Bucham spoiled the Young Mistress."

Josh: "..."

As expected of his own mother.

See him through.

Not only could he not control his wife, but he couldn't resist his wife's offensive.
