Married at First Sight Chapter 2031—“Hayden, are you moved? The contents written in these banners are all my sincere words, and I am sincere to you.”

Kevin looked at her affectionately.

Hayden turned around and wanted to leave, stopped after walking two steps, turned to Kevin and said, “Take those banners down!”

“Why take them down? That is my love for you, I want to tell you. If you can’t listen to it, hang it here, and if you see it every day, you might be able to understand it.”

Hayden stared at him for a long time, then turned and left again.

She had nothing to do with this man.

How shameless!

How did the York family teach such a shameless person?

“Hayden.” Kevin quickly caught up and reached out to hold her.

The bodyguards of the Queen family wanted to stop but dared not.

They had tried Kevin’s skills, and they knew that this man’s boxing skills were very good.

If they really stopped him, They’re afraid they wouldn’t be able to stop him.

Moreover, they could see that although the young master was extremely speechless against Kevin, she was not serious with Kevin. And Mr. Queen and Mrs. Queen like Kevin very much.

Hayden shook off Kevin’s hand vigorously, and said with a cold face: “Mr. York, please respect yourself! Aside from being able to say this sentence, can you say the second sentence?”

Kevin smiled, “You said that we are all men, what’s the point of a man pulling a man’s hand, no one will take advantage of anyone. You have come here, stay for dinner, I treat you to dinner.”

Hayden coldly refused: “No need!”

Kevin: “I don’t enjoy eating alone, let’s eat together. I’ll order your favorite dish.”

Saying that, Kevin went to pull Hayden again, and Hayden avoided his hand, but was quickly held back by him domineeringly and shamelessly. He forced her back to the hotel.

Hayden was forced to follow him, ordering him in a low voice while walking: "Kevin, let go!"

Kevin: "Go and complain to Uncle Queen and Auntie Queen, saying that you bullied me."

Hayden's face turned green.

Kevin actually said to go to her parents to sue!

Hayden knew that he would really do that.

This man was extremely shameless.

Hayden: "I can walk by myself, you let go!"

"As soon as I let go, you will run away. You have to promise me that after I let go, you will follow me to eat. You can't run away. If you run away, I will move to live in your house, eat and live at your house every day. Anyway, Uncle Queen and Auntie Queen like me very much."

Hayden couldn't help but growl: "Kevin, can you show some face?"

Kevin: "The classic quotations handed down by my elder brother, Chasing my wife is shameless!"
