Married at First Sight Chapter 2037-Kevin was immediately cheerful, and he said: "Hayden, you have vision, our York family boys are all excellent, and they are definitely not related to sc*mbags. It's okay if you appreciate us, but I still hope you appreciate me more.. haha."

Hayden looked at him, and suddenly asked him: "Kevin, is it me that your grandma chose for your wife?"

Hayden also thought about this question for a while. She felt that only this possibility, the York family's reaction was consistent.

Also, the fact that Kevin easily knew that she was a woman was also very weird.

Said that Kevin's eyes were very sharp, and he knew she was a woman when he saw her, but she didn't believe it.

Because she had not been with Kevin for a long time, no matter how smart Kevin was, she had not been spotted by anyone for more than 20 years.

If it was discovered by Old Mrs. York, it was still possible. The old lady was very powerful when she was young, and she was top-notch in asking about the news. Now the Bucham family in Wiltspoon often asked the old lady for some questions.

Hayden really didn't know when the old lady set her eyes on her? And how did Kevin find out that she was a woman?

Kevin picked up a chopsticks of food for him, and asked her back: "Why do you think so? I can't approach you because I like you, and pursue you?"

Hayden: "No matter how open-minded the elders in your family are, it will be difficult to accept the fact that you are gay. The matter of you pestering me has caused storms in Jensburg and Wiltspoon. The elders in your family did not come forward to stop it, and let you pester me.

This is abnormal. I also contacted your grandma, but your Grandma replied to me, 'Didn't Kevin tell you?' I'm the wife of choice, right?"

Kevin smiled, "Hayden, why are you so smart, it's not fun at all."

Sure enough!

Hayden sighed in her heart, falling into the hands of old lady York, she recognized it.

Fortunately, it was not in Kevin's hands.

“Why is your grandma staring at me?” Hayden was curious.

Kevin said while eating: “Don’t ask me, I don’t know, I also want to know why it is you.”

“What’s wrong with me? Am I bad?” Hayden instinctively refused him.

Kevin looked at her with a smile, and Hayden realized that her words could easily make Kevin fantasize.

She wanted to explain, but felt that the description was getting darker and darker, so she stopped talking.

“Hayden, if you know the reason, don’t resist stubbornly anymore. Even if you are not my grandma who gave me this, I am very interested in you now. Every time I see you, I am half-p!ssed off, I’m happy.”

Hayden: “...”

The b*stard was obviously based on his happiness on her pain.

Lifting her foot, under the table, Hayden stepped on Kevin’s foot fiercely. Kevin was so painful that he almost jumped up, but he touched the table again, and the pain worsened.

Hayden happily enjoyed her lunch.

After eating and drinking, Hayden took out a napkin and wiped the oil stains around her mouth, and said flatly, “Thank you Mr. York for inviting me to dinner. Mr. Zhan, your cooking skills are beyond words.”

Kevin: “That’s natural. We are nine brothers, and my cooking skills are the best. Hayden, you have the best food. After we get married, I will cook delicious food for you every day.”

Hayden chuckled, “Kevin, I never said I would marry you!”
