Married at First Sight Chapter 2039-A cold look flashed across the eyes of Matriarch Farrell.

Shiloh also believed what she said.

After all, Kathryn was her biological daughter.

Although Shiloh was innocent, but the father and daughter were still...

Matriarch Farrell suppressed her coldness, and comforted Shiloh in a gentle voice: "Okay, don't cry, that's the third young master of the York family, isn't it normal for him not to give you face?" Matriarch Farrell added: "Shiloh, although our Farrell family is also a wealthy family in Jensburg but not a top-level wealthy family. We even need to look up to the Queen family, and the Queen family is not as good as the York family in Wiltspoon. There are not many top-ranking wealthy families like ours."

"I told you not to provoke Kevin. You didn't take what mom said to you, but you went to provoke Kevin. For other people, mom can help you vent your anger. The other party is Kevin. Mom really can't vent your anger for you."

"mom." Shiloh shouted unwillingly, "No matter what I did before, Mom, you would always help me."

Matriarch Farrell: "Mom said, if the other party is not Kevin, mom can help you vent your anger. If it is Kevin, mom will give him three points of courtesy. How can I vent your anger for you? Besides, you started this matter first. If you don't fight Kevin, he will let someone kick you out?"

Shiloh pouted, and said, "I just can't stand him forcibly dragging Hayden into the hotel."

Matriarch Farrell: "Young Master Queen didn't even struggle, what do you do? If Young Master Queen really doesn't want to get entangled with Kevin, most of the way is to get rid of it. Why can't you see that Young Master Queen is a bit interesting to fight against Kevin."

Shiloh suddenly became agitated, "Mom, how can you say that, Young Master Queen is a man, how could he be interested in Kevin? It is clear that Kevin is extremely shameless, he is gay, he will chase whoever he like, and pester him Who only thinks about himself, not about others.

Young Master Queen hates him to the core, and so do the daughters of our Jensburg. They don't know how the York family can teach such a shameless person. They also say that the York family has a good family style, and they can teach Kevin. Come on r*scal, how can the family style be better?

Mom, if you don't vent your anger on me, is it because Kathryn also likes Young Master Queen? Young Master Queen's attitude towards Kathryn is much better than that of me. You see that Kathryn is more hopeful to be with Young Master Queen, so you don't help me right?"

Because Shiloh was too angry, in a fit of anger, she questioned Matriarch Farrell that she didn't love her enough and favored Kathryn, her own daughter.

Shiloh: "Mom, I have been raised by you since I was born, and you raised me until I was twenty-eight years old. I am your daughter!"

Another coldness flashed across the eyes of Matriarch Farrell, but she was not angry on the surface. Instead, she got up and walked around the desk, came to Shiloh's side, took out a tissue, and lovingly wiped Shiloh's tears.

Matriarch Farrell: "Okay, don't cry. You are Mom's daughter. Mom has always treated you as her own daughter. You questioned Mom like that just now. How uncomfortable Mom is!"

Shiloh also knew that what she just said was irrational.

Now that she was in the Farrell family, although she was still deeply loved by her family, her status was gradually not as good as Kathryn's.

She was also very clear that only by firmly grasping her mother's love could she have a chance to regain everything, otherwise she could only watch Kathryn ascend to the throne.

Shiloh: "Mom, I'm sorry, I just said something wrong."

Matriarch Farrell: "We, mother and daughter, don't have an overnight feud, so Mom won't be angry. You like Young Master Queen, and Mom knows that before, Mom didn't approve of you pursuing Young Master Queen because you are the successor of our Farrell family."
