Married at First Sight Chapter 2115-After Sonny came, the main house in the center soon became lively.

Serenity, Liberty, had no chance to get close to Sonny. Therefore, Serenity took her older sister on a tour of the mansion to take in its picturesque surroundings.

Wildridge Manor had different scenery throughout the year.

In spring, Wildridge Manor was full of spring scenery, which was too beautiful to behold.

In the summer, appreciating the lotus was also a beautiful experience.

In the autumn time, to appreciate the red leaves.

Winter was the season for enjoying the snow, but it didn't snow in Wiltspoon, so they can't enjoy the snow scene, but it didn't affect the beauty of the mansion.

"How is Mr. Brown?" Serenity asked her sister.

Liberty: "He's recovered well. I went to see him today. His mental state is much better than when he just woke up, but he can't get out of bed and walk around. Jessica wanted him to die. He wanted to kill him but he came back to life. The doctors said he was fatal."

Serenity was silent, and then said: "He is alive. Sonny still has his own father, anyway, he can't affect my sister anymore. Just take Sonny to visit him once in a while."

Liberty hummed, "Although I fell out with him and ended up in a divorce, he is Sonny's biological father after all, and I never hoped for his death. They also want to keep Sonny in the hospital for two days, Sonny refuses."

Serenity said, "They used to treat Sonny as a toy, and they played with it when they liked it, and didn't even look at it when they didn't like it. Sonny's grandparents loved them even more The grandson who was brought up with one hand.

Sonny is not close to them, and you are not present, so Sonny is naturally unwilling to stay in the hospital to accompany his father."

Even if it is a family member, feelings must be cultivated.

As grandparents, they had never gotten along well with their grandchildren, let alone brought them along. It was normal for the grandson not to be close to them.

"Mr. Lewis followed." Liberty said.

Serenity was stunned, "No wonder they want to keep Sonny, they are afraid that Sonny will change her surname to Lewis."

Sonny used to be very afraid of Duncan, and would hide when he saw Duncan.

After a long time, he slowly accepted Duncan's closeness, and he got used to seeing the scar on Duncan's face, and he no longer felt horrible.

Duncan was also very kind to Sonny.

They were now kissing as if they were father and son. Due to Duncan's sincerity, it was necessary to cultivate the relationship.

Serenity: "Mr. Lewis went to the hospital with you, why didn't he come together?"

Liberty said after a moment of silence, "He still has a little inferiority complex in his heart, and he feels that he is inconvenient to move. If he comes here, it will affect everyone's mood, and he didn't want to face the elders' care and sympathy for him."

Serenity stopped talking.

"Ring Ring Ring..."

At this moment, Serenity's cell phone rang.

She took out her phone and looked at the caller ID. It was from her aunt Audrey, and she said to her sister, "It's from my aunt."

Quickly answer, wasn't aunt urging them to take Sonny?

This weekend was the object of competition among the parents and elders.

Serenity answered Mrs. Stone's call, and asked, "Auntie, are you up for your lunch break?"

"I couldn't sleep, so I woke up and called you to tell you about the progress of the matter. Your cousin went to investigate, but found no evidence. I only sorted out the information of the people in Farrell's family who can talk now. Serenity, I'll take a picture later and send a copy to you and your sister."

Serenity hummed, and then comforted Mrs. Stone: "Auntie, this matter should not be rushed, We have to investigate it slowly. after all, how long has it passed? Ten years."

"I know." Mrs. Stone understood, but sighed again, "It's a lie to say that I don't care about it. I spent decades looking for your mother, but when I found it, it was separated.

Fortunately, there are you and Liberty, which can be regarded as soothing my soul that has been searching for decades.”
