

When His Eyes Opened Read Novel Chapter 3058

Novel Chapter 3058 -It was the first time Avery saw Hayden speak like this.

Hayden was usually not in a hurry or rash, and had a calm and unhurried attitude about everything.

Avery raised a smile at the corner of her mouth, and asked: "Are you planning to marry Joanna? I knew that you two would definitely make a lot of progress when you go out to play this time. I think it would be great if you two just get married. If I feel that June 1st is too short a time, so I can choose Valentine's Day."

Hayden is used to his mother's foresight: "I will talk about the wedding after I discuss it with her. You come back now, I have to say something else to you now."

Avery really couldn't think of anything else Hayden could do, so he was so anxious to tell his family.

It must not be a small matter.

Otherwise, their journey would not be interrupted, and they must go home now.

Avery got up from the recliner: "Do we need to rush home today?"

"As soon as possible." Hayden couldn't help it for a moment, and wanted to tell the whole family about this surprise right away.

Mom and Dad would be very happy to see Gia.

Avery took the mobile phone and immediately entered the room, asking Robert to pack his luggage.

"Hayden, why don't you tell me on the phone, what's the matter? You make me feel uneasy... Tell me, is it a good thing or a bad thing?"

"If it's a bad thing, you won't come back?" Hayden teased.

"If it's a bad thing, I have to hurry back. If it's a good thing, I don't have to worry so much!" Avery corrected his son.

Hayden was just joking now, he knew what kind of person his mother was.

"It's a good thing." Hayden didn't hold back any more, "Don't worry, pack up slowly. You'll be fine when you come back tomorrow."

"It's a good thing, of course I'm going back immediately! Okay, stop talking, I'm going to pack my luggage!" After Avery finished speaking, she hung up the phone.

Elliot and Robert stared at Avery, not knowing what was going on.

Avery immediately explained: "Hayden said there is something good, and he wants us to go back quickly."

"What good thing?" Robert was at a loss, "Could it be that he and sister Joanna got the certificate?"

Avery's face flashed a look of astonishment: "This is really possible!"

"If the two of them have obtained the certificate, there is no need to call us back in such a panic. Receiving the certificate is not a banquet, and it does not require us to attend." Elliot felt that his son should not be in a hurry to call them back because of the certificate, "It must be because of something else."

"What else could be the reason? I really can't think of it! But Hayden's tone is really happy. Well, stop talking, let's go back quickly!" Avery was too much happy, so she picked up his grandson and kissed his chubby little face.

Foster family.

Hayden took Joanna and Gia home.

Layla and Hazel were sitting on the sofa, and they were looking at clothes on a shopping app and discussing whether to buy them.

After Hayden came back, Layla and Hazel immediately got up from the sofa, ready to greet him.

The nanny was the first to go out to greet her.

When the nanny saw the little girl in Joanna's arms, the smile on her face froze.

The nanny: "This little girl is so cute? Whose child is this?"

Hayden: "This is my daughter."

The nanny opened her eyes wide and covered her mouth with her hands, in disbelief.

At this moment, Layla and Hazel came out, and when they saw the child in Joanna's arms, they all showed shock on their faces.

“Brother! Why did you bring a little girl back when you went out for team building?”
Layla’s mind was wide open, “Did you pick this up on the road? It looks pretty good!”
Layla was talking, already big step towards them.
