

The Return of the God of War [The Protector] Chapter 4016 -

“You can try to help, ho ho ho!”

Levi Garrison said with a smile.

Levi Garrison smiled brightly, but in Gongsun Yueying’s eyes, it looked like a devil’s smile.

It made her shudder, and the last thought of calling for help and escaping disappeared.

The most important thing is that Gongsun Yueying is completely sober.

She wanted to call for help out of her survival instinct, but when she calmed down, she regretted it immensely.

“With Levi Garrison’s cultivation realm, even if the team from the Sun Moon Divine Fire Hall shot together, it would not help.”

“When I brought dozens of Tianjiao with stronger strength, wasn’t I still vulnerable in front of Levi Garrison?”

“Besides, Levi Garrison is upright now, and there is no reason to use the power of Longyang City.”

Gongsun Yueying’s mood was extremely chaotic.

“Let’s see if there is a chance when Levi Garrison and Taiyi Chamber of Commerce conflict?”

Gongsun Yueying made a decision in secret.

“Why did the master say this? I won’t ask for help. Besides, how can I be the master’s opponent with those few shrimps, soldiers and crabs?”

Gongsun Yueying said respectfully.

Levi Garrison smiled even more and said, “I hope your words and deeds are consistent.”

Gongsun Yueying’s heart froze, but in order to save her life, she still tried her best to suppress the panic in her heart, and acted like a well-behaved and sensible servant.

In this way, the three of them continued to stroll forward. The market size of Longyang City was more than ten times larger than that of Yulong City.

The crowd was surging at the market, and there were all kinds of genius treasures and refining materials on the stalls.

Levi Garrison inspected it carefully and found that these things were a little worse than what he expected.

I went through the whole market and couldn't find anything that I liked.

“Go directly to the Taiyi Chamber of Commerce!”

Levi Garrison said solemnly.

Murong Qingxue nodded, and according to the location marked on the map, he headed directly towards the location of the Taiyi Chamber of Commerce.

About an hour later, the three finally arrived at the destination of the trip – the Taiyi Chamber of Commerce.

In front of you is a magnificent ancient palace, which is extremely resplendent and extravagant.

Even the walls are made of top-quality spiritual stone bricks, and some are exquisitely decorated and even processed with dragon vein ore.

Carved beams and painted pillars, pavilions and pavilions are beautiful.

Not to mention other things, just the ore used in these buildings outside would cost a few medium-sized dragon veins.

The main entrance of the Taiyi Chamber of Commerce is even more majestic. I don't know what metal ore is used to make it, but there is a faint purple energy flowing.

Just above the gate hangs a golden plaque with four characters in regular script – Taiyi Chamber of Commerce.

“What a splendid Chamber of Commerce!”

Levi Garrison couldn't help but sighed with emotion.

The corner of Murong Qingxue's mouth twitched, secretly saying that the strength of the personnel inside is also very terrifying!

The anxiety in my heart reached the extreme, no matter how strong Levi Garrison was, he was only fighting alone.

Experts from the Taiyi Chamber of Commerce gathered together, coupled with the uncertain factor of Gongsun Yueying, it was really necessary to make a move, and the result was unpredictable.

Levi Garrison didn't know what Murong Qingxue was thinking, so he quickly exerted his strength to investigate the cultivation realm of the people around him.

Although he decided to come to Taiyi Chamber of Commerce to snatch the raw materials for refining, Levi Garrison also wanted to know himself and his enemy as much as possible.

There is an endless stream of people entering and leaving the Taiyi Chamber of Commerce, and most of them are in groups.

Levi Garrison probed the dozens of teams that came and went, and found that the vast majority of these people were above the core executives of the Xingyue Shenzong.

However, it is a little different from the masters of the Sun Moon Divine Fire Palace, and they are basically the best among the middle sectarian forces.

What particularly caught Levi Garrison's attention was the aura fluctuations hidden around the Taiyi Chamber of Commerce.

This part of the powerhouse can already be comparable to the powerhouses of the Sun Moon Divine Fire Hall, and there are even very few who are stronger.

"The background of Taiyi Chamber of Commerce is really unusual."

Levi Garrison said with a smile, "Let's go in!"

The Return of the God of War [The Protector] Chapter 4017 -

With mixed feelings of anxiety and tension, Murong Qingxue followed Levi Garrison into the Taiyi Chamber of Commerce.

Gongsun Yueying is not nervous at all, she is eager for Levi Garrison to fight with the strong men of Taiyi Chamber of Commerce!

In this way, there is a greater confidence to escape from Levi Garrison's side.

After entering the Taiyi Chamber of Commerce, Levi Garrison found that it was even more resplendent and extravagant.

Even the tables, chairs and benches inside are made of thousand-year-old wood.

“Go and contact the people from the Taiyi Chamber of Commerce!” Levi Garrison said to Murong Qingxue.

Murong Qingxue walked in hard, and soon found a transaction person in charge of the Taiyi Chamber of Commerce.

Levi Garrison stood there and waited, and after a while, Murong Qingxue and a middleman in a robe with a sword hanging from his waist came over.

“Mr. Ye, this lady has already stated your needs. We have Tianxing Iron, Huojin and Dragon Stone in our Taiyi Chamber of Commerce.”

“As for the Shengu Taiyi Chamber of Commerce, we also know the whereabouts. If you think the price is acceptable, we can trade now.”

The middleman spoke very politely.

“What price?” Levi Garrison asked indifferently.

The middleman said with a smile: “Tianxing Iron needs 300 top-level spirit crystals, while Huojin and Dragon Stone each need 3,000 top-level spirit crystals.”

“In this way, our transaction is successful, and the Taiyi Chamber of Commerce will inform Mr. Ye about the whereabouts of the gods for free. I wonder what you think?”

“Of course, if Mr. Ye can’t get such a large amount of top-level spirit crystals for a while, he can exchange it for the equivalent genius treasure.”

“So expensive?” Murong Qingxue called out in shock.

The top spiritual crystals all come from the dragon veins, and even the legendary higher-level ancient spiritual veins.

And the entire Xingyue Divine Sect could not gather ten dragon vein spirit crystals.

As a middle-level sectarian power, the Xingyue Shenzong only possessed holy vein resources.

As for the Taixu Shenzong, it is because the Seven Holy Sons have the special ability to detect the spiritual veins, and the user has the dragon vein resources just now.

However, the 6,300 Fast Dragon Vein Spirit Crystals issued by the Taiyi Chamber of Commerce was tantamount to an astronomical figure for the Xingyue Divine Sect.

“Is this already the lowest price?” Levi Garrison asked in a deep voice.

The middle-aged man nodded and said, “Since it is your first time to do business with Taiyi Chamber of Commerce, I have given the lowest price.”

“This will also make it easier for us to continue trading in the future, right?”

“What’s the matter, Mr. Ye, could it be that you can’t bear the price?”

Middle-aged people used to call Levi Garrison ‘you’, but at this moment, he was no longer so diligent and kind.

There was even a hint of sarcasm in his words.

“You can’t even pay for this spiritual crystal, yet you still lick your face and come to Taiyi Chamber of Commerce to make a deal? You’re really humiliating yourself!”

“You can go out and turn right and walk for an hour. There are street stalls and bunks there. That’s more in line with your identities, isn’t it?”

“Don’t have enough spirit crystals to trade top materials like fire gold and dragon stone? It’s really not too embarrassing!”

“Hurry up and get out, you guys have simply lowered the level of the Taiyi Chamber of Commerce.”

Everyone who traded in the Taiyi Chamber of Commerce spoke and ridiculed.

Even the face of the transaction person in charge of the Taiyi Chamber of Commerce just now changed.

“If you don’t have the sincerity of the transaction, please leave quickly, and don’t affect the business of Taiyi Chamber of Commerce.”

The middle-aged man said coldly.

Levi Garrison smiled without saying a word, he really had a lot of dragon vein spirit crystals.

The more than a dozen dragon veins discovered in the secret realm before, although a lot of dragon vein power was consumed, there are many dragon vein crystals.

It can even be said that the number of crystals accumulated by the twelve dragon veins is extremely large.

But the distance is too far, Levi Garrison doesn't plan to go back to the secular world to get it.

"You list the names of the sects in Longyang City that own the Dragon Vein Spirit Crystal, and I'll grab it and trade it."

"Or we don't bother, we can just grab the Taiyi Chamber of Commerce." Levi Garrison said with a smile.

The Return of the God of War [The Protector] Chapter 4018 -

As soon as these words came out, both Murong Qingxue and Gongsun Yueying were dumbfounded.

"This guy seems to be the number one bandit in Kunlun Ruins!"

Gongsun Yueying was very emotional.

"Sect Master, Sect Master, you only need to know these words in your heart, so why say them in public?"

Murong Qingxue was very frightened.

The Taiyi Chamber of Commerce is now spread all over the Kunlun Ruins, and provoking such a giant is basically equivalent to pulling one stroke and moving the whole body.

Even within this Longyang City, the Taiyi Chamber of Commerce is a master, and has a close relationship with the city defense army.

Isn't this asking for trouble?

Whoa whoa whoa!

There was also an uproar in the hall of Taiyi Chamber of Commerce, and then the hall burst into laughter.

"I'm afraid this person is not crazy, right?"

"There is no such thing as a cerebral thrombosis for ten years."

“To dare to speak out to rob the Taiyi Chamber of Commerce is simply asking for a dead end!”

The person in charge of the transaction was also full of frost, and he directly said loudly: “Come on, take down these madmen who came to coax trouble.”

As soon as the voice fell, dozens of elite guards rushed out from the inner courtyard of the Taiyi Chamber of Commerce, and directly surrounded Levi Garrison and others.

Levi Garrison did not change his face. After investigation, the strength of these guards turned out to be much stronger than that of Gongsun Yueying’s team.

“No wonder Murong Wanqing said before that even the Sun Moon Divine Fire Palace has to give the Taiyi Chamber of Commerce three points.”

“On the basis of the quality of the guards dispatched at will, it can be judged that the Taiyi Chamber of Commerce has a deeper foundation.”

Levi Garrison had a general judgment in his heart.

Those sectarian forces who came to the Taiyi Chamber of Commerce to trade are all retreating far away, watching the situation change with great interest.

“This kid’s cultivation base is mediocre, and it seems that he will surely die.”

“It’s that the woman has some strength, but she has no chance of winning in front of so many Taiyi Chamber of Commerce powerhouses.”

“Would you like to take a gamble to see how long the three of them can last?”

“Okay, I’ll bet three hundred dragon pulse crystals that they won’t last half an incense stick.”

“I bet they won’t be able to hold a cup of tea and press five hundred dragon vein spirit crystals.”

The crowd gambled enthusiastically.

The person in charge of the transaction said coldly: “The Taiyi Chamber of Commerce has always adhered to the concept that the visitor is the guest. Nian’er and others are the first offenders. As long as you kneel and beg for mercy, this seat will let you live.”

“Don’t, don’t!”

Levi Garrison waved his hands again and again and refused: “The atmosphere is all set up here. If you don’t fight, won’t you live up to everyone’s expectations?”

What the hell!

The person in charge of the transaction suddenly had a strong urge to swear, this guy doesn't know good people?

"Since you are courting death, don't blame me for being ruthless."

The person in charge of the transaction turned his head and told his subordinates: "Kill this man on the spot, and the other two will be captured as female slaves."

"As ordered!"

The guards of the Taiyi Chamber of Commerce replied in unison.

They didn't take Levi Garrison in their eyes at all, especially after seeing the beauty of the two women, they couldn't wait to make a move.

Levi Garrison said with a smile: "Okay, I just checked the sharpness of the sword."

Looking at Murong Qingxue who was full of distress and panic, Levi Garrison said helplessly: "They forced me to grab resources, but they can't blame me."

"Well, the Sect Master is right, it's all their fault." Murong Qingxue said insincerely.

When Levi Garrison set off, he brought a sword and a sword forged by himself, and Murong Qingxue also brought a long sword, and the two went directly into a state of challenge.

As for Gongsun Yueying, she still takes a wait-and-see attitude. Before she has full confidence, she does not dare to go against the water easily.

After all, once Levi Garrison survives this calamity successfully, he will definitely find himself to settle accounts in the autumn, and there is a high probability that he will die.

So Gongsun Yueying decided to act cautiously, watching the development while fighting.

The powerhouses of the Taiyi Chamber of Commerce are constantly approaching, and the two sides are at each other's throats, and the war is about to break out.
