

## The Return of the God of War [The Protector] Chapter 4131 -

“President Wei, you are worrying too much. Even if I continue to stay here, the Zijin Chamber of Commerce can’t help me.”

Levi Garrison said with a smile.

How could Levi Garrison leave Xingyue Divine Sect so easily?

This time is the perfect time to shock the many sects of Kunlun Ruins in one fell swoop.

At that time, no one from the Xingyue Divine Sect would dare to provoke him, which would speed up his process of establishing himself in the Kunlun Ruins in a true sense.

“What’s more, I have forged so many divine weapons and sharp blades, and I just took this opportunity to test the power.”

“Besides, these shrimp soldiers and crabs are still in the eyes of Lao Tzu, they are no different from a group of rubbish that sells their heads.”

Levi Garrison’s tone was still very relaxed.

“This.....”

Wei Shuyang didn’t know how to persuade for a while, and Levi Garrison’s performance was too arrogant.

The other senior officials of the Taiyi Chamber of Commerce also shook their heads one after another, all of which were similar to Wei Shuyang’s thoughts.

Although Levi Garrison’s strength is indeed very strong, he has no chance of winning in the face of the siege of so many terrorist sectarian forces.

“Levi Garrison really doesn’t cry without seeing the coffin!”

“At that time, the strong men of the Zijin Merchant Association will attack, and he will be unable to regret it.”

“Levi Garrison is a little too big. The strong team that entered the Dragon Burial Valley was less than 1% of the many forces this time.”

“Two fists are invincible to four hands, and Levi Garrison will definitely pay a heavy price for his arrogance.”

The high-level officials of the Taiyi Chamber of Commerce have slandered in their hearts and minds, but they dare not say it on the surface.

Of course, these people are more afraid, because according to the attitude of the Taiyi Chamber of Commerce before, they must stay here and stand with Levi Garrison.

At that time, facing dozens or even hundreds of times the enemy, especially the strength of the strong ones, is still very terrifying, which is no different from hitting a stone with an egg.

Wei Shuyang tried to persuade a few more words, but Levi Garrison was still firm and thought it was unnecessary to leave the Taiyi Chamber of Commerce headquarters.

“Okay Mr. Ye, since you insist on doing this, our Taiyi Chamber of Commerce will give up our lives to accompany the gentleman, and I will ask the headquarters for help.”

After Wei Shuyang finished speaking, he immediately took out the communication tool and directly contacted the president of the Taiyi Chamber of Commerce headquarters.

It is required to send Taiyi Shenzu strong to come to support, and be sure to protect Levi Garrison’s personal safety.

After receiving Wei Shuyang’s letter for help, the senior officials of the Taiyi Chamber of Commerce headquarters made a decision without any hesitation.

Eight hundred Taiyi Divine Ancestor masters were sent to the Xingyue Divine Sect in batches in ten cloud boats.

The president of the Taiyi Chamber of Commerce even issued a death order, and if necessary, he could forcibly take Levi Garrison away from the Xingyue Shenzong.

Of course, this is just one of the support troops. The Taiyi Chamber of Commerce also used many treasures and artifacts to recruit strong men to protect Levi Garrison.

The third is to use the contacts accumulated over the years to rush to the Xingyue Divine Sect in batches.

Wei Shuyang also tried his best to recruit allies as reinforcements, using all the resources and contacts he had accumulated over the years.

It can be said that in order to save Levi Garrison’s life, Taiyi Chamber of Commerce can be said to have made a lot of money.

In particular, the Longyang City branch and its affiliated sects came out in full force, intending to fight to the death with the Zijin Chamber of Commerce army at the periphery of the Xingyue Shenzong.

At the same time, the various armies of the Zijin Chamber of Commerce also gathered, and they all rushed to kill Levi Garrison in order to offer a rich bargaining chip on the reward order.

The fastest person to come to the periphery of the Xingyue Divine Sect's main rudder city is the Wangdao City Free King.

As the leader of the largest mercenary army in Wandao City, King Xiaoyao has many powerful subordinates, especially many powerful spirit beasts.

Because King Xiaoyao has a peculiar skill, that is, it can tame spirit beasts and make many spirit beasts become loyal subordinates to charge into battle.

The spirit beast army formed by more than a hundred huge spirit beasts was magnificent, as if to tear all the enemies to pieces.

King Xiaoyao personally led the army and shouted loudly: "The gangsters quickly come out and die, this king will crush you to ashes today."

## **The Return of the God of War [The Protector] Chapter 4132 -**

King Xiaoyao was wearing a long animal skin robe, standing on the back of a huge tiger-shaped spirit beast at the front.

This spirit beast is the size of an adult elephant, and it has a huge tiger head that is very domineering.

In particular, there is a sharp single horn just above the tiger's head that is extremely sharp.

"You bandit, listen to this king. If you hand over the sharp weapon in your hand obediently, this king will spare your life for the time being."

Xiaoyao Wang Yungong made a voice.

The sound resounded like a thunderbolt from the blue sky, and the group of spirit beasts also roared, as if they were waving the flag to the King of Free and Easy.

Ever since King Xiaoyao heard that there are peerless divine weapons in the hands of the gangsters, he has driven the herds of beasts to come non-stop, swearing secretly that he must get those divine weapons.

At that time, his reputation in Wandao City will be even higher, and even the surrounding areas will tremble.

There are also many fierce monks who follow behind the herd. They dress differently, but each of them exudes a terrifying aura of coercion.

“Finally, I will give you Banzhuxiang some time to consider. If you don’t come out and surrender, this king will lead the army to pacify the Xingyue Divine Sect.”

King Xiaoyao’s voice was high-pitched, and the herd roared in agreement again.

The other subordinates also shouted and shouted, and for a while, they were majestic and terrifying.

Levi Garrison, Wei Shuyang and others also rushed over on the main rudder city wall of the Xingyue Shenzong.

Except for Levi Garrison, who still had a relaxed look on his face, everyone else was dignified, even extremely ugly.

The reinforcements from the Taiyi Chamber of Commerce have not arrived yet, but the King of Free and Easy in Wandao City has a fierce reputation.

“It is said that King Xiaoyao’s cultivation has reached the realm of perfection, and he also has a powerful ability to control beasts, and his strength is unfathomable.”

“Moreover, the people under King Xiaoyao are all vicious and vicious people. Most of them are devils who do all kinds of evil in Kunlun Ruins, and they are bloodthirsty.”

“Look at those spirit beasts. It seems that more than half of them are high-level spirit beasts. These spirit beasts alone may be comparable to the core combat power of large sects.”

“King Xiaoyao personally commanded, and his royal mount is the unicorn dragon tiger beast. It is said that it has the bloodline of the ancient spirit beast, which is comparable to a peak powerhouse.”

There was a lot of discussion, and with the explanation of the insider, the expressions of others became even more ugly.

Looking at the many spirit beasts in the distance gently scratching their hoofs, the beasts’ faces showed a bloodthirsty and terrifying look, which made people unable to help but raise their fears.

Those devils in different clothes also have fierce faces, and their eyes are full of ridicule and contempt.

Especially the female members headed by Mu Rong Wanqing, their pretty faces were as pale as paper.

They have heard of the brutality of King Xiaoyao's men. If male enemies are slaughtered, and women are captured, life will be worse than death.

Wei Shuyang said solemnly: "Mr. Ye, King Xiaoyao's strength is unfathomable, plus those spirit beasts are extremely difficult to deal with, we use the defensive formation of the Xingyue Shenzong to resist."

Levi Garrison smiled without saying a word, looked at the group of spirit beasts, and added a bit of playfulness to his relaxed demeanor.

"Robber, get out and die!"

"Listen to the people of the Xingyue Shenzong, come out and surrender as soon as possible, we can make a difference."

"If you are stubborn, all the male disciples will be killed, and the female disciples will be reduced to female slaves."

King Xiaoyao's subordinates shouted wantonly, and his eyes became more brutal.

After waiting for a long time, King Xiaoyao saw that there was still no movement from the Xingyue Divine Sect, and a sneer flashed across the corner of his mouth.

King Xiaoyao took out the bone flute pinned to his waist, and then blew it rhythmically.

As the melodious melody sounded, the group of spirit beasts that were still relatively calm instantly became frantic.

They smashed the ground harder, and at the same time made a terrifying roar, and the beast's eyes instantly became extremely red.

"Kill!"

With the order of King Xiaoyao, the group of spirit beasts suddenly ran wildly, rushing towards the city wall of the Xingyue Shenzong like crazy.

## **The Return of the God of War [The Protector] Chapter 4133 -**

The unicorn tiger beast that King Xiaoyao sat down was no exception, and it also ran out.

At the moment when the unicorn tiger beast suddenly sprang out, the King of Free and Easy jumped up into the sky, directly above the floating cloud boat.

More than a hundred spirit beasts charged frantically, all of them with crimson eyes bursting with fierce light, as if they were about to shred the enemy.

There are also flying spirit beasts that roared again and again, and attacked the crowd directly at the head of the city.

“Quickly activate the defensive formation, the spirit beasts are attacking.”

“This is King Xiaoyao’s specialty. Under the control of the magic sound, these spirit beasts will become extraordinarily violent and bloodthirsty.”

“Not only that, these spirit beasts can also increase their combat power several times in a short period of time. Don’t take it lightly.”

Wei Shuyang and other Taiyi Chamber of Commerce powerhouses reminded them one after another.

The high-level and elite disciples of the Xingyue Divine Sect were instantly nervous to the extreme. They really didn’t know that this kind of mutation would happen to the spirit beasts controlled by King Xiaoyao.

“You don’t have to be nervous, just let Xiao Lei deal with these things.”

At this moment, Levi Garrison’s lazy voice came.

While everyone was surprised, they were also a little puzzled. Due to their excessive tension, they did not reflect on the sacredness of “Xiao Lei” for a while.

“Wow!”

Lei Kirin ( Qilin ) let out a low roar, obviously very dissatisfied that everyone had forgotten such an ‘important animal’.

Lei Kirin ( Qilin ) stood up lazily and looked at Levi Garrison again, as if asking for what level of combat power he should play next.

“Let go of the killing and let them see what a top-level spirit beast is.”

Levi Garrison’s tone was full of encouragement.

“Woooo! Woohoo!”

Lei Kirin ( Qilin ) let out two cheers, obviously quite satisfied with this opportunity to be displayed in front of a human... No, it was a chance to be displayed in front of a beast.

“Go!”

As Levi Garrison spoke again, Lei Kirin ( Qilin ) stomped on the ground with four hooves, and his huge figure shot into the air like an arrow from a string.

“Wow!”

Lei Kirin ( Qilin ) roared in the air.

This time, the roaring thunder unicorn did not do any control, and the sound was accompanied by a powerful mental attack, which made almost everyone present feel dizzy.

In an instant, the group of spirit beasts that had been charging aggressively just now stopped suddenly, and their bodies were like sculptures, unable to move at all.

Some spirit beasts with a slightly lower rank even knelt down directly on the ground, just like mortals who have seen gods come to the world and kneel down to worship directly.

The most tragic thing is those flying spirit beasts, they were originally flying at high altitudes to attack.

However, Lei Kirin ( Qilin )’s roar made their brains go blank in an instant, and the powerful pressure from the blood made them have no idea of resistance.

They fell from the sky one after another, ranging from broken bones and tendons to severe falls directly to their deaths.

“Wow!”

Lei Kirin ( Qilin ) continued to roar, and those spirit beasts who had just recovered from their senses once again seemed to have been tapped and froze in place.

The Thunder Kirin ( Qilin ) did not give them any chance to breathe at all, and directly released the power of lightning on the surface of the body.

Clap clap!

The violent multi-color lightning beam smashed down, and those spirit beasts that could not move became living targets.

In just a moment, more than 30 spirit beasts were bombarded into coke by the violent power of thunder and lightning, and then blown to ashes by the aftermath of the powerful energy.

“This...is this a king-level spirit beast?”

“How can a gangster keep a king-level spirit beast? It’s impossible!”

“One king-level spirit beast can be compared to dozens of peak powerhouses, yet is it being treated as a pet by a gangster?”

The members of the Happy King party screamed in surprise.

King Xiaoyao was also shocked and stared into his pocket. He thought that he was very powerful by virtue of the beast mastery, and many high-level spirit beasts could be used for him.

But compared to the gangsters, they are nothing but nothing!
