

Read I Am A Quadrillionaire Chapter 2090

I am a quadrillionaire chapter 2090-A shrill scream could be heard.

The person who was screaming was Marin, who had come back to her senses.

“Master!”

Then the other three also yelled mournfully.

Eira and her sisters could not believe their eyes.

What did they see?

Their master’s arm had been cut off, his sword was lost, and blood was still flowing from his mouth.novelxo

They wanted to rush over, but the Blue Light wrapped around their bodies restricted their movements, so they could only look at Azul, who was seriously injured and surrounded.

The miserable voices of the four also jolted the others back to their senses.

Sid, Zenon, and others looked at David and smiled forcefully.

‘A partial Pre-Deity!

‘Who would have thought that David is also a partial PreDeity?

‘How incredible.

‘Also, where did the other two partial Pre-Deities come from?

‘There are four of them in Star Kingdom at once?’

They had lived in Star Kingdom for so many years from birth to now, but this was the first time they felt as if they were truly understanding this level 7 civilization.

“David, you actually arranged for someone to attack me in secret. You’ve completely embarrassed all partial PreDeities. You are not worthy to ignite the Divine Fire. If you have the ability, let’s fight one-on-one!” Azul endured the severe pain and barked.

“Legitimacy lends itself to the victor. How can there be so much fairness in this world? Isn’t history also written by the victor? You’re only saying this because you’re on the weaker side. I don’t believe that you’ve never set an opponent before,” David replied coldly.

“You are extremely shameless!” Azul could not refute for a moment.

He had indeed done this many times before, with the exact number of incidences being so high that it was impossible to count.

“Heh, we’re in the same boat. Besides, why shouldn’t I do something if I can get something at the least cost? Don’t you agree?”

“David, you win! Tell me, what should I do for you to let me go?” Azul asked aggrievedly.

Azul had no choice.

The opponent was much stronger than him.

There were four partial Pre-Deities, and he was seriously injured.

So, there was no chance of escape at all.

However, Azul would not give up just yet. He still had a trump card that David would fear. Not just that, the whole Star Kingdom would fear this trump card.

Azul believed that it could save his life.

“Azul, in the beginning, I didn’t want to make a big deal out of this, and I gave you a chance. I even gave you back the Ice Soul Excalibur. At that time, as long as you left with your people, I wouldn’t have stopped you. It’s a pity that you gave up that chance. I didn’t want things to escalate to this point, but it’s what I have to do. You can’t leave now because if I allow you to leave, the lives of countless living creatures in Star Kingdom will be greatly threatened,” David said and shook his head.

Now, he definitely would not let Azul go.

Even if Azul swore in the name of his family, David still would not let him go.

David knew that after this guy went back, Azul would definitely bring more people back to seek revenge.

Moreover, David had shown all of his trump cards.

Azul did not need to do anything special. As long as he brought a Pre-Deity, no one in Star Kingdom would be able to defeat them.

The combat power of the four partial Pre-Deities was nothing compared to a Pre-Deity.

At that time, the entire Star Kingdom would be affected.

There would also be countless casualties.

“David, don’t be so fixated. The incident earlier was my fault. Now, I understand the situation clearly and I am admitting defeat. How about we make a deal now?” Azul asked.

“What deal?”

“If you let me go, I promise not to reveal the location of Star Kingdom and I will never step foot into Star Kingdom again in this life.”

David froze.

‘Isn’t this what I asked Azul to do just now?’

‘Why did he bring it up again?’

Anyone who was not a fool could see that David would not agree to that.

“Azul, do you think I’ll agree?” David asked curiously.

“I think so!” Azul replied seriously.

‘Why?’

“If I dare to suggest that, it means I definitely have my reasons.”

“I’m all ears.”
