The Divorced Billionaire Heiress chapter 2532-Keith looked at the door strangely and thought about it for a few seconds.

Suddenly, he had an epiphany.

Perhaps it was not as Selena said. Eric and Selena probably had an unusual relationship.

Earlier that day, Eric and Taylor's scandal was all over the place.

Any woman would not be able to stand it.

So, was Selena throwing a tantrum just now?

Eric went downstairs and watched as Selena leisurely swayed to the rhythm of the music. She had a smile on her face and was interacting with the people on stage from time to time.

Selena looked to be in a good mood.

Eric gulped. He was indescribably irritated and frustrated.

Immediately, he seemed to have lost his mind as he dragged her out without caring that others were watching them.

Eric dragged Selena to the door.

Selena's resistance was futile. Eric would not listen to anything she said.

She was speechless.

As soon as they went out, Eric relaxed his grip, and Selena took the opportunity to shrug off his hand.

She was afraid that she would be misunderstood when seen together with him for a second.

Eric should think that she was sensible and considerate, but in the end, he was upset.

He had been frustrated for a long time, and his anger had reached a tipping point.

At this moment, Selena said, "What the hell are you doing? Are you crazy?!"

“I wanted to ask you that. What happened to you today? Don't you have anything to ask me?”

Eric stood there with his tall and lean body. He was stern, and he exuded a chill all over his body.

He looked straight at Selena and focused on her.

That way, he could notice even a slight change of expression.

Selena frowned slightly and looked at him strangely.

“What should I ask you? Just say what you want to say. Why are you beating around the bush? Also, it's rude for you to drag me out like this.

Can't you just give me a call first?1'

Speaking of this, Eric got angry.

“I've called you so many times! Have you answered?”

His tone was a little anxious.

Selena froze for a moment and touched her pocket.

Then, she realized that she might have left her phone behind the bar.

However, she did not admit defeat.

She said without conceding, “I'm busy at night, so I don't have time to answer the phone. Why didn't you ask someone to come down and pass on a message? Why do you have to drag me out with so much fanfare?”

Fanfare?

Eric clenched his teeth angrily.

Selena just did not want to be associated with him, right?

“I was waiting for you upstairs, but you didn't come to find me. If I don't come down to look for you, are you planning to ignore me all night?”

Eric spoke bluntly directly in a fit of anger.

However, there was a trace of grievance in his voice.

Selena was stunned. Her eyes turned cold.

She was helpless.

Selena paused. "People pay more attention to you than a movie star. If I approach you, won't people notice that we have an abnormal relationship?"

Eric's face turned pale.

His pupils shrank slightly.

"What do you mean by abnormal? Are you still blaming me for the marriage thing?"

Selena was helpless and could not help but roll her eyes.

She no longer wanted to marry him.

Since the last time they broke up, her expectations for him slowly dropped.

It was not until today when Eric and Taylor were on the hot topic that she suddenly woke up from her dream.

Why did he avoid the topic of marriage with her, but he condoned others talking about his marriage with another woman?

In the end, Eric was just more sober than her.

Sober people would not forget the big picture for the joy of this moment.

Thus, Selena quickly let go of her feelings for him.

Instead of hysterically questioning Eric and demanding an explanation, why not accept the reality and give him her blessings?

Selena stood there and said helplessly, "I didn't mention this topic, so you don't need to mention it either. I didn't throw a tantrum, and I'm not in the mood to quarrel with you."

Eric felt more irritated by her passive attitude.

It was like punching cotton.

Tonight, he felt inexplicably stuffy.

He was upset.

Eric's face became even more stern.

He looked at her coldly:

“You’re saying that you’re not throwing a tantrum, huh? Selena, I can explain what happened today.”

Eric suppressed his emotions and wanted to explain what happened today.

He did this for the company, so she should understand.

“Taylor and I...”

Just as Eric spoke, a few people suddenly walked out of the bar.

Selena was startled. She quickly took a step back from his side and kept a safe distance from him as if they were strangers.

Then, she turned around and greeted the group naturally.

“You guys are leaving now? Goodbye!”

“Goodbye, pretty lady!”

Everyone liked this beautiful and generous boss.

However, they were a little surprised when they saw the man not far from her.

The sky was dark, and the lights flickered. When the light shone on Eric’s face, it was not as clear as in the daylight.

The man was tall and lean. His jaw was as sharp as a knife. Although they could not see the man clearly at a glance, the man seemed to be exuding an oppressive vibe.

Selena and Eric did not look like they had a close relationship outside.

On the contrary, it looked like Selena, as the owner of the bar, was just politely seeing this big boss off.

That was all.

They were distant and polite.

Everyone did not pursue this further and waved before they left.

Seeing that no one was suspicious, Selena breathed a sigh of relief.

When she turned back to look at Eric, Eric’s face was terribly gloomy.

Selena did not seem to be doing anything wrong, so she did not know why he had this expression.

She twitched the corner of her mouth and tried to brush him off.

“I saw that all your friends are here, Why don't you go back upstairs? You can leave first if you want. You don't have to wait for me!”

Before she turned around, Eric grabbed her hand and walked toward the car.

At first, Selena wanted to struggle, but she later found out that the car was blocking them from other people's sight.

That was why she did not refuse.

Eric was still cautious.

Selena followed him and accidentally fell into his embrace.

Eric supported her and became more gentle.

However, Selena quickly took a step back and let go of him.

After all, they were still in public. So, they should be careful.

Now that Selena had let go of her feelings for Eric, there was no need to cause unnecessary trouble for herself and him.

Eric looked at her. “Don't you have anything to ask about today's matter?”

Selena paused and looked up at him.

“I have nothing to ask, Mr. Ferguson. What exactly do you want to say?”

Her nonchalance made Eric feel angry and powerless.

Eric would rather Selena have a big fight with him.

That would be better than this unbothered attitude.

“Oh, you mean about you and Ms. Caldwell? Are you going to get married? Should I disappear from your sight now?”

Selena looked at Eric with clear eyes without the slightest bit of boredom or anger.

Eric suddenly felt dazed and uneasy when he saw her like this.
