

His True Colour Chapter 871 - 880

Chapter 871

Escort?

Dead man!

Chen Yanran's expression changed after hearing the words and said, "What are you talking about, I don't understand."

George Han's mouth raised a weird curve, smiling without saying a word.

Such an expression made Chen Yanran more guilty, and she had to turn around and leave.

The look in George Han's eyes just now seemed to see her through. This feeling made Chen Yanran very nervous, in Chen Yanran's view. She should have played with George Han between her palms, but now, she felt that George Han seemed to have seen through all this long ago, but he did not make any resistance.

Why is that?

Had he already guessed that he would die in the hunting convention?

But since you guessed it, why don't you want to escape this matter?

"Yan Ran, what's the matter with you?" Chen Tiexin asked when Chen Yanran's expression was not right.

Chen Yanran shook her head. She was not sure whether her feeling just now was correct. There was a sense of inexplicability in my heart, but how could George Han's trash make her feel dangerous?

“It’s nothing, brother. Let’s hurry up and prepare for the animal hunting conference.” Chen Yanran said.

Chen Tiexin nodded. For him who wanted to enter the imperial court, whether he was seeking masters or apprentices or hunting beasts, he never took it lightly. From a certain aspect, Chen Tiexin’s pursuit of status was very persistent.

But on the other hand, Chen Tiexin was too wishful thinking, because in terms of his abilities, it was nothing but rubbish for the imperial court, but he reported such illusions, and he really didn’t know him.

City Lord’s Mansion.

Huang Houyi was so angry that his son had called a painter to copy the portrait of a woman.

He hoped that Huang Xiaoyong could become a talent, but Huang Xiaoyong put all his energy on the woman.

It used to be Chen Yanran, but now she has become the woman in the painting. How can he not be angry?

“Huang Xiaoyong, you are so worthless, how do you deserve to be my son, don’t you have any other pursuits besides a woman?” Huang Houyi said angrily to Huang Xiaoyong.

Huang Xiaoyong knew that his father had misunderstood him. But about this matter, he didn’t know how to explain it to his father. After all, George Han asked him to keep the matter between him and George Han, so he didn’t dare to disclose it at will.

“Father, you are misunderstood, I am not such a person, I am obsessed with Chen Yanran, how can I like other women?” Huang Xiaoyong said.

Huang Houyi sneered and said: “Infatuated, what’s the use of being infatuated with women? In this life, do you want to spend all your thoughts on women?”

The angry Huang Houyi ordered the copying painters to get out of the city lord’s mansion quickly, otherwise, don’t even want to live.

Under this threat, the copy painters threw down their pens one by one. They didn’t want to lose their lives because of this.

But Huang Xiaoyong who saw this situation was anxious. The woman in this portrait was George Han’s younger sister, and he was ordered to find this woman if his father drives these people away. Who will copy the portrait again?

“Father, this is a very important thing to me, can you leave it alone?” Huang Xiaoyong said anxiously.

Huang Houyi looked at Huang Xiaoyong with a frosty face. Now is the critical moment for him to get rid of the puppet body. Huang Xiaoyong not only does not help, but also wastes time on such meaningless things. How can he allow Huang Xiaoyong to go down in business.

“Huang Xiaoyong, I warn you, from now on, if you do such unnecessary things in the mansion, I will drive you out of the house.” Huang Houyi said sharply.

Seeing Huang Houyi looking like he had no room for negotiation, Huang Xiaoyong became even more anxious. If his father didn’t agree with him to find the woman in the painting, how would he explain to George Han?

“Father, please come with me. I will show you something. After reading it, you will understand why I did this.” Huang Xiaoyong said.

“Don’t try to persuade me, no matter what you say. I won’t accept it.” Huang Houyi said firmly.

Huang Xiaoyong said decisively, “After you read it, you will agree with me very much. If you don’t believe it, then come with me.”

After speaking, Huang Xiaoyong walked towards the backyard.

He can’t reveal the identity of George Han, but if Huang Houyi is to remove the control over him, he can only let Huang Houyi know his current strength and the meaning of his doing this.

Huang Houyi didn’t intend to give Huang Xiaoyong a chance. However, he saw unprecedented confidence on Huang Xiaoyong’s face, which made him very curious, what on earth Huang Xiaoyong could change his mind.

Then he went to the backyard and went all around in no one’s land. Huang Houyi said: “Is there anything worth showing off, please take it out quickly, if you can’t convince me. From now on, you must get my consent for every action in the City Lord’s Mansion. “

Huang Xiaoyong took out a broadsword extremely confidently, and said, “Father, this is not showing off. It is an absolute shock to you.”

Scared?

Huang Houyi dismissed a smile, but his smile solidified in a very short time.

Above Huang Xiaoyong’s broad knife, four groups of flames representing the Four Light Realms were burning, which completely stunned Huang Houyi.

As Huang Xiaoyong’s father, Huang Houyi knows his son’s abilities well. He has been under the fence of the Second Light Realm for several years. There is no possibility for him to break through, unless there is an expert’s guidance.

But Huang Xiaoyong who was in front of him at this moment was already in the Four Lights Realm.

For Huang Houyi, this is something unimaginable.

“Four, four lights!” Huang Houyi’s eyes widened. The expression was slightly dull and said: “How is it possible, how is it possible, how can you be in the Four Lights Realm.”

Huang Xiaoyong was proud of his expression, Huang Houyi’s performance was expected. After all, it was breaking two realms overnight. For anyone, this was a very incredible thing.

“Father, I went from the Second Light Realm to the Four Light Realm overnight, do you believe it?” Huang Xiaoyong said with a smile.

Huang Houyi’s throat visibly squirmed a few times, overnight?

If this was said from the crowd, Huang Houyi would only treat it as a joke. Because this is simply an impossible thing in common sense.

But now, the facts are in front of him, and Huang Xiaoyong’s alive Four Lights state cannot tolerate his disbelief.

Huang Houyi walked up to Huang Xiaoyong excitedly, and asked, “How did you do it? How can it be possible to rise to two levels overnight? Do you have any adventures?”

“It is not an exaggeration to say that it is an adventure. For me, it is indeed an adventure.” Huang Xiaoyong said.

“What the hell is going on, tell me, don’t sell Guanzi in front of Lao Tzu.” Huang Houyi was very excited and swearing, he couldn’t wait to know what happened.

Chapter 872

“Father, don’t get excited, I will tell you that, in fact, the reason why I broke the border in such a short period of time is the credit of my master.” When speaking of George Han, Huang Xiaoyong has a heartfelt message. You can see that he is proud of it. Moreover, his loyalty to George Han was beyond words.

“Master?” Huang Houyi looked at Huang Xiaoyong suspiciously. He had never heard of this, and there were some people in Longyun City. He, as the lord of a city, knew very well that it was impossible to exist at this level. Master.

In Huang Houyi’s opinion, Huang Xiaoyong can break through the two realms and reach the four lights realm. This is at least a strong person above the Six Lights Realm, but how can such a master exist in a small place like Longyun City?

“Who is your master, he is in Longyun City?” Huang Houyi asked.

This topic is enough for Huang Xiaoyong. He was able to tell Huang Houyi that he had a master, and that his improvement in his realm was due to the master’s relationship, but he must never reveal the identity of the master. This was a warning from George Han. Even if Huang Xiaoyong was given a hundred courage, he would not dare to say Out of George Han’s identity.

“Father, don’t ask about his identity. Master is dead, so you can’t mention him to anyone. He is a very low-key person.” Huang Xiaoyong said.

Low-key?

Do strong people above the Six Lights Realm still need to keep a low profile?

Huang Houyi wanted to find the flaws in Huang Xiaoyong’s words, but his tangible Four Lights realm had already been shown, leaving Huang Xiaoyong with nothing to say.

“With the master, father becomes unimportant, right?” Huang Houyi disdainfully said.

“Of course not, but since his old man is unwilling to reveal his identity, how dare I say nonsense casually, in case his old man is unhappy, killing the City Lord’s Mansion is just a flick.” Huang Xiaoyong said.

“I am also the lord of a city anyhow, how dare he kill me at will?” Huang Houyi said. Lack of confidence, because he guessed that George Han’s strength is the lowest in the Six Lights Realm. Even so, it is very easy for a Six Lights Realm powerhouse to kill a small city lord, and the imperial court would not pay attention to this at all. Little shit.

Compared with a small city lord, the power of the Six Lights Realm is obviously more worthy of the imperial court.

“Father, it’s not that I underestimate your status. The identity of the city lord is not worth mentioning to him. Even if the senior officials of the imperial court meet him, I am afraid they will be respectful.” Huang Xiaoyong said.

“Bag.” Huang Houyi glanced at his mouth with disdain.

“Father, what position does Ji Shane have in the imperial court?” Huang Xiaoyong asked with a smile.

“That is of course supreme, and the emperor of the court has to personally meet him.” Huang Houyi said without thinking, how noble is the master, even for the emperor, that dare not look down on it.

After saying this, Huang Houyi was stunned for an instant, then looked at the smug smile on Huang Xiaoyong’s face.

A thunderbolt suddenly exploded in Huang Houyi’s mind.

Master!

Could it be said that Huang Xiaoyong's master was actually a master, how could this be possible!

Such a supreme figure. How could it appear in Little Dragon Cloud City?

Huang Houyi's legs were weak and he slumped directly on the ground.

The master of a dignified city, his performance at this moment was actually like a soft egg.

"You, you mean, your master is... an extremely master!" Huang Houyi's eyes widened and looked at Huang Xiaoyong in disbelief.

Huang Xiaoyong does not know the true state of George Han, but through the questions that George Han asked him, he guessed that George Han should be in the ultimate master state. Otherwise, how could he ask about not having a life thing? What happened?

You know, the cultivators in this world are the only masters who don't need natal things.

"A cultivator who doesn't have a destiny, what do you think he is, father?" Huang Xiaoyong asked with a smile.

Boom!

Huang Houyi's mind was thunder again.

He naturally knows what it means to have no zombies. This made him couldn't help being frightened.

Although Huang Houyi is a city lord, he has never really come into contact with a big person in his life, and there is such a high-level existence like a master that he can't even think about it.

But now. Huang Xiaoyong turned out to be a disciple of Master Ji, which was a great blessing for the Huang family.

“Son, you must seize this opportunity. Great masters such as Jishi must be well served. This is your chance to enter the imperial court!” Huang Houyi warned.

Huang Xiaoyong smiled faintly and said: “Father. I am already a disciple of the Supreme Master. Does it matter whether I can enter the imperial court?”

Huang Houyi was excited, and then nodded again and again.

Ji Shane does not belong to the imperial court, but the imperial court respects the master. For Huang Xiaoyong, whether he enters the imperial court is really not important.

“Didn't you just say that I am addicted to female s*x. In fact, the woman in the painting is my master's sister. The reason for copying the portrait is that the master wants me to help him find her sister.” Huang Xiaoyong explained.

“The woman in the painting seems to be in the midst of Fanghua and she is not very old. Isn't your master not ancient?” In the history of Xuanyuan World, every extremely strong master has reached such an achievement after stepping into the ancient rare. In Huang Houyi's established impression, Huang Xiaoyong's master should also be an old man.

But he actually has such a young sister, that he is not as old as he thought?

“Father, don't knock on your side. I won't tell you about this. If the master is unhappy, you will ruin my good future.” Huang Xiaoyong said.

Huang Houyi nodded repeatedly. Although he was full of extreme curiosity about this matter, he did not dare to anger a guru.

Even if it provokes the imperial court, it is just a different place in the body and offends the master. Ending is more painful than death.

“Yes, I won’t talk too much, but can you reveal your current realm to the outside?” Huang Houyi asked tentatively. Now that the three major families want to deprive him of the position of city lord, if those people know that Huang Xiaoyong now has the strength of the Four Lights realm, the three major families will probably retreat when it is difficult. This is for Huang Houyi. Very simple to solve their own troubles.

Huang Xiaoyong frowned and considered for a moment, and telling him his realm would surely shock many people, but it shouldn’t affect George Han. After all, apart from his father, no one knew that his realm improvement was related to others. related.

And Huang Xiaoyong knew why his father did this. As a son, he should also relieve Huang Houyi’s worries.

“Yes, but you must never mention Master.” Huang Xiaoyong said.

“All right, don’t worry, except for your realm, I will definitely not mention anything.” Huang Houyi said.

Chapter 873

“what!”

The king’s compound burst out with a terrified roar of the king’s master.

The Wang Patriarch looked incredulous.

Huang Xiaoyong actually reached the Four Lights Realm, which was a fatal blow to the Wang Family Master.

At the critical time when he wanted to overthrow Huang Houyi as City Lord, the news was almost desperate.

“Have you checked it out. How could Huang Xiaoyong reach the Four Lights Realm!”

At the same time, the same is true for the Xie Family Courtyard.

Patriarch Xie breathed hurriedly. Facing this sudden news, he didn't want to believe it, but Huang Houyi's release of such a message could never be a joke.

“How could this happen. Huang Xiaoyong is in the second light stage, how can he reach the fourth light stage so quickly!” Patriarch Xie asked the servant.

“Patriarch, I heard from the eyeline of the City Lord's Mansion. Huang Xiaoyong's real name Broadsword indeed shows his realm of the Four Lights Realm. This is absolutely nothing false. As for why he can reach the Four Lights Realm, this is not known. “The next person replied.

Patriarch Xie took a deep breath one after another. If Huang Xiaoyong really had such strength, it would become a luxury to overthrow Huang Houyi.

Not to mention whether the combination of the three major families can still threaten Huang Houyi, Huang Xiaoyong's strength in the four lights has become a fear for them that cannot be ignored. Once Huang Xiaoyong takes action, who can stop the three major families?

Patriarch Xie almost crushed his posterior molars and said, “Could it be that the layout of so long can only be broken into nothing?”

After saying this, Patriarch Xie collapsed weakly on the couch.

Chen Family Mansion.

Chen Yanran was in a hurry. It can almost be described as the wind under your feet.

Three steps in two steps to Chen Tiexin's room door, knocking on the door and shouting: "Brother, are you in the room?"

"Yes." Chen Tiexin's heavy voice came from the room.

Chen Yanran pushed the door in. When she saw Chen Tiexin's expression, she guessed that her brother already knew about Huang Xiaoyong.

"Brother, have you heard about it?" Chen Yanran asked.

Chen Tiexin gritted his teeth and looked very unwilling. For many years to find a higher teacher, he had traveled thousands of miles to find nothing. Now Huang Xiaoyong has reached an astonishing four lights state, which makes Chen Tiexin unacceptable.

Why can the son of an idle city owner have such good luck!

"Huang Xiaoyong must have found a master with a strong realm. Otherwise, he would never have such a terrifying realm improvement." Chen Tiexin said.

Chen Yanran also had such a guess, because Huang Xiaoyong had been stagnating in the Second Light Realm for several years, which was a huge gate for cultivators, and it was very difficult to cross it. Unless there is a guide.

But Chen Yanran couldn't figure out, in a place like Longyun City, who has such a powerful strength can make Huang Xiaoyong break through two realms in a short period of time.

“Brother, do you think his master is still in Longyun City? What kind of realm would it be to allow him to break through two realms in a short time?” Chen Yanran wondered.

Chen Tiexin took a deep breath. If the expert was still in Longyun City, he would find out even if he was digging three feet. As for the realm of Master Huang Xiaoyong, this was not something Chen Tiexin could guess.

“Sister. You help me mobilize all the hands of the whole house, try to find this person, and find him no matter what.” Chen Tiexin said.

Chen Yanran knew that Chen Tiexin was very anxious. But this matter should not be acted recklessly. Since he is an expert, he deliberately hides himself, no matter how many people he has, it is useless.

And even if it is really fortunate to be found by them, if it causes dissatisfaction with an expert, no one can say what the consequences will be.

“Brother. Don’t worry, this matter has to be discussed long-term.” Chen Yanran said.

Chen Tiexin swept the teapot and cup on the table with one hand, looking extremely angry, and said: “Even Huang Xiaoyong is in the four-light state, and I am still in the second-light state. How can I accept this.”

Chen Yanran saw her brother angry. Although she wanted to help very much, this matter was beyond her ability. She was intentional but powerless.

“Brother, don’t worry, maybe your chance is not here. I believe that you are stronger than Huang Xiaoyong in terms of talent. Once you let that expert know about your existence, he will definitely value you more.” Chen Yan Ran said.

Chen Tiexin was also thick-skinned. He didn't feel that Chen Yanran's words were not at all problematic, but he showed a worried expression. Said: "I'm afraid this expert has left Longyun City before he sees me."

"No." Chen Yanran said firmly.

"Why?" Chen Tiexin asked with a look of confusion, he didn't understand why Chen Yanran was so sure.

"The hunting conference is coming soon. I feel that the reason why he appeared in Longyun City is for the hunting conference, even if he wants to leave. It should be after the hunting conference is over." Chen Yanran explained.

After hearing these words, Chen Tiexin calmed down a bit, because Chen Yanran made a lot of sense. The appearance of a strong man in Longyun City is a very undesirable thing. Since he has appeared, there must be some reason.

And the biggest thing in Longyun City recently, isn't it the Beast Hunting Conference?

"It seems that I need to have a good performance in the animal hunting conference to be able to arouse this expert's idea." Chen Tiexin said.

Seeing her brother's mood calmed down, Chen Yanran nodded and said, "So brother, you can't worry now, you have to prepare well for the animal hunting conference. The more anxious, the easier it is for trouble."

"Thanks to you for reminding me, otherwise, I might really act recklessly, and the gains outweigh the losses." Chen Tiexin smiled.

"Well, you can rest first, I also have to prepare for the hunting conference." Chen Yanran said.

Leaving Chen Tiexin's room, Chen Yanran did not go directly to her room, but went to where George Han lived.

Before George Han and Huang Xiaoyong left Longyun City to go to the suburbs together, no one knew what happened during the period, but Chen Yanran guessed that something must have happened between George Han and Huang Xiaoyong.

Of course, she would not think that George Han was Huang Xiaoyong's master, she just wanted to find out more about Huang Xiaoyong from George Han.

"You don't plan to sleep here tonight?" George Han looked a little surprised when Chen Yanran came to the room at this point in time. Although he and Chen Yanran are nominal couples, in fact nothing happened. .

The most important thing is that George Han has no idea about Chen Yanran. For him, being unfaithful to Amelia Su is the most heinous thing in the world.

Chen Yanran smiled coldly and said: "You are qualified to touch me, so don't daydream."

George Han patted his chest with joy and said, "That's good."

Chen Yanran's face condensed, and gritted his teeth: "What do you mean?"

Chapter 874

Chen Yanran didn't have George Han in his eyes. How did George Han put Chen Yanran in his eyes.

Although Chen Yanran has many followers in Longyun City, her beauty is only attractive to other people. To George Han, she is a woman who has nothing to do with her, nothing more.

If nothing happened with a shrug, George Han said, “It’s nothing. Come to me and just tell me if you have anything.”

Chen Yanran looked at George Han with a torch. She had seen many men, and when those men saw her, they all coveted her beauty, but George Han had clear eyes and seemed to have no desire to possess her at all.

This made Chen Yanran very puzzled, could it be the man in front of him. Can you really stay unmoved in front of beauty?

Or is he not a real man at all, but something is wrong with some functions?

Walking to George Han, Chen Yanran deliberately raised her chest.

“George Han. Don’t pretend to be a gentleman in front of me. You men are all raccoon dogs. Can you really not be tempted?” Chen Yanran said with a charming smile.

“Are you seducing me?” George Han raised his eyebrows, looked at Chen Yanran, and continued: “Although you look good, I really have no interest in you.”

Speaking of being beautiful and s*xy, none of the women George Han has seen so far is comparable to Qi Yiyun. Since he can hold himself in front of Qi Yiyun, how can he be tempted by Chen Yanran?

At the beginning, Qi Yiyun had thrown in his arms countless times, and even deliberately drunk George Han and fell asleep, but what about?

Chen Yanran gritted her teeth. She wanted to find the flaws in George Han’s eyes, to find evidence of his lying, to find the loopholes in which he swayed against herself, but Chen Yanran was powerless to discover in the end, George Han’s clear eyes. Really different from other men, he didn’t show the slightest lust, this was definitely not a fake.

“You have a hidden disease.” Chen Yanran sneered. This is the only explanation she can think of. Only the kind of man who is not a man can maintain this state in front of her.

“Let’s talk about it. If you are just to prove your charm, I don’t think it is necessary.” George Han said lightly, no matter what Chen Yanran thinks of him, it doesn’t matter to him, he doesn’t I hope to get too involved with this woman, and now that with Huang Xiaoyong’s apprentice, the Chen family mansion is not as important to George Han as before.

“I want to know what happened when you met Huang Xiaoyong, how much did you know about Huang Xiaoyong breaking through the two realms.” Chen Yanran’s face was frosty, and her self-confidence suffered severely on George Han. Blow. Beauty has always been unfavorable to men, but George Han didn’t show it at all, making Chen Yanran angry.

“Me and Huang Xiaoyong?” George Han smiled indifferently and said: “You know better than anyone how much Huang Xiaoyong hates me, I met him, he was eager to kill me, how could I know that he was broken What about the two realms.”

George Han had already received the news after the news spread in Longyun City, but it didn’t matter. After all, the news just broke that Huang Xiaoyong broke through the two realms, and there was no other information, probably Huang Xiaoyong couldn’t help it. , Perhaps for other reasons, exposed himself in front of his father, so his father couldn’t help but spread the news.

George Han can see this matter from the perspective of understanding, after all, the three major families of Basin City are now working together to overthrow Huang Houyi. Huang Houyi exploded Huang Xiaoyong’s strength, which was equivalent to shocking the three major families.

After all, in a place like Longyun City, the strength of the Four Lights Realm is already very powerful, enough to scare people.

“Impossible.” Chen Yanran didn’t believe George Han at all. Continued: “You and Huang Xiaoyong went out of the city together, how could you have never met, and the more than a dozen Second Light Realms that Huang Xiaoyong brought have all evaporated. There must be some secret in this.”

“As long as you are willing to tell me why Huang Xiaoyong can break through the two realms, I can promise you one thing, anything.” Chen Yanran said.

George Han frowned. Anything, these four words are very meaningful, he wondered why Chen Yanran did this, is this news so important to her?

“Do you want to improve your realm too?” George Han asked in confusion.

“It’s not me, it’s my brother.” Chen Yanran said.

George Han smiled and said, “It seems that you are really close brothers and sisters. For your brother, you are willing to do anything. Are you not afraid of me making outrageous demands of you?”

“As long as you are willing to say it, I will satisfy you.” As she spoke, Chen Yanran pulled her clothes off her shoulders, revealing her white skin.

George Han didn’t even look at it. He just lay back on his bed with his hands on the back of his neck and said, “Sorry, I am not interested in you, and I don’t know about Huang Xiaoyong. I can’t satisfy you. answer.”

Chen Tiexin was outside for many years in search of a higher teacher. George Han had heard about this matter from the servants in the house. It is a pity that Chen Tiexin had not succeeded for many years. In George Han’s view, this behavior was completely idiotic.

How could he find a real master to accept disciples casually. This kind of opportunity is unavoidable for anyone.

Chen Yanran's expression suddenly became savage. Her actions today had completely laid down her dignity in front of George Han, but she did not expect it. George Han is actually such an attitude, just a waste, why is he qualified to treat her like this?

"George Han, this is my Chen family residence. Believe it or not, I let you die here." Chen Yanran gritted her teeth.

George Han turned to his side and turned his back to Chen Yanran and said, "You want to kill me, even if you come, but for you. The time has not yet arrived."

Chen Yanran took a deep breath, this guy actually knew that he wanted to attack him!

The angry Chen Yanran laughed suddenly, with a strangely evil smile. She didn't know what idea she had in her heart, and said to George Han, "You will beg me, and you will beg me on your knees."

After speaking, Chen Yanran left the room.

George Han sighed helplessly. Her personality is very similar to Miffel, and she is extremely confident in her beauty. She feels that all men in the world will be confused by them, but it is a pity that she met George Han. , Oil and salt do not enter.

"Chen Tiexin's trash is worth your betrayal of your body, it's ridiculous." George Han said to himself.

In George Han's eyes, Chen Tiexin's realm will never be able to break through, because his mentality for many years has been hoping to seek shortcuts from higher teachers. Under this kind of thinking, he can only be in the second light realm for his entire life.

Chapter 875

“Triple dose, miss, I heard it right.”

In Chen Yanran’s room, the close-fitting maid looked at her with a stunned expression, seeming a little incredulous.

But Chen Yanran looked calm and said, “Is three times not enough?”

The maid was speechless. Chen Yanran asked her to prescribe George Han’s dinner, and it was still an aphrodisiac. In her opinion, the triple dose was already very heavy, but Chen Yanran felt that it was not enough.

“Miss, let me ask more. Why are you giving him an aphrodisiac?” the maid asked puzzled.

“You have too many mouths.” Chen Yanran said lightly.

The maid hurriedly lowered her head, afraid to speak.

“Follow my instructions, three times the dose. No less.” Chen Yanran ordered.

Now that the lady has spoken, the maid dared not do it, so she could only walk towards the kitchen.

According to Chen Yanran’s instructions, three times the dose is not a lot.

When the medicine was given, the maid seemed to be able to imagine that George Han was full of desire and red eyes, and that state was probably no different from a beast in heat.

When people sent food to George Han’s room, George Han did not expect that Chen Yanran would have such a way of indiscriminately. He feasted and soon

became full and drunk. He took three times the dose of aphrodisiac. Three thousand did not know.

Not long after, George Han suddenly felt his heartbeat speed up, his whole body became hot, and the thought of that aspect was born uncontrollably in his mind.

Although after coming to the second world. It's been a long time since George Han had s*x with a woman, but for him who has always been good at controlling desires, this phenomenon is very abnormal.

George Han took a deep breath, wondering what was going on, why did he suddenly have such a strong desire for that aspect of things?

And this desire became stronger and stronger over time, and he even felt that the whole person was almost out of control.

At this moment, Chen Yanran's voice suddenly came from outside the door.

"I said, I will make you kneel down and beg me."

In an instant, George Han understood that this was Chen Yanran's ghost. There must be something strange in the meal just now.

George Han opened the door and said angrily: "Chen Yanran, what on earth do you want to do!"

After opening the door, George Han realized that Chen Yanran was not here alone. There were still many guards in the mansion by her side. Judging from this number, most of them were there. It was obvious that she had planned for a while.

"Didn't I have already said that, I want you to kneel down and beg me." Chen Yanran said coldly.

“You woman, really vicious, you use such a nasty means.” George Han gritted his teeth.

Chen Yanran smiled faintly and said: “To deal with people like you, naturally you have to use this method, beg me, kneel down and beg me, I can help you.”

“You still have to know how Huang Xiaoyong broke through the two realms.” George Han laughed.

“Not bad.” Chen Yanran said with a smile. In her opinion, she had already played with George Han in her palm, now George Han. Can only compromise with her.

“To tell you the truth, I do know the secret of Huang Xiaoyong breaking through the two realms.” George Han said.

When Chen Yanran heard this, her calm expression became excited: “Quickly tell me how he did it.”

This matter is very important to Chen Yanran, only to know how Huang Xiaoyong did it. She has a way to help Chen Tiexin break through.

“Haha.” George Han said with a grinning smile, “This little trick wants me to compromise. You look down on me too much.”

When the voice fell, George Han closed the door heavily.

Chen Yanran is not in a hurry, now the efficacy of the medicine has not reached its limit, she believes that George Han will come out to beg her soon. And he would also take the initiative to tell him the secret of Huang Xiaoyong’s breakthrough.

“George Han, I’m waiting for you, I don’t believe you can stand it.” Chen Yanran said.

The maid was following Chen Yanran, lowered her head and dared not speak, because she knew that it was impossible for the young lady to do this kind of thing, and the maid in the mansion was most likely to sacrifice her.

As a maid, she has no control over her own destiny, and if Chen Yanran really wants her to do this, she has nothing to do.

“Go change into a nice dress. It’s better to be thinner.” Chen Yanran said to the maid.

The maid buzzed in her head.

It should have come, after all, it has come.

“Yes, miss.”

In a short while. The maid dressed in red sand returned, and even the guards couldn’t help but glance at each other with her graceful posture.

Chen Yanran nodded in satisfaction, and said, “Go in. Let him say the answer I want.”

“Yes.” The maid nodded, and then walked towards the room.

Pushing the door open, the maid was very worried. For a lady of the yellow flower, suddenly faced with this kind of thing, she could not contain her inner tension, but this was her fate as a maid, and she had to do what the lady asked her to do.

“George Han, the lady said, I want you to kneel down and tell what she wants to know.” The maid said to George Han.

George Han sat cross-legged on the bed, closing his eyes tightly, sweat oozing the size of soybeans on his forehead.

Three times the dose, for ordinary people, the effect of the medicine is far from what the body can bear. If it were not for the strong strength of George Han himself, he would have foamed at the mouth now.

“Let her go.” George Han gritted his teeth and said.

“This medicine comes from the best pharmacist in Longyun City, you have no other choice.” The maid reminded me kindly.

It is true that George Han is almost unable to control the beasts in his body to come out of the basket, the effect of the medicine has not reached the limit, but his current state is very difficult to support, but he is required to compromise with Chen Yanran in this way, even kneeling down , This is definitely not something George Han is willing to do.

“To convey Chen Yanran’s sentence for me, what happened today is the evil fruit planted by the Chen family. When the flowers bloom, the Chen family will definitely destroy the door.” George Han said coldly.

Kill the door!

The maid trembled with fright. When she looked up slightly and saw the scary look of George Han’s red eyes, she was even more frightened.

In the maid’s heart, George Han was also a trash image, but at this moment, the maid had a fear of George Han from the bottom of her heart, and this kind of horrible emotion was beyond her ability to suppress.

“George Han, why do you have to be right with the young lady, are you qualified?” The maid said with courage.

George Han grinned, showing a devilish smile, and said, “I should ask Chen Yanran for this sentence. If you don’t get out, I will kill you.”

Seeing George Han with a fierce look, as if he was really going to kill, the maid rushed to the door in fright.

“Miss, he, he wants to kill me.” The maid walked in horror in front of Chen Yanran, trembling all over.

Chapter 876

Chen Yanran’s face was pale, and she had already heard clearly what George Han said in the room.

When the flowers bloom, the Chen family will kill the door!

This sentence caused Chen Yanran to kill George Han instantly. For some reason, she felt a strong sense of crisis in this man inexplicably. It seems that what he said will eventually become a reality someday in the future.

And now, it was Chen Yanran’s best chance to kill George Han.

But Chen Yanran did not want to do this. If George Han was killed, then the secret of Huang Xiaoyong’s continuous breakthrough of the two realms would no longer be known.

For brother. Chen Yanran must tell the truth about this matter from George Han’s mouth.

Chen Yanran looked at the maid. Although she was already attractive enough, her appearance was still a shortcoming after all. It seems that I can only do it myself.

Taking a deep breath, Chen Yanran walked towards the room.

Seeing this, the maid asked in horror: “Miss, what are you going to do?”

Chen Yanran did not answer, but walked into the room without hesitation.

Although she has no personnel, she knows very well what will happen to George Han if she can't control herself, but Chen Yanran is not afraid. As long as Chen Tiexin can break through, she can usher in the glory of the Chen family. The price is also worth it.

“George Han, as long as you say a word, I can let you fade the effect.” Chen Yanran stood in front of George Han and said.

Chen George closed his eyes tightly, and now the effect of the medicine has been exerted to the point where he cannot look at women. Otherwise he will be unable to control himself.

“Chen Yanran, I advise you to get out of my sight.” George Han said coldly.

“The result of strong support is that your seven orifices bleed and die, do you want to die here?” Chen Yanran said.

The blood in George Han's body was surging, and if this continued, Qiqiao bleeding was inevitable, but even so, the appearance of Amelia Su and Han Nian flashed in his mind, and he was not allowed to cheat.

“This medicine also wants to poison me. You are too underestimating me.” George Han said.

Chen Yanran took off his coat, and the rustling made George Han's heartbeat speed up again. He could only close his eyes tightly.

“Dare you open your eyes and look at me.” Chen Yanran provoked.

George Han clenched his fists, his nose was hot, blood spilling out.

At this moment, Chen Tiexin suddenly broke into George Han's room.

He didn't know Chen Yanran's layout tonight. After hearing about this from the demographic, he hurried over.

Chen Tiexin breathed a sigh of relief when the matter had not developed to the point he had imagined.

"Yan Ran, what are you doing?" Chen Tiexin asked with a serious face.

"Brother, he knows the secret of Huang Xiaoyong breaking through the two realms, and I must let him tell it." Chen Yanran said.

Chen Tiexin looked distressed. He didn't expect Chen Yanran to make such a sacrifice for himself.

But even so, he was unwilling to let Chen Yanran do this.

Holding Chen Yanran's hand, Chen Tiexin said: "Follow me, if you want to pay for it, I don't know."

Chen Yanran wanted to get rid of Chen Tiexin. But her strength obviously cannot be compared with Chen Tiexin, she can only say: "Brother, if I just leave like this, he will definitely die."

Chen Tiexin glanced at George Han with disdain, then sneered: "This kind of waste is dead."

After speaking, Chen Tiexin forcibly pulled Chen Yanran out of the room.

"Yan Ran, starting from today, don't do such stupid things. I know how to solve the problem of my brother, and this kind of waste, do you think he might know about Huang Xiaoyong?" Chen Tiexin reminded Chen Yanran.

George Han had already said very clearly just now that he knew how Huang Xiaoyong broke through.

But looking at Chen Tiexin's hard-line attitude, Chen Yanran knew that whatever she said was useless.

"Brother. I know it was wrong and will never do this again, but he..." Chen Yanran still doesn't want George Han to die, because George Han still has her curious secret.

"Regardless of him, whether he can live or not depends on his own destiny." Chen Tiexin said.

Three times the dose. In this case, if you can't get catharsis, you will definitely be suffocated to death.

After the group of people dispersed, George Han's body had reached the limit of support.

There was no one around, and George Han gritted his teeth and said: "Little thing, you f*cking watch the show, quickly find a way to help me."

The little white snake swam out from the arm. But seeing it look helpless, it doesn't seem to help George Han.

"It really doesn't work, you can bite me with one bite," George Han said. He also really has no choice, the blood qi surging in his body is simply beyond control.

The little white snake vomited a red letter, showing two fangs.

The venom of the red-eyed jade python was to the cultivators in Xuanyuan World. It is like a nightmare, a person who is as powerful as a master, and fears as a tiger.

Take a bite. The little white snake released a little bit of venom, and quickly let go of its mouth.

George Han slowly turned black and purple from the bite of his finger, and the black and purple spread to his arm at a very fast speed.

The invasion of the red-eyed jade python's venom quickly stopped the triple dose of aphrodisiac in his body, but his condition was even more painful. A heart-piercing pain spread throughout his body, and George Han rolled on the ground in pain. , The body sweat is like rain.

After a night of suffering, George Han was like a trip to hell. After going through the cycle of life and death, he finally left a breath of breath.

In Chen Yanran's room, she woke up as soon as it was light, and wondering if George Han would have died in the room, she hurriedly called a close-knit maid.

“Go to George Han's room and have a look. If he dies, let someone dispose of his body.” Although that was said, Chen Yanran didn't want George Han to die. After all, the secret she was curious about, You also need to learn from George Han.

“Yes.”

The maid took the order and left.

When she came to George Han's room, the maid was still a little nervous. After last night, her fear of George Han had been deeply buried in her heart, like a lingering haze.

Pushing the door and entering, the maid saw George Han lying motionless on the ground, and was shocked.

died?

Is this dead?

She plucked up the courage and walked into George Han's side. The maid took a deep breath, and was about to squat down to see if George Han was still breathing.

At this moment, George Han suddenly said, "Don't bother, I'm not dead yet."

When she spoke, the maid's face changed drastically, and she took three steps back.

"George Han, if you are willing to kneel to the young lady, you won't be so embarrassed." said the maid.

George Han turned his head to look at the maid, grinned, and said: "I, George Han, even the heavens and the earth don't kneel."

The maid gritted her teeth, this guy's stubborn temper is really a bull. In the Chen family mansion, why should he fight the young lady.

Chapter 877

The day of the hunting convention.

The north gate of Longyun City was already overcrowded early in the morning, and the crowds were densely packed with people. These were all people participating in the hunting convention.

As an annual event for all cities near the Longyan Mountain Range, every cultivator will not miss this opportunity, because most people here are in the one-lamp or two-lamp state. Moreover, they had no hope of breaking through the realm for a long time, so if they wanted to improve their status, they had to participate in the hunting convention. Even if they could only tame a one-star alien beast, they could also mix in some minor official positions in the imperial court.

As long as there is an official position, no matter how big or small. It is inevitable to change the existing life.

“I didn’t expect that there were so many people participating in the Beast Hunting Conference. Are there so many strange beasts in the Longyan Mountain Range?” George Han said next to Chen Yanran.

His original intention was to speak to himself, and did not ask Chen Yanran what he meant. But Chen Yanran took the initiative to speak: “Can everyone who participates in you become a master beastmaster? Basin City has thousands of participants every year, but after so many years, there has never been a master beastmaster.”

“It’s hard to find the trace of the alien beast?” George Han asked in confusion.

“Most of the people here are not high-level, and they are not willing to take too much risk for this, so they only dared to look for alien beasts in the outer layer of Longyan Mountain, and the number of alien beasts in the outer layer has been in number more than ten years ago Suddenly, it is all luck to find one now, and it is not that simple to tame it.” Chen Yanran explained.

The Beast Hunting Conference is held once a year, no matter how many strange beasts, they will be exhausted. Fortunately, it is only the periphery, if there are more masters in nearby cities. I am afraid that even the strange beasts in the inner layer will be poisoned by him.

“Since you have participated, you shouldn’t waste time on the periphery?” George Han asked.

Chen Yanran is a very ambitious person. What she wants to do is not just to try her luck, so George Han guessed that she would not stay on the outside like everyone else.

Chen Yanran smiled faintly and said, “Is it necessary to ask a question like yours? Can I be like everyone else?”

George Han shrugged, Chen Yanran herself is just a light level. In terms of strength, how can she differ from others?

The only difference is that she is Miss Chen’s family, but the hunting of beasts has nothing to do with her identity. The Alien Beast will not surrender to her because she is Miss Chen Family.

“Of course you are different from others. Maybe the alien beast will directly bow down to you because you are Miss Chen’s status.” George Han said with a smile.

Chen Yanran turned her head to look at George Han with a cold face, she knew it was George Han mocking herself.

In Longyun City, her status as Miss Chen’s is very important, but what is the significance to the alien beast?

“George Han, before taunting me, it is best to see who I am and whether I am qualified.” Chen Yanran gritted his teeth.

George Han stopped talking. As the saying goes, good men don’t fight with women, and reasoning with a domineering woman like Chen Yanran is useless even if it is a reason.

At this time, Huang Xiaoyong came slowly on a horse. Now that he is a master of the Four Lights Realm, he will have a look of worship no matter where he goes.

Huang Xiaoyong enjoys this feeling of focusing very much, even though he is the son of the city lord. His status is extraordinary, but those vain status symbols can naturally make him superior compared to his current real strength.

“Chen Yanran, I haven’t seen you for many days, I finally figured out one thing.” Huang Xiaoyong deliberately walked to Chen Yanran’s side and said.

“What’s the matter?” Chen Yanran looked straight ahead, and did not look at Huang Xiaoyong more. Because she has a guilty conscience and lacks courage.

The former Chen Yanran didn’t put Huang Xiaoyong in his eyes at all, because Huang Houyi was just a puppet of the three major families, Huang Xiaoyong, the son of the city lord, was a joke in her eyes.

But now, Huang Xiaoyong is already a master of the Four Lights Realm. Her strength surpassed everyone in Longyun City, and she had no right to look down upon Huang Xiaoyong.

“I don’t worry about women at all, so why put my mind on you? When I go to the imperial court, there will be a lot of beautiful women to accompany you.” Huang Xiaoyong said triumphantly.

Chen Yanran’s face was cold, and now even Huang Xiaoyong dared to mock her.

After snorting coldly, Chen Yanran said: “The Four Lights Realm is nothing but the Four Lights Realm. Do you think the Imperial Court will put a Four Lights Realm in its eyes? With your strength, you still want to enter the Imperial Court, it is really wishful thinking.

Huang Xiaoyong was not angry because of Chen Yanran’s retort, but instead smiled faintly. Said: “You are so sure, can I only go to the Four Lights Realm?”

Chen Yanran looked ugly, to Huang Xiaoyong who had broken through the two realms. There will definitely be a chance to break the border in the future, and his end is definitely not just the Four Lights Realm.

“And I now have the strength of the Four Lights Realm. If I can enter the deeper places of the Longyan Mountain Range, the chances of encountering foreign beasts will be greater, in case I am not careful. I will become a beast control master again, tell me, Emperor How will the court treat me?” Huang Xiaoyong smiled triumphantly.

Chen Yanran’s face is as white as paper, master beast control!

If he really becomes the master of the beast control, for Chen Yanran, rejecting Huang Xiaoyong’s show of love would be a great loss.

“I know you looked down on me before, but now, please remember that you are no longer qualified, and I don’t put you in the eyes.” After that, Huang Xiaoyong rode a horse and walked to the top of the crowd. Forefront.

With the strength of the Four Lights Realm, he is absolutely qualified to take the lead.

George Han held back his smile, but he didn’t expect that Huang Xiaoyong’s screaming energy was really enough. These words probably made Chen Yanran angry.

At this time, Chen Tiexin came to Chen Yanran and saw that her expression was not right, and asked: “Sister, what’s wrong with you?”

As soon as he finished the question, before receiving Chen Yanran’s answer, Chen Tiexin turned his head to look at George Han with a murderous expression, and asked, “Did you make her angry?”

George Han is really a disaster from heaven. He didn’t say anything. How could he provoke Chen Yanran?

But George Han wanted to see if Chen Tiexin had the courage to stand up for his sister.

“Don’t come at me, it’s Huang Xiaoyong. If you want to avenge her, go to Huang Xiaoyong.”

This sentence made Chen Tiexin stunned. If he changed to the previous one, he would still have the right to yell with Huang Xiaoyong, and even make Huang Xiaoyong apologize to Chen Yanran. But now, Huang Xiaoyong is already a powerhouse in the Four Lights Realm. Chen Tiexin can be beaten with his hands, so why should he trouble Huang Xiaoyong?

George Han laughed. He turned out to be a bully and fearful of hardships, just yelling loudly.

“Don’t take revenge?” George Han asked Chen Tiexin unmoved and deliberately irritated.

Chapter 878

“Are you qualified to speak?” Chen Yanran scolded George Han coldly.

She knew very well that Chen Tiexin was uncomfortable about Huang Xiaoyong’s breakthrough, and George Han also deliberately stimulated Chen Tiexin to find Huang Xiaoyong’s troubles. Didn’t this embarrass Chen Tiexin?

George Han waved his hand helplessly, and said, “I just thought your brother was going to avenge you. It seems he doesn’t dare to say anything.”

Chen Tiexin suddenly turned around. With a murderous expression on George Han’s neck, he stretched out his hand and said with red eyes, “George Han, believe it or not, I killed you!”

George Han looked nonchalant, even Huang Xiaoyong didn't dare to kill in the crowd, let alone Chen Tiexin?

And if Chen Tiexin really dared to kill him, George Han could end Chen Tiexin's life faster.

Although George Han is now poisoned by the red-eyed jade python. The strength is not at its peak, but there is still no problem in dealing with the weak of the Second Light Realm like Chen Tiexin.

“Chen Tiexin, you only have the courage to be fierce. Don't you feel sad? And you dare to kill me, dare to do it in front of so many people?” George Han said lightly.

Chen Tiexin was furious, but he finally let go of George Han.

Killing people in a large crowd was causing fire, and he didn't dare to ruin his future just because of impulse.

At this time, Chen Yanran's killing intent was revealed. Originally, she wanted to use the Beast Hunting Conference to end George Han's life, but now her thoughts in this regard are more determined.

Not long after, Huang Houyi appeared.

As the city lord of Longyun City, he was naturally required to give orders for such major events as the hunting beast convention.

“Presumably you have been waiting for a long time, so I won't talk any more nonsense. I hope you will be able to go home today and let's go.”

After saying this, the crowd began to sprint, everyone wanted to get the head start. After all, there are not many strange beasts around the Longyan Mountain Range. If you go late, you may not even be able to see the shadow of the strange beast.

Chen Tiexin was also in the crowd. At this time, he did not have the feeling of being elevated in front of George Han. He was like a very hungry beggar. He saw the steamed buns in the distance and wanted to fight for his life.

But Chen Yanran was not in a hurry, because she didn't intend to hunt the beasts, but to find opportunities to kill George Han.

As a master of the Four Lights Realm, Huang Xiaoyong is also not in a hurry, because most people can only look for alien beasts outside of Longyan Mountain, but he has the strength to go deeper. There are many fewer competitors, and it is useless to rush for a while.

“Chen Yanran, didn't it just start. Did you give up?” Huang Xiaoyong approached Chen Yanran again. It was obvious that his resentment for this matter was quite big, otherwise, there would be no end to Chen Yanran. Show superiority in front of you.

However, Huang Xiaoyong's feelings are understandable. After all, he has been pursuing Chen Yanran for many years, and everyone in Basin City knows everything, but the hardships have no results, and many jokes have been made.

Now that he has broken through the four lights, it is reasonable to show off his power.

“Can't I just like you, go deeper into the Longyan Mountains, where there are few competitors. Why should I be in a hurry?” Chen Yanran said.

“You?” Huang Xiaoyong laughed after a moment of surprise, and said: “Chen Yanran, you really don't know anything about yourself. Don't you be afraid of dying in the Longyan Mountain Range if you are not afraid of fragrant and jade.”

“I'm not dead, what to do with you?” Chen Yanran said.

“Your life and death have nothing to do with me. Do you think I still care about you as much as before? I’m just looking for a chance to mock you.” Huang Xiaoyong said with a big smile.

Chen Yanran’s face was pale. How ugly, how ugly, she used to ignore Huang Xiaoyong, but now, she has a feeling that she can’t afford it.

George Han glared at Huang Xiaoyong, and motioned to him to get out of the house quickly. Just a woman, why bother to be so careless.

Huang Xiaoyong shuddered with fright, and ran away on horseback. Master’s order was not violated.

After Huang Xiaoyong left, George Han looked at Chen Yanran, Chen Yanran’s murderous intentions towards him, he had already felt it, and this animal hunting conference was the best time.

Just now I heard that Chen Yanran was going to go deeper into the Longyan Mountain Range. With her strength, it was impossible to go to those places to take risks, so the only explanation George Han could think of. Chen Yanran wanted to kill him, that’s why she went.

“If you want to kill me, you take such a big risk. Is it necessary? Have you ever thought that you might die in the Longyan Mountains?” George Han said directly to Chen Yanran. Now that things have reached this point, he doesn’t need to hide his guesses.

“George Han, when did you know that I wanted you to die?” Chen Yanran asked George Han.

Earlier when George Han mentioned guarding the dead. Chen Yanran felt that her plan had been exposed, but she couldn’t figure out why George Han knew about it.

After all, only she and the close maid knew about her plan, and it was absolutely impossible for the maid to tell George Han about this. .

“From the moment I woke up.” George Han said indifferently: “The reason you got married with me is that you have taken a fancy to my coma state and can be at your mercy, but once I wake up, it becomes an unstable factor. , This is the reason why you want to kill me, but you have hesitated on this issue. You tried to test me, probably because you wanted to see if I had any use value. Perhaps this time, it was also a test, just using mine. It’s just a test.”

George Han’s analysis made Chen Yanran’s heart tremble. She didn’t expect her plan to be analyzed so thoroughly by George Han. How could such an inconspicuous man have such a plan!

“Since you guessed it, why are you here?” Chen Yanran asked puzzledly.

“Beast hunting conference, I have never experienced this before, so naturally I have to come and feel it. As for the danger, isn’t you still there? If I face death, do you think I will run away? I can die with you, Probably not bad too.” George Han said with a smile. He knew that Chen Yanran rejected him very much, so he said that on purpose to disgust Chen Yanran.

I have to say that George Han’s goal has been achieved.

Thinking of dying with George Han, Chen Yanran felt a little nauseous in her heart. She was the eldest Chen family, how could she die with a trash?

However, Chen Yanran had thought about it a long time ago. Once she encounters a powerful alien, she does not hesitate to run away. As long as George Han is in the way, she will always have more vitality.

“When you die, I will give you two sticks of incense as a sympathy for you.” Chen Yanran said.

Chapter 879

Near the Longyan Mountain Range, people from all major cities gathered together, and the scene was even more spectacular. Most of the people were looking for traces of alien beasts outside the Longyan Mountain Range. Even if there are alien animals on the periphery, they have long been scared to hide, how dare they show up.

Ninety-nine percent of people must have returned without success.

George Han said with a sigh, “I want to use this as a beast control master to get my status, but I don’t dare to take risks. It’s better for these people to sleep at home.”

“I want to try my luck. No one can say when the good luck will come.” Chen Yanran said.

“There is a question I want to know, once the alien beast appears, what will it be like. These people will fight for the alien beast?” George Han asked curiously.

“I remember the worst year in which more than a thousand people in the First Light Stage were killed and injured because of a two-star alien beast.” Chen Yanran explained.

George Han nodded, but another doubt arose in his heart, and asked, “Isn’t it a hunting convention, can’t you come to find a strange animal?”

“Of course you can, but you have also seen that most of the people here are not strong. They dare not act alone. Compared with the temptation of status, life safety is more important.” Chen Yanran said.

George Han couldn't laugh or cry. As the saying goes, he can't bear his children and can't catch wolves. These guys are looking forward to the pie falling from the sky. How can such a good thing happen? It seems that Xuanyuan world is the same as the earth. There are too many people who are doing nothing, and in comparison, they are not very good, but they have more superior cultivation conditions, so they are stronger than the earth in terms of cultivation.

After learning more about Xuanyuan World, George Han realized that this was not a place worthy of too much fear.

It was the kind of traction that he felt in the Forbidden Land of Apocalypse before that made George Han pay more attention to it.

Where did this feeling come from? This is something George Han needs to figure out.

The Longyan Mountain Range is divided into three levels, with the periphery, the middle area and the core.

Generally speaking, people from the periphery account for 99%, while only 1% of the people in the central area dare to enter. As for the core, no one has ever entered for many years.

For the real strong. The strange beasts of the Longyan Mountains are no longer in their eyes, and the more terrifying dark forest is the place they like to conquer.

When Huang Xiaoyong, riding a horse, entered the Longyan Mountain Range, which was the central passage, many people sighed with envy.

“Huang Xiaoyong broke through the two realms in a row. I had guessed that he would go to the Central District. As expected.”

“The powerhouse of the Four Lights Realm, would he waste time on the periphery?”

“If Huang Xiaoyong is allowed to become a master of the beast control, no one can shake the position of the Huang family in Longyun City.”

“Huang Xiaoyong used to like Miss Chen’s family, but Miss Chen’s family didn’t take him seriously, and became a relationship with a trash. I don’t know if that lady regrets now.”

George Han took a special look at Chen Yanran, but she didn’t have much mood swings. It seems to be mentally prepared already.

The passage is a naturally formed path between the two mountains. After Huang Xiaoyong entered, Chen Yanran followed in.

George Han saw it. I can only keep up.

Although Chen Yanran wanted to kill him, George Han knew that he would not die here, and he also wanted to meet other strange beasts.

“Isn’t this Chen Yanran, she actually wants to go to the Central District?”

“Chen Yanran’s strength is just a mere light, how dare she go and die.”

“Who is the man following. Is it the powerful helper invited by Chen Yanran?”

When everyone saw this, they began to guess, becoming more curious about George Han’s identity.

Entering the Central Zone, if you don’t have the strength of the Four Lights Realm, you will easily lose your life, so in their opinion. Since Chen Yanran dared to go,

there must be some kind of support. They guessed that George Han's strange face was a strong person, which was a matter of course.

But soon, someone recognized George Han. After all, there were many people who witnessed Chen Yanran's presence for George Han when he was in Weiju.

"That person, isn't that person Chen Yanran's husband?"

"Husband, is he the one who married Chen Yanran?"

"Don't the rumors say that he is just a trash? Is it all fake?"

"Of course it's true. I heard from the servants of the Chen Family Mansion that his is indeed a waste. As for why Chen Yanran took him to the Central District. It is indeed very strange."

"Could it be that these two people are going to die in love?"

Various speculations agitated in the crowd. Some people said that George Han might have hidden his strength. It was also said that Chen Yanran wanted to die in the Central District with George Han.

Some people have guessed the idea, thinking that Chen Yanran wanted to use this animal hunting convention to kill her trash husband. That's why I went to the Central District.

Originally, Huang Xiaoyong was still a little unsure, after all, the Central District was a place he had never been to before, and no one knew what kind of strange beasts he would encounter. In case of bad luck and encounter a powerful alien beast, his life will be accounted for.

However, after seeing George Han, Huang Xiaoyong felt much more at ease. In his opinion, as long as there is a master, even going to the core area of the Longyan Mountain Range will not be dangerous.

Abandoning horseback riding, Huang Xiaoyong, who dared not go too fast, deliberately slowed down and prepared to go with George Han.

Chen Yanran naturally didn't want to be with Huang Xiaoyong. After all, she wanted to take this opportunity to test George Han's strength. If he is really a waste, then kill him here. This kind of thing naturally cannot exist by bystanders. .

"Huang Xiaoyong, you are a master of the Four Lights Realm, and you still have to come with us, will you lose your identity?" Chen Yanran deliberately stimulated Huang Xiaoyong.

"Chen Yanran, you should feel fortunate to have a master of the four light realms protecting you." Huang Xiaoyong smiled.

"I don't need your protection, you'd better find the alien beast yourself." Chen Yanran said.

"No." Huang Xiaoyong resolutely refused and said: "I like to be crowded, I don't like to act alone, and to protect the weak is what a strong person like me should do."

Chen Yanran frowned, and Huang Xiaoyong stepped in. Her plan might be about to change, but if Huang Xiaoyong doesn't leave, what can she do to force Huang Xiaoyong away?

George Han was stunned. Huang Xiaoyong was protecting the weak. It was clearly his own guilty conscience and fear, that's why he walked with him. This guy is also in the Four Lights Realm now, and he doesn't even have this courage.

For a time, George Han wondered whether he had made a wrong decision to accept him as a disciple. Can such a timid disciple count on him to do big things?

Chapter 880

After entering the Central District, the expressions of Chen Yanran and Huang Xiaoyong became more solemn. After all, they knew very well that the strange beasts here were not in the periphery of the Longyan Mountain Range. Compared with them, if the luck was worse, they would probably account for their lives here.

.

But compared to Huang Xiaoyong, Chen Yanran is more serious. Because Huang Xiaoyong at least knew that there was a real danger, and George Han would take action, but Chen Yanran was completely unaware.

Huang Xiaoyong saw George Han walking behind, he also deliberately slowed down, gradually paralleling George Han.

Since Chen Yanran's attention was all observing the surrounding environment, she did not notice the whispers of George Han and Huang Xiaoyong at all.

"Master. The life of the apprentice is in your hands, you must protect my safety." Huang Xiaoyong said softly.

"You are in the Four Lights Realm now, this is not entering the core. What are you afraid of." George Han said speechlessly.

"Master, you don't know. Although this is only the middle area, there are core alien beasts that will appear here. Those powerful alien beasts always need some food." Huang Xiaoyong explained.

George Han nodded. If the luck is so bad, the Four Lights Realm is really nothing.

At this time, the sound of fighting came from ahead, and Chen Yanran subconsciously stopped.

Huang Xiaoyong quickly distanced himself from George Han to avoid allowing Chen Yanran to notice that his relationship with George Han was abnormal.

“It seems that someone has already encountered a strange beast, do you want to go and see it?” Chen Yanran asked Huang Xiaoyong, apparently seeking Huang Xiaoyong’s opinion. After all, in her heart, Huang Xiaoyong is a strong man. And George Han was just a trash, and she couldn’t expect George Han to protect him.

Huang Xiaoyong looked at George Han from the sidelines without showing off his gaze, only to see George Han nodding slightly, and then said, “Of course it depends. By the way, I can see if I can get a bargain.”

The three of them walked in the direction of the fighting sound. At the corner of a rock, they found that the four people in front were attacking a monster that looked very much like a mouse but was bigger than a normal tiger.

“Antras! This group of guys are really unlucky enough to meet an antelope.” Huang Xiaoyong said softly.

“Is it amazing?” George Han asked in confusion.

“The four-star alien beast, in the middle of the Longyan Mountain Range, is already a very powerful alien beast, but compared to the alien beasts of the same star, the antelope is more difficult to deal with because it is good at speed. This will make it difficult for people. To cause a real attack on him, there is an antelope army under the imperial court, and it is rumored that there are thousands of people used for surprise attacks.” Huang Xiaoyong explained.

George Han nodded. It seems that this big mouse still has a certain value. The imperial court can use it as a foundation to build an army, which has shown its extraordinary.

The three opponents were obviously weak in agility in the face of the antelope. After several attacks, they did not even touch a single hair on the antelope, and the battle was completely deadlocked.

At this time, George Han suddenly said to Huang Xiaoyong, “Aren’t you going to help?”

Although this remark is an inquiry. But from what George Han said, Huang Xiaoyong can naturally understand its true meaning.

Master, this is to do it himself.

Four-star alien beast, and there are three helpers. Huang Xiaoyong was not very scared, so he went out.

Chen Yanran was a little surprised in her heart. Could Huang Xiaoyong be so kind? But if he is fighting for this antelope, shouldn’t he wait any longer? It’s best when both lose, and he will reap the benefits.

“What a fool. It’s not the best time to come out now.” Chen Yanran said with a disdain.

Huang Xiaoyong’s appearance also made the other three vigilant. After all, he is an outsider. Who can guess what he wants to do?

“who are you?”

“This is the strange beast we discovered first, do you want to grab it?”

“I advise you to stay away. Otherwise, don’t blame us for being rude.”

The three of them spoke harshly to Huang Xiaoyong, obviously not willing to destroy their pot of delicious food by Huang Xiaoyong.

“Don’t worry, I won’t fight with you, but with the strength of the three of you, it might be difficult to deal with this antelope. If you add me, it will be much easier. I don’t ask for anything in return, it’s just help.” Huang Xiaoyong said with a faint smile.

The three of them obviously wouldn’t easily believe Huang Xiaoyong’s words. In front of the alien beast, who could not be tempted by it. You must know that after becoming a beast control master, you can be used by the imperial court, and the antelope has its special characteristics. Once you tamed the antelope, you can directly join the antelope army.

“Who are you and what realm do you have?” someone asked Huang Xiaoyong.

“My name is Huang Xiaoyong. The son of City Lord of Longyun City, the Four Lights Realm.” Huang Xiaoyong introduced himself, his tone full of arrogance. If this were changed before, he would definitely not have the confidence to say so, but now he has the Four Lights Realm, he is fully qualified.

“Huang Xiaoyong!”

“You are Huang Xiaoyong who has broken through the two realms!”

The three of them showed surprised expressions, and it seemed that they also knew about Huang Xiaoyong’s breakthrough.

Huang Xiaoyong was smug and said, “You should not be from Longyun City. I didn’t expect that my story would have spread to other cities.”

“Breaking through the two realms, it is rumored that you have been guided by a master. Is this true? Long Basin City really has such a master?” Someone couldn’t wait to ask, it seems that in his eyes, the antelope has become unimportant. After all, his own realm is powerful, which is more important than hunting foreign animals.

Huang Xiaoyong smiled without saying a word, and did not answer this question head-on. If they were to let them know the realm of George Han, wouldn’t the apprentices have to step through the gates of the Chen family mansion? Huang Xiaoyong didn’t want anyone to compete with him.

“Stop talking nonsense, first solve the matter in front of you, I will help you take this antelope.” Huang Xiaoyong said.

The four people joined together and surrounded the chamois in a siege.

With Huang Xiaoyong’s participation, the antelope’s escape route was almost blocked, which caused its agility to be unable to play at all. Soon, the antelope appeared to be declining. After being hit and attacked several times, Even the speed is much slower.

“Okay, it’s almost over to you, I’m going to the theater.” Seeing that the antelope was almost too weak to resist, Huang Xiaoyong withdrew from the battle.

The three of them didn’t expect Huang Xiaoyong to be so happy. They didn’t have any pretense of antelope, which relieved them a lot.

Huang Xiaoyong raised his eyebrows at George Han, as if he was asking for credit, as if he was saying Master, I did a good job.

George Han glanced at Huang Xiaoyong with disdain, then returned his attention to the antelope.
