

His True Colour Chapter 891 - 900

Chapter 891

In the past, Huang Xiaoyong would often fantasize that the day when he stands out, and when everyone looks at him with admiration, he will definitely feel very happy.

But when this happened, he didn't feel that much.

Happy?

It seems that it is not important anymore, even if it is Chen Yanran's initiative to come. It didn't make Huang Xiaoyong feel very cool either.

On the contrary, Huang Xiaoyong only laughed at him, laughed at the Chen family's ignorance, laughed at them for not knowing the real strong.

If she can treat George Han well, the position of the Chen family is definitely above the city lord's mansion. The entire Longyun City is also dominated by the Chen family.

"Father, I used to think so. But now, I don't seem to feel this way." Huang Xiaoyong said lightly.

"Hahahahaha." Huang Houyi laughed and said: "This is because you are too good now, you don't need to put these people in your eyes, naturally you don't care what they think of you."

Huang Xiaoyong nodded, maybe there are factors in this respect, now he, even if the imperial court is going to draw in, how can he care how little Basin City treats him?

“Father, if the imperial court really comes, what should I do?” Huang Xiaoyong asked. This is something he is more worried about now, because Huang Xiaoyong’s realm is not high, and the seven-star alien beast is also the master who helped tame it. Yes, with his current ability. Although he can join the imperial court, his own conditions are still limited if he wants to show his strength in the imperial court.

Therefore, Huang Xiaoyong hopes to stay with George Han and continue to improve his cultivation, but how to reject the imperial court is a headache.

“Don’t worry about this matter, the imperial court will not use forcible means, and you only need to show loyalty to the imperial court, and you will not be embarrassed.” Huang Houyi said.

“Even if I refuse to go to the imperial court, they will not blame me?” Huang Xiaoyong doubted.

“Your current realm is no more than the Four Lights Realm. You just need to tell you that you can go to the Imperial Court if you want to become stronger. If you don’t reach the Nine Lights Realm or above, you will not be able to pass through the Dark Forest, so the Imperial Court does not I am worried that you will rebel.” Huang Houyi said.

Huang Xiaoyong nodded. If this is the case, it is the best. After all, Huang Xiaoyong has more opportunities to become stronger only if he stays with George Han. If he goes to the imperial court now, he can only stay in the realm of his life. The lights are out.

“By the way, I still have important things to deal with, and I’m going out first.” Huang Xiaoyong suddenly thought of George Han being kicked out of the Chen family.

Now Master definitely doesn't even have a place to stay, Huang Xiaoyong must first help George Han solve the problem of accommodation.

"Go, now you can do whatever you want. Father won't interfere in your life anymore." Huang Houyi said with a smile.

In the past, Huang Houyi would also take care of Huang Xiaoyong's private life. But now it is completely unnecessary for him, because there are some things he is not qualified to touch, and Huang Xiaoyong has become so powerful now. Huang Houyi wouldn't regard him as a little brother who is idle.

Chen Yanran's kneeling in the City Lord's Mansion soon reached the ears of the two Patriarchs of Wang Xie. After learning about it, the two laughed so much. I thought that Chen Yanran's presence would make the City Lord's Mansion change against the Chen family. The attitude of the Chen family will give the Chen family an opportunity. Unexpectedly, it is such a result, which is really unpredictable.

"Unexpectedly, it would be useless to even move out of Chen Yanran. This time the Chen family's face is so embarrassed." Family Master Wang said with a happy expression.

"Chen Yanran still has a day to kneel for Huang Xiaoyong. Think about it before, this woman was aloof in front of Huang Xiaoyong, but now. Huang Xiaoyong didn't put her in his eyes at all." Xie Pai is also happy. Smiled.

"The current Huang Xiaoyong is naturally different from before. How can a woman like Chen Yanran be in the eyes, but this also shows that it is not so easy to please the City Lord's Mansion. We have to think of other ways. OK." Patriarch Wang suppressed his smile, his expression became solemn again.

"Yes, the current City Lord's Mansion is not as easy to handle as before. Our two families must join forces to satisfy Huang Houyi."

Chen Family Mansion.

George Han had already been ordered to leave Chen's house. At this time, he did not carry any luggage. But Chen Tiexin led someone to stop at the door.

“George Han, if you want to leave, you have to leave things from my Chen family.” Chen Tiexin said to George Han with a cold expression.

George Han shook his hands empty. Said: “I didn't take anything, what do you want me to keep?”

“On the surface, you didn't take anything, who knows if you will hide anything valuable in your body.” Chen Tiexin smiled coldly. Said to the next person: “Search me.”

The three servants walked in front of George Han together.

George Han stretched out his hands, in a posture that allowed them to search.

“Chen Tiexin. Stay on the sidelines and meet each other in the future. Have you never heard this sentence?” George Han said.

“I understand the truth, but do you still need to keep a thread for someone like you?” Chen Tiexin said disdainfully.

George Han narrowed his mouth. Probably in Chen Tiexin's eyes, he couldn't make waves with nothing, so there was no need to stay a line.

“Master, there is nothing.”

After the three of them searched, they said to Chen Tiexin.

Chen Tiexin was obviously disappointed. He thought that George Han would definitely take some valuable things when he left the Chen family with such waste. This was an excuse to beat George Han and throw it out of the Chen family. He did not expect that he would be so honest, but It doesn't matter, Chen Tiexin still has a good show behind.

“Since I didn't take it, I won't make things difficult for you. Go away.” Chen Tiexin scolded.

With George Han's ability, Chen Tiexin's life could be taken by just raising his hand, but he was inferior to Chen Tiexin, because this kind of waste didn't even have the desire to let him shoot.

Don't elephants lose their identity when they compete with ants?

The door of the Chen Family Mansion opened, and George Han found that the door was crowded with people. The third and third floors were especially lively, and he didn't know what was going on.

At this time, Chen Tiexin suddenly said: “From today, George Han has been driven out of the door by the Chen family. This rubbish does not deserve to be my sister's husband-in-law. I hope you can help me witness the Chen family.”

As soon as these words came out, many people began to give pointers to George Han.

On the day Chen Yanran got married, it caused quite a sensation in Longyun City. Now that he is kicked out of the Chen family, it is a matter of course for everyone. After all, the Chen family has quite a status in Longyun City. How could it be possible to find an unknown person to become Chen Yanran's husband-in-law?

Chapter 892

Seeing George Han being laughed at by everyone, Chen Tiexin showed a very smug smile on his face. This was a situation he deliberately arranged, and everyone's performance made him very satisfied. He wanted to drive George Han away like a bereavement dog. When leaving the Chen family, everyone in Longyun City must know. How embarrassed George Han was kicked out of the Chen family.

At the same time, Chen Tiexin also hoped that this news would be delivered to the City Lord's Mansion, so that Huang Xiaoyong knew that Chen Yanran was indeed not related to this man.

Although Chen Tiexin didn't want Chen Yanran to be humble to Huang Xiaoyong on the surface, but in his heart, why didn't Chen Yanran marry into the City Lord's Mansion at this time?

Once Chen Yanran could really marry Huang Xiaoyong, then he might know the secret of Huang Xiaoyong breaking through the realm and tame the alien beasts.

If things are really as Chen Yuanhai guessed. Huang Xiaoyong really has a master, maybe he can be recommended by Huang Xiaoyong and become a successful teacher.

But Chen Tiexin would never have thought that Huang Xiaoyong had already very clearly rejected Chen Yanran. Moreover, Huang Xiaoyong's master is George Han who was driven out of the Chen family by him!

"Does it make any sense for you to do this?" George Han knew that these were arranged by Chen Tiexin, but for this kind of children's play house game, he really couldn't understand the pleasure.

Wouldn't he be cool after being mocked by others?

George Han even felt that these ridicules were not as good as those who were in Basin City before. There was no wave in his heart, and he even wanted to laugh.

“George Han, you don’t have to pretend to be calm. I know that you are in pain now, but you are helpless, so that’s why you show an open-minded look.” Chen Tiexin said with a smile.

pain?

George Han couldn’t help but chuck, is this also painful?

“You will understand what real pain is in the future. This little thing to me. It’s really not worth mentioning.” George Han said with a big smile, then walked through the crowd and left the Chen family directly.

Chen Tiexin gritted his posterior molars, and George Han had a completely indifferent attitude, as if this incident really didn’t cause any disturbance in his heart.

But how could it be?

As a man, when his dignity is trampled on, can he really not care?

“Impossible, it is absolutely impossible. You are just bracing yourself in front of me, George Han, you must be very painful in your heart.” Looking at George Han’s back, Chen Tiexin said to himself, convinced of his own ideas. That’s correct, it is impossible for George Han to be indifferent to this matter.

In fact, this matter is to George Han. It’s really nothing. George Han didn’t even bother with him because he was too weak. For George Han, wanting to kill was just an idea. How could such a weak person cause George Han? Thousand’s attention?

Not long after, Chen Yuanhai and Chen Yanran returned to the City Lord’s Mansion, and Chen Tiexin, who received the news, ran in front of the father and daughter as soon as possible.

“Father, sister, how is it?” Chen Tiexin asked expectantly.

But after asking this sentence, Chen Tiexin had an inexplicable premonition, because the expressions of the two were very ugly. If Huang Xiaoyong really accepted Chen Yanran again, they would never have such an expression.

“Sister, what did Huang Xiaoyong do to you?” Chen Tiexin walked to Chen Yanran. Shen Sheng asked.

Chen Yanran was still immersed in Huang Xiaoyong’s words. Why would she be able to understand how ridiculous she was wrong someday in the future? Is it because I missed something without knowing it?

“Huang Xiaoyong rejected me.” Chen Yanran said.

Chen Tiexin’s complexion changed, although this answer is not surprising, after all, Huang Xiaoyong is no longer the same as before.

But Chen Tiexin was still a little unacceptable, and Huang Xiaoyong liked Chen Yanran for many years. Now that Chen Yanran takes the initiative to compromise, how could he refuse?

“Could it be that it is true?” Chen Tiexin said silently.

“What’s true?” Chen Yanran looked up at Chen Tiexin puzzledly, as if there was some deep meaning hidden in his words.

“Actually, in the last few days, Long Basin City rumored that Huang Xiaoyong fell in love with other women. But I don’t believe it, because that woman can’t compare with you at all.” Chen Tiexin said.

“Which woman, have you met?” Chen Yanran said angrily. She didn’t believe that there were women in Longyun City who could compare to him in terms of beauty

and appearance. How could Huang Xiaoyong treat her because of other women. What?

“Wait.” After speaking, Chen Tiexin ran to his room.

Not long after, Chen Tiexin returned to Chen Yanran with a painting, and explained to Chen Yanran: “Recently, many of Huang Xiaoyong’s men are looking for someone with this painting.”

Chen Yanran couldn’t wait to open the picture scroll.

The person on the picture scroll is Jiang Yingying. This is what George Han asked Huang Xiaoyong to do, but after it spreads, it will inevitably be misunderstood. For example, Chen Tiexin received news that the woman in this painting was Huang Xiaoyong’s Xinhuan.

“Just her?” Chen Yanran was even more angrily in her heart, because the woman in the painting is no matter her appearance or figure. Can’t compare with her, how could Huang Xiaoyong abandon her because of this woman?

“She really can’t compare with you, but Huang Xiaoyong is indeed looking for her. As for whether the matter is as rumored or not, I don’t know.” Chen Tiexin said.

Chen Yanran clenched her fist, she would never allow herself to lose to such a woman. Suddenly he raised his head with murderous intent and looked at Chen Tiexin.

“Brother, I want you to do me a favor.” Chen Yanran said coldly.

“Don’t worry, I will try my best to help you no matter whether I can do it or not,” Chen Tiexin said.

Chen Yanran took a deep breath, and then said with a frosty face: “I want you to help me find her, and then kill her.”

Chen Tiexin’s brows twitched, but he did not refuse Chen Yanran, but said: “Don’t worry, I will immediately find a painter to copy a few more portraits. My brother, I have traveled in many cities for so many years, and I have made many friends and asked them to help. Compared to being busy, they will not refuse.”

“Thank you, brother, I’ll go back to the room first.” After finishing speaking, Chen Yanran walked to her room. She had to continue to wonder what Huang Xiaoyong’s words meant.

After Chen Yanran left, Chen Tiexin asked Chen Yuanhai: “Father, do I have to follow my sister’s instructions? Will this anger Huang Xiaoyong?”

“This woman should not be in Longyun City, otherwise, with Huang Xiaoyong’s manpower, she would have found it a long time ago. Since she is in another city, even if she is dead, it has nothing to do with us.” Chen Yuanhai said.

Chen Tiexin suddenly realized, and then said: “Father, I know what to do.”

Chapter 893

After leaving Chen’s house, George Han wandered the streets and alleys idly, and was quickly spotted by Huang Xiaoyong’s eyeliner.

Not long after, Huang Xiaoyong walked in front of George Han inadvertently. Although the master and apprentice did not have any conversations, Huang Xiaoyong led the way, and George Han followed behind. The two soon arrived at an unattended street in the west of the city. In the alley.

There is a yard here. It was Huang Xiaoyong who bought Jinwu Cangjiao in the past, but after he fell in love with Chen Yanran, Huang Xiaoyong found it hard to

be interested in other women, so this yard has been abandoned until now, and its use value has not been shown once.

“Master.” After entering the yard, Huang Xiaoyong closed the door and shouted to George Han. These two simple words were full of absolute respect.

“This is yours?” George Han asked. Although the weeds in the yard are about to be tall, it should be a place with a good environment after cleaning up.

“Yes, I bought this place many years ago. Except for me, even my father doesn’t know it.” Huang Xiaoyong said.

“To tidy up, I can still live in. Your master, I have been kicked out of the Chen family now. It’s really pitiful.” George Han said with a smile.

George Han was able to take this as a joke, but Huang Xiaoyong couldn’t. In his opinion, the Chen family gave Master a great shame, and he would never allow Master to be insulted like this.

“Master, do you want to teach the Chen family a lesson?” Huang Xiaoyong gritted his teeth.

George Han waved his hand casually, and said, “No, I didn’t put them in my eyes at all, and now the imperial court should be coming soon, so I can’t make too much noise at this time.”

“But they deceived people so much. I already know about the things at the entrance of the Chen family compound. Chen Tiexin, this damn guy, did things so terribly.” Huang Xiaoyong said angrily.

“This account will be calculated slowly in the future. I still don’t want to get the imperial court’s idea. Although the relationship between you and my apprentice can conceal your father, if the imperial court really wants to investigate it, I am

afraid it will be impossible to hide it. “George Han said, he is still in the process of understanding Xuanyuan World. During this period, George Han did not want to attract the attention of those big people, and now Jiang Yingying has not found it, and the familiar feeling at the entrance of the second world of Apocalypse is also inexplicable. Disappeared, George Han hopes to figure out these two things first before discussing the others.

“Since the master said so, then I won’t cause you trouble, but if you want to teach them when you want to teach them, you only need a word, I can make the Chen family dead.” Huang Xiaoyong said.

“Okay, if you have nothing else, let’s go first. If there is nothing else, don’t come here often. Don’t be found out about our relationship. The thing I told you about is probably not there even though it’s derived from other cities. Basin City.” George Han said.

“Okay, I’ll call some people over to help you clean up the yard.” Huang Xiaoyong said.

“No need. For this little thing, I can do it myself.” George Han said.

Huang Xiaoyong’s face changed drastically, and he said, “Master, how can you do this kind of thing yourself, it’s all the job of a servant.”

“Hurry up, I can handle it by myself and let someone do it. Are you afraid that others won’t know my relationship with you?” George Han glared at Huang Xiaoyong.

Huang Xiaoyong shuddered inexplicably. Now that George Han had decided, he didn’t dare to say anything more. After a few words of concern, he left the yard.

Facing the tall weeds, George Han is like tidying up the back garden of a mountainside Villa. It has been a long time since he has not done such ordinary

things. It makes George Han feel pretty good. If there is Amelia Su at this time Sit aside. No need for help, just look at him and it will definitely feel better.

Unfortunately, such a dream in a short period of time is just a luxury. George Han himself didn't know when he would be able to return to Earth, or if he even had a chance to return. It was unknown.

However, George Han was convinced that since the people of Xuanyuan world could go to Earth, then there must be the same passage as Tianqi here. As long as this passage is found, George Han will be able to return to Earth.

It took a whole day. George Han finished the work in the yard. At this time, he suddenly regretted not accepting Huang Xiaoyong's kindness. If dozens of people were asked to clean it, I'm afraid the entire yard including the rooms would be clean. Faced with, there are many rooms with hygiene.

"It seems that masters are not omnipotent. I'd better pick a room to clean. After all, I don't need that much." George Han said to himself. Finally decided to clean only one room.

In his words, the others can't live anyway. Even if it's cleaned now, it will be dusty in two days. Why bother?

At this point, George Han lived in this courtyard, and Long Basin City's discussion of him gradually ceased after a few days. Because of the imperial court, all the people's minds were placed in the imperial court. About that group of people, all the topics of Long Basin City also revolved around the imperial court.

A total of three people came to the imperial court, and each of them was dressed in Chinese clothes and looked very noble, and there was a super powerful aura of a big man in every gesture. Even Huang Houyi, as the lord of the city, appeared trembling when facing people from the imperial court. He didn't even dare to

breathe a breath, for fear of offending the important figures from the imperial court.

“A few adults, please sit down. My son will be here soon.” Huang Houyi said to the three of them.

The three of the Royal Court didn't say a word, nor did they sit down. Seeing their indifferent expressions, it seemed that they didn't hear Huang Houyi's words at all.

Such an atmosphere made Huang Houyi a little embarrassed. But he didn't dare to be dissatisfied. After all, these were people from the imperial court. Although he was the city lord of Longyun City, he was in the eyes of these people. What is it?

After a while, Huang Xiaoyong led the wing tiger to appear, and the eyes of the three of the Royal Court clearly flashed a hint of surprise.

When they first received this news, they did not believe that a person in the Four Lights Realm could tame the Seven-Star Alien Beast. Now that they saw it with their own eyes, they felt a little fluctuating in their hearts. This kind of multi-level beast master is almost impossible to exist. of.

“Is this wing tiger really tame by you?” one of them asked Huang Xiaoyong.

“Tell your lord, I am indeed tame.” Huang Xiaoyong replied with his fists in his hands and respectfully.

The man stepped forward, looked directly at Huang Xiaoyong, his eyes were as sharp as a blade, and continued to ask: “No one will help you?”

Since childhood, Huang Xiaoyong's best thing is to lie, and he can be completely immobile. Even in the face of a big figure like the imperial court, he did not hesitate and said: “Naturally not. If someone else tamed the seven-star alien beasts, how could they give me this powerful alien beast?”

Chapter 894

After Huang Xiaoyong said these words, the three of Huang Ting looked at him with torch, hoping to find some flaws in his expression. It is a pity that Huang Xiaoyong who has not changed his face, let alone flaws, even one. Nothing is empty.

Huang Houyi was afraid of these three people, but Huang Xiaoyong was not afraid because he had a very powerful master. Because he knew that even if the master went to the imperial court, he would be personally received by the emperor.

With such a master, how could he be afraid of the imperial court in front of him?

“Sure enough, you are young and promising. You have seven-star alien beasts at such a young age. Your future will be limitless.” The man couldn’t find the flaws, so he believed Huang Xiaoyong’s words for the time being.

“Thank you for your absurd praise.” Huang Houyi said with a smile.

“I’m waiting here this time to ask you. Do you want to join the imperial court?” the man continued.

“Joining the imperial court is the greatest wish of my life. It is my honor to be able to serve the imperial court. However, a few of you should be able to perceive my current realm, which is only a four-light realm. I am afraid it is far from enough, so I Now I still hope that I can continue to diligently improve my own cultivation.” Huang Houyi’s remarks can be regarded as a very tactful rejection of the kindness of the imperial court.

This is what Huang Houyi said to him, the imperial court will never force him to join now, as long as he can show loyalty to the imperial court.

“You don’t have to rush to refuse, we will stay here for a few days, three days later, you will give us the answer.” The man said.

“Yes, in the past few days, I will definitely serve three of you. If you have any needs, you can just tell me.” Huang Xiaoyong said.

“No need.” Leaving these three words, the three of them left without saying goodbye.

Huang Houyi breathed a sigh of relief. Facing these three people, the invisible pressure almost made him breathe hard, but Huang Xiaoyong’s performance surprised him a bit. This kid is neither humble nor overbearing. Even people facing the imperial court can cope with ease.

“Son, you are much better than me. When you see these three people, you are not nervous at all?” Huang Houyi asked.

“Father, they don’t eat people. What’s so nervous, and I think these people are still very kind.” Huang Xiaoyong smiled.

kind?

Huang Houyi couldn’t help feeling his forehead in cold sweat. The three of them sullenly looked like there was a funeral at home. Can this be called kindness?

“In my opinion, they must have other purposes for staying here. You have been careful recently.” Huang Houyi reminded.

Huang Xiaoyong didn’t even know how little Dragon Cloud City could cause them to stop. These three probably still didn’t believe his words, so they stayed to investigate. However, the skill of these people should not be able to sense Master of.

High-level people. People with low realms can be sensed. For example, Huang Xiaoyong's realm can be easily perceived by them, but the higher the realm, the more ordinary it is. With their strength, it is absolutely impossible to sense George Han's strength.

“Even if the master passes in front of them, they can't detect it, there is nothing to worry about.” Huang Xiaoyong smiled.

After the three of the Royal Court left the City Lord's Mansion, they found an inn to stay. As Huang Xiaoyong thought, the reason they stayed was indeed because they did not fully believe Huang Xiaoyong's words, so they decided to investigate.

“It's only a small four-light realm, and he actually tamed the seven-star alien beast. How could this be possible, if no one helped him. He might have died under the claws of a wing tiger.”

The three of them were in the same room, and one of them said with a contemptuous expression that even he had the strength of the Seven Lights Realm. Now he is only in control of a five-star alien beast, so he does not believe that Huang Xiaoyong can complete this leapfrog tame.

More importantly, when he saw the wing tiger, the envy in his heart could not be restrained at all.

In the current Xuanyuan world, it is already very difficult to find and tame alien beasts above five stars. Although there are still many alien beasts in the Dark Forest, the higher the level, the more difficult it is to tame the alien beasts. Unless it is crushed by strength, otherwise, even if the alien beast dies, it is unwilling to become a servant of mankind.

“Able to surrender the Seven-Star Alien Beast, if there is someone behind him, his strength is probably at least the Eight Lights Realm, Little Dragon Cloud City.

How could he hide the dragon and the tiger like this?” Another person said with confusion, he was very puzzled. The strong, why stay in Longyun City.

In recent years, the imperial court has vigorously recruited the strong from all parties. Although it has not included all the masters in the imperial court, it has almost done it almost nine times out of ten. How could it be possible to make a strong person in the Eight Lights realm slip through the net? ?

“Yeah, the Eight Lights Realm powerhouse, this is the threshold that I will never be able to cross. Such a powerful person, according to common sense, shouldn’t stay in Longyun City and go to the imperial court. What do you want? No life.”

“For the imperial court, there are only a handful of powerhouses in the last three realms. We know this guy?” Someone guessed.

The realm goes further. The more difficult it is to upgrade, and often a bottleneck appears, which cannot be broken in a lifetime, and the so-called last three realms. It is the collective name of Eight Lights Realm, Nine Lights Realm and Jishi.

The latter three realms are hailed as the most difficult realm to cross. There are many strong people in the seven lights realm under the imperial court, but the eight lights realm and above. It seems a bit rare.

Moreover, the strength gap in each of the last three realms is huge. If it is to fight alone, one realm higher is a situation of crushing.

Although the Three Kingdoms of Xuanyuan have no diplomatic relations. But there are wars, but these three countries have a rule, that is, no matter how fierce the battle is, neither side must have a master, because the strength of the master is too strong, once it is shot, it will destroy the city, and no one can bear the master. The destructive power brought about, which also led to the formation of such tacit rules.

Of course, Jishi is not useless, just like the nuclear bombs of various countries on the earth, they can be used without, but they must not be without. This is a way to deter the enemy.

“Probably not. As far as I know, the eight-light realm powerhouses should all be in the imperial court.”

“Who else can it be? Could it be said that a new master has appeared in the imperial court realm, but the imperial court has not received the news yet?”

“How exactly, after our investigation, the truth may be revealed, but if such a master deliberately hides his aura, it would be impossible to detect with my strength.”

The three were in a difficult situation. They had doubts about Huang Xiaoyong, but it was very difficult to find the truth. The strength of the Seven Lights Realm was already very powerful, but for the powerhouses of the latter three realms, it was still like an ant.

Chapter 895

In the next few days, since the imperial court did not leave Longyun City, Huang Xiaoyong also restrained his desire to find George Han, staying at the City Lord's Mansion all day, but with Huang Xiaoyong's temperament, these few Days are down. He has long been unable to live.

Early that morning, Huang Xiaoyong quietly left the City Lord's Mansion. He thought that he had covered up his whereabouts very well, but the three in the Imperial Court were all powerful in the Seven Lights Realm, and such people wanted to track him. . It's completely easy.

Huang Xiaoyong felt that he was unconscious, but in fact his actions had been completely exposed to the eyes of the three of the imperial court.

Came to the yard where George Han lived. Huang Xiaoyong felt a new look, and even seriously suspected that he had gone the wrong place. The last time he came here was the weeds full of the courtyard, but now the flowers and plants are prosperous, and there are small bridges and flowing water. It is already a paradise.

“Why are you here?” George Han raised his eyebrows when he saw Huang Xiaoyong.

“Master, you did all this here? I haven’t seen you in a few days, I almost can’t recognize this place.” Huang Xiaoyong said with a look of surprise.

George Han looked at his masterpiece with satisfaction. He was bored these days, so he tidied it up a bit. Since the yard has a large space, he can let him play at will. He accidentally designed this The scene, although not as beautiful as a picture. But compared to before, earth-shaking changes have indeed taken place.

“Have the people of the imperial court gone?” George Han asked.

Speaking of the imperial court, Huang Xiaoyong bowed his head. Had it not been for the three old guys, he wouldn’t have been bored in the city lord’s mansion for so long.

“No, those three old things, it seems that they won’t leave in a short time. However, don’t worry, Master, I came out secretly, and I never let anyone find out.” Huang Xiaoyong said.

George Han smiled indifferently, the imperial court came with powerful strength, how could he be able to conceal his whereabouts in the Four Lights Realm? I am afraid that everything he has now is under the eyes of the three.

“Do you really think that you are very powerful and can hide your whereabouts from those people?” George Han said with a smile.

“Master. I went out very early, and I wandered around for a long time before I came here. How could they know it?” Huang Xiaoyong said.

“With your current strength, you can’t understand the observation and control of a higher realm. Perhaps they already knew it from the moment you left the City Lord’s Mansion.” George Han said, now he, even if he doesn’t use it. Deliberately exerting his own strength, he can also feel the existence of Huang Xiaoyong. When Huang Xiaoyong appeared in front of the courtyard, he knew that Huang Xiaoyong had arrived.

The reason why the three of the Royal Court would stay is definitely to investigate Huang Xiaoyong. Since it is an investigation, how can you relax your guard against him?

Huang Xiaoyong was shocked, if this is the case. Didn’t it expose the whereabouts of Master?

Huang Xiaoyong looked at George Han with a self-blaming expression, and said: “Master, I’m sorry, I blame myself for not being able to control myself. What should I do now, those old guys already know. I won’t come to trouble you.”

George Han was not afraid of the imperial court people coming to make trouble, and they couldn’t make any waves. The big deal would be the killer. This is a very simple thing for George Han.

Of course, if not necessary, George Han would definitely not make a move. After all, the imperial court is supreme, with countless masters, if you choose to oppose the imperial court at this time, it would not be a good thing for George Han.

“What’s the use of saying sorry now, they must already know me, but you don’t need to worry about the rest, nor can you help.” George Han said.

Huang Xiaoyong gritted his teeth. Although George Han didn't blame him, he couldn't forgive himself in his heart because it was obviously he who caused George Han trouble.

“Master, otherwise. Let me go with them to the imperial court. As long as I go, maybe they will leave.” Huang Xiaoyong said.

George Han looked at Huang Xiaoyong like an idiot. This guy's mind is so simple. For the three of the Royal Court, what they want to know more now is why Huang Xiaoyong can tame the seven-star alien beasts. Not to take him back to the imperial court.

Even if he agrees now, it is impossible to prevent the royal court from investigating the matter.

“You go back to the City Lord's Mansion first.” George Han said.

Huang Xiaoyong left the yard with regret, blaming himself constantly along the way. In the courtyard at this time, the three of the imperial court were already standing in front of George Han.

Soon after Huang Xiaoyong left, the three had already appeared.

As George Han guessed, they followed Huang Xiaoyong's whereabouts closely from the moment Huang Xiaoyong left the City Lord's Mansion.

“Who are you?” one of them asked George Han.

“An ordinary person, with two hands and feet, nothing special.” George Han said lightly.

“Ordinary people, worthy of Huang Xiaoyong sneaking to see you?” Another person asked George Han questioningly.

“Sneaky? I don’t know why he was sneaking, but he didn’t come to see me, but wanted to trouble me.” George Han said.

“You are too perfunctory to cover up like this. Do you think we will believe this?” Someone smiled coldly, obviously because of what George Han said.

“After you understand my identity, you may understand the relationship between me and him, but I am very curious, who you are, depending on what you dress, shouldn’t be ordinary people.” George Han asked back.

Pretending to be an idiot at this time is definitely not the best way, but it is the easiest way to deal with it, because George Han is too lazy to make up stories, and as for whether they believe it or not, George Han has not considered it at all.

“What is your identity?”

“The former Chen family’s son-in-law, now, he has been driven out of the Chen family. This matter has been spread throughout Longyun City. Just ask a passer-by to ask it clearly.” George Han said.

At this moment, one of them suddenly attacked George Han, and attacked from the back.

George Han did not move like a mountain, without any reflexive movements. After a delay of several seconds, George Han showed an expression of sudden surprise that someone was standing behind him.

“What are you doing?” George Han said vigilantly.

The man frowned slightly. If his sneak attack were to be taken, it would be fatal. Under this circumstance, George Han appeared very ignorant, as if he did not feel it at all.

Could it be that he is really just an ordinary person?

Chapter 896

The three of the imperial court looked at each other and left the yard without saying a word.

Of course, this does not mean that they believed George Han's words, but more evidence was needed to prove whether George Han lied, especially George Han's identity, which was worthy of their verification.

Although George Han's reputation in Longyun City was not as loud as that of Basin City back then. But it was also widely spread, especially when he left the Chen family, the scene that Chen Tiexin deliberately arranged, let many people know how bad George Han was.

Many people have witnessed the ridicule and humiliation of leaving the Chen family. This cannot be faked.

The three of the Royal Court investigated George Han's identity without wasting too much time and effort.

Shortly became the son-in-law of the Chen family. After being driven out by the Chen family, everyone in Longyun City laughed, and the reason why Chen Yanran married George Han. It was because Huang Xiaoyong couldn't stand the harassment.

From this, it proves that George Han said that Huang Xiaoyong was making trouble for him is not a lie. Huang Xiaoyong has liked Chen Yanran for many years. This is definitely not a scene arranged in advance. After all, it has been many years. At that time, Huang Xiaoyong was just a waste. He couldn't think that he had today, let alone make a game for today.

“Could it be that this George Han, we really suspect it is wrong?”

“According to the information obtained from the current investigation, he is indeed a waste. He was expelled from the Chen family in the public. Such humiliation is not something a master can bear.”

“But I always feel that something is wrong, this George Han, it doesn’t seem to be that simple.”

“I want to solve this confusion. There is only one way to kill him. If he hasn’t taken any action before he died, it shows that our suspicion is wrong.”

“Killing an ordinary person is not a big deal to us, and killing him will not bother us.”

George Han never expected that even if his identity was investigated by the three of the Royal Court, he did not let the three of the Royal Court dispel their worries, but instead caused them to kill him.

That night, George Han noticed that the three people had gone back and forth, and they still showed up late at night. The purpose was conceivable, and this made George Han very helpless.

Although he didn’t want things to evolve in a more complicated direction, it now seems. He has no choice.

When the three of the imperial court opened the door and walked into George Han’s room, George Han sat up in a lazy manner and said, “Did you not investigate my identity, even if you know that I am just a trash , Or refuse to let me go?”

“Since you are so trash, why not die happily, lest you stay in the world and be laughed at.”

“Is it because I was ridiculed, so I deserve to die?” George Han’s tone gradually became cold.

“Killing you can eliminate our worries, so you can be considered dead.”

George Han stood up and flexed his muscles. Said: “It’s a pity, it is not easy to cultivate to your level. Why bother to seek death?”

George Han’s words changed the expressions of the three of them. If he was really just an ordinary person and had already knelt down and begged for mercy, how could he say such a thing?

At this moment, a strong killing intent surrounded the three of them, making them tremble. They are powerhouses in the Seven Lights Realm, and if they can make them feel this way, the opponent must be a master in the latter three realms.

“You...you really concealed your strength.”

“Who are you and what state are you.”

“Do you know that we are members of the imperial court. If you kill us, the imperial court will definitely investigate. At that time, you can only accept the imperial court’s trial.”

“It’s you who pushed yourself to a dead end, no wonder I, as for the imperial court, although I am a little afraid, but I am not afraid.” George Han’s voice just fell, and his figure became illusory.

Because his movements were so fast that he couldn’t recognize it at all.

For ordinary people in the world, the Seven Lights Realm is like a god, but for the masters of the latter three realms, killing them is as simple as pinching an ant.

A breeze passed. One of them fell silently, without even making a sound.

The remaining two were pale.

Extinguishing the Seven Lights Realm silently, his strength. It is very likely that you have surpassed the Eight Lights Realm!

Nine lights!

Could it be the powerhouse of the Nine Lights Realm.

“you.....”

“please.....”

The two rushed to speak, but before a complete sentence could be said, it stopped abruptly.

Calm was restored in the room. Only the breath of George Han was left.

Killing three Seven Light Realm powerhouses with a single finger, if this incident spreads out, it will definitely shock the entire imperial court. But this matter is destined not to reveal Longyun City.

George Han dragged the corpses of the three people into the front yard. The flowers, flowers, and grasses that had just been planted recently were just short of fertilizer. Presumably, the flowers will bloom in the coming year and they will be more vivid and moving.

After finishing all this, George Han returned to the room, as if nothing had happened, and continued to sleep.

When the full moon was in the sky, George Han slept very well, but Chen Yanran of the Chen family mansion had been awake for several days.

The words Huang Xiaoyong left for her kept Chen Yanran in trouble. After thinking about it over the past few days, a faint feeling of uncertainty was born in Chen Yanran's heart.

In the middle of Longyan Mountain Range, although she fainted, only George Han and Huang Xiaoyong were beside her.

Huang Xiaoyong's four-light realm strength is impossible to tame the Seven-Star Wing Tiger, and the remaining possibility is George Han, who has been acting like a waste.

Before joining forces with the Four Lights Realm masters brought by Wang Xie's family, and the more than a dozen second Light Realm masters who Huang Xiaoyong brought out of the city gate, they all disappeared inexplicably, and since then, Huang Xiaoyong's attitude towards George Han, It seems that a lot has changed. Although she showed a sense of distance in front of people, after Chen Yanran thought about it carefully, it was not enough.

With Huang Xiaoyong's personality, and he is now a powerhouse in the Four Lights Realm, how could he not sneer at George Han after meeting George Han?

Suddenly, Chen Yanran sat up from the bed, looking full of energy.

"Could it be that Huang Xiaoyong was so wrong because of George Han!" Chen Yanran said with a look of horror, Huang Xiaoyong said very clearly, she would know how wrong she was in the future. This shows that she is missing something around her.

And the strangest person next to her right now is not George Han?

He is a trash on the surface, but what happened around him is so bizarre that people simply can't figure it out.

Chapter 897

The more Chen Yanran thought this way, the more unsure she felt in her heart. Although there was no evidence to show that she was right, she couldn't think of any way to explain Huang Xiaoyong's words.

Although it was late at night, Chen Yanran put on her clothes. Going to George Han's room.

The close-fitting maid slept on a small bed near the corner. This was when the young lady had not been in the same room as a husband and wife, her duty was to take care of Chen Yanran personally. Whenever she had any needs, she must be satisfied as a maid.

"Miss. It's so late, where are you going?" The maid asked Chen Yanran with sleepy eyes.

Chen Yanran didn't speak, after getting dressed. So he went out quickly.

When the maid saw this, she could only put on her clothes in a panic and follow in Chen Yanran's footsteps.

As a personal servant girl, if something happened to Chen Yanran, she would not end well.

"George Han, open the door, open the door quickly." Chen Yanran slapped George Han's door and shouted.

Not long after, the maid finally came to Chen Yanran with doubts on her face.

George Han had already been driven out of the Chen family by the young master a few days ago, doesn't the young lady still know about this?

Or is she a little delirious because she was rejected by Huang Xiaoyong?

"Miss, don't knock, George Han is not in Chen's house." The maid said.

"Not in Chen's house?" Chen Yanran turned her head to look at the maid, and asked eagerly: "Why is he not in Chen's house, where did he go?"

"Miss. George Han was already driven away by the young master, have you forgotten?" said the maid.

"Kick away? When did it happen." Chen Yanran looked astonished. She did forget about it, or it could be said that after returning from the City Lord's Mansion, Chen Yanran didn't care about anything else at all. Huang Xiaoyong's words.

"A few days ago." The maid said.

"Do you know where he went? I want to see him immediately." Chen Yanran said.

How could the maid know the whereabouts of George Han? After all, her responsibility is only to take care of Chen Yan, and she is not qualified to take care of anything that has nothing to do with Chen Yanran.

"I don't know, maybe the young master knows it." The maid said.

Chen Yanran heard this and walked towards Chen Tiexin's room without hesitation.

Chen Tiexin was sleeping comfortably, and a sudden knock on the door woke him up.

In the middle of the night, being disturbed by people's dreams, Chen Tiexin just got angry. But hearing Chen Yanran's voice from the door, his anger was instantly reduced by more than half.

After all, it is his own sister, Chen Tiexin will not be angry with her.

Opening the door, before Chen Tiexin asked Chen Yanran what he was doing in the middle of the night, Chen Yanran first said, "Brother, where is George Han, do you know where he is?"

"George Han?" Chen Tiexin frowned slightly and said, "What are you doing looking for this rubbish? He has been driven away by me. How can I know where he is."

"Brother, I want to see him, you help me find him. You must find him." Chen Yanran said eagerly.

Chen Tiexin felt inexplicable and glanced at the maid.

The maid didn't know what was going on, so she shook her head at Chen Tiexin.

Chen Tiexin asked: "What's the matter with you. What are you doing with this waste?"

"Brother, I have a very important thing to find him. You can find him first, and I will explain to you later." Chen Yanran said.

Chen Tiexin felt very upset when he mentioned the three words George Han, but since it was Chen Yanran's request, he would naturally meet it.

"You go back to bed first. Tomorrow I will send someone to find him. Where can I find someone in the middle of the night?" Chen Tiexin said.

Although Chen Yanran was anxious, she was not at the point of losing her sanity. At this point in time, it was indeed impossible to find George Han. I just nodded.

After sending Chen Yanran away, Chen Tiexin returned to the room and became hideous. In his opinion, the reason why Chen Yanran was anxious to find George Han must have happened. It may even be that George Han did to Chen Yanran. what.

“This rubbish, wouldn’t it have touched my sister!” Chen Tiexin said through gritted teeth.

“If this is the case, I will cramp you.”

Early the next morning.

As soon as George Han got up, Huang Xiaoyong sneaked into the courtyard with a smile on his face.

“You laughed so awkwardly early in the morning, what was wrong with you last night?” George Han said to Huang Xiaoyong.

“Master. I’m a good person, how could I do bad things? I’m here to tell you the good news.” Huang Xiaoyong smiled.

“What good news?” George Han asked curiously.

Huang Xiaoyong squatted beside George Han. With a proud face, he said: “Master, I have kept people staring at the three people in the imperial court. They seem to have left Longyun City. It seems that they believe me, but these three guys are really not authentic at all. Go away. He didn’t even say hello.”

“The reason why they didn’t say hello was because they didn’t leave at all.” George Han smiled faintly.

“Didn’t go?” Huang Xiaoyong’s eyeliner clearly said that the three of them had not stayed in the inn anymore. This meant that they had left Longyun City. Otherwise, how could they change the inn for no reason?

“Impossible, my eyeliner said that the inn where they used to stay is no longer empty. This is not what they are leaving.”

“They changed places to live.” George Han said with a smile.

“Change place, Master, how would you know that my eyeliner is all over Longyun City, is there something I don’t know?” Huang Xiaoyong said.

“How do you know the place I changed for them.” George Han stood up and walked into the garden.

Huang Xiaoyong followed closely, frowning, which made it even more unreasonable. Has Master already met the three of the Royal Court?

But even so, why did Master change their inn?

And it’s impossible for those three people to listen to Master’s words for no reason.

“Master, you didn’t joke with me, where did you change them?” Huang Xiaoyong asked.

George Han pointed at Huang Xiaoyong’s feet.

Huang Xiaoyong looked at George Han’s action inexplicably, and he was full of puzzlement.

“What do you mean?”

“Under your feet, they will live here forever.” George Han explained.

Underfoot?

Live here forever!

Huang Xiaoyong was taken aback, then looked at George Han in horror.

How can a good-natured person live in the mud?

George Han’s words clearly meant that the three people were dead and buried in this garden.

“Master... Master, you, you, killed them?” Huang Xiaoyong asked in horror. Those were masters from the imperial court. Not to mention their amazing identities, even their strength was very powerful, and Master, Actually killed them!

Chapter 898

“The flowers bloom in the coming year, remember to come and have a look at this yard.” George Han said lightly.

Huang Xiaoyong’s breathing gradually became hurried. This was the first time he felt such a strong side of George Han. Even after killing the three of the imperial court, he still behaved calmly, as if this matter was happening. He couldn’t make any waves in his heart.

“Master. The imperial court will not get these three people to go back to their lives. They will definitely follow up on this matter.” Huang Xiaoyong reminded George Han, although he knew that George Han was very strong and could easily kill these three. The powerhouse of the Seven Lights Realm, but it does not mean that he can be an enemy of the entire imperial court.

After all, he is alone and weak. How can he be against a country?

“You can find any number of people. Pretend to be them, as long as someone sees them leave Longyun City, this matter will not have any involvement with Longyun City.” George Han said.

“I’m afraid it’s so perfunctory. The Royal Court won’t believe it.” Huang Xiaoyong said.

George Han raised his head to look at Huang Xiaoyong, and said with a smile: “Then you can only report me and say that I killed them. In this way, you will have nothing to do with you.”

George Han knew why Huang Xiaoyong was worried. After all, these three people came for him. The disappearance of these three people will definitely focus on Huang Xiaoyong’s investigation. It is reasonable for him to feel scared.

Huang Xiaoyong’s body trembled, how dare he report George Han, and even if he had the courage, he wouldn’t do it.

To become stronger, Huang Xiaoyong’s only way is to get the guidance of George Han, and since the two are masters and apprentices, they should advance and retreat together in everything. Huang Xiaoyong will never betray George Han for himself. thousand.

“Master. What are you kidding? How could Huang Xiaoyong be this kind of person? If one day, you really want to be an enemy of the entire imperial court, I will stand by your side, after all, I am your apprentice.” Huang Xiaoyong said.

George Han smiled faintly when he heard the words. If that day, Huang Xiaoyong might have run far away.

Although the current Huang Xiaoyong is very loyal to him, it does not mean that the future Huang Xiaoyong is also the same.

Moreover, the relationship between the master and apprentice between them, in George Han's opinion, will eventually be shattered. After all, the two of them came from different worlds, and these two worlds had broken out before.

“Nothing else, let's go first, find a few people to pretend to go out of the city.” George Han said.

“Yes.” Huang Xiaoyong nodded, and then left the yard.

Back to the City Lord's Mansion. Huang Xiaoyong selected a few people who were similar in shape to the three of the imperial court, and customized clothes that were exactly the same for them. In the evening, taking advantage of the darkening of the sky, the three of them left the city from the busiest east gate. The matter deliberately let many people see that when the imperial court really discovered that the three people had evaporated, even if they came to Longyun City to investigate, they should have been confused for a while.

As for George Han's killing of the three of the Royal Court, Huang Xiaoyong has left a shadow in his heart.

In his original impression, George Han was a very low-key and kind person, even if the Chen family humiliated him so severely. George Han never took it to heart.

But this time, George Han killed someone from the imperial court in a disagreement, allowing Huang Xiaoyong to see the other side of George Han's difference. At the same time, it can be regarded as a warning to Huang Xiaoyong, making Huang Xiaoyong more in awe of George Han.

However, what Huang Xiaoyong didn't know was that George Han was forced to do this, but if it weren't for the three people who broke into George Han's room

late at night and started killing them, how could George Han kill them for no reason? .

For George Han. There are two things he wants to figure out most now. One is to find Jiang Yingying, but to know where the sense of involvement comes from. If not necessary, George Han would never cause any trouble for himself.

The next day, the incident that the imperial court came to leave Longyun City spread throughout the city. And Huang Xiaoyong did not follow them away, and there were many speculations.

Some people say that Huang Xiaoyong rejected the court's kindness and wanted to be the emperor in Longyun City.

Some people also think that Huang Xiaoyong and the imperial court have reached some kind of agreement and will serve the imperial court in the future.

But no matter what kind of statement, it will make him envy and hate when it reaches Chen Tiexin's ears.

In the past, Chen Tiexin never put Huang Xiaoyong in his eyes. He only regarded Huang Xiaoyong as the son of a puppet. He often walked by Huang Xiaoyong with a high-pitched look. He even took a look at Huang Xiaoyong. No interest at all.

But now, Huang Xiaoyong has been valued by the imperial court, and he is also the Four Lights Realm and the Seven Star Beast Master. Such a gap caused Chen Tiexin to suffer.

He thinks he has put in a lot of effort, but he has not paid off at all. However, Huang Xiaoyong is an idol, and he can only make Chen Tiexin complain about the unfair destiny, and God is blind.

“Young Master. The young lady is very excited now, go and see her.” Just as Chen Tiexin was complaining, Chen Yanran’s close-knit maid ran to him.

Chen Tiexin retracted his thoughts. Hurry up to Chen Yanran’s room.

I saw Chen Yanran’s expression quite dull, and she kept chanting the three words George Han, as if she was possessed by a demon.

Chen Tiexin walked to Chen Yanran’s side, held hands and asked, “Sister, what’s wrong with you.”

“Brother, brother.” Chen Yanran’s eyes became energetic in an instant, and asked Chen Tiexin: “Have you found George Han? Where is he? I want to see him.”

Chen Tiexin gritted his teeth. He didn’t understand why Chen Yanran suddenly became like this, but he was certain that George Han did something to Chen Yanran that made Chen Yanran suddenly become a different person.

“Sister, what did he do to you, don’t be afraid, tell your brother, I will avenge you.” Chen Tiexin said.

“I want to see him, I want to see him, brother, you can help me find him.” Chen Yanran’s two lines of tears surged down her cheeks, looking extremely sad.

Chen Tiexin further believed that Chen Yanran was bullied by George Han, but the real situation was Chen Yanran’s tears, which contained regrets, because she increasingly felt that Huang Xiaoyong’s words implied George Han.

Chen Tiexin took a deep breath and said, “Don’t cry first. Brother will definitely find him. No matter where he is, I will not let him go.”

Hearing these words, Chen Yanran’s mood calmed down a bit, as long as she could meet George Han, she would be fine.

Chen Tiexin wanted to ask what happened between Chen Yanran and George Han, but he was worried that Chen Yanran's emotions would be agitated again, so he could only bear it down.

After leaving Chen Yanran's room, Chen Tiexin led the whole mansion to conduct a carpet search in Longyun City.

Chapter 899

“Find George Han, break his legs for me, and then take him back to the Chen family mansion.”

This is what Chen Tiexin said to every subordinate. In his heart, he had already determined that George Han had done something inferior to a beast, so he would never let George Han go.

But he wants to find George Han in the next few days. Obviously it was impossible, because George Han and Huang Xiaoyong were already on the way to Xiaoling City.

Xiaoling City, a place known as a paradise for men, the scenery on both sides of the Yanzhi River can make most men indulge in it. It is rumored that there was a rich son who lost all his wealth in Yanzhi River. In the end, it also died on the woman, which can be said to be the last strength for this cause.

Huang Xiaoyong also had the experience of sneaking to Xiaoling City several times, the scenery of Yanzhi River. He had seen it several times, and it was a place that made men unable to extricate themselves.

George Han proposed to go to Xiaoling City this time. In Huang Xiaoyong's view, it must be George Han who has this idea, so he introduced George Han to several famous shops in Yanzhihe, and also proposed to help Han Three thousand matchmaking.

However, George Han did not accept Huang Xiaoyong's trivial proposal. The beauty of the world is meaningless to George Han, and he never fell under the beauty. After all, even Qi Yiyun's top beauty is he. If you can sit back and relax, how can you be tempted by other women.

When George Han went to Xiaoling City, in addition to his long experience, there were also some men's instinctive curiosities. Of course, curiosity did not mean that George Han would do those extraordinary things.

“In addition to women. There should be more masters in Xiaoling City, right?” George Han asked.

“That's natural, Xiaoling City is much larger than Longyun City, and because of the existence of the Rouge River, it can attract men to go there. Among them, there are naturally many masters. In Longyun City, the Four Lights Realm is absolutely absolute. Strong, but in Xiaoling City, there may even be folk strong in the Seven Lights realm.” Huang Xiaoyong said.

“Is there only seven lights?” George Han asked, frowning.

Only seven lights?

This sentence made Huang Xiaoyong dumbfounded. For the world, the Seven Lights Realm is already a rare powerhouse. After all, the big masters of the last three realms are almost all from the Imperial Court, so how can they come casually? Where is Xiaoling City?

The imperial woman. It is not comparable to Xiaoling City.

“Master, the Seven Lights Realm is nothing to you, but to ordinary people, the Seven Lights Realm already exists like a god, and you can't see it casually.” As he spoke, Huang Xiaoyong suddenly He lowered his voice and said: “Especially for

someone like you who can kill three Seven Lamps Realm casually, that is even rarer in the world.”

“Your flattering skills probably already have the realm of a master.” George Han said.

Huang Xiaoyong’s face is thick enough, so he doesn’t feel embarrassed at all. Instead, he smiled proudly and said, “Master. Although my realm is not very good, but when it comes to flattering skills, few people can compare to me. When I like Chen Yanran, I can speak everything. Thinking about it now, I feel sick myself.”

“You are a complete licking dog.” George Han said helplessly.

“Lick the dog?” Huang Xiaoyong looked at George Han suspiciously, and asked: “Master, I am obviously a human being. How can I be a dog?”

Dog licking is a new era vocabulary for the earth. George Han didn’t bother to explain it to Huang Xiaoyong, so he changed the subject and asked, “Apart from women, there should be other interesting things in Xiaoling City?”

According to George Han’s modern thinking logic, although Xiaoling City is dominated by a female industrial chain. But since Long Gathering has a lot of popularity, there should be some interesting things in other aspects. After all, this is a new world for George Han, so he wants to see more things that he has never seen before.

“Master, Xiaoling City is most famous for its beautiful women. Every man who comes to Xiaoling City is for women. What do you mean by other aspects?” Huang Xiaoyong looked at George Han in confusion. .

What is it?

George Han is not from Xuanyuan World, he can't say what he is, but seeing Huang Xiaoyong's full-eyed woman, it is estimated that he would not care about other things.

“Hurry up. Let's go to Xiaoling City first.” George Han said.

The two rushed forward. Although George Han had no experience of riding horses, he had strong strength. It is very simple to adapt to this way of hurrying.

The two arrived at Xiaoling City in the evening of the next day.

For Xiaoling City, this point of time was when Xiaoling City first started to lively.

Huang Xiaoyong just entered the city gate. I can't wait to go to Rouge River.

And George Han also found that the number of women in Xiaoling City was indeed much more than that in Longyun City, and most of the people on the street were women. And the looks are pretty good, and it gives George Han the feeling that he has come to the country of daughters.

“Master, shall we go directly to Yanzhihe?” Huang Xiaoyong asked eagerly.

“Go.” Since it is the core of Xiaoling City, George Han will naturally not miss the Yanzhi River.

Not far from entering the city gate, there is a river, and the boat rental shops shout loudly to solicit business.

As the son of the lord of Longyun City, Huang Xiaoyong is naturally a rich lord, renting the most expensive flower boat.

After getting on the boat, Huang Xiaoyong explained to George Han: “Master, there are also ways to charter a boat. The better the boat, the better the girl's favor.

When I came last time, many girls threw aprons on my boat. Well, one by one can't wait to see me frankly.”

“If you don't have a boat, don't you even have the qualifications to visit the Rouge River?” George Han said with a smile. From the current point of view, this is a game for the rich. Before the girl has seen it, she has to drop it first. A sum of money, like those high-end clubs on the planet, has threshold fees.

“You can also visit both sides of the strait, but young and beautiful girls never look at both sides of the strait. Only those elderly ladies will hook up with the poor ghosts walking on both sides of the strait.” Huang Xiaoyong said.

The store has manpower dedicated to punting the boat, and George Han and Huang Xiaoyong only need to stand on the bow of the ship gracefully.

As the water flowed in, the real Yanzhi River was already in front of George Han in a short while.

Countless young and beautiful women stood on both sides of the river bank, waving their handkerchiefs, and eagerly soliciting guests. Especially when George Han entered the flower boat, those girls worked harder, each and every one of them looked charming and charming. I can't wait to show my arms to George Han.

“My son, the slave family is proficient in all the 18 martial arts, you can accept the slave family.”

“My son, look at me, what kind of woman you like, our family can satisfy you.”

Chapter 900

Huang Xiaoyong has long been salivating.

But George Han was very uncomfortable facing this situation.

After all, things like this are illegal on Earth. Where has he seen such a blatant solicitation of guests?

But the beauty of those women surprised George Han very much.

On both sides of the Rouge River, just pick a woman out. They are all absolute beauties, and they are all beautiful. If this goes to the earth, I don't know how many men will be confused.

“Master, these women are beautiful enough.” Huang Xiaoyong said to George Han dryly.

“Since there are so many women here, why have you been obsessed with Chen Yanran for so many years?” George Han asked with a smile.

“Master, these are brothel women after all, and occasionally it's okay to play. How can they be taken home as wives.” Huang Xiaoyong said.

“What will happen to these people in the end?” George Han asked curiously.

Huang Xiaoyong has never seen anyone who cares about women in the brothel, nor has he ever thought about what these women will be like in the future.

But think about it, you can know. After being driven out of the brothel after the old Zhuhuang, it may be a miserable old age. Those with better luck may be taken as concubines by the rich, but their humble status is a reality that can never be changed.

“Master, what do you care about these.” Huang Xiaoyong said.

“It's purely curiosity to ask.” George Han couldn't help but laugh. If this is changed to Earth, those women should go back to their hometown and find an honest person to take the order. Maybe they will have a happy life, but this is

obviously Impossible, because these women are equivalent to selling brothels, their fate. It has long been beyond the control of oneself.

When Hua Chuan traveled to the middle section of the Rouge River, Huang Xiaoyong suddenly stopped the punters, and this is the section where the boats are parked the most. Without asking George Han, I guessed that this should be what Huang Xiaoyong said. The store, the store selects the yellow flower maidens for the guests, which naturally deserves more attention.

“Master, we can bid directly on the boat. If you have a fancy, tell me, no matter how much you spend, the disciple will satisfy you tonight.” Huang Xiaoyong said to George Han.

In front of George Han, Huang Xiaoyong didn't care about money at all. As long as George Han was happy, even if he took out all the wealth of the City Lord's Mansion, he would not blink his eyelids.

“No, just watch the excitement.”

George Han's voice just fell. A delicate woman was pushed to the riverside.

Seeing her head down, she seemed very scared, her petite body was obviously trembling slightly, which was obviously different from those women who solicited business.

Obviously, she was forced, perhaps this was the norm in Xiaoling City, but in George Han's eyes, she was somewhat intolerant.

At this time, many guests on the boat began to bid, and it was obvious that they were particularly interested in such unmanned women, and the price rose rapidly.

With the higher the price. The sound of the bidding became smaller.

George Han didn't control his compassion, and said to Huang Xiaoyong, "How much does it cost to redeem her?"

"Master. Are you going to help her redeem?" Huang Xiaoyong looked at George Han in astonishment. Is this love at first sight? This is the Rouge River in Xiaoling City!

"I shouldn't have this kind of mercy." George Han sighed. He also knew he shouldn't do it, but seeing that woman Konjac looked scared, he couldn't bear it.

Although Huang Xiaoyong didn't know why George Han did this. But since it was George Han's request, he naturally wanted to meet it.

Raising his hand to bid, Huang Xiaoyong came out like a dark horse, leaving no room.

"Brother, are you telling me to be right with me?" On the other boat, a young man stepped onto the bow. Looking at Huang Xiaoyong with a torch-like stare, he was the most powerful person who had just bid the price. Obviously, he wanted that woman very much, and Huang Xiaoyong was very dissatisfied when he came out halfway.

Huang Xiaoyong glanced at the man contemptuously, and said: "You can only ask for the price, can't I?"

The man smiled slightly, with a strong chill in his eyes, and said: "Before you are right with me, you should really find out who I am and don't lose your life in this rouge river."

"Why, you have no money? You have no money to pretend to be an uncle. Just stay there." Huang Xiaoyong said mercilessly, knowing that he is a real domineering disciple, how could he be in this way? Have you lost the limelight?

The man's face was even more cold. It can be seen that he should have a certain status in Xiaoling City, otherwise he would not dare to say such a thing.

At this moment. An old man appeared beside him with sleepy eyes, but George Han could see it. This is a person of the Five Lights Realm, who seems harmless to humans and animals, but actually hides murderous intentions.

At this time, many people on other ships recognized the young man's identity, all showed respect to him, and persuaded Huang Xiaoyong not to cause trouble.

Before the change, Huang Xiaoyong might have bowed his head and closed his hands, but now that there is a master, he doesn't care what the young man's identity is, and he is no longer in the Second Light Realm before.

"Humph." The old man hummed heavily, and the water was turbulent. Such strength performance shocked the other people's complexion.

But Huang Xiaoyong smiled faintly, showing off his skills in front of the master? Does this little trick seem ridiculous.

"Brother, kindly advise you, hurry up, leave Xiaoling City, and never show up in front of me." The young man said to Huang Xiaoyong with a sneer on his face. It seemed to him that the old man's deterrent methods were enough. Huang Xiaoyong was so scared.

"It's just a five-light realm, can't help you?" George Han whispered to Huang Xiaoyong.

In terms of his own strength, Huang Xiaoyong has a big gap with this old man, but now he is a seven-star beast control master, how can he use it?

"Master, it seems that we will be a blockbuster as soon as we arrive in Xiaoling City." Huang Xiaoyong said with a smile.

The young man couldn't hear the conversation between the two of them, but when he found that Huang Xiaoyong was actually smiling, he felt a humiliation of being ignored, and his face turned hideous.

“Since you have to die, then I will fulfill you.” After the young man finished speaking, he glanced at the old man, and it was obvious that he wanted the old man to kill him.

The old man smiled faintly, killing people was commonplace for him.

As a master of the Five Lights Realm, even if he kills people in the crowd, those people can only be regarded as not seeing them. If anyone dares to speak, can he not be afraid of his revenge?

Just when everyone was mourning for Huang Xiaoyong, thinking that he was dead, a huge white figure fell from the sky.
