

His True Colour Chapter 821 - 830

Chapter 821

Should have died long ago!

These four words exploded in Su Yihan's mind like a bolt from the blue sky.

In a panic, Su Yihan kept kowtow to Tian Linger, trying to resolve his mistakes.

“Tian Linger, I know I was wrong, and I won't dare anymore. Please give me this opportunity again.”

“Opportunities?” Tian Linger smiled coldly and said: “You have done all the bad things. If I were George Han, I would have killed you. He has given you so many opportunities, but do you know how to cherish it. The only way to die is.”

Chen Yi was chilling in his heart, and he realized the other side of Tian Linger more and more. The more he felt that his beating remarks were too reckless and stupid, but unfortunately it is too late to regret it. If you say it, there is no way to take it back. Opportunity.

Not long after, Mo Yang personally went to Chen Yi's house. When he saw Su Yihan's swollen cheeks, he did not have the slightest sympathy, because he also hates this woman very much now, discrediting Amelia Su, and even the infant Han Nian is affected by it. This is something he absolutely does not allow. .

“How is the hand?” Mo Yang asked Tian Linger.

Tian Linger raised his hand, glanced indifferently, and said: “It's okay, it's just a bit swollen, it's not a hindrance.”

“I took the person away, are you going?” Mo Yang continued to ask.

“Of course.” Tian Linger said without hesitation, how could she be willing to let go of this matter without venting her anger.

Mo Yang nodded and gave Lin Yong a look.

Lin Yong walked to Su Yihan’s side and said condescendingly: “Get up, you can’t live by yourself. When doing this, you should think about the fate of today.”

Su Yihan was so scared that his legs were weak, and there was no strength to stand up.

Upon seeing this, Lin Yong grabbed Su Yihan’s clothes with one hand and dragged it away from the room.

Before Tian Linger left, she said to Chen Yi: “Although what you said just now made me very upset, I will still give it to you if I promise you.”

Looking at the back of Tian Linger leaving, Chen Yi sighed badly, regretting not.

After everyone left, Chen Yi’s parents also appeared. In their opinion, Chen Yi should have done a perfect job. After all, even Tian Linger and Mo Yang appeared.

But when I saw Chen Yi in the living room, he found that his expression seemed a bit wrong.

“Son. What’s wrong, isn’t things done pretty well, why are you not happy at all?” Chen Yi’s mother walked to the side and asked.

Chen Yi smiled bitterly. This thing was indeed done very well. If it weren’t for his talkative words, the result would have been the most ideal, but it was a pity that he was eager to express himself, but he was self-defeating.

“Mom, I did a stupid thing.” Chen Yi said with a sigh.

As soon as Chen Yi's father heard these words, his heart became nervous. Let alone whether there are any projects in the village in the city, if Chen Yi did something extraordinary. If you provoke Tian Linger or Mo Yang, the Chen family is over!

"What did you do!" Chen Yi's father asked impatiently.

Chen Yi told them what he had done just now, and Chen Yi's father seemed very surprised when he heard it.

Tian Linger's image to the outside world has always been a princess who does nothing. Only by enjoying the prosperous love of the sky can he run wild in Basin City, but he didn't expect that Tian Linger would have such a thoughtful side.

And her beating on Chen Yi was obviously to make Chen Yi distinguish the status gap between the two.

Although they are friends, their status cannot be ignored. This is what Tian Linger wants to express.

"For so many years, there has been no male descendant in the heavenly family. In everyone's eyes, the prosperity of the heavenly family will be destroyed by the blue and yellow, but now it seems that this Tianlinger has enough qualifications to support the heavenly family." Chen Yi The father said with a sigh.

"Dad, what should I do now?" Chen Yi asked. He is particularly unsure now, because the Tian Linger who appeared in front of him today is completely different from the previous Tian Linger, so he is very confused and does not know how to get along with Tian Linger.

"From now on, you can't treat her as a friend, but as a boss. This is your best practice now." Chen Yi's father said.

“En. I remembered.” Chen Yi nodded.

The basement of a certain manor was dark and damp. After being caught here, Harry Su gave him a severe beating. Now he was lying on the ground like a dead dog.

He still didn't understand what was going on. How could Mo Yang suddenly come to his house to arrest someone and bring him to such a place.

Although he was responsible for slandering Amelia Su, he didn't reveal any flaws, and the source had left Basin City. How could Mo Yang still find out?

But apart from this incident, Harry Su really couldn't think of what Mo Yang could do for arresting him.

Could it be that Su Yihan missed the news?

Harry Su thought of this, and thought it was impossible. Su Yihan should know the importance of the matter, and he also reminded him that he must not show his feet, and Su Yihan would not tell others about this.

At this moment, there was the sound of footsteps approaching, and Harry Su trembled with fright.

After walking into the basement, the lights in the basement turned on. The white light illuminates all the darkness.

Harry Su raised his head strenuously. When he saw Su Yihan with swollen cheeks, an unknown premonition rose in his heart.

He and Su Yihan were arrested at the same time, not for slandering Amelia Su. What else can it be?

“Mo Yang, what are you doing with me?” Harry Su asked Mo Yang unwillingly.

Before Mo Yang spoke, Tian Linger walked towards Harry Su.

A little girl shouldn't make people feel intimidated. But at this moment, the killing intent in Tian Linger's eyes made Harry Su's head and feet cold.

“Tian Linger, what do you want to do, don't come over.” Harry Su said in horror.

But his words. Did not stop Tian Linger.

At this moment, Mo Yang behind Tian Linger suddenly said, “There is a stick next to him, don't hurt your hand.”

When Tian Linger heard this, he picked up a stick and slashed directly on Harry Su's head.

Although the little girl's strength is not great, but she hits with all her strength and still hits her head, which is also very uncomfortable.

Harry Su was so painful that he cried and screamed. Rolling on the ground.

After Tian Linger hit with a stick, she didn't relieve her anger, and struck the stick again.

This hit Harry Su's knee, and his bones were probably cracked. The heart-piercing scream echoed in the basement.

Su Yihan was trembling with fright. She was in endless regrets now, but it was a pity that it was too late to regret now and it was no longer useful.

“You. Why are you hitting me?” Harry Su roared at Tian Linger.

Chapter 822

Tian Linger didn't answer Harry Su's question, because she was not in the mood at all, she picked up a stick and hit Harry Su again.

Harry Su screamed endlessly, and Mo Yang didn't stop him, because he also knew how angry Tian Linger was about this matter. If he didn't let this princess vent, how could the resentment in her heart come out?

Moreover, with Mo Yang's position, he was not qualified to stop Tian Linger. After all, Tian Linger was George Han's younger sister, so it was only natural that his younger sister went out for his brother. He is a subordinate, just watch him from the side.

"Linger, if you are tired from fighting, there are still a lot of subordinates for you to drive." Mo Yang said to Tian Linger.

Tian Linger is indeed a little tired, after all, she doesn't exercise often, and she can't keep up with her physical strength.

After throwing away the stick, Tian Linger walked to Harry Su's side and stepped on Harry Su's face. Said: "Don't you want to know what's going on, listen carefully, I want you to die clearly."

Taking out Chen Yi's cell phone, Tian Linger played the recording.

This is real evidence, and it was revealed by Su Yihan himself.

Harry Su suddenly felt desperate. Such evidence fell into Tian Linger's hands. Does he still have a way to survive?

"Su Yihan, what the hell did you do!" Harry Su shouted at Su Yihan unwillingly.

Su Yihan fell into Gentle Township, and realized afterwards, now that the matter is over, how could she take responsibility on her own?

“If it weren’t for you, could I do this kind of thing? You hurt me and you even questioned me.” Su Yihan said.

Regarding Amelia Su’s illness, Harry Su put forward his own ideas, and really wanted to slander Amelia Su. In fact, it was Su Yihan’s suggestion, but in this situation, Su Yihan can only throw the pot on Harry Su, hoping to get his life back.

But how could Harry Su accept such a big black pot on his head, and immediately retorted: “Su Yihan, your dog is really poisonous. You obviously proposed to spread the rumors, but now you come to blame me, don’t forget, this You are going to do this.”

“Fart, how could it be me? It was you who looked at George Han not pleasing to your eyes, and you were not convinced. Now George Han has a higher status than you, so you slandered Amelia Su and let the people in Basin City know that she brought George Han. Green hat, haven’t you said that you still want to see George Han’s jokes?” Su Yihan bit back. The ability to compose stories on site is superb.

Harry Su laughed. Now that the Dongchuang incident happened, Su Yihan splashed all the dirty water on him, trying to shirk responsibility. This was just a joke.

This is the end of the matter. No matter how the two of them argue, they will not change the result. Does it matter who is responsible?

They spread rumors and slandered Amelia Su. This is no excuse to shirk.

“Su Yihan, do you think they will let us go by saying this?” Harry Su said.

“Mo Yang, this matter has nothing to do with me. I’m just an insider. I didn’t do anything. He found the person who spread the rumors, and he proposed the idea.” Su Yihan said to Mo Yang urgently.

Mo Yang looked at Tian Linger. He has no right to deal with this matter now, it all depends on Tian Linger’s attitude.

Because now Tian Linger, like George Han visiting the scene in person, her decision is a pity to replace George Han to some extent.

“Linger, what do you plan to do with them?” Mo Yang asked Tian Linger.

“My brother is not here, so I will take charge of this matter for him. After all, it is not only my sister who is implicated this time, but also Han Nian. I don’t think he will allow this to happen.” Amelia Su brought George Han Green hat, this matter has now developed into the question of whether Han Nian is George Han’s own birth, which has caused such serious consequences, in Tian Linger’s view. George Han’s soft heart should also be exhausted.

After being silent for a while, Tian Linger said: “I don’t want to see them again in the future, the best way is to let them evaporate from the world.”

“I’ll do it.” Mo Yang said.

Su Yihan and Harry Su were completely desperate. No matter how Su Yihan knelt and apologized, Tian Linger’s decision did not waver.

As Tian Linger said, these two people shouldn’t have been alive long ago, how could she be softhearted now.

“I was wrong. I really knew it was wrong, Tian Linger, Mo Yang, please. Give me another chance.” The fear and endless regrets in his heart drove Harry Su to constantly kowtow and apologize.

Until this moment, Harry Su finally knew how stupid it was for him and George Han to do something right. George Han let him go again and again, not because he did not dare to beat him, but just disdain to do it.

George Han was so powerful that he could not be shaken by an ant like himself.

Unfortunately, it was too late for Harry Su to realize this, and for what he did this time, even if George Han was in Basin City, he would not be forgiven.

Amelia Su, Han Nian!

These two women are George Han's most precious treasures, they are the flesh of their hearts. How can George Han allow them to be hurt!

Tian Linger left the basement with no trace of pity in her eyes. This was the first time in her life that she had come into contact with such a thing at such close distance, and she ordered it herself. But Tian Linger was not half-hearted, which more and more showed that Tian's future could be controlled by her.

The embryonic form of a strong woman has gradually manifested in Tian Linger.

"Brother, if you dare to blame me. I have to let my sister tear your ears." Tian Linger muttered, said with a playful expression.

Back to Tian's house, Thomas Tian didn't ask about the final outcome of the matter, but he could probably guess. Because of this time, Tian Linger's temperament has obviously changed.

This girl was grown up by Thomas Tian, and he could feel the slightest changes in Tian Linger.

"Grandpa, I'll go back to my room and rest first." Tian Linger said.

Thomas Tian smiled and nodded. Let Tian Linger pay attention not to catch a cold.

“Dad, Linger seems to be a little different.” Tian Honghui said to Thomas Tian.

“It’s different. I can trust Linger with the future of the Tian Family.” Thomas Tian smiled.

Tian Honghui was taken aback. Regarding the future of the Tian family, he knew that Thomas Tian was actually looking for a husband and son for Tian Linger. The former George Han was a person whom Thomas Tian valued, but it was a pity that George Han had already married. This allowed Thomas Tian to dispel the idea.

However, in Tian Honghui’s view, it was still a bit wrong to hand Tian’s family into the hands of a girl, and he didn’t want Tian Linger to be contaminated with too much right and wrong. Society is gloomy with too much knowledge.

“Dad, can Linger bear it if you do this?” Tian Honghui worried.

Thomas Tian glanced at his son with disdain, and said, “I’m sure. She will do better than you. Worrying about her is better than worrying about yourself.”

Tian Honghui lowered his head with embarrassment and dared not speak any more.

Chapter 823

Apocalypse.

Four fields.

Since the big news broke out in the Demon King’s Cave, everyone has determined that George Han is dead. Although this matter is regrettable, the dead are not worthy of nostalgia for many people, so gradually, George Han’s discussion has become hot. It stopped.

But Yi Lao was always worried about this matter. Because he put too much hope on George Han, the consequences now are something that Yi Lao does not want to see, and it makes him somewhat unacceptable.

Originally, Yi Lao still had hope, but as time passed slowly, after a few days passed. He was completely desperate, because he knew very well that no one could survive the situation where the Demon King's Cave was busy fighting against those creatures.

The only remaining hope turned into despair, and for a while, Yi Lao became confused.

He originally planned to wait after George Han was promoted to the Heavenly Word rank. Handing the four gates to George Han, he went to take a look at the second world, but now, no one of the four gates can take over the important task, the plan fell in vain, and Yi Lao didn't know what to do.

"Yilao, you don't eat or drink these days. How can you go on like this? People can't come back to life. You can't be so decadent." The assistant persuaded Yi Lao. He knew about Yi Lao's death to George Han. It's hard to accept, but things are a foregone conclusion. Even if it is unacceptable, you have to face reality.

"Where is Lintong?" Yi Lao asked.

"It should have gone to the yellow character level, since He Xiaoxiao was demoted to the yellow character level. He often goes to He Xiaoxiao." said the assistant.

Yi Lao sighed. He never thought of handing over the Four Doors to Lintong. The reputation of this proud man was completely touted by the insiders of Tianqi. A person who didn't even dare to participate in the test of Demon King's Cave. It's worthy of the four words of God's Proud Son.

Moreover, Lintong now has a heart of betrayal towards Simen, and it is even more impossible for Yi Lao to do so.

But he is facing a very entangled problem. The turmoil of the second world makes him have to go to the second world to see. He must know what kind of place the second world is. Only in this way, may he be able to find a solution to the first world. Two-world approach.

“Lintong betrayed the four gates, and among the four gates, no one is available. Who do you think can be given to me as the master of the gate?” Yi Lao asked his assistant.

“Yilao. I don’t think anyone except you is appropriate.” The assistant said without hesitation. This is a very realistic question. Among the four sects, who is more prestigious than Yi Lao? And even if it doesn’t pay attention to prestige, in terms of strength, no one is suitable at present.

I have to say that George Han is indeed the best choice. He broke all previous records of Apocalypse and was promoted to the Dizi level at the fastest speed. This completely crushes Lintong, and I am afraid that no one will be able to do it in the future. To this point. It’s a pity that his luck was a little worse, and he fell into the Demon King’s Cave.

“Do you want to sit still like this forever? With Apocalypse’s current strength, if the Second World strikes again, it is impossible to resist. I must go to the Second World to do it.” Yi Lao gritted his teeth.

The assistant sighed inwardly. Apocalypse did not have a way to contend with the second world. This was an obvious problem, but he also didn’t think that Yi Lao’s method could really solve this crisis. After all, it was in the history of Apocalypse. There are not many people who have penetrated into the second world. They have gone and never returned. They must have died in the second world. Among these people, there are many who are no less skilled than Yi Lao.

“Yi Lao, soldiers come to block. All have fate, why don't you have to be persistent.” said the assistant.

“But I don't want to see the apocalypse ruined in my hands.” Yi Lao suddenly clenched his fists, his expression full of unwillingness.

The assistant sighed, this is the ending that no one wants to see, but what can be done? The Apocalypse is no longer the previous Apocalypse, and it is impossible for anyone to make the Apocalypse stronger in a short time.

In the final analysis, George Han was not lucky. If he hadn't died in the Demon King's Cave, perhaps Apocalypse would not be where he is now.

Yellow word level field.

Since He Xiaoxiao was demoted here, Lintong has become a frequent visitor to the yellow character level, although his love for He Xiaoxiao is deeply hidden. But in recent time, it has gradually been exposed.

And He Xiaoxiao could also feel this, but in He Xiaoxiao's eyes. Lintong, the proud child of heaven, is still nothing, even if she is only the lowest-level member of the yellow character level, she is still He Qingfeng's daughter after all. The arrogance in my heart has never diminished.

“Lintong, I know what you are thinking, although I have been demoted to the yellow character level now. But I am still the daughter of the Lord of the Three Halls, and I advise you to put away your non-distractions.” He Xiaoxiao disdains Said to Lintong.

“Do you think you can go back?” Lintong said lightly.

“Humph.” He Xiaoxiao snorted coldly and said, “My father just frightened me and wanted to teach me a lesson. After a while, he will naturally pick me up in person.”

Lintong seemed rather helpless and shook his head. He Xiaoxiao's self-righteousness is really ridiculous. Now the whole Tianqi is staring at this matter. The mistake He Xiaoxiao made is definitely not what she can treat if she stays at the yellow character level for a few days. None of it happened.

Apocalypse is a place where strength is respected. Anyone who wants to promote his status must show the matching strength.

The rules of the apocalypse, even the sect master can't disobey.

The reason why He Xiaoxiao has been able to live in Sandian for so many years is all because no one deliberately mentioned this matter, but now, she has been demoted to the yellow character level, even He Qingfeng did not dare to take her away easily.

Unless she can prove herself with her strength and can win the classification competition, otherwise, she will never return to Sandian in her lifetime.

It's a pity that this eldest lady didn't seem to realize this. It's ridiculous why Qingfeng only punished her, and would come to pick her back personally.

"He Xiaoxiao, the only one who can help you return to the Third Hall is me." Lintong said.

"Cut." He Xiaoxiao looked at Lintong contemptuously, with a sneer in his eyes, and said: "Lintong, who do you think you are, and how could I need you to take me back, my father will come and pick me up."

"He Xiaoxiao, even your father dare not defy the rules of Apocalypse. Or we make a bet that He Qingfeng will never let you go back to Sandian unless you can win the classification competition." Lintong said.

“You fart, how could my father treat me like this?” He Xiaoxiao cursed, if he really wanted to return to the third hall with strength, this would be almost impossible for He Xiaoxiao in his entire life.

Chapter 824

He Xiaoxiao was pampered since she was a child, and she got all the favor of He Qingfeng from the moment she was born, so even in a place where strength is respected by Tianqi, He Xiaoxiao has never born the idea of hard work.

In her cognition, as long as her father is the lord of the Three Halls, she can enjoy the highest treatment of Apocalypse.

Since it is already like this. Why should you embarrass yourself?

Therefore, Lintong’s words stung He Xiaoxiao’s heart.

Winning in the classification competition is a joke for He Xiaoxiao.

“You don’t have to swear in such a hurry, I’m just telling the truth, if you don’t believe it. Let’s walk and see.” Lintong said lightly.

“f*ck, you flew to me.” He Xiaoxiao gritted her teeth and stared at Lintong, she didn’t need such truthfulness. Because it will make her desperate.

“I can help you. You may not be able to accept it now, but when you need it, you can find me. I only have one condition, to be my woman.” Lintong smiled.

“Lintong, you are the pride of heaven in the eyes of other people, but in my eyes you are not as good as shit. Want to get me, wishful thinking.” He Xiaoxiao said angrily.

At this moment, a few members of the yellow character class passed by nearby, and a few people whispered, their expressions looked a little flustered.

“Stop.” Lintong shouted to several people.

Several people stopped, facing Lintong, the proud man of heaven, they dare not show any disrespect.

“What are you talking about, why are you so flustered.” Lintong questioned.

Several people glanced at each other. This incident was heard by accident, and they were not sure whether it was true or not.

“Lintong, we heard that someone came out of the Demon King’s Cave.” someone said.

Someone came out of the Devil’s Cave!

Lintong thought of George Han for the first time, because in recent years, he was the only one who went to the Devil’s Cave a few days ago. If someone really came out, who else could be besides him!

But how is this possible?

Didn’t he have died in the Demon King’s Cave, how could he be able to come out alive?

“Where did you get the news? How could this be? You guys are not talking nonsense.” Lintong yelled at several people.

“The news came back from the Xuanzi level, and we don’t really believe it, but what is going on, there must be accurate information on the character level, you will know when you go back.”

Lintong glanced at He Xiaoxiao who was already dazed. Said: “I will come back tomorrow and give you one day to think about it.”

After speaking, Lintong walked away quickly.

And He Xiaoxiao stayed there for a long time.

George Han!

How could he come back alive from the Devil’s Cave? Shouldn’t this guy die in the Devil’s Cave?

This kind of thing is unacceptable for He Xiaoxiao, especially her current status, which is only a marginal status of the yellow character class. Once George Han really comes out alive, it will be the top powerhouse of the sky character class. The gap made He Xiaoxiao feel an inexplicable humiliation.

In her current state, does she still have a face in front of George Han?

“Damn thing, I don’t believe you can really come out alive.” He Xiaoxiao said through gritted teeth.

The news that someone came out of the Demon King’s Cave alive quickly spread to all areas of the Apocalypse. Almost everyone didn’t believe that this was true, because it was an unattainable dream for many people to be promoted to the Tianzi level, but George Han was able to do it in such a short time!

“How is it possible. How could someone come out alive.” After He Qingfeng heard the news, he was shocked to death.

As the Lord of the Three Halls, He Qingfeng knew very well how dangerous the Demon King’s Cave was. Even when he came out of the Demon King’s Cave alive,

he carefully avoided all dangers, and there were still a few people who came with him. He was able to escape.

According to He Qingfeng, from the big movement in the Demon King's Cave a few days ago, George Han must have encountered the strange beast inside. Under such circumstances, there is absolutely no chance of survival.

“Quickly, go to the exit of the Demon King's Cave. I want to know if this is true or not!”

Four doors.

When Yi Lao learned of this incident, he was still so surprised that he was so surprised. Although he had hoped in his heart, he was completely desperate after the past few days, because he also knew the dangers of the Demon King's Cave, even if it was. Now he, facing the monsters in the Demon King's Cave, still has a dead end, how could anyone come out alive?

“Elder Yi, don't you go and take a look?” The assistant could not help but remind him aloud when he saw that Yi Lao looked unsettled.

Heard this sentence. Elder Yi came back to his senses, suddenly became energetic, and said: “Go. Go now.”

At the exit of the Devil's Cave, George Han and Jiang Yingying were unkempt, although they looked a little embarrassed. But the two of them were unharmed, and indeed they came out of the Demon King's Cave alive.

“Brother George, the air outside is better.” Jiang Yingying said to George Han with a smile.

“Yes. The fresh air is worth cherishing, but I don't know how many people think we are dead.” George Han smiled.

Originally, the two of them were able to come out in the first two days, but because they were greedy for a while, they ate more fruits and caused some abnormalities.

After the fruit entered the abdomen, both George Han and Jiang Yingying could clearly feel a heat flow in their bodies starting to move, and they couldn't control it. It took two full days for the two to digest the strange heat flow.

Although George Han didn't know what was going on in the specific situation, he could feel that his strength had increased a lot. Perhaps the red fruit contained energy that could make people stronger.

Another reason for the time wasted is the little white snake. It stalked and wanted to leave the Demon King's Cave with George Han, but George Han did not dare to take it easily. After all, George Han I still don't understand what happened to the strange beasts in the Demon King's Cave. Once they leave with them easily, in case of serious consequences, it is not George Han can bear.

“Brother George, do you really want to come back and take that little white snake away?” Jiang Yingying asked in a low voice.

This was George Han's promise to Xiaobai Snake, and because of this, the two of them were able to leave safely.

“Wait until I know the true identity of these things, but they are not hostile to me.” George Han said.

Jiang Yingying nodded. If it hadn't been for the existence of the little white snakes, they would have already become the belly of the alien beasts.

At this time, people kept appearing at the exit of the Demon King's Cave, and these people were all strong at the Heavenly Character level. They had all experienced the horror of the Demon King's Cave. So when they saw that George Han was really alive, nothing happened. Not an expression of disbelief.

Chapter 825

“It seems that they don’t believe that we are still alive.” After seeing the expressions of those people, George Han smiled and said to Jiang Yingying.

Jiang Yingying stuck out her tongue, showing a cute expression of a little girl, and said: “Brother George, I can’t believe that I am alive. I thought I would definitely die inside.”

George Han nodded, he They have the same idea, because those alien beasts are too powerful. If they are based on their skills, there is absolutely no way for them to survive, but who can think of it. Will they be rescued by the little white snake?

The little white snake seemed to be the weakest animal in the Demon King’s Cave, but it was able to surpass other creatures, which made George Han not figure out now.

In the crowd. A figure rushing eagerly appeared.

When George Han saw him, the corners of his mouth rose slightly and couldn’t help laughing.

“George Han! You, you...you are still alive.” He Qingfeng ran in front of George Han, his eyes almost falling to the ground, just like a ghost.

“Dianzhu He, I haven’t seen you for a few days, why are you stuttering?” George Han smiled.

He Qingfeng took a deep breath to calm his mood, but the shock to him was too strong, just in this way, he couldn’t calm down at all.

“Don’t get excited, isn’t it just coming out alive? Is it possible that the Lord He wants me to die in the Demon King’s Cave?” George Han said.

He Qingfeng shook his head repeatedly, He Xiaoxiao had such thoughts, but he would never think so. Spoiling his daughter is one thing, and the overall situation of Apocalypse is another. He Qingfeng will never make fun of this kind of thing.

“The surprise you brought to Tianqi is really too big. Tell me what happened to you inside, and what happened the other day.” He Qingfeng couldn’t wait to know George Han. What happened to Qian in the Demon King’s Cave? How did he survive if he encountered those alien beasts head-on.

“Don’t worry, Yi Lao also wants to know what you want to know, but I don’t want to say it twice.”

said Cao Cao.

The wind rushed at Yi Lao’s feet. When he saw George Han alive, his expression was exactly the same as He Qingfeng just now, and his chin was about to close.

“Han...George Han. You, you are really alive!” Yi Lao said in disbelief.

“What are you doing, is it possible to stutter poison?” George Han said cheerfully.

Yi Lao walked around George Han twice, looked up and down countless times, and said to himself: “It’s not hurt, how is it possible, how is it possible!”

Hearing these words, George He rolled his eyes and said, “Yi Lao, do you want me to die in the Demon King’s Cave?”

Yi Lao shook his head repeatedly and said, “Hurry up with me to the fourth door, I want to know what happened in the Demon King’s Cave. “

“Yi Lao. What do you mean, haven’t you seen me still?” He Qingfeng said dissatisfied.

Yi Lao didn't even look at He Qingfeng, and said, "George Han is from my fourth family. What happened to him, do you have the right to ask?"

"You..." He Qingfeng was so angry that he stared at him. His curiosity has reached its limit. If you don't know what happened in the Demon King's Cave, I am afraid that you will not be able to sleep peacefully during this time.

"Let's go, let's go together. I still have many questions for you to answer." George Han said.

He Qingfeng glanced at Yi Lao triumphantly, George Han agreed, but he wanted to see how Yi Lao could refuse.

Yi Lao didn't say much.

Several people went back to Simen.

George Han told them about his encounter with the giant orangutan and the giant lizard. Naturally, he concealed the little white snake, and described the internal fight between the orangutan and the lizard in a very clever way, allowing him to find the escape Opportunity.

Although the story is full of flaws. However, neither Yi Lao nor He Qingfeng questioned anything. After all, in their opinion, no matter what happened to George Han, he should have died. And he is alive now. It is a bizarre thing. It's nothing.

"How can there be such creatures on the earth, and how can they be in the Devil's Cave?" George Han asked the two. Now that he has become a core member of the Tianzi rank, he is naturally qualified to know the secrets of the apocalypse.

Elder Yi looked up at He Qingfeng, and then said to George Han: "Let's go, I'll take you to a place. After getting there, I will explain to you what's going on."

“I won’t go.” He Qingfeng said.

The three of them, along the way, Zhong Yi asked George Han: “He Qingfeng was here just now. I didn’t ask much, but now, you can tell me all the truth. What you just told was really you met in the Devil’s Cave Didn’t you hide all of the things?”

“Of course not.” George Han said without hesitation: “Although I don’t know why the two of them suddenly fought. But it was because of this opportunity that I could escape, otherwise. It’s dead.”

Elder Yi nodded, fighting against the alien beast. This is not something that can be done with one person’s power, and he doesn’t think there are other possibilities.

“After the events of the past few days, almost everyone thought you were dead, and I also felt desperate. I didn’t expect that you could bring me such a surprise.” Yi Lao smiled and said, the depression these days After seeing George Han, the time disappeared.

“Yilao, are there still many unknown things in this world? These strange beasts are not earth creatures?” George Han asked.

“I’ll be here soon, no hurry.” Yi Lao said.

Came to the forbidden cave.

Elder Yi said to George Han:” This is the forbidden place of the apocalypse, hiding the greatest secret of the apocalypse. Without the instructions of me and He Qingfeng, no one is qualified to come to this place. “

“Yilao, don’t sell it anymore. I can’t restrain the curiosity in my heart, so hurry up and take me to see it.” George Han smiled bitterly.

Yi Lao nodded, and led George Han and Jiang Yingying to the cave.

As soon as he entered the cave, George Han felt a strange energy fluctuating, and glanced at Jiang Yingying, it was obvious that she felt it too.

At the entrance of the energy fluctuation space, George Han and Jiang Yingying were so surprised that they looked at something like a black hole.

In this endless darkness, there was obviously something beyond George Han's understanding.

Just as Yi Lao was about to explain to George Han what was going on here, the black hole energy suddenly began to surge violently. It seemed that the arrival of George Han caused this change.

But Yi Lao did not associate this situation with George Han, his face changed drastically and said: "It seems that these guys will appear soon!"

Chapter 826

George Han and Yi Lao felt completely different. Although it was the first time he saw this black hole in space, he had an inexplicable feeling. He didn't feel scared, but felt that there was a certain sense of familiarity and even involvement in it.

Jiang Yingying felt the same way. There seemed to be something in the black hole attracting her.

"Yi Lao, what is this?" George Han asked Yi Lao full of doubts.

Yi Lao put away his horrified eyes, tried to calm down his mind, and explained to George Han: "This black hole leads to another world. We call it the second world. This is the secret that Tianqi has always guarded. "

The second world!

Before George Han made such a guess when he was in the Demon King's Cave, because such a huge alien beast could not appear on the earth, his guess was confirmed at this moment. George Han was shocked beyond words.

Unexpectedly, there really were other worlds, which completely subverted George Han's perception of this world.

"The second world, the strange beasts in the Demon King's Cave, came from the second world." George Han said.

Elder Yi nodded and explained: "The alien beasts in the Demon King's Cave are the creatures left over after the invasion of the Second World a hundred years ago. This is why only those who reach the Heavenly Word level can know the secret of the apocalypse."

George Han took a deep breath, the energy fluctuations of the black hole continued, and the faint sense of involvement became stronger and stronger, as if something was calling him.

But Yi Lao's complexion became more and more ugly, because this kind of change in his view was a sign that the Second World was about to return to the earth. Once this happened, the earth would surely be destroyed. Because the apocalypse is not as many masters can fight before.

"It seems that the Second World will re-attack the earth soon. My plan, after all, must be implemented as soon as possible." After Yi Lao finished speaking, he turned his head and looked at George Han solemnly.

George Han stared at Yi Lao with a torch, and said, "What are your plans?"

"Over the years, Apocalypse has sent many people into the second world, wanting to explore the real environment of the second world, in order to find a way to fight

the second world. The reason why I accepted you as a disciple is to continue to complete this plan. , I want you to be the Lord of the Four Doors.”

When George Han heard this, he was surprised. He thought that Yi Lao would arrange him to go to the second world. He didn't expect Yi Lao to give him the position of Lord of the Four Doors, which means that Yi Lao planned to enter the second world himself. world.

George Han shifted his eyes. Staring at the spatial black hole of the second world, he knew that it was bound to be dangerous and it was likely to be gone forever, but the sense of calling him from the second world made him want to go and see it. Look, he can be sure that there must be some connection with him there.

“If the Second World returns to Earth, what will be the consequences?” George Han asked in a deep voice.

as a result of?

Yi Lao smiled helplessly. The Apocalypse was in the heyday of strength, and the master of thousands of days was nothing but a stop to the Second World. Nowadays, the strength of Apocalypse is no longer, if the second world launches an attack again. The Apocalypse is bound to have no resistance, and the earth will be ruled by the Second World. In the process of this rule, there will be countless deaths and injuries.

“The situation is better, the second world rules the earth, and humans are slaves. If it is a bit miserable, I am afraid all the humans on the earth will be slaughtered by them.” Yi Lao said.

George Han's heart sank, as a slave, slaughter! Neither of these results was acceptable to him.

“Humans in the second world are known to be fierce and regard human life as a must, so the second possibility will be higher.” Yi Lao continued.

George Han sighed heavily. The words of Yi Lao meant that Amelia Su and Han Nian would also be in danger, but George Han would never let this happen.

“The Lord of the Four Doors, I can’t handle it.” George Han said.

Elder Yi was stunned for a moment, and said emotionally: “George Han, now only you are capable of being the master of the four sects, don’t you even want to bear this little responsibility? Do you know that the second world The danger is not a joke, I can understand that you want to go back to the world and spend more time with your wife and daughter, but you have ever thought that if the second world really comes, even you can’t protect their lives.”

“I know. Because of this, I don’t want to be the master of the Four Doors, because I don’t believe you.” George Han said.

“Don’t believe me?” Yi Lao was confused by these words. Improperly the Lord of the Four Doors is because you don’t trust him. What is the logic?

“I want to go to the second world myself.” George Han said.

Yi Lao’s eyes widened and looked at George Han in disbelief.

At this moment, he finally understood what George Han meant by not believing him. What he didn’t believe was that he could probe into the weaknesses of the second world and choose to enter the second world.

But after entering the second world, the chance of surviving is very small. How could he have such an idea.

“George Han, I admire your courage very much, but do you know that when you enter the second world, you may never come back, because this is the entrance. No one knows how to return.” Elder Yi said.

“How come no one knows, if no one knows, how did the people of the second world come from?” George Han said with a smile.

Yi Lao was stunned again. George Han’s thinking changed very quickly. Although this is a very simple matter, Yi Lao never thought about it, because even in his opinion, after entering the second world, there is no possibility of coming back, knowing that you can’t come back, naturally won’t think of a way to come back.

“Can you put down Amelia Su and Han Nian?” Yi Lao said.

“It is precisely because I can’t let go of them, so I have to go. If those guys come to the earth through the black hole in space, it will be too late.” George Han said.

Yi Lao never thought about letting George Han go to the Second World, nor did he expect that George Han would take the initiative to take on this matter, and no one in Apocalypse would make such a decision.

“George Han, I didn’t misunderstand the person, but it’s better for me to handle this matter. You are still young, so there is no need to pay for it.” Yi Lao said.

He admired George Han very much. Counting from the time when George Han came to Tianqi, it was less than a month. He created a miracle that Tianqi had never done before. It is not excessive to call him a genius, and there is also the courage to go deep into the second world. This is something that the gang of Tianzi-level masters does not have. After old age, George Han’s future achievements are bound to be limitless.

Chapter 827

The reason why George Han insisted on going to the second world by himself, apart from wanting to better protect Amelia Su and Han Nian, there was another reason he wanted to find out what was going on in his heart, and what the second world was. Something is calling him.

“Let’s discuss this matter and leave here first.” Yi Lao said to George Han, he knew what kind of person George Han was, once he decided something. It was difficult to change his mind, but Yi Lao felt that it was a better choice for him to stay in Apocalypse and become the Lord of the Four Doors.

“No, I have already decided.” George Han said.

Elder Yi smiled bitterly and sighed, and said: “This is a life of nine deaths. Why should you take the risk? My bad old man is about to die. Sooner or later, I will die. I am more suitable than you.”

“The same sentence, I don’t believe you.” George Han said lightly.

If someone else said this to Yi Lao, it would be a complete joke.

But the meaning from George Han’s mouth is completely different, because he does have this ability.

Completed the promotion of Tianzi rank in such a short time. And where is his limit, even the old man Yi couldn’t see it.

Yi Lao was even seriously suspicious, and given George Han some more time, maybe even he was not his opponent.

This suspicion was unilaterally believed by Yi Lao, but in fact, even the current George Han, he is not an opponent, but Yi Lao still can’t imagine this scary point.

Fusion of the skull and eating the red fruit in the Demon King's Cave, the current George Han, how terrifying his strength, he didn't know.

However, there is one thing that I can be sure that the vibrating energy in his body has completely changed his physique.

The current George Han is no longer a mortal body!

After leaving the forbidden area, the three returned to the fourth door, and George Han and Jiang Yingying returned to their rooms to rest.

Elder Yi was in a daze in the Four Gate Hall. The change of plan came too suddenly. He was supposed to go to the Second World, but now George Han is rushing to go. Perhaps, this is a turning point, perhaps, George Han can resolve the second world crisis as the savior.

But all this is just speculation.

“Elder Yi, what's the matter with you, George Han is able to come back alive, this is a great thing, why are you stunned again.” The assistant asked Elder Yi in confusion.

After George Han was mistaken for dying in the Demon King's Cave, Yi Lao always had this slightly sluggish expression, but now George Han has returned safely, and logically speaking, he should be happy.

“He is going to the second world.” Yi Lao said.

The assistant frowned and said: “Yilao, what method did you use to make George Han agree to go to the second world.”

“Shit tricks, do you think I will give him a set, this is his initiative.” Yi Lao said.

Take the initiative!

The assistant squirmed and swallowed.

People who have gone to the second world. None of them can come back alive. From the assistant's point of view, this is an undoubted journey, and George Han would actually propose to go to the second world. How is this possible? Isn't he afraid of death?

"Elder Yi, he doesn't know the stakes in the second world, right?" the assistant asked.

"He knows everything, and I told him very clearly." Yi Lao said.

"This is not right. Isn't he really afraid of death?" the assistant wondered. From his own standpoint, he is absolutely unwilling to do this, even if the Second World does attack the earth again in the future. , Even if you want to die, it is better to die on earth. After all, there are too many terrible unknowns to face in the second world, and to face these things. It can't be done with a little courage.

"There are people who are indifferent to fame and fortune, but there are absolutely no people who are indifferent to life and death. They shouted that they are not afraid of death, but when death really comes. How many people are not afraid? He is not afraid of death, just wants to use himself To protect his wife and daughter." Yi Lao sighed. At this point, he admired George Han very much, because no one he knew could do this.

After hearing what Yi Lao said, the assistant understood everything, and said, "If I become a woman in my next life. It would be great to meet a husband like George Han."

Elder Yi glanced at his assistant disdainfully, and said: "Just your looks, can someone want to become a woman?"

The assistant's language was too stuffy to speak. In terms of appearance, it was indeed quite stunned. If it were to become a woman, it would be a dinosaur level. It is estimated that few men will be attracted.

“Yilao, are you planning to let him go?” the assistant asked curiously.

“It's not that I intend, but that I can't stop him at all. This kid is stubborn and I can't change the things he decides, and I've thought about it. Maybe he goes, it's better than me. I treat him as Savior, this may be a bit exaggerated, but he has already brought me too many surprises. In this matter, there may be another surprise waiting for me.” Yi Lao said.

The assistant suddenly remembered something, and hurriedly said to Yi Lao: “Yilao, Fang Zhan has returned to Basin City. He won't have already told his wife and daughter of George Han's death!”

Elder Yi had completely forgotten about this matter, and was immersed in the surprise of George Han returning from the Demon King's Cave alive, unable to extricate himself, when he was reminded by his assistant, his face changed drastically.

“Quick. Go and inform George Han so that he can return to Basin City as soon as possible.” Yi Lao said in horror.

Not long after George Han rested in the room, he went to the yellow character level field.

In Tianqi, George Han is worthy of trust. In other words, the only people George Han knew well were Zhuang Tang and Gong Tian. Once he went to the Second World, his way forward was hard to predict. So he needs stronger protection around Amelia Su and Han Nian.

These two people were the choice of George Han.

Wherever George Han went, people were adored. No matter who saw George Han, he would greet him respectfully, because he completed the miracle of the apocalyptic history, and his strength is worthy of everyone's admiration.

“George Han has become a strong man at the Tianzi level at such a young age. In the future, the position of the master of the four sects will definitely be handed over to George Han. It is really young and promising.”

“His success cannot be replicated by anyone, even if Lintong, the proud man of heaven, is in front of him, it is not worth mentioning.”

“George Han is likely to become the strongest in Apocalypse, which is really enviable.”

The praise of George Han from various fields is endless. This situation is in stark contrast with George Han being laughed at when he first came to Tianqi. This is the treatment that the strong, the real strong should deserve.

Chapter 828

Zhuang Tang and Gong Tian appeared in front of George Han for the first time. At that time, George Han was just an unknown person in the world, so their attitude was high.

But now, the two of them are standing in front of George Han again, and they have become extremely cautious, and even sweaty palms.

Because the current George Han is already a powerhouse at the Tianzi level. The status of the two of them is completely incomparable in front of George Han.

“George Han, I know we have had grievances, but you are now a strong man at the Tianzi level, do you still care about us?” Gong Tian lowered his head and said, he was very afraid that George Han would turn over his old account, because Now he

only needs three thousand words from Han. Will be completely finished, and even be driven out of the apocalypse.

At his age, Zhuang Tang was also very nervous and scared, if he had known that George Han would be today. Back in the Nangong family, he would never face George Han in that manner.

“Don’t worry, I’m not here to trouble you.” George Han said with a smile looking at the nervous two.

“Then do you have any instructions?” Zhuang Tang asked quickly, as long as George Han gave him an explanation, he would definitely find ways to accomplish it.

George Han took out two red fruits, which he brought out from the Devil’s Cave. Although he did not know what this thing was, he had personal experience. After eating this kind of fruit, he was obviously stronger. In addition, Xiao Bai Snake’s resentful eyes made it clear to George Han that this kind of red fruit is a good thing.

“What is this?” Zhuang Tang asked George Han puzzledly.

“I brought this out from the Demon King’s Cave. I am afraid that only I have seen this in this world. After eating it, my strength can be improved by leaps and bounds.” George Han explained.

Zhuang Tang’s heart was shocked, George Han meant to make them stronger?

But why did George Han do this? Zhuang Tang thought he would not have such an honor. Moreover, as the saying goes, no merit is not rewarded, why would George Han suddenly benefit them?

“George Han, do you want to kill us?” Gong Tian said suddenly. He seemed to treat this red fruit as a poison, thinking that George Han wanted to kill them in this way.

“Don’t worry, this thing is not poisonous. If it were poisonous, I would have died long ago. In Devil’s Cave, I rely on this fruit to eat, and I have truly experienced its effectiveness.” George Han said.

“Why do you want to give us such a good thing?” Zhuang Tang asked George Han after a glance at Gong Tian.

George Han took a deep breath and said, “I want you to stay with Amelia Su and Han Nian no matter what happens in the future, no matter what the world becomes, you must protect them with your own lives.”

In Tianqi, George Han has no better candidate. There is no trustworthy person, so he came to Zhuang Tang and Gong Tian. Although their current strength is not enough, George Han believes that as long as they eat Hongguo, these two people will definitely be able to change in a short time. Strong, if you can spend more time, it is even possible to become a strong person at the Tianzi level.

“With your strength, wouldn’t it be better to protect them?” Gong Tian couldn’t help saying.

Zhuang Tang gritted his teeth and gave Gong Tian a look. He had already signaled Gong Tian not to speak with his eyes just now, but he didn’t expect that this guy still had so many mouths.

“George Han, are you going to do very dangerous things?” Zhuang Tang asked.

“Yes.” George Han nodded and said: “During this period, I don’t know what will happen, and I don’t know when I will be able to come back, so I hope to get your

promise. These two fruits, absolutely It can give you unimaginable strength, but this matter is not allowed to be told to anyone.”

Gong Tian couldn't control his mouth again. Even though he had been warned twice by Zhuang Tang, he couldn't help but ask: “Why do you trust us?”

Zhuang Tang wanted to kill Gong Tian, this ignorant thing. The great opportunity was right in front of him. He just talked a lot of nonsense. Isn't this his own death?

thump!

Zhuang Tang fell on his knees.

Gong Tian's face changed drastically, and he said in horror: “Master, what are you doing?”

Zhuang Tang looked at George Han firmly, and said: “I swear by my life. I will absolutely keep my promise. I am not dead and will never let her mother and daughter be threatened in any way.”

Gong Tian understood what Zhuang Tang meant to kneel. This was an expression of loyalty to George Han. As a last resort, Gong Tian could only kneel down. After all, the two red fruits in George Han's hand were too tempting.

“Don't betray me, I don't have the habit of forgiving people.” George Han dropped two red fruits. Turned around and left.

Zhuang Tang and Gong Tian took one by one, and after looking at each other, they swallowed it in their abdomen without hesitation.

The yellow character class is George Han's first stop at Tianqi, but he did not stay here too much, so this place does not give George Han any feeling of souvenir.

After meeting Zhuang Tang and Gongtian, George Han, who had originally planned to leave directly, was blocked by others.

“He Xiaoxiao, it seems that you like this place a lot. You don’t want to wait for a good three halls, and always come to the yellow-character level. Is it possible to enjoy too much life, want to experience the bottom life?” George I don’t know that He Xiaoxiao has been demoted to the yellow character level, so what he said did not mean to tease He Xiaoxiao.

But this kind of remark was particularly harsh in He Xiaoxiao’s ears. She thought that George Han was laughing at herself maliciously.

Gritting his teeth. He Xiaoxiao said to George Han, “George Han, I really didn’t expect you to be able to come out alive, luck is really good.”

“Or, you should also try your luck. If you can become a Tianzi-level powerhouse, you don’t have to rely on He Qingfeng’s identity as a fake tiger.” George Han smiled.

He Xiaoxiao almost shattered her posterior molars, her strength was not as good as many people with a yellow character level. How could it be possible to die in Demon King’s Cave? Even if she was given a hundred courage, she did not dare to have any thoughts in this regard.

“George Han, don’t go too far, even if I am demoted to the yellow character level now. One day, I will be able to return to the Three Halls. You do not look down on my qualifications. I am the daughter of the Lord of the Three Halls after all.” Xiaoxiao said angrily.

George Han was taken aback for a moment and asked, “You were demoted to the yellow character level. When did He Qingfeng spoil you very much? How could he make you yellow character?”

“George Han, I want to kill you.” An angry He Xiaoxiao rushed to George Han and raised his fist.

George Han flashed sideways and easily escaped He Xiaoxiao’s attack. He smiled and said, “Don’t show your strength to shame. I am now a strong man at the Tianzi rank. What do you use to fight me?”

Chapter 829

He Xiaoxiao was so angry that he thought that when he saw George Han for the first time, he was just a humble yellow character class, but now, he has become a strong man of the sky character class, with such an exaggerated status gap. . He just completed the counterattack in less than a month.

It can be said that the current George Han is already the idol of the entire Tianqi. Compared with Lintong in the past, he has lost more than ten streets.

Looking at myself again, the daughter of the Lord of the Three Halls, who was once aloof, has now been demoted to the yellow character level.

Although the daughter’s identity remains unchanged. But the actual status was far different from George Han.

Knowing that George Han couldn’t beat George Han, He Xiaoxiao did not continue to humiliate himself. Instead, he stood in place full of hatred and coldness, staring at George Han closely.

“George Han, you can be proud, one day, I will step on you.” He Xiaoxiao said coldly.

George Han had an indifferent expression and said: “He Xiaoxiao, leaving the identity of the daughter of the Lord of the Three Halls aside, you are nothing at the

Apocalypse. I know you are not convinced by me, but you know the difference in strength. Not a mouth can make up.”

“From today, I will use all my energy to train. I don’t believe that my talent is not as good as your rubbish.” He Xiaoxiao said.

talent?

George Han smiled.

Talking about talent in front of him, even Lintong is nothing.

He owns. But it’s not just a simple talent. The addition of skull and red fruit makes George Han an incomparable person. Even He Qingfeng and Yi Lao, George Han has the power to fight. As for how far he can fight, Han Three thousand himself didn’t know, after all, he didn’t know where his limits were, and he didn’t know how strong He Qingfeng and Yi Lao were.

“He Xiaoxiao, give up, or you will lose a terrible defeat.” George Han shook his head and said.

At this moment, He Xiaoxiao suddenly strengthened her thoughts. She had to shut up George Han through her own strength. She had to make herself stronger, that’s all. Only then has the opportunity to step on George Han.

At this time, the assistant ran all the way to George Han’s side.

I went to George Han’s room and couldn’t find anyone, but the assistant was anxious. Fortunately, George Han is now a celebrity of Apocalypse, and you can know where George Han is going by just asking.

“George Han, why did you come to this place.” the assistant asked George Han.

Naturally, George Han's own plan would not tell outsiders. The two chess pieces of Zhuang Tang and Gong Tian are the guarantee for George Han to stay in this world, even if he really cannot return from the second world, Amelia Su's mother and daughter's lives will also get the greatest protection.

"What's the matter?" George Han asked.

The assistant glanced at He Xiaoxiao. This woman revealed her desire to kill George Han in the crowd. That's why He Qingfeng was demoted to the yellow character level. It was her own responsibility.

And the assistant has always been dissatisfied with He Xiaoxiao. This woman is presumptuous and unreasonable. If she hadn't been He Qingfeng's daughter, she wouldn't even have the qualifications to join Apocalypse.

"Follow me. Say on the road." said the assistant.

George Han nodded and glanced at He Xiaoxiao before leaving, his mouth couldn't help but raised slightly.

This is not a mockery, but a woman He Xiaoxiao is ridiculous. George Han felt a sense of familiarity in her, and this sense of familiarity was felt in a woman named Miffel.

She and Miffel seem to belong to the same woman. But she is even worse. It seems that as long as a man sees her, it is a mistake if he doesn't feel good about her.

"George Han, wait for me, one day. You have to kneel in front of me." He Xiaoxiao shouted at George Han's back.

When the assistant heard these words, he couldn't help but laugh. With He Xiaoxiao's strength, he wanted to make George Han kneel down. It was a wishful thinking.

“This woman is very arrogant. She exposed her desire to kill you in front of everyone. That’s why He Qingfeng was demoted to the yellow character level. She didn’t expect that even so, she still didn’t realize her mistake. “The assistant said helplessly.

“There are very extreme people in this world. They think that the whole earth should revolve around themselves. He Xiaoxiao is such a person.” George Han said lightly.

“It took you less than a month to be promoted to the Tianzi level, and she didn’t want to think about whether she had that ability. In my opinion, no one can surpass it.” The assistant smiled.

“Did you come to me just to flatter?” George Han asked.

The assistant was taken aback, and then he came back to his senses. He said quickly: “You quickly return to Basin City.”

“What’s the matter!” George Han’s expression changed. Seeing his eagerness, it seemed that something had happened to Basin City.

Basin City has George Han’s most important concern. He would never want any accident in Basin City.

However, before leaving, George Han had already explained everything and Mo Yang was in Basin City. There shouldn’t be any trouble.

And even if something happened that Mo Yang couldn’t solve, wouldn’t there be Nangong Boring?

“After the big movement in the Demon King’s Cave before, we all thought you were dead, so Fang Zhan went to Cloud City to inform your family about this matter.” The assistant explained.

“f*ck.” George Han couldn’t help yelling. If Amelia Su knew about this, she would be desperate!

“How long has Fang Zhan gone?” George Han asked.

“It has been several days, and it may have already arrived in Cloud City.” the assistant said.

George Han took a deep breath and arrived in Basin City long ago. Maybe the mountainside Villa had already set up a mourning hall.

“What is it called? Without seeing the corpse, how can you think I am dead.” George Han said silently.

“How can anyone who enters the Demon King’s Cave see the corpse?” the assistant said.

George Han thought of the white bones on the ground in the Demon King’s Cave. It was the same when he thought about it. When he died in the Demon King’s Cave, there are no corpses at all, and they have become the belly of the strange beasts.

“Help me tell Yi Lao, I will leave soon.” George Han said.

“Don’t worry, it was Elder Yi who asked me to tell you to go back quickly.” the assistant said.

George Han rushed all the way and returned to where he lived. Although he was very anxious to rush back to Basin City, he couldn’t leave Jiang Yingying alone in Tianqi. After all, He Ting was also in Basin City. Give them a chance to meet both mother and daughter.

“Yingying, follow me quickly and return to Basin City.” George Han pushed away Jiang Yingying’s room without saying a word.

The air instantly condensed, and Jiang Yingying, who was standing in front of the bed, was about to change clothes, so George Han broke in.

With their eyes facing each other, the two of them were stunned, and George Han’s sight even shifted downward unconsciously!

Chapter 830

“Yes, I’m sorry.” After George Han hurriedly apologized, he quickly exited the room.

Jiang Yingying’s behavior is very strange. If an average girl was rushed into the room to see her, she would have panicked a long time ago, but she didn’t feel that way in her heart. Instead, she had an inexplicable nostalgia. I hope George Han will go out like this.

After getting dressed. Jiang Yingying opened the door with an expression as usual, and asked George Han: “Brother George, is there anything you want to do with me in such a hurry?”

George Han thought that the next meeting would make both of them very embarrassed, but he did not expect that Jiang Yingying looked like nothing happened. It seemed that the abruptness just now did not scare her. Nor did she make her care too much.

“We are going back to Cloud City immediately.” George Han said.

Jiang Yingying became nervous, George Han returned to Basin City in such anxiousness, something must have happened.

“Did sister Amelia have an accident, or Nian’er?” Jiang Yingying asked.

“Let’s go first. Explain to you on the way.”

The two of them left Tianqi without taking any luggage.

On the way, George Han explained the cause of the matter to Jiang Yingying, which made Jiang Yingying a little bit dumbfounded. Unexpectedly, Yi Lao would let Fang Zhan go back to Basin City for his funeral so soon.

However, it is understandable for Yi Lao to do this. After all, he is also a person who has been challenged by the Demon King’s Cave. Anyone who knows the dangers in the Demon King’s Cave will probably think that George Han is dead after the big movement.

Confronting the alien beasts head-on, no one would think that they could survive this situation.

On the way back to Basin City for George Han, in the Apocalyptic Yellow-character realm, after Zhuang Tang and Gong Tian absorbed the energy of Hongguo, they could obviously feel that their bodies had become different, with the kind of eager power wandering in their bodies. It seemed to be a real aura, which was a feeling they had never felt before.

“Master, I didn’t expect this fruit to be so powerful. I now feel that my strength is more than twice as strong as before.” Gong Tian said to Zhuang Tang excitedly.

“More than double, at least more than three times.” Zhuang Tang was also very excited. After more than ten years of entering the Apocalypse, Zhuang Tang’s strength has been unable to be further improved, which also caused him to spend a lot of time in the yellow character level.

For Zhuang Tang, the promotion of status has almost become a luxury, but he never expected that the arrival of George Han would make such a big change for him.

“Master, can our current strength become the Xuanzi level?” Gong Tian asked eagerly. This is something that every Tianqi person is looking forward to. Everyone hopes that their strength can become stronger, so that they can gain more in Tianqi. High status.

“Or familiarize yourself with a lot of things, and there is no problem with our promotion to the word level.” Zhuang Tang said.

Gong Tian was overwhelmed with excitement, the word level, this was something he had never dared to imagine, but now, hope was already in front of him, within reach.

At this time, Zhuang Tang suddenly knelt down.

Gong Tian also knelt on the ground, he understood why Master would do this.

This kneel. It was for George Han, even if George Han was not in front of them now, it was worth it.

“In this life, my life is yours. Your request, I will definitely use my life to fulfill it.” Zhuang Tang said firmly.

Before Gong Tian knelt down to George Han, he was still a little unconvinced, but at this moment, he was very sincere, because it was George Han who made his strength stronger, and there is another thing that is very important, he wants to break the limit. , I still need George Han’s help in the future. After all, Hongguo is the only one who has the entire Apocalypse.

Cloud City.

The guilty Fang Zhan finally appeared at the gate of Yundingshan Villa District.

His heart is very suffering these days. In order to seek information about his daughter, he selfishly concealed the death of George Han. After learning about Amelia Su's condition, Fang Zhan had been hesitant to see George Han's treasured woman.

at last. Today, he made up his mind. Even if he couldn't tell them about George Han's death, he should come and see Amelia Su's situation. If he can help, Fang Zhan will do his best.

Many people from Moyang gathered at the gate of the Villa area, and no casual people were allowed to enter. Even the owner of the Villa area could not return to his home for the time being.

The entire Yundingshan Villa area. Now only those in the mountainside Villa are eligible to go back.

Although this kind of behavior is very domineering, no one dares to complain. Even if the head of the household here cannot return to his home, they will not say anything. This is due to George Han's deterrent power. Basin City, as long as it is a person with a brain, absolutely dare not involve any contradiction with Mountainside Villa.

“What are you doing.” Fang Zhan was just about to enter the Villa area. He was stopped by someone.

“Tell Mo Yang, my name is Fang Zhan.” Fang Zhan didn't try hard, but waited in place.

Although there are many people guarding the gate, these people are like ants, as long as he is willing, he can do it like no one's land.

“Mr. Fang, please come in.” After the news was reported to Mo Yang, Mo Yang quickly gave feedback and asked them to let it go.

Fang Zhan nodded, entered the Villa area, and headed towards the mountainside Villa.

At the door of the mountainside Villa, Fang Zhan saw Nangong Boring. This old man was the key factor in finding his daughter.

When Nangong Boring saw Fang Zhan, he looked very respectful. After all, this was a man of apocalypse. And most of the second half of Nangong Boring’s life was spent on how to enter the Apocalypse.

He walked up to Fang Zhan and shouted respectfully: “Mr. Fang.”

“Patriarch Nangong, is there any news about my daughter?” Fang Zhan seemed flat. But there was anxiety in my heart.

“Mr. Fang, please rest assured. According to Mr. Fang’s description, we can determine the age of your daughter and the influence of the Nangong family all over the world. We have obtained Mr. Fang’s DNA report and are conducting a gradual investigation. Although this method is a bit stupid, But it is currently the only feasible.” Nangong Boling said.

This is the real needle in a haystack. But apart from that, Nangong Boling had no other way. After all, Fang Zhan had too little information to investigate.

Moreover, this kind of thing is only done by the Nangong family, with forces spread all over the world, this is no joke.

As for how much financial resources this event will cost, it is an astronomical figure for the average rich, but for the Nangong family, it is a drop in the bucket.

“Trouble Nangong Patriarch, if my daughter finds it, I will definitely thank the Nangong Patriarch.” Fang Zhan said.
