**Married at First Sight Chapter 2124**-Kathryn added: "She also said that it's fine to just take an idle job and won't compete with me for power. I'm not afraid of her fighting for power with me, but I will never support idlers. But recently, my mother seems to want her to go back to the company. Even if she comes back, I'm not afraid of her."

Hayden turned her head to look at her, and she also looked at Hayden. After a while, Kathryn smiled and said, "Mr. Queen, I didn't expect you to be the one who sees through me."

Hayden: "It doesn't matter what other people think of you. The main thing is that your mother can understand you and see you through. The person who is in charge of your family has absolute power. Therefore, your mother understands you, and other people don't need to care."

Kathryn suppressed her smile, "My mother, her emotional scale is always in favor of Shiloh."

Hayden stopped talking.

Shiloh grew up beside Matriarch Farrell. Without knowing it, Matriarch Farrell's love for her daughter was poured into Shiloh. Even if she knew that Shiloh was a fake daughter, Matriarch Farrell couldn't let go of the mother-daughter love.

To Kathryn, she was completely regarded as a successor, and she didn't have much mother-daughter affection.

If it weren't for the constraints left by her ancestors, there would definitely be nothing wrong with Kathryn.

Kathryn: "Mr. Queen, don't talk about me. Everyone knows about me. Can I ask you a word?"

Hayden said gently, "Just ask."

Kathryn: "Mr. Queen, will you be together with Mr. York?"

Hayden: "...I can't answer you about this, who knows what will happen tomorrow."

Kathryn smiled and said: "I really appreciate you, Mr. Queen, and Mr. Queen, you also understand me. Mr. Queen, if you firmly refuse to fight Mr. York, I still hope you will give me a chance."

If at the beginning, Kathryn approached Hayden intentionally to fight Shiloh in order to make her mad, then now, she really admired Hayden.

The most important thing was that Hayden understood her, saw her through, and appreciated and tolerated her.

Hayden didn't treat other young women with such gentleness.

She always rejected people thousands of miles away.

After being silent for a while, Hayden replied to Kathryn: "I am very happy that Miss Farrell appreciates me so much, and I am very grateful to Miss Farrell for her appreciation, but I only admire Miss Farrell purely and have no other intentions. Miss Farrell and I also agree. You can't cultivate a relationship between a man and a woman."

"Miss Farrell, you're a straightforward person, I trust you." Kathryn smiled, "That's really a pity."

After a moment of silence, Hayden said, "Miss Farrell, how does my brother Hugh look?"

"Second Master Queen has too many confidante girls. Although he doesn't have a regular girlfriend, he looks like he's been among the flowers without touching his body. That means he doesn't have a girlfriend. If he has a girlfriend, he still treats the opposite s-e-x like this, can his girlfriend take it? Honestly, I can't stand it."

After Kathryn finished evaluating Hugh, she sighed again: "Mr. Queen, you and your brother Mr. Hugh are twin brothers, but your temperaments are worlds apart. A man like Mr. Queen seems to be responsible at first glance, but I don't. That's a blessing to be able to marry Mr. Queen."

Hayden: "...Actually, my younger brother is also very single-minded in his relationship. He has no one he really likes, so he has so many confidence."
