Married at First Sight Chapter 2214-The setting sun fell on Hayden's face, her expression was indifferent, she was so cold that even the setting sun could not melt, not to mention the setting sun, even the midday sun couldn't do this.

"Kevin, I said I don't like flowers! Please don't send me flowers again!" As Hayden said, she pushed away the big bouquet of roses handed to him, and was about to leave.

Kevin grabbed her hand, and Hayden shook off his hand fiercely.

"Hayden, I'm chasing you. When I'm chasing my wife, I always send flowers."

Kevin followed Hayden like a follower, and Hayden's bodyguards all wanted to kick him from behind and kicked Kevin's b*ttocks hard.

However, they only dared to think about it, and did not dare to really kick him.

Not to mention that Donald and his wife played very well against Kevin, their young master Queen was also very tolerant against Kevin.

Every time Kevin bubbled up, the young master Queen seemed to be very annoying, but in fact he had been tolerant of Kevin. No matter what Kevin did, the young master Queen just stared at him with a black face; at most he scolded coldly.

The bodyguards thought in horror that their young master Queen would probably be captured by Kevin soon.

well!

Why didn't the heavens come with a thunderstorm, killing Kevin, a shameless person!

"If you don't like flowers, then tell me, what do you like?" Kevin asked with a smile.

"I bought you a beautiful dress, but you refused to accept it, let alone wear it. You don't want jewelry, and you don't like flowers. Hayden, what do you like? If you don't tell me, I will give flowers, jewelry, beautiful dresses, and high-

heeled shoes to you every day. Look at the way you walk in a skirt and high heels, you must be very graceful.”

Hayden had black lines on her face.

She never wore skirts.

Not to mention wearing high heels.

She was used to wearing leather shoes and striding like a star.

If she was really asked to wear high heels to walk, she was afraid that she would sprain her foot or fall if she couldn't take two steps.

Kevin: “Hayden, I invite you to dinner, don't you go so fast. By the way, I have good news for you. I am going to be an uncle, and my sister-in-law is finally pregnant. Haha, I am going to be an uncle, and you are going to be an aunt.”

“Be your big head ghost!” Hayden couldn't take it anymore, stopped and scolded him.

He was telling everyone that she was a woman.

Hayden knew that everyone would not believe that she was a woman, they would only think that Kevin wanted the attack, let her suffer, and delicately treated her as a woman.

From the sympathy in her eyes, everyone knew what everyone thought.

“I don't need to be a ghost with a big head. I don't have a big head. I can't be a ghost with a big head. I am so good-looking and handsome. You would make a good aunt to my nephew. I'm not sure if it's a niece or a nephew.”

Kevin wasn't angry when he was scolded, he even smiled.

“Hayden, I won't give up on you. As soon as I want to marry you, since we will get married sooner or later, my sister-in-law is pregnant, so I will be an uncle, and you will naturally be an aunt. I'll take you back to Wiltspoon in two days.”

Kevin knew that he was going to be an uncle, he was very happy, and wanted to go back and have a look.

And the second brother, Callum, invited Dr. Carden from Annenburg, and Dr. Carden would fly back to Wiltspoon with the second brother soon to help his second sister-in-law's eyes.

It's been a while since he came to Jensburg, and he was also a little homesick.

But before returning to Wiltspoon, he had to coax his fiancée to accompany him back to Wiltspoon.

He felt that this was a happy event for their York family. Hayden was his fiancée, and they would live together in the future, so he should share the good news with Hayden.

Hayden: "..."

She turned around and walked away, not wanting to talk to Kevin.
