Married at First Sight Chapter 2222-Mrs. Lane put the sour plum aside and said with a smile: “Young Mistress, you must not let the Young Master know, otherwise the Young Master will deduct my bonus. I also prepared two kinds of desserts for you, small pieces, not many, just let you enjoy your mouth.”

Serenity watched Mrs. Lane take out the delicacies from the insulated lunch box one by one and put them on the desk, and then looked at the so-called dessert, a small piece of pastry, which she could eat in one bite.

Serenity: “...Mrs. Lane, such a small piece of pastry, with only one plum, I can't enjoy it, and it dirty my mouth instead, it's too little.”

Grandma May took over the words: “Zack is stressed that you will vomit, so she specifically instructed Mrs. Lane and me not to spoil you or allow you to consume sour or sweet foods, saying that you had vomited yellow bile in the morning. Mrs. Lane is willing to bring you a plum, you are content.”

Serenity: “Okay, okay, I'm content, just one is better than nothing. Grandma, have you eaten with Mrs. Lane? Let's eat together, I can't finish it all by myself.”

“The two of us haven't eaten yet, so we brought so much food here to eat with you. It's delicious to have a companion.” Grandma May greeted Mrs. Lane to eat together.

Zachary wasn't there, so Mrs. Lane was naturally very busy, so she didn't refuse Grandma May's invitation.

The three of them were having so much fun in Serenity's office.

Although Serenity had a pregnancy reaction and would vomit after eating, she had a good appetite and could eat very well.

Her office was also full of all kinds of snacks, which Zachary prepared for her.

Zachary learned from Josh that pregnant women are gluttonous and frequently desire food. Like Jasmine, Serenity was a true foodie, but after becoming pregnant, she grew even fonder of food. Zachary then prepared a variety of suitable snacks for Serenity.

“Seren.”

Liberty knocked on the office door, calling out for her sister.

The office door was left open.

The cubicle office outside was already empty, and everyone was off work.

Seeing that the person who came was Miss Hunt’s own sister, the security guard opened the door to let Liberty in.

Liberty saw a car parked outside and thought it looked familiar, but for a moment she couldn’t remember who it belonged to, and her sister’s car was still parked outside. Knowing that her sister hadn’t left yet, she hurried in with an insulated lunch box.

She didn’t expect to see the three of them eating with great relish as soon as she came in.

Serenity: “sister.”

“Liberty, come here, come here, you came just in time, we are eating, and you eat together.”

Grandma May was very happy to see Liberty coming, and smiled and beckoned Liberty to sit down.

Liberty said with a smile: “I thought it was too hot outside to allow Seren to go outside, so I brought Seren some food. These are some new dishes that I’ve learned to prepare, and they were cooked to a specific degree. So I came to offer Seren a taste. You always help me taste it, Grandma York, to determine if it tastes good.”

As she spoke, she opened the insulated lunch box, and brought out the food and soup inside one by one.

She only brought two insulated lunch boxes, but that was enough.

Serenity’s desk was already filled with delicacies.

She didn’t need to go out, and she could eat all the delicious food.

So happy!

She was already very happy, but now it was like soaking in a honey vat.

Jasmine said that being pampered by her family as a national treasure was a sweet and happy burden.

Three people turned into four people eating, and it became more and more lively.
