

## Genius 1491

### Chapter 1491

Tang Yuqing snorted, "Heh, Lan Lan, do you really not know, or do you fake not knowing?"

"The one who exterminated the Wang family, that was the Sea City Poison Spider, what does it have to do with him?"

"He was merely using the strength of the Prince of Sea City, he didn't do anything himself."

Wu Lan looked around nervously and whispered, "Yu Qing ah, these words, it's fine for you to say them in front of me, don't spread them out."

"You're saying that Mr. Lin is using the Prince's strength?"

"Hehe, then do you know how Mr. Lin and the Crown Prince met again?"

Tang Yuqing shook her head in bewilderment, how could she know these things.

Wu Lan took a deep breath and said in a low voice, "My eldest uncle and the others live in Guangyang City, he knows the most about this matter."

"Lin Mo and the Crown Prince, were originally enemies."

"Lin Mo killed a dozen of the Crown Prince's men, and the Crown Prince went to Guangyang City himself in order to take revenge, ready to kill Lin Mo."

"As a result, not only did the Crown Prince fail to kill Lin Mo, he was even captured by Lin Mo."

"Later, the Poison Spider personally took action before he managed to save the Crown Prince."

"And Lin Mo and the Crown Prince, of sorts, did not fight before they became good friends."

"You said Lin Mo was relying on the Crown Prince? Heh, let me put it to you this way, Lin Mo's strength today is completely capable of fighting against the Poison Spider."

"He doesn't need to lean on anyone at all if he wants to become the prince of Guang Province!"

Tang Yuqing's eyes widened, her face filled with an incredulous expression.

Previously, she had always thought that Lin Mo was just a puppet put out by the Crown Prince.

Now, listening to Wu Lan's words, she suddenly realized that the information she knew was all wrong.

No wonder grandfather and father had treated Lin Mo with such respect!

This was the real big shot, this was the true respect of the province of Guang.

Thinking about how she had treated Lin Mo tonight, Tang Yuqing was really panicking in her heart.

Wu Lan whispered, "Yu Qing, what you said just now, it's fine for you to say it here with me, but don't say it in front of others."

"This heart is separated from the heart, if certain people with a heart hear it and it gets out."

"Let's not talk about whether Mr. Lin will do anything to your Tang family, at least, your Tang family's attempt to enter the top ten families will be completely out of the question!"

Tang Yuqing's heart was shocked.

She knew very well just how much the Tang Family had paid to enter the Top Ten Families.

Given the Tang Family's situation, if they were able to enter the Top Ten Families, then the Tang Family's strength would definitely double.

By then, the Tang Family would be able to become a truly significant major family in Guang Province!

However, if because of her own words, the Tang Family could not enter the Top Ten Families, then she would be the sinner of the Tang Family.

Thinking of this, Tang Yuqing was even more trembling and her face was pale.

Seeing this expression on Tang Yuqing's face, Wu Lan patted her shoulder comfortingly, "However, you don't need to be so scared."

"That just now, just the two of us heard it, it's not a big deal."

"Let's think of a way to get in later, if we can meet Mr. Lin and say a few good words in front of him, then your Tang family, your hopes of entering the top ten families will be very high."

Tang Yuqing's face became even more embarrassed.

How could she have the face to meet Lin Mo again?

Just then, a rich white beauty came over with a flowery face, "I heard that Mr. Lin isn't too old, he's about the same as us."

"I wonder, which type of girl does he really like?"

A few girls next to her burst out laughing, "Yo, you haven't even met Mr. Lin yet, and you're already thinking about how to hook up with him?"

Not to be outdone, this rich white beauty laughed, "You guys are so beautifully dressed, don't you have this in mind?"

The crowd laughed again.

At this moment, Wu Lan bristled and said, "I think, you guys should just give up this idea."

"Mr Lin Mo's wife, Xu Hanxia, is the number one beauty in Guangyang."

"We, ah, all have no chance!"

#### **Chapter 1492**

When the few girls heard Wu Lan's words, they all fell into silence.

Although these few rich white girls were pretty, they were still no match for that kind of number one beauty.

Tang Yuqing, who was standing next to her, was once again stunned, "His wife, the number one beauty in Guangyang City?"

"Really?"

Wu Lan: "Of course it's true."

"My eldest uncle even had the pleasure of meeting Chief Xu once, and he told me that Chief Xu's beauty is definitely more beautiful than those first-rate stars!"

Tang Yuqing couldn't help but freeze, only now did she understand why during the dinner party, Lin Mo didn't even take a look at her.

She had originally thought that Lin Mo was trying to play a trick on her, deliberately ignoring her and trying to attract her attention.

At that time, she was quite dismissive of Lin Mo, thinking that such a tactic was too cheap.

Now she realised that Lin Mo hadn't used any set-up on her at all, it was the person who didn't even put her in his sights!

At this moment, a girl said, "Let's not talk about whether he has a wife or not, it's hard to say if we can even get into Lan Kwai Fong tonight!"

"Lin Mo and the Crown Prince are both here, and the owner of Lan Kwai Fong is clearing the place straight away."

"Look over there, even those sons and daughters of the ten families are still standing outside."

"The way I see it, we probably won't even be able to enter this Lan Kwai Fong tonight, let alone go and meet Lin Mo and the Crown Prince."

Several other girls also sighed helplessly.

Tang Yuqing, on the other hand, was secretly remorseful in her heart.

Had she known this, she should have been more enthusiastic towards Lin Mo at that time.

If she had been able to get on good terms with Lin Mo at the banquet, then she would definitely be able to get into Lan Kwai Fong tonight!

You know, most of the fops in this side of the city are now blocked from entering Lan Kwai Fong.

If she could walk into Lan Kwai Fong under such circumstances, she would definitely make a big splash.

In the future, these dudes would have to look at her with a lot of respect!

Moreover, the most crucial thing was that there were a few girls in the front group that she had some problems with.

If she could get into Lan Kwai Fong in front of these girls, it would be even better.

However, at this moment, it was too late for her to regret.

Tang Yuqing sighed ruefully, she finally understood what her grandfather had said.

It was her own lack of fortune, she couldn't blame anyone else!

What a great opportunity she had missed, she wanted to give herself a few slaps.

Wu Lan came over to Tang Yuqing and whispered, "Yuqing, don't worry, I'll find a way to take you in later."

Tang Yuqing couldn't help but be surprised, "You're taking me in?"

Although Wu Lan was Tang Yuqing's best friend, in fact, the Wu family had a very average status in the provincial city, with assets of just over a billion.

Even the people from the top ten families couldn't get in, so what way could Wu Lan have to get in?

Wu Lan smiled and said in a low voice, "Don't worry, I have my own way!"

"Don't make a sound, don't let others know about it!"

Tang Yuqing was filled with astonishment, even the heirs of the Ten Great Families couldn't get in, what way did Wu Lan have to get in?

At this moment, a girl next to her came over, "Hey, what are you two whispering about?"

Wu Lan hurriedly laughed, "It's nothing, I was just asking Yu Qing who they were inviting to dinner tonight!"

The girl immediately looked at Tang Yuqing, "Yes, Yuqing, who has your family introduced to you?"

"Our Miss Tang family is looking for a son-in-law, so she must not be an ordinary person, right?"

"Come, come, tell us about it."

Tang Yuqing was now so embarrassed that she wanted to find a crack in the ground, of course she couldn't tell the crowd that they had invited Lin Mo to dinner tonight.

Tang Yuqing casually said a few words to try to pass it off, but the crowd was relentless in their questioning.

Just as Tang Yuqing was embarrassed, there was a sudden commotion in the distance.

The crowd immediately turned their heads to look, only to see a white Buick Yinglang slowly driving over.

### **Chapter 1493**

The crowd was confused, wasn't this a road closure? How did this car get here?

All of their luxury cars were stopped, what with the Lamborghini Ferraris and a whole row of them parked in the distance.

Now, a hundred thousand-odd Buick Yinglang was driving over.

The crowd was in an uproar, and some even looked at the security guards over there.

And at this moment, those security guards were still standing on the road, still blocking the road.

Obviously, it wasn't that these security guards hadn't stopped this car, but that they had deliberately let this car in!

A girl beside Tang Yuqing couldn't help but say, "What's going on here?"

"Didn't they say that no vehicles were allowed to enter?"

"Why is this little piece of shit car allowed to drive in?"

"How come my Ferrari can't come in?"

Another girl immediately nodded, "That's right!"

"Our car was stopped, so why not this one? Isn't that bullying us?"

"Let's go and ask the security guards for clarification!"

The crowd coaxed and even wanted to go to those security guards to ask them about the situation.

Tang Yuqing was also full of indignation, her Lamborghini, which was worth more than ten million, was stopped as a result.

This Buick Yinglang, which was only a hundred thousand or so, was driven in instead, what kind of sense was that?

On the other hand, Wu Lan's eyes lit up as she directly pulled Tang Yuqing by the hand and said in a low voice, "Follow me!"

Tang Yuqing did not understand the situation and was pulled by Wu Lan to rush to the road and stop the Buick Yinglang.

The window opened and a girl poked her head out, saying in surprise, "Sister Lan?"

Wu Lan also ran over with gusto, "Aiya, Linlin, it's really you!"

"Yu Qing, let me introduce to you, this, is my schoolmate, Li Lin!"

This girl, was none other than Li Lin who helped Xu Jian Gong Fang Hui with the pharmacy.

Li Lin and Wu Lan were classmates from the same school and they had known each other for a long time.

Wu Lan had a better personality and had helped Li Lin a lot when she was at school in the past, so they had a good relationship.

And this Wu Lan later learned about Li Lin from her classmates and was shocked.

She knew that Li Lin had now become a phoenix on a branch.

And she had just told Tang Yuqing that she would take Tang Yuqing in, also because she had learned that Li Lin would be coming over tonight.

She was planning to take advantage of Li Lin's relationship to bring Tang Yuqing into Lan Kwai Fong by the way.

After exchanging a few pleasantries, Li Lin said curiously, "Sister Lan, what are you doing here?"

Wu Lan smiled awkwardly, "We heard that Mr Lin Mo Lin, and the Crown Prince of Hai Cheng were here tonight."

"So, we came over here to queue up and wanted to go in and have a look."

"But there are too many people over here, and we both don't know if we can get in line yet!"

Li Lin looked at the queue over there, pondered slightly and laughed, "Sister Lan, you guys are queuing up here, so how long do you have to wait?"

"Why don't you guys come in with me?"

This comment hit Wu Lan right in the heart.

She pretended to be polite, but moved faster than anyone else, directly pulling open the car door and sitting inside.

Li Lin drove the car and drove the two women directly into Lan Kwai Fong.

Behind them, the young masters from the rich families in Guang Province watched them enter Lan Kwai Fong with eyes full of envy on their faces.

Tang Yuqing followed behind Li Lin, her heart also a little excited.

With the situation tonight, she was able to enter Lan Kwai Fong ahead of schedule, so she had made a name for herself in front of these dudes, enough to make those few rivals envious and jealous.

As she walked into Lan Kwai Fong, Tang Yuqing came up to Wu Lan and lowered her voice, "Lan Lan, which family's young lady is this schoolmate of yours?"

Wu Lan said blankly, "She?"

"She's not a young lady, she's a student from a suburban county below."

Tang Yuqing froze, "Huh?"

"Out of a suburban county?"

"So ..... then her family's conditions are good?"

#### **Chapter 1494**

Wu Lan shook her head, "Her family's condition is very average."

"When she was in school, she even applied for a poverty allowance."

Tang Yuqing gave Wu Lan a blank look, "Lan Lan, just don't joke with me."

"She must be a young lady from some big family, right?"

Wu Lan said seriously, "I'm really not joking with you, her family's condition is really average."

"When she was in school, her monthly living expenses were less than five hundred dollars."

Tang Yuqing couldn't help but freeze, her monthly living expenses now started at least a million.

She simply couldn't imagine how on earth she should live on five hundred dollars a month.

Wu Lan picked up, "At that time, we joined a club, that's why we met."

"This girl is very kind-hearted, however, because her family is too difficult, so she often needs to go out and do part-time jobs."

"At that time, I also introduced her to a few tutoring jobs."

"Otherwise, she probably would have had trouble even going to school!"

When Tang Yuqing saw that Wu Lan didn't look like she was lying, she couldn't help but be even more confused.

"Arashi, you ..... are telling the truth?"

Wu Lan: "Nonsense, what kind of relationship do we have, can I lie to you?"

"After she graduated, she didn't even have a good time finding a job, she bounced around and changed several jobs."

"I introduced her to her last job as a salesperson at the Ferrari 4S shop here."

Tang Yuqing: "Then ..... how come she was able to drive the car in?"

Hearing this, Wu Lan finally knew what Tang Yuqing meant.

She smiled, with more than a hint of pride on her face, "You don't know about that, do you?"

"This schoolmate of mine is lucky enough to have met a valuable person."

"Now, she helps Mr. Lin Mo take care of those pharmacy chains he has in Guang Province!"

"Counting up, she's also Mr. Lin's man."

"Not to mention driving the car into Lan Kwai Fong, even if she knocked down the signboard of Lan Kwai Fong, no one would dare to stop her!"

Hearing these words, Tang Yuqing's eyes glazed over.

She had never dreamed that an employee under Lin Mo would have such status!

Those fops in the provincial city were still standing outside, while an employee under Lin Mo had driven in, who could accept this?

At the same time, Tang Yuqing couldn't help but recall the time when her grandfather and father had asked her to go to work at Lin Mo's place.

At that time, she felt that it was a shame to go to work for Lin Mo.

Now she realised that it was not a disgrace at all, but a great opportunity!

If she could go to work for Lin Mo, no matter what she did, then she would be a person close to Lin Mo.

She might be just like this Li Lin, also a person beside Lin Mo, so why would she be stopped outside tonight?

When the time came, who would dare to treat her disrespectfully among these fops in the provincial city?

Thinking of this, Tang Yuqing's intestines were turning blue with regret.

She wanted to die here.

Such a good opportunity, and she had turned it down just like that?

It was really because she was so unlucky!

By now, they had already entered Lan Kwai Fong.

Tonight, Lan Kwai Fong was much colder than before.

At this time in the past, the place was already bustling with activity.

Tonight, there was only soothing soft music in the lobby.

Apart from the staff, there were 30 to 40 people sitting scattered in the hall.

Tang Yuqing could see clearly that these thirty to forty people were all big shots from this side of the Canton Province.

Among them, the family heads of the seven great families were all here.

In addition, a few of those were the top ten tycoons on this side of Guang Province.

A few others, on the other hand, were the family heads of several large families in Guang Province.

These families, also similar to the Tang family, were similar in strength to the Tang family and all wanted to take advantage of this opportunity to enter the top ten families.

It looked like these people, tonight, were also running towards Lin Mo.

### **Chapter 1495**

Tang Yuqing couldn't help but think of tonight's banquet.

She finally understood why her father and grandfather, had gone to all the trouble of specifically inviting Lin Mo for a meal.

If the Tang family hadn't invited Lin Mo, then his father, right now, might have had to sit here waiting with the family heads of these few families as well.

The Tang family's entry into the top ten families was basically a foregone conclusion.

In other words, among these families tonight, only two families can enter the top ten families in the end.

If the Tang family is also competing here, it is still unknown whether they will come out on top!

Tang Yuqing sighed, the more she understood Lin Mo's strength, the more she regretted it in her heart.

In this hall, there were still a dozen young people sitting here.

The young people who could sit here were definitely not simple in status.

These ten or so people, just picking one out, were the most top fops in this side of Guangdong Province.

Even Tang Yuqing, the eldest Miss of the Tang family, had a small gap compared to these dozen people.

Among them, there was a very handsome young man who attracted particular attention.

This youth was named Xie Ziming, the heir to the Xie Family of the Ten Great Families.

The Xie Family was already very high in the Top Ten Families, always ranked in the top three.

This Xie Ziming, who was extremely handsome and had outstanding abilities, could be considered the most outstanding among the second-generation sons in Guang Province.

Countless rich girls in Guangdong Province were secretly in love with Xie Ziming, and even Tang Yuqing was no exception.

However, there were too many girls chasing after Xie Ziming, and Tang Yuqing could only be considered a medium level among them.

On a normal day, it was difficult for her to meet Xie Ziming, let alone chase him.

Seeing him here, Tang Yuqing's heart trembled.

She looked around and, as it happened, the women who usually followed Xie Ziming around were not there, so she couldn't help but start to move her mind, intending to take advantage of the opportunity to get closer to Xie Ziming.

However, just as she was still thinking about how to greet him, Xie Ziming suddenly looked over.

Xie Ziming's face was instantly piled with smiles, and the already handsome man now looked even more charming.

This smile caused Tang Yuqing to freeze straight away, forgetting what to do for a moment.

As Xie Ziming walked straight over, Tang Yuqing only felt her heart start to beat faster, her heart puffing out and her body shivering slightly.

Why was he walking over? Why was he smiling?

Could it be that Xie Ziming also had feelings for her?

Tang Yuqing couldn't tell how happy she was in her heart, forgetting everything that had happened before, her heart was only filled with Xie Ziming.

Soon, Xie Ziming walked up to her.

Tang Yuqing's eyes were hazy and she looked at Xie Ziming with affection, her mood was extremely excited.

However, at that moment, Xie Ziming walked straight past her, not even glancing at her, directly ignoring her.

Tang Yuqing was dumbfounded, what was this situation?

Xie Ziming, wasn't he running towards her?

She hurriedly turned her head, only to see Xie Ziming bypassing them and walking directly in front of Li Lin.

Xie Ziming put the gentlest smile on his face and looked at Li Lin gently, "Miss Li, you've arrived?"

"Just now Mr. Lin explained that when you arrived, he told you to go directly to him in the private room."

"Shall I take you there?"

Looking at Xie Ziming, Li Lin's face was also scarlet.

She was a girl after all, and when she saw such an outstanding man, she didn't have much resistance.

With a smile on his face, Xie Ziming gently took Li Lin's wrist and pulled her to the private room inside.

At the scene, only Wu Lan and Tang Yuqing were left.

Tang Yuqing's entire body was frozen, she never dreamed that it would turn out like this!

You know, back then, even when Miss Wang pursued Xie Ziming, he didn't even care about it!

Now, Xie Ziming, to his surprise, was holding the hand of a poor girl?

What is this?

## **Chapter 1496**

It was only when Xie Ziming and Li Lin walked away that Tang Yuqing came back to her senses.

Her eyes were red, this was the man she had a crush on, and he was holding another girl's hand right in front of her?

She was almost frantic!

Wu Lan, on the other hand, was overwhelmed with emotions, "Ai, it's really like people are dying from comparison!"

"Lin Lin this time, she's really flying up the branch and becoming a phoenix."

"Yu Qing, it seems that this Young Master Xie of ours is going to have a famous woman in the future."

Tang Yuqing said reluctantly, "On what grounds?"

"This Li Lin, she comes from a poor background, and her looks are not outstanding, Xie Ziming, how ..... how will she look at her ah?"

"When we get married, the most important thing is that the family is right for each other, this gap between them is too big, right?"

Wu Lan gave her a look, "Yu Qing, what are you talking about?"

"Didn't I just tell you, Li Lin is now considered to be Lin Mo's sidekick, she's not an ordinary person anymore."

"Moreover, Lin Mo's mother-in-law, it is said that she likes Li Lin a lot and treats her like her niece."

"In that calculation, Li Lin is equivalent to being one of Lin Mo's younger sisters."

"Not to mention Xie Ziming, do you know how many young masters in Guang Province want to court her now?"

Tang Yuqing's heart was about to explode, she clenched her fists and gritted her teeth, "I ..... don't believe it!"

"The Xie family, that's a big family in Guang Province."

"Without the Wang family, the Xie family will be able to rank third in Guang Province."

"Xie Ziming, who will definitely be the head of the Xie family in the future, does he ..... have to do such a thing?"

"To befriend a Lin Mo and gamble on a lifetime of happiness? I ..... don't believe it!"

Wu Lan hurriedly pulled her aside and whispered, "My big miss ah, can you speak a little less loudly?"

"What you just said, if others hear you, do you know how big a mess it will make?"

"How many pairs of eyes are staring here, do you want the family to go down with you?"

Whirling around, Wu Lan whispered, "Ah Yu Qing, you really don't understand anything."

"It's true that the Xie family is not weak, but do you know that the Xie family is the most dangerous right now?"

"The Xie family has always been close to the Wang family, and the Wang family, at that time, was trying to get Mr. Lin Mo killed."

"Now that the Wang family has been destroyed, the Xie family's greatest fear is that Lin Mo will take them as an accomplice of the Wang family."

"If that really happened, then the Xie family would be finished."

"Therefore, the Xie family is now fighting for everything, just to be able to gain Lin Mo's trust."

"Xie Ziming, this is also to save the family."

"If he can get together with Li Lin, it would be like a marriage with Lin Mo's side."

"At that time, not only will the Xie family be able to gain Lin Mo's trust, but even, the Xie family might be able to gain more benefits as a result."

"This kind of thing, if it were you, how would you choose?"

After hearing this, Tang Yuqing was directly dumbfounded.

She finally understood why Xie Ziming had that attitude towards Li Lin.

To put it bluntly, it was still because of Lin Mo!

At this moment, Tang Yuqing directly shed tears of remorse.

Had she known this, she should have agreed to work at Lin Mo's pharmacy.

In this way, not only would she be able to become Lin Mo's sidekick, Xie Ziming might even come after her.

This was the man she had been secretly in love with for a long time. Her greatest wish was to marry Xie Ziming!

However, just because of her arrogance, she refused this matter, and as a result, she completely lost everything.

At this moment, she completely understood how ridiculous her arrogance was!

However, one can only have such an opportunity once in one's life.

If you miss it, it is lost forever, so what is the use of regretting it?

All she could say was that she had ruined her life's happiness with her own hands, and she deserved it, so there was no one to blame!

### **Chapter 1497**

In the private room, Lin Mo and Prince Li Tiezui were sitting together.

There were only three of them in this private room.

Everyone else, was not qualified to come in.

Even the family heads of the seven great families had to sit outside and wait.

Xie Ziming brought Li Lin into the private room on the pretext of bringing her over, and followed in himself along the way.

"Mr. Lin, Brother Prince, Miss Lin Lin is here."

"Do you two have any further orders?"

Xie Ziming said respectfully, he mainly just wanted to make an impression in front of the two.

The prince didn't even look at him, while Lin Mo gave Xie Ziming a deep look.

Lin Mo knew very well what Xie Ziming really meant by doing this.

"It's alright, thank you very much!"

Lin Mo waved his hand.

Xie Ziming hurriedly said, "Mr. Lin, you mustn't be polite."

"It's an honour for me to work for you!"

"I'll be at the door, if there's anything you need, you can always instruct me!"

Xie Ziming bent over and exited the room, but his face was one of unconcealed joy.

With this excuse, he could take the opportunity to stand closest to the door.

To outsiders, this would be tantamount to him being close to Lin Mo ah.

Outside, when the Xie family head saw Xie Ziming come out, he immediately nodded towards him in satisfaction.

A few other family lords, on the other hand, were all filled with exasperation; this time, they had let the Xie family get the jump on them?

In the private room, Li Lin handed a file bag to Lin Mo.

"Brother Lin, this is the information you asked for."

Lin Mo took the file bag, inside it, was the information he had asked Ma Tiancheng to gather additionally about those big clans in Guang Province.

The Seven Great Clans had given him a copy of the information, and Li Tiezui had given him a copy of the information, which was for him to redefine the other two clans.

However, Lin Mo still asked Ma Tiancheng to gather a copy of the information.

By doing so, he would be able to get a clearer picture of these clans.

At the same time, he was also able to take the opportunity to test Ma Tiancheng and see which family he was close to.

Whichever family Ma Tiancheng was close to, the information he prepared would definitely be more favourable to whichever family.

There were simply too many factors that Lin Mo needed to consider when re-electing the top ten families.

The most crucial point was that these families should not be allowed to be too close to those big powers in Guang Province.

If the relationship was too good, it might lead to the top ten families joining forces with those big powers and not being easy to deal with.

And the best result would be that the ten families would be at odds with each other and be suspicious of each other.

In that case, the Ten Great Families and the major powers would not be able to unite and would not be able to get out of his control!

All these truths were taught to Lin Mo by Li Tiezui.

This old man, who seemed to be very lewd, was in fact as cunning as an old fox.

With Li Tiezui by his side, it was much easier for Lin Mo to do his job!

After reading through the information, Lin Mo basically had a general result in his mind.

He handed the information to the Crown Prince: "Crown Prince, will you take a look at it?"

The crown prince waved his hand, "Don't show me this, I hate reading these things."

"What to decide, you do it yourself, I don't care."

"Let's finish the whole thing quickly, it's time to sing, dance and drink."

"Right, let's hurry up and let those beautiful women outside in."

"It's cold and quiet in here now, just a few of us big men, what's the fun in that?"

Lin Mo was speechless as he handed the information to Li Tiezui.

Li Tiezui flipped through it and said with a faint smile, "This Ma Tiancheng, he's got a lot of guts."

"The information given to you is laced with so much personal stuff."

"This kind of person, can't be kept!"

Lin Mo nodded calmly, he actually already had a plan, preparing for Tiger King to come to the provincial capital and take Ma Tiancheng's place!

Next, their main battlefield would have to be in the provincial city.

Therefore, the person who controlled the underground power in the provincial city had to be someone he could trust!

### **Medical Genius Chapter 1498**

Lin Mo loaded up the file and casually handed it to Li Lin.

"Lin Lin, I'm sorry to trouble you, making you run so late at night!"

Lin Mo said with a smile.

Li Lin hurriedly said, "Brother Lin, you mustn't be polite."

"Doing something for you, it's the right thing to do!"

"Besides, you treat me like family, I ..... don't even know how I can repay you ....."

Lin Mo smiled, "Since you're a relative, then you shouldn't think so much."

"During this period of time, I'll trouble you with all the affairs of the pharmacy."

"When this side of the pharmacy is on track, you can then go around to Guangyang and accompany my mother for a break."

Li Lin hurriedly smiled and said, "Good."

"Brother Lin, I want to go to Auntie Fang too."

"Don't worry, on the pharmacy side, I'll do my absolute best!"

Lin Mo nodded and suddenly said, "Lin Lin, you're not too young."

"Sometimes, when you meet the right boy, you have to think about your own lifelong matters as well."

Hearing these words, Li Lin's face instantly turned scarlet, but there was still some frustration among her eyes.

In the past few days, several young masters in the provincial capital had actually been chasing her, a treatment she had never dreamed of before.

And among these people, the one she liked the most was Xie Ziming.

However, she was very clear about her status, the disparity between her and Xie Ziming was too great, she was simply not worthy of such a big young master!

Seeing Li Lin's expression, Lin Mo knew what was going through her mind.

Lin Mo said, "Lin Lin, you don't need to worry about anything."

"If you call me brother, that's like being my family."

"Within this Canton Province, whoever can get together with you, that's a high climb!"

"Don't worry, no matter who you fancy, we will all support you!"

The prince also gave a direct wave of his hand, "That's right."

"After you go out, whoever bullies you, just talk to me."

"Lin Mo is my brother, his sister, is my sister, I'll see who dares to bully you!"

Hearing these words, Li Lin's eyes went straight to red, she was touched in her heart.

With Lin Mo and the Prince's support, she was no worse than those big and small daughters of prestigious families!

Lin Mo said, "Call in the people from those seven great houses."

Li Lin immediately nodded and walked out of the private room.

Xie Ziming was standing at the door, and when he saw Li Lin come out, he immediately put on a gentle smile, "Lin Lin, is there anything I can help you with?"

Li Lin: "Brother Lin asked me to invite the seven great masters in."

Xie Ziming smiled, "Oh, these small matters, just leave them to me."

"You must be very tired after running all night, rest for a while first."

"If there's anything, you can just tell me."

Xie Ziming said, and tenderly helped Li Lin straighten her hair.

Those rich girls around looked envious.

Li Lin blushed scarlet, a man as outstanding as Xie Ziming was really something one could not refuse.

When the seven family heads entered the private room, the Huang family head immediately said excitedly, "Mr. Lin, have you decided?"

Lin Mo nodded and spoke the names of the three families that had been chosen.

Among them, the Tang family was also being included.

Hearing about the Tang family, the Seven Great Lords weren't surprised.

The crowd already knew that Lin Mo had gone to the Tang family's banquet first tonight. Therefore, it was all too normal for the Tang Family to make it into the Top Ten Families.

However, the other two families, there was some controversy.

After all, these seven family heads, all had their own selfish motives.

They all wanted the family that they were on good terms with to enter among the top ten families, so that they would have allies among the top ten families.

Immediately after hearing Lin Mo's words, someone raised an objection and wanted to oppose those two families.

Lin Mo's face was slightly cold as he directly said aloud, "Gentlemen, I hope you understand."

"I invited you all here to inform you, not to discuss with you!"

"If you all feel that there are other clans that are more suitable to enter the Top Ten Clans, then that is fine too!"

"You will withdraw from the Top Ten Families and vacate your places, so they can come in!"

### **Chapter 1499**

Hearing Lin Mo's words, the few family heads who were still speaking immediately shut their mouths.

Lin Mo's strength had caused panic in the hearts of all of them.

Lin Mo had already proven his strength in the last incident with the Wang family, and the seven great clans really didn't dare to go against Lin Mo.

Lin Mo swept his gaze across the crowd, "Everyone, any objections?"

The crowd shook their heads in unison.

Lin Mo smiled gently, "In that case, then this matter is settled."

"Master of the Huang Family, go out and make an announcement."

"Tomorrow night, there will be a banquet at the Wanhe Hotel, a gathering of the ten largest families in Guang Province."

The Huang Family Master immediately nodded his head and turned to walk out of the private room.

Those family masters sitting outside saw the Huang Family Master come out and sat upright one by one.

They knew that the results would be coming out soon!

The Huang Family Master announced the names of the three families, and as the words fell, there were immediately some cheers and some sighs.

There were eight families competing for these three spots.

But in the end, only three families were selected, which meant that there were still five families that had lost out.

The heads of these five families were all full of disappointment, but no one could change anything.

The only person who could make the decision on this matter was Lin Mo.

In the corner, Wu Lan was full of excitement.

She took Tang Yuqing's hand and said excitedly, "Yuqing, your family has entered the top ten families?"

"Aiya, great, congratulations!"

"In the future, your Tang family's status in Guang Province can definitely be raised by a large margin."

"Yuqing, from now on, you'll be the first lady of the top ten families, great!"

When she heard this good news, Tang Yuqing did not feel the slightest bit of joy, instead, she felt even more remorseful in her heart.

She sat on the sofa with a lost look on her face.

Wu Lan didn't see the expression on Tang Yuqing's face and was still there muttering excitedly, "Yuqing, it's your old man who is still sitting still."

"Look, all the heads of these families are here tonight, except for your Tang family."

"Yet, in the end, your Tang family was selected, and most of these families who came, instead, lost."

"Having strength is different, this is a sign of absolute strength!"

"These families, not strong enough, even if they have the help of members of the Seven Great Clans, what can they do?"

"The only one who really has the power to decide is Mr Lin Mo Lin."

"The members of the Seven Great Clans won't be able to help much either!"

Hearing these words, Tang Yuqing's heart became even harder to bear.

Thinking back, the one sitting beside her tonight was indeed the Venerable of Guang Province!

At that time, she was still angry with her grandfather's father's decision and felt that Lin Mo was not worthy of her at all, and she had never even looked at him with a straight face.

But now, she realised that she was the one who didn't deserve Lin Mo!

Many people would never have been able to get such an opportunity in their lifetime, but she just didn't care about it.

She regretted it so much!

If she was given another chance to do it all over again, no matter what, she would have to leave some good impression on Lin Mo!

After things were settled, Lin Mo walked out of the private room.

All around, people gathered around and scrambled to greet Lin Mo.

These people here were the richest and most powerful people in Guangdong Province.

Any one of them could be on a par with the Tang family's old man.

And now, these people, in front of Lin Mo, were all respectful.

Lin Mo exchanged pleasantries with the group, pulled Li Lin to his side and said aloud, "Gentlemen, next, I may not stay in the provincial city all the time."

"If you all have anything to do, you can contact me through Lin Lin."

"She is just like my little sister, so I hope that you all will take care of her in the future in the provincial city!"

At these words, the whole room was shocked, and the crowd couldn't hide the shock in their eyes as they looked at Li Lin.

Xie Ziming's eyes even lit up, and the way he looked at Li Lin grew hotter and hotter.

In the distance, Tang Yuqing's expression was even more gloomy.

How she wished that she was the one standing next to Lin Mo!

## Chapter 1500

Lin Mo explained the matter and left first.

Tang Yuqing was standing at the exit, and when she saw Lin Mo walking over, her heart couldn't help but puff along.

She tried to put on her prettiest smile and greeted Lin Mo as she walked over, wanting to say hello to him in public.

On such an occasion, to be able to say a few words to Lin Mo was enough to impress people.

You know, those other young masters from rich families could only look at Lin Mo from afar.

In doing so, Tang Yuqing was also trying to make up for her mistake at the dinner party.

However, before she could reach Lin Mo, she was directly stopped by two family masters.

These few family lords clustered around Lin Mo and casually pushed her away as if they were pushing away an unrelated person.

When Lin Mo passed by her, he didn't even glance at her, walking straight past her as if she was a cloud of air.

Tang Yuqing was dumbfounded, as the eldest Miss of the Tang family, she had never been treated like this before.

She hurriedly turned her head to look at Lin Mo and opened her mouth to call out to Mr. Lin.

However, in the end, she was unable to shout out.

She didn't know if Lin Mo would pay attention to her, and if he did, wouldn't she be even more humiliated?

As she watched Lin Mo's back walk away, Tang Yuqing finally couldn't hold back her tears, which gushed out without a sound.

She knew that she had missed this opportunity after all!

Some people, some things, once missed, are lost forever, and you don't even have the chance to regret it!

After Lin Mo left, those people guarding the outside were only able to enter Lan Kwai Fong.

After the lords of all the houses had paid their respects to the Crown Prince, they all left Lan Kwai Fong.

By now, Lan Kwai Fong had finally returned to normal, with music playing and lights flashing.

Tang Yuqing stood in the middle of the noisy nightclub, as if she had lost her soul and was not responsive at all.

In the distance, the rich girls and young masters of Guang Province were surrounded by Li Lin like stars.

Xie Ziming was sitting beside Li Lin, with affection and affection, as if he was a flower protector, treating Li Lin with all his heart.

The young masters of the rich families also showed their affection for Li Lin.

This was all explained by their fathers and grandfathers, to make good relations with Li Lin, so that many things would be convenient in the future.

Li Lin was so flattered that she had no idea how to deal with such a scene, as Xie Ziming had helped her with everything.

After all, a few days ago, she was just a poor saleswoman who didn't even dare to speak back when she was pointed at by the nose.

Who would have thought that in just a few days, she would have become a big shot standing at the top of Guangzhou Province?

Tang Yuqing looked at all this enviously, knowing that if she had agreed to work at Lin Mo's pharmacy tonight, she would now be at least on an equal footing with Li Lin.

In terms of looks, she was much better than Li Lin.

In terms of family background, she was even far ahead of Li Lin.

If she could stand in the same position as Li Lin, then Xie Ziming would definitely choose her.

But now, everything that should have belonged to her had been destroyed by her own hands!

Tang Yuqing rushed out of Lan Kwai Fong, she just wanted to find a place where she could slap herself and cry!

The next night, Lin Mo hosted a banquet at the Wanhe Hotel for the heads of the ten major families in the provincial capital.

Although it was only a banquet for the heads of the ten families, in fact, all the main members of the ten families were also present, so it was a meeting of sorts, so that all of them could meet Lin Mo.

The banquet went well, the ten families were now bowing down to Lin Mo, none of them dared to show the slightest disrespect to him.

After Lin Mo had explained some things, he left all the other matters to Li Tiezui to deal with.

As for Lin Mo, he rushed back to Guangyang City overnight.

Because, a very serious matter had happened in Guangyang City, and he had to go back personally to deal with it.
