Chapter 1581

As Duke Wan listened to his cousin's ramblings next to him, he was annoyed to the core.

He was originally more inclined to ask Lin Mo to cure him.

However, remembering that fight with Lin Mo last time, he just gritted his teeth.

"Sooner or later, I'm going to chop off both of your claws!"

Duke Wan was secretly fierce in his heart.

The scene of the Wan Chun Tang launch.

Zhou Ling finished the meeting and walked out from inside with a somewhat sullen face.

Lin Mo greeted her: "Miss Zhou, how is it going?"

Zhou Ling sighed despondently, "Ai, this time, the amount that was shared was almost half less than I thought."

"This re-creation pill, it's really in high demand!"

Lin Mo nodded and stopped speaking.

This kind of thing, it was good to be able to share it ah.

Zhou Ling glanced at Lin Mo and immediately said, "But you don't have to worry."

"But how much I get, I'll share half of it with you."

"How about you you or don't get into conflict with the locals?"

Lin Mo smiled, this Zhou Ling, really is still a warm-hearted person.

"It's fine, I'm here this time, just to gain some insight, you don't have to worry."

Lin Mo laughed.

Zhou Ling breathed a sigh of relief, she was really worried that if Lin Mo caused any trouble here, she wouldn't be able to explain to her cousin.

Just then, there was a sudden commotion from inside.

Immediately afterwards, a group of security guards dressed in black quickly rushed out and chased away all the people who were still in the hall.

Zhou Ling and Lin Mo stood in the middle of the crowd and were also driven to the corner.

"What's happening?"

Zhou Ling couldn't help but wonder.

A woman standing next to her, who knew Zhou Ling, waved her hand and said in a low voice, "It seems like the people from the Ten Great Families are coming down!"

Zhou Ling was surprised, "People from the Ten Great Families coming down?"

"Why is it so early?"

"The launch doesn't start for another half an hour, the people who came to the launch, they haven't arrived much either."

"Those agents from outside the province, they haven't even come in yet."

"Why are the people from the ten families coming down so early?"

Woman: "I'm not too sure."

"But I heard that it seems like a big shot has come in and the people from the ten families have to come out to greet them!"

A man next to her exclaimed, "What big shot? What kind of big shot is that?"

"Could it be that it's a big shot from one of the ten major clans from another province who has come?"

The crowd was all filled with shock.

However, just at that moment, the situation changed once again.

There were not many people coming down from upstairs, all of them were middle-aged people with strong auras.

Seeing the person at the head, a brilliant aura immediately flashed in Lin Mo's eyes.

Because, this person was none other than Zhao Tianyuan, the head of the Zhao family!

The few people behind him, however, all kept a short distance from him, so it was clear that their status identities were similar to his.

The woman exclaimed, "This is the family head of the top ten families!"

"There's also Qian Yongan Qian divine doctor, he's down here too?"

"My goodness, what kind of big shot is it that the family heads of the ten families and also the Qian divine doctor have to personally go to greet them?"

The crowd around them were completely dumbfounded at this moment.

In Su Province, the Ten Great Families were the biggest forces, who else could there be that could make the family heads of the Ten Great Families come to greet them?

Could it be that it was the King of the Southern Realm, Master Xue Wu, who had come?

If that was really the case, then this launch would be really dignified.

With the Fifth Master Xue standing up for Wan Chun Tang, it would definitely be able to rock the six southern provinces, and even the whole of China!

Lin Mo also frowned, if it was really Master Xue Wu who had come, then this time, things would be a bit troublesome.

Master Xue Wu should know that there was a conflict between Wan Chun Tang and Xu Pharmaceutical.

If the Fifth Master Xue came to this launch, wouldn't that be a clear attitude to support Wan Chun Tang, which means that he would be an enemy of him?

Would Master Xue do such a thing?

Besides, even if Master Xue really wanted to attend the launch event, Lin Mo should have received the news a long time ago.

This kind of thing could be concealed from others, but not from the Crown Prince!

Chapter 1582

Lin Mo stood by the side filled with suspicion, quietly observing.

Only to see the heads of the ten great families walking to the entrance, they stood directly at the gate and waited.

This was a situation that was even more shocking.

For the family heads of the ten great families to have to stand at the entrance and wait, the identity of the person coming, that was really not simple!

At this moment, there were already people whispering, could it really be that Fifth Master Xue had arrived?

Just as the crowd was talking, a few cars drove up to the gate.

These cars, all looking rather low-key, did not have any special feel to them.

When Lin Mo saw the license plate numbers, his brows immediately furrowed.

The license plates of these cars were all from the capital of the Southeast Province.

And in the capital of the southeastern province, there really was a behemoth, the Wan family, one of the ten largest families in China!

At this moment, Lin Mo finally knew what was going on.

It wasn't that Master Xue Wu had come, but that the Wan Family had sent someone!

The Fifth Master, Xue, had not come to stand up for Wan Chun Tang.

However, the Wan Family had sent someone, which made Lin Mo's heart a little upset.

By doing so, the Wan Family was supporting Wan Chun Tang!

Before the dust of the Recycle Pill had settled, it would be too much for the Wan Family to do so, right?

The other people, who did not know about the Wan Family, were all talking and wondering what was going on here.

At that moment, a group of people came down from those cars.

At the head of the group was a middle-aged man in his forties or fifties, with an arrogant face and eyes that looked askance, as if he didn't put anyone in his eyes.

When Zhao Tianyuan saw him, he immediately took a step forward and extended his hand, "Mr. Wan, how are you!"

"We meet again!"

The middle-aged man, named Wan Zifeng, was the close brother of the Wan family head, the second uncle of Duke Wan, and held an extremely respectable position in the Wan family.

He casually shook hands with Zhao Tianyuan and nodded to a few other people as a greeting.

Even so, the family heads of the ten largest families in Suzhou Province did not feel the slightest bit of slackness.

The Wan family's people were themselves a head above the heads of the Ten Great Families!

Wan Zifeng greeted Qian Yong'an separately again to show his respect for this divine doctor.

This made Qian Yong'an quite proud of himself.

After that, the Wan family members, accompanied by the ten great family heads, walked into the launch site.

Lin Mo stood in the crowd, and he caught a glimpse of the Wan Gongzi who had once crossed paths with him.

Looking at this young master of the Wan family, Lin Mo was rather speechless.

People from the Wan family were all very rambunctious.

After a fight last time, the Wan Gongzi regarded him as a sworn enemy.

I didn't expect that such an enemy would meet again today, it was quite awkward!

Luckily, Lin Mo had dressed up in disguise and Duke Wan didn't recognise him.

In fact, Duke Wan had walked all the way here without looking at anyone, and hadn't even looked at anyone directly.

Instead, his cousin, who was beside him, was charming and had flirtatious eyes, attracting the fiery gazes of many young men around.

Of course, with Duke Wan's good looks, she even attracted the eyes of countless girls.

Even Zhou Ling, too, looked without batting an eye.

It was only when Duke Wan went upstairs that Zhou Ling lowered her head with intent.

"I really didn't expect that there would be such a good-looking man in the world!"

Zhou Ling whispered.

When Lin Mo saw her like this, he couldn't help but smile, "What? Fancy him?"

Zhou Ling blushed and immediately waved her hands, "Which which"

"I I just think he's too good looking."

"Seriously, he is so good looking he doesn't even look like a guy."

"If this were a female, he would definitely turn people upside down!"

Lin Mo laughed, "But he's a guy."

"That's also enough to turn people upside down!"

Zhou Ling laughed: "This kind of man is the real pain!"

Lin Mo: "Why?"

Zhou Ling whispered, "Look at the way he was walking just now, without looking away."

"He, ah, must not be able to look at the mere mortals in this world."

Chapter 1583

Lin Mo couldn't help but give Zhou Ling a deep look, this girl, she saw things quite clearly.

She appreciated beauty, yet she also understood herself, not at all one of those self-righteous nymphomaniacs.

Looking at the girls next to her, they were all smitten, and some even screamed in a vain attempt to draw a glance back from Duke Wan.

But they didn't know that in the eyes of Wan Gongzi, they weren't even ants!

Even in Cinderella's fairy tale, Cinderella was at least pretty.

How could they be worthy of Mr. Wan, who was at the peak of his status and beauty?

As the Wan family entered the venue, other foreign agents also entered the venue, and the launch site suddenly became lively.

Most of the key members of the ten major families were upstairs at this time, receiving Mr. Wan.

Among them, the heads of the ten families, the elders of the ten families, and the heirs of the ten families were basically all inside.

Qian Liangwen was also among them, and he and Xue Yuting were sitting together, their hands still tightly clasped.

When the people from the Wan family walked into the hall, they all immediately stood up and greeted them respectfully.

Zhao Tianyuan, as the host, introduced these important members of the Ten Great Families to the Wan family members.

Wan Zifeng did not shake hands with these people either, but merely nodded his head in greeting.

And with this situation, no one from the Ten Great Families dared to say anything.

It could not be helped that Wan Zifeng's status was simply too high.

Any one of the Ten Great Families of China could compete with the Six Kings of the World.

In the Wan Zifeng family, he belonged to the top five real power figures.

His position was similar to that of the current Huohua. In any province, he would be an existence capable of oppressing the heads of the ten local families.

Those young people from the ten great families were all full of excitement as they looked at the people from the Wan family.

They had only heard about these Ten Great Families of China, but basically no one had ever met them.

Meeting them today also made the crowd curious.

During this introduction process, the gazes of those girls from the ten families basically rested on Duke Wan.

It could not be helped that Duke Wan was too striking!

Those boys, on the other hand, had their eyes mostly on Duke Wan's cousin.

His cousin's name was Wan Zhi, and she was extremely pretty, probably only half a step behind Xu Hanxia, but she was also a stunning beauty.

Moreover, she was a princess from the Wan family, so her status was extremely high.

In addition, she was extremely seductive herself, with her flirtatious eyes, full of suggestive temptation, which naturally made people's hearts beat even faster.

Even Qian Liangwen's eyes kept darting over Wan Zhi's body.

After the introduction, Zhao Tianyuan took Wan Zifeng to the inner room.

At the same time, he instructed the young people on this side to take Prince Wan and Wan Zi Feng down for a spin, to do their best as hosts.

The young men from the ten great families' side had been waiting for a long time.

After Zhao Tianyuan and the others left, Zhao Yu Ling, the eldest Miss of the Zhao Family, immediately walked over to Duke Wan, smiling and extending her slender hand, "Duke Wan, it's an honour to meet you!"

Zhao Yuling, the only daughter of Zhao Tianyuan, was very much favoured by Zhao Tianyuan.

Coupled with the fact that the Zhao family was the number one family in Su Province, Zhao Yuling, could also be said to be the number one young lady in Su Province.

In Su Province, there was no girl who could compare to her, Zhao Yuling!

Therefore, Zhao Yuling had her eyes on Duke Wan from the very beginning.

When the other girls saw that Zhao Yuling had stepped in, they could only secretly sigh, no one dared to grab it from Zhao Yuling!

However, Wan Gongzi only glanced at Zhao Yuling, didn't even say a word, and directly turned around and sat down by the sofa, as if Zhao Yuling was just air.

At this moment, Zhao Yuling's face instantly became extremely embarrassed.

One hand was hanging in the air, not knowing whether to take it back or what to do!

Chapter 1584

Seeing Zhao Yu Ling defeated, those girls around them burst into secret laughter.

Of course, the crowd looked at Duke Wan again with some awe.

Those girls who had been foolish enough to move were now afraid to go over.

In the end, it was Wan Zi who helped Zhao Yuling out.

She smiled and shook hands with Zhao Yuling as a greeting.

Seeing how easy-going Wan Zhi was, the people around her immediately gathered around her and fought to greet her first.

Wan Zhi was also easy-going, treating both men and women equally and shaking hands one by one, as if he was very familiar with these people.

Even Qian Liangwen could not help but come over to greet Wan Zhi and shake her catkin.

Wan Zhi's eyes lit up when he heard that Qian Liangwen was Qian Yong'an's nephew.

"So it's the divine doctor Qian's nephew!"

"In that case, Brother Qian's medical skills, should be very skillful as well, right?"

Wan Zhi asked with a wistful expression.

Qian Liangwen did not expect that Wan Zhi would still be interested in himself.

He immediately let out a big smile, "I can't say that I'm highly skilled, but, over the years, uncle has cultivated me a lot."

"I have learnt 70% of Uncle's medical skills."

“Most of the difficult and miscellaneous diseases are not a problem for me!”

Wan Zhi immediately pretended to be soft, “Is that so?”

“Oh, Brother Qian, then can you help Wizi’er take a look.”

“I’m not feeling well lately~~”

Wan Zhi spoke, her voice was so delicate and moving that Qian Liangwen’s heart puffed and puffed.

Qian Liangwen did not expect that he would be able to get such a ravishing encounter.

At the back, Xue Yuting’s eyes were wide open.

This was her boyfriend, and now he was flirting with another woman right in front of her?

She coughed angrily, hinting at Qian Liangwen.

However, Qian Liangwen simply ignored it and looked at Wan Zhi with concern, “No problem!”

“Miss Wan, where exactly are you not feeling well?”

Wan Zhi stroked her forehead, “Oh, I can’t tell what’s wrong, but I just don’t feel well.”

“Brother Qian, can you do a check-up for me?”

As she spoke, Wan Zhi even used her teeth, gently biting her lips, with a charming and pitiful look, which was even more heartwarming.

Qian Liangwen was so excited that he was about to fly, and hurriedly said, “No no problem.”

“But I I’ll take you for a checkup right now.”

With that, Qian Liangwen took Wan Zhi’s hand and left with his toes high and proud.

Those gentry around, seeing this scene, were all envious.

No one had expected that, in the end, it was Qian Liangwen who had won Wan Zhi’s heart.

Of course, more people’s eyes fell on Xue Yuting at the back.

Everyone knew that Xue Yuting had hooked up with Qian Liangwen.

But now, Qian Liangwen had run away with Wan Zhi, so this Xue Yuting was just like being abandoned by someone.

The way everyone looked at Xue Yuting was full of ridicule.

She had never dreamed that she would betray Chen Baiyu and take the blame for being with Qian Liangwen, only to end up in this situation.

The most crucial thing was that Qian Liangwen had left with another woman in front of her, which was the biggest insult to her!

However, it was just as well that she didn’t dare to say anything.

The Xue family was far less powerful than the Qian family.

And she, even more so, was no match for Wan Zhi, so she could only suffer in silence!

However, in her heart, she was remorseful to the extreme.

If she had known that this was the outcome, she could not have been with Qian Liangwen no matter what, it was too humiliating!

When Wan Zi left, the atmosphere in the room chilled.

Duke Wan was sitting on the sofa and no one dared to greet him at all.

And as he sat here, these fops from the ten families didn't dare to chat freely, and the scene became extremely awkward.

Luckily, after sitting for a short while, Duke Wan got up straight away and went downstairs.

Chapter 1585

Downstairs, the launch was about to begin and was already packed with people.

Lin Mo walked among the crowd, listening to the conversations of the people to gather some information.

In the middle of the walk, Lin Mo suddenly saw an old acquaintance – He Qianxue!

He Qianxue had several people with her, and she was angrily talking to the people around her.

"This Recycle Pill, which Lin Mo personally refined, was proposed by Xu Pharmaceutical a long time ago, so how come it's suddenly his Wanchun Hall's?"

"In a moment, you guys give me a clear look, when Wan Chun Tang's launch begins, make sure to expose their conspiracy, understand?"

The next few people nodded their heads one after another.

He Qianxue was still full of anger, as if it was her own stuff that had been stolen.

Lin Mo couldn't help but be moved in his heart as he listened to these words.

He Qianxue, to personally come to Su Province's territory to voice his grievances, was something he hadn't expected!

He had to know that although the He family was not weak, it was not comparable to the top ten families in the province.

Moreover, the He family had no connections at all on this side of Suzhou Province.

If He Qianxue came here to cause trouble, what was the difference between that and seeking death?

Lin Mo couldn't help but sigh, this time, it was lucky that he had come.

Otherwise, He Qianxue really might not be able to tell what would happen to her!

Lin Mo pondered for a moment and planned to go over to stop He Qianxue and not let her clash with the people of Su Province.

However, before he could walk over, there was another familiar face coming from afar, none other than Wan Chongshan.

Seeing Wan Chongshan, Lin Mo was also stunned.

One should know that Wan Chongshan was still an agent on Xu's side of the pharmaceutical industry right now.

According to the rules of Wan Chun Tang, after Wan Chong Shan had represented Xu Pharmaceutical, he could not represent Wan Chun Tang anymore.

He was here now, what was this situation?

Wan Chun Tang, would it still send him an invitation? This was unlikely, right?

Just when he was puzzled, another group of people came to meet him, it was Yuan De and the others.

These people, were the group of agents who had destroyed the contract from Xu Pharmaceutical before.

Now, they had people from the Ten Great Families leading them, each one of them proud and full of smugness.

Especially Yuan De, who, as the leader of this broken contract with Xu Pharmaceutical, had been treated with courtesy by the Ten Great Families, and his face was overflowing with joy.

Wanchun Hall had already sent out the word that Yuan De and the rest of them would become the first agents of Wanchun Hall.

Therefore, as they walked along, many people around them greeted them, making it seem as if they were also the owners of this launch.

In fact, all these people, too, just wanted to get some share from Yuan De and his group.

Yuan De was in high spirits, greeting people as he walked over.

As it happened, he saw Wan Chongshan standing in the crowd.

Yuan De first froze, and then immediately stopped and looked at Wan Chongshan with a smirk, "Yo, isn't this our General Manager Wan?"

"What's wrong? Mr. Wan is also here for the launch of Wan Chun Tang?"

When those other agents saw Wan Chongshan, they all had mockery on their faces as well.

The last time they went to Xu Pharmaceutical to break the contract, Wan Chongshan was the only one who didn't tear up the contract, which made these agents feel betrayed by Wan Chongshan.

Therefore, all of them did not have any good looks towards Wan Chongshan!

Wan Chongshan's expression was calm: "Come over and study and learn."

One person beside Yuan De said directly, "Learn what?"

"You shameless traitor, what qualifications do you have to come to the launch of the Wanchun Hall?"

"The rules of Wanchun Hall say very clearly that if you don't break your contract with Xu Pharmaceutical, you can't represent Wanchun Hall's reconstructive pills."

"You are still an agent of Xu Pharmaceutical, what makes you qualified to come to this launch?"

"Say, how on earth did you slip into this launch site?"

Hearing these words, the crowd around suddenly whispered.

The eyes of the crowd looked at Wan Chongshan with hostility.

Chapter 1586

Wan Chongshan frowned slightly and said in a deep voice, "I didn't sneak in."

The man beside Yuan De laughed coldly, "You didn't slip in?"

"Then you mean that Wan Chun Tang, will send invitations to Xu Pharmaceutical's agents?"

"Wan Chongshan, do you really think we are fools?"

Another man directly yelled out, "What's the point of talking to him!"

"Security, where's the security?"

"Come on, check for me, does he have an invitation or not!"

Several security guards came inquiringly, and the one in the lead was the security chief in charge of this security.

Hearing Yuan De's words, the security captain immediately walked over and said in a deep voice to Wan Chong Shan, "This gentleman, please show me your invitation letter!"

All the people around were looking straight at Wan Chongshan, while Yuan De, a few of them, had mockery on their faces.

In their opinion, Wan Chongshan must have slipped in, where would he go to get an invitation for someone?

Wan Chongshan's expression was calm and he really took out the invitation letter.

The security chief took it and looked it over, frowning slightly: "This invitation is real!"

Yuan De: "Huh?"

"Really?"

“How is this possible?”

“He’s an agent of Xu Pharmaceutical, how could he get an invitation from Wan Chun Tang?”

“Is this a mistake?”

The security chief thought about it and suddenly said, “Go and send someone to check the invitation list and see if there is his name!”

Yuan De immediately nodded, “That’s right, check the invitation list, that’s the most telling.”

“The invitations can be faked, but this list, surely it can’t be faked!”

Not long after, the security guard came over with the list.

The security captain looked through it, and indeed, he found Wan Chongshan’s name in it.

This time, everyone was confused.

All the people on Yuan De’s side were wide-eyed and looked at Wan Chongshan incredulously.

They really couldn’t understand how Wan Chong Shan had gotten an invitation from Wan Chong Shan when he hadn’t terminated his contract with Xu Pharmaceutical?

“There’s definitely something wrong with this!”

“He hasn’t terminated his contract with Xu Pharmaceutical yet, how can he come to the launch of Wanchun Hall?”

“You guys go investigate and see if there’s a mistake somewhere?”

“He must have exploited a loophole to get in, or else, you guys can just throw him out!”

A man beside Yuan De said urgently.

At this moment, a man from one of the Ten Great Families couldn’t help himself, “Our invitation lists are all confirmed by the Ten Great Family Masters.”

“Since Boss Wan is on the list, he is approved by the ten great family lords.”

As soon as this statement was made, Yuan De and the others immediately shut their mouths.

A guest approved by the ten great family lords, who would dare to kick him out?

At this moment, Lin Mo, who was standing at a distance, could not help but give Wan Chong Shan a deep look.

Earlier, Li Tiezui had told him that Wan Chongshan’s identity was not simple.

At that time, he didn’t think much of it, but now, he had truly seen it.

This Wan Chongshan was really no ordinary person!

Not having broken his contract with Xu Pharmaceutical, he was still able to get an invitation from the Ten Great Families’ head, how powerful must his background be?

Yuan De and the others were taken upstairs by the people from the Ten Great Families, although they were reluctant, they did not dare to defy the decision of the Ten Great Family Leaders.

Lin Mo had originally wanted to go to find He Qianxue, but now, he had changed his mind.

He took advantage of the fact that the crowd was scattered and quietly slipped over to Wan Chongshan's side.

"Boss Wan, how are you!"

Lin Mo greeted with a smile.

Wan Chongshan glanced at Lin Mo and froze for a moment, then his eyes snapped open, "Lin Mr. Lin!?"

This, in turn, caused Lin Mo to freeze.

He was dressed like this, how did Wan Chongshan recognize him?

Seeing Lin Mo's expression, Wan Chongshan smiled faintly, "Mr. Lin, this aspect of disguise, I have dabbled in it slightly before."

"Moreover, I guessed that you would definitely appear here today."

"So, just now, it was sort of even a guess."

Chapter 1587

Only when he heard this did Lin Mo understand what was going on.

He thought that it was because his disguise level was so poor that he had been instantly recognised.

Lin Mo looked at those security guards in the distance and said softly, "What is the reason for Mr. Wan coming here today?"

Wan Chongshan laughed, "I, for one, just like to get together."

"This launch event is not destined to be calm, so of course I had to come over to take a look."

"However, Mr. Lin, don't worry."

"Since Mister Wan has decided to cooperate with Xu Pharmaceutical, then he will definitely not go back on his word!"

"In this matter, Mister Wan is always on Xu Pharmaceutical's side!"

Wan Chongshan directly stated his attitude, which also made Lin Mo's heart feel a little more at ease.

This Wan Chongshan's identity was definitely not simple, and moreover, he had instantly recognized Lin Mo's identity.

If he were to trip up Lin Mo behind his back, then Lin Mo would definitely be in a lot of trouble.

On the contrary, if Wan Chong Shan was willing to help Lin Mo, then it would be a good thing for Lin Mo.

Lin Mo pondered for a moment and said, "This matter, is between me and Wan Chun Tang, so of course I can't implicate General Wan."

"However, I have a small matter that I still want to ask for General Wan's help, I don't know if this is convenient."

Wan Chongshan: "Mr. Lin, but there is no harm in saying so."

Lin Mo told him about He Qianxue's matter.

Immediately, Wan Chongshan understood Lin Mo's meaning and smiled, "Mr. Lin, are you worried that Miss He will cause trouble here and anger the Ten Great Families of Su Province?"

"Don't worry about that, I can keep an eye on them for you."

Lin Mo instantly breathed a long sigh of relief.

He Qianxue He's arrival had indeed made him somewhat unpredictable.

He was still thinking about how to get He Qianxue not to make trouble.

If he personally went to find He Qianxue, he might be watched, and that would easily expose his identity.

If Wan Chongshan was willing to help, then Lin Mo would be able to deal with Wanchun Hall without worry!

Wan Chongshan didn't delay, he went straight to the vicinity of He Qianxue and helped Lin Mo keep an eye on her.

Lin Mo continued to wander around this hall.

While he was loitering, a few girls next to him suddenly let out a small scream, "Oh my god, look, he's coming down!"

"Aiyo, it's so handsome, in this world, how can there be such a handsome man?"

"No more, no more, I can't stand it."

"If he could just look at me, I I'd be willing to live ten years less!"

Hearing these girls' flowery voices, Lin Mo immediately guessed that it must be Wan Gongzi coming out.

He looked up, and sure enough, Duke Wan was walking down the stairs.

As he made his way down, the gazes of all the girls in the hall were attracted to him.

Even He Qianxue, who was in the distance, gave him a stunning look.

However, He Qianxue quickly skimmed her lips again and muttered in a low voice, "What's so handsome about it?"

"Compared to Lin Mo, it's far worse!"

A girl next to her immediately laughed, "Miss Qianxue, what kind of handsome is Lin Mo?"

"That's what you call a lover's eye!"

Several other girls also laughed.

He Qianxue looked shy and pretended to be annoyed, "How dare you laugh at me!"

"I'll fight with you!"

He Qianxue pounced up to tickle those few girls, and several of them immediately fought together.

The other girls, however, were basically still staring dumbly at the middle of Duke Wan.

This Duke Wan, on the other hand, had a cold expression and didn't even look at anyone directly.

After he came downstairs, he walked around this hall, mainly checking out those medicines that were on display at Wan Chun Tang.

And everywhere he went, the girls over here, even breathed tightly.

Those pretty-looking girls were deliberately scratching their heads, trying to attract the attention of Duke Wan.

It was a pity that Mr. Wan didn't even look at them, as if they didn't exist at all.

Chapter 1588

Duke Wan walked around, and wherever he went, he was the focus of everyone's attention.

Finally, there was a rather pretty looking girl who confidently walked up to Duke Wan.

She took a deep breath, put on a charming smile as best she could, and said in a flirtatious voice, "Hello handsome, how are you~~~"

Duke Wan frowned, not even looking at her, and coldly threw out a word: "Get lost!"

The girl froze for a moment.

At school, she was the school beauty!

On weekdays, it was always others who chased her.

Walking on the road, she was accosted by countless people every day.

As far as she was concerned, any man, as long as she crooked her finger, he would immediately come over like a pug.

She was particularly confident in her own face, and that was why she had come to hook up with Wan Gongzi with confidence.

Moreover, this kind of thing. A man chasing a woman is separated by a mountain, and a woman chasing a man is separated by a veil.

If she was a girl, she had the courage to ask first, so even if she didn't like him, he would at least have pity on her and would politely refuse, right?

But she had never dreamed that Prince Wan would be so indifferent as to tell her to get lost?

Although she was very unconvinced in her heart, she did not dare to say anything, so she could only leave with a red face.

It could not be helped, just now the heads of the ten families personally greeted Wan Gongzi and the others up there, so the crowd knew that Wan Gongzi was not something they could mess with.

The other girls around them originally had the idea of coming up to strike up a conversation.

However, after seeing this girl get defeated, the crowd immediately dismissed their thoughts.

No one dared to come and make a fool of themselves!

As for Duke Wan, he was also happy to be free and continued to wander around this hall.

Lin Mo stood in the corner and watched this scene, quite speechless.

This Duke Wan was too aloof, wasn't he? Could he be a f**got?

As Duke Wan turned around, his gaze inadvertently glanced at Lin Mo in the corner.

He couldn't help but stare.

Although Lin Mo had disguised himself, his body shape had never changed.

After Duke Wan had fought with Lin Mo last time, he had always hated Lin Mo to the bone, and Lin Mo's appearance was almost engraved in his mind.

Now that he saw Lin Mo, even though his face was covered in beard, he still felt that this was Lin Mo.

Lin Mo didn't expect that he was still being watched by Duke Wan even though he was dressed up like this.

He turned around and pretended not to notice, unwilling to meet the eyes of Duke Wan.

Instead, Duke Wan walked straight over and blocked Lin Mo straight in front of him.

This scene instantly drew the attention of the surrounding crowd.

Or rather, no matter where Duke Wan went, he was the focus of the whole crowd.

The scene was awkward to the extreme for a while as Duke Wan stared at Lin Mo, who was too vain to meet his gaze.

"Do you know me?"

Duke Wan asked.

Lin Mo couldn't answer, his disguise was his face, his voice hadn't changed.

Duke Wan was beginning to suspect him, so if he opened his mouth to speak, wouldn't he be directly exposed?

Seeing that Lin Mo didn't say anything, Duke Wan's frown tightened, and he felt more and more that there was something wrong with Lin Mo.

Just then, suddenly, a loud voice came from outside.

"The Crown Prince of Hai Cheng has arrived!"

This voice immediately silenced all the people who were making a commotion at the scene.

Everyone turned their heads to look at the doorway.

The Prince of Hai Cheng, in the six southern provinces, his name was too loud!

Even the top ten families in the provinces did not dare to mess with this b*****d demon king.

Hearing this voice, even Duke Wan couldn't help but turn his head and look over.

He only suspected Lin Mo's identity, so he wanted to see if Lin Mo had come with the Prince of Hai Cheng.

Just as he turned his head, Lin Mo immediately slipped away silently.

Amidst the attention of the crowd, the Crown Prince of Hai Cheng swaggered in.

As soon as he entered the venue, he swept a glance straight through the surroundings and cursed, "Where is Qian Liangwen?"

"Tell him to get his a*s down here!"

Chapter 1589

With one word from the prince, the crowd around was shocked.

The first thing that I want to know is that this is Su Province, and Qian Liangwen is one of the top young masters in Su Province.

The Qian family itself was ranked in the top three of the top ten families in Su Province, and the success of the refinement of the re-creation pill would only see the Qian family's status soar again.

In this way, Qian Liangwen's status is basically similar to that of the Zhao family's young master, and it is not too much to say that he is the number one young man in Su Province.

And under such circumstances, the crown prince still dared to be so arrogant, yelling for Qian Liangwen to get over to him on the ground of Su Province, at the launch of Wan Chun Tang?

This was too domineering, wasn't it?

The surrounding crowd looked at each other, all standing here with the attitude of watching the fun.

They wanted to see how Qian Liangwen would handle this matter this time!

When the prince roared, someone ran upstairs to inform Qian Liangwen.

Qian Liangwen was holding Wan Zhi's hand and making out with her.

When he suddenly heard about this, his face suddenly changed.

He had fought with the Crown Prince before and had suffered a great loss at his hands.

Honestly, he was very much afraid of the Crown Prince.

However, today was a big matter for Wan Chun Hall, and for the Crown Prince to shout in public like this was simply a slap in his face.

Moreover, he was accompanied by Wan Zhi.

If he were to wimp out at this time, wouldn't it be even more humiliating?

So, despite some panic in his heart, Qian Liangwen said indignantly, "I don't know any Crown Prince of Hai Cheng!"

"Tell him that I'm not available to go over there!"

The one who gave him the message next to him was also a son of one of the Ten Great Families.

With a hesitant face, he whispered, "Young Qian, really really say that?"

Qian Liangwen glared at him indignantly, "Just say it when you're told to, what's the point of being a mother-in-law?"

"What, is it that I'm still afraid of him?"

The youth lowered his head and quietly skimmed his lips, but still turned around and went out.

Of course, he didn't dare to pass the word directly to the Crown Prince, that would simply be looking for trouble!

So, he approached the security chief and asked him to take care of the matter.

The security chief respectfully ran up to the Crown Prince and said in a respectful voice, "Master Prince, you're here?"

"Young Qian didn't come over today."

"What's the matter, just give me an order, I'll definitely help you get it done!"

The prince glared at him, "f*ck you, do you think I'm stupid?"

"This is such a big deal for the Qian family, and that b*****d Qian Liangwen didn't come over?"

"Don't give me that f*cking bullsh*t!"

"You go and tell Qian Liangwen that my car is still at the door."

"Give him five minutes to park my car!"

“Otherwise, don’t blame me for being rude to him!”

At these words, there was an uproar all around.

Everyone was shocked by the Prince’s forcefulness.

This was Su Province, it was the launch of Wan Chun Tang!

The Crown Prince actually asked the Qian family’s young master to park for him?

This was not only slapping Qian Liangwen in the face, it was also slapping the Qian family, the top ten families in Su Province, in the face!

The security captain was full of embarrassment, such a matter was not something he could solve either.

At this moment, someone had already gone upstairs and passed the news to the Ten Great Family Masters upstairs.

Hearing this, the ten great family lords were all furious.

“This b****d, relying on Huo Hua to back him up, really thinks he can be lawless?”

“How dare he ask the heirs of my ten great families to park for him?”

“What does he take my Ten Great Families for?”

A family head shouted indignantly.

Zhao Tianyuan also frowned and waved his hand, “Family Head Chen, go deal with this matter.”

“If he insists on causing trouble, throw him out!”

“Will my top ten families in Su Province be bullied by a trash who doesn’t even know who his biological father is?”

The Chen family head was none other than the new head of the Chen family today.

His face was a little embarrassed and he was quite upset in his heart.

This kind of thing was clearly an offense, and for Zhao Tianyuan to ask him to do it was clearly looking down on him!

Chapter 1590

Although the Chen family head was unhappy in his heart, he did not dare to resist.

After all, the Chen family’s current position was quite embarrassing.

He walked downstairs and put a smile on his face, “So it’s the Crown Prince who has arrived.”

“I’m sorry to have missed the welcome.”

“Liang Wen is a little unwell, so he didn’t come over today.”

“Prince, why don’t I ask someone else to park the car for you?”

The prince glanced at him disdainfully, “What are you, who are you to say such things to me?”

The Chen family head’s face changed and his expression turned cold as he said with a leathery smile, “I am the Chen family head, Chen Shizhou!”

The prince spat, “I don’t know.”

“Get out of here!”

The Chen family head was furious, “Crown Prince, don’t go too far!”

“This is always Su Province, you

The prince interrupted him directly, “So what?”

“Old me willing, what can you do to me?”

“Go, tell Qian Liangwen to get his a*s over here and park for me.”

“Or else, believe it or not, I’ll tear down this hall of yours!”

The Chen family head was furious: “This launch, is jointly organised by the ten major families of Su Province.”

“Prince, are you trying to make an enemy of the Ten Great Families of Su Province?”

The prince sneered, “That’s what you said!”

“What? You want to bully me because of the Ten Great Families of Su Province?”

“Heh, how about we have a match today?”

The Chen family head frowned, he was a new family head after all, he couldn’t make such a decision yet.

Just then, an icy voice came from upstairs, “Yellow-toothed little boy, ignorant rat, how dare you be reckless here?”

The crowd looked up, only to see the ten great house masters of Su Province, all standing out.

The one who spoke was none other than the leader, Zhao Tianyuan.

His face was full of anger as he said in a deep voice, “I’ll count to three, you get out now immediately, and this matter, I can pretend that it never happened.”

“Otherwise

The prince directly interrupted him, “There is no need to count.”

“I tell you, when I come here today, I must trample the heir of your ten families under my feet!”

“Surnamed Zhao, if Qian Liangwen doesn’t come and park for me, let your son come!”

Zhao Tianyuan’s face changed dramatically, this was simply a public slap in his face!

Zhao Tianyuan was the number one expert in Su Province, but he was insulted by a junior, how could he swallow this!

“You seek death!”

Zhao Tianyuan roared in anger, and the people from the ten major clans around him rushed out in unison, surrounding the crown prince in the middle.

From afar, Lin Mo frowned slightly.

He really couldn't understand why the Crown Prince had to make such a scene.

To clash with the Ten Families in front of so many people? How could he compete with the Ten Families with these bodyguards he had brought along?

Seeing that the people from the Ten Great Families were about to make a move, outside the door, a man of medium build walked in.

“Master Zhao, Yun Shao is just a child, why do you have to be normal with him?”

The man said with a light laugh.

The voice was not loud, but it reached the ears of everyone in the hall.

Seeing this man, Lin Mo's pupils contracted violently.

This man was no other than Huo Hua, who had once fought with him!

No wonder the Crown Prince was so strong!

So, his uncle had come too!

As soon as Huo Hua appeared, Zhao Tianyuan's face instantly turned iron blue.

He had fought with Huo Hua three times before.

The first time, he was defeated after fighting fifty moves.

The second time, he had dived into training for three years and challenged again. As a result, he was defeated in twenty strokes.

The third time, he was full of confidence, but this time, he couldn't even hold out for ten moves!

Since then, he had understood completely.

The path of martial arts was all about talent.

Huo Hua was the one with the most natural talent.

No matter how much he cultivated, the gap between him and Huo Hua would only get bigger and bigger!

Therefore, when he saw Huo Hua now, all he had in his heart was fear and panic, and even his body involuntarily began to tremble slightly.
