

## Genius 1781

### Chapter 1781

With a wave of his hand, Zhao Tianying simply turned around and walked away.

The few elders were so angry that their faces turned blue, but there was not a single thing they could do.

Zhao Tianyuan had run away, and those six clans were now staring at them intently.

At this time, the only way to salvage the situation was to let Zhao Tianying return as the head of the family.

After all, Zhao Tianying, along with Chen Wuyuan and the others, were imprisoned in the dungeon together and were also victims.

It was only when he became the head of the family that those six families would not continue to pursue the matter.

Therefore, despite Zhao Tianying talking like this, they could only endure it.

Lin Mo stood with Zhao Tianying and laughed lightly, "Isn't it a bit inappropriate to just tear your face off from them straight away?"

Zhao Tianying waved his hand, "What's suitable or unsuitable?"

"These old guys, they have gained a lot of benefits from Zhao Tianyuan over the years."

"If I want to take charge of the Zhao family, I have to disintegrate them."

"Otherwise, even if I become the head of the family, it will still be difficult for me to move an inch!"

Lin Mo slowly nodded his head, this was something that Zhao Tianying saw very clearly.

Moreover, he had noticed that Zhao Tianying's temper had changed quite a bit.

According to Chen Wuyuan, the Zhao Tianying that used to be, belonged to the more amiable ones.

Now, on the other hand, Zhao Tianying was completely sharp.

It was evident that the death of the woman he loved at the beginning had dealt him too great a blow and had caused a lot of resentment to build up in his heart.

However, such a Zhao Tianying was also more suitable to run the Zhao family.

Only such a hardliner could hold down those in the Zhao family!

At this moment, Tiger had already sealed off the entire Times Hotel and was searching room by room for Zhao Tianying.

Those six families had also sent their people out to help Tiger search for Zhao Tianyuan.

At this moment, Zhao Tianyuan's power had completely collapsed.

The families that had been clamouring to stand by Zhao Tianyuan's side were now all dumbfounded.

The Qian family and the Xue family in Suzhou province were no problem, those families in Suzhou province would definitely come after them.

On the other hand, those families in Guangdong Province were all dumbfounded now.

They originally thought that Zhao Tianyuan had the upper hand and was able to crush Lin Mo.

Therefore, they had been on Zhao Tianyuan's side and had been fighting against Lin Mo.

But who could have imagined that things would turn out like this.

Zhao Tianyuan fled in desperation and the situation was completely out of control.

Zhao Tianyuan had run away, but they couldn't run away.

The family heads of several families in Guang Province looked at each other, but in the end, they all came to Lin Mo with a stiff upper lip.

The head of the family was none other than the Peng family head, and as soon as he arrived in front of Lin Mo, he directly fell to the ground with a poof and said in a trembling voice, "Divine Doctor Lin, I ..... know I'm wrong ....."

"You punish me, no matter how you punish me, I ..... I admit it ....."

"Just please give me a chance, give me one last chance, how about you see how I behave in the future?"

Several other family masters also knelt on the ground and looked at Lin Mo with bewildered eyes, as if they were waiting for Lin Mo's forgiveness.

Lin Mo's expression was cold, not even looking at them as he said softly, "I have given you all a chance."

"I told you all when I first arrived here that as long as you went out and knelt down, all the previous matters could be forgiven."

"At that time, what did you all answer me?"

"Oh yes, you guys told me to kneel down, didn't you?"

The faces of several family heads suddenly became extremely ugly, and the Peng family head suddenly raised his hand and gave himself several slaps on the face as he said in a trembling voice, "Divine Doctor Lin, this ..... is our fault ....."

"I have done something wrong, I ..... admit it ....."

"You tell me, how exactly do you want to punish me?"

"As long as you can say it, I can do it ....."

Lin Mo couldn't help but smile and bend down to look at the Peng family head, "If I can say it, you can do it, really?"

"Hehe, fine."

“You jump down from here now, and this matter, it will be written off!”

## **Chapter 1782**

The Peng family master took a look outside, this was the top floor of the Times Hotel.

Jumping down from here would be certain death!

He cried out, “Divine Doctor Lin, you ..... are not kidding .....”

“Jumping from here, that would be certain death .....”

Lin Mo sneered, “Of course I know it’s certain death!”

“If it’s not certain death, then why would I let you jump?”

The Peng family head froze for a moment and said sharply, “Divine Doctor Lin, you ..... are just asking for my life .....”

Lin Mo slapped the table, “That’s right, I am asking for your lives!”

“I gave you guys a chance, you’re the ones who didn’t want it!”

“Man na, one must always be responsible for what one has done!”

The Peng family head’s face instantly became embarra\*sed to the extreme as he once again kowtowed repeatedly, “Divine Doctor Lin, Divine Doctor Lin, I really know I’m wrong, please spare me once .....”

“You give me one more chance, just one more chance, please .....”

Several other family heads also followed suit and knelt down to beg for mercy, in this moment’s time, they were already kowtowing all over their heads.

Lin Mo also ignored them and just looked at his phone as if he was waiting for something.

After almost ten minutes, a message arrived on Lin Mo’s phone: It’s done!

A smile wiped across the corner of Lin Mo’s mouth as he stood up and stood with his hands folded: “A few of you, still in the mood to kowtow here? Hurry up and check your phones.”

The Peng family head were all stunned, not understanding what Lin Mo meant by this.

They had come to attend Zhao Tianyuan’s wedding, and because they were afraid of disturbing the wedding scene, they had all turned their phones to silent.

During this moment, they were all kneeling in front of Lin Mo and begging for mercy, and no one was looking at their phones.

What did Lin Mo mean by asking them to look at their phones at this time?

A few of the Peng family lords were secretly alarmed and hurriedly took out their phones, only to find that there were already dozens of missed calls on them.

Several people hurriedly opened their phones and found that there were also many messages on WeChat.

When everyone took a look at the messages, they all turned pale.

The Peng family head was the first to jump up, exclaiming, "What's going on with this .....?"

"Divine Doctor Lin, why would the Tang family's people kill our family?"

Several other people also stared straight at Lin Mo, whose family, too, had suffered the same situation.

Several other clans from the top ten clans in the Canton Province had joined together and killed inside their clans.

And their clan was defenceless and everyone was under control.

People from the clan called and sent them messages about these things.

Lin Mo smiled faintly, "Didn't I tell you guys earlier?"

"If you don't leave here within a minute, then you will have to die here, and your clan, too, will be removed from Guang Province!"

"A few of you, do you really think that I am joking with you?"

The faces of these few people instantly turned miserable white.

When Lin Mo had entered just now, he had indeed said this to them.

At that time, they thought that Zhao Tianyuan was already in control of everything, so they didn't even take Lin Mo's warning into consideration, and even mocked him in various ways.

And now they realised that Lin Mo had really not lied to them with those words.

The Peng family head gritted his teeth and said indignantly, "Surnamed Lin, you've gone too far in doing this, haven't you?"

"Have you forgotten how several of our clans supported you back when you were in Guang Province?"

"Now that you've soared to great heights and your wings are hardened, you want to tear down the bridge?"

Lin Mo sneered, "Of course I haven't forgotten."

"Back when I was fighting against the Ten Great Families of Canton Province, you had also been watching the situation."

"Only later did you run over to support me when you found out that I was in control of the big picture."

"You guys are just a bunch of wallflowers, you haven't even helped me at all, so who are you to talk to me about tearing down bridges over the river?"

### **Chapter 1783**

These few family heads stuttered, and the Peng family head scratched his head and said in a deep voice, "Even if we haven't done you any favors, you don't have to drive us to extermination like this, right?"

“We are just here to attend a wedding, you ..... are going to exterminate our family, isn't that too much?”

Lin Mo said in a cold voice, “If you had only come to attend the wedding, I really wouldn't have driven you all to extermination.”

“But what you have done, you should know very well in your own hearts.”

“Other than that, the hand that was cut off from the tiger alone is enough for you all to pay with your lives.”

“And of those dozens of brothers who fought to the death to break Tiger's back at that time, a large part of them were hacked to death alive by you all.”

“These people's lives will have to be paid for with their lives too!”

A family head said indignantly, “Those are just some outlaws at the bottom of society, can their lives be compared to ours?”

Lin Mo glanced at him and said in a cold voice, “In your eyes, they are the lowest cla\*s of desperadoes in society.”

“But in my eyes, they are brothers who have lived with us and died with us!”

“Their lives are worth a lot more than yours!”

“You trash are not qualified to compare with them.”

After speaking, Lin Mo directly waved his hand and said in a cold voice, “Drag them out, leave no one behind!”

Tiger had been watching intently from the side for a long time, and upon hearing this, he directly led his men to rush up and drag all the people from these few clans out.

When others tried to resist, Tiger's men didn't say anything, they just broke their arms and legs and threw them out.

In the end, all the men from these families were dragged out, none of them left.

These people were all key members of these families.

This time, none of them would be able to return alive.

As Lao Hu watched these people being dragged out, he gleefully came to Lin Mo's side, “Brother Lin, the matter over in the provincial city has almost been dealt with.”

“How will the aftermath of these few families be handled?”

After the death of the key members of these families, their clans were completely finished.

These few families definitely had to be exterminated, however, these few families had also left behind a large amount of industries.

These industries would definitely need to be taken over by someone, and who would take them over would depend on how Lin Mo would distribute them.

No matter who took these industries, their strength would definitely increase greatly.

In fact, by taking this opportunity, Lin Mo was also going to completely purge the ten families of Guang Province.

Those families that had been screwing him over behind his back were naturally to be completely eliminated.

Those families that could always support him at critical moments would naturally be able to be reused and also get a bigger share of the benefits.

Those families that had always watched and did not support Lin Mo or Zhao Tianyuan, on the other hand, would not be able to take any benefits, even though they could stay.

Lin Mo pondered for a while and told the tiger about his distribution plan.

In this incident, the one who benefited the most was the Tang family.

Last time when Tiger was attacked by someone, it was the Tang family head who led the men to save Tiger, which was a great feat.

Therefore, after this one was over, Lin Mo would also push the Tang family out.

Lin Mo had already decided to let the Tang Family take over 30% of these properties.

In this way, the Tang Family's strength would definitely skyrocket, and in terms of financial power alone, it would be able to become the number one family in Guang Province, and its overall strength would also be able to enter the top three.

Later on, as long as the Tang family did not develop dissent, Lin Mo would always hold the Tang family in high esteem, making the Tang family the true number one family in Guangdong Province!

This time around, there were only three families that had stepped in to help Lin Mo.

The other two families would also receive a great commendation from Lin Mo.

As for the remaining families in Guang Province, although they hadn't helped Zhao Tianyuan, they hadn't helped Lin Mo either.

Therefore, these few families, would not be punished, nor would they receive the slightest reward.

#### **Chapter 1784**

As for Lin Mo's distribution plan, Tiger raised his hands in favour of it.

The reason he asked Lin Mo was that he wanted to help the Tang family ask for some benefits.

His life had been saved by the Tang family, and he was actually quite grateful to the Tang family in his heart.

And Lin Mo's distribution plan, which gave the Tang family a great advantage, also made him quite touched in his heart.

This proposal at least showed that Lin Mo really treated him as a brother!

Tiger happily told the Tang family head about the proposal.

The Tang Family Master was over in the provincial city, and he personally led a team to kill the Peng Family.

When he got the news from Tiger, he was so happy that he almost jumped up and down.

This time, three of the top ten families in Guang Province had been exterminated.

However, there were five other families outside of the Ten Great Families that had also run off to support Zhao Tianyuan, and these five families were definitely finished as well.

Although these five families were not as strong as the Ten Great Families, they were not much worse, and their assets were still very rich.

Together, there were eight families in total.

The industries of these eight families were a huge amount of assets, and the amount was terrifying.

Although the Tang family was a member of the Ten Families, the Tang family's assets were far less than the combined assets of these eight families.

This time, the Tang Family was able to get a 30% share of the assets, which to the Tang Family was like a gold mountain falling from the sky!

This 30% of assets was already twice the Tang Family's current assets.

With these assets, the Tang Family's financial strength would definitely leap to the number one position in Guangdong Province, and the Tang Family would be considered to have completely risen!

The Tang family head was now both thrilled and grateful, it was fortunate that he had saved Tiger this time!

He immediately announced the good news to the Tang family members present, and they all burst into cheers, all of them dancing with joy.

Getting such a large amount of assets, the Tang family members were all rich too!

Moreover, after this incident, the Tang family's status in Guang Province would definitely follow suit and climb dramatically.

You know, not long ago, the Tang family was only barely able to make it into the top ten families in Guangdong Province.

But after this incident, the Tang family will definitely be in a dominant position among the top ten families in Guangdong Province.

The people of the Tang family will also rise to the top of the boat, and their status will rise dramatically.

Other than that, at least after this incident, not many people in the province would dare to look down on the Tang family.

Even the top-ranked families in the province will have to be polite to the Tang family in the future.

After all, the Tang family was now Lin Mo's trusted family, so who would dare to treat the Tang family with disrespect?

Amongst the cheering crowd, there was one person with a forlorn expression and a face full of indescribable regret.

This person was none other than the Tang family's eldest daughter, Tang Yuqing, the only daughter of the Tang family head.

The last time her affair with Qian Liangwen had been exposed, the Tang family head had reprimanded her after she returned home.

And she remained unrepentant, shouting that she was doing this entirely for the Tang family and shouting that Lin Mo was certain to die.

She even made a bet with the family that Zhao Tianyuan would definitely kill Lin Mo. This time, Lin Mo had no chance of winning, and by doing so, the Tang family head was pushing the Tang family into the abyss!

However, things were now developing beyond her expectations completely.

Zhao Tianyuan had rebelled against his own family and fled in fear, leaving the ten major families of Su Province in complete chaos.

The Qian family, on the other hand, which she had originally placed high hopes on, had now become the target of all.

Even those in the Zhao family are now targeting the Qian family, and the Qian family is definitely finished this time.

As for Lin Mo, Tang Yuqing kept saying that he was dead.

But who would have thought that not only was he not dead, but he had also defeated Zhao Tianyuan and become the final winner.

Tang Yuqing couldn't tell how uncomfortable she felt right now, listening to the cheers of the crowd, she wanted to burrow into the ground, she couldn't afford to lose face!

## **Chapter 1785**

The cheers of the crowd at the scene, however, seemed like the most sarcastic language to Tang Yuqing's ears.

Twice in a row, Tang Yuqing had missed the best opportunity.

The first time, Elder Tang and the Tang family head had the cheek to beg Lin Mo, wanting her to work in Lin Mo's pharmacy.

If she could go and work in Lin Mo's pharmacy, then she would be able to climb into such a good opportunity and become a close friend of Lin Mo's side.

However, that great opportunity in the sky was blown by her because of her arrogance.

This time, she had even misjudged the situation again and made such a mess.

She originally thought she was the one who could save the Tang family, and as it turned out, she almost pushed the Tang family into the abyss.

If it wasn't for the elders in her family who had always stood firm on Lin Mo's side, this time, I'm afraid the Tang family would have been destroyed because of her!

The most crucial thing about this incident was not this disgraceful shame, but most importantly, she had also single-handedly ruined her own future.

Lin Mo had already said that she could live, but she would definitely not be allowed to work under the name of the Tang family again.

No matter how strong the Tang family was or how high its status was, it had nothing to do with her.

Moreover, this time, word must have spread in Guang Province, and those people in Guang Province must all know what she had done.

From now on, those fops in Guang Province will no longer treat her with half respect, and may even find opportunities to bully her.

After all, the Tang family won't stand up for her anymore, and she will have no status left in the province!

She would become a laughing stock of the province and would be laughed at by everyone in the province, by those whom she once despised.

Thinking about these things, Tang Yuqing felt in her heart that she might as well be dead.

But how could a person as selfish and arrogant as she be willing to die?

The rest of her life, even if she lived, would be a miserable one.

And this is all her own doing, she can't blame anyone!

.....

The Times Hotel was on lockdown for over two hours, and Tiger's men searched the Times Hotel from end to end, without being able to find Zhao Tianyuan.

Moreover, those few dogs, barked continuously at a sewer location.

From this, it was highly likely that Zhao Tianyuan had escaped from the sewers.

Since Zhao Tianyuan had run away, Lin Mo did not continue to delay at the Times Hotel, he first took Xu Hanxia back to Wangjiang Garden.

On the other hand, Xu Jiangong, Fang Hui and Lin Xi, had also returned to Wangjiang Garden a long time ago.

When the three of them saw Lin Mo, they all hugged each other and cried, each excited.

This time, Xu Jiangong Fang Hui's reaction also made Lin Mo surprised.

One should know that in the past, Xu Jiangong Fang Hui did not have a good feeling towards him.

The two of them often yelled that they wanted Xu Hanxia to find a rich family's son to marry, so that they could honor their ancestors.

And this time, even though the news of Lin Mo's death came, they did not let Xu Hanxia get married, instead they even tried to protect Xu Hanxia by all means, which was unexpected for Lin Mo.

However, after this incident, Lin Mo finally knew that Xu Jiangong and Fang Hui, at last, considered him as their own family!

All this also made Lin Mo feel that his efforts for such a long time had not been in vain.

After putting the family back together, Lin Mo took Xu Hanxia upstairs and personally told her about the Recycle Pill.

Xu Hanxia knew that the profits of the Recycle Pill must not be small, but she did not expect that it would be so terrifying that it would draw the ten largest families in the two provinces to fight for their lives.

Xu Hanxia snuggled into Lin Mo's arms and whispered, "Husband, why don't we hand over this Recycle Pill and forget about it?"

"Such a valuable item, if it stays in our hands, it will always attract other people's covetousness."

"I just want you to stay by my side in peace, whether it has money or not, it doesn't matter!"

## **Chapter 1786**

Lin Mo gently stroked Xu Hanxia's hair, his heart warmed to the core.

Xu Hanxia was such a woman, she did not require much in terms of material things, it was enough for her to keep her beloved safe and happy.

However, for Lin Mo, this was far from enough.

As a husband, he definitely had to struggle hard to make a good life for his beloved.

And as the heir of the Lin family, he must also find out what happened to overthrow the Lin family and must build up enough strength to avenge the Lin family!

"Hania, this rejuvenation pill, it's my gift to you."

"No matter what, I won't give this gift to anyone else!"

"Don't worry, I will protect you and protect our family!"

Lin Mo said seriously.

Xu Hanxia was filled with happiness and snuggled into Lin Mo's shoulder and stopped talking.

.....

The search in Guangyang City lasted for two days.

Lin Mo sent out all the people on his side, and at the same time, he also transferred many people from the provincial city, so to speak, scraping the earth to search for Zhao Tianyuan with all his might.

Zhao Tianyuan was extremely strong and, moreover, had a deep grudge against Lin Mo, so keeping this person was always a hidden danger.

Therefore, as long as he did not solve Zhao Tianyuan, Lin Mo would not be able to sleep or eat.

However, after searching for two days, Zhao Tianyuan seemed to have disappeared, and not even a trace of him could be found.

It seemed that Zhao Tianyuan had already fled Guangyang City.

When he couldn't find him, Lin Mo could only give up for the time being and reduced the number of people searching by 70%.

In the end, only Tiger was left with his men, continuing to patrol Guangyang City while also searching briefly.

That night, Lin Mo settled his family down and left Wangjiang Garden first.

This was also the first time he had left Wangjiang Garden in the past few days.

He was worried that Zhao Tianyuan might come and sneak up on his family, so, for the past two days, he had been guarding Wangjiang Garden, while also leaving a large number of men in the vicinity of Wangjiang Garden for defence.

However, he had to go out this evening.

Because, the people from those few families in Su Province were already preparing to go back to Su Province.

With such a drastic change happening to the top ten families in Su Province this time, there was bound to be a reshuffle over there in Su Province, and they had to go back to hold the scene and guard their interests.

Therefore, Lin Mo made an appointment with the heads of the remaining families in Guang Province, as well as those in Su Province, to discuss the next matter.

Lin Mo's car had just driven out of Wangjiang Park when a black car quietly drove over in the darkness and followed behind Lin Mo's car.

Inside the car sat a man, whose appearance was unimpressive and ordinary looking.

However, his eyes were fixed on Lin Mo's car and he did not relax for a moment as he followed closely behind.

Lin Mo's car finally stopped at the entrance of the Times Hotel, and Lin Mo got out of the car and went upstairs, greeted by all the big family owners.

The man's car was parked at a distance, and witnessing all this, he finally had more than a hint of a smile on his face.

He took out his mobile phone and dialed out a call, "Master Yuan, the man has arrived."

The person on the other end of the phone was none other than Zhao Tianyuan.

His brows furrowed as he said in a deep voice, "The one surnamed Lin is extremely cunning, are you sure that person is Lin Mo?"

The man nodded, "I'm sure it's him, I saw him get out of the car with my own eyes!"

"Moreover, the family heads of those families in Guang and Su Provinces were personally greeting him outside, this can't be wrong!"

Zhao Tianyuan pondered slightly for a moment and said, "Where is Zhao Tianying? Is he in?"

Man: "I've seen it too, Zhao Tianying is now the Zhao family head, he was mainly responsible for greeting Lin Mo just now!"

Zhao Tianyuan nodded slowly, "Good, I know!"

"Keep an eye on that side, don't leave at will!"

Hanging up the phone, Zhao Tianyuan looked at a man in front of him and said in a deep voice, "Zhao Tianying is also at the Times Hotel, so it looks like there's no mistake."

"Surnamed Lin, really think that I've left Guangyang City and have lowered my guard!"

## **Chapter 1787**

Sitting opposite Zhao Tianyuan was a middle-aged man who looked to be around forty years old.

The man was covered in designer labels, sitting on the sofa and was slowly sipping a glass of red wine.

His eyes were out of the corner of his eye, and when he listened to Zhao Tianyuan's words, he did not reply, as if he did not put Zhao Tianyuan in his eyes at all.

Zhao Tianyuan was standing in front of him, but he did not dare to say a word, he could only lower his head and wait quietly.

The man finished tasting the glass of red wine before he put it down.

He got up and walked in front of Zhao Tianyuan, reaching out to pat Zhao Tianyuan's shoulder, but his gaze was not even on Zhao Tianyuan.

"Zhao Tianyuan, just this bit of guts of yours, no wonder you've been tossing and turning in Su Province for more than ten years, but you still ended up in this situation!"

“For those who achieve great things, without guts, how can you plan things?”

The man said with a cold smile.

Zhao Tianyuan lowered his head, a trace of reluctance flashed in his eyes, but he did not dare to retort.

“Mr. Xie, this Lin surnamed is not simple.”

“Moreover, the people from the ten major families in Guang and Su Provinces are all on his side now.”

“If we want to deal with him, it’s best for us to think long and hard, lest we fall into his trap!”

Zhao Tianyuan said in a low voice.

The man sneered, “Not simple?”

“He’s just a son-in-law at home, so if he’s not simple, what can he do?”

“Top ten families in Guang and Su Provinces? Heh, it’s just a bunch of trash.”

“Otherwise, just like you, you would still be able to control the top ten families in Su Province?”

Zhao Tianyuan lowered his head, his face a little embarrassed.

These words of the man were a complete insult to him!

However, he didn’t dare to retort.

There was no other way, this man was too big.

His name was Xie Qianjun, and he was a member of the Xie family in the capital.

The Xie family, which had a very high status in the capital, was also married to the Nalan family, and was said to be interested in competing for the next Top Ten Families of China, which showed how strong the Xie family was.

And this Xie Qianjun, who also had an extremely high status in the Xie family, was one of the top three figures in the Xie family ranking.

The most crucial thing was that this Xie Qianjun, who had listened to lectures for three days under the Martial Emperor in the capital, was also considered one of the Martial Emperor’s disciples.

Therefore, there were not many people outside these years who dared not give Xie Qianjun face.

This time, he happened to be passing by the Southern Sixth Province and remembered that his niece had suffered a loss in the Southern Sixth Province before, so he wanted to kill Lin Mo to avenge his niece’s death.

As a result, he had just arrived here when he learnt that Lin Mo had died.

He had originally wanted to leave, but who knew that something had happened on this side of Guangyang City and Lin Mo had made a strong return.

So, he rushed straight to Guangyang City and prepared to settle Lin Mo.

On the one hand, he wanted to avenge his niece, and on the other hand, he wanted to show the strength of his Xie family to the world.

As for the third, he wanted to see Xu Hanxia's face.

This Xie Qianjun is a notorious playboy, now in his forties and still unmarried, changing at least a few dozen girlfriends every year and scouring the world for beautiful women.

When he heard that Xu Hanxia was the number one beauty in Guangyang, how could he sit still and of course, he wanted to come and meet her.

However, before he could even enter Guangyang City, two people came to his door.

These two people were none other than Qian Yong'an and Compa\*s Zun, who had escaped from Su Province earlier.

The two men found Xie Qianjun and claimed that they wanted to help Xie Qianjun take down Xu Pharmaceutical.

When Xie Qianjun heard about the re-creation pills, he also had some interest and agreed to the two men's plan.

Qian Yong'an and Compa\*s Zun, on the other hand, quietly sought out Zhao Tianyuan, which led to the current situation.

These people, all of whom counted as Lin Mo's enemies, had joined together to deal with him!

Xie Qianjun stood with his arms folded and said aloud, "You few, you're just too cautious!"

"Actually, why do we need to wait for these few days?"

"Nowadays, in Guang Province, where is there any big shot anymore?"

"Even if Lin Mo is guarding Wangjiang Garden, so what?"

"As long as I strike, even if that Zhao Tianying and Lin Zhaoge are both there, what can we do?"

## **Chapter 1788**

Zhao Tianyuan lowered his head and did not speak, his heart was quite displeased with this Xie Qianjun, but he did not dare to express it.

Qian Yongan, who was sitting next to him, hastily patted his horse's back, "That's of course!"

"If Mr. Xie personally strikes, how many people within the six southern provinces would dare to stop it?"

"It's also because Mr. Xie is too young, if a few more years pa\*s, even that Old Fifth Xue may not be a match for Mr. Xie!"

These words were quite flattering to Xie Qianjun.

He waved his hand, "You can't say that either."

“Old Fifth Xue is, after all, one of the Six Kings of the World, and my senior. His strength is still slightly better than mine.”

“However, he is considered an old acquaintance with my family’s old master, so if I personally fight, he will definitely have to give me a few favours!”

These words seemed modest, but in fact, Xie Qianjun’s tone was not the least bit modest.

Qian Yong’an hurriedly laughed and said, “That’s certainly true!”

“Old Master Xie, that’s the only remaining old senior in our China.”

“Not to mention Xue Laowu, even if the six kings of the world, who would not be polite and courteous when they see Old Master Xie?”

“By the way, I heard that when Mr. Xie went to study with the Martial Emperor, Elder Xie personally helped to arrange it?”

Xie Qianjun was full of smugness, “That’s of course.”

“Although Master Martial Emperor doesn’t ask about world affairs, he still has to give face to a handful of deceased people.”

“My family’s old master, who has known the Martial Emperor for dozens of years, is not something that ordinary people can compare to?”

Qian Yong’an was full of shock and said repeatedly, “The old master is really something else!”

Xie Qianjun was even more smug as he waved his hand, “Alright, with me here, you guys don’t need to worry about this Lin Mo.”

“Since he’s gone to the Times Hotel, let’s take a trip to Wangjiang Garden first!”

“Hehe, the number one beauty in Guangyang City? I’d like to see how pretty a girl there can be in this poor countryside!”

Qian Yong’an laughed, “I reckon ah, it must be a beautiful girl.”

“Otherwise, Old Zhao, who hasn’t said anything about getting married for more than ten years, why is he suddenly thinking of getting married?”

Zhao Tianyuan’s face was ironic, but he didn’t dare to say anything.

In the past, Qian Yong’an wouldn’t dare to talk to him like this even if he was killed, but now, he was also considered a tiger falling into the sun, Qian Yong’an wouldn’t even put him in his eyes anymore.

Xie Qianjun sneered: “Maybe it’s because you people in Su Province don’t have any experience and haven’t seen what a real beauty is!”

Qian Yong’an laughed heatedly, “That’s certainly no match for the beautiful women in the capital.”

“However, this kind of small family girl from a small place has its own flavour.”

“Mr Xie, just think of it as changing your appetite and eating something light!”

Xie Qianjun tilted his head and smiled, "Old Qian, you're quite a good talker!"

"Yes, when this matter is over, you will come with me to the capital."

"My Xie family is just short of a suitable doctor."

"In the future, if you stay in my Xie family, not many people will dare to disrespect you in this world!"

Qian Yong'an was overjoyed and hurriedly bent down to pay his respects, "Thank you very much, sir, thank you very much, sir!"

Next, the group drove straight to the Wangjiang Garden.

Outside the Wangjiang Garden, there were still quite a few people patrolling and guarding the place, all of which were left behind by Lin Mo.

Their car had just arrived here when they were stopped by a group of people.

At this time of the day, people who were not owners of Wangjiang Garden were not allowed to come and go at will.

Xie Qianjun was about to take action to settle these people, but he was stopped by Qian Yong'an.

"Mr Xie, don't startle the snake!"

"This kind of trivial matter, just leave it to Compa\*s Zun!"

"We're not afraid of a punk like Lin Mo, but once we let Xu Hanxia run away in alarm, wouldn't we have made a trip for nothing?"

Qian Yong'an laughed.

Xie Qianjun nodded, "That's true."

"Alright, leave it to you guys!"

## **Chapter 1789**

Qian Yong'an gave a wink to Compa\*s Zun.

The moment he opened the car window, he also put the porcelain vase outside the car window and opened the lid of the vase.

A white smoke emerged from the porcelain vase and quickly spread through the air.

A dozen people in the vicinity were directly enveloped by the white smoke, and before they had time to react, they all fell to the ground, unconscious.

Seeing this scene, Xie Qianjun said with interest, "What is this thing?"

The compulsion zun hurriedly said, "This is my Miaojiang's Vertigo Smoke."

"It is the poisonous smoke emitted by the Vertigo Compulsion, which is capable of rendering people unconscious in an instant."

Xie Qianjun was surprised and said, "Such a magical poisonous smoke?"

"Wouldn't this be very effective if used against the enemy?"

Zun Zhuan waved his hand, "This kind of ecstasy smoke is very effective against ordinary people, but for those who have a certain internal strength base, the effect is not so great."

"And those with stronger internal strength won't even be affected by the Vertigo Smoke!"

Xie Qianjun instantly felt some regret, he had thought that this Vertigo Smoke could be used against some strong people.

After putting these people down, they drove straight into Wangjiang Garden and drove all the way outside Lin Mo's villa.

The door of the villa was closed, but this was not difficult for these men.

One of their men rushed over and went straight over the wall, quickly opening the door of the villa.

Inside the villa was brightly lit, and from the window one could see that there were several people sitting in the living room.

Qian Yong'an pointed to the girl in the middle and asked, "Zhao Tianyuan, that is Xu Hanxia, right?"

Zhao Tianyuan lowered his head, his expression a little reluctant, but still nodded his head.

Xie Qianjun took a look and his face couldn't help but be filled with amazement, "It's really a beautiful girl!"

"I really didn't expect that there would be such goods in a place like this, this trip was not in vain after all!"

"If this is brought back to the capital to be raised, those people in the capital, probably have to be envious to the point of being envious, hahaha ....."

Qian Yong'an hurriedly said, "It's an honor for the girl to be brought back by you, Mr. Xie!"

"I think their entire Xu family, will feel honored to shine!"

Xie Qianjun tilted his head and smiled, his face full of triumph as he waved his hand and said, "Alright, let's talk about it first."

"You guys, remember to be polite, do you understand?"

Qian Yong'an nodded his head in a hurry, "That's right, that's right."

"This will be Madam Xie from now on, so don't disturb her, everyone!"

The crowd nodded their heads, and Zhao Tianyuan gritted his teeth, his face ironic.

When he first saw Xu Hanxia, he was also amazed and regarded her as forbidden at that time.

However, it had only been a few days, not to mention that he himself was a parasite. The most crucial thing was that the woman he had fallen in love with was going to be snatched away by someone else, how could he be willing to do so?

However, thinking about his current situation, he did not dare to say anything, and could only stand by silently.

Qian Yong'an quietly slipped into the villa and entered the living room, but none of the people inside had noticed yet.

Inside the living room, Xu Hanxia was sitting on the sofa with Lin Xi, watching TV.

Xu Jiangong, Fang Hui, was also sitting next to her eating fruit, looking happy and harmonious.

Xie Qianjun straightened his collar, coughed lightly and walked in with a smile, "Good evening, everyone!"

It was only then that Xu Hanxia and the girls noticed that someone had entered.

Xu Hanxia's face changed and she immediately pulled Lin Xi behind her and said urgently, "You guys ..... who are you?"

"Who let you guys in?"

Xie Qianjun said smilingly, "Please allow me to introduce myself."

"My name is Xie Qianjun, I am from the Xie family in the capital."

"I've heard the name of the number one beauty in Guangyang City for a long time, but when I see you today, you are really worthy of the name."

"I think that if I marry you back, people from our Xie family, should not object!"

## **Chapter 1790**

Xu Hanxia's face changed and she said sharply, "What did you ..... you say?"

"Who are you going to marry?"

"I already have a husband ....."

Xie Qianjun smiled, "I know, it's that Lin Mo, right?"

"Don't worry, after tonight, you won't have a husband."

"Because, Lin Mo is definitely bound to die tonight!"

Xu Hanxia was anxious: "What are you going to do?"

"I'm telling you, if you dare to touch my husband for one second, I ..... I'll call the police to arrest you ....."

Xie Qianjun tilted his head and laughed: "Still quite hot, a bit of fun, I like this kind of beauty with character."

Xu Hanxia was furious and picked up her phone to call.

At this moment, Qian Yong'an rushed straight over and snatched that phone away with one hand.

"Madam Xie, we don't want to get rough with you, and we still hope you can cooperate!"

"Otherwise, it won't be worth it to hurt this pretty face of yours!"

Qian Yong'an said smilingly.

Xu Hanxia still wanted to speak, when she saw Zhao Tianyuan standing in the corner.

Her face instantly changed, and she finally knew what kind of people these really were.

"I ..... I'm not afraid of you guys ....."

"The tiger is just leading a patrol nearby, you ..... If you don't leave, they will come in and you won't be able to run away ....."

Xu Hanxia's voice shivered a little, she knew that these people were very fierce.

Qian Yong'an sneered, "Tigers?"

"Heh, tonight, even he has to die!"

At this moment, Xie Qianjun waved his hand, "All right, don't waste time."

"Which one is Lin Mo's sister?"

"Here, get her over and take some pictures and send them to Lin Mo, so that he can come back and suffer death!"

Qian Yong'an sneered and directly reached out to grab Lin Xi.

Xu Hanxia hurriedly pulled Lin Xi behind her and said urgently, "What are you guys doing?"

"You guys ..... are so old, how can you bully children?"

Qian Yong'an sneered, "What's wrong with a child?"

"She is Lin Mo's sister, then she deserves to die!"

With that, Qian Yong'an directly crossed over Xu Hanxia and prepared to go and grab Lin Xi.

Just at this close call, a loud bang suddenly came from the window.

The glass was instantly shattered and a figure quickly rushed in, reaching Xu Hanxia's side in the blink of an eye and directly slapping Qian Yong'an with a palm.

Qian Yong'an's face changed and he hurriedly slapped his palm back.

The two palms collided and Qian Yong'an was directly shaken back several steps.

When he looked at him, he saw that the man standing next to Xu Hanxia was a sturdy man, and he was none other than Lin Zhao from Wu Zhai!

Seeing such a situation, Qian Yong'an's face changed: "Lin Zhao! You ..... how come you are here?"

"Aren't you at the Times Hotel, having a meeting with Lin Mo and the others?"

Just as the words fell, a familiar voice came from outside the door, "Who told you that we were at the Times Hotel?"

Qian Yong'an turned his head to look, only to see a few people walking in at the door.

At the head of them was none other than Lin Mo!

Seeing such a situation, Qian Yong'an's face changed greatly and was filled with shock.

"You guys ..... you guys ....."

Qian Yong'an pointed at Lin Mo, unable to speak for a long time.

Lin Mo walked to Xu Hanxia's side and smiled lightly, "Hanxia, is everything alright?"

Xu Hanxia hugged Lin Mo's arm and smiled faintly, "It's fine."

"With you around, I'm not afraid of anything!"

Lin Mo nodded with a faint smile, before turning his head to look at Qian Yong'an, "Qian Yong'an, do you really think we're all at the Times Hotel?"

"Heh, as long as Zhao Tianyuan is not removed, my home will always be unsafe."

"Even if I had to have a meeting, I would choose to have it at Wangjiang Garden, how could I possibly run to the Times Hotel?"

"What you saw was just what I deliberately let you see."

"If I hadn't pretended to go to the Times Hotel, how would all of you shrunken heads, how would you all show your heads?"
