

Genius 1851

Chapter 1851

Xie Qianhao had originally run off ambitiously to arrange these things, but as a result, after getting these answers, he came back with his head hanging in despair.

“Brother, I don’t think this solution will work at all!”

“Chen Wuyuan and Zhao Tianying are just going out of their way to break the bank.”

“That old man Chen Wuyuan, when he left from Su Province, he had a fight with those people from his family, the Chen family is in chaos, several forces are vying for the position of family head.”

“In this situation, Chen Wuyuan isn’t even going back, so I guess it’s unlikely that he’ll be allowed to return even if he wants to!”

“Everyone else’s situation, it’s pretty much the same too!”

Xie Qianhao said helplessly.

Xie Qianshan frowned tightly, this situation was something he hadn’t expected.

He originally thought that he could use the chaos of these clans to put pressure on Chen Wuyuan and the others.

But unexpectedly, these people did not care about these situations at all, so this plan would really not work.

Seeing that Xie Qianshan did not say anything, Xie Qianhao shrugged his shoulders and said, “Big brother, how about we just fight them hard!”

Xie Qianshan glared at him, “Can you stop thinking about fighting with people all day long?”

“Did I not make myself clear? Our Xie family can’t afford such a loss!”

Xie Qianhao said, “So what now?”

Xie Qianshan said in a deep voice, “If this solution doesn’t work, then let’s find another one.”

Xie Qianhao scratched his head, “Is there another way to get these people to leave?”

“I don’t think so, it’s unlikely!”

Xie Qianshan said in a deep voice, “It may not be necessary to let them leave.”

“Although Lin Mo has many people around him, however, there are not many true experts.”

“Since the open ones won’t work, let’s do the dark ones.”

“Qianshan, call the clan and ask them to send a group of experts over.”

“We can sneak into Wangjiang Garden and a*sa*sinate these people!”

Xie Qianhao was a little confused, “Big brother, will this method work?”

“These people, bringing thousands of people to help Lin Mo ah”

Xie Qianshan glared at him, “Several thousand people, all of them standing around Lin Mo?”

Xie Qianhao was stumped for a moment, “Uh, that’s that’s not true”

Xie Qianshan: “Then isn’t that right?”

“Our target, the main one is Lin Mo, the others are not important.”

“This time, if we can sneak in and take Lin Mo silently, we don’t need to care about the others!”

“Even if they do find out, with the strength of these consecrated experts of our Xie family, it won’t be difficult to break out!”

“Lin Mo is the leader of this group, as long as he is captured, this group of people will be like a scattered piece of sand, then it will be easier to deal with them!”

“Capture the thief first, this principle, understand?”

Xie Qianhao’s eyes lit up, “Big brother, I get it!”

“Good, I’m going to contact the clan and arrange for manpower!”

Xie Qianshan nodded and said in a deep voice, “Remember, don’t let the news slip out.”

“Since we’re going to sneak in, we have to act in a low profile, understand?”

Xie Qianhao nodded repeatedly, his face full of joy, “Big brother, when you catch this Lin, can you hand him over to me for disposal first?”

“This son of a b*tch, sneaking up on me and injuring me like this, I will definitely not let him go!”

Xie Qianshan frowned, “Capture him and let’s talk about it.”

“This person is still useful, at least make him hand over the recipe for the Recycle Pill.”

“What’s this injury of yours? Recreate Pill, that’s a divine medicine worth hundreds of billions or even trillions!”

“If our Xie family can grasp this Re-creation Pill, by then, we can definitely enter the top five of the top ten families in China, and then no one will really dare to underestimate us anymore, understand?”

“It’s not too late to take revenge on you when you have the formula in your hands!”

“When the time comes, I’ll hand the man over to you, and you can do whatever you want with him!”

Xie Qianhao looked excited and nodded vigorously, “Understood!”

Chapter 1852

Wangjiang Garden.

The guards of the entire Wangjiang Garden had been upgraded a lot.

Previously, it was Brother Fire who was patrolling the place with some security guards, but now, those people from Brother Fire had all withdrawn, and in their place, there were people from all the big families in Su Province and Guang Province.

Those on patrol at Wangjiang Park are all martial artists, and their strength is not bad.

It was impossible for ordinary people to break into Wangjiang Garden.

In Lin Mo's villa, Lin Mo was sitting in the hall with Chen Wuyuan, Zhao Tianying and the others.

Chen Wuyuan had already told Lin Mo about what had happened over in Su Province.

"Divine Doctor Lin, what you said was exactly right!"

"Those b*****ds from the Xie family really did run off to threaten those other people in our Chen family in a vain attempt to cause our Chen family to implode and force me to return to Su Province!"

"Hmph, they don't even know what the situation is over in Su Province right now, using this trick to force me? Dream on!"

Chen Wuyuan said loudly.

Next to him, Zhao Tianying and the others all nodded their heads.

Before coming to Guangyang City, they had actually arranged everything.

Those who stayed in Su Province and did not come were themselves already standing in a hostile position with them.

At this time, if the Xie family wanted to use those people to force them, it was just a blind toss!

However, Lin Mo did not feel the slightest bit of joy, instead, he frowned.

"This time, the Xie family definitely won't just let it go!"

"If this move doesn't work, then the Xie family will definitely think of another way."

Lin Mo said in a deep voice.

Chen Wuyuan waved his arm, "No matter what methods they use, what schemes they have, whatever they want!"

"I came to Guangyang City this time with the determination of certain death!"

"It's a big deal to fight with them, even if I die, I will hold his Xie family's people together!"

"Killing one is enough, killing two earns one, as long as they are willing to fight to the death, I don't care!"

"Anyway, no matter what, I have to let his Xie family know. These small clans of ours are not something they can bully at will!"

The Chen family head, had been forced to die by the Xie family before.

For this matter, Chen Wuyuan could be said to hold a deep resentment, so he really had a desperate mind for the Xie Family.

Lin Mo shook his head, "Elder Chen, I understand what you mean."

"The Xie family is too deceitful, if it really comes to the last resort, then we will definitely have to fight them hard to the end."

"However, it hasn't come to that yet, so let's not rush into a fight with them."

Next to them, Zhao Tianying and the others nodded their heads, although they had come with the determination to fight to the death. But in truth, they were still not quite willing to fight for their lives like this!

Chen Wuyuan let out a bitter smile, "Divine Doctor Lin, I'm not willing to fight them either!"

"These hundreds of people in the Chen family are all living beings too."

"Who would want to die when there's a chance to live?"

"But the problem is, I'm afraid that we, these people, can't fight the Xie family either!"

Lin Mo's face was calm: "Elder Chen, don't be anxious."

"Before you guys didn't come to Guangyang City, on my own, I really could only run for my life."

"However, now that you all support me, and this is not the Xie family's territory, I do think that we can fight the Xie family!"

The crowd looked at Lin Mo, Zhao Tian's English tone was a bit excited: "Divine Doctor Lin, you have an idea?"

Lin Mo smiled lightly, "A bit of an idea."

All of them were immediately energized, Zhao Tianying said excitedly, "Divine Doctor Lin, then how sure are you?"

Lin Mo shook his head, "Thirty percent!"

The crowd looked at each other, their expressions all a little lost.

However, Zhao Tianying still nodded, "Thirty percent is not bad!"

"This is the Xie family, that's not something we can fight against at all!"

"Having a thirty percent certainty is enough to fight them!"

"Divine Doctor Lin, we, the Zhao family, definitely support you!"

Chapter 1853

1am, Wangjiang Garden.

This is the time of day when one is most physically sleepy.

A bus pulled up to the riverside, three miles away from Wangjiang Garden.

More than twenty people got off the bus, all dressed in black at night, none other than members of the Xie family.

The man at the head of the bus was none other than Xie Qianshan.

And among those present, a few were senior members of the Xie family who had followed him here. The others, on the other hand, were all the Xie Family's consecrated experts who had flown over from the capital today!

Any one of these people was not weak, and could be considered the elite of the Xie Family.

Xie Qianshan looked at the crowd and said in a low voice, "You all have memorised the map of Wangjiang Garden by heart, right?"

"Lin Mo lives inside the villa at the top."

"Inside this Wangjiang Garden, not only does Lin Mo live, but there are also experts from all provinces, and the number is extremely large."

"Therefore, we must fight quickly, take Lin Mo down in the shortest possible time, and take him out of Wangjiang Garden."

"As a last resort, don't alert the others, understand?"

The crowd at the scene nodded their heads.

Xie Qianshan covered his face with a black cloth and said in a low voice, "Alright, move!"

The crowd immediately dispersed and ran towards Wangjiang Garden from all directions.

Xie Qianshan was the backbone of these people and he chose to rush over from the direction of the back door.

In the Wangjiang Garden, not only were there many people patrolling inside the villa area, but even outside, there were also people constantly patrolling.

However, the strength of these patrollers was far less than that of Xie Qianshan.

Xie Qianyan quietly avoided these people, just like a leopard hunting in the dark, and quietly slipped into the Wangjiang Garden.

The Wangjiang Garden covered a large area, and there were more people on patrol inside than outside.

However, to Xie Qianshan, the strength of these guards was too weak.

As the head of the Xie family, Xie Qianshan was extremely powerful.

Even Xie Qianjun was no match for him, so it was clear how strong he was!

If he wanted to avoid the guards, it would be as easy as pie!

After quietly bypa*sing the guards, Xie Qianshan arrived at the top villa, which was where Lin Mo lived.

When he arrived here, Xie Qianshan looked around and found that no one from the Xie family had arrived yet.

And this, too, was what he had expected.

Xie Qianshan was the strongest, and the others, who were far worse than Xie Qianshan, naturally did not have the speed that Xie Qianshan had.

He did not wait for the others either, but sneaked into this villa alone first.

He was the strongest, so naturally he had to figure out the situation in the villa first, so that the others would not be in any danger if they came in again.

Lin Mo's villa still covered a large area, and inside the courtyard, there stood a dozen people, each guarding a different location.

However, it was after one o'clock in the morning, at the time when people are most physically sleepy.

Although there were quite a few people standing guard in the courtyard, they were all a bit drowsy and not as focused as they should have been.

In addition, the courtyard was decorated with trees and some rockeries, so the view of the courtyard was not that good.

Xie Qianshan used his excellent lightning skills and used the trees and rockery as cover to bypa*s the guards in the courtyard and arrived at the villa in the middle.

The lights inside the villa were on, and in the hall, there were a dozen people sitting there, none other than Lin Mo and Chen Wuyuan Zhao Tianying and the others.

Seeing Lin Mo, a brilliant aura flashed in Xie Qianshan's eyes.

He had sneaked in first, just to see if Lin Mo was really here.

If Lin Mo was not here, then there was no need for them to make a move, lest they alert the snake.

And now that Lin Mo was here, then they had come on the right trip!

Xie Qianshan stepped back a little and used his mobile phone to send a signal to the rest of the Xie family, informing them to start moving.

Chapter 1854

The rest of the Xie family must have infiltrated the Wangjiang Garden by now.

Moreover, for such a long time, there had been no movement in the Wangjiang Garden, which meant that the rest of the Xie family had not alerted the guards here either.

However, Xie Qianshan also felt that this was normal.

After all, there weren't many experts left in these families in Su Province's Guang Province.

Here, there were only a few people such as Zhao Tianying, who could still compete with those Xie Family's consecrated experts, the others, were simply not enough to see.

Now, these experts were all guarding Lin Mo's side, and there were no experts outside to defend them at all.

If the Xie family's people infiltrated the Wangjiang Garden under such circumstances, it would be as easy as a snap, and would not alert anyone at all!

After sending the signal, Xie Qianshan quietly pulled the window open a crack and began to eavesdrop on the conversation of the few people inside the house.

In the middle of the hall, there was a large pottery stove with smoke curling up from it, and it looked like it was making medicine.

On the marble table next to the furnace, there were a lot of medicinal herbs, and it looked like they were planning to make medicine.

Xie Qianshan was amazed, where did Lin Mo's interest come from?

At this time of the day, he was still thinking about making pills? Shouldn't he be thinking about how to avoid the Xie family's pursuit?

However, Xie Qianshan still looked on carefully.

After all, Lin Mo was known as a divine doctor and was able to refine a divine pill like the Reclamation Pill, so the method of refining the pill must not be simple.

Moreover, the Xie family had also specifically investigated Lin Mo's affairs and found that Lin Mo had not only refined the Reclamation Pill, but had also practiced magical pills like the Little Returning Pill and the Qi and Blood Pill.

These pills, any one of them, would be enough to shake the medical world.

The reason why the Xie family wanted to capture Lin Mo back to the capital was partly because of the Reclamation Pill, and partly because they wanted to ask Lin Mo about the refining methods of other pills.

Whether it was the Little Returning Pill or the Qi and Blood Pill, or any of those other pills that Lin Mo had refined.

As long as the Xie family mastered any of them, it would be enough to make the Xie family's strength and status climb once again!

Therefore, now that he saw that Lin Mo was here refining pills, Xie Qishan was really quite curious about it.

At this critical moment, what kind of pills was Lin Mo going to refine?

Lin Mo was staring at his watch, as if he was calculating the time.

Suddenly, Lin Mo stood up and smiled, "It's done!"

He removed the fire from the potion furnace first, and then, opened the lid of the potion furnace, and a white mist, gushed out directly from the furnace.

Although Xie Qianshan was standing outside, he could smell a strong medicinal fragrance.

The fragrance of this elixir only made him feel soothed and the flow of true qi in his body was much smoother than usual.

Xie Qianshan was shocked in his heart, this was the elixir Lin Mo had made!

As expected of a divine doctor, the aroma of this elixir could have such an effect. Then what kind of effect would it have to be if one took this elixir?

Thinking of this, Xie Qianshan couldn't help but have a brilliant aura flash across his eyes.

If such a person could be used by the Xie Clan, then the Xie Clan would be like a tiger with wings!

He took a deep breath and looked into Lin Mo's eyes with even more determination.

Lin Mo poured out the pills from the dan furnace and handed them to the crowd at the scene.

"This is the Little Returning Element Pill, you guys try it."

"The steps just now, you all saw them clearly, right?"

Lin Mo asked.

The crowd turned out to eat the pills one after another, then nodded, "Seen it clearly!"

Lin Mo: "Very good!"

"Then, next, I'll teach you the refining method of the Qi and Blood Pill, so this is something you should watch clearly!"

Outside, Xie Qianshan's heart twitched, was Lin Mo teaching the crowd how to refine pills?

Shouldn't this secret method be the biggest secret of all? Why was he imparting it to these people?

At this moment, Chen Wuyuan said, "Divine Doctor Lin, this formula for these pills are all worth a fortune."

"Is it appropriate for you to impart them to us like this like this?"

Chapter 1855

Lin Mo waved his hand and said softly, "Elder Chen, you all know the situation now."

"The Xie family is talking about taking revenge for Xie Qianjun, but after all is said and done, doesn't it still want the recipe for these pills in my hands?"

"Although the Xie Family has now been driven out of Guangyang City by us, however, if we, alone, want to fight the Xie Family, it is definitely like hitting a rock with an egg!"

"I've also thought it over, this time, I'm afraid that I'm not going to be able to escape."

"However, if the Xie Family wants to obtain the secret recipe for my medicine, they are delusional!"

"Even if I die, I will definitely not tell them the secret recipe for these pills!"

“But, these secret recipes, they are also all life-saving things, they can’t just be lost like this.”

“Therefore, I am pa*sing them on to you now.”

“Firstly, it is to repay you all for your help to me. Secondly, I also hope that you all can carry these pills forward and not let them be lost!”

Outside, Xie Qianshan’s face instantly turned iron blue when he heard these words.

He didn’t expect that Lin Mo would be so resolute.

He would rather die than pa*s on this secret recipe to the Xie family?

Xie Qianshan was quite annoyed in his heart, however, he did not make a sound.

He had originally planned to kill the Xie family directly after their people arrived, but now he had changed his mind again.

Since Lin Mo was unwilling to tell the Xie family about these secret recipes, then he would steal them outside!

When he learned these secret recipes, then he wouldn’t need to find Lin Mo to ask for them, ah.

When the time came, if he killed everyone in this house, then the Xie family would be the only family that had these recipes, and that would be the ideal situation!

Thinking of this, another cold smile wiped across the corner of Xie Qianshan’s mouth.

He suddenly realised that he had made the most correct decision in coming here tonight.

This time, whether or not he could capture Lin Mo was no longer important, learning these secret recipes was the most crucial ah.

After all, after capturing Lin Mo, one still had to consider how to bring him to the capital.

Although Fifth Master Xue did not say anything, Xie Qianshan knew very well that Fifth Master Xue would definitely not let them take Lin Mo away easily.

And now, as long as they learned these secret recipes, then what was the point of catching Lin Mo?

Just as Xie Qianshan was calculating, a slight sound of landing suddenly came from outside.

Xie Qianshan turned his head to look, only to see that in the courtyard of this villa, a dozen of people in black had slipped in.

These people, all of them, were experts of the Xie family.

After these people came in, they directly put down all those guards in the courtyard.

Although the guards were all martial artists, they did not have the slightest power to resist in front of these experts of the Xie Family.

Moreover, when the Xie family experts sneaked in, they were all knocked unconscious before they could even react.

Seeing this, Xie Qianshan immediately exited the house and waved his hand at these people.

These people were originally planning to rush directly into the house, but when they saw Xie Qianshan waving his hand, they were all surprised, not knowing exactly what Xie Qianshan meant.

Xie Qianshan also did not say anything, but took out his mobile phone and sent a message to these people, to the effect that they should not startle the snake first and go and steal Lin Mo's secret recipe for medicine making.

When the crowd saw the message, they all understood what Xie Qianshan meant and hurriedly followed them into the room, each finding a suitable position and quietly staring at the situation in the hall.

At this time, Lin Mo had also cleaned up the pottery furnace and started to refine pills for the second time.

He picked up the herbs on the table, and for each one he put inside the dan furnace, he would say the name and dosage of that herb.

Xie Qianshan not only turned on the recording function of his mobile phone, but also took notes himself, not daring to be the least bit sloppy and careless.

The rest of the Xie family, too, all watched intently and took careful notes.

These steps were the key to the Xie family's future rise, so there was no room for error!

Chapter 1856

Lin Mo was refining the medicine in the hall, carefully explaining each step in order to make those present remember it in more detail.

And these explanations were all written down by the people of the Xie family outside.

No matter which herbs were used, or the year of the herbs, or the proportion of the herbs or anything like that, everyone in the Xie family had memorised them all.

Xie Qianshan was secretly sneering as he recorded these things, muttering in his heart, "Lin Mo, Lin Mo, you wouldn't dream that we were listening right outside, would you?"

"Heh, still dying not to pass on these secret recipes to our Xie family?"

"Once I've written down all these secret recipes, I'll make you whole and let you die here completely!"

Inside the hall, Lin Mo knew nothing, and after putting all the herbs in, he lit the fire and began to refine the medicine.

Outside, someone from the Xie family looked towards Xie Qianshan and asked if they wanted to make a direct move.

Xie Qianshan glared at them, signalling for them not to make a rash move.

What a rare opportunity this was!

Lin Mo had explained the secret method of the Qi and Blood Pill, and there would definitely be other secret recipes to be taught later, this was the perfect opportunity for the Xie family to steal these secret recipes, so how could they alert the snake?

Inside the hall, not long after the fire was lit, a burst of white mist appeared inside that dan furnace.

This mist filled the hall and gradually spread to the room outside.

Everyone in the Xie family, too, could smell the white mist and were all enchanted.

This medicinal fragrance made them all feel particularly soothed, and their whole bodies had an indescribable feeling of relaxation.

Xie Qishan could not help but feel in his heart that this Lin Mo's art of alchemy was really not simple!

The rest of the Xie family, feeling the benefits of this medicinal fragrance, one by one breathed it in greedily.

After about five minutes of time, something unexpected suddenly happened.

A person standing beside Xie Qianshan's body suddenly swayed and unexpectedly sat on his buttocks on the ground.

This made a soft sound, which scared Xie Qianshan's face.

If this was heard by the people in the room, what would happen?

He immediately glared at the man, signalling him to hurry up and get up.

However, he suddenly found that the man was sitting on the floor, not able to get up at all, but his eyes were in a trance.

What was the situation?

Before he could react, a few more people fell to the ground next to him, all of them from the Xie family.

Xie Qianshan was frozen, what was going on?

And the same situation continued to happen.

These people from the Xie family kept falling to the ground.

Moreover, the most crucial thing was that after these people fell down, they couldn't even stand up.

Xie Qianshan reached out to help the man next to him, but found that his whole body seemed to have lost its strength, and he could not stand up at all.

Seeing that half of the Xie family had fallen to the ground, Xie Qianshan's face finally changed.

He quickly took a step back and let out a low cry, "Come out quickly, this fog is poisonous!"

Apart from the few people who followed Xie Qianshan and exited, the rest of the Xie family, all failed to exit.

Basically, all of them fell to the ground, unable to crawl up.

Those who followed Xie Qianshan out also did not last long and collapsed to the ground one after another.

Xie Qianshan's face turned ugly as he suddenly realised that he seemed to have fallen into Lin Mo's trap!

Just then, the door to the hall also opened, and Lin Mo and the others walked out with light smiles.

"Clan Master Xie, we meet again!"

Lin Mo said with a light smile.

Next to him, Chen Wuyuan and the others, seeing that so many people had fallen on the scene, each of their faces were covered with unconcealed joy.

Xie Qianshan's face turned blue as he gritted his teeth and said, "Surnamed Lin, you are despicable!"

"How dare you set up such a trap to harm us!"

Lin Mo shrugged his shoulders, "Master Xie, that's not right of you!"

"If you didn't want to come and sneak up on me, how would you have entered this trap?"

Chapter 1857

Lin Mo's words rendered Xie Qianshan speechless.

He looked at the crowd around him and gritted his teeth, "Surnamed Lin, how did you know we would come over tonight?"

"Who told you that?"

"Did you bribe someone from our Xie family?"

Lin Mo laughed lightly, "Master Xie Clan, you misunderstood."

"I knew you would come, but I didn't know when you would come!"

"However, I have set this trap, so as long as you come, then you will definitely be trapped!"

Xie Qianshan's eyes widened, "You how did you know we were coming?"

Lin Mo: "What's so strange about that?"

"Master Xie, you guys were driven out of Guangyang City by us last time, so you definitely won't be able to rest in peace."

"You forced those big clans in Su Province and tried to lure Elder Chen and the others back, but it didn't work, so you definitely had to think of other ways."

"But, your Xie family is now desperate to enter the top ten families in China, and it's only suitable to build up strength now, not to gather a large number of people to fight us."

"Therefore, the only way you can deal with us is to rely on the fact that you have many experts on your side and strike out to sneak up on us."

“And, I can be sure that you guys feel that you will use this method.”

“Because, your target is me, and this method, can achieve your goal with the least amount of losses, can’t it?”

Xie Qianshan’s face changed, Lin Mo’s analysis wasn’t bad at all.

He suddenly realised that he had somewhat underestimated Lin Mo.

Or rather, because the Xie family was so powerful, he had gotten a little C*cky and didn’t even put Lin Mo in his eyes.

However, now that he thought about it, how could someone who could be chosen as the heir by Nanba Tian be a simple person?

Xie Qianshan gritted his teeth, “Then how do you know when we’re coming?”

“If we don’t come tonight, or if we’re an hour late, then isn’t all of this, all of you, a blind toss?”

Lin Mo laughed lightly, “Master Xie, whenever you come, the result will be the same!”

Xie Qishan froze for a moment, “Why?”

“Even if we come an hour later, or an hour earlier, we’ll still be able to avoid this poisonous smoke of yours!”

Lin Mo shook his head, “Clan Master Xie, you underestimate me too much.”

“This poisonous smoke of mine, I will only release it after you have come.”

“Just now, I also started releasing this poisonous smoke because I knew you guys were coming.”

Xie Qianshan couldn’t help but be stunned, “You how did you know we were coming?”

“With your strength, you shouldn’t have been able to detect us coming in!”

Lin Mo laughed lightly, “Master Xie, what era is this, and you still use your ears to listen?”

“That’s right, with our strength, it’s true that we can’t detect you coming in.”

“But as good as your lightning skills are, can you escape the high-tech heat detectors?”

“I have installed this heat detector inside this house.”

“As soon as you enter, the detector will send me a signal, and I will know immediately.”

“Master Xie, I deliberately pretended to teach them alchemy, and in fact, what I just made was a kind of enchanted smoke.”

“What’s ridiculous is that you all still watched me refine it intently and, moreover, inhaled a lot of it, right?”

Chen Wuyuan and the others all burst into laughter.

Xie Qianshan’s eyes widened and his entire body was dumbfounded.

He had originally thought that these people from the Xie family were so powerful that even if they ran here, Lin Mo and the others would never be able to detect it.

But now, he realised how ridiculous his thought was!

Lin Mo and the others were not strong enough, but they had high-tech equipment!

And these were the things that Xie Qishan and the others normally didn't bother with.

Who would have thought that it would be these things that would expose their situation?

Xie Qianshan's face was pale, he understood that he had really fallen this time.

Chapter 1858

Chen Wuyuan laughed out loud, "Divine Doctor Lin said a long time ago that you guys would definitely come running to sneak up on us."

"Moreover, he also said that if you guys saw him refining pills, then you would definitely sneak around to learn."

"I didn't expect that your every move was predicted by Divine Doctor Lin."

"Hahahaha, it's hilarious to think about."

"Watching with my own eyes as Divine Doctor Lin refined the enchanted smoke, and also made to inhale so much of it, hard enough to knock himself out."

"Xie Qianshan, only someone from your Xie family could do such a thing, right? hahaha"

Zhao Tianying also laughed, "By the way, Divine Doctor Lin also said that this kind of enchanting smoke is not that effective for an expert in internal arts."

"Unless one inhales a lot of this kind of enchanted smoke, it will only be able to daze an expert in internal arts."

"Hahahaha, Xie Qianshan, all of you have fallen, how much of this must have been inhaled?"

The crowd around them burst into laughter again.

Xie Qianshan's face was extremely ugly, thinking about what had just happened, he really wanted to find a crack in the ground and go in.

Just now, those of them thought that this was the medicinal fragrance of the Qi and Blood Pill, and they were all sniffing hard at the poisonous smoke.

Before, they thought they had taken advantage of it, but now it seemed that it was really too humiliating.

Xie Qianshan gritted his teeth and asked reluctantly, "But this poisonous smoke, you all inhaled it too, so why are you all fine?"

Lin Mo said slowly, "Have you forgotten?"

“Just now, the first potion, I gave it to them.”

“Those, are antidotes!”

Only then did Xie Qianshan remember that Lin Mo had said that the first furnace was the Little Returning Pill, and had even distributed that elixir to the crowd to eat.

At that time, he didn't take it seriously, thinking that Lin Mo was just letting those people test the medicine.

Only now did he realise that those pills weren't small reversion pills at all, they were the antidote!

Thinking about this, Xie Qianshan was simply crying out for tears.

Lin Mo's ploy was simply seamless.

He had calculated every step of their plan, and the Xie family had simply come here to die!

Xie Qianshan clenched his fists and stared at Lin Mo with a deadly stare, “Lin, you're really tricky!”

“But what can be done about it?”

“I, Xie Qianshan, have long since perfected my internal arts, and am only one step away from entering the realm of Little Grandmaster.”

“This poisonous smoke of yours has no effect on me at all!”

“You can charm the people of my Xie family, but you can't charm me!”

“If I want to kill you, who can stop me?”

Lin Mo smiled faintly, not only did he not show the slightest fear, but he walked in the direction of Xie Qianshan.

The faces of all the people around him changed, and Zhao Tianying hurriedly took a step forward: “Divine Doctor Lin, it's dangerous!”

Lin Mo waved his hand with a faint smile, “It's alright!”

As he spoke, Lin Mo had already walked three metres in front of Xie Qianshan.

A sharp aura flashed in Xie Qianshan's eyes, Lin Mo was so close to him. As long as he reached out, he would definitely be able to take Lin Mo down!

However, in the end, he did not make a move and just stared at Lin Mo with a deadly gaze.

He knew that Lin Mo dared to come over, so he must have a plan. He wanted to see what Lin Mo was trying to do!

Lin Mo looked at Xie Qianshan face to face, “Master Xie, this trap of mine, from beginning to end, is not aimed at you either!”

“With your strength, an ordinary poison would have no effect at all.”

“If you want to kill me, that would indeed be as easy as pie!”

“But the question is, do you dare to kill me?”

Xie Qianshan’s face was cold as he stared at Lin Mo with a deadly stare, “Do you think I don’t dare to kill you?”

Lin Mo laughed and said slowly, “Do you really think that these people in your Xie family are just as simple as being bewitched?”

“Inside this enchanting drug of mine, I’ve also added bone-etching poison.”

“Within three days, as long as I don’t give them the antidote, all the bones in the Xie Family’s entire body will melt away, eventually turning into boneless invalids!”

“Master Xie Family, now, do you still dare to kill me?”

Chapter 1859

Xie Qianshan’s face changed.

He did not expect that this poisonous smoke of Lin Mo was laced with such a poison.

The Xie family members beside him were all trembling in fear now as well.

He took a deep breath and said in a deep voice, “Surnamed Lin, you are despicable!”

“But, do you think this little thing can scare me?”

“Do you really think that, in this world, you are the only one who is a divine doctor?”

“I tell you, the number one divine doctor in China is in the capital.”

“This bit of poison of yours is nothing to him!”

Lin Mo laughed coldly, “Is that so?”

“Then you kill me and go beg him to treat these people in your Xie family!”

“Oh, yes, I have one more thing to remind you.”

“The poison that I have poisoned is my own concoction, made from seventeen kinds of poisons put together.”

“If you want to cure the poison, you have to figure out the ingredients of these seventeen poisons, and the order in which they are added.”

“Just a half-hearted mistake would leave these people dead and buried!”

“Master Xie, do you think that the number one divine doctor of China can really figure out exactly what poison I have poisoned and in what order?”

Xie Qianshan’s face was stunned, honestly, he really didn’t have a clue in his heart.

Although he felt that the First Divine Doctor of China was able to lift this poison, the problem was that if these poisons were really this complicated, then it would not really be easy to treat them.

The people who followed him here tonight were the elite of the Xie family, accounting for a third of the Xie family's experts.

Moreover, many of these people were senior members of the Xie Family and were in charge of the Xie Family's extremely important industries.

If anything were to happen to these people, the Xie Family would be doomed.

Without these people, the Xie Family's strength would be greatly reduced.

At that time, the Xie Family would not be able to enter the top ten families in China, but might even be reduced to a second-rate family in the capital.

At that time, the Xie family would really be finished!

Xie Qianshan took a deep breath, he knew very well that these people, absolutely could not have any slip-ups.

He stared deadly at Lin Mo, calculating in his mind whether he should simply capture Lin Mo and force him to give these people an antidote to the poison.

Lin Mo also saw what Xie Qianshan had in mind, and smiled lightly as he received it, "Master Xie, do you want to capture me to cure these people in the Xie family?"

"Heh, whatever you want."

"Since I dare to stand here, I must have thought of this."

"Do you really think that I, Lin Mo, am the kind of person who can be coerced by you?"

Xie Qianshan's face was cold as he gritted his teeth and said, "Surnamed Lin, do you think you have hard bones?"

Lin Mo sneered, "If I were really afraid of death, I would have followed you to the capital long ago, why would I have come to this point?"

"Master Xie, I, Lin Mo, have a rotten life, compared to the hundred-year plan of the Xie family, is it worth it or not, you choose for yourself!"

Xie Qianshan frowned and looked at Chen Wuyuan and the others next to him, "Then do you believe me, I can kill everyone here by myself!"

Chen Wuyuan laughed disdainfully, "Since we dare to go against your Xie family, we have long since put life and death on the line."

"Want to kill me? Whatever you want!"

"However, I still say the same thing. If I die, at least one of your Xie family members should die to accompany me, right?"

"What am I, Chen Wuyuan? I'm just a small man from a small family."

“To be able to drag a senior member of the Xie family to be buried with you, a good death, a good death, hahaha

Everyone else followed suit and laughed, the expressions on the crowd’s faces were extraordinarily resolute.

It was obvious that the attitude of the crowd was the same, completely uncoerced by Xie Qianshan.

Lin Mo, on the other hand, looked coldly at Xie Qianshan and calmly said, “Master Xie, your strength, we certainly don’t doubt it.”

“We can’t stop anyone you want to kill!”

“But I can guarantee that for all these people here, if you kill one, I can make two of your Xie family die!”

“Master Xie Clan, I advise you not to challenge me.”

Chapter 1860

Xie Qianshan’s face became extremely ugly, just as Chen Wuyuan had said.

Chen Wuyuan and the others were completely incomparable to these people of the Xie family.

Using the lives of Chen Wuyuan and the others to exchange for the lives of these people in the Xie family was not worth it!

Xie Qianshan stared at Lin Mo for a long time, before finally letting go of his fist.

After these few times, Xie Qianshan had already seen that these people, Lin Mo, weren’t afraid of death at all!

The lives of these people in the Xie family were in Lin Mo’s hands, so he did not dare to make any rash moves.

If Lin Mo really just held on, then the Xie family would really be finished.

Xie Qianshan took a deep breath and said in a deep voice, “Lin Mo, what do you want then?”

Lin Mo smiled cheerfully, “It looks like the Xie family head is really willing to talk to me?”

“In that case, then let’s go in and sit down and have a good chat?”

Xie Qishan said in a cold voice, “I have nothing to say to you!”

“Just tell me how you can give them the antidote to the poison!”

Lin Mo said calmly, “I’m afraid I won’t be able to give them the antidote to the poison today.”

Xie Qianshan’s face turned cold: “Surnamed Lin, don’t go too far!”

“I’m telling you, if any of my Xie family’s people have the slightest chance of dying, all of you, will die without a burial place!”

Lin Mo: “Master Xie, if you want to keep talking to me with this attitude, then I’m afraid we won’t be able to talk.”

“Fine, you can kill us, and then, these people from the Xie family will die here.”

“I’ll do whatever I want!”

Chen Wuyuan also laughed, “I’m at liberty to do the same!”

“It’s worth my life to drag your Xie Family from entering the Top Ten Families of China!”

The others also laughed out loud, all of them looking at Xie Qianshan with disdain, not taking his threats into account.

Xie Qianshan’s face turned blue as he gritted his teeth and said, “Surnamed Lin, then when exactly will you be able to give them the antidote to the poison?”

Lin Mo: “It’s very simple.”

“All I need is for the Xie family head to make an announcement to the public, and I will immediately give them the antidote to the poison.”

Xie Qishan frowned: “What announcement do you want me to make?”

Lin Mo smiled faintly, “I only need the Xie Family Master to send out an announcement to tell the world that Xie Qianjun’s death has been cleared up and has nothing halfway to do with me, Lin Mo.”

“The Xie family, too, will never seek trouble from me, Lin Mo, and that will be enough!”

Xie Qianshan fiercely clenched his fist as he stared at Lin Mo with a deadly cold look in his eyes.

He finally knew what Lin Mo’s purpose really was.

This time, the Xie Family was able to raise an army to deal with Lin Mo because of the murder of Xie Qianjun.

In fact, people from the Xie family also knew that Xie Qianjun had been killed by Zhao Tianyuan.

However, the Xie family just pretended not to know and put all the blame on Lin Mo, just to deliberately take this opportunity to deal with Lin Mo.

Moreover, no one could say anything when the Xie family did so.

After all, the matter of Xie Qianjun’s murder had not been investigated clearly either.

Even if people said that Zhao Tianyuan was the murderer, but that was just speculation, without any evidence, the Xie family just pretended not to know.

If the Xie family sought revenge on Lin Mo, no one could say anything, and it would not be appropriate for any of the major powers or big clans to get involved in this, after all, the Xie family had lost a man.

However, if this matter was investigated clearly, or if the Xie family admitted that this matter had nothing to do with Lin Mo, then the Xie family would no longer be able to deal with Lin Mo in an open manner.

Without the matter of Xie Qianjun as an excuse, if the Xie family targeted Lin Mo again, the other major powers would not sit idly by.

After all, everyone is watching, and the benefits of the reconstructed pills are not just for the Xie family to see, everyone else is also salivating.

The significance of Lin Mo asking them to send out this announcement was very obvious.

As long as the Xie family issued this announcement, then the Xie family would no longer be able to deal with Lin Mo in this way.

This time, the matter would be successfully resolved!
