

Genius 1871

Chapter 1871

When Wu Xuan made the first move and struck a blow, a sharp aura flashed in Lin Mo's eyes.

As the saying goes, once a connoisseur strikes, you can tell if there is one.

Lin Mo knew Wing Chun extremely well, and had met several Wing Chun masters one after another.

Among these Wing Chun masters, the strongest one was Huo Hua.

A single Wing Chun inch punch could directly kill a strong man!

However, when Wu Xuan struck, Lin Mo knew what it meant to be a Grandmaster-level Wing Chun master.

It seemed like a simple punch, but it had countless variations, blocking all of Lin Mo's retreats.

This was something that even Huo Hua could not do!

At least, in terms of Wing Chun, Huo Hua's martial arts skills were inferior to Wu Xuan's.

Lin Mo took a deep breath and immediately took a step forward, using the same Wing Chun move to block Wu Xuan's punch.

The moment the two fists collided, Lin Mo clearly felt that Wu Xuan's fist was like a towering mountain that he could not shake.

Lin Mo's heart was shocked to the core, this Wu Xuan's internal strength was far beyond his imagination!

However, fortunately, Wu Xuan did not pursue the attack.

After their fists collided, Wu Xuan immediately withdrew his fist, achieving a true point.

Moreover, there was a clear flash of brilliance in Wu Xuan's eyes.

Lin Mo's punch was really what he had expected.

In all his years of fighting with people, there were very few people who could block his punch with their stances!

How could he not be shocked that Lin Mo had done just that?

However, Wu Xuan did not say anything and continued to throw punches, battling with Lin Mo.

Both of them were extremely fast, and their strikes were on point, mainly because they were observing each other's moves.

Li Tiezui stood by, only dazzled by what he saw, he was not even sure what was going on.

After almost ten minutes of fighting, both of them took a step back at the same time and stopped fighting.

Wu Xuan took a deep breath and said with excitement on his face, "Doctor Lin, I didn't expect you to have such an attainment in Wing Chun!"

"I have been practising Wing Chun for so many years, and I have never admired anyone except my father."

"You are the first person that I have admired!"

Lin Mo hurriedly waved his hand, "Brother Wu, you're joking."

"It's your Wing Chun that has really opened my eyes."

"Besides, with your strength, if I had been willing, I would have been defeated long ago!"

Li Tiezui was beside him with a dumbfounded look, "So who won now, anyway?"

Lin Mo laughed, "Brother Wu is certainly much stronger than me!"

Wu Xuan, on the other hand, waved his hand, "If we compare martial skills alone, we are probably on par with each other."

"However, Divine Doctor Lin should have practiced more than one type of fist."

"So, in terms of martial arts skills, Divine Doctor Lin is still better than me!"

Li Tiezui's eyes widened, "Really?"

Lin Mo hurriedly said, "Brother Wu is being modest."

"The way of kung fu itself is to cultivate both inside and outside."

"If you have empty martial arts skills but not enough internal strength, that doesn't mean anything."

"If I were to fight Brother Wu with this skill, I don't think I could even last five minutes!"

Wu Xuan said softly, "You're still young, and it's not easy enough to have such internal strength."

"Divine Doctor Lin, I have high hopes for you."

"In the future, you will definitely have a great future!"

Li Tiezui was instantly filled with excitement, "Really?"

"Hahahaha, so what, I, Li Tiezui, have never been wrong about anyone!"

Wu Xuan ignored him and turned around to pack his things.

Lin Mo said goodbye to Wu Xuan and took Li Tiezui away.

When he returned to his villa, Lin Mo immediately looked at Li Tiezui: "Old Li, this big brother Wu, where did you find him?"

"He's really something with this body!"

"With his help, I finally have an expert sitting on my side!"

Chapter 1872

Lin Mo's assets on his side are actually not weak anymore.

The scope of his strength had also expanded to Guang and Su Provinces.

However, Lin Mo's only problem was that he did not have any experts around him who could hold up the scene.

Once he met someone like Xie Qianjun, Lin Mo's side would really be helpless.

This Wu Xuan, however, filled this gap.

Although Lin Mo was unable to test how strong Wu Xuan was, he could be sure that Wu Xuan was definitely not weaker than Xie Qianjun!

Li Tiezui smiled, "The one I found for you, that's definitely not an ordinary person."

"Just don't worry, this person, he can definitely help you a lot."

"Moreover, you don't have to worry about this person's loyalty either."

"This person, is a deadhead."

"If he is willing to help you, even if the King of Heaven comes, he will fight with the other side to the end."

"If he's not willing to help you, even if you put out a mountain of gold and silver in front of him, he won't even take a look at it."

"Since he has decided to stay here, then if you have anything to do in the future, just leave it to him!"

Hearing these words, Lin Mo couldn't help but be overjoyed.

Having such a strong person by his side was truly a great joy.

Over the next few days, Lin Mo had been dealing with the affairs of Su Province and Guang Province.

On the Xie family's side, after issuing the announcement, they began to make it known to the world that they were hunting down Zhao Tianyuan Qian Yongan and Compa's Zun.

However, in fact, the Xie Family itself did not make much of a move, only sending out a few minor figures to search for Zhao Tianyuan and the others outside. None of the Xie Family's top brass, however, had moved!

This situation caused many people outside to speculate about what had happened between the Xie Family and Lin Mo.

The Xie Family had run to Guangyang City to deal with Lin Mo in an aggressive manner, only to run back to the capital in disgrace and make such an announcement.

Could it be that the Xie family had suffered some kind of loss in Guangyang City?

Among them, the most shocked were definitely those in Su Province and Guang Province.

Originally, there were still many people in Su and Guang Provinces who did not obey Lin Mo, and especially in Su Province, there were still many people who were foolish enough to rise up against Lin Mo.

However, after the Xie family retreated to the capital in disgrace, these people became honest.

Those people in Suzhou Province had originally joined together to fight against Lin Mo.

As a result, after such an incident, the alliance of these people directly broke up.

After Chen Wuyuan Zhao Tianying and the others returned to Su Province, they took action to rectify these people, and none of them even dared to resist, allowing Chen Wuyuan Zhao Tianying and the others to smoothly bring the situation in Su Province under control.

A week soon passed, and the general situation was completely settled in Su Province, Guang Province.

Those who had disobeyed Lin Mo were basically dealt with.

Either they were solved, or they were driven out of Su Province Canton Province, or they were honestly subjugated.

After this incident, it could be said that Lin Mo's reputation in Su Province Guang Province had once again been made.

He had already completely controlled Guang Province before, and this time around, he had also taken control of Su Province.

With the support of Chen Wuyuan and the others, these big families in Su Province and Guang Province were now basically listening to Lin Mo.

However, after Lin Mo took control of these two provinces, various rumours were immediately spread.

Among them, the most heartbreaking was that Lin Mo was vying for power in the Southern Realm, wanting to take away Master Xue Wu's power and ultimately take away the position of King of the Southern Realm!

These people, obviously, were trying to sow discord, trying to provoke Master Xue Wu into coming against Lin Mo.

And to such rumours, Lin Mo simply ignored them.

This was because he knew that Master Xue Wu would not make a move against him.

With his strength, he could not threaten Master Xue Wu at all.

However, his Xu Pharmaceutical, however, was able to create great profits for the Southern Realm.

As long as he remained within the confines of the South Realm, Master Xue Wu, would definitely not deal with him!

Chapter 1873

The truth was just as Lin Mo had guessed.

These rumors did not stimulate Master Xue Wu.

Instead of dealing with Lin Mo, Master Xue arrested those few people who had spread the rumours and directly executed them, killing them as an example to others and using his strength to prove his support for Lin Mo.

In this way, no one dared to spread such news on the Southern Realm side anymore.

Lin Mo only laughed at such a situation, and superficially said a few words of ceremony to express his gratitude to Master Xue Wu.

In fact, Lin Mo knew very well that Master Xue was a person who considered everything he did from the perspective of profit.

Therefore, Lin Mo would not be grateful to him at all!

A week later, Lin Mo had not yet seen any big moves from the Xie family.

On the contrary, there was news from the capital that the Xie family was planning a betrothal ceremony with the Nalan family!

The Xie family's eldest daughter was marrying into the Nalan family. This was a marriage that Xie Xingguo had gone to great lengths to get, and it was also something that the Xie family attached the greatest importance to.

The Xie family naturally attached great importance to this betrothal ceremony.

Hearing this news, Lin Mo could not help but breathe a sigh of relief.

He finally knew why the Xie family hadn't moved, they simply couldn't be bothered.

For the Xie family, the marriage with the Nalan family was definitely more important than anything else.

The marriage was about to be arranged, which was the most important thing for the Xie family at the moment, so how could they be busy with other things at this juncture?

Therefore, after receiving this news, Lin Mo began to calculate and prepare to bring Xu Hanxia and the others back from Hai Cheng.

At eleven o'clock in the evening, Lin Mo was sitting in his inner room, cultivating the Creation Skill, when the mobile phone on his body suddenly vibrated.

Lin Mo was surprised, this vibration was a signal from the heat detector he had set up outside this villa, a signal that came from someone walking in and being detected.

Usually at this time of the day, Lin Mo had to practise his kung fu, and the people on his side would not come to disturb him if there was nothing particularly important.

Even if there was something important, then they would have to call first.

There were not many people who could enter his villa at will, only a few people such as Li Tiezui Tiger.

At this time, who had come in?

Lin Mo walked out of the inner room with doubts, only to see that the living room was dark, and on the sofa, there was a person sitting, unable to see his appearance clearly.

“Old Li?”

Lin Mo asked with confusion.

The man did not answer, instead he slowly stood up.

At this moment, Lin Mo suddenly had an indescribable sense of crisis.

He subconsciously opened his mouth, wanting to open it and shout.

However, at that moment, a strong wind suddenly came from behind him.

The person who struck was so fast that Lin Mo immediately tried to dodge, but he was already one step too late.

A palm slapped him on the back of the head, and Lin Mo blacked out and passed out.

In the darkness, a man stepped out from behind Lin Mo, and it was none other than Xie Qianshan.

A cold smile wiped across Xie Qianshan’s face, “Surnamed Lin, you’ve fallen into my hands after all!”

“Hmph, inside this villa, there isn’t even a watchman.”

“Guess, this son of a b*tch never dreamed that I would come running to catch him back when the Xie family was about to get engaged!”

The man in the living room also walked over, and the light finally shone clearly on his appearance.

This was an old man in his sixties, looking somewhat dry and thin, but with a shining light in his eyes, he was the type with extremely strong internal strength at first glance.

He swept a disdainful glance at Lin Mo and said in a cold voice, “A waste like this, why do you need me to come here personally?”

Xie Qianshan hurriedly smiled, “Fifth Uncle, this is just in case!”

“However, this time, there’s really no need to worry about anything either.”

“My dad invited Xue Laowu to the capital for this betrothal ceremony.”

“The old man of the Wan family, he hasn’t recovered yet!”

“In the entire Southern Realm, no one is your rival now, no one can stop us from doing whatever we want to do, hahaha”

Chapter 1874

This old man was none other than Xie Qianshan’s fifth uncle Xie Xingbang, a true patriarchal figure of the Xie family.

Xie Xingbang is the younger brother of Xie Xingguo, the oldest member of the Xie family, and is the fifth oldest member of the family in this generation.

He was also a secret weapon trained by Xie Xingguo himself.

In earlier years, like Xie Xingguo, he was also una*suming, and even people in the family thought he was very mute.

When in fact, Xie Xingbang had extremely high talent in the martial arts.

Xie Xingguo allowed him to practise martial arts without revealing himself, in order to prepare for his future seizure of power.

Xie Xingbang's strength was no worse than Xie Xingguo's.

After Xie Xingguo had defeated his rival and made a name for himself, the previous Xie family head and the old man had secretly tripped up Xie Xingguo.

However, they misjudged the strength of Xie Xingguo's side of the situation.

Or rather, they only took Xie Xingguo's strength into account, but not Xie Xingbang's.

Among them, they had almost succeeded in one a*sa*sination.

The people sent there pushed Xie Xingguo to the point of exhaustion.

As a result, just when everyone thought Xie Xingguo was dead, Xie Xingbang, who had been una*suming and unobtrusive, became powerful and saved Xie Xingguo by decimating all those experts.

That battle also completely defeated the strength of the previous family head and the old man.

Xie Xingguo finally took over the power of the Xie family because of his patience and the secret move of Xie Xingbang.

And after Xie Xingguo took control of the Xie family, this Xie Xingbang, did not follow Xie Xingguo to take charge of everything in the Xie family.

On the contrary, after Xie Xingguo's position was secured, he left the Xie family and travelled the world, practising martial arts everywhere.

Upon his return in ten years, Xie Xingbang's strength had increased tremendously and he was only one step away from being a Junior Grandmaster.

You know, even those top ten families in China don't have many Little Grandmasters sitting around.

If Xie Xingbang was able to enter the realm of Little Patriarch, then the Xie family, would really be able to compete with some of the Ten Great Families of China.

Huo Hua and Zhang Jiu Duan were said to be the two most talented people in this generation.

And now, both of them had yet to enter the realm of Little Grandmaster, so it was clear how strong this Xie Xingbang was.

Three years ago, Xie Xingbang had closed his door to cultivate and to reach the realm of Little Grandmaster.

Nowadays, even Xie Qianshan did not know what Xie Xingbang's strength was.

However, Xie Qianshan did not ask.

Since Xie Xingbang had come out of seclusion, it meant that even if he wasn't at the realm of Little Patriarch, he wasn't far off.

Therefore, this time when he came to capture Lin Mo, Xie Qianshan was not worried at all.

With Xie Xingbang in charge, if he wanted to capture Lin Mo, it would be as easy as a snap?

Moreover, the Xie family had made sufficient preparations this time.

They used the Xie family's engagement with the Nalan family to lure the fifth master Xue to the capital.

In this way, no one would be able to stop them in the southern border, and they could take Lin Mo away without any problems.

By the time Master Xue found out about this, Lin Mo would have already arrived in the capital.

Thinking of this, Xie Qianshan couldn't help but laugh even more gleefully.

"Fifth Uncle, this plan of Dad's is really seamless!"

"Hahahaha, had we known this, we wouldn't have come to Guangyang City before."

"Bringing so many people over, going through so much effort, and still being shaded by this kid, it's a disgrace."

Xie Qianshan said with a smile.

Xie Xingbang calmly said, "Your father is just too cautious when it comes to doing things."

"Dealing with such a punk, why bother with so much effort?"

"In fact, this time, even you don't have to come, I can completely bring him back by myself!"

Xie Qianshan hurriedly laughed, "That's certainly true."

"Fifth Uncle, this time, having you come is not about arresting people either, it's mainly just in case."

"I heard that this son of a b*tch is still involved with the Wan family."

"Even if Xue Laowu goes to the capital, we still have to be on guard against the Wan family!"

Chapter 1875

Xie Xingbang hummed disdainfully, "The Wan family?"

"Heh, this family, it used to be okay."

"Now, among the top ten families in China, it's basically near the bottom, what's there to fear?"

"Even if he is not injured, can he still stop me?"

"He didn't come this time, but if he did, I would really like to see what the peculiarities of his Wan Family's ancestral martial arts are!"

Hearing these words, Xie Qianshan's heart was even more excited.

Xie Xingbang was so confident that he didn't even put the Wan family's old man in his eyes, which showed how strong he was now.

And the Wan family's old master, that was an absolute minor patriarch.

In that case, Xie Xingbang, now had the strength to fight against the Little Patriarch?

Xie Qianshan was flushed with excitement.

With Xie Xingbang having such strength, coupled with his father's hard work over the years, the Xie family's strength had far exceeded his previous expectations.

This time, if they captured Lin Mo again and got the benefits of the Recycle Pill in their hands, then the Xie family's strength was bound to skyrocket by another realm.

At that time, the Xie family would not only enter the top ten families in China, but would even become a pivotal presence among the top ten families in China.

And he, Xie Qianshan, would also become a great figure who could really reign in China, and his status would be no worse than that of the Six Kings of the World!

Forcing down the excitement in his heart, Xie Qianshan picked Lin Mo up and walked straight out.

However, just as he reached the door, Xie Xingbang suddenly stopped.

His eyebrows furrowed tightly as he looked in the direction of the door and whispered, "Someone's coming?"

At this moment, Xie Qianshan also heard the sound of footsteps.

He disdainfully brushed his mouth, "It's probably Lin Mo's men."

"Fifth Uncle, you take Lin Mo away first, this kind of small person, I'll take care of it."

"This is Guangyang City after all, it would be best if we could not alert the snake!"

Xie Xingbang nodded, grabbed Lin Mo's clothes, carried him and jumped straight out of the window.

Xie Qianshan, on the other hand, walked silently to the door and hid behind it, ready to sneak up on the visitor.

However, when he hid himself, he suddenly realised that the sound of footsteps outside had stopped.

He couldn't help but be surprised. The people outside, weren't they going to come in?

However, he was in no hurry and hid behind this door and waited.

As soon as the other party came in, he could immediately knock them down.

However, after waiting for a while, there was nothing moving outside.

This situation made Xie Qianshan quite surprised.

The other party didn't come in and didn't leave, what was he doing? Is he standing outside as a punishment?

He had originally planned to wait for the other party to come in and sneak up on them, so that they would be unnoticed.

However, now that he saw that the other party was not coming in, he could not help himself.

He quietly came around and prepared to rush out and quickly finish this person off.

However, when he came out from behind the door, he was shocked to find that the courtyard was empty!

Xie Qianshan was directly confused.

What was this situation?

Just now, he had clearly heard footsteps and someone had already walked to the middle of the courtyard.

But in this moment, how come there was no one outside?

Where the hell had this person gone?

Could it be that he had misheard?

Even his fifth uncle Xie Xingbang had heard it, so it was impossible for both of them to have misheard it together.

But if it wasn't a mishearing, then where was this man?

Even if he didn't enter the house and he turned to leave, then Xie Qianshan could at least hear the footsteps ah.

But, just now, Xie Qianshan heard nothing, so how did this man disappear out of thin air?

With doubts, Xie Qianshan also ran to the courtyard and searched around, but there was still no one there.

Xie Qianshan was even more confused, could it really be that both of them had heard wrongly?

He scratched his head and eventually didn't think much of it, quietly slipped out of the courtyard and ran down the hill in the night.

Chapter 1876

On the side of the road below Wangjiang Garden, there is a hidden corner.

Xie Qianshan's car was hidden at this corner.

He ran all the way over and when he reached the car, he found that there was no one in it.

At this point, he was even more puzzled.

He and Xie Xingbang had both made an appointment to come here and drive away.

Xie Xingbang had taken Lin Mo out first, and with his speed, he should have arrived here a long time ago.

However, there was no one in the car now, what was the situation?

Where was Xie Xingbang? Did he come out with Lin Mo and not come here?

If he hadn't agreed to come here, where else could he have gone?

With doubts, Xie Qianshan took out his mobile phone and called Xie Xingbang.

However, after a few rings, there was no answer.

Xie Qianshan was even more anxious, Xie Xingbang didn't even answer his phone, what was wrong with him? What has happened to him?

But with Xie Xingbang's strength, even if he was in a situation, it wouldn't be so difficult for him, right? What was going on here?

While he was in a state of confusion, not knowing what to do, a firework suddenly rose from the sky in the distance.

The firework burst into the air again, and was a gorgeous pattern.

Seeing this firework, Xie Qianshan's face changed.

This was a distress signal from his Xie family!

This kind of firework could only be found on core members of the Xie Family.

In times of distress, and when it was impossible to call for help, this was the only thing that members of the Xie Family could rely on.

By sending out such a signal, the Xie family members nearby would have to drop everything they were doing and rush to the rescue.

Could it be that a core member of the Xie family was in danger here?

The reason why Xie Xingbang did not answer his call was that he had gone to save this person?

Thinking of this, Xie Qianshan instantly felt that it made sense.

This must be the case, otherwise, how could Xie Xingbang not answer his calls?

Xie Qianshan also stopped wondering and immediately drove, speeding in the direction of the fireworks.

The fireworks were not far from his side, it seemed, but in fact, it was a detour around the mountain.

It took Xie Qianshan ten minutes to arrive near the fireworks.

At that moment, the vehicle had already arrived near a mountain forest.

The location of the fireworks was in the middle of a mountain forest.

Xie Qianshan abandoned the car and ran wildly into the forest.

After running for about three kilometres, he heard the sound of a fight coming from ahead.

Xie Qianshan's heart was overjoyed, there was no doubt that he had found the right direction.

He hurriedly ran towards the location of the fight, and after running another few hundred metres, he finally saw what was in front of him.

In the distance, there were three people, fighting in a melee.

It was too dark to see these three men clearly.

However, there was a smell of smoke in the vicinity, so it was evident that the signal had just come from here.

Xie Qianshan ran over at a faster pace, shouting angrily as he did so, "Who is so bold as to attack a member of my Xie family?"

As he spoke, he had already run to the scene.

At this moment, he also finally got a clear look at the scene.

Of the three people at the scene, one of them was none other than Xie Xingbang!

The other two, on the other hand, were a man and a woman.

The other two were a man and a woman. These two people were joining hands to attack Xie Xingbang.

Xie Xingbang, on the other hand, was beaten back by these two, and was in quite a mess.

Seeing such a situation, Xie Qianshan was directly confused.

He wondered if he was dreaming!

Where did these two people come from that they were able to defeat Xie Xingbang?

Xie Xingbang, that was a strong person who could fight against a Junior Grandmaster, what the hell was going on here?

He took a closer look at these two people, the man, he could not recognize at all.

However, the woman next to him was one he had seen before.

This woman, who was not very old, was the girl who had always followed Master Xue Wu around.

When Xie Qianshan had come to visit Master Xue with the Xie family's senior, he had seen this girl before!

Chapter 1877

This girl had been following behind Master Xue Wu all year round and seemed like just an ordinary girl.

However, at that time, Elder Xie warned Xie Qianshan to always be wary of this girl.

According to Elder Xie, this girl, was the leader of the shadow a*sa*sins around Master Xue Wu.

The most terrifying team of shadow assassins around Master Xue were all trained by this girl.

In normal days, this girl did not appear to be a shadow.

However, anyone who knew anything about Master Xue knew that this girl was truly terrifying.

Previously, Xie Qishan did not understand the situation, but now, seeing this girl strike, he was truly shocked.

This girl's strikes were extremely ruthless, but whenever she struck, it was bound to be a killing move, making people defenceless!

But in fact, what really shocked him was not this girl, but the man next to her.

The man looked to be in his thirties or forties, tall and somewhat handsome.

However, this man's strength was extremely terrifying.

For, he was the one who had truly fought Xie Xingbang head-on!

Although the girl had made a lot of killing moves, she was only attacking from the side, so she could not fight Xie Xingbang head-on.

Xie Xingbang's powerful attacks were all blocked by this man.

The man was using the more common Wing Chun style of boxing.

However, his kung fu was extremely superb.

Xie Xingbang's various moves were endless, but he could not break the man's hands.

The three Wing Chun axes, the spreading bladder and the ambush, were used to the utmost, and were considered to be dripping with water, blocking all of Xie Xingbang's attacks.

Xie Qianshan looked directly dumbfounded.

Only now did he realise that the one who sent the signal was not a core member of the Xie family, and Xie Xingbang had not come to save him.

Because, the one who sent the signal was Xie Xingbang!

Xie Xingbang had been pestered by these two people and was unable to get out, so he had sent him the signal to come and assist!

At this moment, Xie Qianshan was somewhat devastated.

A moment ago, he had been so proud that he felt that the Xie family was already unbeatable.

At this moment, he was beaten by two unknown people who had come to his aid, this was too ironic!

Just as Xie Qianshan was confused, Xie Xingbang couldn't help himself and said angrily, "Qianshan, what are you doing?"

"Why don't you come help me quickly!"

Only then did Xie Qianshan come back to his senses, Xie Xingbang had been beaten up by these two people and was no longer able to fight.

If he didn't make a move, Xie Xingbang would probably be defeated!

Xie Qianshan didn't dare to hesitate and hurriedly ran over.

However, he didn't dare to go against the man either, instead he rushed straight towards the girl.

The girl was sneaked up on by Xie Qianshan and had to turn around to fight Xie Qianshan.

In this way, Xie Xingbang's pressure was reduced and he breathed a long sigh of relief.

"I really didn't expect that there were such Wing Chun masters nowadays!"

"Hmph, it seems that I didn't really come here for nothing!"

"Now that no one is bothering us, let me see how good your Wing Chun, really is!"

Xie Xingbang said with a cold smile.

The man opposite him was none other than Wu Xuan.

The man who had just entered Lin Mo's courtyard was Wu Xuan.

He had heard the commotion, so he rushed to check it out.

As a result, just as he reached the courtyard, he saw Xie Xingbang coming out of the window with Lin Mo.

He then immediately exercised his lightness and chased Xie Xingbang all the way out.

After Wu Xuan had exercised his light kung fu, Xie Qianshan hadn't even heard his footsteps, which was why the situation had happened just now.

As for this girl, she had followed Wu Xuan and chased him here.

Xie Xingbang had originally not taken these two into account, and after luring them out of the Wangjiang Garden, he found a hidden place and prepared to kill these two in return, hence the current situation.

Facing Xie Xingbang alone, Wu Xuan was not the least bit frightened. With a hand of Wing Chun, he struck as he pleased, and Xie Xingbang could not take the slightest advantage.

Chapter 1878

In a haze, Lin Mo heard a burst of fighting sounds coming from the side.

His consciousness suddenly awoke and he immediately remembered that he was being sneakily attacked by Xie Qianshan.

Lin Mo did not dare to get up immediately, but opened his eyes slightly and observed the situation around him.

Finding the four people in the distance who were in the middle of a melee, he felt slightly more at ease.

The people of the Xie family didn't have time to pay attention to him right now, which made it much safer.

He opened his eyes and looked carefully to see the melee clearly.

Of the four men, only Xie Xingbang was one he had not seen before.

However, he could also see that Xie Xingbang was extremely strong.

Previously, Lin Mo had seen Xie Qianshan strike and knew that this man was very strong.

However, when Xie Qishan was compared to Xie Xingbang, that strength was not enough.

What shocked Lin Mo the most was that Wu Xuan was able to fight with Xie Xingbang without losing out in the slightest.

Lin Mo couldn't help but feel excited in his heart.

He had previously pondered how strong Wu Xuan was.

And today, he finally had a rough estimate.

Seeing how strong Xie Xingbang's strike was, it only reminded Lin Mo of the previous battle between Zhang Jiu Duan and the Wan Family Master.

Xie Xingbang's strength was probably not much worse than those two.

And for Wu Xuan to be able to fight with him, that meant that Wu Xuan's strength was not much worse than Zhang Jiu Duan and the Wan Family Master!

Thinking of this, Lin Mo's mood was even more excited.

By his side, he finally had another strong person who could hold down the scene.

A strength like Huo Hua Zhang's Ninth Duan would be enough to walk across the streets in many places.

At least, with such an expert by his side, it wouldn't be easy for those big clans to deal with him anymore!

This time, Li Tiezui had really found a great general for him!

Forcing down the excitement in his heart, Lin Mo looked at the girl again.

He had seen this girl before, that day when he was meeting Master Xue Wu, this girl was silently guarding Master Xue Wu's surroundings.

At that time, Lin Mo knew that this girl's strength was not weak.

And now, Lin Mo was truly seeing her strength!

This girl, too, had fought Xie Qianshan to a standstill.

Although it could be seen that this girl's strength was slightly inferior to Xie Qianshan's.

But in fact, it was not easy for Xie Qianshan to defeat her.

Moreover, the most crucial thing was that the girl's strikes were extremely sinister, mostly lethal killing moves, and she was especially good at sneaking attacks.

Even though Xie Qianshan was a little stronger, he did not dare to be careless.

If he was not careful and this girl seized the opportunity to sneak attack him, his life would definitely be at stake!

Lin Mo didn't dare to make any movements, carefully observing the battle between these four people.

Wu Xuan and Xie Xingbang were, at all times, on an even keel.

However, as time went on, the girl's situation was gradually getting a bit dangerous.

At this rate, it was only a matter of time before the girl fell.

And once the girl was defeated, next, Xie Qianshan would go to assist Xie Xingbang, and then Wu Xuan would be in danger!

Lin Mo was calculating in his heart, with his strength, even if he helped out, he would at most only help the girl and be on par with Xie Qianshan.

If that were to happen, there was no telling how long this battle would take.

Moreover, if they were not careful, their side would be in danger.

So, the best thing to do was to find an opportunity to hit one of the other side hard first.

In this way, the situation could be stabilised.

In the current situation, no one knew that he had awakened, which was Lin Mo's greatest advantage.

All he had to do was seize the opportunity to sneak up on any one of the Xie family, and that would be it.

Thinking of this, Lin Mo then began to observe the two men, looking for an opportunity to sneak attack.

After almost ten minutes, finally, Lin Mo seized an opportunity and struck out like lightning, attacking Xie Xingbang!

Chapter 1879

No one knew that Lin Mo had awakened, and neither did Xie Xingbang.

Therefore, Xie Xingbang didn't even defend himself against Lin Mo.

At this time, he happened to have his back to Lin Mo, and was less than two metres away from him.

In this situation, Lin Mo jumped up and grabbed a few silver needles in each hand and stabbed them towards the vital points on his back.

This Xie Xingbang was also considered extremely strong and sensed something was wrong at the first moment, immediately sidestepping to avoid this sneak attack.

But in fact, Lin Mo's strike was not the most critical.

When Xie Xingbang's back was turned, Wu Xuan had already seen Lin Mo awaken.

The two had exchanged glances long ago, and Wu Xuan knew that Lin Mo would make a sneak attack, and he was waiting for this opportunity.

So, as Xie Xingbang side-stepped out of the way, Wu Xuan was one step ahead of him and rushed directly to his body in one step.

By the time Xie Xingbang realised this, it was already too late.

His face instantly changed drastically and he opened his mouth to speak when Wu Xuan's fist had already reached his chest.

The fist paused for a moment less than an inch from his chest, and then, it punched hard.

Wing Chun Inch Fist!

With just one punch, Xie Xingbang flew straight backwards, vomiting blood down his mouth and breaking a tree behind him!

The power of this punch was simply terrifying!

Even with Xie Xingbang's internal strength, he couldn't withstand it.

It could not be helped, mainly because Xie Xingbang's strength was not much different from Wu Xuan's.

And Wu Xuan's punch was also a power that had been stored up for a long time, so it could be considered a full force strike.

Xie Xingbang was not expecting such a situation and did not even have the chance to use his energy to defend himself, so he took the full force of Wu Xuan's blow unprepared.

Xie Xingbang fell to the ground and struggled several times but could not get up, his face turned as white as paper.

Seeing such a situation, Xie Qianshan's face changed rapidly next to him and exclaimed, "Fifth Uncle!"

He forced the girl back with a punch and quickly turned around to try to save Xie Xingbang.

However, the girl also seized the opportunity and directly stabbed him in the left rib.

Xie Qianshan grunted, but still quickly retreated to Xie Xingbang's side, and panicked as he helped him up.

"Fifth Uncle, Fifth Uncle, how are you?"

Xie Qianshan shouted in panic.

Xie Xingbang opened his mouth, but he could not speak either.

This punch had injured him too badly!

Xie Qianshan's face changed again as he looked angrily at Wu Xuan and roared, "Who are you? Why do you want to make an enemy of someone from my Xie family?"

Wu Xuan did not say anything, but merely looked at Lin Mo who was beside him.

It was obvious that he would not hesitate to kill these two people as long as Lin Mo said a word.

Lin Mo arched his hand towards Wu Xuan to express his gratitude.

Then, he walked up to Xie Qianshan and said in a cold voice, "Xie Qianshan, you despicable villain!"

"I relieved those of the Xie Family's poison for you, yet you attacked me with a sneak attack, how much more shameless do you want to be?"

"Is that how despicable and shameless you Xie family people are?"

Xie Qianshan's face turned blue as he gritted his teeth and said, "Surnamed Lin, cut the crap!"

"You have injured my fifth uncle, I swear I will not be a man until this revenge is avenged!"

"My Xie family, we will not rest until we die with you!"

Lin Mo said in a cold voice, "Xie Qianshan, I advise you to leave yourself some back ground when you speak."

"If you really want to be immortal, fine, I'll kill you both now, then I'll be immortal with your Xie family!"

Xie Qianshan's face changed and he said sternly, "How dare you!?"

Lin Mo said in a cold voice, "Do you think I dare?"

Looking into Lin Mo's icy eyes, Xie Qianshan panicked a little.

He took a deep breath and said in a deep voice, "Success or failure, I won't talk nonsense to you!"

"What do you want, surnamed Lin?"

"However, let me warn you."

"If we die here, my Xie family, even if we scrape together our entire family fortune, will never let you go!"

Chapter 1880

Lin Mo laughed disdainfully, "Xie Qishan, you don't need to say such harsh words."

"As the head of the Xie family, you should understand one thing."

"Only the living have the chance to speak."

"A dead person is not qualified to speak in any way!"

"If you are willing to talk to me, then let's talk."

"If you're not willing to talk, then I'll kill you all, no big deal, I'll just die in the sky!"

Xie Qianshan's brows were furrowed, having come to this point, it was already clear to him that he was already a fish on the chopping block.

At this time, there was no point in playing ruthlessly with Lin Mo.

“Fine, I admit it!”

“Surnamed Lin, tell us, what do you want us to do?”

Xie Qianshan said in a cold voice.

Lin Mo nodded in satisfaction, “Master Xie, that’s the attitude you have for negotiating!”

“To be honest, I have no grudges or enmity with your Xie family, and I don’t want to have an enmity with the Xie family.”

“This time, as long as you are willing to write a pledge that you will never be my enemy again, then I can let you guys go back!”

Xie Qianshan gritted his teeth and said, “Surnamed Lin, are you threatening me?”

Lin Mo sneered, “That’s right, I’m threatening you!”

“Are you not convinced?”

Xie Qianshan looked at Wu Xuan beside Lin Mo and eventually swallowed his anger.

“I can promise never to be your enemy, but, to make me write a pledge, that’s impossible!”

Xie Qianshan exclaimed.

Lin Mo: “Xie Qianshan, with empty words, do you think I will still believe you?”

“How did you promise me last time, but this time you strike out and sneak attack me, you have no credibility left with me!”

“Your pledge, it doesn’t mean anything at all!”

“Only by writing this guarantee will I be able to believe that you are truly not going to be my enemy!”

Xie Qianshan gritted his teeth, he was quite reluctant in his heart.

He knew that once he wrote this guarantee, then he really could no longer be an enemy of Lin Mo.

As long as he wrote this guarantee, if the Xie family ever struck out against Lin Mo in the future, then Lin Mo would take out this guarantee.

At that time, the Xie family would really be disgraced ah.

However, in this situation now, it was completely impossible for him not to write this guarantee.

After a long silence, Xie Qianshan gritted his teeth and said, “Okay, I’ll write it!”

Lin Mo smiled faintly, took out a pen and paper, handed it to Xie Qianshan, and asked him to write down this pledge.

When he got the guarantee, Lin Mo could not help but smile cheerfully.

With this, the Xie family wouldn't really dare to do anything to him in the future!

At least, he was considered to have completely solved the crisis on the Xie family's side ah.

"Master Xie Family, then I will trust you once more!"

"In the future, I welcome you all to come and visit Guangyang City."

"However, I hope you can remember what's in this pledge, don't hit yourself in the face!"

Lin Mo laughed.

Xie Qianshan's face turned blue as he gritted his teeth and carried Xie Xingbang on his back as he said in a deep voice, "Surnamed Lin, now I can go!"

Lin Mo smiled, "Family Head Xie, I see that you are quite badly injured."

"How about going to Guangyang City first to heal your injuries?"

"You know, I'm a divine doctor, this small injury can be cured very quickly!"

Xie Qishan's face was cold: "No!"

Lin Mo: "No?"

"Oh, Master Xie doesn't want to enter Guangyang City, huh?"

"It's fine, I'll give you some medicine to cure your injuries"

Xie Qianshan directly interrupted Lin Mo: "Surnamed Lin, don't give me the cat cry and fake mercy!"

"Do you really think we are fools, who knows if your medicine will have poison in it!"

Lin Mo shrugged, "Since you're not willing, then I won't force myself."

"Master Xie Clan, take your time!"

Xie Qianshan had an angry look on his face as he turned to leave with Xie Xingbang on his back.

The clothes on his chest were already stained with fresh blood.

The girl's stabbing just now had almost pierced his internal organs.

Now, Xie Qianshan was just barely holding on.
