

The Ex-Husband's Revenge By Dragonsky

Chapter 244

Chapter 244

“Trying to run? It won't be that easy!”

At that moment, a cold laugh could be heard. The other SUV from behind was already close by.

The door opened, and three young men walked out of the car.

One of them had a suit on. His eyes were very sharp, and he felt very threatening. It was obvious he would not be someone easy to deal with.

Not good! They had friends!

Cynthia had an uneasy feeling in her heart as she started to run toward her car.

She was not even able to handle those two earlier. Now that there were three more helpers, she felt like there was no way she could win.

“Get her!” The man in charge shouted coldly. With a wave, the two subordinates rushed toward Cynthia with the lanky man and his friend. They quickly surrounded Cynthia.

“Who are you guys?! What are you trying **to** do?!” Cynthia shouted angrily.

“Who we are isn't important! The important thing is, you should just resign yourself and surrender. Don't make things difficult for yourself!” The front man said calmly.

“Dream on! Do you know who I am? I'm Cynthia, of the Shears! How dare you attack me?! Are you sick of living?!” Cynthia shouted angrily.

“Miss Shear, you don't have to try and scare me with your family name. I don't care about that!”

“Get her!” The man laughed coldly.

With his orders, the four subordinates immediately attacked Cynthia.

Cynthia hurriedly tried to fight back, but she felt incredibly hopeless.

She could feel that the two men who just joined in were at the peak Acquired State as well!

She was being attacked by four peak Acquired State fighters. There was no way she could handle it. She quickly fell into a dangerous situation.

She was done for!

Did she need to surrender?!

Cynthia's face paled. She wanted to cry for help, but they were on a secluded road. There was no one at all, so how could she cry for help?

Of course, she knew very well that her opponents were all skilled martial artists. Even if someone passed, there was no way they would be able to help her.

Thinking about that, Cynthia felt even more hopeless.

Right at that moment, they suddenly heard the sound of an engine. A motorcycle was approaching from not **far** away.

The bright lights of the motorcycle were very vibrant at night. It shone right on Cynthia and the four fighters.

They struggled to open their eyes to the light and were forced to stop their fighting.

Taking that chance, Leon quickly rode close and grabbed Cynthia's arm.

“Cynthia, get on!” Leon pulled her.

When Cynthia heard Leon's voice, she was elated. She did not hesitate at all **to** use Leon's pull to jump into the back of his bike.

“You want to run? It's not that easy!” The leader who just watched quickly reacted. In a flash, he sent a dagger flying right at Leon.

Leon panicked, he was not able to start his bike again. He grabbed onto Cynthia's thin waist as he jumped to the ground, avoiding the attack.

At the same time, the leader already rushed over. He looked at Leon coldly, “Brat, who are you?!”

“How dare you ruin our plans?! Do you want to die?!”

Leon did not bother with him as he looked at Cynthia, “Cynthia, are you alright?”

“Who are these people? Why are they attacking you?”
