

The Ex-Husband's Revenge By Dragonsky

Chapter 241

Chapter 241

As for the other ex-classmates, they were all just having fun watching the show.

They knew that Leon was an orphan without anything to his name.

The fact that Cynthia was Leon's girlfriend meant that Cynthia's family would not be that well off either.

Now that Cynthia was dumb enough to offend Dominic, the moment Dominic's reinforcements arrived, what awaited Leon and Cynthia was obvious!

"You're trying to leave? It's already too late!"

Dominic had a sneer on his face when he heard the footsteps outside.

The moment he said that, the door to the room opened. The manager walked in with four or five aggressive-looking bodyguards.

"Dominic, what's the matter? Who's trying to cause trouble here? How dare they!" The manager said coldly.

Dominic pointed at Cynthia and Leon, saying viciously, "It's the two of them!"

"They worked together to hurt me. You have to take revenge for me!"

The manager looked toward where Dominic pointed. When he saw Cynthia's face, his expression immediately changed. He was so scared his legs turned to jelly, and he almost went on his knees.

The Shears usually maintained a low profile. If it were anyone else, they might not have recognized Cynthia.

However, he was different. As a manager in a five-star hotel, he regularly met many rich and famous people. He saw Cynthia a few times before, and could immediately tell that Cynthia was the daughter of the Shears!

With Cynthia's status, even his boss would not dare to offend Cynthia, let alone a lowly manager like himself!

"You have to teach this dog of a couple a lesson for me!" Dominic said viciously.

"How dare you?!" The manager slapped Dominic,

"Why did you hit me?! I asked you to teach them a lesson!" Dominic clutched his red face in disbelief.

"Shut up! Do you know who this person is?"

She's the daughter of the Shears! How dare you be so rude to her?! Do you want to die?!" The manager berated.

"What? The Shears?"

"Could she be one of the four beauties of Springfield City, Cynthia Shear?!"

Once the manager said who Cynthia was, everyone was shocked. They exploded into a chatter.

Even though they never saw Cynthia before, Cynthia's name as one of the four great beauties of Springfield City was very familiar to them. They knew that Cynthia was one of the Shears!

Most importantly, the Shears were one of the biggest families in Springfield City. Their power was immense, and no one could touch them.

The fact that Cynthia was one of the Shears shocked them to their core!

"H-how is that possible..." Dominic was completely dumbfounded in his shock.

He thought that Cynthia was Leon's new girlfriend, and there was no way Cynthia would be anyone remarkable.

He never would have dreamed that she would be the Cynthia Shear!

With Cynthia's noble status, he could not understand how an orphan with nothing like Leon managed to pursue her.

It was unbelievable!

"Miss Shear, my cousin didn't know who you were. He wasn't trying to provoke you. I apologize to you for his mistakes... I hope you'll forgive him this time..." The manager said respectfully. He was so anxious his back kept on sweating.

"Do you think I'll forgive him just like that?!"
