

The Ex-Husband's Revenge By Dragonsky

Chapter 243

Chapter 243

With the power of the Shears, Leon's future would be limitless as long as he clung to them!

At the very least, he would be much better off than regular folk like them!

Suddenly, they felt a bit of regret. If they knew that Leon was so capable, they should have tried to curry favor with Leon. If Leon ended up making it big in the future, they might have been able to gain something.

Yet, they were already too late!

In another room, Leon and Cynthia ate as they discussed their cooperation.

Everything went very well. After talking through some details, they signed the contract.

After everything was settled, the two of them left the hotel.

Outside the hotel, Cynthia drove her favorite car as she headed toward the Shears residence. She did not notice two black SUVs slowly following her.

When they were on a more secluded road, the SUV behind her looked like it suddenly lost control as it tried to overtake her, slamming into Cynthia's car.

Cynthia was completely shocked. She slammed on the brakes and managed to narrowly avoid being hit. However, she still ended up swerving into the greenery but the road.

However, thanks to her quick reflexes, she was able to avoid any injuries.

"Despicable!" Cynthia calmed down a little before she walked out of the car angrily.

At that moment, two young men walked out of the black SUV.

"Do you even know how to drive? Do you have eyes?!" Cynthia shouted at them.

"Pretty girl, I'm sorry. We didn't do it on purpose... Did you hurt yourself anywhere? Why don't we send you to the hospital to check..." One of the men, who was tall and lanky, smiled apologetically as he walked toward Cynthia.

"I'm fine..." Cynthia's anger diminished a little when she saw that they were so apologetic. After that, she wanted to say something when the tall man suddenly changed as he clawed right at her, reaching for her

shoulder.

Cynthia was shocked. Thankfully, she was quite adept with her skills. After frantically retreating, she turned around to kick the other person's hand away.

"Wow, you're quick!" The man was surprised, not expecting his attack to fail.

"Who are you?! What are you trying to do?!" Cynthia was shocked and angered, finally understanding that it was not an accident. It was all on purpose!

"Let's exchange a few blows" The tall man did not waste any time as he shot his companion a look. After that, the two of them lunged at Cynthia.

"Peak Acquired State! So you're both martial artists!" Cynthia's expression changed slightly.

With the energy from the person's attacks, She could feel that the two of them were martial artists at the peak Acquired State!

Bang bang bang!

Cynthia reacted quickly as she summoned up her energy, attacking the two of them.

They immediately attacked together.

Cynthia was also a martial artist, as she was at the peak of Acquired State just like they were.

However, there were two of them, and she struggled to face those numbers. She quickly fell to a disadvantage.

"Get lost!" Cynthia shouted. She knew that the situation was not good, so she did not dare to fight them directly. She found a chance to kick the two of them away before she rushed to her car.
