

The Ex-Husband's Revenge By Dragonsky

Chapter 255

Chapter 255

“Miss Young, if there’s nothing else, I’ll be going to the factory,” Ashwin excused himself and left the office,

Looking at Leon leave, Ashwin clenched his fists tightly. His expression was incredibly dark.

A few days ago, Leon took his responsibilities away with production, and now Leon showed him up again. He could not just take that!

“Mister Mercer, you should go back to work!” Iris said calmly.

She kept on feeling like there was no way Ashwin was free of responsibility regarding Micheal scheming against Leon, so she no longer held Ashwin in such high regard.

“Miss Young, there are some things I don’t know if I should say...” Ashwin hesitated before stopping

“What is it? Just tell me,” Iris raised an eyebrow, wondering what Ashwin was getting at.

“Miss Young, I know you want to train Mister Wolf...”

“It’s just that he’s way too ambitious. It might not be a good thing for you to bring him up like that!” Ashwin said.

“Ambitious? That’s impossible! I know Leon’s character very well. He’s not that ambitious!” Iris said.

She lived under the same roof as Leon, and they spent a lot of time together. Could she not know how Leon was?

Leon might have some things he wanted, but he was definitely not someone wildly ambitious!

“There’s nothing certain in the world! He’s currently in charge of our biggest client, and he controls production as well. Yet, he’s still not satisfied, and is trying to get his hands on procurement! If you let him continue, he’ll end up holding a lot of power. If that happens, you might even end up being overtaken!” Ashwin said calmly.

“You don’t have to twist the truth like that! The fact that Leon is capable is good for our company. Why would he care about doing anything to me?!” Iris was incredibly unhappy. She knew of the grudges Ashwin had against Leon, so there was no way she would believe in Ashwin.

“You can’t be certain! If it’s just Leon, he’s not anyone powerful. There’s no way he’ll pull any tricks. However, he’s already working with the Shear Group and has a relationship with them. The four great families of Springfield City have always competed with each other. There are no friends between them, only

benefits!

“Our company’s going very well right now, and we may grow into a huge company in the future. If Leon has any change of heart when his power is greater, he might work with the Shears to swallow up our company!”

Ashwin sneered.

“That...” Iris suddenly fell into silence.

The Youngs and the Shears did not have much conflict when it came to business, but the four great families were all around equal in power and were always competing with each other. All of them wanted to overtake the other three families to become the greatest!

The Youngs were no exception.

Elegante Group was a company under the Youngs, if the company really did manage to become big in the future, it would cause the Youngs’ economic strength to soar, jumping to the top.

In the same vein, Elegante Group was a sweet piece of meat to the Shears as well.

Iris knew very well that, even though she controlled the full shares of the company, the biggest client of the company as well as the exclusive supplier of cosmetics and so much more. Leon actually held a lot of very important things in his hands.

If she relied on Leon too much, it would not be hard for Leon to work with the Shears to swallow Elegante up if he betrayed her!
