Chapter 3609

If they were not able to pass the first stage even with their full might, there was no hope of them passing anyway!

A white-robed man shook his head. “Hold on! You should start with the fourth stage to give yourself some confidence. There’s no limit to the time you can use during the challenges anyway, so you can recover as you fight! Just deal with the earlier stages first, and you can use your power in the first stage!”

“That way, your chances for success will be much higher. After all, if you do the first stage first, you’ll still need to be wary of the later stages, and you won’t want to use up too much true energy. You might look like you’re at full strength, but you’re actually holding back, and the skills you can use are limited!”

When that person said that, everyone else nodded, feeling like he was right.

However, someone else jumped out to refute him, "You're right, but not quite so. You have to think about things holistically. If you put the first stage in front, you can measure your skills and see how likely it'll be for you to pass, or how much hope you have..."

Those people discussed things for a long time, with some agreeing and others disagreeing.

Everyone had their own views. After all, there was no perfect order.

After a long time, an unfriendly voice spoke up, "You're all just unwanted vermin. Without enough skill, you won't be able to pass no matter how you go through the stages!"

Jimmy let out a sneer as he looked at all the warriors around him.

When they heard Jimmy's words, they felt anger in their hearts, but no one spoke. They were not as daring as Jack and dared not to offend the Swelling Tide Continent.

Jimmy was quite high up in that world as well. He was skilled too, so it was not worth fighting him. Furthermore, they had nothing to say about Jimmy's remark.

Skill was the most important thing to pass it. No matter how well one arranged things, they had no hope if they were not skilled enough.

Jack raised an eyebrow, glancing at all of them silently.

Jimmy suddenly turned to look at Jack. All the hatred in his eyes was evident.

“Did you forget what you said just now, brat? Don’t regret what you said. I won’t allow you to go back on your word! Hurry up! Don’t waste my time!”

Even though he had not passed the compatibility test, it did not mean he could not enter Cloud Valley. That was what the Killing Illusion Array was for. Jimmy trusted in his skills. He felt like he would be able to pass it very easily.

Case asked him to keep an eye on Jack, but he was more focused on the Killing Illusion Array.

He thus decided to watch as Jack joined the Killing Illusion Array.

Once Jack embarrassed himself, Jimmy’s task would be done. After that, it would be his turn to show off!

Jack's lips twitched in exasperation. Rudy was right, that guy was just like a pesky fly. Everything he said disgusted Jack. Jack took a deep breath before he turned around to look at Jimmy coldly. "Can you shut up? I decide when I challenge it. If you want to challenge the Killing Illusion Array, I won't stop you, but stop yapping at me."
