Chapter 3616

Time ticked away, and after another five minutes, the crystals showed no signs of changing.

Everyone started to wonder what was happening.

The initial progress had been so quick, so why did everything suddenly stop?

Has Jimmy run out of energy?

It did not sound possible. Jimmy was not weak, and the Swelling Tide Continent was one of the stronger ones as well. Jimmy should not be stuck there.

Then, everyone suddenly noticed that Jimmy was frowning. His hands were clenched tightly.

It was obvious he was not in a good condition. Even though the physical body did not need to fight, the physical body still controlled the clone.

The clone would affect the physical body's mental condition. It was obvious that Jimmy was facing something difficult which

shocked everyone. However, it did not last for too long.

In just a few more moments, the crystal representing the first stage was lit up. Everyone suddenly realized what happened.

No wonder Jimmy had been stuck for so long, he had been at the hardest stage.

The first stage involved two illusions that were already at the second stage of mastery of a lower ultimate god rank technique.

Those illusions were attacking at the same time and applied quite a lot of pressure.

After the three hardest stages were dealt with, all that was left were the fifth and sixth stages.

In five short minutes, all of the crystals were lit up. Jimmy had used less than half an hour in total. The time could not be

considered very short among all those that passed, and could only be considered average.

However, not many had actually passed in the first place. Those that passed were already among the strongest warriors.

The moment he passed, a radiant glow flashed, and the Valley Entrance Pass materialized in the air, falling into Jimmy's hands.

Jimmy had a smile on his face as he looked at the pass in his hands. Even though he had been in a bit of trouble during the first stage, he still managed to hold on. He might have used a bit more time, but he was quite satisfied.

Once he enters Cloud Valley and forms a world avatar, his skills would improve to the next stage. Then, no one would dare to look down on him.

“Congratulations on getting the pass, Jimmy!”

“We were right. With Jimmy’s skills, the Valley Entrance Pass was already in the bag!”

There were congratulations everywhere. Jimmy could not stop the smile on his face. He loved being admired. Only the truly strong would receive that much admiration. He might not be as strong as Case at that moment, but he had faith that, as long as he had enough time, even the strongest in the second-grade worlds would not be a match for him, let alone Case. He wanted to stand above everyone!

At that moment, he felt incredibly proud, as if everyone there was beneath his notice.

Right at that moment, Jack's voice was heard by everyone, "Since you've already completed the challenge, hurry on down. Stop taking up space. I still have other things to do, so quit wasting my time."

The moment that was said, the earlier atmosphere was completely broken. Everyone turned to look at Jack incredulously. They found themselves speechless as they looked at Jack.

They could not understand what Jack was thinking. Jack never ceased to amaze everyone.

Did he not know how exasperating he was? Jimmy was feeling incredibly frustrated.

Jack constantly provoked him. Everything Jack said was worse than the other. This time, it ignited Jimmy's anger. He scoffed as he walked down the illusory stone to Jack. He coldly looked at Jack, "Very good! You never cease to amaze me! I'm down now! Let's see what other tricks you have to pull!"
