Chapter 261

“Rosa, take advantage of my guilt and be a little nicer to me, seriously... don’t push me.”

Wayne looked at Rosalynn and warned her again.

Indeed, people can’t be too nice. In the morning, she should have pretended not to see Wayne’s high fever and not called any medical staff.

It would’ve been better if he just died like that.

Rosalynn gritted her teeth and asked Wayne, “President Silverman, do you want some water?”

Wayne hesitated for a moment.

Even forced concern was a luxury to him.

“No, just stay with me and rest”

Wayne then moved his body closer to her.

“Aren’t you afraid of passing your illness to me?” Rosalynn frowned.

“I’ve asked, it’s not the flu, it’s not contagious” Wayne looked at her, not saying anything more.

The meaning in his eyes was simple she should lie down in his arms.

Fine, she’d lied down with him before. More intimate actions had already happened, so there was nothing to be afraid of

Rosalynn got up, turned her back to Wayne, and lay down beside him.

Wayne then turned over and hugged her, just like before.

His hot breath brushed against her neck, and her body tensed instinctively.

“Wayne, don’t forget my body hasn’t recovered yet.” Rosalynn said solemnly. “Mhm.” Wayne was already a bit drowsy

After holding Rosalynn for a moment, he fell asleep.

Feeling his breathing become more steady, Rosalynn slowly relaxed

Wayne hadn't slept long when Sean called.

Wayne, with one arm around Rosalynn and the other answering the call, responded twice, "No need to postpone, I'll be there on time."

After hanging up, Rosalynn thought he was about to get up.

But instead, he threw his phone away and hugged her tightly again.

By now, Rosalynn's belly was slightly bulging.

Though it wasn't noticeable when she wore loose clothes, if someone touched it, they might suspect something

"Do you still need to attend the afternoon meeting?" Rosalynn asked.

"Mhm" Wayne kissed her neck, making her shiver

"Wayne!" Rosalynn exclaimed.

"I just wanna kiss you, I won't do anything else..." Wayne said, and kissed her earlobe, Rosa, I'll wait for you to recover and truly accept me."

Rosalynn trembled a little and thought to herself, no freaking way!

Wayne finally stopped kissing her and got up to change his clothes.

When he came back, he brought a few ties with him.

Seeing this, Rosalynn coldly approached him and chose one to tie for him.

"Do I need to go, too?" Rosalynn asked.

"Of course" Wayne said confidently, then added, "You can treat it as a fun trip. If you get tired, go rest in the lounge."

"Alright"

Rosalynn responded expressionlessly

She would treat it as learning business knowledge

Before, when Rosalynn worked, she would wear an OL suit

That was Wayne's requirement

Chapter 262

This time. Wayne got her all the pretty dresses

When Rosalynn and Wayne showed up together, Sean was stunned for a moment, then burst into laughter.

"Secretary Tesdal, long time no see! You're looking great!" Sean chuckled

Although Sean was Wayne's special assistant, he wasn't exactly one of his confidants, so there were many things he didn't know about

Rosalynn gave a faint smile

"Is this the famous Secretary Tesdal?" A chubby middle-aged man with a belly asked, "Indeed, seeing is believing. You're a real beauty!"

Wayne glanced at Rosalynn, then leisurely introduced her to everyone: "This is my wife, Rosalynn, and the soon-to-be president of the Bane Energy Corporation."

The joking men immediately stopped laughing.

Rosalynn's smile also froze for a moment.

Wayne, you crazy man! What the hell are you saying?

Wife?" The middle-aged man was shocked "But President Silverman, didn't you just...

The man was interrupted mid sentence by someone pulling his arm.

"President Silverman, haha, you're so blessed to have such a beautiful and intelligent wife!"

"When can we attend your wedding ceremony? Don't forget to invite us!"

With a faint smile, Wayne put his arm around Rosalynn's waist, "Don't worry, you won't be left out."

By the time the meeting officially began, Rosalynn noticed an unfamiliar face in the conference room.

He was helping Wayne record the content of the meeting

A still dazed Sean realized Rosalynn was looking at the young man and whispered, "Since you're going to work for Bane Corporation Energy, President Silverman hired a new secretary. He's been working for a while and seems quite compatible with President Silverman."

Rosalynn sighed, "Why is it a man...."

Sean was speechless

Why does it sound like she's a little disappointed?

"Secretary Tesdal, I haven't congratulated you yet" Sean whispered again.

Rosalynn's expression instantly cooled down.

She leaned towards Sean and whispered, "President Silverman was just rambling, don't believe him. We're not married and never will be."

Sean thought "WTF?"

At this point, Wayne's sharp gaze swept over

Sean immediately straightened up and looked serious!

During the meeting, Rosalynn went to the restroom.

When she came out, Wayne was smoking outside.

Rosalynn didn't want to pay attention to him and tried to walk around him.

But Wayne stretched out his arm and pulled her into his embrace.

"What were you saying to Sean just now?" he asked.

"I told him you were going crazy again and that we're not married." Rosalynn, annoyed by the smoke caught between his fingers, grabbed the cigarette and crushed it in a nearby trash can

Wayne didn't care.

He bent down and forcefully kissed Rosalynn's lips.

Rosalynn frowned in disgust, turning her head to avoid him, “Wayne, what are you doing!”

“Rosa, did I forget to tell you? Wayne pinched her chin, forcing her to look back at him, “Whether you like it or not, we’re getting married. The sixth of next month is a great day, and we’ll get married then”

Rosalynn furrowed her brows.

Wayne’s eyes were still a bit red.

He stared at Rosalynn’s red lips, pressing his fingertips against it and gently kneading. “You’re right, I’m not at my sane right now. So, be good and pay attention, understand?”

Chapter 263

Rosalynn looked at Wayne, and somehow, she suddenly thought of the day they first met.

At that time, her grandma was already seriously ill.

A man who had worked with her grandma before contacted Rosalynn, saying that he found an expert who might be able to help her.

When Rosalynn went there, she found out that there was no expert, just a creepy guy.

The man didn’t finish his words before he pounced on her

Rosalynn was on guard and smashed the man’s head with a vase, then ran away.

She was too panicked

When she ran out, she bumped into someone

She looked up in panic and saw Wayne’s drop-dead gorgeous face.

The creepy guy chased after her

Having encountered such a situation for the first time, Rosalynn's legs went weak, "Sir, please save me!"

She held onto Wayne's arm, looking at him with terror in her eyes.

And Wayne really saved her

Rosalynn was extremely grateful at that time and said thank you many times.

And then

Wayne, who had never talked to her before, suddenly said to her, "Do you need money?"

Rosalynn was startled

At this moment, Wayne took a gold-embossed business card from his card holder and handed it to her, "My name is Wayne Silverman, I'm a financial tycoon, I can buy you, any conditions you want to set.

"What do you mean by 'buying me?'" Rosalynn's throat tightened.

"You're not a child anymore, you know what I mean." Wayne stuffed the card into her hand, "I'll wait for your call"

Rosalynn fell from heaven to hell at that moment.

The man who had just saved her actually thought of her as someone who could sell herself out for money.

"I don't want your card, and I'm not selling myself!"

Rosalynn threw the card back at Wayne, "I thought you were a decent person with your fine clothes, but I didn't expect you to be so sleazy!"

After saying that, Rosalynn cried and ran away.

Probably three days later, her grandma was critically ill.

She saw Wayne for the second time.

In the lobby of Bane Corp Center.

She vaguely remembered that the name Bane Corporation was written on Wayne's business card.

So, she went there to try her luck.

When Wayne appeared surrounded by people, she stood there stiffly, all her pride buried deep underground.

Wayne saw her but only gave her an icy glance.

At that time, Rosalynn thought he must be angry and would not buy her anymore.

As she was about to leave, a tall bodyguard came over, "Ms Tesdal, there's two million in this card. President Silverman wants you to take it and use it however you want."

Later on, Rosalynn found out

Wayne never doubted that she would leave and come to him again.

It's like, from the beginning, he knew he could handle her

"Does it make sense?" Rosalynn turned her eyes away and asked Wayne, "Wayne, where is your pride? Is it not humiliating for you to marry someone who doesn't love you?"

Hearing this, Wayne's eyes became a little melancholic.

"You used to love me, so you will love me in the future" Wayne let go of Rosalynn, turned around, and walked towards the conference room.

.Rosalynn stood there, watching his back.

She touched her temple, feeling a bit disheartened.

Sean was tight-lipped

Chapter 264

Although Wayne said today that Rosalynn is his wife, he didn't say a word about it to his colleagues.

However, by dinner time, a small groupchat without Rosalynn's presence was buzzing.

“Sean Hudy’ Sean! Are you still in a meeting? Hurry up and see this!”

Sean took a bite of his food and quickly replied with one hand: “Did the sky collapse?”

“It’s something like that. Secretary Tesdal and President Silverman are on trending again!”

“Oh my gosh! So President Silverman broke off the engagement with the Rosso family to marry Secretary Tesdal?”

“It’s not just that! The secrets spilled by Secretary Tesdal are even more mind-blowing! She even cheated on President Silverman!”

After just a few messages, Sean couldn’t finish his meal

“What nonsense are you guys talking about? You don’t want to work at Bane Corporation anymore?” Sean scolded.

At that moment, a colleague sent over a bunch of screenshots

“Breaking news, the real reason for the cancellation of the engagement between the Rosso family heiress and Bane Corporation’s CEO is that Wayne has long maintained illicit sexual relations with his secretary. After breaking off the engagement, they are already preparing to get married!”

The comments below were filled with astonishment.

“Isn’t his ex-fiance the princess of the Rosso family? Has Wayne gone crazy?”

“That secretary, when Wayne came over to talk about cooperation with us, she was by his side. They were very intimate, Wayne even touched her thigh during the meeting!”

Sean felt it was absurd.

Every meeting, he was the one sitting next to President Silverman, and any thigh touching would be his

Other posts with explosive revelations were also stirring up heated discussions.

“Heatherway Rosso, heartbroken after canceling the engagement, tearfully returns home So sad

The comments below were all praising the princess’s beauty and feeling sympathy for her.”

At the same time, they were also blaming Rosalynn for ruining the perfect marriage and making the princess cry.

The screenshots later became even more outrageous

“Haha, this guy had a car accident a few years ago, and his girlfriend cheated on him. He found a replacement lover – Rosalynn, but she was still madly in love with her childhood sweetheart and got pregnant with that man, and Wayne found out Then he forced her to abort the baby and wanted to continue their relationship! This man really doesn’t deserve Ms. Rosso!”

“What? She got pregnant, and it wasn’t Wayne’s? Isn’t that too miserable?”

“Serves him right! This is Wayne’s karma!”

Sean was shocked by these contents.

The situation was even more chaotic than he had imagined, with Rosalynn’s name trending first worldwide.

Upon clicking it, Sean saw a photo of Rosalynn and Wayne holding hands

As for the pictures of Rosalynn working with Wayne, there were countless.

Following the timeline, it had been five years.

What made Sean feel a little relieved was that although there were many people scolding Rosalynn, there were also many people speaking up for her.

“I’ve worked with Ms. Tesdal before, and she’s genuinely a very kind person. Judging from the photos, she’s been Wayne’s secretary since five years ago. If she and Wayne really had something going on, wouldn’t Heatherway be the third wheel?”

“Even from these blurry pictures, you can see the secretary is so pretty!”

“No kidding, if she wasn’t pretty, how could she have bewitched Wayne like this?”

“Just a little gossip! Rosalynn is still with Wayne now, vacationing on a private island- The attached photo was obviously a sneak shot, showing Rosalynn standing next to Wayne, quietly listening to a group of people talking

Chapter 265

Sean was looking at the messages when Rosalynn's voice came from behind.

Sean got so scared that the lunchbox almost rolled to the ground.

He hid his phone behind his back.

"Why aren't you having lunch with President Silverman, Mrs. Tesdal?"

"He's on the phone, Rosalynn said casually. "I was asked to leave

Cold sweats were breaking out on Sean's forehead.

The call that made Secretary Tesdal leave....

President Silverman probably already found out.

"What's with that face?" Rosalynn smiled at Sean.

Sean gritted his teeth.

This mess would eventually reach Secretary Tesdal anyway.

She needs to be prepared.

"You might as well take a look" Sean handed his phone to Rosalynn

As Rosalynn looked at it, the smile disappeared from her face

"It must be that Ms. Rosso who isn't satisfied, deliberately creating these trending topics to smear you!" Sean quickly said. "But there are still people who recognize you and have been speaking up for you!"

Rosalynn noticed as well.

Under the topics related to her, the comment section was simply unbearable to look at

In the end, the thing she feared most after getting engaged to Wayne still happened.

"Tell President Silverman that I'm tired and going back to rest.

Rosalynn didn't look at it for long and returned the phone to Sean.

"Secretary Tesdal..." Sean stood up, his face full of worry

Rosalynn looked at him and gave a bleak smile, "Staying by Wayne's side, I knew this day would come sooner or later."

But she could have avoided it.

She had already left, detached herself from this quagmire.

It was Wayne who wouldn't let her go!

Why, in the end, did she have to bear all the consequences?

As Rosalynn left, she ran into people from the project partnership.

The three men went out for a smoke and received gossip calls from their families

"Do you think this Rosalynn could be classified as a mistress?" one of them asked.

"Why not? If I remember correctly, she used to follow Wayne as a secretary, without any proper status."

"Never mind the status, how many people have actually seen President Silverman and her being intimate? My wife just sent me those articles and pictures, except for the recent ones, they can't even be called intimate. Somehow, they're getting married all of a sudden..."

"I have women in my secretariat too. My wife just called and said if I don't replace them all, she'll divorce me and leave me with nothing"

"No kidding, our President Silverman doesn't look like the type to be obsessed with women. This time, he's really under her spell... He'd rather marry a secretary with no influence than a billionaire's daughter, I don't know what he's thinking"

Rosalynn took a deep breath.

These three were standing in her way out, her faces remained calm as she walked past them

"If you're so curious, why not ask him directly?" Rosalynn's voice sounded, scaring the three of them so much that the ashes fell onto their hands, making them grit their teeth in pain

Dropping that line, Rosalynn didn't wait to hear their hurried, gibberish explanations, she just walked away.

"Oh no!" The faces of the three men turned sour

"It's all because of your loose mouths, talking behind people's backs like that?"

"She's not going to report us to President Silverman, is she?"

The three were uneasy

Chapter 266

Wayne, with a pissed-off look, walked out looking for Rosalynn.

"President Silverman!"

"Secretary Tesdal went to the garage!"

Wayne grunted and ran towards the garage.

The three of them glanced at each other, whispering that President Silverman was really screwed this time.

Rosalynn just got into the car

The driver asked respectfully, "Madam, are we heading back?"

Rosalynn seemed a bit lost.

"Take a spin along the coastline."

"Yes, ma'am"

The driver started the car and drove off.

As soon as the car left, Wayne arrived, panting and staring at the empty parking space

He took out his phone and called Rosalynn

The phone rang for a while, only to be hung up.

He then called the driver

The driver, trembling, handed the phone to Rosalynn.

Rosalynn looked at him, not wanting Wayne's anger to be directed at the innocent driver

She took the phone

"Go ahead."

Wayne,

breathing heavily, said, "Don't be mad, I can fix this."

"Wayne, what can you fix besides getting rid of me and the babies?" Rosalynn sounded disappointed.

After hanging up, she returned the phone to the driver.

They drove along the coastline until the sunset.

Rosalynn got out of the car, sitting on the hood, watching the sun slowly sink, the afterglow fade, until the sea breeze grew too cold. Then, she got back in the car. The phone on the seat was filled with unread messages and missed calls

Rosalynn ignored her colleagues' concern.

Among them, only a few genuinely cared, the rest were just here for the drama.

She called Paige back

Surprisingly, Paige didn't cry for once. "You can't let this slide. I asked my friend to dig up some major accounts attacking you. We'll sue them tomorrow!" "Okay" Rosalynn replied, "Don't worry about me. I'll be fine."

"Wayne's such a jerk, you've been together for five years, and he still wanted that business marriage? If he wanted a business marriage since day one, do it properly. don't ditch people halfway. Now that woman's venting all her anger on you!" Paige was fuming.

She completely forgot how much she admired Wayne when he was on good terms with Rosalynn.

"Right?" Rosalynn echoed.

“Did he find out? What did he say about fixing it?” Paige asked, her voice heavy

Rosalynn looked down, smiling

“When he gets mad, he doesn’t show any mercy Heatherway doesn’t know him well enough, she’s gonna be in big trouble” Rosalynn said casually. Meanwhile, in Heatherway’s mansion

“Have you sent these leaks and photos to Hilaria?” Heatherway was on the phone with an assistant.

This massive attack on Rosalynn was not only for revenge but also driven by Heatherway’s other motives.

She knew Hilana valued a person’s character

Regardless of whether Hilana was genuinely interested in Rosalynn as her successor, Heatherway had to ruin Rosalynn’s image in Hilaria’s eyes. One way or another, she had to get either the man or the career

“Don’t worry, everything has been sent to her email! The other side answered quickly. “She won’t stand a chance with Old Mrs. Jared from now on!”*

Chapter 267

Heatherway’s bottled-up emotions for quite some time finally improved a bit.

After hanging up the phone, she was about to take a relaxing bath and enjoy a glass of top-notch red wine from her own estate.

Her phone rang again. Heatherway glanced at the caller ID. It was her mother.

Heatherway thought that during the recent awkward situation involving the whole family, her mother had been quite dissatisfied with her.

Now, with Wayne caught in a cheating scandal, her mother must also feel that she’s had her revenge, right?

Heatherway answered the call, but the expected praise didn’t come.

“Wayne has posted a clarification statement on all official accounts of the Silverman Group and Bane Corporation. Check it out!” Heatherway frowned.

Clarification? What clarification?

She didn’t make up the story about him and Rosalynn what could he possibly clarify?

Was he going to claim that he and Rosalynn only had a boss-employee relationship?

A light bulb went off in Heatherway’s head

If Wayne made such a statement, then he wouldn’t be able to continue the illicit relationship with Rosalynn.

Heatherway excitedly hung up the phone and logged on to one of Bane Corporation’s official accounts.

As she read the statement carefully, her excitement gradually faded, and in the end, her beautiful face showed no trace of a smile

The statement Wayne issued was quite simple

First, he admitted his relationship with Rosalynn and informed the public that the two were preparing for marriage.

Second, he explained the situation with the arranged marriage

The statement read, “As the heir of the Silverman Group and the president of Bane Corporation, my marriage has never been a personal decision. When discussing the business marriage with the Rosso family, I had always done so with respect for Ms. Rosso. Rosalynn chose to resign and return to her own life after learning about my impending engagement. However, during my relationship talks with Ms. Rosso, I found that her personal life was quite promiscuous, contrary to my personal beliefs on marriage. After failed discussions with Ms. Rosso, both families decided to dissolve the engagement, in which Rosalynn was not involved at all. Instead, it was Ms. Rosso who repeatedly hired thugs and instructed others to harm the innocent”

At the end of the statement, Wayne mentioned Rosalynn again.

“After experiencing the failed business marriage, I realized that marriage and love should not be tainted with personal interests. Rosalynn is a good girl, who over the years has used her good intentions within her means to help warm the lives of others, such as sponsoring children from impoverished areas to attend school or developing projects with institutions to help blind children live better lives. She is the grace given to me by God and will be the one to spend the rest of my life with, me. In response to the sudden online personal attacks and rumors against her, my legal team has completed

evidence collection and will file lawsuits one by one?" After reading the entire statement, Heatherway was furious!

"Promiscuous?" Heatherway's lips were trembling.

Slander!

This was Wayne's slander against her!

The only person she ever loved was Wayne!

Heatherway had had enough and immediately logged into her social media account.

"You can protect the one you love, but there's no need to hurt me in the process." She added a long row of crying emojis. "Who will protect innocent me then?*" Once Heatherway's post went live, there were instantly thousands of replies!

"I feel so sorry for you! That guy is driving me crazy!"

Chapter 268

'Promiscuous? He's talking nonsense!'

Just as the Internet was overwhelmingly supporting Heatherway, someone suddenly uploaded a few videos on a certain website

Soon enough, people recognized the beautiful doll-like face in the videos.

The videos were then moved to public platforms.

"Shocking, these wealthy families really know how to party, huh?!"

"Looking at the shooting time of the second video, it's from the first half of this year? That's when the Silverman family and the Rosso family were discussing their marriage alliance, right?"

"It's faked The lady of the Rosso family would never do something like that!

"So this is what Wayne meant by a promiscuous private life? Honestly, I can't accept this either."

“Me neither!”

“No wonder Wayne was so triggered and decided to marry an ordinary woman-”

In the new expose link, there were several recordings of conversations between Heatherway and Eric, in which Heatherway completely changed her usual gentle demeanor

She kept saying that Rosalynn was very annoying and asked Eric to get rid of her quickly.

In addition to these things, Heatherway’s voice mentioned that she had already hired people. If Eric couldn’t do it, she was ready to take matters into her own hands. This completely blew up the internet.

“I like Wayne said, Ms. Tesdal voluntarily backed out before the engagement, then Heatherway is really malicious for still going after her!”

Among these numerous comments, there was one account verified as a physics professor that kept charging forward.

“How can people still praise Wayne? He’s not what you see, Rosalynn didn’t choose to be with him voluntarily! He took advantage of Rosalynn’s grandma being seriously ill and needing money for treatment, forcing her to be with him with money!

“Rosalynn used to be a good student, but Wayne forced her to give up on her studies! Please, everyone, let Wayne set Rosalynn free!”

He probably repeated similar words countless times.

This also caught the attention of some people

“Wasn’t there rumors about how Rosalynn basically sold herself to Wayne as a substitute lover? So, she even managed to replace his actual love and become the most important woman in his heart?”

Heatherway was already utterly at a loss.

She kept making calls, asking people to delete the videos and voice recordings.

But once something truly sparked a discussion on the internet, the traces were forever indelible.

In her desperation, she started calling Wayne again

Chapter 269

She had no idea when Wayne found out about those videos

All she wanted to do was explain to him that she had too much to drink that day and didn't know how it happened, but they all ended up messing around together

She regretted it when she woke up.

Ever since she found out she might have a chance to marry Wayne, she hadn't hung out with those people for a long time.

And besides, when she first started partying with those people, she was drunk and forced to do it...

However, she couldn't get through to Wayne's phone anymore.

On top of that, her family found a new reason to retaliate against Wayne, a better reason than the Eric incident Wayne insisting on canceling the engagement.

Just like Wayne himself said, her private life too messy

When he found out, he couldn't put up with it

Heatherway was stripped of her position in the Rosso family.

The Rosso family sent her younger sister to handle important business negotiations.

Heatherway never thought that just a few hours ago, she was basking in victory.

Only a few hours later, she lost the man she loved, her hard-earned reputation, and the career she fought for among her many siblings.

She was no longer her father's favorite daughter but the disgrace of the family.

On the internet, the hot topic wasn't the rumors and scandals about Rosalynn.

It was the charity projects led by Rosalynn.

"Oh my God, I've participated in several of these charity projects, and I didn't know Rosalynn was the one leading them! That's amazing!"

“The development of smartwatches for blind children needs a ton of money! I just checked, and Rosalynn donated almost 20 million dollars and gathered some investments!”

“My little brother is blind, and a few months ago, he got the smartwatch for free. I’m so grateful to Secretary Tesdall”

“These chanty projects are low profiled, if people don’t look them up, they wouldn’t know they’re related to Rosalynn Tesdal. It’s touching!”

The second wave of attention was about Rosalynn’s appearance

Someone carefully collected all the edited photos of her, combined them, and made a video of her beautiful photos.

It almost reached a million likes on social media.

“Wayne is handsome, but he doesn’t seem to match Rosalynn!”

“So beautiful, no wonder President Silverman was smitten!”

“In all those pictures, she’s always following Wayne. There’s a rumor that the scumbag actually doesn’t treat her well, My heart aches for her!”

The third wave of exposure came from Bane Corporation’s insiders, praising Secretary Tesdal’s extraordinary business abilities

Whenever Wayne was furious about project mistakes, all it took was summoning Secretary Tesdal, and she’d calm him down within seconds. Even projects that seemed like failures were saved by her single-handedly

Finally, there was the story of her turning the tide in the massive infrastructure project, the Q City, which Bane Corporation was proud of.

“As we all know, Bane Energy Corporation is about to be established. As far as I know, the CEO will be Secretary Tesdal-”

“Doesn’t this make her way better than that Heatherway who relies on family power?”

“But, if the rumors are true, Rosalynn has a handsome childhood friend... It seems the jerk Wayne is just using her as a replacement. I kinda feel sorry for her!”

Chapter 270

“About her childhood sweetheart The picture showed Noah in a white coat, examining a child.

The comments under this post continued to boil.

“Oh my god! Her childhood sweetheart is so handsome?!”

“But on the other hand, if you look at those previous photos of Wayne and Rosalynn, every time she looks at him, her eyes are full of tenderness and love~!”

Because of these revelations, some netizens actually found Rosalynn’s private account.

The first post read, “Men are such a pain in the ass! So annoying”

The date was from over a month ago.

Everyone’s confused.

Didn’t they say she really liked President Silverman?

The next one

“Happy resignation- followed by a laughing emoji.

Everyone wants to see more

However, due to the account settings, no other content was visible

The head of the public relations department reported the internet situation to Wayne in detail.

Wayne let out a sigh of relief

“President Silverman, there are quite a few who are criticizing you. Do you want to..

“No need, let them say what they want Wayne waved it off.

“Some people carefully planned to ruin Secretary Tesdal, but unexpectedly, her charm won over the public, and they’ve ended up liking her even more.” The PR director also found it amazing

But their PR team analyzed that the reason was none other than Rosalynn being the perfect victim

She was beautiful, kind, passionate about charity, and had a strong work ethic. The only downside was that she's with a not-so-great man.

But this last point, ironically, made people love her even more

"Uh-huh." Wayne replied.

The PR director could hear that he was very tired, so he said a few more words and then hung up the phone.

Not long after, Rosalynn returned.

Wayne humedly went to meet her, "Are you hungry? I'll have them bring dinner over."

"I've already eaten Rosalynn didn't look at Wayne, I'm a bit tired, I'll go rest now"

Wayne grabbed her wrist.

Tve got it under control." He said.
