The Secret Heir Return To Wealth And Love Chapter 591

Chapter 591

Her enigmatic attention was

together

to hope that Wayne would realize that he had

responsibilities to her since she was to return to her country

Before this, she firmly believed that Wayne would do it

But

Wayne a person who values promises so much, is now breaking his own principles for Gisbriens?

Why He used to love her so much!

Just as she was about to reach the door she finally heard footsteps behind her

Her heart raced, and she quickly turned around

All she saw was one of Wayne's personal bodyguards, running towards her

"Mr. Whaley, the bodyguard stopped in front of her and nodded slightly, President Silverman has asked me to escort you back to your country"

Olivia glanced in the direction the bodyguard had come from

Although the outcome was not what she wanted, Wayne had sent someone he trusted most to accompany her, which showed that he still cared about her And being escorted back to her country by Wayne's personal bodyguard was enough to show off

“Thanks” Olivia pretended to be listless and devastated

Rosalynn received the news that Wayne was returning to their country while she was at the hospital

At the same time, she also received the news that Olivia was returning to their country as well

However, Olivia had bought her own plane ticket while Wayne was taking his private jet

After hanging up the phone, Rosalynn checked the time

Cory had many tests to go through next

She had to be completely devoted to accompanying him.

So, she had to deal with these trivial matters today

“Mommy” At this point, Ivy’s voice came from behind her.

Rosalynn put down her phone, turned around, and gently answered.

It was probably the mysterious telepathy between twins

Ivy had a restless sleep last night, waking up crying wanting to find her brother, saying she had had bad dreams.

Hilaria called Rosalynn to ask her what to do.

She thought there was no need to hide it from Ivy.

Unable to see her brother, Ivy couldn’t stop crying, and even video calls didn’t work, she wanted to see her brother immediately

In the end, Hilana had no choice but to bring Ivy to the hospital.

When they arrived at the hospital room, Ivy was still crying. Cory sent all the adults out and talked to his sister for a while.

“Did you finish talking to your brother?” Rosalynn bent down and gently touched Ivy’s head, asking her gently.

Ivy nodded, but she still looked somewhat upset

“Mom, can I stay in the hospital with my brother?” she said, tears starting to fall again, “It’s my fault for eating too much nutrients in your belly, and that’s why Cory gets sick all the time!”

“Baby, it’s not like that!” Rosalynn exclaimed in surprise, quickly soothing her softly

Ivy took two steps forward and hugged Rosalynn, “Mom, my brother will be alright, right?”

Her brother had been sick before

Ivy was worried as well, but not as scared as this time.

She had a terrible feeling, extremely bad.

“He’ll be fine, the doctors will definitely cure him!” Rosalynn whispered.

Chapter 592

Ivy kept nodding nonstop

She sobbed quietly in Rosalynne arms

The last time Ivy was that scared was when Rosalynn got tick

In the end with Nyx strong insistence and Cory’s content. Rosalynn finally agreed to let Ivy temporarily move to the lounge in Cory’s hospital room

She even brought her painting supplies with her

“Last time Mom got tick, I painted the Virgin Mary and asked her to save you Then you got better by set up her painting tools This time, the Virgin Mary will save Cory too

Rosalynns yet got teary

You’re such a badass!” she complimented

“Corys badass” by carefully checked her paints he is the most badass person!”

Hilaria hid outside, wiping her tears

Ivy started sketching, and Rosalynn didn't disturb her anymore.

When she walked out and saw Hilaria's red and swollen eyes, Rosalynn felt really upset

"Should we head to the airport? Hilana glanced at her. Tve arranged people already. If she dares to resist, just kill her on the spot."

"Ainght"

A chill flashed in the depths of Rosalynn's eyes.

"You go ahead."-

Hilaria waved her off.

Rosalynn nodded slightly and strode towards the elevator

It took more than an hour from the hospital to the airport.

When they arrived at the airport's underground parking, Rosalynn didn't get out of the car

Calvin and his men went towards the arrival gate.

In the car, Bach's G major was playing.

She stared forward with a stern expression

Ten minutes ago, the flight Olivia was on had landed.

Not long after Calvin and his men arrived at the arrival gate, they saw Olivia coming out

Following her was a familiar face – Wayne's personal bodyguard, Ableson

Ableson hesitated when he saw Calvin and his men, wondering whether to say hello. But Calvin walked over with his men.

"Calvin," Ableson greeted after walking closer

Calvin nodded, then looked at Olivia "Ms. Walley, Ms. Jared has something to talk to you about. I need you to come with me."

"What does Ms. Jared want with Ms. Whaley?" Ableson stepped forward, standing in front of Olivia. "Has there been some kind of misunderstanding?"

“Ableson, what are you doing following around with Wayne’s ex-girlfriend instead of accompanying him?” Calvin was a pro at being sarcastic.

Ableson’s face turned a bit awkward

“This is an internal company issue, you don’t need to know. Ms. Whaley has to go back to Bane Corporation to deal with some important matters. Ms. Whaley can’t go with you today I hope you can explain that to Ms. Jared”

President Silverman had entrusted her to him, and no one was allowed to take Ms. Whaley before his task was accomplished.

“You are making it difficult for us.” Calvin was already impatient, and now he was getting even more annoyed. “Having a fight at the airport would be embarrassing. don’t you think Ms Whaley?”

Calvin tilted his head, looking at Olivia hiding behind Ableson

Olivia absolutely didn’t expect that Gabriella would suddenly send people to catch her. What on earth was it for?

Was it because she went abroad with Wayne and Gabriella got jealous?

Or Had she found out about her pregnancy?

“Indeed, it’s not quite appropriate to act like this at the airport. If anyone takes a picture and uploads it online, it’s not good for the reputation of both me and Ms. Jared Olivia looked at Calvin. “Mr. Calvin, please think it through.”

Calvin was stunned.

He had always believed that his life wasn’t important, but his boss’s reputation was critical.

After hesitating for a moment, Calvin walked aside and called Rosalynn.

The call was connected

Chapter 593

When Olivia that Calvin had come back, she said softly. ‘I won’t are Ms. Jared alone I was for Wayne to come if she has anything on her mind Tile Whyne

take me to her

His nans

mentioned twice in one enter

It seemed like the two were really close

Rosalynn was sitting in the car with her legs crossed, holding a cell phone in one hand and resting the other on her knee, tapping her fingertips on her knee from

time to time

Gabrella wants to talk to you”

Calvin threw the phone to Ableton, clearly annoyed

Ableton immediately picked up the phone Ms Jared!”

“Mr Ableton, have Calvin take Olivia away if Wayne asks, it take full responsibility”
Rosalynn’s tone was imperious and left no room for refutation

Ableton’s had chill down his spine

“Ms Jared why don’t you wait a moment? Mr. Silverman’s plane will be here soon,
Ableton said with a careful tone

There was a brief silence on the other end of the phone “Fine”

Ableton breathed a sigh of relief

But then, he heard her say on the phone, “Then you can all just wait at the airport.
When Wayne arrives, you should all go to Maddie’s mansion together”

Having said that, Rosalynn hung up without waiting for Ableton to respond.

From the moment she heard that Wayne had sent Ableton to protect Olivia, she had become furious.

After hanging up the phone, Rosalynn instructed the driver to leave the airport and head to Maddie’s mansion.

About twenty minutes later, Wayne’s plane arrived. As soon as it landed, he called Rosalynn.

The call connected very quickly

“Darling, have you arrived at the airport?” Wayne asked.

Rosalynn answered coldly, “Calvin is there waiting for you. Come and find me.”

Wayne sensed something was wrong in her tone: “What’s going on?”

“You’ll find out soon.”

Rosalynn hung up the phone and switched her phone to do not disturb mode

When he tried to call her again, he couldn't get through.

Looking worried and uneasy, Wayne saw his plane land. Ableson hurriedly called him, "President Silverman, Ms. Whaley has just arrived, and Ms. Jared immediately sent Calvin and several others to the airport. They wanted to take her away. I didn't know what was happening, so I didn't allow it."

Now Wayne understood what had happened.

"Where are you now?" Wayne asked with a deep voice.

"We're still at the arrival gate. Ms. Jared doesn't want me to take Ms. Whaley away. She asked me to wait with Ms. Whaley and Calvin for you to arrive... then all together we'll go to Mrs. Fuller's mansion to find her."

"What?" Wayne frowned

By now, he had a pretty good idea of why Rosalynn was angry.

"Yes" Ableson answered

"Okay" Wayne acknowledged shortly, about to hang up the phone, but then recalled Rosalynn's cold tone, and took a deep breath suppressing his anger. "Ableson."

"Sir" Ableson immediately responded

"Ms. Jared is my wife, and her words are my words. If she wants someone, you give her that person. Don't make her angry. Understand?" He sounded angrier as he spoke "Don't ever make this mistake again!"

Ableson was terrified.

Even with Wayne not in front of him, Ableson immediately bowed: "Yes, President Silverman, I won't make this mistake again."

Wayne didn't say anything more

Chapter 594

Wayne hung up the phone angrily

A moment later

in the airport parking lot

President Silverman Calvin looked at Wayne with a very serious expression

Calvin learned foreign language with Cory and by and he wasn't too familiar with the dirty words in foreign language

So he could only express his dissatisfaction with Wayne through his eyes

Let's go Wayne nodded slightly

None of the people around his wife were without hostility towards him.

He had long been used to it.

As long as they didn't go too far and try to persuade his wife to leave him, he could ignore them

Tina with President Silverman Olivia said as she tried to open Wayne's car door

"No way!" Calvin blocked Olivia like a wall "Who knows where he'll take you once you get in his car? Just ride with Ableson in my car"

"I don't trust you guys either" Olivia said, trying to seek help from Wayne.

Wayne glanced at her then followed behind. Calvin is a decent guy, he won't do anything excessive"

"Wayne Olivia couldn't believe it.

Wayne turned his head and looked at her again: "Olivia, you're not hiding anything from me, are you?"

Olivia was startled, tears flowing like a spring: "What am I hiding from you? What can I do in my current state? Wayne, don't hurt me because of Gabriella"

"As long as you haven't done anything, no one can hurt you." Wayne looked away, the car window slowly closing.

Olivia was so angry that she gritted her teeth

But she had no choice but to get in the car with Calvin

Upon hearing that they were going to Fuller Manor at the airport, Olivia got more anxious.

Why were they going to Maddie's house?

Did Gabriella find something?

According to her guess, Gabriella should have found the cell phone by now

But what did that cell phone have to do with her?

Why were they bringing her to Fuller Manor?

With that, Olivia was filled with worry as several cars drove into Fuller Manor one after another.

In the living room

Rosalynn was wearing a solemn black suit, sitting on a dark green velvet vintage armchair with her legs crossed.

As everyone filed in, Wayne was at the front

When he saw Rosalynn, he immediately went up to her. Rosalynn had been up all night because of Cory's illness and looked very haggard.

Wayne frowned. "What's wrong? Why do you look so terrible?"

"Mr. Silverman."

Rosalynn didn't pay attention to him but instead called out to the last person to enter.

The man stiffly turned to look at Rosalynn

"Just leave the urn here, Rosalynn said, gesturing to the coffee table in the living room.

That coffee table was specially handcrafted by an Italian artist for over a million and was Maddie's favorite.

"Take the urn away, everyone but Olivia leave" Wayne said in a deep voice

Rosalynn glanced at him.

"I must have Maddie here!" She said, word by word "Wayne, whoever wants to protect Olivia today is my enemy. Think carefully before you speak!"

"Wayne, just listen to Ms. Jared. I don't want you guys to fight because of me!" Olivia choked, then walked to the man and said, "Sir, give me the urn, I'll take it over You must be tired too, please go get some rest."

The man immediately felt a strong sense of danger

After handing the urn to Olivia, he quickly left.

Chapter 595

Olivia put on a calm face acting as if she hadn't done anything wrong she came to the living room and even placed it on the coffee table right next to the spot where Rosalynn was sitting

Then she straightened her back and said "Mr. Jared I'd like to know what exactly I did to offend you making you enmesh Wayne in front of all these people

She paused for a moment

It seemed like the thought of something if it's about that incident with the plan last time, I admit I messed up I won't make excuses for myself and finally to apologize and be punished I just hope you won't involve others'

With a pained look Orvis glanced at Wayne Wayne almost died saving you You shouldn't be mad at him"

Olivia Wayne lowered his voice his tone warning her

"She's right You did almost die trying to save me Rosalynn said, but she was looking at Olivia, "Olivia, since you care about Wayne so much, let me ask you the person who hired a killer behind the scenes absolutely unforgivable?"

Olivia trembled slightly before responding. "Of course!"

"Good Rosalynn sneered and nodded.

After a few exchanges, Olivia had already guessed why Rosalynn wanted to see her Had she found out about what she did?

"Calvin, go look for it Rosalynn coldly ordered.

Calvin immediately obeyed and dispersed with others.

"My dear Wayne spoke in a deep tone.

"Don't ask, and don't say anything" Rosalynn didn't look at Wayne.

Noah was right, Wayne would truly stand up for his first love.

If that was the case...

Then Wayne could go to hell with Olivia!

Olivia had never seen anyone talk to Wayne with such a harsh tone. She looked at Wayne, waiting for him to get angry.

However

Wayne let out a soft sigh and sat down next to Rosalynn.

As her gaze shifted towards Olivia, Olivia was slightly stunned and subconsciously furrowed her eyebrows.

It wasn't long before Calvin returned with a plastic bag containing a cell phone

"Found it. It was hidden in a very discreet spot in the study." Calvin handed the phone to Rosalynn.

Rosalynn took it, threw it onto the coffee table, and it landed next to Maddie's urn.

Suddenly, panic rose in Olivia's heart.

Chapter 596

To this the phone you used to contact Viper Organization? Wayne asked

Olivia looked chunless What is Viper Organization? What does this phone have to do with me?

Viper Organization it a group of assassins. The ones who tried to kill me wem sent by them. This phone belongs to the real mastermind behind the assassination Rosalynn looked at Olivia "Not long after the assassination attempt the signal from this phone appeared at Fuller Mance and disappeared in a few hours"

"A hitman's phone, in the Fuller Manor? Could it be could it be that Mrs. Fuller hired the hitman Olivia stopped, and quickly covered her mouth, looking scared at Wayne as if she realized she said something wrong

Wayne furrowed his brows stannq at the phone without looking at Olivia

Seeing this Olivia lowered her eyes and murmured. "No wonder Mrs. Fuller was acting so strange those days, even rushing abroad

While saying that, the suddenly looked horrified at Rosalynn. "I heard from the police that someone seemed to be chasing Mrs Fuller's car that day, which led to the car accident Ms. Jared wasn't it you, was it? That's Wayne's mother! You shouldn't have harmed her life no matter how angry you are!

"Olivia, you're so good at pretending, you should've been an actress. Rosalynn sneered. "Maddie didn't do much good recently, but she wouldn't be so stupid to keep such crucial evidence at home, let alone keep the phone on, allowing its signal to spread Your framing plan is so unskillful, or rather lousy!"

"Pretending? What did I pretend?" Olivia realized, "Are you saying I framed Mrs. Fuller? I wanted to kill you?"

“Yes” Rosalynn sneered in response.

“Wayne, I didn’t! I won’t kill anyone!” Olivia looked trembly frightened. “Ms. Jared must have misunderstood, we’ve known each other for over a decade, you know what kind of person I am! I barely know Ms. Jared, why would I want her dead?”

After a pause, she looked like suddenly enlightened and glanced at Rosalynn, “It’s because of the things between Wayne and me, right? You’re jealous that Wayne used to love me, even Secretary Tesdal, who looks exactly like you, was kept by his side because she looks like me. But those are all in the past! Now he loves only you, I’ve already given up. My mom just died, my brother’s missing, please take pity on me, stop bullying me like this!”

“My dear, I know you wouldn’t suspect someone for no reason. Do you have evidence that she’s the one who hired the hitman? Wayne asked in a deep voice.

“Yeah! if you want to judge me, show me evidence!” Olivia cried pitifully.

Rosalynn smirked.

She took a file from the briefcase beside her and threw it on the coffee table. “Olivia, did you think that by destroying the anonymous account you used to transfer money to Viper Organization, no one could trace it back to you?”

Olivia was taken aback.

Wayne picked up the file.

Ignoring him, Rosalynn stared at Olivia. “Two days before the assassination, you transferred two payments to Viper Organization, one large, one small. The next day, you transferred another payment.”

Olivia’s hand began to tremble.

Rosalynn glanced at her and continued, “Viper Organization’s rule is to pay a deposit first and the remaining amount after the job is done. Let me guess, those two payments you transferred on the same day, the bigger one was the deposit to buy my life, and the smaller one.... was it for your mom or your brother?”

“Gabriella, you’re talking nonsense!” Olivia couldn’t help but yell

Rosalynn didn’t stop. “Probably it’s for your brother, because your mom passed away a few days later, and the balance wouldn’t be paid so early. As for the money to buy my life, since the assassination failed, naturally, the balance wouldn’t be paid. It makes sense this way.”

“Wayne, it’s not like that! I don’t know anything about this account. Someone must have stolen my information and created this account to frame me!” After saying that, Olivia threw herself beside Wayne, grabbing his wrist “You must believe me, you must!”

Wayne’s eyes finally left the file and fell on Olivia’s face.

“This account was opened five years ago... under the name of the royal family you were in.” The information on the file was crystal clear

Chapter 596

Rosalynn glanced at her and continued, “Viper Organization’s rule is to pay a deposit first and the remaining amount after the job is done. Olivia was stunned

Wayne not protecting her?

No way!

How could he possibly abandon her?

“Let me see let me see Olivia trembled and grabbed the account information from Wayne’s hand

Olivia couldn’t believe if

Gabriella could actually find out so many details the date that the account was opened, under what name it was opened, everything was written clearly

including the cancellation time, it was also recorded

Her hands shook even more violently 1 I remember now”

Olivia looked up, her eyes md and pitiful, staring at Wayne “A week before the accident, Mrs. Fuller suddenly started contacting me

Olivia said with agony, “At that time, you had just rejected me, and I was so scared and helpless. When your mom contacted me, it was like grabbing a lifesaving straw She asked me to go shopping with her. Once, she said she wanted to buy a set of jewelry, but she didn’t have enough foreign exchange. She asked me if had an account overseas and if I could help her pay. At that moment, I didn’t think much, I just wanted to please her, so I paid according to her request I didn’t know it was the money to hire a hitman, I really didn’t know!”

Wayne looked grim.

Rosalynn, however, laughed “Olivia, even in front of the deceased, you can make up stories like this. Aren’t you afraid she’ll come for you in the night?”

“Ms. Jared, I know you’re jealous of me, and I love Wayne too. I can understand all your emotions and dissatisfaction, but please don’t frame me like this, otherwise I really have nowhere to go!” Olivia said with tears in her eyes.

“Jealous of you?” Rosalynn suddenly stood up and walked over to Olivia.

“Darling Wayne, afraid that Rosalynn would do something, tightly grabbed her hand. “Would you let me handle this?”

“Let you handle it?” Rosalynn looked at him. “So you can minimize it or make everything go away?”

Wayne’s headaches had started when he saw the account information, and he had been holding it in.

Chapter 597

“Let you handle it?” Rosalynn looked at him. “So you can minimize it or make everything go away?”

Wayne's headaches had started when he saw the account information, and he had been holding it in.

“Do you know how we got the cell phone signal and ac information? Rosalynn shouted angrily. “It's my child, enduring physical pain, staying up all night by

the computer and exhausting his wits to get it. There's no way you re going to cover up for her!”

“Wayne, it's really not me. Olivia cried.

"If Olivia really did it, I won't protect her Wayne looked at Rosalynn. "Give me some more time to investigate everything thoroughly"

Rosalynn looked disappointedly at him: "Just like what others said, you're really choosing to protect her, huh?"

"I'm not protecting her, I just want to find out the truth. This involves lives, so we can't afford any mistakes."

Rosalynn laughed. "Wayne, haven't you always chosen to kill rather than pardon?"

Wayne frowned "Can you stop pushing so hard? You know very well that she once saved my life..."

"Wayne!" Rosalynn yelled angrily, cutting him off. "Is it because she saved your life, or because you still have feelings for her? Do you even know for yourself?"

Wayne's pupils trembled violently.

But Rosalynn had no intention of stopping

Wayne had made his choice, and she had made hers as well.

"Calvin, call more people to surround Fuller Manor Until President Silverman finds the truth, Olivia can't take a single step out of here, and Maddie's ashes can't leave either! If anyone lets Olivia out, kill her as soon as she steps out of Fuller Manor!"

She finished speaking, and without hesitation, walked outside.

Chapter 598

She was pretty curious about how long it would take Wayne to figure out the truth, and what he would do with Olivia after that

But it doesn't really matter

Because Olivia will surely be punished

Wayne was super anxious

He immediately stood up, wanting to chase her, but a severe headache came right after.

He just felt dizzy, covering his temples and sat back down.

"Wayne"

"President Silverman"

Wayne covered his head, watching Rosalynn's retreating figure.

Without looking back, she left without hesitation.

"Are you okay? What's wrong with your head?" Olivia was very worried, wishing she could be in Wayne's arms.

Calvin stood aside, his face full of contempt.

As if to say "how disgusting" He used to fast-forward through this kind of scene when watching TV shows

He just couldn't stand it

Calvin directly led people out and surrounded Fuller Manor as he walked.

"Don't touch me" Wayne pushed Olivia away fiercely.

His pain was unbearable, and his push wasn't that gentle Olivia fell to the floor, her elbow hitting the coffee table.

Olivia's eyes welled up with tears, looking at Wayne "You don't trust me?"

Wayne picked up the materials, his face pale "you transferred the money for Maddie? How gullible do we look to you?"

"Wayne

Before she could finish, Wayne threw the materials in his hand at her face

"You used to risk your life to save me. How could you be like this now? Wayne asked in grief

The sharp edge of the paper cut Olivia's cheek

The pain fiercely slapped her self-esteem.

She knew Wayne well

He could make judgments without evidence once he gets set on something

He wouldn't check anything or listen to her explanations

Olivia laughed, tears streaming down. "You really don't know why? Do you remember what I looked like when we first met? I was young and lovely, right? You said you'd always protect me, but what happened? I felt like a betrayed beast, sent to the R Country, where I lived worse than a beast, suffering humiliation and torture

Wayne's face became even paler

But Olivia had no intention of stopping as she went on: "Later you came to find me, persuaded me to divorce and come back. I divorced and came back. But then you despised me, insisting on marrying someone else.

"I never despised you" Wayne said in a deep voice

"Haha..." Olivia sneered. "You didnt? Why did you refuse me whenever I came near you during the five and a half years after Rosalynn died until Gabriella emerged? That's not despising me? You gave me hope, then crushed it! I became like this because of you, didn't I? You should take responsibility for me. Marrying me is the least you should do, right? But you'd rather marry Rosalynn and find Gabriella as her substitute, leaving me alone again! How do you expect me not to hate you?"

"You could have just hated me, why did you have to kill her?" Wayne angrily questioned.
